

Oklahoma Real Estate Commission – Pay Raise Explanation

On October 3 OREC's Education Director left our employment for a job in the private sector. The position of Deputy Director was also vacant at this time. We combined the two positions into one job (a Deputy Director who will oversee the education and licensing departments) with a salary of \$69,957.96, which is the salary previously assigned to the Deputy Director position. Our Chief Investigator Sherry Kueffler accepted the position, so her salary increased from \$58,387.00.

This change left an opening for the position of Chief Investigator. Current Investigator Sean Danley accepted the position at a salary of \$51,000.00, which was an increase over his previous salary of \$43,588.00. The new salary for the Chief Investigator is lower than the previous salary of \$58,387.00 for this position.
