State Board of Equalization
State Capitol Building
Oklahoma City, OK 73105

Members of the Board:

The Constitution of the State of Oklahoma, Article X, Section 23, as last amended April 30, 1985, provides in pertinent part:

...the Legislature may at any regular session or special session, called for that purpose, enact laws to provide for additional revenues or a reduction in revenues, other than ad valorem taxes, or transferring the existing revenues or unappropriated cash on hand from one fund to another, or making provisions for appropriating funds not previously appropriated by the Legislature. Whereupon, it shall be the duty of the State Board of Equalization to make a determination of the revenues that will accrue under such laws and ninety-five percent (95%) of the amount of any increase or decrease resulting, for any reason, from such changes in laws shall be added to or deducted from the amount previously certified available for appropriation from each respective fund, as the case may be...

...Legislative appropriations for any fiscal year...shall be limited to a sum not to exceed the total amount appropriated from all funds in the preceding fiscal year plus twelve percent (12%), adjusted for inflation for the previous calendar year...The limit on the growth of appropriations shall be certified to by the State Board of Equalization.

...The State Board of Equalization shall meet within five (5) days after the monthly apportionment in February of each year, and at that time may adjust the certification, based upon the most current information available, and determine the amount of funds available for appropriation for that legislative session. At said meeting, the Board shall determine the limit on the growth of appropriations as provided for in this section.

The following report has been prepared in accordance with the procedures set forth above, and is respectfully, submitted for your consideration.

Very truly yours,

/s/ Tom Daxon
Director of State Finance

EDUCATION REFORM ACT - HB 1017

Schedule 1-A

Section 41.29a of Title 62 subsection A states: "In order that the Legislature may guarantee that the increased revenue generated as a result of the tax changes contained in this act shall be appropriated to fund the education reforms provided for in this act, the Office of State Finance shall present as part of the official certification process for each fiscal year an estimate of all revenues which shall accrue to the General Revenue Fund as a result of the tax changes contained in this act. The estimate shall show the increased revenue from personal income taxes, corporate income taxes and sales and use taxes as a result of the provisions of this act separately. The estimate shall further account for changes to such revenue which result from growth or decline in said tax sources due to economic circumstances."

The method of determining the percentage of each source attributable to HB 1017 was set by the State Board of Equalization at its April 26, 1990 meeting. The ratios were established originally by dividing the estimate of revenue to be raised as a result of HB 1017 by the total estimate of revenue of each source at the time of passage of HB 1017. These ratios were updated at the February 19, 1991 meeting to reflect the annualization of what were partial year estimates at the April 26, 1990 meeting of the State Board of Equalization.

SB 826 of the Second Regular Session of the Forty-Fifth Legislature amended Section 41.29a of Title 62 to require that the Office of Accountability to account for and report monthly revenues which accrue to the Education Reform Revolving Fund. The Education Reform Revolving Fund on June 1, 1996 began receiving revenue attributable to the revenue provisions of HB 1017 rather than these revenues first being apportioned to the General Revenue Fund.

For the purpose of raising money for a technology fund for school districts, which may be used for purchasing equipment and related supplies, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of the school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the taxable property in the school district. The Legislature shall prescribe by law the nature of equipment and supplies that may be purchased through the technology fund. The level of funding generated by the technology fund levies shall not be a factor used to reduce state funding for a school district.

allowed to become indebted, in any manner, or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness: Provided, except as otherwise provided herein, that if a school district has an absolute need therefor, such district may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, for the purpose of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment; and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need, unless otherwise provided by law. Provided further, a school district, by resolution of the district board of education, may propose that the district be enabled to incur indebtedness not exceeding fifteen percent (15%) of the valuation of the taxable property therein for the purpose of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment upon approval of the indebtedness by three-fifths of the voters of the district voting at any subsequent elections held for such purpose. SECTION 8. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends Section 26 of Article 10 of the State Constitution. Under current law a school district may incur debt for no more than 10% of the assessed value of taxable property in the district. This measure would allow a school board to ask the voters in a school district to raise the debt limit for the school district. If more than half of the voters in the school district vote to raise the debt limit, the district could incur debt for up to 15% of the assessed value of taxable property in the district. The debt itself would have to be approved in later elections by at least three-fifths of the votes cast. This measure does not change the number of votes needed to approve the debt. This measure does not change the debt limit for any district where the voters do not vote to change the debt limit. The measure deletes some obsolete language.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 9. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

SECTION 10. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 10 of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 10. A. For the purpose of erecting public buildings in counties or cities, or for the purpose of raising money for a building fund for a school district which may be used for erecting, remodeling or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such county, city, or school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the taxable property in such county, city, or school district. Provided further, the rate of taxation for the building fund for a school district may be increased by an additional amount not to exceed five (5) mills on the dollar of assessed value of the taxable property in the school district upon approval of the question, submitted on a ballot separate from the ballot submitted for approval of the first five (5) mills, by a majority of the qualified voters in the school district voting at such election. The level of funding generated by building fund levies shall not be a factor used to reduce state funding for a school district.

B. A school district may upon approval by a majority of the electors of the district voting on the question make the ad valorem levy for a building fund under subsection A of this section permanent. If the question is approved, the levy in the amount approved as required by this section, shall be made each fiscal year thereafter until such time as a majority of the electors of the district voting on the question rescind the making of the levy permanent. An election on such question shall be held at such time as a petition is signed

by ten percent (10%) of the school district electors or a recommendation by the board of education of the school district is made asking that the levies be made each fiscal year.

SECTION 11. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends Section 10 of Article 10 of the State Constitution. It raises the cap on the number of mills the voters in a school district can approve for building fund levies for the school district. The cap is now 5 mills on each dollar of assessed value of taxable property in the district. This measure would raise the cap to 10 mills. Any vote to approve more than the 5 mills would have to be on a ballot that is separate from the ballot used for the vote on the first 5 mills. The state could not use the local building fund money to reduce state funding for the schools.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

SECTION 12. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 1ST SESSION OF THE 48TH OKLAHOMA LEGISLATURE:

SECTION 13. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 26 of Article X of the Constitution of the State of Oklahoma, to read as follows:

Section 26. ~~(a)~~ A. Except as herein otherwise provided, no county, city, town, township, school district, or other political corporation, or subdivision of the state, shall be allowed to become indebted, in any manner, or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness: Provided, that if a school district has an absolute need therefor, such district may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, for the purpose of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment; and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need, unless otherwise provided by law. Provided further, a school district, by resolution of the district board of education, may propose that the district be enabled to incur indebtedness upon approval of the indebtedness by a majority of the voters of the district voting at any subsequent elections held for such purpose. If the enabling proposal is approved by a majority of the voters of the district voting at an election held for the purpose of considering the proposal, the district may thereafter, with the assent of a majority of the voters of the district voting in subsequent elections to be held for the purpose of incurring indebtedness, incur indebtedness within the limits and for the purposes provided herein. At any time after the proposal that the district be enabled to incur indebtedness upon approval by a majority of the voters of the district is approved as provided herein, a school district, by resolution of the district board of education, or by petition signed by fifteen percent of the qualified voters in the school district voting at the last preceding general election, may propose that such proposal be rescinded. If the proposal to rescind is approved by a majority of the voters of the district voting at an election held for the purpose of considering the proposal, the district may thereafter, with the assent of three-fifths of the voters of the district voting in subsequent elections to be held for the purpose of incurring indebtedness, incur indebtedness within the limits and for the purposes provided herein. Provided further, that if a city or town has an absolute need therefor, such city or town may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need unless otherwise provided by law. Provided, further, that any county, city, town, school district, or other political corporation, or subdivision of the state, incurring any indebtedness requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a

~~(2) a~~ 2. A school superintendent for periods extending more than one (1) year, but not to exceed three (3) years beyond the current fiscal year.

(b) B. If a county approves an exemption of household goods of the heads of families and livestock employed in support of the family from ad valorem taxation pursuant to the provisions of subsection (b) of Section 6 of this article, the percentage limitations on indebtedness as specified in subsection ~~(a)~~ A of this section for political subdivisions or political corporations located in any such county shall be adjusted by multiplying the percentage levels specified in subsection ~~(a)~~ A of this section by the millage adjustment factor as specified in subsection (b) of Section 8A of this article.

SECTION 14. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends Section 26 of Article 10 of the State Constitution. Under current law a school district can go into debt only if the debt is approved at an election by three-fifths of the votes cast. This measure would allow a school board to ask the voters in a school district to reduce the number of votes needed to approve debt of the school district. If more than half of the voters in the school district vote to reduce the number of votes needed, in later elections the number of votes needed to allow the district to go into debt would be more than half of the votes cast. The voters in the district could vote to go back to requiring three-fifths of the votes cast in order to approve debt if the school board asks or 15% of the voters sign a petition for the election. This measure does not change the limit of debt a district can incur. It would not change the number of votes needed to incur debt in districts where the voters do not vote to reduce the number of votes needed. The measure deletes some obsolete language.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 15. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this act shall be in the following form:

BALLOT TITLE

Legislative Referendum No. _____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends the Oklahoma Constitution. It amends Section 35 of Article 10. This section allows local governments to issue bonds. The bonds are for economic development. If this measure passes, economic development purposes could be defined by law. This measure would allow local governments to levy a special sales tax. The tax rate could not be more than one cent ($0.01). This measure would allow local governments to use tax money in special ways for economic development. If a special tax is approved to repay bonds, the special tax could not be repealed until the bonds were repaid. If taxes were being used in other ways to repay bonds, the bonds would have to be repaid before changing the way the taxes were being spent. This measure would allow regional economic development districts to be created. The districts could be created by laws that the Legislature could write. After a district was created, the district could issue bonds. The bonds would be for economic development or community development. There are procedures for having an election to issue economic development bonds. The procedures used for regional economic development district bonds could be different.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, FOR THE AMENDMENT

SECTION 3. The Chief Clerk of the House of Representatives, immediately after the passage of this act, shall prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

April 11, 2001

To the Honorable President Pro Tempore

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 540. By creating a cause of action for an entirely new class of litigants – those indirectly as opposed to directly injured by a violation of the antitrust laws -- this bill will increase the complexity of antitrust litigation as well as the likelihood of multiple liability for defendants. This bill unnecessarily expands liability which will thereby increase litigation.

## MESSAGE FROM THE GOVERNOR

Advising his approval May 7, 2001, of Enrolled **SBs 47, 166, 196, 401, 408, 494, 497, 502, 633, 663, 669** and **685** and return of **SB 156**, pursuant to SCR 27, and veto of **SBs 352** and **710.**

The veto messages read as follows:

May 7, 2001

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled **SB 352** by Shurden and Rabon of the Senate and Leist, Adair and Bonny of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 352 because this bill inappropriately limits the 1st Amendment right of freedom of speech. Current law already provides a remedy for those injured by libelous or slanderous material. The bill can be construed as not allowing for fair comment on a voting record and would likely have the effect of chilling constitutionally protected speech.

By the Governor of the State of Oklahoma
/s/ Frank Keating

May 7, 2001

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled SB 710 by Taylor of the Senate and Rice of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 710 because this bill violates the constitutionally mandated separation of powers of government. The Constitution of Oklahoma, in Section 1 of Article IV, mandates three separate departments of state government, Legislative, Executive and Judicial. This bill places a member of the judicial branch on a board of an executive body charged, in part, with developing policy. It would be violative of the basic tenants of the separation of powers doctrine to allow a member of the judicial branch of government, whose charge it is to interpret the law, to participate in its development.

By the Governor of the State of Oklahoma
/s/ Frank Keating

Pursuant to the Capps motion, the Senate adjourned at 2:05 p.m. to meet Tuesday, May 8, 2001, at 9:30 a.m.

## MESSAGE FROM THE GOVERNOR

Advising his approval May 8, 2001, of Enrolled SBs 480 and 756 and veto of SB 765.

The veto message reads as follows:

May 8, 2001

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled SB 765 by Maddox of the Senate and Plunk, Askins, Pope (Clay), Smith (Hopper) and Dank of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 765. While I support the intent of this bill which is to assist small business owners in monitoring administrative rules that impact their businesses, this bill unnecessarily duplicates provisions already contained in the Oklahoma Administrative Procedures Act. This bill would not only complicate the rule-making process for agencies, it would also unduly burden the Department of Commerce, the agency charged with administering the provisions of this bill. Administrative rules undergo extensive review under the current system. Not only does my office thoroughly review these rules, but both the Senate and the House have rule review committees. Finally, this bill creates an entity in the executive department of government made up almost entirely of legislative appointments, the governor's office appointing only two of the thirteen members.

By the Governor of the State of Oklahoma
/s/ Frank Keating

Pursuant to the Mickle motion, the Senate adjourned at 5:30 p.m. to meet Wednesday, May 9, 2001, at 10:30 a.m.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Section 6B of Article X of the Constitution of the State of Oklahoma; modifying authorized use of certain amounts of ad valorem revenue by counties; authorizing use of certain portion of county ad valorem revenue for economic development; providing for approval by voters of county; providing for direct apportionment of revenue derived from levies by other taxing jurisdictions; specifying

exempt property subject to provisions related to specialized use of ad valorem revenue; providing ballot title; and directing filing.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE 1ST SESSION OF THE 48TH OKLAHOMA LEGISLATURE:

SECTION 4. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 6B of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 6B. A. For the purpose of inducing any manufacturing concern to locate or expand manufacturing facilities within any county of this state, a qualifying manufacturing concern shall be exempt from the levy of any ad valorem taxes upon new, expanded or acquired manufacturing facilities for a period of five (5) years.

B. For purposes of this section, a "qualifying manufacturing concern" means a concern that:

1. Is not engaged in business in this state or does not have property subject to ad valorem tax in this state and constructs a manufacturing facility in this state or acquires an existing facility that has been unoccupied for a period of twelve (12) months prior to acquisition; or

2. Is engaged in business in this state or has property subject to ad valorem tax in this state and constructs a manufacturing facility in this state at a different location from present facilities and continues to operate all of its facilities or acquires an existing facility that has been unoccupied for a period of twelve (12) months prior to acquisition and continues to operate all of its facilities.

C. The exemption allowed by this section shall apply to expansions of existing facilities. Provided, however that any exemption shall be limited to the increase in ad valorem taxes directly attributable to the expansion.

D. The Legislature shall define the term "manufacturing facility" for purposes of the ad valorem tax exemption provided by this section in order to promote full employment of labor resources within the state; provided, however, that a manufacturing facility that qualifies for the ad valorem tax exemption provided by this section, pursuant to the definition of "manufacturing facility" then applicable, shall be eligible for the exemption without regard to subsequent changes in the definition of the term "manufacturing facility".

E. The Legislature shall enact laws to carry out the provisions of this section and to provide for the reimbursement to common schools, county governments, cities and towns, emergency medical services districts, vocational-technical schools, junior colleges, county health departments and libraries for revenues lost to such entities as a result of the exemption provided by this section.

F. The assessed valuation of property exempt from taxation by virtue of this section shall be added to the assessed valuation of taxable property in computing the limit on indebtedness of political subdivisions contained in Section 26 of this article.

G. Pursuant to an affirmative vote of a majority of the eligible voters of the county at an election for such purpose which may be called by the county commissioners of each county, after the expiration of the period prescribed by this section for the exemption, a county may retain not to exceed twenty-five percent (25%) of the increased ad valorem

taxes derived from the levy imposed by the county upon the taxable value of property previously exempt pursuant to this section. The revenue retained by the county pursuant to this subsection may be used by the county as an economic development incentive to attract additional investment which will result in additional employment in the county. Only ad valorem tax revenue derived from ten (10) mills of the total ad valorem tax levy imposed by the county may be used for this purpose. The ad valorem tax revenue derived from the levy imposed by any other taxing jurisdiction shall be apportioned as otherwise required by law. The provisions of this subsection shall be applicable to qualified manufacturing concerns exempt prior to the adoption of the amendment contained in this subsection and which become taxable, either by expiration of the exemption period or for other reasons, on or after the date as of which the provisions of this subsection become law and to qualified manufacturing concerns which are exempt for the first time on or after the date of the adoption of the amendment contained in this subsection and which subsequently become taxable.

SECTION 5. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends the Oklahoma Constitution. It amends Section 6B of Article 10. Businesses pay property tax on business property. Some kinds of business can have an exemption from property tax. The exemption can last up to five years. After the exemption is over, the business pays property tax on its property. Property tax is used by local governments. Counties use property tax. If this measure passes, an election could be called. Voters could change the way county property tax is used. If voters approved, some county property tax could be used for economic development. A county could use no more than one-fourth of some property tax this way. Only one-fourth of property tax from previously exempt business property could be used this way. This part of county property tax could be used for other economic development purposes. Only property tax a county receives could be used in this way. Other local governments that receive property tax would get the full amount of property tax from business property.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 6. The Chief Clerk of the House of Representatives, immediately after the passage of this resolution, shall prepare and file one copy thereof, including the Ballot Title

The veto messages read as follows:

June 5, 2001

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled **SB 415** by Morgan of the Senate and Kirby of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 415. This bill would allow salvaged car titles to be replaced with clean titles upon certification by the entity repairing the vehicle that the costs of the repairs were not 60% of its value – the standard used to determine "salvaged".

The purpose of this law is to give notice to a subsequent purchaser of a car of severe damage that has occurred. Allowing the salvage designation to be removed from a title based upon a form submitted to the Tax Commission by the party repairing the vehicle is not in the consumer's best interest.

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled **SB 444** by Shurden of the Senate and Leist of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 444 because this bill does not clearly indicate that all officers of the highway patrol are to complete the full Patrol Academy of the Department of Public Safety, a requirement that must exist in order to protect the safety of the public.

The bill also requires the Department to provide the same uniform and equipment to all officers of the Oklahoma Highway Patrol Division. However, the legislature has failed to provide adequate funding to implement this mandate.

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled **SB 496** by Rabon of the Senate and Roberts and Matlock of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 496 because this bill waives penalties for school districts that violate the law requiring reports for financial transactions to be filed with the Board of Education. Schools currently have ample time to file these reports and receive notices prior to the imposition of penalties. Failure to enforce the penalties for not filing timely reports would create a disincentive to follow the law.

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled **SB 353** by Fisher of the Senate and Tyler of the House

This is to advise you that on this date, pursuant to the authority vested in me by Sec
II of Article VI of the Oklahoma Constitution to approve or object to legislation prese
to me, I have VETOED Senate Bill 353. This bill unnecessarily expands venue in cer
trust actions to include all counties in which any trustee, beneficiary or any person affe
by the administration of the trust estate resides or where a principal place of busines
located. This expansion of venue could encourage forum shopping

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled **SB 534** by Fisher of the Senate and Turner et al of the House

This is to advise you that on this date, pursuant to the authority vested in me by Secti
II of Article VI of the Oklahoma Constitution to approve or object to legislation presen
to me, I have VETOED Senate Bill 534. This bill grants an additional subsidy to owners
low income housing through the reduction of ad valorem property taxes by valuing t
property based solely on the amount of the rental payment made by the tenant a
excluding the value of the rental payment made by a government housing program. Th
provision is too broadly written and would apply not only to affordable housing apartme
built under programs designed to reduce any shortages which may exist, but could al
apply to all low-income housing programs thereby giving an unfair property tax advanta
to these property owners over their neighbors. Housing assistance programs are intended
subsidize rent payments for low income individuals, not the property owners

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled SB 627 by Price of the Senate and Leist of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 627. By allowing affected agencies to develop their own standards for implementing credible data, this bill creates the potential for conflicting regulations among the Department of Environmental Quality, the Water Board, the Department of Agriculture and Department of Conservation on collection and use of data. Processes currently in place provide clear standards and adequate safeguards to ensure defensible data to list or de-list a body of water exists. The concerns to be addressed by the bill are already being addressed adequately through regulatory actions which, because of their greater flexibility, are a better way to handle complicated scientific issues.

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled SB 681 by Leftwich of the Senate and Erwin of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 681 which requires state agencies to distribute or help distribute to state employees product information for a private organization. This bill violates Article V, Section 51 which prohibits the granting of exclusive rights or privileges to associations, corporations, or individuals. It also violates Article X, Sections 14 and 15 which prohibits the expenditure of public funds for non public purposes.

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-eighth Oklahoma Legislature

Enrolled **SB 718** by Wilkerson of the Senate and Askins of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 718. This bill appears to remove the flexibility a district attorney currently has to use the drug courts in the most effective manner possible.

I am calling on the legislature to reexamine needed changes to this very important part of the system and to adopt changes that reflect a consensus among the parties charged with administering the program.
