Division and Program Descriptions

Oklahoma Complete College America Initiative

The highest higher education priority is the Complete College America Initiative. Complete College America is the most comprehensive and ambitious higher education initiative ever undertaken by the State of Oklahoma. The goal is to increase the number of degrees and certifications earned in Oklahoma by 1,700 per year for 12 years, resulting in a 67% increase by 2023. CCA is part of a unified economic policy that involves the Governor, post-secondary education, and business and industry. Working through the CCA leadership team and key cabinet officials, the call has come from the Governor for these priorities to be central to job creation and workforce development now and in the future. The CCA and National Governors' Association's Complete to Compete action plan is an acceleration of efforts to make significant improvements to two critical segments of the educational pipeline in Oklahoma: (1) restructuring remedial and developmental education, and (2) developing accelerated degree completion options. Undergirding all of these efforts is Oklahoma's revised Performance Funding Formula that utilizes appropriate components of the State and campus level CCA and NGA metrics that reflect these new priorities by measuring improvement in outcome measures.

This program supports the Oklahoma Works Education and Economy Goals. The Objective Measures are increasing the number of degrees and certificates, increasing the state median household income and decreasing the state poverty rate. The statewide programs for these Oklahoma Works Goals are Higher Education and Wealth Generation.

This program is tracked through the Performance Budgeting Model under the Goal of Educated Citizens and Exemplary Schools. The budgeting program code is Higher Education (C0103).

State Regents Administration

The State Regents prescribe academic standards of higher education, determine functions and courses of study at state colleges and universities, grant degrees, recommend to the state Legislature budget allocations for each college and university, and recommend proposed fees within limits set by the Legislature. In addition to oversight of the system, this Agency is also responsible for the management and administration of state financial aid, scholarship programs and Onenet.

Universities, Colleges and Constituent Agencies

Beginning in FY'13, Institutions of Higher Education are receiving all new funds, over and above their base, from a Performance Funding Formula. The new Performance Funding Formula measures each institution on a set of performance measures. The improvement in performance measures are then calculated to determine the percentage of new funds an institution will receive. Performance measures used in the Performance Funding Formula are: 1) Campus Degree Completion Plan, 2) First Year Retention Rates, 3) Pell Grant Retention, 4) 24 Hour Course Passage, 5) Graduation Rates, 6) Complete College America Degree Target Goals, 7) Number of Certificates/Degrees Conferred and 8) Maintenance of Program Certification.

This program supports the Oklahoma Works Education Goal. The Objective Measures are increasing the number of degrees and certificates and increasing the graduation rates at all higher education institutions. The statewide program for the Oklahoma Works Goal is Higher Education.

In 2012, the Governor and Legislature authorized the transfer of \$149.5 million to Higher Education that provided state match to establish chairs, professorships and lectureships at higher educ. Institutions. Over 1,008 slots have been funded and there are approximately 897 accounts waiting to receive state matching funds (\$161 million)
