| <b>NEW FEES as of 06/30/2016:</b>  | N/A             | One                | N/A            | N/A  | Two          | N/A   | N/A   |
| Cont'g Ed. Programs (up to 15)   | N/A             | N/A                | N/A            | N/A  | \$100        | N/A   | Cannot be calculated                                |
| Cont'g Ed. Programs (more than 15)   | N/A             | N/A                | N/A            | N/A  | \$500        | N/A   | Cannot be calculated                                |
| <b>NOTES:</b>  |                 |                    |                |  |              |       |   |
| (a) = Oklahoma's Fees are set by Statute (70 O.S. §21-106). For Re-Licensing, the Fee is based on levels of Tuition Collected ranging from \$50,000 or less to more than \$3 million and above.  |                 |                    |                |  |              |       |   |
| (a-1) = The Fee is derived from the underlying Catalog Change that becomes necessary when the School's changes its name or location.   |                 |                    |                |  |              |       |   |
| (b-1) = Initial Licenses may be pro-rated based on the Month of Issue.   |                 |                    |                |  |              |       |   |
| (b-2) = The specific amount of many fees, depends on assigned Tuition-Levels. <b>For this Comparison, the range in fees was based on (10) Programs, if counted.</b>  |                 |                    |                |  |              |       |   |
| (c) = <b>Plus</b> \$100 per Prog. or Course over (10) Programs or (20) Stand-Alone Courses.  |                 |                    |                |  |              |       |   |
| (d) = Where two separate Fees are listed (vs. a range of fees), the first is for an In-State School and the second is for an Out-of-State School. FYI - Fees for Degree-Granting Institutions are higher than those listed for Non-Degrees. In addition, Degree Granting Fees range from Associates (the lowest) to Professional and Doctoral (the highest).   |                 |                    |                |  |              |       |   |
| (d-1) = 2% of Gross Tuition.   |                 |                    |                |  |              |       |   |
| (d-2) = 3% of Gross Tuition.   |                 |                    |                |  |              |       |   |
| (e) = \$0.0013 per Dollar of Net Tuition (excludes refunds, books, tools, and supplies), based on Missouri-ONLY Net Tuition.   |                 |                    |                |  |              |       |   |
| (f) = The averages computed for States with dual-fees or a Fee Range use BOTH of the dual numbers and both the lowest and the highest amounts in the range. For example, for the average Initial AP./Lic. Fee, both of Arkansas' fee amounts (\$755 and \$5,780) were added into the sum to be divided by 9 fee values to calculate the average. As a second example, for the average the Catalog Change/New Program Addition Fee, Kansas' Fees of \$250 and \$500 were both included in the sum to be divided by 10 to arrive at the average. |                 |                    |                |  |              |       |   |
| (g) = Texas allows Quarterly Installment Payments for Fees > \$1,000, but charges a 10% Fee. If an Installment Payment is late there's an additional 10% Penalty of \$200 to \$1,000.  |                 |                    |                |  |              |       |   |
