Little Rock, Arkansas
January 7, 1974

President Pro Tempore
James E. Hamilton
Oklahoma Senate

Due to my present illness, I will be unable to attend the opening sessions of the Legislature, but I feel certain I can join you at a later date. You have my best wishes and regards for a successful and progressive session.

TOM PAYNE

The following prayer was offered by Reverend Warren Terry, Pastor, Southern Hills Baptist Church, Oklahoma City, Oklahoma, and incorporated into the Journal upon request of Senator Birdsong.

In the quietness of this moment, we remember the admonition of Thy word "...to be still and know that Thou art God."

Grant us Our Father — in the opening session of this legislative body — the divine wisdom to face the keen challenges of this hour.

May these who have been ordained by heaven and elected by the people, give to us in these perilous times, that positive leadership that is so desperately needed.

Let us begin no undertaking that is not in line with Thy will for our state, our country and our world.

Bestow Thy Grace upon the presiding officer, the members of this Senate and all the servants of this body.

We pray this in the name of Him who said, "If you continue in my word, ye shall know the truth and the truth shall make you free," Jesus Christ.

Amen

MESSAGE OF
GOVERNOR DAVID HALL

Lieutenant Governor Nigh, President Pro Tempore Hamilton, Speaker Willis, Members of the Senate and the House of Representatives, my fellow Oklahomans:

President Franklin D. Roosevelt rekindled America's sagging spirit with an assurance:

We have nothing to fear but fear itself.

The state of the State of Oklahoma today is surging forward. We have unprecedented opportunity:

Educating our children has captured top priority.

Our schools excel.

Business is booming.

Industrial expansion is unprecedented.

Government is stable.

The economy is strong.

Problems are minimal.

Equality and justice prevail.

Oklahoma has nothing to fear — except fear itself.

This is not the time for "nay" saying, gloom or retrenchment. The outlook is blindingly bright. We — the Governor, Legislature and the people — have a magnificent chance to manifest Oklahoma's finest hour of greatness.

With towering expectations — we today outline a budget, a program and a dream for Oklahoma. We set aside any fears. We charge you to build Oklahoma's destiny; to be optimistic and to have pioneers' courage.

Education is First

From the start of this 20th Administration for Oklahoma, education has been first. Today, it still has top priority. Education is a reward, an investment and an important commitment. In our industrial calls across this nation, businessmen are attracted by the ideals of quality education. They need trained manpower. They like the promise of excellent schools if they move their families to Oklahoma.

This budget finances higher levels of excellence. It virtually guarantees that every Oklahoma child can easily complete 15 years of formal education — kindergarten through the sophomore year of college — with the ease that our forefathers completed the eighth grade.

A Chance for Youth

For the first time in Oklahoma history, statewide kindergarten will be mandatory in 1975.

At the other end, this budget enriches higher education with emphasis on better community colleges — a chance for the majority of youth to live at home and start college.

For common schools, the budget increases special education to a level that realistically responds to the needs of children with learning disabilities or special talents. It enriches counseling in the grade schools — the first battleline in the public's fight against crime.

School teachers will receive a needed $700 annual pay raise. Classroom sizes — after four years of enriched funding — will be less crowded. Our grade schools now are limited to 25 children in each room.

The state's guarantee for each school child has increased about 40 percent in this Administration. School book support has grown from $4.15 to $8.00 for each Oklahoma child.

Tuition Increases Halted

For our colleges and universities — where tuition rose an average of 10 percent each year during the 1960s — tuition and fees remain stable and frozen into their fourth year. Higher education has been properly and adequately funded — although austerity has been demanded this decade. The spiraling increase in direct costs to students and hard-pressed families has been stopped. This budget assures that higher education is not priced out of reach of any deserving student. Junior colleges and vocational-technical opportunities are supported more richly.

This budget sends a message to every Oklahoma youth: "get the best education possible — for education is the golden problem solver of civilizations. Education is the key to individual fulfillment and success."

More Doctors Possible

On the graduate level, it provides assurance and funding for expanded medical education. For the Health Sciences Center, it restores fiscal integrity to University Hospital as a training place for medical doctors. Besides supporting expanded training of M.D.s in Tulsa, it takes an even greater step.

There is widespread need for more doctors in the rural areas, small towns, and neighborhoods of Oklahoma. We propose $1.7 million as initial funding for a permanent home for the College of Osteopathic Medicine and Surgery.

In 1970, 110 physicians were being graduated from the University of Oklahoma Medical School. If we follow the blueprint outlined in this budget, Oklahoma will graduate 275 physicians in 1977 — two and one-half times the number graduated seven years earlier. That is an exciting promise for Oklahoma; help for sick and suffering Oklahomans. Additionally, the new dental school has enjoyed proper support from government.

Health Care Progress

With strong contributions from the Oklahoma Department of Health, the people of Oklahoma are enjoying their best health care in history — and the future is made brighter by this budget. But, to lighten the financial load of the sick and suffering in Oklahoma, we again urge you to repeal the sales tax which is levied on prescription drugs. It is needed relief and an unkept promise which we still champion.

Our health also is affected by our environment and the health of our animals. For that reason — and to strengthen our greatest industry, agriculture — we are proposing an additional $1 million appropriation to complete construction and equipping of the new Animal Diagnostic Center at Stillwater. It will serve our cattlemen, farmers and pet owners. Additionally, it will enrich graduate education and veterinary medicine training at Oklahoma State University — something also important to every cattleman, farmer and pet owner.

Enriched Service Programs

Most often, in these formal messages, emphasis lies in the arena of government directly funded by appropriations. There are other progressive and enriching activities paid through earmarked taxes and federal funding. Our homes for orphans, schools for handicapped and juvenile delinquents are among America's most sensitive and sensible. Our welfare program

is just and toughly enforced but responsive to the needs of poor and unfortunate people.

Our mental health program continues its stalwart innovation and progress.

Our Tax Commission has overcome problems and moved ahead toward greater efficiency and fairness. Since we took office, the number of Tax Commission employees decreased by 97 without losing effectiveness.

Road Building Record

The Highway Commission is the most productive in Oklahoma history. We have enjoyed record building and expansion of transportation with 304 fewer Highway Department employees than when we took office.

Phase IV of the Highway Death Trap Elimination Program envisions widening and resurfacing of about 100 miles of narrow, rough and killer roads. These are reflected in the scientific needs study which will guide the Highway Commission. Mostly they are the approaches to bridges already widened in the death trap elimination program.

Corrections Problems Faced

To meet the aftermath of a grim prison riot, and to build an historically neglected criminal corrections system, a supplemental budget request and enriched funding for next year are sought. This is realistic, intermediate relief. On the long range, we seek $2 million for the Board of Corrections to use next year in implementing a model corrections system which we believe will strengthen the fight against crime. Our congressional delegation has involved itself in acquiring needed federal assistance. Our budget is drawn to meet current responsibilities as well as the envisioned state participation in building a model system.

A wise and inquiring interim committee contributed richly to administrative actions and we urge your continued interest, counsel, and action!

On October 17, 1973, I outlined a series of steps to affect a rehabilitation of Oklahoma's penal system.

Today I can report that nearly 50% of those steps are complete and the balance are in the advanced planning stages.

The decision on whether or not to establish other corrections facilities and their location rests with you and you may be assured of my continued support of all responsible programs to achieve the goal of a modern . . . model corrections system for the protection of our citizens.

Law and order have been strengthened in Oklahoma. Important legislation, improved salaries and better equipment are helping lawmen fight crime. The new budget provides a one-step plus 15-dollar pay increase for all state employees. This will strengthen orderly government. Pay increases for the judiciary also are sought.

You also are urged to reconsider the Equal Rights Amendment and are asked to create and fund a statutory agency on opportunity for women.

Parks and Outdoor Living

Significant progress in parks and outdoor recreation feature the $850,000 major maintenance program; completion of the five-year development plan, and the half-million dollar park equipment replacement program.

By Spring, our parks will be in good physical repair and beckoning Oklahomans and out-of-state tourists.

Uniformed park personnel and start of a Corrections Conservation Corps to physically improve recreational areas shifts the emphasis to people.

Toward the future, we ask $500,000 for an Oklahoma Heritage Trust Program to acquire new park and wilderness sites. With Bureau of Outdoor Recreation support, this will be a million-dollar investment in new space for outdoor living for generations to come.

Let me call your attention to the **Comparison of Operational Funds Available — Fiscal Years 1974 through 1979** which accompanies the material I have given you today.

These are important ... meaningful figures. They are realistic! I believe they reflect a **minimum** expectation for the growth revenue covered in those schedules.

Industrial Development Boom

Along with the ecology, this government and legislature have worked to help business in many ways. During 1973, more than $500 million in new industrial development has been scored. This doubles the previous best year.

In our three years, industrial expansion has totalled $1.8 billion.

Seeking to balance rural and urban development, 75 percent of the new businesses have located outside the major cities.

Current practices of investing state funds have greatly enriched capital resources of all Oklahoma businessmen and farmers.

There are 417 banks across Oklahoma holding state deposits. We will support legislation related to sound investment and fair distribution of state monies. Statutory guidelines must be drawn to insure an equitable, practical and proven investment program.

Fuel Shortage Problems

A most serious problem threatening Oklahoma business and our way of life is the energy shortage. It also is an invigorating challenge.

This Legislature, in its wisdom, created an Energy Advisory Council to devise and report on a long-range plan of meeting the great consumer and industrial needs of Oklahoma as well as remaining an energy provider for our fuel-starved sister states.

That Council has performed with precision and excellence. It has enlisted wide support and divergent opinions. The report will be made to this Legislature and the Council will be dissolved by February 1. However, the erstwhile members remain loyal Oklahoma citizens ready to testify, advise and counsel with this Legislature and Administration.

Energy Crisis Programs

The energy challenges include the allocation of fuels in short supply. We seek funding for a fuel allocation office within Civil Defense to handle the day-to-day problems. We demand our state's right to share in the decision and will fight a complete takeover by the federal government.

Frankly, we feel that negative national policy and a weak international posture have helped promulgate the fuel shortage. These are beyond the natural purview of this Legislature and State government. However, Oklahoma will maintain its strong and active position as an energy-supplying state.

Creating the Grand River Dam Authority and building multi-purpose dams have

enriched Oklahoma's fine supplies of hydro-electrical power. Our vast coal reserves are sources to power generators. A key to energy is pipeline gas.

Private Enterprise Stimulation

This office has led a national fight to deregulate the price of new gas. We believe the proven and natural forces of the private enterprise system will stimulate natural gas and oil drilling if supply and demand are left alone to determine price. We face shortages of drilling rigs and tubular goods — but there is gas in the Deep Anadarko Basin and other formations in Oklahoma. An obstinate and misled federal government must end its price tyranny and let exploration boom.

But even those untapped supplies of gas will not keep the pipelines full. Shortly after taking office — and long before the present energy crisis surfaced — we initiated a feasibility study of gasifying Oklahoma coal with atomic energy.

This budget requests $1.3 million to stimulate and pursue this undertaking. Such a plant would be located in areas where employment is most needed — rural Oklahoma — and would provide 1,500 high-paying jobs. This appropriation will assure a $680 million investment.

Full Disclosure Proposed

A "People's Administration" must demand democratic policies which promulgate fairness and which are just. These are times of openness.

Our nation is troubled. Integrity in government has been challenged. Piercing review has come to government at every level. We have helped in that examination.

For the first time in Oklahoma history, a governor has made financial disclosure of net worth. I have personally set that example.

This Administration — besides being hard-working, progressive and straightforward — has been honest and upright. We have rooted out any offenders. We have cleaned our own house.

Conflict of Interest Law

We propose that all servants of the people assume greater responsibilities of candor and openness.

Any person holding or seeking statewide public office must be forbidden to have any conflict of interest. They must be required by law to disclose annual financial statements. Such a statute should deny anyone who administers or provides funds for any arm of government the right and privilege to practice before that agency, department or administrative court.

Political candidates must be required to fully disclose amounts and sources of financial support and contributions on a monthly basis.

This government must require, by law, anti-collusion statements on every public contract.

Oklahoma Bureau of Investigation

Today I recommend...and I will ask that the appropriate legislation be introduced...placing the Oklahoma Bureau of Investigation within the Department of Public Safety.

It must be operated by a police professional! It must be free of any public concern. It cannot be a jumping off spot used by potential candidates for public office.

It must be the very best police investigative agency in Oklahoma.

A Stronger Political System

These laws, which we now propose and urge you to enact, will strengthen our political system. The enforcement will erase fear and distrust from the hearts of concerned Oklahomans.

The Ethics Commission must be strengthened. It must review all charges of political misbehavior. It must tower as a watchdog of citizens' interest.

For we are a government of the people ... and we answer to the people.

We may be challenged in our actions

... but our motives must be pure.

We have shouldered a burden of service

... and we serve in a blinding light.

But our system is good; it is worthy of our faith.

The budget is sound, but the spending is visionary. We have drawn a program of action to guide a government of integrity.

COMMUNICATION

President Pro Tempore Hamilton submitted the following letter and asked that it be incorporated in the Journal for this legislative day:

OKLAHOMA STATE SENATE
STATE CAPITOL
OKLAHOMA CITY, OKLAHOMA

17 December 1973

State Board of Equalization
111 State Capitol Building
Oklahoma City, Oklahoma 73105

Gentlemen:

The Constitution of the State of Oklahoma provides that the Resolution of Estimate of Revenues as certified by your Board be filed with the President Pro Tempore of the Oklahoma State Senate. As the President Pro Tempore of the Oklahoma State Senate, I will not accept the Resolution, and do reject your itemized estimate of revenues to be received by the State during the fiscal year 1975, which was adopted by the State Board of Equalization on November 30, 1973, for the following reasons:

1. Article X, § 23, Oklahoma Constitution, provides that the itemized estimate of revenues to be received by the State shall consider the "laws in effect at the time such estimate is made" and that on November 30, 1973, Senate Joint Resolution No. 2, First Regular Session of the Thirty-fourth Oklahoma Legislature, was in effect. Senate Joint Resolution No. 2 expressed the intent of the Oklahoma Legislature that the federal revenue sharing funds not be included by the State Board of Equalization in its estimate of revenues available for appropriation for the fiscal year ending June 30, 1975, and subsequent fiscal years. Such Resolution has not been declared unconstitutional by either the Attorney General or the Courts of the State of Oklahoma.

2. The State and Local Fiscal Assistance Act of 1972 (Public Law 92-512), 31 U.S.C.A., § 1221, et seq., also known as the Revenue Sharing Act, was in effect at the time the estimate of revenues was adopted. The Act provides for a five year program, and the estimate by the State Board of Equalization would make such revenue sharing program a four year program, in violation of the spirit and intent of the federal act.

3. Article X, § 23 of the Oklahoma Constitution provides that the Board of Equalization shall estimate the "Revenues to be received by the State, " which places the burden upon the State Board of Equalization to determine that the revenues included in the estimate are reasonably expected to be received by the State. Although monies have been appropriated by the United States Congress for federal revenue sharing, it is the policy of the President of the United States to impound appropriated federal funds which he feels should not be spent. At the present time Oklahoma is involved in six cases in the Courts of the United States involving funds which have been im-

pounded by the President of the United States. The policy of impoundment makes uncertain the availability of any monies appropriated by the United States Congress, including the federal revenue sharing funds.

4. To expect the Oklahoma House of Representatives and the Oklahoma State Senate to appropriate next session federal revenue sharing funds in advance of receiving them places an undue burden upon the Legislative branch of our State government. To raise salaries and initiate new programs, relying upon such funding, and the same fail to materialize, would cause a Special Session to raise taxes or a wholesale cut in such salaries, programs and government operations. We have sufficient monies available from our general revenue funds and revenue sharing funds on hand to meet the demands of government, when unessential programs are curtailed and held in line.

5. In addition to the uncertainty of the availability of federal revenue sharing funds by reason of the policy of impoundment, the current economic situation facing both the United States government and the government of the State of Oklahoma make uncertain the accrual of tax revenues sufficient to finance the monies appropriated by the United States Congress.

In conclusion, I believe the Resolution adopted by the Board of Equalization to be fiscally unsound. I further believe it could lead to future financial crisis for the State of Oklahoma.

Respectfully,

JAMES E. HAMILTON
President Pro Tempore
Oklahoma State Senate

We thank Thee our Father for the light of another day, a day that we might rejoice in the opportunities of service.

We rest in the thought that Thy love knows no change, else it would not love us long.

We are burdened by things that do not matter, bewildered by problems of our own creation.

Thou hast made us heirs of a great heritage and trustees of priceless things, yet we tend to forget the price paid for them and the eternal vigilance to preserve them.

Make us men and women of insight for our times, and courage for our testing.

Through Jesus Christ our Lord we pray. Amen

The Journal for the last legislative day was declared approved.

President Pro Tempore Hamilton introduced **SCR 94**.

President Pro Tempore Hamilton asked unanimous consent that all other members of the Senate be made coauthors of **SCR 94**, which was the order.

President Pro Tempore Hamilton asked unanimous consent that **SCR 94** be printed at length in this day's Journal, which was the order.

SCR 94, as coauthored, was read at length as follows, adopted upon motion of President Pro Tempore Hamilton and ordered referred for engrossment.

SCR 94 — By Hamilton, Baldwin, Berrong, Birdsong, Boecher, Breckinridge, Capps, Cate, Crow, Dahl, Ferrell, Field, Funston, Garrett, Grantham, Graves, Ham, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Keller, Lamb, Lane, Luton, McCune, Martin, Medearis, Miller, Murphy, Payne, Pierce, Porter, Randle, Rogers, Schuelein, Smith, Stansberry, Stipe, Taliaferro, Terrill, Trent, Wadley, Watson, Wolfe, and Young of the Senate and Willis of the House.

A Concurrent Resolution memorializing the late Senator Phil Smalley of Norman; commemorating his life of dedication to public service; extolling his dedication and many contributions to the State of Oklahoma; changing the name of the "Oklahoma Children's Center" at Central State Griffin Memorial Hospital, Norman, to the "Phil Smalley Children's Center"; and directing distribution.

WHEREAS, on August 9, 1973, the Oklahoma State Senate, House of Representatives and the entire State of Oklahoma were deeply saddened by the untimely death of Senator Phil Smalley of Norman, respected and distinguished legislator, citizen, colleague and friend; and

WHEREAS, Senator Smalley at a very young 36 years of age had compiled a record of distinguished public service in the House of Representatives during the 30th Legislature and the Senate during the 31st, 32nd, 33rd and 34th Legislatures; and

WHEREAS, the preparation for Senator Smalley's outstanding legislative career began in his childhood years as he observed his father, the late Senator Joseph A. Smalley, rise to a position of prominence and distinction as he so ably served the people of Norman and Cleveland County, first in the House of Representatives and then in the State Senate; and

WHEREAS, made acutely aware by his father's untimely death on July 15, 1953, at the height of his career of distinguished

and dedicated public service, of the terrible uncertainty and fleeting nature of life in this mortal sphere, Senator Phil Smalley moved quickly, surely and tirelessly toward his goal of public service; while a student at the University of Oklahoma, he worked as an aide at Central State Griffin Memorial Hospital, served as an assistant sergeant-at-arms in the 1959 legislative session, as Assistant Senate Calendar Clerk in the 1961 session, as one of the first of the Oklahoma Legislative Council's legislative interns under a Ford Foundation grant during 1961-1962, and, following graduation from the University of Oklahoma College of Law in 1962, he served as Senate Calendar Clerk in the 1963 session, while beginning what was to become a highly successful law practice; and

WHEREAS, elected to the Oklahoma House of Representatives in 1964 and to the State Senate in 1966, Senator Smalley quickly established his reputation as a tireless, dedicated and exemplary student of the legislative and governmental processes, being held in the highest esteem by his colleagues in both houses of the Legislature and by all those who knew and worked with him; and

WHEREAS, his keenly analytical mind, his articulateness, his many leadership qualities and his sense of fairness and genuine love of his fellowman earned Senator Smalley the respect of his colleagues and elevation to the position of Senate Majority Whip during the 32nd and 33rd Legislatures; and

WHEREAS, dedicated to his wife and two young children, Senator Smalley also was dedicated to his profession of law and to his community of Norman and Cleveland County, bearing with distinction many civic and professional leadership responsibilities; and

WHEREAS, Senator Smalley's interest in and dedication to the improvement of American legislative and governmental processes, and a recognition of his energy and ability by those outside the boundaries of Oklahoma led to his election to the chairmanship of the Southern Conference of the Council of State Governments and to the Executive Committee of the Council of State Governments, a distinct honor to Senator Smalley and to the people of his district and state; and

WHEREAS, it is most fitting and proper that the State of Oklahoma, which has been served with such fidelity and distinction by the late Senator Phil Smalley, honor this outstanding public servant, who in the tragically brief time allotted him, labored with total dedication and selflessness to persons and causes beyond himself: his family, his community, his state and his nation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 34TH OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the "Oklahoma Children's Center" at Central State Griffin Memorial Hospital, Norman, be and hereby is renamed the "Phil Smalley Children's Center" in honor of our esteemed friend and colleague, the late Senator Phil Smalley, of Norman, in grateful appreciation and recognition of his many outstanding contributions toward the betterment of his fellow citizens in all stations and in all fields of endeavor.

SECTION 2. That the State Department of Mental Health be and hereby is requested and directed to erect a suitable marker on the site of the Children's Center at Central State Griffin Memorial Hospital bearing the name of "Phil Smalley Children's Center" and an appropriate designa-

tion to memorialize the life and public contributions of The Honorable Phil Smalley of Norman.

SECTION 3. That duly authenticated copies of this resolution be presented to Senator Smalley's widow, Beth, and to their children Joe and Sara Beth, of 1001 Mockingbird Lane, Norman, and to his mother, Mrs. Virginia Lee Duervel, of Missouri, as a token of our high esteem and gratitude and as a measure of our deep sense of loss for one whose star shined so brilliantly during its tragically ephemeral course.

IN MEMORIAM

Following the reading of **SCR 94** in full, President Pro Tempore Hamilton requested that Senator Howell and Senator Terrill be allowed to speak in tribute to Senator Smalley and that their remarks be the remarks of the entire Senate body.

Senator Howell traced his friendship with Senator Smalley from their days in college at Oklahoma University, and described him as "a man of character, a family man, a man of integrity, with strong convictions; he deserved to be called a statesman."

Senator Terrill said he felt the word which described Senator Phil Smalley best was the word "influence" and that Senator Smalley's influence had been felt heavily by a multitude of people in his short lifetime.

President Pro Tempore Hamilton then recalled that he and Senator Smalley first met as the young sons of Senator fathers and stated his pride in having been associated with Senator Smalley for so many years.

Senator Baldwin appointed Senators Murphy and Luton as a committee to escort Mrs. Beth Smalley, widow of Senator Smalley, his son and daughter, Joe and Sara Beth, and Senator Smalley's paternal grandmother, Mrs. Lyle Hoskin, to the Senate floor, to receive the Resolution adopted by the Senate, which was presented by President Pro Tempore Hamilton, on behalf of each member of the State Senate, in honor of the love and devotion Senator Smalley gave to the Senate.

As individuals who have been elevated to positions of leadership, we ask that we may give ourselves to diminishing hate and increasing love; opposing immorality and demonstrating Christian morality; abolishing fear by living with trust and faith in you and our fellowmen.

We are thankful that you sent your Son into the world to live among us, and share all that happens to us. In moments when we are tempted to do less than the best we know, remind us of Him who was tempted in all things as are we, yet without sin.

May we find our strength in Him to whom we look for reconciliation to you and in whose name we pray, even Jesus the Christ. Amen.

Our Father Who art in Heaven, prepare our hearts this afternoon that your presence will be among us and your Spirit will guide us.

Keep us aware that you sent your Son into the world that we might be saved from our sins, and to teach us how to live from day to day.

We are mindful that He taught us that the greatest fulfillment in life comes from serving others.

This we try to do, but because we are human we fail oftener than we like to think. Sometimes we fail because by serving others we can't realize our own personal goals. Other times we fail because of our prejudice and again because of failure to recognize opportunities as they present themselves.

So on this day, rededicate us to the ideal of service with a singleness of purpose that prevents selfish motive, forbids anything but good will toward those about us, and opens new vistas in areas not yet explored.

This prayer we offer in the name of Him who lived a life of service even unto death, Jesus Christ our Savior. Amen.

The Journal for the last legislative day was declared approved.

Our Father Who art in Heaven, we come together this afternoon mindful that we have freedom for the individual as a part of our heritage.

Make us equally aware that this freedom was bought with a price and can be maintained only when we continue to pay the price of sacrifice and responsibility.

Sacrifice is a word we don't like, because too frequently it means self-effacement and giving up what we cherish for ourselves. But in this hour give us the consecration to our task that will enable us to forget self in order that freedom for all will continue in our nation and world.

Responsibility to our heritage likewise will thwart us in selfish goals, but give us power to rise above self that we may know the satisfaction and joy of service to others.

When our task is finished, may we hear the words of our Lord when He said, "well done thou good and faithful servant."

Keep our hearts grateful for our heritage as a people, and forgive us of our sins through Jesus Christ in Whose name we pray. Amen.

A Resolution memorializing the Congress of the United States to enact legislation directing the Federal Cost of Living Council to take action necessary to assure the availability of adequate supplies of baling wire to meet the needs of farmers and ranchers during the 1974 hay harvest; and directing distribution.

WHEREAS, agriculture is the largest single industry in the State of Oklahoma, producing approximately Two Billion Dollars ($2,000,000,000.00) in sales last year; and

WHEREAS, the livestock industry in Oklahoma accounted for nearly One Billion Dollars ($1,000,000,000.00) of the total sales of agriculture products; and

WHEREAS, the livestock industry is dependent upon adequate supplies of hay as a source of feed; and

WHEREAS, the hay industry in Oklahoma alone has annual sales averaging approximately Two Hundred Million Dollars ($200,000,000.00); and

WHEREAS, both the hay industry and the livestock industry were severely threatened in 1973 because of shortages in the supply of baling wire; and

WHEREAS, investigations by the Oklahoma State Department of Agriculture indicate a continuing shortage of baling wire at the present time; and

WHEREAS, hay harvest will begin in Oklahoma in approximately three months; and

WHEREAS, a shortage of bailing wire at harvest time will bring about severe disruption of the hay industry, with a resulting shortage of hay for feed for the livestock industry; and

WHEREAS, feed costs are already high, and shortages of hay would create further increases in the cost of livestock production; and

WHEREAS, any additional increases in the cost of livestock production will result in higher food prices to consumers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 34TH OKLAHOMA LEGISLATURE:

THAT the Congress of the United States be and hereby is requested to enact legislation directing the Federal Cost of Living Council to take action necessary to assure adequate supplies of baling wire to meet the needs of farmers and ranchers during the approaching 1974 hay harvest.

Forgive us, Heavenly Father, when we try to go it alone without Your guidance. Forgive us for making mountains out of molehills and for exaggerating both our own importance and the problems which confront us.

May we be willing to look to You for wisdom as we seek to do what is best for the people of Oklahoma, so that it can truly be said, "In God we trust." Amen.

RESOLUTION

Senator Dahl introduced the following Resolution:

SR 86 — By Dahl.

A Resolution memorializing Congress to act to meet the energy crisis; and directing distribution.

WHEREAS, Oklahoma holds a unique position in the nationwide energy crisis, being a principal supplier of natural gas and petroleum for the rest of the nation, in that approximately two-thirds of the oil and natural gas produced in Oklahoma is exported to other states and essentially 100 percent of total energy consumption in Oklahoma is from natural gas and petroleum products and is therefore vitally affected by national energy policies, some of which have served actually to exacerbate the energy crisis, accelerate the depletion of our reserves, and provide economic barriers to exploration and development of our resources; and

WHEREAS, the history of federal government intervention in the marketplace is not such to inspire confidence in its ability to correct imbalances in supply and demand; and

WHEREAS, most of this nation's greatest economic problems, such as the current energy shortage, are largely the result not of government inaction but of government interference in the working of what is still basically a free market economy; and

WHEREAS, this is bad government and bad government is usually the result of too much government; and

WHEREAS, when Washington substitutes the wisdom of the bureaucracy for the exactitude of the marketplace, Washington itself deserves the blame when the bureaucracy guesses wrong, but the solution is not to create a bigger and better bureaucracy to ration resources and manage prices; and

WHEREAS, this wrong-guessing is exemplified in:

Speculative and often contradictory statements by Washington officials about fuel supplies causing, among other things declining automobile sales in an industry employing directly or indirectly one out of six people in this country;

Shortages of propane this winter and gasoline last summer as a direct result of distorting refinery price incentives through an artificial control mechanism;

Current shortages of diesel fuel for farmers, truckers and energy producers resulting from allocation priorities for middle distillates;

Natural gas shortages directly resulting from artificially low prices controlled by the Federal Power Commission which, on the one hand, encourage substitution of this fuel for others such as coal and, on the other hand, provide no economic incentive for exploration and production;

Current shortages of tubular steel goods as a result of lifting price controls on other steel products; and

WHEREAS, State of Oklahoma officials have attempted to call officials' and the public's attention to the problem of exhaustible petroleum and natural gas resources; and

WHEREAS, while conservation measures for all users of all forms of energy are necessary and desirable in present circumstances, overreaction and short-term solutions which impose additional rigidities on our economy and resources will do irreparable harm; and

WHEREAS, to date in the current crisis, action taken by the federal government, other than expansion of allocation systems and price controls, has been limited to imposing Daylight Saving Time and legislation which would reduce highway speed limits and prohibit gasoline sales on Sunday.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 34TH OKLAHOMA LEGISLATURE:

THAT the Senate of the State of Oklahoma hereby memorialize the Congress of the United States that constructive action by the federal government is needed to deal with both short- and long-range energy problems, including steps to:

Lift controls on oil and natural gas prices to provide more incentive for exploration and production, including production from presently marginal wells and fields;

Restore the domestic depletion allowance to its previous level of 27.5 percent, and further, eliminate the depletion allowance in its entirety on foreign production of oil and gas;

Eliminate price controls on production of tubular steel goods and other products necessary for the production of more oil and gas (supplies at any price being better than no supplies at all);

Give highest priority to developing non-petroleum fuel sources, including nuclear energy, for generation of electricity, development of vast areas of oil-bearing shale, and extraction of oil and gas from coal;

Call on those states whose legislatures, regulatory agencies and environmentalists have effectively prevented offshore drilling for oil and gas, construction of petro-chemical plants, refineries and offshore terminals, to redirect their attention toward positive approaches to solution of the energy problem, such as exploration

off the east and west coasts, including the Santa Barbara Channel which contains oil reserves of hundreds of millions of barrels.

THAT copies of this Resolution be forwarded to each Senator and Representative in the Congress from Oklahoma, with the request that this Resolution be officially entered in the Congressional Record as a Memorial to the Congress.

THAT copies of this Resolution also be sent to the presiding officers of the legislatures or assemblies of every state, territory and protectorate of the United States of America.

SR 86 was read at length, adopted upon motion of Senator Dahl and ordered referred for enrollment.

Our loving Heavenly Father, in whom we live and move and have our being — we bow before You in gratitude and devotion. It is a wonderful, beautiful world You have given us to care for and we thank You for it. Grant us the guidance needed to correct past mistakes and guard against future ones in the caring for this world.

We realize, Lord, that we are not perfect, though at times we sometimes try to give the impression that we are. But so often we are quick to criticize others and slow to forgive. We rationalize our imperfect behavior by pointing to the faults of others instead of correcting our own.

Forgive our failure to apply to ourselves the standards of conduct we demand of others; and now fill us with Your presence and deliver us from our self-centered ways, for Yours is the kingdom and the power and the glory forever. Amen

A Resolution memorializing the United States Congress to investigate the disproportionate increase in the price of liquified petroleum gas and to take necessary and appropriate steps to insure that the price increase on LP gas is equalized with that of gasoline and other petroleum products; noting the drastic increase in LP gas prices; noting the hardships which this increase places on the consumer; noting the concern of the Legislature; and directing distribution.

WHEREAS, the Oklahoma Legislature is well aware of the present situation with respect to fuels and their costs and understands that certain burdens must be borne because of this situation; and

WHEREAS, even taking this into consideration, the members of the Oklahoma Legislature cannot rationalize to themselves or their constituents the fact that the price of liquified petroleum gas has increased by 200 percent while gasoline prices have increased only by approximately 50 percent; and

WHEREAS, the availability and cost of LP gas are matters of vital concern to the citizens of this state, many of whom depend on this fuel for life and livelihood, and an increase in its cost of such a disproportionate nature as has taken place in the recent months works a virtually unbearable hardship on these citizens; and

WHEREAS, although the Oklahoma Legislature recognizes the problem and understands its seriousness, it is with the United States Congress that the power to correct this inequity lies.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 34TH OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the Oklahoma Legislature, acting on behalf of the citizens of this state, respectfully memorialize the Congress of the United States of America to investigate the disproportionate increase in the price of liquified petroleum gas and to take whatever steps necessary and appropriate to bring an end to this inequity in price increases.

SECTION 2. That copies of this resolution be forwarded to the Speaker of the U. S. House of Representatives, The Honorable Carl Albert, and to all other members of the Oklahoma Congressional Delegation.

SR 87 — By Crow, Berrong, Birdsong, Capps, Field, Graves, Ham, Hamilton, Holden, Lamb, Lane, Martin, Murphy, Rogers, Schuelein, Stipe and Taliaferro.

A Resolution providing for a study of the liquefied petroleum industry; creating a special committee to conduct said study; providing for the membership and duties of said committee; authorizing the employment of reporters and other necessary personnel and the payment of travel and expense allowance for committee members and staff; authorizing the committee to issue process known to courts of record, subpoena witnesses and records, compel testimony, punish for contempt, and prepare verbatim transcripts of proceedings; requiring a written report of findings and recommendations to be submitted to the State Senate; and noting the necessity of such a study by the Senate.

WHEREAS, the economy of Oklahoma and the health and well-being of her citizens are highly dependent on the availability of liquefied petroleum gas; and

WHEREAS, certain segments of Oklahoma's citizenry have been adversely affected by the current price fluctuations which have resulted in extremely great increases in the cost to the consumer of liquefied petroleum gas; and

WHEREAS, because Oklahoma produces approximately 1,400,000,000 gallons of liquefied petroleum gas each year, price fluctuations and the marketing structure of LP gas have a great impact on Oklahoma's economy; and

WHEREAS, although the current price of natural gas is approximately $1.00 per MCF, the cost of liquefied petroleum gas is presently $0.36 per gallon, which is equivalent to $4.00 per MCF; and

WHEREAS, throughout Oklahoma, many retailers have asked their customers to contact members of the Legislature regarding the current high prices of LP gas, and many citizens have done so; and

WHEREAS, the people of the State of Oklahoma have a right to know the reasons for the present high prices of liquefied petroleum gas, and the Oklahoma Senate is the proper body to conduct a study for the benefit of the citizens of Oklahoma.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 34TH OKLAHOMA LEGISLATURE:

SECTION 5. Said committee chairman, upon approval of the President Pro Tempore, is authorized to employ such reporters and other personnel as may be necessary to cause to be prepared a verbatim transcript, including documentary evidence, as may be presented during the hearings conducted by said committee and for other staff purposes.

SECTION 6. For the purpose of serving all process directed by said committee the Sergeant-at-Arms and the assistant sergeants-at-arms of the State Senate are designated as service officers to serve without additional compensation, except for necessary travel expenses that may be incurred in the performance of their duties as said service officers.

SECTION 7. The members of said special committee and its staff shall be paid, from the funds appropriated for the operation of the State Senate, such travel and expense allowance as is authorized by the State Senate or by state law for necessary expenses in conducting official business.

SECTION 8. Witness fees, as required by the laws of this state, shall be paid from funds appropriated for the operation of the State Senate.

Father,

You spoke to us through the Psalmist ages ago when you said - "This is the day the Lord hath made, let us rejoice therefore and be glad."

I realize there are things that happen every day that make us mad -

And there are circumstances that made us sad -

But you have challenged us to be glad -

Therefore, help us to be of such a mind today to count our blessings and not our misfortunes -

our pluses - not our minuses
our friends - not our opponents!

I pray for these important men as they represent their people - that they shall not fall into the habit of counting the days - but they will be so disciplined and dedicated that they feel compelled to make the days count.

I pray this in the strong name of Jesus Christ, who makes every day worth the living. Amen

The Journal for the last legislative day was declared approved.

Father,

We thank You for the gift of a new day and a fresh opportunity to serve You.

We are grateful for the fellow-feeling we sensed here yesterday when Senator Ferrell's colleagues stopped a moment to share in his loss. After all, Jesus did teach us that people are more important than laws.

Father, I observe that these men have a difficult assignment. Their call to excellence commits them to vote for what is right — yet they are concerned about the brush fire of criticism among their constituents at home. It is impossible to communicate to every last voter the whys and wherefores of a decision.

Therefore, O God, I pray that the longing to be liked nor the need to be accepted may divert them from doing what is right.

In the name of Jesus Christ, the one who has a special love for folks who do good and are faithful to that which is true and right. Amen

The Journal for the last legislative day was declared approved.

Section 9c. (a) The Legislature may provide for the organization, operation, maintenance and support of district ambulance services, known as emergency medical service districts and hereinafter referred to as "districts", which embrace one or more counties or parts thereof. The districts shall be concurrent geographically with existing Standard Health Planning Areas as recognized and approved by the Oklahoma State Health Planning Commission. Each district, once established, shall have a board of directors, which member ship shall be composed of one individual from each county, or part thereof, said board having the authority to alter said membership as it deems necessary. The district board shall have the power as authorized by the Legislature to contract, organize, maintain or otherwise regulate and support the provision of emergency medical services within said district. The districts shall continue in effect as defined, but shall be subject to amendment, recreation, alteration or abolition by the Legislature by enactment of general law.

(b) Any duly organized and authorized

district may issue bonds after a majority vote of the qualified voters voting within the designated district have approved issue of such for the purpose of operating, maintaining or acquiring emergency vehicles and other equipment and to house same or otherwise supporting a district emergency medical service.

(c) Bonds shall not bear interest at a greater rate than that authorized by statute for the issuance of city municipal bonds. Bonds shall be sold only at public sale after twenty (20) days' advertisement in a newspaper for publication of legal notices with circulation in the district. Any district may refund its bonds as is now provided by law for refunding municipal bonds.

(d) A district, upon issuing bonds as authorized in subsection (b) of this section, shall levy a special, annual ad valorem tax upon the property within the district, payable annually, in a total amount not to exceed four (4) mills on the dollar, in addition to the present millage permitted, on the real and personal taxable property therein for the payment of principal and / or interest on outstanding bonds until same are paid. However, the district may, from time to time, suspend the collection of such annual levy when not required for the payment of its bonds. In no event shall the real and personal taxable property in any city or town be subject to a special tax in excess of four (4) mills for the payment of bonds issued hereunder.

(e) There shall be pledged to the payment of principal and interest of the bonds herein authorized to be issued: (1) Any net proceeds from operation of the district that the board of trustees of the district shall deem not necessary to the future operation and maintenance of said emergency medical service; (2) Any monies available from other funds of the district not otherwise obligated; and (3) the proceeds of any tax which may be imposed for such purposes.

(f) Bonds shall be issued for designated sums with serial numbers thereon and maturing annually after three (3) years from date of issue. All bonds and interest thereon shall be paid upon maturity, and no bonds shall be issued for a period longer than thirty (30) years. The district may in its discretion schedule the payment of principal over the thirty-year period so that when interest is added there will be approximately level annual payments of principal and interest.

(g) The district may, upon approval by a majority vote of the qualified electors of the district voting at an election called for that purpose, levy an annual, recurring ad valorem tax not to exceed four (4) mills upon the property within the district, for the operation and maintenance of the emergency medical service, including purchase and rental of equipment.

Dear God, as we begin this day, we open our hearts and minds to Thy Holy presence. We pray Thee, as refining fire, purge our inner lives from envy and resentment, forgive us of our sins and deliver us from tempers and ambitions that make for destruction and defeat. Protect us from all lust of power, greed of gain, and pride of life, and contempt for others. Deliver us from the desire to reap advantage from the weaknesses and failure of others. Help us to know that we are our brother's keeper and that the way to win is in service for others.

And dear Heavenly Father, we especially pray that You will be near to and grant special blessings and strength to the wives and the families of these men in their absence from the family circle. Help them as they share the dedication of these men in their service to their state and country. In Jesus' name we pray. Amen

O God our Heavenly Father, Thou who art the giver of every good gift and source of all truth, help us to realize this day our dependance upon Thee. May we know that the "fear of the Lord is the beginning of all wisdom."

Our problems are many and our uncertainties paralyzing. So dear Father, grant to each of us the insight and special measure of Thy grace needed for the duties of this day. Grant that when we become troubled in spirit and discouraged in heart that we may look up to Thee and find relief from our fears and release from our frustrations. In these days which call for greatness, save us from bitterness of mind and poverty of spirit.

In Thy presence we would rekindle the fire of faith that we may be better prepared for the duties of this life, to endure its trials, to bear its afflictions, and to find its lasting joy and satisfaction of life in Thee. In Jesus' name. Amen

Here, in this Chamber, we celebrate the gift of the lives of these gentlemen — honorable and good men — elected to serve the common good.

We are certain, Lord, that they do not suffer from lack of attention by those who seek their favor and privilege.

But, at least for this one time, Holy Father, we plead for Your gracious attention to the personal need of these your servants. You know, O Lord, that their hearts can ache with personal sorrow; that their souls, too, are subject to the desolation of loneliness and anxiety.

According to their necessity, we beseech You to comfort them with a personal knowledge of Your Presence. May they be renewed by Your knowledge of their need, and find confidence in Your sure Word.

In the name of our Gracious Lord, we pray. Amen

We invoke your presence in this Chamber, and lift up before your attention the lives of these good and honorable men.

Haunt them, O Lord, with the need and hurt of your children — even the least of them. Make bearable the burden of these gentlemen of the Senate as they allow their hearts and minds to become fertile to the seed of your love.

Grant them that serenity which is the hallmark of all great statesmen.

Forgive, Holy Father, all that is past, and make of these, your servants, new creatures in You — for this time, and in this place, of our common history.

In the name of our Gracious Lord we pray. Amen

O God—

You have taught us that in returning to You we shall be saved, and in quietness and confidence shall be our strength. Draw near to us in this moment with thy mighty power and steadfast love, that in your presence we may be still for this moment and know that You are God.

Since You have made us, and we are yours, you know, O Lord, how easily we can forget that You alone are God! Ever remind these, your servants, that the glory of this world passes as but a dim and brief flare in the night of silent mysteries for those who are not fearful of You.

In the darkness of this time of cynicism, let the light of your Word for this present age shine as a lamp of purest gold — calling your servants, the gentlemen of the Senate of this State, to serve You with courage and uncommon wisdom!

Knowing they are fully understood by You, may they, by your grace, understand more fully, and give a new meaning of hope to this day.

In the Name of our gracious Lord, we pray. Amen

Almighty God —

We rejoice that your glory is in all the world; that, from your throne, You behold all the dwellers upon earth — from the mightiest to the weakest. You are aware of our need even before we find the words to articulate those needs. And, even then, O Lord, we are led to confess that we, who are "programmed" to talk, find that our words flutter away like birds on the wing in the presence of the poor, the sick, the anxious, the oppressed, and those who are in danger from the violence of men.

Most heartily, then, do we beseech You to regard with your gracious favor and bless your servants, these gentlemen of the Senate, in the course of their deliberations. Make them pure in motive, wise in counsel, and strong in action, doing right in the fear of Your holy name.

Forgive all mistaken ambitions, selfish passions, and all presumptuous claims of men, and disclose to your servants a vision of the common good for all citizens. Grant them wisdom and strength to know and do your will. Fill them with the love of truth and righteousness. So rule their hearts and prosper their efforts that justice and peace may prevail to the honor of your holy name, through Jesus Christ our Lord. Amen

The Journal for the last legislative day was declared approved.

Into Thy presence we come at this time confessing our weaknesses and imperfections in Thy sight. We pray that Thou will forgive us our sins and strengthen us for the battle of life.

We pray Thy blessing upon our country and upon our great state. We are thankful to live in a government whose founding fathers believed in a divine being who created us in His image and likeness. We realize that Thou art the author of civil government which sets in motion the punishment of the wrongdoer for the protection of society.

God, grant that our nation may turn from cold, heartless materialism and worship again at the shrine of our founding fathers.

God, bless the members of this Legislature and all the employees. Grant that we all may be sincere and strive to do that which is best for this State and all of the United States of America.

In the name of Christ we pray. Amen

We are thankful for the rest of the past night and the light of another day. Help us to show our appreciation, for without Thee we can do nothing worthwhile. We are dependent on Thee for all we are and have.

We thank Thee for every gift that comes from Thee, for every gift that comes from Thee we need above all others. We thank Thee for the gift of Christ, for in Him we see God as He is and man as he should be. We thank Thee for the life He lived, the lessons He taught and the examples He set. In Him we live and move and have our being.

God bless the Stars and Stripes and the principles for which they stand. Help us to be loyal to our country and state. The common people of this state elect and can take away all officers of the state that are not faithful in the performance of duty. Lord, help us to be a patriotic people. In the Name of Christ, we pray. Amen

President Nigh declared a quorum present.

The following prayer was offered by Reverend Will M. Thompson and incorporated into the Journal upon request of Senator Taliaferro.

Our Father and our God, the creator of the universe and the Father of our spirits, we approach the throne of grace and mercy this day through our high priest, the Lord Jesus Christ, and plead with Thee to look on us in our weaknesses and forgive our errors. We believe that Thou are the only true and living God who guards the destiny of nations. We thank Thee for this Legislative body and for all its employees. Help all of us to function in our several places and to be faithful to our trust in Thee.

God bless the Senate, our great state and the nation. We are passing through many trials in the state and nation, but beyond the dark clouds that now hover over us, the sun of righteousness is brightly shining.

Lord, give us men of faith and courage to guide the ship of state safely through the storms of life and into the harbor of peace and safety. In the name of Christ we pray. Amen

RESOLUTION

Senator Graves introduced the following Resolution:

SCR 134 — By Graves, Rogers, Porter, Field, Randle, Miller, Lane, Keels and Luton.

A Concurrent Resolution memorializing the Congress of the United States to urge the U. S. Treasury Department to invest idle or surplus monies in its custody and control in interest-bearing instruments and to reevaluate its policies as to the amounts of its funds placed in noninterest-bearing demand deposits in commercial banks; and directing distribution.

WHEREAS, it has recently come to the public's attention that the U. S. Treasury Department has placed several millions of dollars of the public monies under its custody and control in demand, noninterest-bearing deposits in selected banks in this state; and

WHEREAS, this information is not generally accessible to the public; and

WHEREAS, the Secretary of the Treasury of the United States is responsible for conducting the financial affairs of the nation and thus must direct the many activities of the Treasury Department with a view toward their impact on the total economy of the United States; and

WHEREAS, for many years the U. S. Treasury has operated under a policy whereby much of its cash operating balances are permitted to stay in demand deposits in commercial banks throughout

the country until needed to meet the obligations of the federal government and its agencies; and

WHEREAS, federal law does not permit the payment of interest on demand deposits; and

WHEREAS, even though this mechanism has aided the Secretary of the Treasury in carrying out his responsibilities for managing the necessary cash operating balance of the federal government economically and flexibly without disturbing and distorting the orderly flow of credit through the banking system and money market and, thus, for promoting the broad financial objectives of the United States and for successful management of the public debt, it is conceivable that the government does not receive from the system direct financial returns commensurate with the value of the accounts to the banks; and

WHEREAS, banks perform many specific services for the government for which they are not directly compensated, yet the use of the interest-free demand deposits in an era of high interest rates undoubtedly provides compensation perhaps equal to and likely greater than the cost of providing such services for the government; and

WHEREAS, it is incumbent upon governmental agencies at all levels in the federal system to conduct their necessary activities economically, efficiently and openly, with a view toward the overall impact on the citizens whose taxes finance such activities, and this becomes imperative during a time of rampant and apparently uncontrollable inflation, mounting governmental expenditures and bureaucratic disdain for the right and need of the people to be kept fully and accurately informed as to the activities of governmental agencies; and

WHEREAS, the Congress of the United States, with its paramount responsibilities for the financial and economic well-being of the United States and for the size and management of the public debt, should urge the U. S. Treasury Department to reevaluate its policy for management of the Treasury's cash operating balance, with a view toward reducing the size of this balance kept in demand deposits and, in the interest of reducing the increasingly onerous burden of taxation on the citizens of this nation, placing a greater amount of the government's idle and surplus funds in interest-bearing instruments or time deposits, consistent with considerations for safety of the funds and with the responsibilities of the Treasury in the overall financial objectives of the United States and, in the interest of restoring the public's confidence in its government and public officials, publicly disclosing at reasonable intervals, full and complete data as to the banks in which funds are deposited, the amounts of such deposits in interest-bearing and noninterest-bearing accounts, and equally as to investments in interest-bearing securities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 34TH OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the Congress of the United States be and hereby is respectfully memorialized to urge the U. S. Treasury Department to reevaluate its policy for management of the Treasury's cash operating balance, with a view toward reducing the size of this balance maintained in demand deposits in commercial banks and placing a greater amount of the federal government's idle and surplus funds in interest-bearing instruments or time deposits, consistent with considerations for safety of such funds and with the responsibilities of the Treasury in the

overall financial objectives of the United States and the national economy and, in the interest of restoring the confidence and trust of the people in their government and public officials, disclosing at reasonable intervals full and complete data as to the banks in which funds are deposited, the amounts of such deposits in all types of accounts, and equally as to investments in interest-bearing securities.

SECTION 2. That duly authenticated copies of this resolution be forwarded to each member of the Oklahoma delegation in Congress and to the chairmen of the House of Representatives Committee on Banking and Currency and the Senate Committee on Banking, Housing and Urban Affairs.

Our Father in heaven, we open this day's deliberations in prayer to give thanks for your blessings and to ask your presence with us in the work before us.

Your word has said through your chosen Apostle Paul that you have ordained and sanctioned the powers of government that our leaders in government are servants of yours for good that we as citizens of the state have duties to respect government, uphold and support it, to give honor and pay tribute as these are due, to owe no man anything but to love one another, and thereby fulfill your law as given in your holy word. These things we desire, Lord, this day. As we pray for all who are in authority in our nation and our state, as I pray for members of this legislative assembly, individually and collectively, and as I remember my duties and privileges as a citizen of the state and your kingdom.

Father, we want to ask now that our thoughts, our words, and our decisions here today may be compatible with the words of our Savior who taught us to pray "Thy kingdom come, they will be done, on earth as it is in heaven, for thine is the kingdom, and the power, and the glory forever". Amen

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment of Section 9 of Article X of the Constitution of the State of Oklahoma; establishing a maximum ad valorem tax millage, a county school tax levy, an additional school tax levy, an emergency school tax levy and a one-year local school support levy; providing a ballot title; and ordering a special election.

Be it resolved by the Senate and the House of Representatives of the 2nd session of the 34th Oklahoma Legislature:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment of Section 9, Article X of the Constitution of the State of Oklahoma, to read as follows:

§ 9. (a) Except as herein otherwise provided, the total taxes for all purposes on an ad valorem basis shall not exceed, in any taxable year, fifteen (15) mills on the dollar, no less than five (5) mills of which is hereby apportioned for school district purposes, the remainder to be apportioned between county, city, town and school district, by the county excise board, until such time as a regular apportionment thereof is otherwise provided for by the Legislature.

No ad valorem tax shall be levied for state purposes, nor shall any part of the proceeds of any ad valorem tax levy upon

any kind of property in this state be used for state purposes.

(b) A tax of four (4) mills on the dollar valuation of all taxable property in the county shall be levied annually in each county of the state for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts of the county by the county treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. Provided that in case a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the county treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as herein before provided for the proceeds of such tax on the assessed valuation of such county. Not to exceed seventy-five ((**per centum**)) PERCENT (75%) of the amount received by a school district from the proceeds of such county levy in any year shall be required to finance the state guaranteed program of such district.

(c) Upon certification of a need therefor by the board of education of any school district an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, any school district may make an emergency levy for the benefit of the schools of such district, in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in such district when approved by a majority of the electors of the district voting on the question at an election called for such purpose. This emergency levy shall provide only sufficient additional revenue to meet the needs of the district each fiscal year as determined by the board of such district and must be approved by a majority of the electors voting on said question at such an election for each fiscal year.

(d-1) In addition to the levies hereinbefore authorized, any school district may make a local support levy for the benefit of the schools of such district, in an amount not to exceed ten (10) mills on the dollar valuation of the taxable property in such district, when approved by a majority of the ((**ad valorem taxpaying**)) voters voting on said question at an election for each fiscal year called for such purposes. This local support levy shall provide only sufficient additional revenue to meet the needs of the district for each fiscal year as determined by the board of such district((; **provided, an elector desiring to vote upon such local support levy must present an ad valorem tax receipt for the year immediately preceding before being issued a ballot, or sign a sworn affidavit certifying the fact of such payment**)).

(e) The amount of revenue from school district ad valorem taxes levied under (a) and (c) of this section which any school district may be required to use to finance its state guaranteed program shall not be in excess of its share, based upon its relative taxpaying ability as may be defined by law, of an amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed valuation of the state; but until such relative taxpaying ability is defined by the Legislature, the amount of revenue from such taxes which any school district may be required to use to finance its state guaranteed program shall not be in excess of the net proceeds from an ad valorem tax

levy of fifteen (15) mills on the dollar net assessed valuation of the district. No part of the proceeds from any ad valorem levy for emergency levy and local support levy under (d) and (d-1) of this section shall be required to finance the state guaranteed program of such district.

Nothing in the amendments to the Constitution incorporated herein shall be construed to amend, alter or supersede the present application of Article XII-A, Sections 1 and 2 of the Oklahoma Constitution.

(((f) Should the amendment contained in subsection (d-1) hereof be adopted on September 14, 1965, the school board of any school district in the state may within ten (10) days thereafter file with the excise board of the county a supplemental estimate of needs and call a special election within fifteen (15) days after such call upon the new local support levy or emergency levy if not previously submitted, or both. The school board shall advertise notice of such election by publication in at least one issue of a newspaper having general circulation in the school district, or by posting in five public places in the district at least five (5) days before such election. Should the electors of the school district vote such additional levy in such election, the county excise board shall forthwith compute the levy and certify appropriations for all affected school districts and refile the budgets with the county clerk and with the State Auditor. Notice of the filing of said budget shall be given as required by law. The forty-day protest period shall begin immediately upon the filing of said budgets.

For the fiscal year 1965-66, the excise board of each county shall not finally compute the levy nor certify the appropriations for the school districts of the state until after the school district shall have had the opportunity to hold a special election as provided herein.

Temporary appropriations, up to forty per centum (40%) of the estimated funds needed by the school board of any district in the state for the fiscal year 1965-66, may be approved any time after the beginning of such fiscal year.

Upon the computation of the levy and certification of appropriations by the excise board, the county assessors shall prepare or revise the tax rolls and deliver the same to the county treasurer who shall proceed with the collection of the taxes as required by law.

Should it become necessary, because of the delay in computing levies and certifying appropriations as herein provided, the Governor may, by executive order, extend the time when taxes will be delinquent for the year of 1965, and that year only. Such extension of time shall be for the minimum time necessary to permit the county assessor and county treasurer to perform their duties as required by law.))

(10) To borrow, ((()))from any source(())), in an aggregate amount not exceeding fifty percent (50%) of its shares, deposits and undivided earnings; such borrowed money may be borrowed either by means of bills payable or through rediscounts of its negotiable instruments, and credit unions may pledge their assets as collateral securities therefor.

(11) To fine members, in accordance with the bylaws, for failure to meet their obligations promptly to their credit union.

(15) To exercise such incidental powers as shall be necessary or requisite to enable it to carry on effectively the business for which it is incorporated.

SECTION 4. 6 O.S. 1971, § 2010, is amended to read as follows:

§ 2010. (A) The business affairs of a credit union shall be managed by a board of not less than seven (7) members; a credit committee of not less than three (3) members; and a supervisory committee of not less than three (3) members. The directors and the credit committee shall be elected by the members, ((()))and from their number(())), at their annual meeting, the organizational meeting being the first annual meeting, and to hold office for such terms, respectively, as the bylaws may provide. The supervisory committee shall be appointed by the board of directors unless otherwise provided in the bylaws. One director may be appointed or elected to the supervisory committee, but not the treasurer. A record of names and addresses of the board of directors and the respective committees and officers shall be filed with the Bank Commissioner within ten days after their election. No member of the board of directors shall, as such, be compensated, but the officers elected by the board of directors and the members of the credit and supervisory committees may receive such compensation for services performed as the board shall, by resolution, authorize.

(B) At their first meeting after the annual meeting of the members, the directors shall elect from their number a president, a vice president, a secretary and a treasurer, who shall be the executive officers of the corporation. The secretary and the treasurer may be the same person. The duties of the officers shall be determined by the bylaws except that the treasurer shall be the general manager of the corporation. Each active officer and employee of a credit union shall, before he enters upon his duties, make and give a bond to the said credit union executed by a surety company in an amount fixed by the ((**Bank Commissioner**)) STATE CREDIT UNION BOARD for the protection of said credit union against the fraud or dishonesty of each active officer or employee of said credit union. When said bond has been executed it shall be filed with the Bank Commissioner of the State of Oklahoma.

(C) The board of directors shall meet at least once a month, unless permitted by the

Bank Commissioner to meet less often, and shall have the general direction and control of the affairs of the corporation. The minutes of all such meetings shall be kept. Among other things they shall act upon applications for membership. The board of directors may appoint a membership officer and delegate to him the power to approve or disapprove all membership applications; however, ((said)) THE membership officer may not be the treasurer or assistant treasurer. Once appointed, the membership officer shall submit to the board of directors a list of approved or pending applications for membership at each regular meeting of the board of directors. The board shall also declare dividends and determine rates of interest on deposits; fill vacancies in the board and in the credit committee until successors elected at the next annual meeting have qualified; authorize investment of credit union funds other than loans to members; determine from time to time the maximum number of shares and deposits that may be held by any member and the maximum number of shares and deposits that will be accepted from a member in any calendar month not inconsistent with the bylaws; subject to limitations of this act, determine the interest rates on loans and the maximum amount that may be loaned with and without security to any member; and determine the rate of interest refund, if any, to be made to members. A majority of the board may, however, agree to exclude loans made at rates of interest lower than the credit union's basic rate and may also exclude loans where payments are in arrears from participation in such interest rebates; all other loans shall participate at the same rate of rebate.

(D) The credit committee shall have the general supervision of all loans to members. It shall be the duty of the credit committee to review all applications for loans, to ascertain whether or not such loan would benefit the applicant, and to determine whether or not the security offered, in their judgment, is sufficient and the terms proper. The credit committee shall meet as often as may be required after due notice has been given to each member thereof, but not less than once a month, shall keep a record of all meetings, and shall make a report to the members at the annual meeting. To facilitate the work of the credit committee, the board may appoint and provide for the compensation of one or more loan officers and such assistants as may be necessary. Loan officers shall act under the direction of the credit committee and may authorize loans without a special meeting of the committee but only within written rules and regulations established by action of the committee. All such loans shall be reviewed by the credit committee during one of its regular meetings.

(E) The supervisory committee shall make a semiannual examination of the affairs of the credit union, including an audit of its books; and shall make an annual audit and a report to be submitted at the annual meeting of the corporation. However, if the supervisory committee, with the approval of the board of directors, employs an auditor approved by the ((**Bank Commissioner**)) STATE CREDIT UNION BOARD, a Licensed Public Accountant or a Certified Public Accountant, to perform an annual audit of the affairs and books of the credit union, such annual audit by said outside auditor shall constitute full compliance with this section. The supervisory committee shall make a report of any audit it causes to be conducted of the credit union at the annual meeting of the corporation. By a unanimous vote, the supervisory committee may suspend any officer of the corporation, or any member of the credit committee or of the board of director until the next members' meeting, which said meeting, however, shall be held within seven (7) days of said suspension and at which meeting said suspension shall be acted upon by the members; and, by a majority vote, may call a special meeting of the shareholders to consider any violation of this law, the charter, or of the bylaws, or any practice of the

corporation deemed by the committee to be unsafe or unauthorized. The board of directors shall fill vacancies on the supervisory committee. The supervisory committee shall in such manner as it deems advisable cause the accounts of the members to be verified with the records of the treasurer from time to time and not less frequently than once every two (2) years.

SECTION 5. 6 O.S. 1971, § 2013, is amended to read as follows:

§ 2013. Annually, semi-annually, or quarterly, as the bylaws may provide, the board of directors of a credit union may in accordance with the credit union's fiscal year declare a dividend from net earnings, which dividend shall be paid on all shares outstanding at the end of the period for which the dividend is declared. Shares which become fully paid up during such dividend period and are outstanding at the close of the period shall be entitled to a proportionate part of said dividend calculated from the first day of the month following such payment in full. Provided, further, that in no event shall a dividend on shares or the interest on deposits exceed ((**six percent (6%)**)) SEVEN PERCENT (7%) per annum without the express permission of the ((**Bank Commissioner**)) STATE CREDIT UNION BOARD.

SECTION 6. 6 O.S. 1971, § 2021, is amended to read as follows:

§ 2021. A credit union chartered under the laws of the State of Oklahoma may be converted to a state credit union under the laws of any other state, or to a federal credit union either within or without the State of Oklahoma. A credit union chartered under the laws of the United States or any other state may convert to a credit union under the laws of the State of Oklahoma. To effect such a conversion a credit union must comply with all requirements of the authority under which it was originally chartered and the requirements of the ((**State Bank Commissioner**)) STATE CREDIT UNION BOARD and file proof of such compliance with ((**said commissioner**)) THE STATE CREDIT UNION BOARD.

SECTION 7. 6 O.S. 1971, § 2022, is amended to read as follows:

§ 2022. Any credit union may, with the approval of the ((**Bank Commissioner**)) STATE CREDIT UNION BOARD, merge with another credit union under the existing charter of the other credit union, pursuant to any plan agreed upon by the majority of the board of directors of each credit union joining in the merger, and approved by the affirmative vote of a majority of the members of each credit union present at meetings of the members duly called for such purpose. After agreement by the directors and approval by the members of each credit union, the president and secretary of each credit union shall execute a certificate of merger, which shall set forth all of the following:

(e) The vote by which the plan was approved by the members.

Such certificates and a copy of the plan of merger agreed upon shall be forwarded to the Bank Commissioner WHO SHALL, UPON APPROVAL OF THE STATE CREDIT UNION BOARD, ((**certified by him,**)) CERTIFY and ((**returned**)) RETURN IT to the merging credit unions within ((**thirty (30)**)) SIXTY (60) days.

Upon any such merger so effected, all property, property rights and interest of the merged credit union shall vest in the surviving credit union without deed, endorsement or other instrument of transfer, and all debts, obligations and liabilities of the merged credit union shall be deemed to have been assumed by the surviving credit union under whose charter the merger was effected.

This section shall be construed, whenever possible, to permit a credit union chartered under any other act to merge with one chartered under this act, or to permit one chartered under this act to merge with one chartered under any other act.

SECTION 8. There is hereby created the Oklahoma State Credit Union Board, which shall consist of five (5) members appointed by the Governor. The State Bank Commissioner shall be one of the members, and he shall preside as Chairman of the State Credit Union Board. One of the other four (4) members shall be a layman and three (3) members shall be managers or directors of credit unions, and one of those three (3) may be from a federal credit union. Said four (4) members shall be selected by the Governor with advice and consent of the Senate from a list of ten (10) submitted by the Oklahoma Credit Union League, and they shall be originally appointed for terms of four (4), three (3), two (2) and one (1) year, respectively, and all appointees thereafter shall serve four-year terms. Any vacancy in the membership of the State Credit Union Board, caused by other than the expiration of a term, shall be filled only for the balance of the term of the member in whose position the vacancy occurs. Appointment made to fill a vacancy shall be made by the Governor, with advice and consent of the Senate, from a list of ten (10) names submitted by the Oklahoma Credit Union League. Members shall serve until their terms expire or until their successors are appointed and qualified.

SECTION 9. It is authorized to promulgate rules and regulations to carry out the laws of this state concerning credit unions.

SECTION 10. The State Credit Union Board may meet as often as necessary to carry out its duties, but it shall not fail to meet at least once in any calendar year. The Commissioner may call additional meetings of the Board upon at least twenty-four (24) hours' notice and shall do so upon request of two (2) members. A majority of the Board shall constitute a quorum and action taken by a majority of those present at any meeting at which a quorum is present shall be the action of the Board. There shall be no per diem, reimbursement or any form of compensation paid by the State of Oklahoma to the members of the State Credit Union Board for the performance of their duties.

SB 643 by Garrett of the Senate and Sandlin of the House was read and considered.

Senator Garrett moved to amend **SB 643**, Page 1, Line 1, by inserting new Sections 1 through 9 as follows and renumbering subsequent section:

"SECTION 1. USE OF FORCE IN DEFENSE OF A PERSON. A person is justified in the use of force against an aggressor when and to the extent it appears to him and he reasonably believes that such conduct is necessary to defend himself or another against such aggressor's imminent use of unlawful force.

"SECTION 2. USE OF FORCE IN DEFENSE OF DWELLING. A person is justified in the use of force against another when and to the extent that it appears to him and he reasonably believes that such conduct is necessary to prevent or terminate such other's unlawful entry into or attack upon his dwelling.

"SECTION 3. USE OF FORCE IN DEFENSE OF PROPERTY OTHER THAN A DWELLING. A person who is lawfully in possession of property other than a dwelling is justified in the threat or use of force against another for the purpose of preventing or terminating an unlawful interference with such property. Only such degree of force or threat thereof as a reasonable man would deem necessary to prevent or terminate the interference may intentionally be used.

"SECTION 4. USE OF FORCE BY AN AGGRESSOR. No justification described in this act is available to a person who:

1. Is attempting to commit, committing or escaping from the commission of a forcible felony;

2. Initially provokes the use of force against himself or another with intent to use such force as an excuse to inflict bodily harm upon the assailant; or

3. Otherwise initially provokes the use of force against himself or another, unless:

a. he has reasonable ground to believe that he is in imminent danger of death or great bodily harm, and he has exhausted every reasonable means to escape such danger other than the use of force which is likely to cause death or great bodily harm to the assailant, or

b. in good faith, he withdraws from physical contact with the assailant and indicates clearly to the assailant that he desires to withdraw and terminate the use of force, but the assailant continues or resumes the use of force.

"SECTION 5. LAW ENFORCEMENT OFFICER'S USE OF FORCE IN MAKING ARREST. A. A law enforcement officer, or any person whom he has summoned or directed to assist him, need not retreat or desist from efforts to make a lawful arrest because of resistance or threatened resistance to the arrest. He is justified in

the use of any force which he reasonably believes to be necessary to effect the arrest and of any force which he reasonably believes to be necessary to defend himself or another from bodily harm while making the arrest. However, he is justified in using force likely to cause death or great bodily harm only when he reasonably believes that such force is necessary to prevent death or great bodily harm to himself or another person, or when he reasonably believes that such force is necessary to prevent the arrest from being defeated by resistance or escape and the person to be arrested has committed or attempted to commit a felony or is attempting to escape by use of a deadly weapon, or otherwise indicates that he will endanger human life or inflict great bodily harm unless arrested without delay.

B. A law enforcement officer making an arrest pursuant to an invalid warrant is justified in the use of any force which he would be justified in using if the warrant were valid, unless he knows or reasonably should have known that the warrant is invalid.

"SECTION 6. PRIVATE PERSON'S USE OF FORCE IN MAKING ARREST. A. A private person who makes or assists another private person in making a lawful arrest is justified in the use of any force which he would be justified in using if he were summoned or directed by a law enforcement officer to make such arrest, except that he is justified in the use of force likely to cause death or great bodily harm only when he reasonably believes that such force is necessary to prevent death or great bodily harm to himself or another.

B. A private person who is summoned or directed by a law enforcement officer to assist in making an arrest which is unlawful is justified in the use of any force which he would be justified in using if the arrest were lawful.

"SECTION 7. USE OF FORCE IN RESISTING ARREST. A person is not authorized to use force to resist an arrest which he knows is being made either by a law enforcement officer or by a private person summoned and directed by a law enforcement officer to make the arrest, even if the person arrested believes that the arrest is unlawful.

"SECTION 8. The provisions of this act are severable and if any part or provision hereof shall be held void the decision of the court so holding shall not affect or impair any of the remaining parts or provisions of this act.

"SECTION 9. Sections 646, 647, 663 through 670 and 682 of Title 21, Oklahoma Statutes 1971, are hereby repealed."

and by amending the title to read as follows:

"An Act relating to crimes and punishments; providing that the use of force in certain instances is justifiable; providing exceptions; repealing 21 O.S. 1971, § § 646, 647, 663 through 670 and 682, relating to duels, felonious assaults and administering drugs to aid commission of a felony; providing for severability; and declaring an emergency."

May we never fail to do the very best we can. Help us to pray in the knowledge that it all depends on Thee.

Help us then to work as if it all depended on us, that together we may do that which is well pleasing in Thy sight. For Jesus' sake. Amen

There is hereby appropriated to the State Board of Education, from any monies in the General Revenue Fund of the State Treasury, for the fiscal year ending June 30, 1975, not otherwise appropriated, the sum of Eight Hundred Twenty-five Thousand Dollars ($825,000.00), or so much thereof as may be required to be apportioned to the public schools for the purpose of complying with the National School Lunch Act, P. L. 396, of the 79th Congress of the United States, and the Child Nutrition Act of 1966 and P. L. 91-248, as it may be now or hereafter amended or supplemented, to meet these acts for federal matching on all children's meals.

SECTION 8. There is hereby appropriated to the State Board of Education from any monies in the General Revenue Fund of the State Treasury, for the fiscal year ending June 30, 1975, not otherwise appropriated, the sum of Fifteen Thousand Dollars ($15,000.00), or so much thereof as may be required, for the use and benefit of the Oklahoma Science and Engineering Fair.

SECTION 9. The State Board of Education is hereby authorized to make all necessary provisions for the education of all children of school age who are patients in the Children's Memorial Hospital, including employment of teachers and payment of other costs involved in operating the school, payable from the appropriation made in Section 6 of this act.

SECTION 10. Funds allocated in Section 5 of this act for Reimbursement for Costs of Educating Homebound Children shall be disbursed by claim filed by the State Board of

Education prior to the lapse date provided in this act.

SECTION 11. The funds allocated in Section 5 of this act for Purchase of Textbooks shall be apportioned to the public schools pursuant to the provisions of 70 O.S. 1971, § § 16-101 through 16-124.

SECTION 12. The Five Hundred Thousand Dollars ($500,000.00) allocated by Section 5 of this act for elementary counseling and prescriptive teaching shall be used to establish, operate and maintain psycho-educational evaluation and prescriptive teaching units to insure proper educational evaluation and education of children recommended for placement in special education programs, prescriptive teaching programs and elementary guidance and counseling. The State Board of Education is hereby authorized to promulgate rules and regulations required to initiate and operate the services herein described. The State Department is hereby directed to work toward coordinating existing programs with new programs to the end that these services are available in as many Oklahoma School districts as possible with the eventual goal of providing such services to all Oklahoma school districts.

SECTION 13. Funds are allocated in Section 5 of this act for Financial Support of Public Schools (fiscal year 1975) to provide the state portion of a salary increase for each public school teacher in the Oklahoma Public School System. Said funds are to be allocated to every district in Oklahoma on the basis of Seven Hundred Dollars ($700.00) for each teacher and shall be allocated prior to allocation of other Financial Support funds. From said funds, each district shall have the option of either a salary raise of Seven Hundred Dollars ($700.00) for each teacher or a salary raise of not less than the following schedule:

YEARS SERVICE	BACHELOR'S DEGREE	MASTER'S DEGREE	DOCTOR'S DEGREE
0-3	$650	$730	$740
4-6	710	800	810

10-12	840	930	940
13-	910	990	1,000

It is the intent of the Legislature that each school district will receive sufficient funds to support the 1973-1974 and 1974-1975 teacher salary raises in the amount of One Thousand One Hundred Fifteen Dollars ($1,115.00) for each public school teacher in the Oklahoma Public School System. Where the increase in Foundation Aid and Incentive Aid over 1973-1974 allocations to each school district are insufficient to fund the One Thousand One Hundred Fifteen Dollars ($1,115.00) in teacher salary raises, the additional funds required will be allocated from Financial Support of Public Schools funds.

SECTION 14. 70 O.S. 1971, § 18-114, as amended by Section 23, Chapter 211, O.S.L. 1973 (70 O.S. Supp. 1973, § 18-114), is amended to read as follows:

Any of the degrees referred to herein must be from a college recognized by the State Board of Education. Provided that in addition to the minimum salary provided herein, every teacher shall receive a minimum of One Hundred Dollars ($100.00) per year increments for at least each of the first fifteen (15) years taught in any school approved by the State Board of Education. Provided, further, that the State Board of Education shall accept teaching experience from out-of-state school districts that are accredited by their state board of education or appropriate state accrediting agency. The salary increase provided in this act will apply against any increment required to accomplish this provision. Provided, further, that no board of education shall apply more than five (5) years' active duty in the military service or out-of-state teaching experience as a certified teacher or its equivalent for the purpose of salary increments of years' experience counted toward tenure or retirement if either is provided for at the local or state level. Said provision shall apply whether or not a state of emergency exists or is declared in existence.

SECTION 15. Expenditures from funds allocated in Section 5 of this act for Mid-term Adjustment shall be based on average daily attendance and transportation for the 1974-1975 school year.

SECTION 16. 70 O.S. 1971, § 18-109, as last amended by Section 29, Chapter 211, O.S.L. 1973 (70 O.S. Supp. 1973, § 18-109), is amended to read as follows:

2. Foundation Program Income:

a. The net assessed valuation of the school district during the next preceding year multiplied by fifteen (15) mills.

b. Seventy-five percent (75%) of the amount received by the school district from the proceeds of the county levy during the second preceding fiscal year, as levied under Section 9(b), Article X, Oklahoma Constitution.

c. Auto License and Farm Truck Tax, actual collections during the second preceding year computed on a per capita average daily attendance basis.

d. Gross Production Tax.

e. State apportionment.

f. R. E. A. Tax.

Each of the above-mentioned items of the Foundation Program Income from d through f, inclusive, shall be the amount actually collected from such source during the second preceding fiscal year calculated on a per capita basis on the unit provided by law for the distribution of each such revenue. Notwithstanding the foregoing, the amount to be charged as Foundation Program Income from gross production tax shall be the actual collections from such source during the next preceding year if any producing oil or gas wells in the county have been plugged, or any pipelines have been abandoned so as to cause a loss in revenue greater than ten percent (10%) from the amount actually collected during the second preceding fiscal year.

3. Foundation Aid:

The "Foundation Aid" shall be determined by subtracting the amount of the Foundation Program Income from the cost of the Minimum Program and adding to this difference the flat grants in paragraphs 1 c, d, and e of this section.

4. The Percentage Matching Grant: Calculated as follows:

Step One. Multiply the District Wealth Ratio by the Local Support Factor. This is the district's Local Support Ratio. For the year ((1972-1973)) 1973-1974 the LSF shall be .585.

Step Two. Subtract the product in step one from 1.000 to determine the District's State Support Ratio. For the school year ((1972-1973)) 1973-1974, the District State Support Ratio shall be a minimum of .415 and a maximum of ((.60)) .80.

Step Three. Multiply the District's State Support Ratio by the Percentage Matching Support Level per mill.

Step Four. Multiply the product of step three by the number of mills levied for general fund purposes above the fifteen (15) mills required to support the Foundation Program, not including the county four-mill levy. (Cannot exceed 20 mills)

Step Five. Multiply the product obtained in step four by the District's Legal ADA for

((**the preceding year**)) 1972-1973 OR 1973-1974 SCHOOL YEAR, WHICHEVER IS LARGER. This will be the District's "Incentive Aid."

The above five steps may be reduced to the following formula:

(1.0000 minus (DWR x LSF)) x PMSL x (the number of General Fund mills levied minus 15) x District ADA equals DPMG.

In the event that funds are not appropriated by the Legislature sufficient to fund the per pupil minimum set out in this section, the deficit shall be apportioned percentagewise on a per pupil basis.

SECTION 17. 70 O.S. 1971, § 18-113, as amended by Section 30, Chapter 211, O.S.L. 1973 (70 O.S. Supp. 1973, § 18-113), is amended to read as follows:

§ 18-113. A. For the school years hereinafter indicated no child enrolled in grades one through six shall be included in the average daily attendance of a school district for the purpose of computing and paying Foundation Program Aid or Incentive Aid if that child is, during the school year indicated, regularly assigned to a class that includes more than the number of children hereinafter set forth for the school years indicated:

1. for the school year 1971-1972, more than 32 students per class or per teacher if more than one teacher is regularly assigned to the class;

2. for the school year 1972-1973, more than 30 students per class or per teacher if more than one teacher is regularly assigned to the class;

3. for the school year 1973-1974, more than 28 students per class or per teacher if more than one teacher is regularly assigned to the class; ((**and**))

4. for the school year 1974-1975, more than ((25)) 27 students per class or per teacher if more than one teacher is regularly assigned to the class;

5. FOR THE SCHOOL YEAR 1975-1976, MORE THAN 26 STUDENTS PER CLASS OR PER TEACHER IF MORE THAN ONE TEACHER IS REGULARLY ASSIGNED TO THE CLASS;

6. FOR THE SCHOOL YEAR 1976-1977, MORE THAN 25 STUDENTS PER CLASS OR PER TEACHER IF MORE THAN ONE TEACHER IS REGULARLY ASSIGNED TO THE CLASS; AND

7. PROVIDED THAT SCHOOL DISTRICTS WHICH, AT THE BEGINNING OF THE SCHOOL YEAR SPECIFIED IN PARAGRAPHS 4, 5 AND 6 ABOVE, DO NOT HAVE SUFFICIENT CLASSROOMS, AS DETERMINED BY GUIDELINES ESTABLISHED BY THE STATE BOARD OF EDUCATION, TO ENABLE THEM TO REDUCE CLASS SIZE TO THE MAXIMUM NUMBER STATED IN SAID PARAGRAPH AND WHICH ON THE SAME DATE HAVE BECOME INDEBTED BY THE ISSUANCE OF BONDS UP TO THE MAXIMUM ALLOWABLE UNDER ARTICLE X, SECTION 9 OF THE OKLAHOMA CONSTITUTION SHALL NOT BE PENALIZED FOR FAILURE TO REDUCE CLASS SIZE TO THE MAXIMUM NUMBER STATED IN SAID PARAGRAPH.

B. Provided, however, for the school years hereinafter indicated no child enrolled in grades seven through nine shall be included in the average daily attendance of a school district for the purpose of computing and paying Foundation Program Aid or Incentive Aid if that child is, during the school year indicated, regularly assigned to any class, except those specified below, that includes more than the number of children hereinafter set forth for the years indicated.

1. for the school year 1971-1972, more than 42 students per class or per teacher if more than one teacher is regularly assigned to the class;

4. for the school year 1974-1975, and thereafter, more than 36 students per class or per teacher if more than one teacher is regularly assigned to the class.

C. Provided, however, that classes in the following subjects will not be subject to the limitations on numbers of students per class set forth in subsection B:

1. physical education;

2. music, vocal and instrumental;

3. art;

4. typing; or

5. vocational courses.

D. Provided, however, if, in adjusting the class size ratio set out above, based on the number of classes in each grade in the previous year, a district((, **using**)) WILL BE ALLOWED a five percent (5%) deviation factor under the maximum set out((, **cannot meet the obligation so specified, the State Department of Education shall allocate two thirds (2 / 3) of the minimum salary to hire an additional teacher, which teacher must be used in the grade affected to reduce each class in said grade so that each said class shall be as nearly equal in number as possible**)).

E. If a grade has only one teacher, the above ratio shall not be required if the second class would be less than sixteen (16) students, and the penalty provisions of this act shall not be applicable.

F. If there is more than one class per grade and, after using the proviso of subsection D, above, a school would have a class of less than sixteen (16), said students shall be equally divided in the remaining classes and the penalty provisions of this act shall not be applicable.

G. If a court has ordered a school district to group its grades as grades one through

five, grades six through eight, and grades nine through twelve, then as to such district subsection A above shall apply to grades one through five rather than grades one through six, and subsection B above shall apply to grades six through eight rather than grades seven through nine.

SECTION 18. The State Board of Education is hereby authorized to appoint and fix the duties and compensation of personnel necessary to carry out the duties imposed on the State Board of Education by law.

SECTION 19. Final expenditures of Federal Revenue Sharing Funds appropriated by Sections 3 and 4 of this act, by the agency or any subdivision thereof, will be subject to federal audit for compliance with the provisions of the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512) as follows:

Such compliance shall further be required of any contractor of subcontractor paid with such funds;

3. Pay individuals, employed in jobs financed in whole or in part out of Revenue Sharing Funds, wages not lower than the prevailing rates of pay for persons employed by it in similar public occupations. Great God, our Father. Your word reminds us of Your love and mercy towards us, but it also reminds us that we are responsible for our actions, for our inactions, and for our decisions. We solemnly recall that we must all one day stand before the judgment, to give account for all our deeds.

Help us to remember that we are debtors, to You and to our fellow man. Deliver us from national pride and greed, and remind us that we inherited our freedom and wealth and opportunity through no merit of our own.

Deliver us from the presumption that we are anything without Your strength, yet remind us that we can do all things by Your power.

Bless these Senators. Free them from fear of ridicule or defeat. Give them a vision to see past elections and popularity of success, and see the goal of a state led by men of high ideals and integrity. Sharpen their consciences by Your presence, and enable them to do Your will.

Amen

Blessed are they who die in the Lord, yea sayeth the spirit, that they may rest from their labors and their works do follow them.

God, our Father, we remember the man who served this state. We bless his memory and we pray for his family and friends and loved ones. We pray at this moment we may remember your promise of Easter of the resurrection of eternal life in Jesus Christ our Lord.

The following prayer was offered by Reverend Joe Dickens and incorporated into the Journal upon request of Senator Breckinridge and Senator Smith.

Gentlemen of the Senate, I received word just a few minutes ago that a friend of ours, Senator Payne, is gravely ill. I would ask that we especially remember him at the close of our prayer. Let us pray.

Almighty God, our heavenly Father, Who speaks not by earthquake, wind or fire, but through the still, small voice, silence us for a moment in the midst of all the noisy clamor. In the babble of voices for or against this or that reform, this or that legislation, this or that privilege, let us be still, and know that Thou art God. Help us not to be so enamored with the sound of our own voices we cannot hear the still, small voice of conscience, and of our God. We pray as a poet did, "Dear Lord and Father of mankind, forgive our foolish ways."

Forgive our waste of energy and resources. Forgive our weak egos which need to be fed on praise and adulation. Forgive our selfishness and short-sightedness.

We pray this day for Senator Payne, for his family. God, we pray that you will grant him release from suffering, peace, and the comfort of your presence. We pray that as they wander through the valley of the shadow of death, they will fear no evil, because of your presence with them. Bless those who suffer this day.

Give us this day our daily bread. Feed us with the strength we need. Amen

The Journal for the last legislative day was declared approved.

"SECTION 1. A. On and after the date upon which this act becomes operative, the designations "illegitimate" or "bastard" shall not be used to designate a child born out of wedlock.

B. No person, firm, corporation, agency, organization, the State of Oklahoma nor any of its agencies, boards, commission officers or political subdivisions, nor any hospital, nor any institution supported by public funds, nor any employee of any of the above, shall use the term "illegitimate" or "bastard" in referring to or designating any child born on or after the operative date of this act.

C. A violation of subsection B of this section shall be a misdemeanor and upon conviction thereof the offender shall be subject to a fine of Fifty Dollars ($50.00).

"SECTION 2. 10 O.S. 1971, § 60.3, is amended to read as follows:

§ 60.3 The following persons are eligible to adopt a child:

(3) A married person at least twenty-one (21) years old who is legally separated from the other spouse.

(4) In the case of ((**an illegitimate**)) A child BORN OUT OF WEDLOCK, its unmarried father or mother.

"SECTION 3. 10 O.S. 1971, § 60.5, is amended to read as follows:

§ 60.5 An adoption of a child may be decreed when there has been filed written consent to adoption executed by:

(1) Both parents, if living, or the surviving parent, of a legitimate child; provided, that consent shall not be required from one whose parental rights have been judicially terminated by a district court, or specially created children's court of competent jurisdiction; or

(2) If the child is ((**illegitimate**)) BORN OUT OF WEDLOCK, its mother, if sixteen (16) years of age or older, shall be deemed capable of giving consent.

If the mother be below the age of sixteen (16), consent to the adoption shall be deemed sufficient if given by such mother before a judge of the district court or the judge of any specially created court having jurisdiction in adoption proceedings, in writing, and if accompanied by the written consent of the legal guardian of the mother's person. If such underage mother

has no such guardian, the mother's consent shall be accompanied by the written consent of her parents, but if one parent be deceased or the parents be divorced, then the written consent of the parent having the custody shall be deemed ((**suficient**)) SUFFICIENT; if both parents of the underage mother be deceased, then the written consent of the person having her physical custody shall be deemed sufficient. If in any case consent cannot be secured from the person, other than the underage mother, authorized herein to give consent, notice by mailing shall be given by the court, unless notice is waived by personal appearance, to such person or persons authorized herein to give consent, directing such person to show cause, at a time appointed by the court, which shall be not less than ten (10) days from the date of mailing, why adoption should not be granted without that person's consent. If such person shall not appear to contest the adoption or if the court should find that consent of such person is unreasonably withheld, the adoption may be granted without the consent of that person; or

(3) The legal guardian of the person of the child or the guardian ad litem of the child if both parents are dead, or if the rights of the parents have been terminated by judicial proceedings, and such guardian or guardian ad litem has authority by order of the court appointing him to consent to the adoption; or

(4) The executive head of an agency if both parents are dead, or if the child has been relinquished for adoption to such agency, or if the rights of the parents have been judicially terminated and custody of the child has been legally vested in such agency with authority to consent to adoption of the child; or

(5) Any person having legal custody of a child by court order if the parental rights of the parents have been judicially terminated, but in such case the court having jurisdiction of the custody of the child must consent to adoption, and a certified copy of its order shall be attached to the petition.

The consent required by subparagraphs (1), (2), (3) and (4) hereof, including the consent required by the parent, guardian or party having physical custody as required for mothers under sixteen (16) in subparagraph (2) hereof, shall be acknowledged before a judge of the district court or the judge of any specially created court having jurisdiction in adoption proceedings. Provided, that when the person whose consent is necessary does not reside in the county having jurisdiction of the adoption proceedings such person may execute such consent before a district judge of this state or probate judge or judge having adoption jurisdiction of any other state of the county of his residence. Provided, further, that when such consent for adoption is necessary for children in custody of the Department of Public Welfare, the Director of Public Welfare may designate, authorize, and direct in writing an employee of the Department to appear in the court of the county in which said adoption proceedings are to be completed and to give written consent for the adoption of such child by the family whose application for adoption has been approved by the Department of Public Welfare. This provision shall apply to consents heretofore given as well as to those given after the approval of this act.

(6) In the event the person having the legal custody or the parents of a child desired to be adopted in this state reside in a country or place other than the United States of America, the consent of such person to the adoption may be obtained by a written instrument signed by such person and acknowledged before an officer of the legal subdivision of government of the place of his, her or their residence who is authorized to administer oaths under the laws of such country or place; or, when the

party seeking to give such consent is a member of the United States Armed Services stationed in a country or place other than the United States, then such consent may be acknowledged before an officer of the Judge Advocate General's Office or other legal officer possessing the authority to administer oaths. Where consent is so obtained, it shall not be necessary for such person to appear before the district court having jurisdiction of the adoption proceedings. If the written instrument containing such consent is written in any language other than the English language, the person adopting the child must have it translated into the English language by a person qualified so to do, and must file the original instrument together with the translation with the court, and the translation must be sworn to as being a true and correct translation by the translator.

"SECTION 4. 10 O.S. 1971, § 60.6, as amended by Section 1, Chapter 69, O.S.L. 1973 (10 O.S. Supp. 1973, § 60.6), is amended to read as follows:

§ 60.6 A legitimate child cannot be adopted without the consent of its parents, if living, nor ((**an illegitimate**)) A child BORN OUT OF WEDLOCK without the consent of its mother, if living, except that consent is not necessary from a father or mother:

2. Who has been judicially deprived of the custody of the child by any court of competent jurisdiction, including a court which has jurisdiction of a divorce action involving said parent, on account of cruelty to or neglect of the child, or

Provided that any decree of adoption heretofore entered by any court of appropriate jurisdiction within the State of Oklahoma wherein termination of parental rights, as prescribed in Section 1130 of this title, was not obtained shall not be invalid on the ground that such termination of parental rights was not obtained.

"SECTION 5. 10 O.S. 1971, § 71, as amended by Section 1, Chapter 62, O.S.L. 1973 (10 O.S. Supp. 1973, § 71), is amended to read as follows:

The proceeding shall be entitled in the name of the state against the accused as defendant. The death of the mother shall not abate an action which is brought under this section, and it will not prevent the bringing of an action for the support of the child.

"SECTION 6. 10 O.S. 1971, § 81, as amended by Section 2, Chapter 62, O.S.L. 1973 (10 O.S. Supp. 1973, § 81), is amended to read as follows:

§ 81. The board of county commissioners is hereby required to cause proceedings under this chapter to be brought in all cases where any ((**illegitimate**)) child BORN OUT OF WEDLOCK or its mother is liable to become a charge upon the county.

After the operative date of this act, the term "child born out of wedlock" shall be used in lieu of the terms "illegitimate" or "bastard".

"SECTION 8. Section 60.8 of Title 10, Oklahoma Statutes 1971, is hereby repealed.

"SECTION 9. Section 1 and Section 8 of this act shall be codified in the Oklahoma Statutes as Section 6.5 and Section 1.1 respectively of Title 10, unless the same shall create a duplication in numbering.

"SECTION 10. This act shall become operative on July 1, 1974.

"SECTION 11. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval."

We thank you for the strength You have given those who have faced death. We thank You for Senator Tom Payne and for the contribution he has made to our lives and the welfare of this State. We remember his warmth and friendship, and his love and concern for others. Again we pray You will comfort those who mourn, and will make the memory of his good life a blessing to his friends and family.

In the face of death we celebrate life. Help us to dedicate ourselves this day to seek and to do Your will.

Bless the Oklahoma State Senate. Grant them sensitivity to needs, concern for others and courage to act according to their consciences.

Give them strength for their task and, at the conclusion of this day, of this session and of their earthly life, the accolade: "Well done, thou good and faithful servant." We pray in Christ. Amen

The following prayer was offered by Reverend De L. Hinckley, Jr., Pastor, Crown Heights United Methodist Church, Oklahoma City, Oklahoma and incorporated into the Journal upon request of Senator Terrill.

Almighty God, the same yesterday, today and forever, we meet today in this place of many memories. We remember other men who have met in this place and they, too struggled to direct the destiny of the people of this State. As one generation succeeds another, the past builds up to this day. Our forefathers left us a rich heritage. For their efforts we give thee thanks, for the truth and spirit in which they lived, for their pains in faith, duty and rightness. We have risen up in this room of our fathers, and we know that eventually we also will pass away.

Thou knowest we must not live in the past and so we entreat Thee for grace to meet our duties, to serve our generation according to thy will, and always and everywhere to be faithful to our day and to future generations.

Lift our eyes from precious and solemn thoughts of the past. Teach us that to be truly alive and aware here and now will make us true to all the tomorrows.

In this day which Thou hast made for us, enlighten us, guide us, Comfort us with hope beyond our own adequacy and use the sense of duty well in us that when tomorrow comes all will be glad that we have met here today.

Bless these laborers in the Senate personally and individually. We would ask that every one's needs of spirit and flesh be fulfilled.

These prayers we ask in faith of fulfilment in the Name of Jesus Christ. Amen

The Journal for the last legislative day was declared approved.

SPECIAL INVESTIGATION COMMITTEE REPORT

Senator Berrong submitted the following report, stating that the subcommittee report had been adopted by the parent committee on Appropriations and Budget and was therefore the report of said Standing Committee; asked that the clerk read only that part of the report concerning findings and recommendations of the committee since copies of the entire report had been reproduced and placed on the desk of each Senator; and that the entire report be printed in the Journal for this legislative day.

SUBCOMMITTEE REPORT ON SENATE APPROPRIATION AND BUDGET COMMITTEE'S REVIEW OF BOARD OF AFFAIRS — BUILDING CONTRACTS — 1974

On January 24, 1974, Senator Ed Berrong, Chairman of the Senate Appropriations and Budget Committee appointed a three man subcommittee to study and check the state building contracts let by the Board of Affairs. The committee was Norman A. Lamb, Chairman, Roy Grantham and Bob Trent, Members.

Senator Berrong ordered copies of all documents concerning building contracts involving state buildings for the past four years. This request was made to the Legislative Council.

Paul McElvany of the Legislative Council met with Senator Lamb and presented the requested material on February 5, 1974. This material covered the State Library Building, currently under construction and nearing completion, and the Bureau of Investigation Building, previously completed.

Mr. McElvany explained to Senator Lamb that the Tax Building and the Education Building were let by the Capitol Improvement Authority and were not a Board of Affairs contract per se.

The first building to be checked into was the Library Building. This was chosen at random. Having checked the file on this building, questions arose concerning the original site selection and the changing of sites to the present location over on 18th Street. The changing of sites prompted an architectural services fee to revise plans and specifications and a restudy of the entire project through the bid phase to relocate to the corner of 18th and Walnut. The fee was $74,891.00. This approval was done ex parte by Mr. Lynn D. "Buddy" Hall, Chairman of the Board of Affairs. The original architect fee was 6% of two million dollars or $120,000.00. The additional $74,891.00 seemed questionable. Mr. Jack Graves, an Oklahoma City architect, was the architect involved.

On February 6, 1974, all members of the Subcommittee met for more than an hour with Ira Baker, Chairman of the Board of Affairs.

On February 7, 1974, all members of the Subcommittee met with the Board of Affairs members, Ira Baker, Virge Steger and Walter E. Price. Mr. Baker explained the procedures of the Board of Affairs before and after his replacement of Mr. Lynn D. "Buddy" Hall. Mr. Steger and Mr. Price told the Subcommittee that under Mr. Hall's chairmanship only Mr. Hall himself had any say so about building contracts or any change orders. This was his exclusive jurisdiction.

At the February 7, 1974, meeting, the Subcommittee requested that Mr. Baker contact Mr. Graves, the architect, to appear on February 14, 1974, before the Subcommittee.

On February 13, 1974, Mr. Ken Turner, Attorney at Law, Oklahoma City, Oklahoma, called Senator Lamb and informed him that he was Mr. Graves' personal attorney. Mr. Graves had previously been requested to appear before the Subcommittee checking out the Board of Affairs' contracts on the Library Building. Mr. Turner wanted to know whether or not any questions would be asked about "kickbacks." Senator Lamb informed Turner that the Subcommittee's concern was to explain the $74,891.00, plus, change order for architect fees regarding the Library Building. Turner then asked whether or not Graves would be put under oath before answering any questions. Senator Lamb informed Turner that Graves would not be under oath in that the Subcommittee did not have subpoena power. Turner then informed Senator Lamb that his client would be there.

This conversation was shared with Senator Grantham, Senator Berrong and President Pro Tempore James Hamilton. Senator Berrong informed Senator Lamb that the Subcommittee had complete latitude to ask any and all questions that needed to be asked. Then, at approximately 3:30 p.m. or 4:00 p.m. on February 13, 1974, Senator Lamb called Turner and informed him that his client would be asked any and all questions regarding architect fees, change orders, alleged kickbacks, among other things. Turner again asked if his client would be under oath. Senator Lamb said he would not. Turner then said his client would appear on February 14, 1974, before the Subcommittee.

On February 14, 1974, at approximately 8:30 a.m., Turner called and informed Senator Lamb's office that his client, Graves, would not appear before the Subcommittee due to the fact that he himself had a court conflict, and that he felt that he himself should accompany Graves when he appeared before the Subcommittee, and asked if it could be rescheduled. When it was learned that Graves could not appear on February 14, 1974, as requested, the meeting of the Subcommittee was postponed until February 21, 1974.

On February 19, 1974, Turner informed Senator Lamb that he felt that it was not in his client's best interest to appear before the Subcommittee. Turner, however, informed Senator Lamb that he would call him on the morning of February 20, 1974, and give him one final answer as to whether his client would appear before the Senate Subcommittee.

On February 25, 1974, Senator Berrong sent a registered, returned receipt requested letter to Graves requesting his voluntary appearance before the Senate Appropriations and Budget Committee to answer questions pertaining to architectural contracts on the Library Building. The voluntary appearance was Wednesday, February 27, 1974.

Mr. Ed Hughes, an Edmond contractor, appeared voluntarily before the Subcom-

mittee on February 21, 1974. The Subcommittee was interested in his testimony in that he was the unsuccessful runnerup bidder on the Library Building. He was questioned about having been asked to give any kickbacks on any awarded contract or anticipated contract. To this question he replied "no." He had contributed to campaign funds with the largest amount being $2,500.00. His only contact with Graves was to give him plans in order to prepare his bid. He also stated that the bidding had been fair and open and also stated that in his opinion Mr. J. J. Cook's bid was competitive. Hughes was not under oath.

The Subcommittee asked members of the Board of Affairs to give them technical information about what could be done in the way of legislation involving procedures and recommendations in handling the selection of alternates on the contract bids. The Subcommittee felt this could help omit the juggling in selection of "certain" alternates. Mr. Baker believed that there was legislation now before the Legislature which would limit change orders on any one construction contract to a maximum of 10% of the contract. The Subcommittee felt this stipulation should be included in writing on the contract. It was suggested by the Subcommittee that the change orders should not be over 10% of the total amount of the original contract.

Senator Lamb asked the members of the Board of Affairs to make a recommendation for a statutory proviso that would dictate by law that either two or three members of the Board of Affairs must approve and sign all contractual documents in addition to Board minutes. Legislation would make it mandatory that at least two Board members sign all contracts and awarding of contracts. Senator Lamb asked about the possibility of legislative provisos for itemizing all items and record all change orders. The two hour and forty-five minute meeting was concluded at 11:45 a.m. with the next meeting scheduled for February 28, 1974.

On February 20, 1974, Senator Lamb sent a registered return receipt requested letter to J. J. Cook of Cook Construction Company, a corporation, to appear before the Appropriation and Budget Subcommittee on the Board of Affairs to answer questions regarding Cook's contract involving the State Library Building. The request was for Cook to appear before the Subcommittee on February 28, 1974 at 9:00 a.m. In addition to sending the letter on February 20, 1974, Senator Lamb talked to Cook personally on the telephone, and he informed him that he would talk to his attorney, Mr. Bill Berry, before giving an answer.

On February 22, 1974, Senator Lamb received a letter dated February 21, 1974, from Cook advising that at the advice of counsel he would not attend the Subcommittee meeting scheduled for February 28, 1974.

On February 27, 1974, Graves appeared before the Appropriation and Budget Committee with his attorneys, Ken Turner and James F. Fellingham. Senator Berrong read from the Senate Rules the provisions for compelling witnesses to testify at an inquiry investigation of any state agency and placed Graves under oath. The entire testimony of Graves was transcribed by Howard J. Kirkpatrick of Kirkpatrick Reporting Services, 1840 Liberty Tower Building, Oklahoma City, Oklahoma. The Senate committee learned the following:

GRAVES' TESTIMONY

Graves was given the original architectural contract on the Library Building in April, 1967. This awarding of contract was done under the administration of Governor Dewey Bartlett. After the change of administration in December, 1971, Graves testified that Mr. Allen Coles informed him he was on the "NO" list. Coles is the president of W. W. Steel Company, a corporation. This was based on the fact that Graves was having trouble getting a $24,000.00 payment which had not been made and Coles told him that Governor Hall did not do business with anyone but friends, and that if he would make a contribution he could get this $24,000.00 released to him. Graves testified that he told Coles that he would make a contribution to the campaign deficit. Graves testified that in a few weeks or a month after his conversation with Coles he received the $24,000.00. In April, 1972, he was awarded the contract to do the revised plans on the new location of the Library Building. On June 28, 1972, Graves submitted a partial bill of $29,891.00 (of the $74,891.00). Graves testified that on July 7, 1972, Coles called and told him his check was ready and for him (Graves) to bring $15,000.00 to him as a contribution. Graves testified that he made no contact with Lynn D. "Buddy" Hall regarding the $24,000.00 payment made in January, 1972, but emphasized that his contacts were only through Coles. Graves testified that he had trouble getting the $24,000.00 from May of 1971 until January of 1972, but after his meeting with Coles and Carl Ballew he got it within two or three weeks. Graves testified that he was never told why the site was changed. Graves testified that he did give a $25,000.00 figure to the Library Board as the additional architectural costs on the changed site and later changed it to $58,000.00 and then later submitted a claim or a change order in the amount of $74,891.00. Since Graves had indicated he would make a contribution in December, 1971, he felt he was on the team. After submitting his $29,891.00 invoice on June 28, 1972, Coles called him on the 7th of July, 1972, and told Graves that the check was ready. Coles was not working for the Board of Affairs nor on any government payroll, but was strictly on his own. Graves testified that Coles called him on July 7, 1972, and told him the check was ready and he should bring the $15,000.00 to Coles by noon that day. When asked what his reaction was to the fact that a man of Cole's capacity called him and told him his check was ready, Graves testified that it seemed strange. Graves testified that he went by the Capitol Building on July 7, 1972, and picked up the check and went to the First National Bank and deposited $29,891.00 and withdrew $15,000.00 in One Hundred Dollar bills. Graves testified that his reaction and thoughts were that, "it was a heck of a lot of money and it made him sick when asked to give $15,000.00." Coles then pulled the desk drawer open, put the envelope in and then closed the drawer and no comments were made about the envelope. Graves testified that he had four meetings with Ballew. One occasion was when he went to Ballew's office in south Oklahoma City to take an invoice for $24,000.00. He indicated that he was asked by Coles to take the $24,000.00 invoice to Ballew's office. Graves didn't tell the committee why he took the invoices to a non-state official. Graves testified that Coles at one time told him that he hoped that Cook would be the successful bidder on the library project. When asked if he had ever been requested by Cook or any of his persons to make a kickback, Graves replied, "No, Sir."

Graves revealed to the Committee that by the use of add-ons, which may not have been an alternate at all, it makes it possible for the original cost to be considerably different than the final figure. In essence it will take additional monies to make the Library functional. Graves illustrated this by the fact that in the contract there was no provision for sewer connections to the Library Building; that this was to be an outside project as

far as architectural makeup was concerned. On the day of his testimony, Graves testified that the sewer had not been constructed. It was his understanding that the sewer bids were in excess of the amount of the total funds that had been left available.

Graves further showed that there was a need for some partitions to create offices within the structure, i.e., individual administrative offices that are not now in the contract. It was further brought to the attention of the Committee by Graves that there is no parking lot in the contract at the present time. These things show that the building is not occupiable, mainly because it is not useable without a sewer.

After having heard testimony of the alleged $15,000.00 contribution to the campaign deficit having been made by Graves to Coles, the Appropriations and Budget Committee immediately decided to call Mr. Allen Coles.

On February 28, 1974, Senator Berrong sent a return receipt requested letter to Allen Coles requesting his appearance before the Committee on Tuesday, March 5, 1974.

COLES' TESTIMONY

On March 11, 1974, Coles appeared with his attorney, Mr. James P. Linn, before the Committee. Senator Berrong placed Coles under oath. Coles testimony was taken and transcribed by Kirkpatrick. Coles testified that he never talked with Graves about the architectural contract on the Library Building. He stated that he did talk to Graves about Graves making a political contribution to the campaign deficit. This was done in December, 1971, according to Coles. Coles denied having made a telephone call to Graves in July, 1972, informing Graves that his check was ready, but instead testified that he received a call from Graves. Coles testified that Graves wanted to come out and see him a few minutes and that Graves did come by and give him an envelope with $15,000.00 in it. Coles is not clear as to whether or not Ballew was present when Graves came by and dropped off the $15,000.00. Coles stated that he gave the $15,000.00 to Ballew and that Ballew returned $5,000.00 that was going to be applied against the note Coles signed for Ballew, and that Ballew took $10,000.00 and left. Coles stated that he asked Ballew about the accounting on the $15,000.00 and Ballew replied that he had a complete accounting of the whole thing. Coles then insisted that Ballew take the entire $15,000.00 and write a check or something and Ballew stated, "no, you take the $5,000.00 and just apply it on the note and I'll keep the other $10,000.00," and that was the end of it. Coles testified that he did keep the $5,000.00 and applied it against the note. For clarification Coles emphasized that he reimbursed himself $5,000.00 of the $15,000.00 due to the fact that he had signed or co-signed some notes in Ballew's behalf at the American Bank of Commerce in Oklahoma City. Coles reiterated that he didn't ask Graves for the $15,000.00 and further, that he did not ask him to make any contribution. He also stated that he did not know how much Graves was going to bring by his office.

In the opinion of the Committee, this is totally inconsistent with the testimony that Graves gave to the Committee, and that one of the two parties did not tell the truth.

Coles stated that the Oklahoma Tax Commission has not cleared him regarding the $5,000.00 received from Graves as to whether or not it was taxable or non-taxable under the Oklahoma Income Tax Laws. Also of significance is the fact that Coles testified that he signed as sole signator two $20,000.00 notes in behalf of Ballew at the American Bank

of Commerce. This was done because Ballew was at his borrowing limit and needed to transfer some of his indebtedness on a temporary basis until the bank books were examined. This was an accommodation to Ballew. Ballew continued to pay on the notes until one was paid in full and the second partially. When the payments were stopped by Ballew, Coles has since made the payments. Mr. Garland Vowell of the American Bank of Commerce is the one that handled the transaction.

Regarding the subject of electrical contractors, Coles stated that he did ask electrical contractors for contributions. He stated that no one asked him to but he did it on his own. He stated that he didn't ask many contractors directly but asked or requested contributions through Mr. John Shawver, III. He stated that he and Shawver were talking about the Governor's political deficit and whether or not the electrical contractors could help. This is Mr. John Shawver, III of Shawver and Son, Electrical Contractors. He was contacted because of his professional background and he is a large contractor. Coles indicated that he knew of a $5,000.00 check made out to cash that was given to Ballew for the campaign deficit. Coles stated that a friend of his, Mr. Stanley Hurst, also an electrical contractor, made a contribution. Coles also stated that he was present in Mr. Sunny Jenkins' office when Jenkins asked Shawver to collect $1,000.00 from a number of electrical contractors.

Coles testified that W. W. Steel Company, a corporation, gave $1,000.00 to the Governor Hall Victory Dinner.

Coles testified that on one occasion he picked up some money at the American Bank of Commerce and brought it to the State Capitol in the summer of 1972. This was done because Ballew's secretary called Coles and asked him to run by the bank and pick up the envelope because Ballew was out of town and couldn't make it in, and this was an emergency. The money in the envelope was delivered to Jenkins at the State Capitol Building. Coles told the Committee that he was a materialman's contractor on the State Library Building furnishing material in the nature of reinforcement and miscellaneous steel. Coles told the Committee of a conversation that he had with Ballew wherein Ballew stated that he had a $20,000.00 subcontract with Cook, but was not doing any work for it. This was on the State Library Building. Coles stated that he didn't know whether Ballew called it a "kickback" or what. Coles further stated that Ballew told of the $20,000.00 contract and said that it would "help pay me back for what they owe me."

Coles stated that he had discussed "phony invoices" with Ballew. Coles said that he was in Ballew's office one day and saw a letterhead concerning field engineering work. That brought up the subject of the job that W. W. Steel Company had on the State Library Building. Coles stated that he then gave a $12,250.00 subcontract to Carl Ballew Engineering Company. Coles testified that he did not know, until later, that Ballew had hired Lynn D. "Buddy" Hall as the "engineer" on the job. Coles asked Ballew if he had an engineer on the library site and Ballew told him that he had. When Coles asked him to identify the engineer, he told him it was Buddy Hall, and that Buddy Hall had come by several times during the life of the subcontract. Coles has later learned that no work was done by anybody at any time as far as the $12,250.00 contract. Coles claimed that he learned it from the Treasury Department when they told him that there was no evidence of any work having been done. Coles stated that he paid out $12,250.00 to Ballew based on invoices presented to him by Ballew and later learned that no one, not even Buddy Hall, was doing any work on the job. Therefore, the invoices were "phony." Coles told the

Committee that he has never seen the State Library Building. Coles stated that he did not know whether or not Buddy Hall ever personally received the $10,500.00 of the $12,250.00 subcontract as Ballew indicated.

After Coles testified before the Committee under oath and said testimony was in direct conflict with that of Mr. Jack Graves, a previous witness, the Committee determined that Mr. Carl Ballew should be requested to testify before the Committee. Said request was made on March 19, 1974, by a letter written by Senator Berrong. A request was made that Ballew appear before the Senate Committee on March 26, 1974. Ballew refused to appear voluntarily; whereas, the Committee subpoened Ballew to appear before the Appropriations and Budget Committee on the 27th day of March, 1974, to testify on matters regarding state contracts and related matters.

BALLEW'S TESTIMONY

On the 27th of March, 1974, Ballew physically appeared before the Committee with his attorney, Mr. Bill Berry. After answering questions regarding his name, his address and occupation, Ballew refused to answer any questions regarding any state contracts or any alleged kickbacks, but stood on the Fifth Amendment. After several scores of questions were asked by the Committee, and the Committee having been convinced that Ballew would not answer any pertinent questions, the hearing was adjourned.

OKLAHOMA STATE BUREAU OF INVESTIGATION BUILDING

The Subcommittee reviewed the documents involving the Oklahoma State Bureau of Investigation Building. Records reflect that Paul Allison, Inc., Builder, submitted a claim of $2,149.00 for landscaping and the Board of Affairs wrote up a change order. Records reflect that Mr. Allison submitted on a Garland Nursery letterhead the proposal for $2,049.00 with $100.00 for overhead and profit. While this may seem a small amount of money, it is felt by this Subcommittee that said landscaping should be let for bid and not be left up to the building contractor.

The Subcommittee learned the following breakdown as to what buildings were under which board or authority:

Capitol Improvement Authority

(1) Tax Building
(2) Education Building
(3) State Office Building in Tulsa
(4) Highway Building

Board of Affairs

(1) Library Building
(2) Oklahoma State Bureau of Investigation Building

FINDINGS

1. Either Graves or Coles, or both, committed perjury.

2. The $15,000.00 from Graves to Coles was converted to the personal use and benefit of Coles and Ballew.

3. After Graves told Coles he was willing to "Get on the Team" in December, 1971, the architect fee for relocation increased from $58,000.00 to $74,891.00 when submitted in mid 1972.

4. That changing of the library site has never been explained adequately. It appears to have been unnecessary and very expensive to the taxpayers.

5. The role of "Buddy" Hall as Chairman of the Board of Affairs where he exercised sole and only jurisdiction on the Board when approving building contracts was improper.

6. W. W. Steel Company, a corporation, made a $1,000.00 campaign contribution to the David Hall Victory Dinner to help on campaign deficits, which was illegal.

7. "Phony" invoices have been submitted on the State Library Building. Ballew submitted "phony" invoices to J. J. Cook, General Contractor of the Library Building, in the amount of $20,000.00 for work never done. Ballew submitted invoices totaling $12,250.00 to W. W. Steel Company (Allen Coles) for engineering work never done.

8. "Buddy" Hall, Board of Affairs Chairman, was hired by Ballew for "engineering" services on the State Library Building. Such an arrangement would be a conflict of interest and in direct violation of the laws of Oklahoma. In fact, no work was done by anyone even though money was paid.

9. Change orders on Board of Affairs' building contracts have been approved by improper procedures.

10. That the testimony indicates that legislation prohibiting kickbacks and requiring non-collusive affidavits is necessary to avoid similar occurrences in the future.

11. That the $5,000.00 received by Coles is taxable income, as well as any other monies received by any parties involved in the incidents described in the testimony.

RECOMMENDATIONS

The Committee recommends:

1. Either Graves or Coles or both be prosecuted for perjury.

2. That the Oklahoma Tax Commission make an immediate investigation as to all monies received by all parties described in this testimony and determine whether or not Oklahoma Tax Laws have been violated. That any unpaid taxes be collected and prosecution initiated if warranted.

3. That the Attorney General's office of the State of Oklahoma, the District Attorney's office of Oklahoma County, the Oklahoma Bureau of Investigation and the Oklahoma Tax Commission make a detailed investigation of Graves, Coles, Ballew, "Buddy" Hall and Sunny Jenkins, and that said parties be prosecuted for crimes revealed by said investigations, and further, that any appropriate civil remedies be pursued.

4. That appropriate legislation be enacted this session which would insure that the incidents described herein would not occur in the future, and that appropriate felony statutes be enacted to protect the public.

5. That W. W. Steel Company, a corporation, and the officers thereof be investigated as to illegal campaign contributions and appropriate legal proceedings be instigated.

6. That copies of this report and transcribed testimony of said hearings be furnished to the Governor of the State of Oklahoma, the District Attorney of Oklahoma County, the Oklahoma Bureau of Investigation, the Attorney General of the State of Oklahoma, and the Oklahoma Tax Commission.

Norman A. Lamb, Subcommittee Chairman

Roy E. Grantham, Member

Bob A. Trent, Member

Senator Berrong moved that the report be adopted.

Senator Field asked unanimous consent that the names of "Buddy" Hall and Sunny Jenkins be removed from the list of names in Item 3 of the Recommendations of the report.

The Chair ruled that Senator Field's unanimous consent request was out of order as a motion was before the Senate, but that the Chair would entertain a substitute motion if filed in writing with the clerk.

Senator Berrong asked unanimous consent to withdraw his motion temporarily, which was the order.

The Chair further ruled that the committee report having been submitted and read was now before the Senate and would be considered in the same manner as any other matter requiring adoption by the Senate; that the report was the property of the Senate and subject to adoption, rejection or amendment.

Senator Stipe moved to amend the committee report, by striking Item 1 of the Recommendations on Line 18 of Page 11, which motion failed upon roll call as follows:

Aye: Cate, Funston, Garrett, Graves, Ham, Holden, Howard, Lane, Porter, Rogers and Stipe.—11.

Nay: Berrong, Birdsong, Breckinridge, Capps, Crow, Dahl, Ferrell, Field, Grantham, Hamilton, Hargrave, Howell, Inhofe, Keller, Lamb, Luton, McCune, Medearis, Miller, Murphy, Pierce, Randle, Schuelein, Smith, Stansberry, Terrill, Trent, Wadley, Watson, Wolfe and Young —31.

Excused: Baldwin, Boecher, Keels, Martin and Taliaferro.—5.

Senator Field moved to amend the committee report, Item 3 of the Recommendations, Line 27 of Page 11, by striking after the word "Ballew," and before the word "and" the names " 'Buddy' Hall and Sunny Jenkins,", which motion failed upon roll call as follows:

Aye: Capps, Crow, Dahl, Field, Funston,

Garrett, Graves, Ham, Holden, Howard, Lane, Luton, Martin, Miller, Murphy, Rogers, Stipe and Taliaferro—18.

Nay: Berrong, Breckinridge, Cate, Ferrell, Grantham, Hamilton, Hargrave, Howell, Inhofe, Keller, Lamb, McCune, Medearis, Pierce, Porter, Randle, Schuelein, Smith, Terrill, Trent, Wadley, Watson, Wolfe and Young.—24.

Excused: Baldwin, Birdsong, Boecher, Keels and Stansberry.—5.

Senator Terrill presiding.

Senator Garrett moved to amend the committee report by striking all Recommendations and substituting therefor the following:

"Recommendations: That this report be furnished along with the transcript of all testimony and exhibits to the Attorney General, the District Attorney of Oklahoma County and the State Bureau of Investigation for appropriate action."

President Pro Tempore Hamilton asked unanimous consent that all amendments on the clerk's desk be read and explained but not debated or acted upon since he had placed an amendment on the clerk's desk which would be an in lieu amendment to those amendments already on the clerk's desk. Senator Funston, addressing the Chair, asked if the procedure would be to debate any or all amendments, including the in lieu amendment of Senator Hamilton, when all amendments had been read and explained. The Chair assured Senator Funston that that would be the procedure. No objection having been heard to the unanimous consent request of President Pro Tempore Hamilton, that was the order.

Senator Funston moved to amend the committee report, Item 3 of the Recommendations, by inserting after the word "Jenkins" on Page 11, Line 27, the name "David Hall".

Senator Funston moved to amend the committee report, Item 3 of the Recommendations, Page 11, Line 28, by inserting after the word "that" and before the word "said" the words ", if any crimes are revealed,".

Senator Funston asked unanimous consent to withdraw his second amendment, which was the order.

Senator Porter moved to amend the committee report, Item 3 of the Recommendations, Line 28 of Page 11, by striking after the word "prosecuted" the word "for" and inserting "if" and further amending the report by adding the word "are" after the word "crimes" and before the word "revealed".

Senator Porter asked unanimous consent, which was granted, to withdraw his amendment.

Senator Porter moved to amend the committee report, Item 5 of the Recommendations, Page 11, Line 35, by inserting after the word "to" and before the word "illegal" the word "alleged".

Senator Porter asked unanimous consent, which was granted, to withdraw his amendment.

President Pro Tempore Hamilton submitted an in lieu amendment to the Garrett and Funston amendments as follows: By amending the committee report on Page 10, Line 21, Item 1 of the Findings, by adding the words "It appears" before the word "Either"; by striking the words "which was illegal" and placing a period after the word "deficits" on Lines 34 and 35 of Page 10, Item 6 of the Findings; by inserting the words "There was testimony" before the word " 'Buddy' " on Line 3 of Page 11, Item 8 of the Findings; by adding

after the word "perjury" the words ", if warranted" on Line 18 of Page 11, Item 1 of the Recommendations; in Item 3 of the Recommendations on Line 28 of Page 11, by striking after the word "prosecuted" and before the word "crimes" the word "for" and substituting the word "if" and after the word "crimes" and before the word "revealed" inserting the word "are"; and by striking the word "illegal" on the 3rd line from the bottom of Page 11, Item 5 of the Recommendations.

The in lieu amendment of President Pro Tempore Hamilton to the Garrett and Funston amendments was declared adopted upon roll call as follows:

Nay: Breckinridge, Funston and Keels.—3.

Excused: Baldwin, Birdsong, Boecher, Lane and Stansberry.—5.

Senator Berrong moved that the committee report, as amended, be adopted.

Senator Cate moved, as a substitute motion, that the subcommittee report be accepted by the Senate without formal indication as to approval or disapproval of the findings and recommendations contained therein, and that copies thereof be forwarded to the appropriate authorities.

President Pro Tempore Hamilton raised a point of order, stating that in accordance with Rule 7(o), the committee report, having been read, was considered accepted and the recommendations thereof adopted unless otherwise ordered by the Senate and that the Berrong motion and the Cate substitute motion were not necessary for the adoption or acceptance of the report; with which point of order the Chair concurred.

Senator Berrong and Senator Cate asked unanimous consent that their motions be withdrawn, which was the order.

COMMUNICATION

President Pro Tempore Hamilton submitted the following Communication from the Attorney General and asked that it be read at length and printed in the Journal for this legislative day.

STATE OF OKLAHOMA

THE ATTORNEY GENERAL
LARRY DERRYBERRY

April 22, 1974

REPORT OF THE ATTORNEY GENERAL

On January 24, 1974, Attorney General Larry Derryberry announced a formal Attorney General's investigation into possible corruption and kickbacks relative to state building project contracts. On that date the Attorney General notified the Director of the

Oklahoma State Bureau of Investigation, Sam Watson, of the commencement of the investigation and requested four OSBI agents be assigned to investigative duty in the Attorney General's office. This request was necessitated by the fact that the Office of the Attorney General has no staff investigators. Mr. Watson assigned four agents to the Attorney General to aid in the investigation. The agents devoted their time as needed by the Attorney General during the investigation.

Initially, there were two major obstacles to the full development of information during the investigation. The first involved the criminal charges pending as a result of the Oklahoma County Grand Jury and the grants of immunity given by that Grand Jury. Those persons charged with offenses could not be compelled to testify nor could immunity for them be considered.

The second obstacle was the reluctance of some potential witnesses who feared that the investigation would not be conducted in an atmosphere of confidentiality. Further concern was expressed that interviews conducted by agents of the OSBI, a division of the Governor's office, would be less than objective, subject to undue influence and without freedom of action. The second obstacle was overcome. In spite of the high public interest, continuous press inquiry and statements of political figures, those involved in the Attorney General's investigation refused to make any public statements or comments regarding the information developed. Confidentiality was maintained and secrecy was insured against release or possible leaks of information. Every attempt was made to conduct this investigation in a professional law-enforcement manner. The Director of OSBI, Sam Watson, cooperated fully during the investigation. His full confidence in the impartiality of the agents assigned was demonstrated by the total lack of restriction placed on their activities and the complete freedom allowed them in the investigative process.

Initially and during the course of the investigation, the Attorney General received information contained in various reports and transcripts hereinafter enumerated: (1) Tulsa County Grand Jury. On the 13th day of November, 1973, the Tulsa County Grand Jury was convened by Tulsa County District Attorney S. M. "Buddy" Fallis. Indictments were returned on the 27th day of December, 1973. The indictments were not directly related to the subject matter of the Attorney General's investigation although a portion of the testimony elicited by that grand jury was helpful in the investigation. (2) Oklahoma County Grand Jury. On the 3rd day of December, 1973, the Oklahoma County Grand Jury was convened by Oklahoma County District Attorney Curtis Harris. A total of 34 witnesses appeared during those proceedings. At the conclusion of the Oklahoma County Grand Jury on December 21, 1973, indictments were returned against A. W. "Sunny" Jenkins, former Administrative Assistant to the Governor, Lynn D. "Buddy" Hall, appointed by the Governor as Chairman of the State Board of Public Affairs, Walter Akins, bookkeeper of E. A. Cowen Construction, Inc., Robert A. Berry, Vice-President of E. A. Cowen Construction, Inc. and E. A. "Allen" Cowen, II, President of the E. A. Cowen Construction, Inc. The entire grand jury transcript, together with various reports and exhibits were obtained by the Attorney General for his investigation. (3) Federal Grand Jury. On the 22nd day of January, 1974, a Federal Grand July was convened in the Western District of Oklahoma. At the time of this report, the Grand Jury has not issued its report concerning its investigation, although copies of the testimony before the Federal Grand Jury were made available to the Attorney General for his investigation. (4) Public Documents. All relevant documents of the Oklahoma Capitol Improve-

ment Authority and the State Board of Public Affairs regarding the construction projects which were the subject of this investigation were acquired by the Attorney General's office.

From information contained in this material, the OSBI agents at the direction of the Attorney General began conducting interviews of those connected or involved with the construction of the Highway Building, Tax and Education Buildings, Library Building, State Office Building in Tulsa, and Capitol Complex Tunnel project.

During the course of this investigation 97 individuals were interviewed by the Attorney General's staff and OSBI agents. With indictments and criminal trials pending, it was not possible in this investigation to talk with all participants.

GENERAL BACKGROUND

Evidence establishes that the major factor in the development of the political fund-raising scheme, was a large indebtedness incurred by Oklahoma City paint contractor Carl Ballew for the benefit of Governor David Hall. Following the Governor's election Ballew agreed to use up to $50,000 of his personal and companies' line of credit to provide funds requested by Governor David Hall. To implement the agreement Ballew commenced to borrow substantial sums of money he delivered to Governor Hall, or to the Governor's secretary, Dorothy Pike, on the Governor's behalf. The Governor had requested the sum of approximately $4,600 per month to pay "mansion expenses", which included personal expenses of the Governor. Payments were regularly made by Ballew although the payments usually exceeded the previously agreed amount.

The money Ballew borrowed was to be repaid from the Governor's political fund-raising activities. However, sufficient funds were not received through traditional political fund-raising sources.

In an effort to raise the money, various schemes, including the use of false invoicing on public building contracts, were utilized to acquire funds to retire such debts. The schemes involved various contractors, subcontractors, material suppliers and architects engaged in building projects for the State of Oklahoma. The ultimate beneficiary of the fund-raising efforts was Governor David Hall. Some of the funds advanced by Ballew for the Governor's political debts, campaign expenses and personal debts were repaid from monies derived from the various schemes.

In early 1971 Ballew met at the Capitol with Sunny Jenkins, Allen Coles and an electrical contractor. The electrical contractor agreed to solicit $1,000 each from other electrical contractors which was to place them in a most favorable position for receiving state contracts. Within approximately one week, Ballew received $5,000 in checks and cash representing the electrical contractors' contributions.

As his indebtedness increased beyond their agreement Ballew explained to the Governor that the loans were affecting his personal and business credit lines. Governor Hall then referred the matter to A. W. "Sunny" Jenkins and asked him to take care of it. Jenkins later wrote a personal check for $50,000 which was applied to Ballew's indebtedness. Within two months, however, the continuing demands for money on the Governor's behalf had increased the indebtedness by another $28,000 and Ballew's credit line was

again in jeopardy. Allen Coles, President of W & W Steel Company, executed notes of $40,000 which provided some additional, but temporary, relief. The indebtedness at that time had reached approximately $86,000.

Ballew then stopped paying the Governor's expenses and told Jenkins, Governor Hall and Dorothy Pike that he could not continue. His last monthly delivery of funds was $10,775. Jenkins, in October of 1971, assumed the responsibility of providing such payments while efforts continued to retire Ballew's indebtedness. On one occasion following meetings with Lynn D. "Buddy" Hall, Allen Coles and William B. Tankersley, Jr., the general contractor on the Law Enforcement Training Center, Ballew furnished invoices in the amount of $6,800 to Tankersley and received payment in the form of a check from Tankersley's construction company although Ballew did not furnish any services or materials on the job.

In June of 1972 Ballew, after communicating with "Buddy" Hall, made arrangements to invoice David Vaughan of the Vaughan Construction Company who was then doing remodeling work at the State Capitol. It was agreed, however, that the invoices would not be charged against the state job but rather on other construction projects. Ballew submitted invoices for $5,900 and $4,980 and received payments for both, although he did not furnish any services or materials on the jobs.

Throughout the period of their association Ballew furnished more than $200,000 for the use and benefit of Governor David Hall. Sunny Jenkins also furnished approximately $200,000 for the Governor's use and benefit.

COLLUSION AND NON-COMPETITIVE BIDDING

The information contained in the grand jury transcripts and from OSBI and Attorney General interviews, establishes that there was collusion and non-competitive bidding on three of the building projects: The Tax and Education project, the Library project and the project for pedestrian tunnels in the Capitol Complex. The investigation has not established collusion or non-competitive bidding on either the Highway Department Building or the State Office Building in Tulsa. Therefore, this report will concentrate on the projects where collusion and non-competitive bidding existed.

From the information received to date, there is no evidence to establish that any employee, official or officer of the State of Oklahoma was involved or specifically aware of the collusion and complimentary bidding on the project involving pedestrian tunnels in the Capitol Complex. With respect to the contracts for the State Library project and the Tax and Education project, there is substantial evidence of kickbacks made by contractors, subcontractors, material suppliers and architects for political purposes. A brief narrative on each of the projects where collusion and non-competitive bidding was involved is set out hereinafter.

TUNNELS

On July 10, 1973, the Oklahoma Capitol Improvement Authority opened bids for the construction of pedestrian tunnels in the Capitol Complex (hereinafter referred to as Tunnel project). The Tunnel projects to be constructed were from the Capitol Building east to the parking lot, from the Sequoyah Building east to the parking lot, from the

Sequoyah Building north to the centerline of 24th Street and from the Will Rogers Building north to the centerline of 24th Street. The Authority received bids from eight contractors. The low bid was submitted by Walter Nashert & Sons, Inc. On July 19, 1973, the Oklahoma Capitol Improvement Authority entered into a contract for $829,940 with Walter Nashert & Sons, Inc. for the construction of the Tunnel project.

Walter A. Nashert, Jr., after being granted immunity from criminal prosecution, testified before the Oklahoma County Grand Jury that all bids submitted by the other contractors on the Tunnel project were complimentary to his bid and were not made with any serious intention of winning that contract. It is evident from Nashert's testimony that the State, and thereby the taxpayers of Oklahoma, were not afforded the safeguard inherent in true competitive bidding.

Under the authority of the Office of Attorney General of the State of Oklahoma, and by the authority and direction of the Oklahoma House of Representatives, a lawsuit will be filed this day against each of the bidders on the Tunnel project to recover whatever sum of money, together with penalties and interest, is due and owing the State of Oklahoma as a result of the collusion and complimentary bidding by these contractors.

LIBRARY

On October 5, 1972, the State Board of Public Affairs opened bids for the construction of a State Library Building (hereinafter referred to as Library or Library project). The Library is being constructed southwest of the Capitol Building. The Board of Public Affairs received bids from eight contractors. The low bid was submitted by J. J. Cook Construction, Inc. On October 23, 1972, the State Board of Public Affairs entered into a contract for $1,955,500 with J. J. Cook Construction, Inc. for the construction of the Library. The investigation into the bidding process on the Library project was based on grand jury testimony and from OSBI and Attorney General interviews. Evidence was elicited that J. J. Cook communicated with other construction companies bidding on this project for the purpose of suggesting an amount to enable them to submit complimentary bids. By such practices true competitive bidding was circumvented on this project so that the State and the taxpayers of Oklahoma were not afforded the safeguards inherent in a competitive bidding system.

In addition to the collusion and complimentary bidding, the investigation discloses various other fund-raising devices involving the Library project. A false invoicing scheme between the general contractor and subcontractors on the Library project was arranged to partially repay Carl Ballew, d / b / a Interstate Painting Company, for money advanced for the Governor. By this means, Ballew collected on these false invoices to the general contractor for an amount in excess of $20,000 for services which he never performed.

A major subcontractor, Allen Coles, d / b / a W & W Steel Company, allowed Carl Ballew to invoice the company for $12,250 for the services of Ballew as a field engineer on the job site. These services were never performed although Ballew was paid in full under the false invoices.

In sworn testimony before the State Senate Investigative Committee and in OSBI and Attorney General interviews, the architect for the Library Building, Jack M.

Graves, stated that Allen Coles solicited a $15,000 cash contribution from Graves who feared that he would not receive his architectural fee without making such payment. Allen Coles admitted he received the $15,000 payment, $10,000 of which he gave to Ballew, but stated that Graves voluntarily made the contribution without solicitation.

Under the authority of the Office of Attorney General of the State of Oklahoma, and by the authority and direction of the Oklahoma House of Representatives a lawsuit will be filed this day against each of the bidders on the Library project to recover the sum of money, together with penalties and interest, that is due and owing the State of Oklahoma as the result of collusion and complimentary bidding by these contractors.

TAX AND EDUCATION PROJECT

On November 9, 1972, the Oklahoma Capitol Improvement Authority opened bids for the construction of the Tax and Education Buildings (hereinafter referred to as T & E project). These buildings are being constructed in the Capitol Complex north of the Will Rogers and Sequoyah Buildings. The Authority received bids from six bidders. The low bid was submitted by E. A. Cowen Construction, Inc. On December 6, 1972, the Oklahoma Capitol Improvement Authority entered into a contract for $7,820,500 with E. A. Cowen Construction, Inc. for the construction of the Tax and Education Buildings.

Information on the bidding process on the T & E project was from grand jury testimony, OSBI and Attorney General interviews. Testimony reveals that price information was supplied by the successful bidder, E. A. Cowen Construction, Inc. prior to the bid date to other construction companies so that their bids could be complimentary and non-competitive.

In addition to the bidding collusion the most far-reaching kickback scheme uncovered during the entire investigation involves the T & E Buildings. From sworn grand jury testimony, OSBI and Attorney General interviews, the complicated scheme was disclosed.

Testimony reveals that after Governor Hall's election Allen Cowen expressed an interest in having an opportunity to meet with the Governor to solicit his aid and assistance in obtaining the contract to build the Tax and Education Buildings. A meeting was arranged between Allen Cowen and Robert Berry, Vice-President of E. A. Cowen Construction, Inc. and the Governor. During the meeting the Governor advised Cowen to contact the Governor's chief aide, Sunny Jenkins. Jenkins was instructed by Governor Hall to give assistance to Cowen to obtain the contracts on the T & E project and to place Cowen in contact with the designing architect so that Cowen could assist in the computation of costs and drafting of specifications.

As previously stated, during 1971 Ballew was borrowing substantial sums of money for the benefit of Governor Hall. As his debts continued to mount, Ballew pressed the Governor for repayment of the monies expended. Testimony reflects that in the spring or early summer of 1972 a meeting was held with Governor Hall, George Carnes, Allen Cowen, Sunny Jenkins, and Carl Ballew in the Governor's mansion for the purpose of discussing the indebtedness Ballew had incurred for the Governor. Governor Hall requested that those present raise money to assist Ballew in repaying loans which at that time amounted to approximately $93,000. Thereafter Ballew received assurances from

the Governor that the debt would be retired. Specifically, Ballew stated that on one occasion in the Highway Patrol airplane, the Governor told Ballew "he would be paid from the Tax and Education Building work".

During the fall of 1972 Ballew continued his requests of the Governor for the payment of his indebtedness.

On November 9, 1972, the Capitol Improvement Authority opened the bids on the T & E project. E. A. Cowen, Cowen Construction, Inc., was the low bidder. Ballew's outstanding indebtedness on behalf of the Governor at that time was in an amount of approximately $80,000. In addition, Sunny Jenkins, who had assumed responsibility to provide funds after Ballew ceased to do so, had incurred an indebtedness of approximately $42,000 for the benefit of the Governor which also had not been repaid. The evidence reflects that on approximately December 1, 1972, the Governor told Jenkins that Cowen had just been awarded a big contract and to get the money from Cowen to satisfy these obligations.

Jenkins thereafter met with Allen Cowen and told him it was urgent that he raise money to pay these obligations. Cowen subsequently agreed to pay $122,000 and delivered the money in $20 bills in a briefcase to Sunny Jenkins in Oklahoma City. Jenkins in turn delivered $80,000 of the cash to Ballew. He also gave Ballew $32,000 in cash with which a cashier's check was purchased, made payable to the Farmers and Merchants Bank in Tulsa, to repay earlier loans that Jenkins had also made for the benefit of the Governor. The remaining $10,000 was retained by Jenkins to reimburse him for other funds he had advanced for the payment of the Governor's monthly bills. Testimony reflects that immediately after the exchange Jenkins advised Governor Hall that Cowen had paid $122,000 and described the manner in which the funds had been obtained and disbursed.

Under the authority of the Office of Attorney General of the State of Oklahoma, and by the authority and direction of the Oklahoma House of Representatives a lawsuit will be filed this day against each of the bidders on the Library project to recover the sum of money, together with penalties and interest, that is due and owing the State of Oklahoma as the result of collusion and complimentary bidding by these contractors.

CONCLUSIONS AND RECOMMENDATIONS

As the evidence has been gathered and evaluated, consideration has been given to numerous possible actions:

(1) Multi-County Grand Jury. Serious consideration has been given to the calling of a multi-county grand jury. Such a grand jury will not at this time be requested. As was stated when this investigation was commenced, such grand jury could be rendered useless because of lack of authority of the Attorney General to prosecute indictments that might be returned. However, an equally compelling reason is that no additional material evidence relating to possible criminal charges would have been developed by a multi-county grand jury. Also, as previously stated, all information developed by the Tulsa County Grand Jury, the Oklahoma County Grand Jury and the Federal Grand Jury, probing the same areas, was fully available.

(2) Criminal Charges. It is observed that many of the persons involved in this in-

vestigation have already been charged as a result of grand jury indictments. It is further observed that others who might have been filed on for the commission of a crime have been granted immunity as a part of the grand jury proceedings, thus foreclosing the possibility that any further charges may be brought against them. Other persons not yet charged may be the subject of criminal actions as information is developed in pending criminal cases and discovery proceedings are undertaken in regard to the above-mentioned civil proceedings.

(3) Civil Action. Insofar as the damages done to the State of Oklahoma by the abuse and circumvention by contractors of the competitive bidding system of awarding contracts is concerned, this Office is, simultaneously with the filing of this report, filing anti-trust lawsuits in Federal Court against the contractors involved in each instance where complimentary bidding practices prevented competitive bidding in the awarding of a state contract.

(4) Legislative Consideration. The Attorney General recommends that a legislative committee or subcommittee be appointed or designated to review all evidence developed by the Attorney General. A number of bills have been considered by the Legislature as a direct result of information heretofore published concerning state building practices. However, the grave nature of the practices requires additional vigilance on behalf of the public. Further changes in the law must be considered.

The Attorney General also recommends the appointment or designation of a legislative committee to evaluate the materials developed during this investigation to determine whether there is cause to consider a formal legislative investigation under authority of Article VIII of the Oklahoma Constitution, relating to impeachment of state officers.

The voluminous information developed during the course of the investigation, including transcripts, reports, statements, documents, etc., will be retained in the Attorney General's office in keeping with established law enforcement practices. It will be made available to appropriate law enforcement agencies for official purposes and to members of the Oklahoma Legislature designated by official action of the Legislature or either House thereof.

At the conclusion of the reading of the report of the Attorney General, President Pro Tempore Hamilton made the following statement:

"The communication of the Attorney General has been received and communicated to the members of the Oklahoma State Senate on April 22, 1974.

"Although the Attorney General recommends that a legislative committee be appointed to investigate possible impeachment proceedings under Article VIII of the Oklahoma Constitution, as President Pro Tempore, I shall not appoint a Senate Committee to consider any recommendations in connection therewith. Under the Oklahoma Constitution, and under Title 51 of the Oklahoma Statutes, any action toward impeachment is the sole responsibility of the Oklahoma House of Representatives.

"The only function or responsibility of the Senate in connection with impeachment proceedings shall be to sit as a Court of Impeachment, in the event the House should adopt Articles of Impeachment.

"It should also be noted that if the Senate

took any premature action with reference to possible impeachment proceedings, such action could be deemed as prejudicial to an open, unbiased and fair consideration of any charges that might be presented by the House of Representatives."

MESSAGE FROM THE GOVERNOR

The following Veto Message was read, and consideration deferred for this legislative day:

To the President and Members
of the Honorable Senate,
Second Session
34th Oklahoma Legislature

Gentlemen:

This is to advise that Enrolled Senate Bill No. 265 has on April 19, 1974 been vetoed.

The Oklahoma Legislature in 1971, by passage of the Uniform Controlled Dangerous Substances Act as amended, announced to all that traffic in narcotic drugs and controlled dangerous substances would be severely punished in Oklahoma. I supported that stand in 1971, and I support it now.

To relax penalties for distribution of these dangerous substances would be detrimental to the efforts of law enforcement agencies in our state, and to establish criteria for treating 18, 19, 20 and 21 year old adults differently under the law from those over 21 would go against both my efforts and the efforts of the Legislature in establishing majority rights for those 18 and older.

RESOLUTION

President Pro Tempore Hamilton introduced the following Resolution, consideration of which was deferred for this legislative day:

Sixty-first Legislative Day

Tuesday, April 23, 1974

Pursuant to adjournment, the Senate was called to order by President Nigh.

Roll Call:

Present: Berrong, Birdsong, Capps, Cate, Crow, Dahl, Ferrell, Field, Funston, Garrett, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Keller, Lamb, Lane, Luton, McCune, Martin, Medearis, Miller, Murphy, Pierce, Porter, Randle, Rogers, Schuelein, Smith, Stansberry, Stipe, Taliaferro, Terrill, Trent, Wadley, Watson, Wolfe and Young.—44.

President Nigh declared a quorum present.

The following prayer was offered by Reverend De L. Hinckley, Jr., and incorporated into the Journal upon request of Senator Terrill.

O God, who now lives, has always been, will always be; before whom the generations rise and pass away; age after age the living seek You and find that of Your faithfulness there is no end. Our fathers in their pilgrimage walked by your guidance and depended upon Your love and mercy. Be to us, as well, in this time our cloud by day and fire by night.

In Your wisdom, O God, You have given some power and leadership over others; teach those who lead the exercise of authority that they may do so in humble spirits of justice and self-control. In all dealings with one another give us all the grace of moderation, the spirit of generosity.

You, O God, are the great source of all knowledge and all of truth. We remember before You all whose calling it is to gather, report, and keep the facts for this Senate and for the people. In all their efforts, grant them the joy of knowing creativity and integrity in shaping the lives of those whom their work touches. May they know their significance in shaping the lives of those here in this chamber, as well as have a sense of stewardship of truth as a holy thing by which men and nations have lived and for which they have died.

We seek Your blessings on these deliberations, but we also give thanks for and ask your blessings upon those whose labors in the background make this session possible. For the support of an informed citizenry, for the secretaries, pages, porters and workers who serve in faithful anonymity, we give thanks. Enable each of them to know the value of his or her service.

Above all, grant that this day, with fidelity and courage, we may overcome difficulties in like spirit to that of the Man

of Galilee. Teach us that no one truly lives if he has not conquered fear. In all our labors, in devotion to duty, in the broad outlook upon the needs of Oklahoma, may we find honor and value. Fuse our differences of opinion into a statesmanship for the good of all, that together we may master urgent affairs of our State and Yours will be the praise. In the name of Jesus Christ. Amen

SCR 147 — By Berrong of the Senate and Stratton of the House.

WHEREAS, local leaders have organized and now operate 88 conservation districts under the provisions of the Conservation District Act, 82 O.S. 1971, § § 1501-101 et seq., to assist land users and groups with the conservation of natural resources and environmental enhancement throughout our state; and

WHEREAS, these sub-units of the state government have entered into memorandums of understanding with the U.S. Department of Agriculture and the Soil Conservation Service whereby the Soil Conservation Service shall provide technically-trained employees to help land users with their conservation problems through these conservation district boards of directors; and

WHEREAS, this cooperative arrangement has worked well in Oklahoma, having had as recently as last year a district conservationist headquartered in all 88 conservation districts, plus five extra district conservationists, where work loads so warranted, providing regularly scheduled assistance in conservation; and

WHEREAS, the state annually appropriates about $1,300,000.00 to the Conservation Commission for assisting the conservation program carried out through these local conservation districts thereby forming an effective local, state and federal relationship for the conservation and development of natural resources; and

WHEREAS, the Secretary of Agriculture, Earl L. Butz, issued Secretary's Memorandum No. 1492 (Revised) on November 21, 1973, to establish USDA Service Centers for assisting land users in geographical areas, which action strongly indicates a reduction of assistance to conservation districts in that one district conservationist might service two or more conservation districts; and

WHEREAS, the current energy crisis and the extremely high cost of construction restrict the travel of Soil Conservation

Service employees about twenty-two percent below last year and cause the rent for newly-constructed office space to be extremely high; and

WHEREAS, due to the enlarged need of farm commodities and the shortage of fuel, such technical assistance, if lessened, would impair the operations of local individuals and conservation districts.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 34TH OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the Congress of the United States, and specifically the Oklahoma Congressional Delegation, be memorialized to oppose the establishment of these USDA Service Centers wherein it would lessen the amount of technical assistance to the conservation districts of Oklahoma.

The following prayer was offered by Reverend De L. Hinckley, Jr. and incorporated into the Journal upon request of Senator Terrill.

Here we are, our Father, gathered on what may seem but another routine day. Yet, a moment's reflections can tell us that this may well prove the day upon which the future hinges.

So, we pray that you will give us insight to lift us above confusion or temptation and make us more than conquerors. We rejoice for the Spirit which flows within us, making the dull routines of life an inspiration.

Always enable us to reverence our own conscience, to honor our own words, to love those things which make the stature of a good man.

In any unrest and uncertainty, may these men of the Senate and those who serve them, find true forces of union, cooperation and wisdom. I thank You, Father, that they are men of heroic temper, searching for rightness and willing "to strive, to seek, to find, and not to yield" to any but the better ways.

Be in this chamber today. In the Name of Jesus Christ we pray. Amen

The Journal for the last legislative day was declared approved.

Sixty-third Legislative Day

Thursday, April 25, 1974

Pursuant to adjournment, the Senate was called to order by President Pro Tempore Hamilton.

Roll Call:

Present: Berrong, Birdsong, Breckinridge, Crow, Dahl, Ferrell, Field, Funston, Garrett, Grantham, Graves, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Keller, Lamb, Lane, Luton, McCune, Martin, Miller, Murphy, Pierce, Porter, Randle, Schuelein, Smith, Taliaferro, Trent, Wadley, Watson and Young.—36.

Most gracious God, we come before you at this time to thank you for this day, thank you for precious life, itself. We ask and petition you that each and every one of us, as State Senators, accepts our responsibilities to act sincerely in these waning days of this session.

Lord, you know we read the newspaper, listen to the radio and watch the television. We pray that we will never forget our sense of direction and that we will act lovingly and responsibly and do our duty, wherever the sense of direction leads us.

Lord, we ask you to bless this Thursday. We pray that we will keep our minds on our business and not be in a hurry to go home, and as we do depart and go our separate ways, that you will give us a safe journey home.

We ask you to bless each Senator individually and especially, and bless his family. In Jesus' name we ask you and say thank you, Amen

The Senate was later led in prayer by Reverend De L. Hinckley, Jr., and the prayer incorporated in the Journal on request of President Pro Tempore Hamilton.

Almighty God, in this complex world with its load of pain and curse of wickedness, hear our humble prayer. We thank Thee for our state and pray she may ever be grateful for the bounty of her blessings. Above the expanses of problems, make us always eager to seek meaning more than motion, service above security and self. We would be fair and resolute in evaluations and triumphant in faith.

We pray to see ourselves as we are. May we prune the over-proud affections of the soul. But we would also know where we are strong that we may capitalize on them for

the good of Oklahoma. Inspire us all, O God, with nobler citizenship, higher public spirit, and a more universal justice.

Keep our state in Thy holy protection; help us to cultivate a spirit of genuine brotherhood for every race and every creed. May justice roll down like great waters and true righteousness like a mighty stream. Father — let it begin here.

Keep in Thy loving care the leaders of this state, and especially the members, officers, employees, pages, security men, secretaries, and agents of this Senate. May Thy choicest blessings be upon them. In the name of Jesus Christ, Amen

The Journal for the last legislative day was declared approved.

I. SUMMARY OF PROCEEDINGS

Upon appointment, the Committee held its organizational meeting, adopted rules, employed the services of a court reporter, Mr. Howard J. Kirkpatrick, C.S.R., and accepted the services of Mr. Allen Harris, Assistant Attorney General and Mr. James M. Levine, Administrative Assistant to the Chairman.

It was determined that a preliminary meeting with Mr. Merlin Cooper, Administrator, Liquified Petroleum Gas (L.P.G.) Board of the State of Oklahoma, and Mr. John E. Orr, representative of the retail L.P.G. dealers, might provide guidelines as to the course of action to be followed by the Committee. Such meeting was held and Mr. Cooper reviewed the authority of the State L.P.G. Board and advised the Committee of the records kept by that board. Mr. Orr reviewed the effect of Federal regulations upon the L.P.G. Industry of Oklahoma.

The initial hearing was held on February 14, 1974 at 10:00 a.m. in Room 428-A of the State Capitol. Witnesses included Mr. Wesley Rucker, Executive Assistant, Department of Institutions, Social and Rehabilitative Services; Mr. Merlin Cooper; and Dr. Bill Talley, formerly of the Oklahoma Energy Advisory Council, and a complete transcript of the hearing is contained herewith (Committee Exhibit No. 2). Mr. Rucker documented numerous cases of Oklahomans receiving assistance from his agency who had been placed under extreme hardship by increased retail prices of L.P.G. His testimony pointed out that the cost of L.P.G. increased between 200 and 300 per cent during the past year and further emphasized that in many instances L.P.G. was the only fuel available for heating homes in rural areas of Oklahoma.

Mr. Merlin Cooper testified that the L.P.G. Board of Oklahoma was primarily an agency to enforce safety regulations and that the only requirement placed upon the L.P.G. Industry was the reporting of odorization. He further pointed out that under the present law, even the odorization reporting could not be enforced. He emphasized that the board had no authority to regulate the distribution or price of L.P.G.

Dr. Talley detailed the operation of the L.P.G. market in Oklahoma. In response to questions as to the cause of the increased cost, Dr. Talley said that he felt the primary cause was the implementation of certain Federal regulations under Phase IIIA (Committee Exhibit No. 2, Pp. 31-35). Dr. Talley pointed out that under Phase IIIA, twenty-three major oil companies were prohibited from paying increased prices for raw materials while the independents were not. Thus, when it came time to write new contracts for L.P.G. this past spring, the majors were not in a position to buy, leaving the market free for numerous brokers to enter and almost pre-empt the field. The frequent trading that then occurred accelerated the inflation in price. Thereafter, when the majors were exempted from the restriction of Phase IIIA, the price they had to pay greatly increased. Under Phase IV, the majors were allowed to pass through increased cost, but were not restricted to doing so proportionately. (Committee Exhibit No. 2, Pp. 36-37). Therefore, the increased cost of production was in many instances loaded upon L.P.G.

A second hearing was held on February 27, 1974 at 9:00 a.m. in the Senate Lounge of the State Capitol. The Committee called the following people who were present voluntarily and gave testimony (Committee Exhibit No. 3); Mr. Bernard Briscoe, L.P.G. retailer and member of the State Board of the L.P.G. Administration; Mr. James Hardin, L.P.G. retailer; Ms. Ann Howard, L.P.G. retailer; Mr. J. D. Soule, L.P.G. retailer; and Mr. John E. Orr, representative of the retail L.P.G. dealers in the State of Oklahoma.

From testimony given in the hearing, the Committee was able to evaluate the practices of the retail L.P.G. trade in Oklahoma, and arrived at the conclusion that the recent meteoric increase in the price of L.P.G. paid by Oklahoma consumers was not occasioned solely by the acts of the retailers. Although the majority of retailers appear to have increased their per-gallon profits, evidence indicated they are not primarily responsible for the price increases.

The third hearing was called on March 7, 1974 at 9:30 a.m. in the Senate Chamber of the State Capitol. Present to give testimony were Mr. Charles Nesbitt, Oklahoma Corporation Commission, who had requested an appearance, and Mr. Chalmer Jaynes, Skelly Oil Corporation (Committee Exhibit No. 4).

In a moving dissertation, Chairman Nesbitt denounced all forms of Federal regulation. In response to questions of the Committee, he stated that the primary problem causing the rise in the price of L.P.G. was the shortsightedness of Federal regulations. His comments were similar to those of Dr. Talley at the previous hearing. In response to the question concerning the regulation of the sale of L.P.G. outside the state, he stated that such limitation would be a burden on interstate commerce and would be unconstitutional. Concerning Senate Bill 540 by Senator Young which would treat the L.P.G. industry as a public utility, Nesbitt suggested that the imposition of such regulation, absent concerted effort by the surrounding states, would tend to encourage the out-of-state sale of L.P.G. thus reducing our supply.

Mr. Jaynes testified that Skelly Oil attempted to pass through a proportionate increase in cost of all of the products produced by them. Further examination indicated that the price of crude oil should have increased over 2,000 per cent to justify the increase in the cost of L.P.G. had this been done. (Committee Exhibit No. 3, Pp. 49-50).

The final public hearing was called on March 14, 1974 at 9:00 a.m. in Room 428-A of the State Capitol. Present to give testimony were Mr. Ron Wylie, Apco Oil; Mr. Richard Woods and Mr. Gregory L. Stephens, Sun Oil; Mr. Patrick E. Goth, Phillips Petroleum; and representatives of five other producing concerns who were not called to testify due to shortness of time (Committee Exhibit No. 5).

The testimony of Mr. Wylie of Apco revealed the ineffectiveness of the Federal regulations. Apco, as a major oil company, falls within the price regulations and thus, is limited as to the price it could charge for its L.P.G. Apco has entered into an agreement with Warren Petroleum Company, which is subjected to less stringent control as a nonproducer. Under this agreement, Warren takes 100 per cent of Apco's production on consignment, sells it at a price the market will bear, and returns 97 per cent of the sales to Apco (Committee Exhibit No. 5, Pp. 2-23).

Mr. Gregory L. Stephens testified that his company had no intent or was under no obligation to justify any of their prices. In response to the question concerning pricing of L.P.G., he replied,

"I can only say again, we followed the Federal guidelines on prices and we have complied with the guidelines. We do not attempt to cost justify the price of propane." (Committee Exhibit No. 5, P.44, Lines 22-25)

The testimony of all company witnesses indicated one further problem concerning the regulations. Frequently, throughout their testimony, the regulations were cited as a shield to avoid criticism or even possible self incrimination. The transcript is replete with statements revealing that the companies rely upon the regulations as a protection from criticism without conforming to or understanding those regulations.

In addition to the public hearings, the Committee, its members and staff, conducted numerous interviews with various experts and representatives of all phases of the L.P.G. industry. Based upon the public hearings, staff research, private interviews and all other material properly before it, the Committee makes the following findings and recommendations.

Note: Exhibits attached to Original Report only.

II. FINDINGS

1. That L.P.G. is an essential commodity to a substantial segment of the people of Oklahoma.

2. That the state should take action to insure that a ready supply of L.P.G. exists and that it should be available at a stable price.

3. That the limitation of interstate sales of L.P.G. is prohibited by Federal Law.

4. That the strict regulation of intrastate sales of L.P.G. could result in an outflow of L.P.G. thus reducing substantially its availability in Oklahoma.

5. That the lack of investigative staff and time available to the committee were not sufficient to allow determination as to whether there exists collusive agreements restricting the production, marketing and sale of L.P.G.

6. That if such collusive agreements exist, they would have an adverse affect upon the market price and should be eliminated.

7. That the waste of energy supplies such as of L.P.G. should be eliminated.

8. That the Federal regulations intended to restrict price increases and insure sufficient supplies have in fact had the opposite affect.

9. That the primary cause of the instability and excessive pricing in the marketing of L.P.G. this past year was the result of constantly fluctuating Federal regulations created and implemented without knowledge of the consequences thereof.

10. That since Federal agencies such as the Federal Energy Office and the Federal Cost of Living Council have shown no interest in determining such consequences, the individual states should assume the responsibility for acquiring as much information as possible concerning the affect of such regulation and insure that it comes to the attention of the appropriate agencies.

11. That an essential element in determining such causal information is accurate data concerning the production and use of depletable natural energy sources.

12. That such information compiled by the states should be presented to the Congress, the Federal Energy Office, and all other proper Federal agencies in as effective, unified and pursuasive manner as possible for the purpose of influencing the creation of more adequate regulations.

13. That under the Oklahoma Statutes, the Corporation Commission has authority to regulate the L.P.G. Industry as a utility.

14. Though the Committee repeatedly brought the current prices of crude oil and associated products to the attention of representatives of petroleum companies, the Committee finds that nothing in its investigation properly explains the extreme price increase of associated products in light of the unusual profits shown by petroleum companies during recent fiscal quarters.

III. RECOMMENDATIONS

1. That an anti-trust division be established within the Attorney General's Office.

2. That copies of all proceedings connected with this investigation be forwarded to the Attorney General's Office for evaluation.

3. That legislation regulating the flaring or similar waste of any natural energy source be enacted.

4. That legislation be enacted requiring the central reporting of comprehensive information regarding the production and distribution of depletable natural energy sources within the State of Oklahoma.

5. That Congress be informed of Oklahoma's desire that the F.E.O. be abolished and in its stead, a statutory agency in the form of a commission be established and charged with the enforcement of effective statutory law that will be responsive to the people of the United States.

6. That initial contact be made with other state legislatures to determine if interest exists in the creation of an interstate organization to insure that the state's voice is heard in the creation and implementation of the Federal energy policy. In the event it is determined that such interest exists, that steps be taken to form and participate in such an organization.

Senator Crow moved that the report be adopted and that the President Pro Tempore discharge the committee, which motion was declared adopted.

President Pro Tempore Hamilton discharged the committee and expressed his appreciation to the committee for their hard work and complimented them on their excellent job.

MESSAGE FROM THE GOVERNOR

The following Veto Message was read, and consideration deferred for this legislative day:

To the President and Members
Of the Honorable Senate
Second Session, Thirty-fourth
Oklahoma Legislature

Gentlemen:

This is to advise that Enrolled Senate Bill No. **595** has on April 24, 1974 been vetoed.

Regulation of the savings and loan industry under the Oklahoma Savings and Loan Act of 1969 as amended is entrusted to the Oklahoma Savings and Loan Board. The amendment of that present law proposed in **SB 595** would place this regulatory body under the complete control of the industry which it is supposed to regulate.

This most important segment of Oklahoma's financial family should be strengthened by appointees who are independent of such control. Our citizens deserve such protection.

We confess that collectively and individually we have sinned against Thee, and done evil in Thy sight. We have transgressed Thy holy laws; we have neglected Thy Word and ordinances. Forgive us, O Lord, we beseech Thee; and give us grace and power to put away all hurtful things, that, being delivered from the bondage of sin, we may bring forth fruit worthy of repentance, and henceforth may ever walk in Thy holy ways; through Jesus Christ our Lord. Amen

Roll Call:

President Nigh declared a quorum present.

The following prayer was offered by Reverend Jack W. Jordan and incorporated into the Journal upon request of Senator Hamilton on behalf of Senator Ham.

O Lord and Ruler of all;

Who brought forth from the violence and chaos of unbridled energy, space, and time the measured path of the mighty universe, the smallest atom, and the human brain; give heed to the witness of this great nation's desire for peace, law, and order.

We symbolize that pacific spirit today, O Lord, through support of the American Bar Association's call for "Law Day U.S.A.".

By this day we reaffirm our commitment to a peaceful, just, and orderly process for the settlement of differences.

We observe this day in contrast to those who rely on military might, violence, and tyranny, which we believe are signs of chaos and regression.

We confess, our Father, that we do not always practice what we hold as ideal. Yet, we are confident that You look upon human frailty with compassion and know the intent of our hearts as surely as the work of our hands.

Grant us, then, O God Almighty, the wisdom to know the truth, the courage to follow it, and the strength to endure to the final victory of Thy Kingdom, through the indwelling of Thy mighty spirit. Amen

SECTION 14. If the secretary of a county election board receives such a request from an incapacitated elector confined to a

nursing home or convalescent hospital outside the county of his jurisdiction, the secretary shall provide ballots and materials in the manner hereinbefore prescribed.

SECTION 15. If the secretary of a county election board receives a request from an incapacitated elector confined to a nursing home or convalescent hospital within the county of his jurisdiction, the secretary shall cause to be implemented the following procedure:

1. The secretary shall designate one (1) or more absentee voting boards, to be composed of two (2) members each, with each member to be of a different political affiliation. No later than August 1, 1974, and each two years thereafter, the chairmen of the county central committees of the two (2) political parties having the highest number of registered voters in the county shall each submit a list of ten (10) names to the secretary. Said lists shall contain names of registered voters of the county, who may be members of the county election board, except the secretary, or precinct election boards or counters. The secretary shall be confined to said list in designating membership on the absentee voting board or boards, unless all persons on said lists are ineligible or unwilling to serve. In the event the chairman of the county central committee of a political party fails to submit a list as herein provided, the secretary shall appoint membership to said board or boards from the ranks of registered voters of said party within the county. Provided further, that in the event the list of names of either or both parties is exhausted and additional absentee voting boards are needed, the secretary shall appoint additional members to said boards from the ranks of said party or parties in the county.

2. On the Friday, Saturday or Monday preceding the election, said absentee voting board shall deliver to each registered voter who is confined to a nursing home or convalescent hospital and who requested ballots for an incapacitated voter said ballots and materials as may be necessary to vote same.

3. The voter must mark his ballots in the manner hereinbefore provided in the presence of the absentee voting board, but in such a manner as to make it impossible for any person other than the voter to ascertain how said ballots are marked. Insofar as is possible, the voting procedure shall be the same as if the voter were casting his vote in person at a precinct.

4. The voter shall then seal said ballots in the plain opaque envelope and shall seal said plain opaque envelope in the envelope bearing an affidavit. The voter must complete said affidavit, and his signature on same must be witnessed by both members of the absentee voting board.

5. The envelope bearing an affidavit then must be sealed in the return envelope, which shall be returned by the absentee voting board to the secretary of the county election board on the same day said affidavit was executed.

6. Members of an absentee voting board shall be reimbursed for their expenses at the rate of Twenty Dollars ($20.00) per day. One member of each such board shall also be allowed mileage reimbursement at the rate prescribed for travel by state employees.

5. Accept House Amendment No. 5.

O Lord of all and of this Senate,
Naught transpires but Thou art in it;
Statesmen, servants, courthouse hacks,
Pay hikes, tax breaks, reading racks,
Final reading, passed, and filed.

We praise ourselves, yet, all the while,
Within the shadow, You must smile.

Galleries watch the strange confusion;
Buy the papers; turn the news on;
Read the vote and raise complaint,
"Damned you're for it, Damned you ain't!"
Gripe and curse the Legislature,
How perverse our human nature.

Some turn sour or live in fears;
Within the shadow falls Your tears.

O God, whose Son was crucified;
Served the people; for them died;
Hear us, Lord, and look within;
See our hearts; forgive our sin;
Stand within this Senate hall,
Teach each man and bless them all.

In darkest hours, bless this Senate;
Within the shadow, Thou art in it.

Amen

Roll Call:

Present: Baldwin, Berrong, Birdsong, Boecher, Breckinridge, Capps, Cate, Crow, Dahl, Ferrell, Field, Funston, Garrett, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Keller, Lamb, Lane, Luton, McCune, Martin, Medearis, Miller, Murphy, Pierce, Porter, Randle, Schuelein, Smith, Stansberry, Stipe, Taliaferro, Terrill, Trent, Wadley, Watson, Wolfe and Young.—46.

The following prayer was offered by Reverend Vernon Bradley, Pastor, Calvary Baptist Church, Okemah, Oklahoma, and incorporated into the Journal upon request of President Pro Tempore Hamilton on behalf of Senator Young.

Almighty God, our Heavenly Father, from whom all our blessings flow, we come into your quiet and holy presence with the understanding that you are not hiding from us or that we would need to cry aloud to obtain your attention. We thank you, our Holy Father, that thou dost seek to listen to your people and that thou art waiting patiently for us to come into your presence. I pray that each member of the Senate would enter the closets of his heart and for this quiet moment close the world out and commune with Thee and thou, Father, with them.

I claim your words that admonish us to pray when you said, "I exhort, therefore, that first of all supplications, prayers, intercessions and giving of thanks be made for all men, for Kings, and for all that are in authority, that we may lead a quiet and peaceable life in all Godliness and honesty."

May you grant today, our God, the daily needs of each lawmaker here. You have taught us to pray, "Give us this day our daily bread." How we thank you, O Lord, that thou art able to supply our daily needs. The day-by-day problems, decisions and spiritual needs are given to us as daily rations from the gift of life you have so bestowed upon us. How equally thankful, O Lord, are we for the answers to those problems and decisions we must make. May each member of the Senate seek your will and your way for this day. Lord, may you guide and guard over the families of the Senators in their absence while they are here serving as your servants in this most important time in the life of our great Nation.

I pray this in the name of our Lord Jesus Christ. Amen

The Journal for the last legislative day was declared approved.

The following prayer was offered by Reverend Vernon Bradley and incorporated into the Journal upon request of Senator Young.

Almighty God, our Heavenly Father, from whom we have received this day, we are deeply thankful for all this day is providing us, for the provisions as they are given from your hand.

Our wonderful Lord, we offer our gratitude for this wonderful land and this great State in which we live; for the plains which are painted with the wind and rains by Your hand; for the gold brushed wheat and the harvest of men's labors; for the lakes, streams and rivers which flow through our land, mountains and valleys; for the cattle on a thousand green hills.

O God, we thank Thee for our schools and churches that lift up the higher ideals, the way of learning. We pray your guiding hand be upon the many young people graduating this year, and the way of love for God and our neighbors. We seek to express to You our gratefulness, our Lord, for the right to vote and elect our representatives, and for the legislative system that these, Thy servants, represent.

We pray, our Father, that we shall not fail to lift up our hearts in this quiet time and continue daily to give You praise and seek to live after Your examples. May we admonish Your words when You said "Beware that when Thou hast dug from the hills brass, iron, silver and gold, and when Thou hast built goodly houses to live in, and when thou hast eaten and art full, that thou forget not the Lord thy God which has given you this land."

Teach us to conserve the natural resources You have so bountifully supplied us with and help us to learn to be good stewards as we occupy here.

In the name of our Lord Jesus Christ. Amen

Our Heavenly Father, from whom we have received the instructions and promises of prayer, we come into Thy quiet presence because You have invited us to enter into Your presence with thanksgiving and praise. You have promised us to ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you; for everyone that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened.

I pray, O Lord, that each member of the Senate today will, at this moment, be aware of Your presence and shall seek that quiet time of talking with You daily in prayer. Help them to claim Your promise when You said, "Call unto Me and I will answer thee and show thee great and mighty things which thou knowest not."

May, in this time in the life of our great nation, where freedom of religion has flourished, there be a renewed awakening of God in our lives, a renewal of faith, a faith that is more than a word, but a faith without wavering in Thee.

May there be a repentance of our national and personal sins and a renewal of our dependence upon Thee to guide us. Remind us of Thy words when You said, "He that comes to God must believe that He is, and that He is a rewarder of them who diligently seek Him"; and that "without faith it is impossible to please God."

May we learn to pray in Thy will, as your son, Jesus, prayed, "Father, not my will, but Thy will be done."

May Your will be done here in the lives

of each member of the Senate today is my prayer, in Jesus' Name. Amen

The Journal for the last legislative day was declared approved.

The directors and the credit committee shall be elected by the members, ((())and from their number(())), at their annual meeting, the organizational meeting being the first annual meeting, and to hold office for such terms, respectively, as the bylaws may provide. The supervisory committee shall be appointed by the board of directors unless otherwise provided in the bylaws. One director may be appointed or elected to the supervisory committee, but not the treasurer. A record of names and addresses of the board of directors and the respective committees and officers shall be filed with the Bank Commissioner within ten days after their election. No member of the board of directors shall, as such, be compensated, but the officers elected by the board of directors and the members of the credit and supervisory committees may receive such compensation for services performed as the board shall, by resolution, authorize.

(B) At their first meeting after the annual meeting of the members, the directors shall elect from their number a president, a vice-president, a secretary and a treasurer, who shall be the executive officers of the corporation. The secretary and the treasurer may be the same person. The duties of the officers shall be determined by the bylaws except that the treasurer shall be the general manager of the corporation. Each active officer and employee of a credit union shall, before he enters upon his duties, make and give a bond to the said credit union executed by a surety company in an amount fixed by the ((**Bank Commissioner**)) STATE CREDIT UNION BOARD for the protection of said credit union against the fraud or dishonesty of each active officer or employee of said credit union. When said bond has been executed it shall be filed with the Bank Commissioner of the State of Oklahoma.

(C) The board of directors shall meet at least once a month, unless permitted by the Bank Commissioner to meet less often, and shall have the general direction and control of the affairs of the corporation. The minutes of all such meetings shall be kept. Among other things they shall act upon applications for membership. The board of directors may appoint a membership officer and delegate to him the power to approve or disapprove all membership applications; however, ((**said**)) THE membership officer may not be the trea-

surer or assistant treasurer. Once appointed, the membership officer shall submit to the board of directors a list of approved or pending applications for membership at each regular meeting of the board of directors. The board shall also declare dividends and determine rates of interest on deposits; fill vacancies in the board and in the credit committee until successors elected at the next annual meeting have qualified; authorize investment of credit union funds other than loans to members; determine from time to time the maximum number of shares and deposits that may be held by any member and the maximum number of shares and deposits that will be accepted from a member in any calendar month not inconsistent with the bylaws; subject to limitations of this act, determine the interest rates on loans and the maximum amount that may be loaned with and without security to any member; and determine the rate of interest refund, if any, to be made to members. A majority of the board may, however, agree to exclude loans made at rates of interest lower than the credit union's basic rate and may also exclude loans where payments are in arrears from participation in such interest rebates; all other loans shall participate at the same rate of rebate.

(D) The credit committee shall have the general supervision of all loans to members. It shall be the duty of the credit committee to review all applications for loans, to ascertain whether or not such loan would benefit the applicant, and to determine whether or not the security offered, in their judgment, is sufficient and the terms proper. The credit committee shall meet as often as may be required after due notice has been given to each member thereof, but not less than once a month, shall keep a record of all meetings, and shall make a report to the members at the annual meeting. To facilitate the work of the credit committee, ((**the board**)) IT may appoint ((**and provide for the compensation of**)) one or more loan officers and such assistants as may be necessary. Loan officers shall act under the direction of the credit committee and may authorize loans without a special meeting of the committee but only within written rules and regulations established by action of the committee. All such loans shall be reviewed by the credit committee during one of its regular meetings.

(E) The supervisory committee shall make a semiannual examination of the affairs of the credit union, including an audit of its books; and shall make an annual audit and a report to be submitted at the annual meeting of the corporation. However, if the supervisory committee, with the approval of the board of directors, employs an auditor approved by the ((**Bank Commissioner**)) STATE CREDIT UNION BOARD, a Licensed Public Accountant or a Certified Public Accountant, to perform an annual audit of the affairs and books of the credit union, such annual audit by said outside auditor shall constitute full compliance with this section. The supervisory committee shall make a report of any audit it causes to be conducted of the credit union at the annual meeting of the corporation. By a unanimous vote, the supervisory committee may suspend any officer of the corporation, or any member of the credit committee or of the board of directors until the next members' meeting, which said meeting, however, shall be held within seven (7) days of said suspension and at which meeting said suspension shall be acted upon by the members; and, by a majority vote, may call a special meeting of the shareholders to consider any violation of this law, the charter, or of the bylaws, or any practice of the corporation deemed by the committee to be unsafe or unauthorized. The board of directors shall fill vacancies on the supervisory committee. The supervisory committee shall in such manner as it deems advisable cause the accounts of the members to be verified with the records of the treasurer

from time to time and not less frequently than once every two (2) years.

SECTION 6. 6 O.S. 1971, § 2013, is amended to read as follows:

B. A special election of the electors of any school district may be called by the board of education, or by a majority of the school district electors upon a petition filed with the clerk of the board of education for the purpose of voting upon any matter or question authorized by law.

C. Roll Call:

Aye: Baldwin, Berrong, Birdsong, Breckinridge, Capps, Cate, Crow, Dahl, Ferrell, Field, Funston, Garrett, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Howell, Inhofe, Keels, Keller, Lamb, Lane, Luton, McCune, Martin, Miller, Murphy, Pierce, Porter, Randle, Schuelein, Smith, Stipe, Taliaferro, Terrill, Trent, Wadley, Watson, Wolfe and Young.—42.

The following prayer was offered by Reverend Vernon Bradley and incorporated into the Journal upon request of Senator Hamilton.

I asked God for strength, that I might achieve,
I was made weak, that I might learn to obey ...

I asked for health, that I might do greater things,
I was given infirmity that I might do better things ...

I asked for riches, that I might be happy,
I was given poverty, that I might be wise ...

I asked for power, that I might have the praise of man,
I was given weakness, that I might feel the need of God ...

I asked for all things, that I might enjoy life,
I was given life, that I might enjoy all things ...

I got nothing that I asked for,
but everything I had hoped for.
Almost despite myself, my unspoken prayers were answered ...

I am among all men most richly blessed.

O Heavenly Father, we come to thee upon this closing day of the Senate for the week asking your guiding and protecting hand to be upon each Senator as they travel to their homes, and we give you thanks for the Senators' accomplishments of the week.

We pray that the spirit of the Godly mothers, the spirit of their love and the spirit of their faith shall be felt this Mothers' Day week-end that's forthcoming. May those who have living mothers somehow express to them their love and thankfulness, and may those

whose mothers are not living here experience your comforting hand.

May each one today look to Jesus who gives life here and life forever.

In His precious name we pray, Amen

Dear Heavenly Father,

We pause to recognize you for what you are— the great God of the Universe; the God who created the heavens and the earth; the God who created mankind; the God who loves man whom He has made; the God who even gave his only begotten son for us, so that we can be His followers. We praise your Holy Name because it is possible for us to get your attention. We are thankful to you because we can trust you. We can depend on your word. You are real. There is nothing phoney about you. We thank you for your son, Jesus Christ. We thank you for the power that you give to us through the Holy Spirit. We thank you that it is possible to live a clean-cut Christian life.

Today I am asking you to guide me. Today I am asking you to help me to pray for what I ought to pray for as the State Senate Chaplain of the week. I realize that these Senators have a great task before them. And I realize the great responsibilities of the Governor. The decisions made here will affect all the people of the state. So I am praying for your guidance upon the Governor and the Senators and all the lawmakers of this state as they start this week's work. I pray that they may have the knowledge and wisdom to work out all the problems coming up this week.

I pray that each Legislator will humble himself and seek your guidance, because just like you were with Moses in leading the people into the promised land, in the same way you will lead these lawmakers if they will repent and humble themselves

and seek your advice. Grant this I pray in Jesus' name. Amen

The Journal for the last legislative day was declared approved.

Our Father in Heaven,

We give thanks for another day that You have added to our lives. We are so totally dependent upon You for everything.

At times we may forget our dependence upon You, but we ought to be thankful and appreciative for every new day that You add to our lives.

Life comes from You. We recognize that. We also recognize that spiritual life we can have only because of You. And right now I am thankful that there came a day in my life that I repented and gave my life to You.

You cleansed my life and gave me eternal life. Now I am dependent upon your guidance. And I am standing here today on behalf of all these lawmakers. I am standing here today as a representative of Jesus Christ, the Son of God and my own personal Saviour.

Your word says: "The backslider in heart shall be filled with his own ways". It also says: "A wise son heareth his father's instruction".

So, Dear Father, may we be as Your sons and take Your instructions and Your guidance. For we know that when we accept Your ways we never go wrong. What You have to offer is exactly what we need.

You said in Your word: "I am come that they might have life, and that they might have it more abundantly." And when we receive this abundant life, we quit being selfish and we begin to serve our fellow man.

We pray for the decisions to be made today that they may be according to Your will and for the good of the people. Help

each legislator to be honest, sincere and in the right frame of mind as they make laws today, I pray in Jesus' name. Amen

The Journal for the last legislative day was declared approved.

Seventy-fourth Legislative Day

Wednesday, May 15, 1974

Pursuant to adjournment, the Senate was called to order by Senator Crow, who was designated so to do by the President Pro Tempore.

Roll Call:

Present: Baldwin, Birdsong, Boecher, Breckinridge, Capps, Cate, Crow, Dahl, Ferrell, Field, Funston, Garrett, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Keller, Lamb, Lane, Luton, McCune, Martin, Medearis, Miller, Murphy, Pierce, Porter, Randle, Rogers, Schuelein, Smith, Stansberry, Stipe, Taliaferro, Terrill, Trent, Wadley, Watson, Wolfe and Young.—46.

Senator Crow declared a quorum present.

The following prayer was offered by Reverend Kresten Norholm and incorporated into the Journal upon request of Senator Capps.

Dear Heavenly Father,

When we think of love, we also think of You because You are our greatest example for love. "For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

Love is so scarce today among the countries of the world. Even in our own country people are hating, fighting and killing each other. We live in a day with very little love shown to our fellowman. It seems that people are so selfish. We thank you that we can pray for love, a real genuine love to come into the hearts and lives of men and women in these United States.

I pray that a wonderful peace will settle in their hearts. Because where there is love and peace there is joy. And where there is joy the work will go so much easier. I thank You because You love every one of these lawmakers and I pray that each one of them will be able to see Your love and accept Your love in a real way.

In the book of Nehemiah, we read that the leader had concern for his people. When Nehemiah heard of his own people's problems, he sat down and wept and fasted and prayed before the God of Heaven. He asked for the Lord to hear his prayer that he had been praying day and night for his people. He confessed the sins of the children of Israel. And because he confessed these sins to God, God heard and answered his prayers.

Dear Father, You have not changed. You are the same today as You were then. You will also hear our prayers as we confess our sins to You. We praise your

wonderful name and thank You in advance for answering our prayer. In Jesus' name, Amen

The Journal for the last legislative day was declared approved.

Dear Heavenly Father,

When Joshua, the great leader, called all the tribes of Israel together, he said to all the people: "Thus saith the Lord God of Israel, fear the Lord and serve Him in sincerity and in truth and put away the strange gods and serve Ye the Lord. Choose you this day whom ye will serve; but as for me and my house, we will serve the Lord."

We Thank You, God, that You have always had a people; a people who will follow You; a people who will humble themselves and let You guide them; a people who will accept Your guidance in full.

In this time and age when so many people in our land will not call upon Your name; in this time and age when moral standards seem to have hit bottom; in this time and age when we hear and witness so much about government corruption—we are reminded of the people of Israel when they too experienced corruption in their government. They had turned from God, so God left them and they lost all their wars. But when they repented of their sins and feared the Lord, the God of Israel blessed them and gave them victory.

Today it seems America has turned away from You. And today it seems like we have more problems than we can handle. Dear God, I stand here as Your servant. I pray that this government will seek Your guidance I pray that this government will be an example for righteous living throughout the State of Oklahoma and in all the United States and in all the world. May this faith spread to every home and may we all experience the blessings of the Lord. May each of us say

like Joshua: "As for me and my family, we will serve the Lord." In Jesus' name I pray. Amen

The Journal for the last legislative day was declared approved.

Amendment No. 2. Amend Page 3, Line 2½ by inserting a new Section 2 and Section 3 to read as follows:

"SECTION 2. 10 O.S. 1971, § 1112, as amended by Section 1 of Chapter 227, Oklahoma Session Laws 1973 (10 O.S. Supp. 1973, § 1112), is amended to read as follows:

(a) Except as hereinafter provided, a child who is charged with having violated any state statute or municipal ordinance shall not be tried in a criminal action, but in a juvenile proceeding in accordance

with this act. If, during the pendency of a criminal or quasi-criminal charge against any person, it shall be ascertained that the person was a child at the time of committing the alleged offense, the DISTRICT COURT OR MUNICIPAL court shall transfer the case, together with all the papers, documents and testimony connected therewith, to the juvenile division of the DISTRICT court. The division making such transfer shall order the child to be taken forthwith to the place of detention designated by the juvenile division, to that division itself, or release such child to the custody of some suitable person to be brought before the juvenile division. However, nothing in this act shall be construed to prevent the exercise of concurrent jurisdiction by another division of the district court or by ((**police courts or**)) municipal courts in cases involving children wherein the child is charged with the violation of a state or municipal traffic law or ordinance.

(b) If a child is charged with delinquency as a result of an offense which would be a felony if committed by an adult, the court shall consider the following guidelines:

1. The seriousness of the alleged offense to the community;

2. Whether the alleged offense was committed in an aggressive, violent, premeditated or willful manner;

3. Whether the offense was against persons or property, greater weight being given to offenses against persons especially if personal injury resulted;

4. Whether there is prosecutive merit to the complaint;

5. The desirability of trial and disposition of the entire offense in one court when the juvenile's associates in the alleged offense are adults;

6. The sophistication and maturity of the juvenile as determined by consideration of his home, environmental situation, emotional attitude and pattern of living;

7. The record and previous history of the juvenile, including previous contacts with community agencies, law enforcement agencies, schools, juvenile courts and other jurisdictions, prior periods of probation or prior commitments to juvenile institutions; and

8. The prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the juvenile if he is found to be guilty of the alleged offense, by the use of procedures and facilities currently available to the juvenile court; and after full investigation and a preliminary hearing, may in its discretion continue the juvenile proceeding, or it may certify such child capable of knowing right from wrong, and to be held accountable for his acts, for proper criminal proceedings to any other division of the court which would have trial jurisdiction of such offense if committed by an adult.

(c) Prior to the entry of an order of adjudication, any child in custody shall have the same right to be released upon bail as would an adult under the same circumstances.

(D) A JUVENILE SIXTEEN (16) YEARS OF AGE OR OLDER MAY BE CHARGED AND PROSECUTED IN ANY MUNICIPAL COURT FOR VIOLATING A CITY ORDINANCE IF THE OFFENSE DOES NOT CONSTITUTE A CRIME UNDER STATE LAW, AND, FURTHER PROVIDED, THAT THE MAXIMUM PENALTY WHICH MAY BE IMPOSED SHALL NOT BE IN EXCESS OF TWENTY DOLLARS ($20.00), AND FURTHER PROVIDED, THAT THE PRESENT LAWS RELATIVE TO INCARCERATION OF JUVENILES SHALL BE IN NO WAY IMPAIRED OR ALTERED BY THIS ACT, NOR SHALL THIS ACT ALTER PRESENT LAWS

RELATIVE TO PROSECUTION OF JUVENILES FOR TRAFFIC VIOLATIONS.

SECTION 3. Enrolled Senate Bill No. 82, 2nd Session, 34th Legislature, is hereby repealed."

MESSAGE FROM THE HOUSE

HCR 1126 — By Davis, Bamberger, Elder, Kamas and Williamson of the House.

A Concurrent Resolution relating to the report of the Attorney General transmitted to the Legislature on April 22, 1974, concerning his "investigation into possible corruption and kickbacks relative to state building project contracts"; reporting findings of the House of Representatives Committee appointed on April 25, 1974, pursuant to request of the Attorney General; reciting certain statutory duties of the Attorney General (74 O.S. 1971, § 18b) requesting said Attorney General to institute and proceed with the prosecution by information, under said statutory authority, of any elected state officer, and the employees or appointees of any elected state officer, under certain conditions; and directing that a duly authenticated copy of this resolution be transmitted to the Honorable Larry Derryberry, the Attorney General of the State of Oklahoma.

MESSAGE FROM THE GOVERNOR

The following Veto Message was read and consideration deferred for this legislative day:

TO THE PRESIDENT AND MEMBERS
OF THE HONORABLE SENATE
SECOND SESSION, THIRTY-
FOURTH OKLAHOMA LEGISLATURE

Gentlemen:

This is to advise that Enrolled Senate Bill No. 421 has on May 15, 1974 been vetoed.

The immediate inclusion of the computer capability of the Oklahoma Tax Commission in the data processing service center under the operation of the Division of Data Processing as set out in the bill poses major problems which must be resolved before such transfer should be considered. The protection of the confidentiality of files and records as required by the Uniform Tax Procedure Act must be secured, not only for the protection of the rights of Oklahoma taxpayers but because such total confidentiality is necessary to continued cooperation between the Oklahoma Tax Commission and the Internal Revenue Service, a critical necessity in audit procedure.

Further, the timely apportionment of revenues to cities and counties must be assured by setting of priorities in sequence and timeliness of computer work performed before such a transfer is made. Oklahomans are entitled to the payment of bills and salaries by our cities and counties as due and any potential delays must be avoided.

CONFERENCE COMMITTEE REPORT

The following **CCR** on **SB 321** was read and consideration deferred.

Mr. President
Mr. Speaker

The Conference Committee, to which was referred **SB 321** by Porter of the Senate and Johnson (A.V.) of the House, entitled:

An Act relating to civil procedure; amending 12 O.S. 1971, § 1276; providing for court orders in divorce actions on expenses and reporting of attorney fees paid and providing for enforcement of such orders.

together with House Amendments thereto — to which the Senate disagrees — having met and carefully considered disagreements between the Senate and the Honorable House, have agreed to recommend and do recommend to the respective Houses, as follows:

1st. Reject the House Amendment.

Amendment No. 1: Amend Page 2, Section 1, Line 7 after the period by adding the following:

Provided further, that attorney fees in divorce actions shall not be based upon the value of the assets of the parties, but upon the reasonable number of hours of work performed and accounted for to the court and approved by the court. The hourly rate to be established by the court.

SECTION 2. It being immediately necessary for the perservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

Respectfully submitted

FOR THE SENATE: Porter and Stansberry.

FOR THE HOUSE: Johnson (A.V.), and Riggs.

COMMITTEE REPORT

POSITION OF THE SENATE RULES COMMITTEE REGARDING HOUSE CONCURRENT RESOLUTION 1126:

House Concurrent Resolution 1126 deals with the subject matter of the investigation by the Honorable House of Representatives of Oklahoma, as requested by the Honorable Attorney General of Oklahoma on April 22, 1974.

At the time the report was issued by the Attorney General, the Senate Rules Committee met on April 23, 1974, and reviewed the report and the implications thereof relative to possible impeachment proceedings, and determined at that time that it would not be constitutionally proper for the Senate, nor any member thereof, to review any of the transcripts, documentary evidence, or interview any witnesses, since under the Oklahoma Constitution, the initiation of impeachment proceedings is the sole responsibility of the House of Representatives.

The only responsibility under the Constitution that the State Senate has, with reference to impeachment, is to sit as a Court of Impeachment and judge the issues of evidence which might be involved.

Following the above recommendation of the Senate Rules Committee, being presented to the Senate as a whole, there have been no public statements by the Senate Leadership nor by any member of the Senate, as far as can be ascertained, with reference to the impending action of the Honorable House, the Senate feeling a sense of obligation to the public and to all those who might possibly be involved, to insure that an open, unbiased and fair consideration be given to any charges that might have been presented by the House of Representatives.

Further, on April 24, 1974, the President Pro Tempore of the Senate wrote to the Attorney General setting forth the action of the Senate Rules Committee, pointing out that the Senate had passed seven or more bills by that point in the session, dealing with matters set forth in the Attorney General's report, most of which were still in Conference Committee at that time, and the Attorney General was requested to review such bills and submit any proposed amendments or changes which might be necessary to cover any aspects of his report which were not taken care of by the provisions of these impending acts, most of which have now been passed by both Houses and sent to the Governor. No amendments were suggested or received in connection herewith.

As has been exhibited time after time this session and in past sessions, the Senate will not shirk from its responsibility nor avoid whatever action should be taken under the Constitution or statutes. To illustrate, the Senate last session formally investigated the Industrial Development Department and this session has investigated the alleged kickbacks and improper action involving state buildings, has called witnesses before the Senate Appropriation and Budget Committee with reference to other matters of serious public concern, has investigated the LPG Industry, and taken numerous steps to meet its responsibility as regards the integrity of state government.

The Senate Rules Committee, however, does not feel that it would be proper for the Senate to adopt House Concurrent Resolution 1126, since no member of the Senate has had any opportunity to review any of

the evidence nor interrogate any witnesses, and has not had the benefit of the presentation of the report by the Special Committee of the House, nor hear any of the presentation or debate in the House in connection herewith.

The State Senate has no means whatever to know whether the proposed Resolution should be adopted or rejected and whether or not the proposed House Concurrent Resolution 1126 is the only action which should be taken in connection with this matter.

The Senate Rules Committee therefore respectfully submits that the Honorable House of Representatives proceed by a simple resolution, if it deems this action appropriate in light of its knowledge of the facts in this matter, in lieu of a House Concurrent Resolution, to request that the Attorney General proceed under 74 O.S., 1971, Section 18-B(c), in that this statute under which the House is seeking to proceed, states that "either branch of the Legislature" may request the Attorney General to prosecute and defend action of the state's interests. It is not necessary that the Senate concur in this request, and in light of the fact that only the House is in a position to know the facts as to whether or not a Resolution of this type should be passed. The Senate Rules Committee makes these recommendations while there is still time available, for the Honorable House to take whatever action it deems appropriate.

Respectfully submitted,

Don Baldwin, Chairman
Committee on Rules

Senator Baldwin moved that the above committee report be adopted, which motion was declared adopted.

Senator Baldwin asked unanimous consent that the report be delivered immediately to the Honorable House in the form of an official Senate Communication, which was the order.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. A. All prosecutions commenced in a municipal court of record in cities having a population of more than 125,000 inhabitants as determined by the last preceding federal census shall be by information, pursuant to 47 O.S. 1971, Section 16-108, for traffic offenses and by

information as in the district courts in other cases, which shall be subscribed by the person making complaint and shall be verified before a judge, the court clerk, or a deputy court clerk. All prosecutions for the violation of municipal ordinances shall be styled, "The City of _____ (naming the municipality vs._____(naming the person or persons charged)."

B. Upon receipt of a traffic ticket or complaint by the court clerk, other than a traffic ticket which has been signed by the arrested person as a plea of guilty, the court clerk shall either prepare a copy of the ticket or complaint and deliver the original to the municipal attorney, or record the ticket on a list maintained in the clerk's office and deliver the ticket to the municipal attorney for his disposition. After disposition of the ticket by the municipal attorney, the name shall be removed from the list by the court clerk. A traffic ticket or complaint that is certified by the arresting officer, the complainant, or the municipal attorney, shall constitute an information against the person arrested and served with the traffic ticket or complaint. The ticket or complaint shall be endorsed by the municipal attorney before it is filed with the court clerk; except if the person arrested and served with a traffic ticket or complaint either at the time he is arrested or at a subsequent time shall indicate in writing on the ticket or complaint, above his signature, that he elects to plead guilty to the violation charged, the traffic ticket or complaint shall be filed with the court clerk, as an information, without the endorsement of the municipal attorney, and it shall be the duty of the court clerk to notify the municipal attorney as to the fact of such filing.

SECTION 2. A. Whenever a resident of a municipality served by a municipal court of record is arrested for the violation of any ordinance, traffic or nontraffic, by a law enforcement officer, the officer may release such person if he acknowledges receipt of a citation by signing it unless it reasonably appears to the officer that the person may cause injury to himself or others or damage to property if released or that the person will not appear in response to the citation. If such person fails to appear in response to the citation a warrant shall be issued for his arrest and his appearance shall be compelled.

B. Whenever a resident of a municipality served by a municipal court is arrested by a law enforcement officer for the violation of any ordinance and is not released by being permitted to sign a citation as provided in subsection A of this section, he shall be admitted to bail either before or after arraignment.

C. Whenever a nonresident of a municipality served by a municipal court is arrested for a violation, other than a traffic violation, by a law enforcement officer, the defendant shall be eligible to be admitted to bail either before or after arraignment.

D. A municipality may require a resident of this state who is arrested for a municipal traffic violation by a law enforcement officer to comply with the procedures provided by law in Section 1114.1 of Title 22 of the Oklahoma Statutes for state traffic violations with respect to release of the arrested person and the methods of posting bail shall apply:

1. Posting cash bail;

2. Depositing with the arresting officer a "guaranteed arrest bond certificate"; or

3. Depositing with the arresting officer a valid license to operate a motor vehicle, in exchange for a receipt therefor issued by the arresting officer, which shall be recognized as an operator's license and shall authorize his operation of a motor vehicle to the date of his hearing but not to exceed twenty (20) days.

E. The amount and conditions of bail granted under subsections B and C of this section shall be determined by the judge who shall prescribe rules for the receipt of bail. In the event of arrests at night, or other emergency, or when the judge is not available, the chief of police or his designated representative shall be authorized by the judge under such conditions as shall be prescribed by the judge to accept a temporary cash bond in a sufficient amount to secure the appearance of the accused, but in no event shall said cash bond be more than the maximum fine provided by ordinance for each offense charged.

SECTION 3. The provisions of this act shall be indexed as Sections 785.1 and 785.2 of Title 11.

SECTION 4. 11 O.S. 1971, § 785, is hereby repealed."

E. The Board is hereby empowered and authorized, and it shall be its duty, subject to the Administrative Procedures Act and other applicable laws, to prescribe, adopt and promulgate rules, regulations and specifications not inconsistent with this act, as it shall deem just and reasonable, and to revoke, amend or supersede such rules and regulations. For the purpose of fixing standards for body and frame design and construction requirements and the installation of plumbing, heating and electrical systems in mobile homes, the Board is hereby authorized to adopt rules and regulations, incorporating by reference those provisions of the standards for mobile homes developed by the American National Standards Institute's committee on mobile homes and designated proposed ANSI No. A119-1-1974, as the Board deems necessary to protect the health and safety of the public. The Board may by regulation amend and make such changes in the standards so adopted as may be deemed necessary to protect the health and safety of the public. Standards adopted under the provisions of this section shall be, to the extent practicable, uniform with those adopted by other states.

F. The Administrator is hereby authorized and directed, and it shall be his duty, to administer and enforce the safety rules, regulations and specifications prescribed, adopted and promulgated by said Board under and by virtue of the provisions of this act, and to incur all necessary expenditures in effectuating the purposes of this act. The Administrator shall serve as Secretary to said Board.

SECTION 5. A. No dealer shall rent, lease, sell or offer for sale in this state any mobile home manufactured after the effective date of this act unless it bears a seal along with certification by the manufacturer on new units or by the dealer on used units without having first applied for and obtained a registration permit to do so. A certificate certifying that such mobile home meets or exceeds the requirements of this act and regulations promulgated thereunder with respect to construction, plumbing, heating and electrical systems established by this act shall be displayed in the manner prescribed by the Board.

B. No person shall manufacture in this state any mobile home after the effective date of this act unless it bears upon completion of manufacture a seal along with certification that such mobile home meets or exceeds the requirements of this act and regulations promulgated thereunder with respect to construction, plumbing, heating and electrical systems established by this act and without having first applied for and obtained a registration permit to do so.

C. It is unlawful for any dealer to alter or convert, or cause to be altered or converted, installations or equipment of a mobile home which bears a seal issued by the Board, when such home or unit has been used, occupied, sold or offered for sale within the state, unless such performance is in compliance with regulations adopted by the Board and without having first applied for and obtained a registration permit to do so.

D. Applications for registration permits shall be in writing, on a form provided by the Board, and shall contain such pertinent information as the Board shall require. Upon approval of each such application as hereinafter provided, the Administrator shall issue to the applicant a nontransferable permit to engage in the manufactured mobile home industry in this state until the same shall expire or shall be suspended or revoked, as hereinafter provided.

E. All such registration permits shall expire on September 1 of each year, provided, however, that the Administrator may issue a semi-annual or quarterly permit, as applicable to applicants newly en-

gaging in any such business after March 1 of any year, which permit shall run until September 1 of such year, and the Administrator shall prorate the fee therefor. All such registration permits may be automatically renewed upon payment of the annual fee or fees on or before the expiration of the registration permit.

F. For the purposes of defraying the cost and expenses of administering and enforcing this act, persons, firms and corporations required to be registered under this act shall, at the time of issuance of each such permit, pay to the Administrator whichever of the following fees are applicable to the permit or permits issued:

1. Class 1: Manufacturer's Permit. Permits the holder to be engaged in any phase of the manufactured mobile home business. Fee — One Hundred Fifty Dollars ($150.00).

2. Class II: Dealer's Permit. Permits the holder to engage in the retail or wholesale sale of manufactured mobile homes. Fee — Seventy-five Dollars ($75.00).

3. Seals: The Board shall establish reasonable fees for seals or inspection or both, which are sufficient to cover all costs incurred in administration of this act. Seals remain the property of the state and may be removed by the Administrator or his agent from any mobile home which is in violation of this code.

G. The Board shall have the authority to approve or disapprove applications for registration permits to manufacturers and servicers, and the Administrator shall have the authority to approve or disapprove all other applications for registration permits that may be issued under subsection F above.

1. No application shall be approved by the Administrator unless and until the Administrator, in his discretion, has satisfied himself by adequate oral or written examination that the applicant has a working knowledge of the safety requirements provided by the rules and regulations of the Board.

2. No application shall be approved by the Board unless and until the Board, in its discretion, has satisfied itself by adequate oral or written examination of the applicant, or the individual who is or shall be directly responsible for actively supervising the operations of such applicant which is a partnership, firm or corporation, that the applicant or such individual has a working knowledge of the safety requirements provided by the rules and regulations of the Board. The Board shall cause to be held quarterly public hearings on the second Monday in the months of January, April, July and October of each year hereafter on all applications for a new registration permit which the Board is authorized to approve, or upon such other occasions as the Board may deem necessary. Notice of each such hearing, setting forth the name, address and business location of each such applicant to be considered at the hearing, shall be mailed to each such applicant and shall be posted in a conspicuous place in the office of the Administrator in Oklahoma City, Oklahoma, at least thirty (30) days prior to the date of such hearing. Such applicant or the individual who is or shall be directly responsible for and actively supervising the operations of such applicant, shall be present at such hearing before the application will be considered by the Board. If, after a public hearing so held, an applicant is found by the Board to have a working knowledge of the safety requirements provided by the rules and regulations of the Board, the Board shall cause an order to that effect to be entered upon its records and the application shall be approved, or, in the event an applicant fails to qualify such fact shall be entered upon the Board's records.

H. If the Board determines that stan-

dards for mobile homes which have been prescribed by the statutes or regulations of another state are at least equal to the statutes and regulations of this state, the Board upon determining that such standards are being enforced by such other state, shall place such other state on a reciprocity list. The Board may make such approval contingent upon such other state's granting reciprocal effectiveness to seals affixed under authority of this state and shall maintain a list of such states which shall be available upon request. Any mobile home which bears a seal of any state which has been placed on the reciprocity list may not be required to affix the seal of this state provided for in Section 5.

I. If a mobile home carries a seal as provided in this act, no agency of this state, or any municipality or other local governmental body shall require such mobile home to comply with any building, plumbing, heating or electrical code other than the code established under the provisions of this act.

SECTION 6. The Administrator is empowered and authorized to suspend or revoke any registration permit issued hereunder, if it shall appear, upon hearing, that the registrant has violated or is violating or has failed or is failing to comply with any provisions of this act, or the rules, regulations or specifications adopted by the Board. Such proceedings shall be governed by the Administrative Procedures Act.

SECTION 7. A. It shall be the duty of the Administrator to inspect or to provide for the inspection of, any manufactured home built or offered for sale or sold in this state, whenever in the discretion of the Administrator, or any Inspector such inspection is necessary to effectuate the purposes of this act. The Administrator and Inspector are hereby severally empowered and authorized to enter upon any premises where any such manufactured home is being or has been made or sold to conduct such inspection.

B. Every person to whom the Board or the Administrator issues a registration permit as herein provided shall have the same in his possession at all times when engaged in that phase of the manufactured home for which the same was issued and shall display the same upon demand of the Administrator, the Chief Deputy Administrator or Inspector.

SECTION 8. Any person, firm or corporation violating any of the provisions of this act, or any rule, regulation or specification adopted by the Board shall be guilty of a misdemeanor, and upon conviction thereof such person or the responsible members of such firm, or the responsible officers of such corporation, shall be punished by a fine of not more than Two Hundred Dollars ($200.00) or imprisonment in the county jail for not more than thirty (30) days, or by both such fine and imprisonment.

SECTION 9. All fees and fines collected under the provisions of this act shall be deposited with the State Treasurer to the credit of the General Revenue Fund.

Seventy-sixth Legislative Day

Friday, May 17,1974

Pursuant to adjournment, the Senate was called to order by President Pro Tempore Hamilton.

Roll Call:

Present: Birdsong, Boecher, Capps, Crow, Dahl, Ferrell, Field, Funston, Garrett, Grantham, Graves, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Lamb, Lane, Luton, McCune, Martin, Medearis, Miller, Pierce, Randle, Rogers, Schuelein, Smith, Stansberry, Stipe, Taliaferro, Terrill, Trent, Wadley, Watson, Wolfe and Young.—39.

Excused: Baldwin, Berrong, Breckinridge, Cate, Ham, Keller, Murphy and Porter.—8.

President Pro Tempore Hamilton declared a quorum present.

The following prayer was offered by Senator Watson and incorporated into the Journal upon request of Senator Field.

Our Father and Our God, We are so grateful for an opportunity to serve in this capacity. As we near the conclusion of this Session's activities, our most fervent prayer is that each of us will realize the responsibility we have to properly fulfill our job to the very end of the Session; that we will concern ourselves this day not with "going home", necessarily, but with doing what is in the best interest of the people of this state.

Our prayer is that as we depart from this place you will see us safely to our journey's end and that if it be Thy will we will all have an opportunity to be together at some future date. In Jesus' name, Amen

The Senate was later led in prayer by Reverend Kresten Norholm, and the prayer incorporated into the Journal on request of Senator Capps.

Dear Jesus,

When You were here on earth, You said that when You returned to the Father, You would send a Comforter, the Holy Spirit to be with us. He is here now to teach us all things. He is here to teach us to pray. And we thank You, our God, for the privilege of prayer. We thank You, dear God, that we live in a country where we can pray openly. We thank You for this country and for what it stands.

We thank You for the pilgrims who came to this land and for the faith and trust they had in You. They were great men of faith. And because of their faith, this country is built on faith in You, dear God. As the years have gone by, there has been somewhat of a falling away from that faith and trust in You.

We have on our coins: "In God we trust" and these are good words, but we just need

to practice what we preach. I pray that this faith in You, dear God, may be seen in our government. I pray that all our lawmakers will stop and consider You at the beginning of each day. I pray that they will put their complete trust in You. May we not only be Christian in word but also in deed.

You sent the Holy Spirit to endow us with power—power to do things which will further Your kingdom. May this power be distributed to us today as we seek Your will. We read in the Old Testament that when Ezra the scribe read the law of God, all the people stood up and they believed and understood what was being read and they worshipped God the Lord. It further says that all the poeple wept when they heard the words of the law. Ezra closed by saying: "Go your way for the joy of the Lord is your strength." It is for that kind of strength that I pray. In Jesus' name. Amen

The Journal for the last legislative day was declared approved.

COMMITTEE REPORT OF THE APPROPRIATIONS AND BUDGET COMMITTEE ON HOUSE BILL NO. 1524

On the twenty-fourth day of April, 1974, House Bill No. 1524 making appropriations to the Office of the State Examiner and Inspector was pending on General Order in the Oklahoma State Senate and was called up for consideration by Senator Jimmy Birdsong, Floor Leader. Upon motion of Senator Ed Berrong said bill was advanced to engrossment and by unanimous consent upon request of Senator Berrong said bill was considered engrossed and placed on third reading and final passage.

Senator Donald F. Ferrell then filed a motion in writing which reads in part as follows:

> "... that Senate Bill 1524 be reported back to the Appropriations and Budget Committee for the purpose of conducting hearings with authority to receive testimony of witnesses sworn and examined under oath and that findings of the committee be reported back to the Senate one week from this date."

Senator Gene Stipe then moved to table the Ferrell motion and said motion to table, upon a roll-call vote, failed by a vote of 19 ayes and 25 nays. Thereupon the Ferrell motion was adopted by the Oklahoma State Senate. All of these proceedings are reflected on pages 790 and 791 of the Senate Journal.

Pursuant to said motion, Senator Ed Berrong called a meeting of the Appropriations and Budget Committee of the Oklahoma State Senate at 11:00 a.m. on the 30th day of April, 1974, and said committee proceeded to hear the testimony of witnesses sworn and examined under oath.

The hearings were continued from time to time and many hours of testimony were heard by the committee on four separate days and all witnesses who were requested to appear before the committee or who made a request to the committee to be heard were heard by the committee. All witnesses voluntarily appeared before the committee and the transcript of the testimony of all witnesses and the proceedings of the committee was prepared by Howard J. Kirkpatrick, Certified Shorthand Reporter, which transcript, consisting of 310 pages, was certified and delivered to the committee on the 13th day of May, 1974.

It became evident during the progress of the hearing that it was impossible to submit a report to the Oklahoma State Senate within one week of the Ferrell motion and Senator Berrong made a unanimous consent request of the Oklahoma State Senate that the time be extended to such time as the report could be submitted which unanimous consent request was granted.

At the conclusion of the testimony before the committee, Senator Berrong as chairman appointed a subcommittee consisting of Senators Roy E. Grantham, Herschal H. Crow, Jr., and John R. McCune to draft a report to be submitted by the Appropriations and Budget Committee of the Oklahoma State Senate to the Oklahoma State Senate pursuant to the Ferrell motion which report as adopted by the said subcommittee and approved by the Appropriations and Budget Committee of the Oklahoma State Senate is as follows:

1. SUMMARY OF THE TESTIMONY

As we approach the closing of the Second Session of the Thirty-fourth Legislature, time will not permit a detailed summary. There are three separate accounts established by the employees of the Office of the State Examiner and Inspector to which said employees make periodic contributions.

These accounts are: The State Examiner and Inspector Special Fund, The Flower Fund, and The SEI Conviviality Fund. The purpose of the State Examiner and Inspector Special Fund is to receive campaign contributions. The purpose of the Flower Fund is to provide money to purchase flowers in case of death or illness and the purpose of the SEI Conviviality Fund is to provide funds for the Christmas Party for the employees. These funds have existed in this department for many years.

Up until the year of 1970 the State Examiner and Inspector's Special Fund was used only to finance the campaign for re-election of the State Examiner and Inspector.

In the year of 1970, which was an election year, contributions were solicited from the employees of the Office of the State Examiner and Inspector for contributions to the State Examiner and Inspector Special Fund and approximately $12,000.00 was raised on the original solicitation on the basis of funds needed for the re-election of John M. Rogers as State Examiner and Inspector. It was felt at the time of this solicitation that Mr. Rogers would have an opponent in the campaign and he in fact did have an opponent file against him but this opponent withdrew from the race and Mr. Rogers had no other opponent in the race and therefore was unopposed for the Office of State Examiner and Inspector.

The funds which were raised for Mr. Rogers' campaign were later used to help finance the campaign of David Hall and these funds were used in this manner without consulting the employees who had made the contribution on the basis that they would be used for the campaign expenses of Mr. Rogers.

In the early part of August, 1970, or following the primary election in that year, David Hall requested through John Rogers, Secretary of State, and Robert L. Callaway, Executive Assistant to the Office of State Examiner and Inspector, that $25,000.00 be raised to help finance the Democratic runoff primary between David Hall and Bryce Baggett and after this request was transmitted to John M. Rogers, the employees of the Office of State Examiner and Inspector were again solicited for funds for the runoff primary campaign of David Hall for Governor of the State of Oklahoma.

In this solicitation for campaign contributions as in prior solicitations the supervisors who solicited campaign contributions from the other employees of said department suggested the amounts to be contributed by each employee who was solicited and in most instances this was the amount contributed by the employee.

Prior to the solicitation of campaign funds for David Hall it was decided to raise the salaries for certain positions in the Office of the State Examiner and Inspector and the increases for these positions were substantial. It is not clear from the testimony as to exactly when this decision was made but it is clear that it was prior to August, 1970, and there was testimony that this decision was reached sometime in May or June of 1970. These increases in salary for the position ranged from $25.00 per month to $300.00 per month. Of the 85 employees in the department there were 21 positions for which there were no raises. Most of the raises were substantial and in nearly all instances the raises appeared to be geared to a formula which is correlated to the amount contributed to the State Examiner and Inspector Special Fund for the campaign expenses of David Hall.

A list of the employees of said office in the year of 1970 together with a list of the contributions made and the raises received was prepared by said office and was received in evidence by said committee. Said list is hereto attached labeled Exhibit "A" and made a part hereof.

Some of the employees knew at the time they made their contributions in August, 1970, that they were going to receive a raise. Some knew how much the raise would be and some did not. Others did not know that they were going to receive a raise. One witness, Gwen Treece, a former employee of said office testified that she was advised by Russell Owen, of said office, that she would receive a salary increase if she contributed to the campaign of David Hall and that she did make a contribution and that she did receive a raise. All other witnesses testified that there was no promise of any raise if they made contributions but some employees were advised that they were going to get a raise before they were asked for contributions. All witnesses with the exception of Gwen Treece testified that all of the em-

ployees contributed voluntarily without any threats or promises being made to them.

All the witnesses testified that they were not aware of any other instance where solicitations were made through the Office of Examiner and Inspector for contributions for any other office other than that of Examiner and Inspector and there was no evidence of any contribution through this office to any other gubernatorial candidate in the year 1970 and prior years.

There was evidence that in addition to the solicitations for the campaign of David Hall there were solicitations for the purchase of tickets to a "Kick-Off Dinner" for the campaign of John Rogers, Jr., Secretary of State, in his campaign for the office of United States Senator. The solicitations for the sale of these tickets were made by the supervisors of said office in soliciting from the employees of said office.

It will be noted from Exhibit "A" that the solicitation for campaign funds resulted in payments of said employees prior to August 1, 1970, in the sum of $18,990.00 and in payments after the first day of August, 1970 in the sum of $24,854.00, all in the total sum of $43,844.00. All of these contributions after being received by the persons who solicited them were paid into the State Examiner and Inspector Special Fund.

The evidence further reveals the total amount paid into the State Examiner and Inspector Special Fund for the year of 1970 including the amount shown on Exhibit "A" was in the total sum of $44,129.50.

The major portion of this sum was disbursed from the State Examiner and Inspector's Special Fund either directly or indirectly for the campaign expenses of David Hall and a chart showing the persons or organizations to whom checks in the total sum of $37,000.00 were paid and delivered together with the organization or firm to whom the checks or the proceeds therefrom were eventually delivered is hereto attached labeled Exhibit "B" and made a part hereof.

There was no evidence as to the reason for the writing of checks from the State and Examiner's Special Fund to individuals other than David Hall when such funds were intended for the campaign expenses of David Hall.

While it was presumed that the three checks in the sum of $4,000.00 each written to Dorothy Pike, Wendell Clark, and Ron Bennett, respectively, are shown to have been reduced to cash by said individuals and transferred to the "Citizens for Hall" there is no evidence that the cash from these particular checks reached the "Citizens for Hall" checking account.

2. FINDINGS.

After hearing all the testimony and after reviewing the transcript of the testimony of the witnesses and the proceedings of the committee, the committee makes the following findings:

A. That prior to August 1, 1970, there was contributed by the employees and former employees of the Office of Examiner and Inspector the sum of $18,990.00, which funds were contributed for the purpose of the re-election of John M. Rogers to the Office of Examiner and Inspector and that when it developed that Mr. Rogers did not have an opponent, the major portion of these funds were contributed to the campaign of Governor David Hall and the consent of the contributors was not obtained for the use of these funds for this purpose.

B. That after August 1, 1970, and prior to run-off primary election, the employees of the Office of Examiner and Inspector contributed to the campaign of David Hall for campaign expenses in his campaign

against Bryce Baggett the sum of $24,854.00, which said contributions were solicited from said employees by their supervisors in said office.

C. That all campaign contributions by said employees were handled through the State Examiner and Inspector's Special Fund and that all disbursements from said fund were made by checks and that the disbursements from said fund to the campaign of David Hall prior to the Democratic run-off primary exceeded the sum of $37,000.00.

D. That there was a definite correlation between the campaign contributions and the salary increases of said office during the year of 1970.

E. That while the testimony was clear that, with one exception, the contributions were made without any threats or promises, the fact that the solicitation was made by supervisors in said office from the employees did of itself constitute pressure on said employees.

F. That tickets were sold for the "Kick-Off Dinner" for John Rogers, Secretary of State, for his campaign for the office of United States Senator to the employees of the Office of the Examiner and Inspector and similar procedures were used in the sale of said tickets as were used in solicitation of campaign contributions and that while the testimony was that the purchase of said tickets was voluntary, certain pressures did exist by virtue of the supervisor-employee relationship.

G. That there is no explanation in the testimony as to why disbursements from the State Examiner and Inspector's Special Fund to the campaign of David Hall were made in many instances to persons and firms other than David Hall or "Citizens for Hall."

H. That while the practice of solicitation of employees of the Office of the State Examiner and Inspector for campaign contributions is of long standing, the year of 1970 was the only year insofar as any of the witnesses could recall when solicitations were made from said employees for political campaigns other than the campaign for State Examiner and Inspector.

3. RECOMMENDATIONS.

After hearing all the testimony and reviewing the transcript of testimony and proceedings of said committee, the committee makes the following recommendations:

A. That the appropriations to the Office of Examiner and Inspector should be by line item so as to prevent the adoption of any policy which would create a correlation between salary increases and contributions to any political campaign.

B. That a study should be made by the appropriate committee of the Legislative Council of the feasibility of placing the Office of Examiner and Inspector under the Merit System of the State of Oklahoma.

C. That legislation should be enacted which would make it illegal for a supervisor in any department of State government to solicit campaign contributions from the employees in his department and further providing that any solicitation of a campaign contribution from any employee of State government coupled with a promise of a salary increase for said employee or any promise of a salary increase contingent upon a political contribution would constitute a crime, punishable by imprisonment in the State Penitentiary not to exceed ten years (10 years) or by a fine not to exceed Five Thousand ($5,000) Dollars or by both such fine and imprisonment.

D. That legislation should be enacted which would make it illegal for any em-

ployee in State Government to solicit campaign contributions from any other employee in State government and such solicitation would constitute a misdemeanor.

E. That there should be no prohibition against any employee of State government voluntarily making a campaign contribution to the candidate of his choice.

F. That a study of this report together with a transcript of the testimony and the proceedings of said committee be studied by those charged with the responsibility of enforcing the law of our State and of prosecuting violations of the law in our State and in the event it is determined that any existing law has been violated, the appropriate action be taken.

G. That copies of this report together with the transcript of the witnesses and the proceedings of the committee be submitted to the Governor of the State of Oklahoma, the Attorney General of the State of Oklahoma, the District Attorney of Oklahoma County, Oklahoma, the District Attorney of Tulsa County, Oklahoma, and the Oklahoma State Bureau of Investigation.

TEXT OF AN ADDRESS BY THE HONORABLE DAVID HALL

Four months and nine days ago I reported to you that Oklahoma was surging forward with unprecedented opportunity.

Your efforts in the intervening weeks have served Oklahoma well. You have completed this 34th Legislature, as it began, in service to the people.

The greatest achievement of this administration and this Legislature is the funding of education for the children of Oklahoma. Education is the number one priority. You have made that a fact.

History will reward your efforts with happy, intelligent, educated, young people in our state.

Penal reform is on the way to becoming a reality as a result of your interim study committee and the actions of this body during this session. Oklahoma is going to move forward in a progressive and meaningful manner in this vital area.

Road building and death trap elimination will continue in Oklahoma because you have provided the necessary dollars to save lives and improve transportation across the state.

The economy of Oklahoma is strong!

This legislative body has met a problem the entire nation is concerned about, integrity in government! You have reviewed Oklahoma's laws in regard to campaign contributions and conflict of interest. You have taken steps to strengthen those laws in the interest of candor and openness in government. You have carried out your responsibilities with good judgment and dispatch.

You have funded the programs we recommended. The budget is a record! Oklahoma is fiscally sound.

The people's business has been accomplished.

When we return to these halls next year to handle the people's business we will have some unfinished work.

The medical center's problems loom on the horizon. Let me assure you we will work hard in the interim to bring forth some positive and long range solutions to keep Oklahoma in the all important business of training doctors to deliver health care for our sick.

Coal gasification one day will make available jobs and energy resources as yet untapped in Oklahoma. Next year we shall again recommend coal gasification for Oklahoma.

There has been considerable debate and discussion on Senate Bill 421. It is my intention to ask for an interim study to be accomplished regarding the data processing procedure. I personally favor the concept expressed in SB 421 and anticipate that with this study and a review of the measure, I will be in support of the concept and such a bill in the 1975 Session.

Let me say, that I feel very strongly about the progressive work of this session of the Legislature and the past three sessions! During my first term as Governor of Oklahoma we have seen more legislation to help people than at anytime in our history.

We have gone about the people's business.

Oklahoma has been well served.

It has been a rewarding and meaningful experience for me and I look forward to working with many of you in the coming four years!

God Bless the State of Oklahoma!
