| What changes did the agency make between FY'20 and FY'21? | | | | | | |

1.) Are there any services no longer provided because of budget cuts?

No, but the Agency has begun a cyclical maintenance program at the parks that will result in some services and park areas being terminated. This termination is based upon decades of decay rather than budget cuts in any single year.

2.) What services are provided at a higher cost to the user?

As allowed under 74 OS Section 2220, OTRD has changed rates for lodging at state parks. The primary change allows the rate to fluctuate based upon demand, which is normal for the hospitality industry. If demand is higher, prices increase. If demand is lower, discounts are offered. The net effect over time is increased revenues, but that effect is generally negligible to most individual consumers.

3.) What services are still provided but with a slower response rate?

Generally speaking, OTRD has improved its service quality in every area with the same budget as FY19.

4.) Did the agency provide any pay raises that were not legislatively/statutorily required?

Yes, see attached document.

FY22 Budget Performance Review 56600 Oklahoma Tourism & Recreation Department Lead Administrator: Jerry Winchester Lead Financial Officer: Katherine Nichols Federal Government Impact 1.) How much federal money received by the agency is tied to a mandate by the Federal Government? All of the Federal Funds.

2.) Are any of those funds inadequate to pay for the federal mandate?

Yes, all of them.

3.) What would the consequences be of ending all of the federal funded programs for your agency?

Fewer services but also less budget required from the agency. We are now evaluating every request on a case-by-case basis to determine the impact on OTRD and will only approve those that provide what we believe is an adequate return

4.) How will your agency be affected by federal budget cuts in the coming fiscal year?

The effect would be negligible.

5.) Has the agency requested any additional federal earmarks or increases?

No.
