Project Information	
Project Name	ARPA-YY000439
Project Organization	University Hospital Authority & Trust / OU Health - OU Health Technology Modernization
Project Description	<p>Priority Area: State Health IT</p> <p>The University Hospital Authority (UHA), OU Health (OUH), and the University of Oklahoma Health Sciences Center (OUHSC) are implementing the Epic electronic health record and modernizing the technology infrastructure of OU Health in a collaborative effort to better transmit and share electronic health records (EHR) among providers and patients across the state of Oklahoma in pursuit of better health outcomes, a better overall patient experience, and the expansion of clinical trials. The intent is to deliver the necessary technology and information system foundation by which OU Health, the state’s only comprehensive academic health system, can provide Oklahomans with cutting-edge therapies they would have to otherwise leave Oklahoma to receive. This technological transformation modernizes and brings efficiency to our disjointed statewide system.</p>
