Agency Mission

The mission of the Council on Judicial Complaints is to efficiently and impartially investigate the conduct of persons occupying judicial positions. The Council received complaints of judicial misconduct by any person or may institute its own investigations. The Council determines whether the judicial conduct should be the subject of an action before the Court on the Judiciary pursuant to the Oklahoma Constitution for purposes of removal, should be addressed by the Chief Justice for discipline less than removal, or should be dismissed. Additionally, the Council engages in judicial education for the purpose of bettering the administration of justice in the state of Oklahoma.

What changes did the agency make between FY'24 and FY'25?

1.) Are there any services no longer provided because of budget cuts?

no

2.) What services are provided at a higher cost to the user?

none

3.) What services are still provided but with a slower response rate?

The number of complaints received by the agency has doubled since January 1, 2018. It is the Council's duty to investigate every complaint it receives. Due to the sharp incrase of complaints received in recent years and several lengthy investigations which resulted in removal proceedings before the Court on the Judiciary, the rate at which the Council was able to issue a disposiiton on a complaint within 90 days decreased. Beginning FY25, the Council took steps to significantly alleviate this issue and backlog by hiring a full time general counsel. It is anticipated the rate at which a disposition is issued will incrase back to expected levels.

4.) Did the agency provide any pay raises that were not legislatively/statutorily required?

Yes. Executive Director received \$10,000 pay raise effective 7/1/24; Principal Assistant received \$5,000 pay raise raise effective 7/1/24.

Does the agency have any costs associated with the Pathfinder retirement system and federal employees?

How would the agency be affected by receiving the same appropriation for FY '26 as was received in FY '25? (Flat/ 0% change)

Because the Council on Judicial Complaints is experiencing a surge in the number of complaints received, operation costs have increased which a flat budget would not support. Additionally, the Council on Judicial Complaints wants to ensure its staff is paid no less than the midpoint salary determined by OMES. A flat budget would not support the Council's position in this regard.

How would the agency handle a 2% appropriation reduction in FY '26?

The Council on Judicial Complaints would need to rely upon revolving funds to supplement the reduction in order to not reduce or delay services provided by the agency.
