**How would the agency handle a 3% appropriation reduction in FY'15?**

A 3% reduction in appropriations would most likely result in some positions that become vacant to remain unfilled. If a shortage still existed maintenance on select facilities would be deferred.

**How would the agency handle a 5% appropriation reduction in FY'15?**

A 5% reduction in appropriations would most likely result in positions that become vacant to remain unfilled and maintenance deferred on a significant number of facilities.

**Is the agency seeking any fee increases for FY'15?**

	\$ Amount
Increase 1 No fee increases identified for FY-14	\$0
Increase 2	\$0
Increase 3	\$0

**Federal Government Impact**

**1.) How much federal money received by the agency is tied to a mandate by the Federal Government?**

National Guard funding is for support of the Oklahoma Army and Air National Guard. The Military Department (State) receives federal dollars through Cooperative Agreements which the state must have a matching share. The funds received for FY12 Operations and Maintenance accounts were \$36,893,974. The state match was \$3,716,315. Federal funds received for Youth Programs operated by the state were \$3,979,554 the state match was \$979,579.

**2.) Are any of those funds inadequate to pay for the federal mandate?**

The Cooperative Agreements are normally fully funded if the state meets their matching share. Funds have been adequate to meet the state's share however additional state funds are needed to maintain and support existing facilities.

**3.) What would the consequences be of ending all of the federal funded programs for your agency?**

The Oklahoma Army and Air National Guard must receive federal dollars to recruit, train, house, and equip its personnel. The Cooperative Agreements fund a significant percentage of state employees. Ending all federal funding would drastically reduce the FTE of the Military Department as well as all other areas that rely on a federal share. The budget request for the Military Department would see an increase from \$12M to well over \$50M.

**4.) How will your agency be affected by federal budget cuts in the coming fiscal year?**

Reduced federal funds would have a serious impact on the Oklahoma National Guard's ability to recruit, train, house and equip Soldiers & Airmen. Federal budget cuts could cause a reduction in funding to the Cooperative Agreements resulting in less federal funds reimbursed to the state. This would cause a reduction in services the agency could perform in maintaining the readiness of the Oklahoma National Guard.

**5.) Has the agency requested any additional federal earmarks or increases?**

Federal funding for the Oklahoma National Guard is requested through the United States Property & Fiscal Officer Office budget submittal. The Federal budget will be requested Apr-May 201
