STACEY, Vice Chairman.

Senator Stacey submitted the following Minority Committee Report:

#### MINORITY REPORT—By STACEY

Mr. President: I herewith set forth the actual facts in regard to the alleged hearing on House Bill No. 171. A special hearing had been arranged on the morning of March 10, to hear a discussion of this bill by the opponents thereof. About twelve or fifteen representatives of Loan companies appeared before the Committee for that purpose. The following members of the committee were present:

Stacey, Vice Chairman; Commons, Fischl, Memminger, Morrison, Waldrep and Rizley.

The first speaker in opposition to the bill had talked

about three minutes, when Senator Waldrep made a motion that in order to save time we report that this bill "DO NOT PASS." As acting chairman of the committee I put that motion and it was carried. This ended the hearing. Because of the fact that there was no discussion of the bill by the committee I file this minority report. This is a House Bill and dealing with a very important subject.

I am strongly of the opinion that when one House of the Legislature passes a bill and it comes before a committee of the other House decent respect for the opinion of the House originally passing the bill entitles it to an intelligent hearing and courteous treatment. For the foregoing reasons I recommend that House Bill No. 171 be printed and placed on the Calendar for consideration by the Senate.

STACEY.

Senator Stacey moved the adoption of the Minority Committee Report, on House Bill No. 171.

Senator Waldrep, as a substitute, moved that the Majority Committee Report on House Bill No. 171 be adopted.

Senator Curnutt, in lieu of all pending motions, moved that House Bill No. 171 be re-referred to Judiciary Committee No. 2, for further consideration.

Senator Stacey moved to table the Curnutt motion, which motion failed of adoption.

The vote occurring on the Curnutt motion, it was declared adopted.

Senator Liggett submitted the following Committee Report:

Mr. President: The Committee on Engrossed and Enrolled bills begs leave to report Senate Bills Nos. 150 and 234 correctly engrossed.

LIGGETT, Chairman.

The President, in open session, signed Engrossed

### MESSAGES

The following Message from the Governor was received and read:

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE FOURTEENTH LEGISLATURE OF THE STATE OF OKLAHOMA:

Gentlemen:

The Institution Bill passed the House in February. Conditions since that time and since the making of the budget have arisen that require changes in this Bill, and also in the other Bill for official salaries.

It is double work for me to have to go over these matters with a separate committee and repeat the same

to a committee of the House and then one of the Senate. It doubles the hearing and the time all around.

I therefore urged that the Senate and the House each select a strong committee of conferees on these two Appropriation Bills, and let there be a hearing before this joint committee of both Houses; and then, when they agree, the two Houses can quickly agree to their report or suggest such amendments as they see fit. This, in the end, will prove more satisfactory, take less time from the Governor and others who are interested, and one committee for both Bills could harmonize the appropriations and make them both more nearly conform to the actual conditions and requirements of the hour.

I ask that this be done today, that I may present to them some matters and things essentially necessary for consideration in the matter of appropriation.

Respectfully submitted,

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

Senator MacDonald moved that the Senate Conference Committee appointed, under Engrossed Senate Bill No. 27, by MacDonald, be designated to consider, also, Engrossed House Bill No. 20, by Martin, which motion prevailed.

Upon application of claimant, respondent or insurance carrier the Commission may set down for hearing any claim for compensation, and, after notice to the adverse party shall proceed to hear and determine liability of respondent and insurance carrier and/or extent of disability of claimant, and may adjourn or continue the hearing from day to day, time to time or place to place, as in the judgment of the commission may seem just. Hearings may be held by or before any member of the commission or any inspector designated by the chairman or any member thereof, and at the close of the hearing the commission, or a majority of the members thereof, after considering the evidence, shall proceed to make its findings and make and cause to be entered an order thereon, which order shall become final unless appealed from as in this chapter provided. Awards for permanent disability either total or partial, under subdivisions "1" and "3" of Section 13356, Oklahoma Statutes 1931, (except as to "other cases" provision of said subdivision "3"), shall be made for the aggregate total amount of compensation which the commission shall find the claimant will be entitled to receive, less any sum or sums theretofore paid which the said commission may find to be a proper credit thereon,

and when same becomes final, the whole sum or any unpaid portion thereof, shall operate as a final adjudicated obligation and payment thereof may be enforced by the claimant, or in case of his death, by the surviving beneficiary entitled to the proceeds as provided in this act. The commission may determine that payment of said award may be made in monthly, or any other periodical installments as it may deem advisable, and may thereafter on application made or upon its own motion, modify or change the said order as to manner, time and amounts of periodical payments or may direct the payment of the entire balance thereof, and in case of death of claimant at any time before satisfaction or payment of the total award made, the same shall not abate, but shall be revived in favor of the person or persons determined by the commission to be entitled thereto.

Provided, however, in all cases where the commission shall determine, under the evidence that claimant is suffering from a disability permanent in nature, but partial in extent, the compensation ordered paid shall be determined and fixed by ascertaining the amount which would be due for a permanent total disability and awarding to claimant a percentage thereof equal to the percentage of disability, for the full period of 500 weeks. All payments shall be made on any award in the manner and form prescribed by the commission, and employers and insurance carriers shall, for such purposes be permitted, or when necessary to protect the interests of the beneficiary may be required to make deposits with the com-

mission to secure the prompt and convenient payment of awards made. Failure for ten days to pay any final award or any portion thereof as ordered shall immediately entitle the beneficiary to an order finding the respondent and/or insurance carrier to be in default and all unpaid portions, including future periodical installments unpaid, shall thereupon become due and may be immediately enforced as provided by Section 13366 of this chapter.

TO THE FOURTEENTH LEGISLATURE  
OF THE STATE OF OKLAHOMA:

Gentlemen:

This is to advise you that I have this day filed with the Secretary of State:

ENROLLED HOUSE BILL NO. 228—By PHILIPS (Atoka), WORTHINGTON and PAXTON.

An Act authorizing and directing the State Board of Public Affairs to establish, construct, equip and maintain and operate a substation of the Oklahoma State Penitentiary in Atoka County, Oklahoma, the initial structures thereof to be on lands near Stringtown, Oklahoma, owned by the State of Oklahoma and validating the purchase of the said lands and the payment therefor out of the Twine plant revolving fund of the Oklahoma State Penitentiary, such substation to be used for prisoners sentenced to the Oklahoma State Penitentiary at McAlester, before the coming into effect of this Act and prisoners sentenced to the said penitentiary after the coming into effect of this Act whom the said Board shall believe should not be confined in the said penitentiary at McAlester because of their respective types or because of their respective general conditions, especially those in tubercular condition or having other contagious diseases, and such other prisoners as the said Board shall deem it expedient to have cared for in the said substation; especially authorizing said Board to use the labor of the prisoners in constructing and equipping and maintaining and operating the said substation; appropriating money from the Oklahoma State Penitentiary revolving fund and from said Penitentiary twine plant revolving fund for use in establishing, constructing, equipping and in maintaining and operating said substation; repealing the parts of House Bill No. 240 enacted by the Thirteenth Legislature which appropriated \$115,000.00 out of the general revolving fund and \$115,000.00 out of the twine plant revolving fund of the Oklahoma State Penitentiary for use for construction of additional cell houses or additions to cell houses or for the establishing of sub-

stations and camps wherever prisoners may be most profitably used; and declaring an emergency, which bill I have this day signed and approved.

Witness my hand, this March 15th, 1933.

BY THE GOVERNOR OF THE STATE  
OF OKLAHOMA: Wm. H. MURRAY.  
TO THE HONORABLE THE FOURTEENTH LEGIS-  
LATURE OF THE STATE OF OKLAHOMA:  
Gentlemen:

Nearly a year ago, a Committee consisting of Ex-Senator Fred Tucker, George Gibbons, Arratt Dunlap, J. B. Moore, W. H. Bates, H. C. Tate, Ben S. Curtis, Will C. Gardner, and Mike Gorman, explained to me concerning a "geographical fault" near the corners of Marshall, Love, and Carter Counties, where there is a depression in the soil shaped somewhat like a man's hand, having a drainage through a narrow gorge with rock bottom and sides, which gorge could have constructed a rock dam (and there are a plenty of stone nearby), of a height of 140 feet, making a lake from 140 feet to 20 feet deep, and covering some 14,000 acres of land, with 115 miles of shore-line,—a veritable Lake Erie in the Central West, located on Highway 77, north and south, and within a mile and a half of Highway 70, running east and west.

I requested this Committee to ascertain the owners and secure options. They found the owners living in nearly all states in the Union, and that it would take approximately 15,000 acres to cover the lake, and the necessary and desirable elevated points around the water's edge for the construction of fishing lodges, which would cost approximately \$86,000.00.

Today, they made a report to me, furnishing government maps, showing the outline of the proposed lake, together with the names of the owners, and much information relative thereto.

Much of the land is covered with timber that

would have to be cut off, but the clearing of the site, the trimming up of the parkway, the construction of the road and of the dam, and all of the work pertaining to the lake could be made from the Federal Relief Fund, by concentrating in the summer months the labor of the three counties before named, together with that of a portion of Johnston County, and the labor paid for out of the Federal Relief Funds. The purchase of the land would have to be made by the State or from some other source, and this would be the only time that the construction and the great cost it would require could be paid for by other than State or funds contributed for the purpose.

As hard up as the State is and as "stingy" as I am disposed to be towards appropriations, this is a great temptation to me, for the reason that the fish that can be produced in a few years will be of great value to the citizenship of the State, to say nothing of this splendid outing resort; and, in addition, in my opinion, this lake would attract people from all over the Central West, and the sale of gasoline in Oklahoma, upon which they would be obliged to pay a gasoline tax, would, within five years, compensate the State for the cost of the land, and then the State would have something that could not be duplicated by expenditure of any amount of money in any of the Mississippi Valley States.

I am submitting to you herewith the maps and information, and requesting one of the gentlemen before named to explain to the Committee of each House the project in detail, for such consideration and action as you feel justified in making.

In my opinion, if the Legislature takes action, they should provide in the law for free fishing to all citizens of the State, providing that any person who desires to construct a fishing lodge on the lake, or a hunting lodge, because, beyond doubt, it would attract wild duck in

*Fifty-third Day, Wednesday, Mar. 15, 1933* 1363

abundance, to pay for the site upon which to construct the fishing lodge, as is done by the Federal Government in the fishing lodge, \$10.00 a year rental. This \$10.00 a year would sustain the Game Warden and keep up the attention, together with some other expenses that might be necessary to be met. Such a lake would therefore afford an outing not only for the well-to-do, but to the poor; and, being situated as it is on a highway, north and south, and another running east and west, it is situated in an ideal spot for the accommodation of the public.

The geological formation of the country in Southern Oklahoma makes possible the building of this lake. There is probably no other similar place to be found in the Southwest with the peculiar formations of rock that is found here. Southern Oklahoma has already taken advantage of these formations to build a number of lakes.

Many states of the nation have recognized the necessity of taking out of cultivation and competition the sub-marginal lands of their domain, either through parks, lakes or reforestation methods. In this project we have the opportunity to not only do this but to provide employment in our made-work program which will leave upon completion a large public recreational lake and park area for our people and future posterity. With the shortening of work hours in the nation we must concern ourselves with providing such recreational grounds that our people will find a place for vacations and wholesome recreation in natural surroundings.

An area such as this lake represents will be an important step in flood control.

For your consideration, the same is respectfully submitted on this the 14th day of March, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

#### MESSAGE

The following Message from the Governor was received and read:

TO THE HONORABLE THE FOURTEENTH LEGISLATURE OF THE STATE OF OKLAHOMA:  
Gentlemen:

On the 13th day of March, A. D., 1933, the Governor issued an Executive Order, having in view the prevention of duplication in the higher institutions, and to make more efficient said institutions for the money expended, and immediately appointed a committee to work out the details, consisting of:

Clint Strong, Chairman;  
Dr. A. Linscheid, Ada, Oklahoma;  
Eugene Kerr, Muskogee, Oklahoma;  
Professor John H. Murray, Stillwater, Okla.;  
Dr. Charles W. Briles, Stillwater, Okla.;  
Richard M. McCool, Norman, Oklahoma;  
Dr. A. J. Williams, Norman, Oklahoma;  
Prof. O. S. Hinshaw, Stillwater, Oklahoma;  
Judge C. C. Hatchett, Durant, Oklahoma,

which said Committee met in the Capitol, and had hearings, and made their report unanimously to the Governor. A copy of the said report signed by the Chairman is hereto attached.

The said Committee also submitted a joint resolution, which they ask the Legislature to pass, and which resolution I strongly urge to be passed. Said resolution was delivered to Representative Landingham of Creek County for introduction.

The said Committee also prepared and submitted with their report a Bill, to be entitled:

AN ACT to provide for the appointment of a Board, to be known as the "Co-ordinating Board," and such Board to be charged with the duty of co-ordinating and unifying the system of higher education, et cetera."

This Bill, by all means, should also be passed, and Representative Phillips of Okfuskee County requests to introduce the same.

With reference to this last Bill, it may be recalled that several years ago, an Act was passed creating such a board, to be composed of all the heads of the higher institutions, which meant nothing would be done, and, indeed, nothing has been done.

The purpose of this Act, as explained by the Committee, was to guarantee action upon the question of co-ordination, and to effectuate the same. It should pass.

The Committee also submitted two bills,—one abolishing certain Boards of Regents of certain institutions, and transferring the control of the schools to the Board of Regents; and another bill for like purpose transferred certain institutions to the Board of Education. I submit the said two bills, along with this message, to the Honorable Senate, for their consideration.

Respectfully submitted, on this the 24th day of March, A. D., 1933.

Senator Willis moved that the Senate refuse to concur in Engrossed House Amendment to Senate Bill No. 283 and request the Honorable House to grant a conference thereon, which motion prevailed.

The following message from the Governor was received and read:

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE FOURTEENTH LEGISLATURE OF THE STATE OF OKLAHOMA:

Gentlemen:

I learn that some perfectly legitimate claims have been eliminated from the Appropriation Bill.

It is not economy to fail to make these appropriations. They will some time have to be made, and the longer the delay, the greater likelihood of an appropriation for a greater amount than at the beginning.

The claim for Special Judgeships is a perfectly legitimate claim provided for under the law that when the members of the Supreme Court disqualify, it is the duty of the Governor to appoint a special judge to decide the case, and this was all that was done, and all in obedience to law. Some of these claims have been sold and the purchaser is entitled to his money.

Where a claim was made prior to July 1, 1931, it was lawful, or, at least, the practice of the State for years. An Act stopping such loose practice was passed by the Thirteenth Legislature, but did not go into effect until July, 1931. Some of these claims made were with concerns out of the State, and I am sure you do not wish the credit of the State to be brought in question by failure to pay these claims made prior to July, 1931.

In the future, if the law passed by the Thirteenth Legislature is followed, these claims are illegal, and

should not be paid, unless approved by the Governor at the time the claim was made.

All just claims should go into the Appropriation Bill, and not be delayed for future action, because there is neither economy nor wholesome regard for public policy and public credit by such failure to make the appropriation.

Respectfully submitted on this the 27th day of March, A. D., 1933.

*Sixty-second Day, Tuesday, Mar. 28, 1933* 1565

R. M. McCOOL, Chief Clerk.

Further consideration of the request of the Honorable House, concerning House Bill No. 271, was deferred temporarily.

The following message from the Governor was received and read:

TO THE FOURTEENTH LEGISLATURE OF THE  
STATE OF OKLAHOMA:

Gentlemen:

House Bill No. 58, commonly known as the "Chain Store Bill," has passed the House, and, as amended, passed the Senate, except the final roll call.

In view of the terms of this Bill, and in order to prevent delay, I send you this message:

If the Senate will change this Bill so it will be constitutional before sending it back to the House, it could easily become a law. The Bill, as passed, is unconstitutional, and it is worse than a waste of time to pass such legislation.

Indiana, Virginia, Mississippi, and possibly other States have passed similar bills,—some declared constitutional; some not. If you will pass a bill along the principle of the Virginia law, as a "Permit," or "License" Tax, to do business in the State, as Virginia has done, and provide that all funds collected therefrom shall go into the Common School Fund, it will make a tremendous amount of money.

The Virginia law provides for \$10.00 on all business concerns who purchase for sale, as shown by the invoice, an amount of \$1,000.00 and less; and, on an amount purchased where the aggregate amount of the invoice exceeds \$1,000.00, and does not exceed \$2,000.00, \$15.00; and an invoice in excess of \$2,000.00, twenty cents on the hundred. As a result of that law, for the fiscal year 1930-31, it made an income of:

\$1,325,518.00

For the fiscal year 1931-32 \$1,223,308.00

Doubtless such a law in this State would bring:

\$1,500,000.00.

A law drawn on that line could not be attacked on the score of fairness nor on the question of constitutionality.

It is better to make the charge on the invoice rather than on the gross sale, for the reason that it is more easily ascertained, particularly if a provision is put in the Bill to require an oath from the wholesaler that the Bill was true and correct; and also a provision to reach C. O. D. packages through the Post Office Department, the Express Companies, and the banks, none of it could escape.

I should be pleased to see a bill passed along the line intended by this Bill at this session, but I could not, in good conscience, approve a bill I know to be unfair or unconstitutional, and the Bill, as engrossed, is certainly unfair between a little and a big merchant, and

*Sixty-second Day, Tuesday, Mar. 28, 1933* 1567

clearly violates both the State and the Federal Constitution.

Permit me to suggest that the Senate adopt a substitute and send it to the House, and I am sure, if carefully drawn, the House will confirm the Senate's substitute, and thus it may become a law immediately, and thus while serving the public policy sought, would be quite a boom to the common schools of the State.

Respectfully submitted, on this the 28th day of March, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

Senator Waldrep moved that a Special Committee, composed of Senators Nance, Johnston, and Stewart, be appointed to consider and advise what changes should be made, if any, in House Bill No. 58, having under consideration the Governor's message thereon, the Committee to make report on the next legislative day, if possible, which motion prevailed.

THE COMMISSIONERS OF THE LAND OFFICE TO EXTEND THE PAYMENT OF SUCH LOANS AT THE CONSTITUTIONAL RATE OF FIVE PER CENT PER ANNUM; PRESCRIBING THE TIME FOR SUCH EXTENSION; AND DECLARING AN EMERGENCY.

WHEREAS, the Commissioners of the Land Office of the State of Oklahoma have loaned a part of the funds under their management and control upon good and improved farm lands under the provisions of Section 5458 of the Oklahoma Statutes of 1931 at a rate of interest fixed at five per centum per annum; and

WHEREAS, the Commissioners of the Land Office of the State of Oklahoma have provided in said notes and mortgages securing loans of the funds under their control and management that the borrowers will pay interest at the rate of ten per centum per annum after the maturity of any interest coupons and after the maturity of any principal notes; and

WHEREAS, the Supreme Court of the State of Oklahoma has held the provisions contained in said notes and mortgages requiring the borrower to pay interest in excess of five per centum per annum after maturity of the principal notes or after the maturity of any interest coupons valid as a matter of liquidated damage and invalid as a matter of interest charge; and

and that during such period of extension the additional contractual rate of (5%) five per cent of non-payment shall not be collected on loans already due and delinquent or which may hereafter become due and delinquent.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF OKLAHOMA:

SECTION 1. That the Commissioners of the Land Office of the State of Oklahoma are hereby authorized and empowered to extend the payments due said Commission on loans made by said Commission, whether said payments and loans are now due and delinquent or may hereafter become due and delinquent, at the constitutional rate of five per cent per annum from the original maturity or due dates of said loans; and such extension or extensions may be made from time to time and for such time as the Commissioners may deem wise, not to exceed two years from the date of the final passage and approval of this act; and in order to relieve the borrower of such burdens during this stressful condition, the additional contractual rate of five per cent for non-payment shall not be collected during the period of such extension; and such additional contractual five per cent for non-payment shall not again run or accrue until the expiration of the extension or extensions made by said Commissioners, as herein authorized.

SECTION 2. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

"SENATE BILL NO. 274 was read for the third time at length." I desire to say that I voted "No," because the fact is and the truth is that Senate Bill No. 274 was not read for the third time at length and therefore said Journal in that respect is incorrect.

ALLEN G. NICHOLS.

Mr. President: I have voted "No," on the Nance motion to approve the Journal of the last legislative day (March 30, 1933), for the reason that the Journal at pages 2164 to 2165, inclusive, does not correctly show the proceedings concerning Senate Bill No. 274. This meas-

The Journal should further show that this measure was not read prior to final passage, as required by the provisions of the Constitution.

Mr. President: I voted "No," on the approval of the Journal of March 30th, 1933, for the reason that said Journal is not correct in that Senate Bill No. 274 was not read at length, as provided by Section 34, Article 5, of the Constitution of the State of Oklahoma.

#### MESSAGE

The following Message from the Governor was received and read:

TO THE HONORABLE THE STATE SENATE AND  
HOUSE OF REPRESENTATIVES OF THE  
FOURTEENTH LEGISLATURE:

Gentlemen:

I hereby return, with my veto and disapproval, Senate Bill No. 354, providing for additional compensation in excess of the salary fixed by general law for the county commissioners of Cotton County.

It is doubtless true that the County Commissioners of Cotton County should receive more money; and, in fact, it is true of many other officers; but it is equally true that it is contrary to wholesome public policy, as it is violative of the Constitution to legislate by special or local bills on such matters as this.

If a precedence of this sort be continued, ultimately it will mean that the Legislature, as a body and a whole, will abdicate its powers, because, then, the member of the Legislature from a given county would be allowed his view on legislation; and, as a result, there would be a "swap out," and each county would have such legislation as only the member of that county thought wise,

and, in many instances, without regard to the interest or the wishes of his constituents. While I am sure that in Cotton County there is a popular desire for this law, yet I have known instances in the past where one of the county officers who had strong "political pull" would reach an agreement with the representative to support him, if he, the representative, would provide additional salary or an additional clerk, and this has been done in the past, whereas the people of the county knew nothing about what was going on; and you know and I know that in all legislative bodies, it is the custom of all the members to yield to the wishes of local bills affecting the county of the representative, and this occurs even though the representative is out of harmony with the overwhelming body of the Legislature. It is a kind of situation where, to use a limerick:

"You pass the sugar and the tea,

And I'll pass the candy.

You scratch my back and I'll scratch yours,

And then all will be lovely and dandy,"

without any reference to the wisdom of "scratching one another's back or passing the sugar and the tea and the candy."

While I have permitted some local bills to become laws, without signing them, but, in every case where they sought to abolish an office created by a local statute or to reduce expense upon the people, in no event have I signed, or allowed to become a statute, any bill to increase the cost of county government or increase of taxation, or an increase of the official family. I follow this rule whether it applies to some enemy in the Legislature, or some friend, with like impartiality.

Let us hope that we may set a precedent for the enactment of GENERAL LAWS, and abandon any further effort to enact special laws, except where it is absolutely necessary, because only in general statutes is

a criticism of the wisdom of such laws made by the entire legislative body.

For the foregoing and other reasons, the said Senate Bill No. 354 is hereby disapproved and vetoed by me.

This the 31st day of March, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

Senator Nance moved that the consideration of the Message of the Governor, concerning Senate Bill No. 354, be set for Special Order, at 1:45 p. m., on Monday, April 3d, which motion prevailed.

Senator Nichols presiding.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

TO THE FOURTEENTH LEGISLATURE OF THE  
STATE OF OKLAHOMA:

Gentlemen:

This is to advise you that I have this day filed with the Secretary of State

ENROLLED HOUSE BILL NO. 271—By CHIL-  
DERS and BABB.

An Act amending Sections 12549, 12550, 12551, 12556, 12557, 12562, 12563, 12565, 12566, 12567, 12569, 12571, 12573, and 12529 Oklahoma Statutes, 1931, relating to, and providing for the enforcement of the gasoline excise tax laws and the collection of tax thereunder by the Oklahoma Tax Commission; defining the term "gasoline" and other terms; prescribing additional penalties for violation of the gasoline excise tax laws and authorizing additional rules and regulations pertaining thereto; defining embezzlement and perjury, for violation of this Act and prescribing penalties; further extending provision for injunction and giving the Commission authority in certain cases to declare the excise tax due and payable forthwith; authorizing exercise of discretion by Commission in issuance, extension, reinstatement, suspension and cancellation of licenses; declaring what may be admitted as evidence in certain cases; repealing conflicting laws and declaring an emergency,  
which bill I have this day signed and approved.

Witness my hand, this April 5th, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.  
TO THE HONORABLE, THE SENATE OF THE  
FOURTEENTH LEGISLATURE:

Gentlemen:

I return herewith, without my approval,  
SENATE BILL NO. 319

An Act authorizing certain persons to bring suit against Logan County for the recovery of moneys due

*Sixty-eighth Day, Wednesday, Apr. 5, 1933* 1799

for supplies furnished the poor and needy of said county; making it mandatory upon the District Judge to enter judgment upon proof of the correctness of such accounts; authorizing the levy of a tax to pay said judgment; and declaring an emergency.

This is a local bill affecting a single county in the state and no other. I here renew and repeat my objection to THE POLICY OF LOCAL LEGISLATION as expressed in my veto of Senate Bill No. 354 on March 31st.

It appears that a large number of merchants of Guthrie, Logan County, sold to the County Commissioners of that County, goods, wares and merchandise in various amounts aggregating about \$7,000.

It is not necessary to enter into the question as to whether the County Commissioners had authority to make these purchases and bind the County. If they had no such authority they are themselves liable for the debts created. If they had such authority, the County is liable.

It requires no special act of the Legislature to authorize any person to prosecute his claim against a County for a debt due him. There is a plain, adequate and complete remedy for such a creditor under, *Sections 7670 to 7683, inclusive, Oklahoma Statutes of 1931*. The claim must be filed with the County Commissioners and if denied the creditor can appeal to the District Court and there the cause is heard and determined de novo.

The proposed bill is in direct conflict with two paragraphs of Section 46 of Article 5 of the Constitution:

FIRST, THE LEGISLATURE SHALL NOT PASS ANY LOCAL OR SPECIAL LAW REGULATING THE AFFAIRS OF COUNTIES, CITIES, TOWNS, WARDS OR SCHOOL DISTRICTS, AND,

SECOND, THE LEGISLATURE SHALL NOT PASS ANY LOCAL OR SPECIAL LAWS

REGULATING THE PRACTICE OR JURISDICTION OF, OR CHANGING THE RULES OF EVIDENCE IN JUDICIAL PROCEEDINGS OR INQUIRY BEFORE THE COURTS, JUSTICES OF THE PEACE, SHERIFFS, COMMISSIONERS, ARBITRATORS, OR OTHER TRIBUNALS, OR PROVIDING OR CHANGING THE METHODS FOR THE COLLECTION OF DEBTS, OR THE ENFORCEMENT OF JUDGMENTS OR PRESCRIBING THE EFFECT OF JUDICIAL SALES OF REAL ESTATE;

For the foregoing reasons the said SENATE BILL NO. 319 is hereby disapproved and vetoed by me.

This the 1st day of April, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

Senator Ritzhaupt served notice that he would on some legislative day move that Senate Bill No. 319 become a law notwithstanding the veto of the Governor.

TO THE HONORABLE, THE SENATE OF THE  
FOURTEENTH LEGISLATURE:

Gentlemen:

I hereby return, without my approval, SENATE BILL NO. 389, a LOCAL BILL which provides that the money received from the RESALE of real estate, situated in the town of Covington, Garfield County, to satisfy delinquent taxes, be paid to the COVINGTON INDEPENDENT SCHOOL DISTRICT NO. 77 to liquidate outstanding warrants of said district.

Said bill proposes to divert the money collected on ad valorem taxes for ALL PURPOSES, state, county, township, city, and school district, for the benefit of an independent school district.

This bill is in direct violation of SECTION 9 and ARTICLE 10 of the Constitution.

EXCEPT AS HEREIN OTHERWISE PROVIDED, THE TOTAL TAXES, ON AN AD

*Sixty-eighth Day, Wednesday, Apr. 5, 1933* 1801

VALOREM BASIS, FOR ALL PURPOSES, STATE, COUNTY, TOWNSHIP, CITY OR TOWN, AND SCHOOL DISTRICT TAXES, SHALL NOT EXCEED IN ANY ONE YEAR THIRTY-ONE AND ONE-HALF MILLS ON THE DOLLAR, TO BE DIVIDED AS FOLLOWS:

STATE LEVY, NOT MORE THAN THREE AND ONE-HALF MILLS; COUNTY LEVY, NOT MORE THAN EIGHT MILLS; PROVIDED, THAT ANY COUNTY MAY LEVY NOT EXCEEDING TWO MILLS ADDITIONAL FOR COUNTY HIGH SCHOOL AND AID TO THE COMMON SCHOOLS OF THE COUNTY, NOT OVER ONE MILL OF WHICH SHALL BE FOR SUCH HIGH SCHOOL, AND THE AID OF SAID COMMON SCHOOLS SHALL BE APPORTIONED AS PROVIDED BY LAW; TOWNSHIP LEVY, NOT MORE THAN FIVE MILLS; CITY OR TOWN LEVY, NOT MORE THAN TEN MILLS; SCHOOL DISTRICT LEVY, NOT MORE THAN FIVE MILLS ON THE DOLLAR FOR SCHOOL PURPOSES, FOR SUPPORT OF COMMON SCHOOL.

Likewise it violates SECTION 14 of ARTICLE 10 of the Constitution as follows:

TAXES SHALL BE LEVIED AND COLLECTED BY GENERAL LAWS AND FOR PUBLIC PURPOSES ONLY.

For the reasons given, the said Senate Bill No. 389 is by me disapproved and vetoed.

#### MESSAGES

The following Messages from the Governor were received and read:

To the Fourteenth Legislature  
of the State of Oklahoma:  
Gentlemen:

This is to advise you that I have this day filed with the Secretary of State

ENROLLED SENATE JOINT RESOLUTION NO.  
11—By NICHOLS, CHAMBERLIN and REED.

A Joint Resolution relating to management and liquidation of delinquent loans under the management and control of the Commissioners of the Land Office of the State of Oklahoma; empowering the Commissioners of the Land Office to extend the payment of such loans at the constitutional rate of five per centum per annum; prescribing the time for such extension; and declaring an emergency,

which bill I have this day signed and approved.

Witness my hand, this April 5th, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

To the Honorable,  
The Senate of the Fourteenth Legislature:  
Gentlemen:

I return herewith, without my approval, Senate  
Bill No. 283

An Act validating certain warrants issued by  
counties for county highway purposes during the fiscal  
year ending June 30th, 1933, providing for the pay-  
ment thereof, and declaring an emergency.

This bill upon its face purports to enact a gen-  
eral law. In truth and fact it is a local bill applying  
to a single county with the purpose of validating war-  
rants issued by said County void and worthless under  
the general law.

In my veto message of March 31st, returning Sen-  
ate Bill No. 354, I denounce the vicious policy of  
such LOCAL BILLS, allowed to go through without  
investigation or proper consideration by the Legisla-  
ture, out of a false sense of deference and courtesy  
to the authors of the bill.

I repeat what I said in that Message:

LET US HOPE THAT WE MAY SET A  
PRECEDENT FOR THE ENACTMENT OF GEN-  
ERAL LAWS, AND ABANDON ANY FURTHER  
EFFORT TO ENACT SPECIAL LAWS, EXCEPT  
WHERE IT IS ABSOLUTELY NECESSARY AND  
WITHIN THE LIMITS OF THE CONSTITUTION,  
BECAUSE ONLY IN GENERAL STATUTES IS  
A CRITICISM OF THE WISDOM OF SUCH  
LAWS MADE BY THE ENTIRE LEGISLATIVE  
BODY.

I veto said bill for the further reason that if the

*Sixty-eighth Day, Wednesday, Apr. 5, 1933* 1815

defect in the warrants was merely clerical, the error can be corrected by the District Court under its general equity powers.

If the warrants are in fact illegal, the fiat of the Legislature in the form of law cannot make them legal.

For the reasons given the said SENATE BILL NO. 283 is hereby disapproved and vetoed by me.

Done, this the 4th day of April, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

Senator Willis served notice on the Senate that he would, on some future legislative day, move that Senate Bill No. 283 become a law, notwithstanding the veto of the Governor.

The following Message from the Honorable House was received and read:

To the President of the Senate,  
Building

Respectfully,

R. M. McCOOL, Chief Clerk.

Enrolled Senate Bill No. 354 was ordered transmitted to the Secretary of State.

The following Message from the Governor was received and read:

TO THE HONORABLE STATE SENATE OF THE  
FOURTEENTH LEGISLATURE OF THE STATE  
OF OKLAHOMA:

Gentlemen:

I return herewith Enrolled Senate Bill No. 323, entitled:

An Act authorizing and empowering school boards and county excise boards to make transfer of certain school funds in school districts of this state, making other provisions with reference thereto, and declaring an emergency.

The same is hereby returned, with my disapproval and veto.

This Bill is written in the form of a general law, and, from that standpoint, the question of "local" or special legislation need not be brought into question; but, in effect, it is clearly intended to meet certain "local" deposits of funds, that they may be used for other purposes than that for which they were collected. The Bill is vicious in this, that if the school boards may be permitted to divert funds collected for one purpose, it would encourage the issuance of excessive bonded obligations; say, for instance, for the construction of school houses, knowing that the amount issued was not required for the construction or repairs, as the case may be, but made with a design to use the remainder for other purposes; and thus the Bill would encourage local debts, now a burden on the people.

For instance, I happen to know one county, or one school district, that issued bonds to construct a school building; and, after its completion, they had a remainder of \$40,000.00. They could use this \$40,000.00 for other purposes than for the payment of the obligation

in constructing the school building, whereas, in all good conscience and public policy, that \$40,000.00 ought to be used to extinguish the debt of constructing the school building, and not be used for other purposes.

This is sufficient that you may understand the viciousness of this Bill. As a "general" law, it would be much more vicious than if it were a "special" law, to meet special requirements, in that it would encourage excessive bond issues in various school districts to avoid the limitation placed upon the taxing power of the district, and would, in the end, in many districts, wreck the tax payers.

I trust the Senate will understand the danger of such a Bill, and will recognize fully the motives behind this veto and disapproval.

Respectfully submitted on this the 6th day of April, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

The following Message from the Governor was received and read:

TO THE HONORABLE,  
THE STATE SENATE OF THE FOURTEENTH  
LEGISLATURE:

Gentlemen:

I return herewith for correction a Concurrent Resolution erroneously entitled Enrolled SENATE JOINT RESOLUTION NO. 17, authorizing one Elbert C. Haywood to sue the State for damages he is alleged to have suffered on official duty as a member of the National Guard.

The enacting clause of this document reads:

"NOW THEREFORE, BE IT RESOLVED BY THE SENATE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:"

*Sixty-ninth Day, Thursday, Apr. 6, 1933* 1857

This language makes the resolution a CONCURRENT RESOLUTION and nothing more.

A CONCURRENT RESOLUTION of a legislative body under parliamentary practice is merely the form in which that body expresses an opinion. It binds no one and does not require the approval of the Executive. Though filed with the Secretary of State it is not law.

On the other hand a JOINT RESOLUTION is a form of legislation having the force of law, requiring the approval of the Executive, by the Constitution.

The enacting clause should be:

“NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF OKLAHOMA:”

I am in sympathy with the purpose of this bill, which is to enable a member of the National Guard, alleged to have been injured while in line of duty, to prosecute his claim for damages against the State.

The proposed resolution makes no provision for bringing the State into Court. I suggest that the bill give jurisdiction to any DISTRICT COURT in the State to try the Cause, that being the only Court having *nisi prius* jurisdiction of all cases.

The bill should provide that citation issue out of the Court to be served as in other cases, and that service be had upon the Governor of the State, who is by the Constitution the Representative of the State's sovereignty.

With these corrections I shall approve the Resolution, otherwise consider this message to be my veto and disapproval of the same.

Done, this April 6th, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

ENGROSSED HOUSE BILL NO. 229.

SECTION 1. The title of this Act shall be "Oklahoma Selective Gross Sales Tax Law."

SECTION 2. (a) It is hereby declared to be the purpose of this Act to provide for the reduction of the rate of ad valorem Taxation throughout the State, so far as may be; and for that purpose and to that end, it is hereby expressly provided that the revenue derived from all taxes and penalties and interest thereon, shall be used for the following purposes:

(b) Ninety-five per centum of such moneys shall be apportioned as follows, to-wit: One-fourth thereof for the retirement of any State Deficit and thereafter

to the expenses of State Government; and three-fourths for the support of common schools, to be distributed upon a scholastic enumeration per capita basis, as provided by law.

(c) Funds available for distribution for the support of common schools shall be distributed to the various counties with existing law for distribution of like funds, and thereafter, in determining the amount of funds to be approved for expenditure for general purposes by school district, the county excise boards of the several counties of the State shall be limited by the laws in force at and prior to the passage of this Act, without regard to the amount available to any school district from funds distributed under the provisions hereof; and from such total amount thus determined, shall deduct the amount available to such school district from funds to be distributed to it under the provisions of this Act, and after making such deduction, shall compute and make the tax levy necessary to raise the remaining portion of such approved estimate, it being the intent and purpose of this Act to reduce the total maximum mill rate levy, upon ad valorem basis, in a sum equal to the amount distributed to any such interest from the proceeds hereof. None of the provisions of this Act shall prevent any school district from receiving State aid under the proceeds hereof. None of the provisions of this Act shall prevent any school district from receiving State aid under the provisions Chapter 34, Art. 21, Oklahoma Statutes 1931; provided, such school district shall have levied an ad valorem tax which, when added to its quota under this Act, shall equal a levy of fifteen mills; and such action by any school district shall be a full compliance with the requirements of said Act, and shall entitle any such school district to State Aid out of the "Special Common School Equalization Fund" provided by said Act, in all respects, as though this Act had never been passed.

(d) The remaining five per centum of such moneys so collected under the above tax shall be used to defray the expenses of the Tax Commission in the collection of such taxes; and further for the refund of any overpayments which any taxpayer may make. This money shall be placed in the State Treasury to the credit of the Oklahoma Tax Commission in a fund designated as the "Oklahoma Receipts Sales Tax Fund."

SECTION 3. When used in this Act the term "person" shall include an individual, firm, corporation, co-partnership, association, or any other group or combination acting as a unit.

The term "Tax Commission" shall mean the Oklahoma Tax Commission, the term "sale" or "sales" shall mean sales at retail for money, or money collected on sales previously made.

SECTION 4. On or after the first day of May, 1933, there is hereby levied an excise tax upon all persons engaged in the sale of tangible goods, wares and merchandise sold at retail in the State of Oklahoma, other than articles of food, and wearing apparel, a tax of two per centum (2%) of the gross receipts of such sales. Provided, however, nothing herein contained shall be construed to prevent such persons subjected to said tax, from adding the amount of said tax to the sale price of said articles and provided further that the said tax herein provided shall be payable monthly under rules and regulations to be prescribed by the Oklahoma Tax Commission. Any taxpayer may report cash and credit sales separately and exclude the credit sales from the measure of the tax until payment on such credit sales is received. When such credit sales are so excluded, the taxpayer shall thereafter include in each monthly report all collections made during the month next preceding on such credit sales and pay the taxes due thereon at the time of filing such report.

SECTION 5. All persons engaged in selling ar-

ticles of food and clothing who also sell other articles of tangible goods, wares and merchandise which are subject to said tax under Section 4 of this Act are hereby required to make return of the gross receipts from such sales of such non-exempt articles and pay the said tax provided in this Act in the same manner and under the same regulations as provided in Section 4 of this Act.

SECTION 6. The tax herein provided shall apply to the sale of tickets at theatres and all places of amusement where a charge for admission is made, and the tax on such gross receipts shall be two per centum (2%) thereon and the amount of said tax may at the direction of the management of said theatres or places of amusement, be added to the sale price of said tickets.

SECTION 7. In addition to the two per centum (2%) tax provided for in this Act there is hereby levied an additional one per centum (1%) of the receipts from the gross sales of articles as tangible goods, wares, merchandise, other than articles of food and clothing, for a period of twenty-four (24) months, beginning with and dating from the first day of May 1933, said additional one per centum (1%) tax to be collected by the Oklahoma Tax Commission in the same manner; at the same time and under the same regulations as is provided in this Act for the collection of the two per centum (2%) tax, and the proceeds derived from this said one per centum (1%) temporary additional tax shall be used for the purpose of retiring the State deficit.

Provided, further, that if and when the State deficit has been retired, there remains an unused balance from the proceeds of this said temporary one per centum (1%) tax, the Governor of the State of Oklahoma is hereby authorized and directed to place such unexpended balance to the credit of any other State fund or funds heretofore appropriated for the purpose of augmenting said fund or funds and for the purpose of carrying out this provision said unused balance derived from said ad-

ditional one per centum (1%) tax is hereby appropriated for said use.

SECTION 8. The tax herein provided shall not apply to the sale by farmers of raw materials from their farms; nor to the sale of other raw material by the producers thereof; nor to sales at wholesale; nor to gasoline or other commodities subject under the present laws to special excise taxes now levied; nor to sales in interstate commerce; nor to any person whose gross sales in any one month do not exceed \$100.00.

SECTION 9. Each person, firm, or corporation engaged in the business of selling goods, wares, or merchandise at retail who are subject to the tax provided in this Act shall apply to the Tax Commission and obtain an annual license upon an application therefor, the form of which shall be prescribed by the Oklahoma Tax Commission under payment of a license fee of Fifty Cents (50¢).

SECTION 10. The Tax Commission shall have the right to examine the books of each and every tax-payer hereunder and to check the correctness of returns made, and to issue tax warrants against the property of any taxpayer failing or refusing to pay the tax due within twenty (20) days after demand by the Tax Commission. Provided, further, that a penalty of one per centum (1%) per month shall be added for failure or refusal to pay said taxes when due.

SECTION 11. Any person, firm or corporation subject to the provisions of this Act who shall wilfully fail or refuse to make return of gross receipts in the manner required under the rules and regulations promulgated by the Oklahoma Tax Commission and, or any person, firm or corporation required to obtain a license under the provisions of this Act who shall wilfully fail or refuse to procure said license shall, upon conviction, be guilty of a misdemeanor.

SECTION 12. All Acts or parts of Acts in conflict herewith are hereby repealed.

SECTION 13. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist by reason whereof this Act shall take effect and be in full force and effect from and after its passage and approval.

#### MESSAGES

The following Message from the Governor was received and read:

TO THE HONORABLE THE STATE SENATE OF  
THE FOURTEENTH LEGISLATURE OF THE  
STATE OF OKLAHOMA:

Gentlemen:

The Bill for the diversion of the gasoline tax is on the calendar of the Senate for today.

All classes of citizens are for this Bill, because it means the establishment of the credit of the State so that the warrants of the State may be cashed, except these contractors and their agents and beneficiaries.

I suggest that in order to accommodate the members, they might provide a desk somewhere near for Beekman and his agents so that one may pass through the doors into the Senate without stumbling over them; when this Bill is up for consideration.

It ought not to be necessary to call your attention again to the importance of the passage of this Bill, and the Bill diverting the funds in the several counties in

order to restore the credit of the State, and, at the same time, reduce the taxes upon the people by paying the public debt.

I observe a proposition of leaving with each county the question as optional. To make that provision would leave nothing to the county, but to the county commissioners, very few of whom care anything about reducing the public debt, and that would destroy the Bill.

I therefore plead with the Senate to pass the Bill as submitted by the Committee, in order to meet the situation that confronts the State, and make possible the cashing of the warrants of the State and of the several counties in the State, for we cannot expect the banks to purchase any more warrants until the ones now outstanding have been taken up by securities that fix a definite pay day.

There has also been suggested that a "Sinking Fund" should be provided for. That suggestion would be wise if these Treasury Notes were to run for more than one year, but these notes may be made payable each year as the taxes are collected and payment made, so as to avoid as much interest as possible, prevent the loss of the "Sinking Fund," and thereby render unnecessary the provision for a "Sinking Fund."

These Bills were drawn in the light of sound business, and having the full credit of the State behind them, will be readily purchased by any bank, although certain bankers having no care for the State would like to have these notes to run for as many years as possible, because the commissions thereon would be greater, in which the State is not interested. The thing the State is interested in is to pay the obligation as quickly as possible and as rapidly as the taxes are collected. Therefore it is folly to speak of a "Sinking Fund." Remember, the "Funding Bill" passed is worthless, and would have to be vetoed, unless this Diversion Bill is passed.

ENGROSSED HOUSE CONCURRENT RESOLUTION NO. 15—By COX, HENDERSON, WILLIAMS, JONES, ALBRIGHT, MALLORY, WINGO, WRIGHT, HINDS, HAILE, ALLEN.

CONCURRENT RESOLUTION MEMORIALIZING CONGRESS TO MAKE IT MANDATORY UPON THE SECRETARY OF AGRICULTURE OF THE UNITED STATES TO EQUITABLY ALLOCATE FEDERAL AID HIGHWAY FUNDS.

WHEREAS, the failure of Congress to direct the fair and equitable distribution of Federal Aid Highway Funds to the major sections of all states in the Federal Aid Highway Act, has resulted in the unfair, inequitable and arbitrary allocation of Federal Aid Highway funds to favored sections of the different states, to the exclusion of other sections of said states; and

WHEREAS, information from the National Capitol indicates that the amount of Federal Aid that will hereafter be extended to the various states for highway construction, will be drastically curtailed on account of the economic situation, and that it will be impossible to secure sufficient Federal Aid to continue the construction of interstate and transcontinental highways on the same scale as has characterized such construction in the past, or to continue the use of high priced paving material on account of its prohibitive cost in the surfacing of such highways, and that as a result of the curtailment of such Federal Aid and the greatly reduced available state funds for highway construction purposes, many towns and counties of Oklahoma and other states that have not been provided with all-weather roads, face the possibility of being permanently denied the benefit of such

roads, unless what Federal and State funds, that may hereafter be available are fairly and equitably allocated to the major sections of each state;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE OKLAHOMA LEGISLATURE, THE SENATE CONCURRING THEREIN:

SECTION 1. That the Congress of the United States be memorialized to pass such an act or an amendment to the present law, that will make it mandatory upon the Secretary of Agriculture of the United States, to allocate to each major section of each state, of not more than one hundred (100) miles square, its just proportion of Federal Aid Highway funds, taking into consideration those sections of each state that have not received their just proportion of such funds in the past, and that in allocating such funds the population, taxable wealth and tillable area of each such section shall be taken into consideration.

SECTION 2. That the Congress be memorialized to direct the Federal Bureau of Roads to use Federal Aid Highway funds in such manner as will extend the benefits of all-weather roads to as many towns and counties in the neglected sections as is possible, by using such types of material for surfacing as will give the greatest mileage of durable highways at the smallest cost, taking into consideration the amount of traffic that uses each road on which Federal Aid is extended.

SECTION 3. That a copy of this resolution be sent to the Senate and House of Representatives and to each member of the Oklahoma delegation in Congress.

WHEREAS, said Stockyards charge patrons from eighty (.80) cents to One (\$1.00) Dollar per bale for hay and eighty (.80) cents per bushel for corn and this works an undue hardship on the patrons of such concern and the citizens of Oklahoma feel that an investigation is entirely justifiable and necessary by the Federal Department," and by amending the title of Engrossed House Concurrent Resolution No. 15 to conform with the provisions of the Act.

The Bill having received the constitutional majority of the votes of all members elected to and constituting the Senate was declared passed.

Senate Bill No. 361 was referred for re-engrossment.

The following Message from the Governor was received and read:

TO THE HONORABLE STATE SENATE OF THE  
FOURTEENTH LEGISLATURE OF THE STATE  
OF OKLAHOMA:

Gentlemen:

I am returning Senate Bill No. 121, for the purpose of suggested changes;

In the first section of this Bill, which provides:

“Preference shall be given material produced within the State,”

this language is the present law, and the Bill adds a new provision in the following language:

“And bidders domiciled having and maintaining offices in and being citizens of the State of Oklahoma.”

Under the last clause added by the Bill, any citizen of Oklahoma domiciled in the State, acting as agent for a cement company in Missouri or Kansas, is given preference along with a cement plant in this state; in fact, properly considered, the Legislature preferred such agent, although he represented a plant outside of the

State over a plant in the state that may have employed 500 laborers or more.

If the Bill had read that:

“Preference shall be given to material produced within the State over material produced out of the State”; and; also,

“Preference shall be given to bidders domiciled in the State, and who are citizens of the State, over bidders who are not citizens of the State, both representing concerns operating without the State,”

then the preference would first be given to the concern or manufacturer in the State; but, in the absence of any concern in the State, preference then would be given to the citizen-agent over the non-citizen-agent.

Considering the meaning and effect of the foregoing, unless the Bill is thus changed, I shall veto it, as the present law conforms to the plank adopted in the Tulsa Platform in 1930, and serves the whole policy to give preference to a cement plant, a packery, or bottling works, or any other manufacturing plant employing labor in the State. It is to serve this demand for labor that justifies the enactment of the law, and not to serve some Oklahoma citizen who is an agent for an out-state corporation.

If the purpose of the Legislature was to give preference to a citizen-agent for a concern out of the State over a non-citizen-agent domiciled in Oklahoma, representing a state manufacturer, they have successfully done so, and I cannot agree with the policy.

For the foregoing reason.

Respectfully submitted on this the 8th day of April, A. D., 1933.

Enrolled Senate Bills Nos. 12, 265 and 410, were, each, ordered referred to the Governor for his consideration.

The following Messages from the Governor were received and read:

TO THE HONORABLE,

THE FOURTEENTH LEGISLATURE:

Gentlemen:

This is to advise you that I have this day filed with the Secretary of State, SENATE JOINT RESOLUTION NO. 1,

A Joint Resolution providing for the submission of a proposed amendment to the Constitution of the State

of Oklahoma, relating to Section 9, Article 10, of said Constitution,

Though presented to me, the said resolution does not require executive approval. Had it been a JOINT RESOLUTION involving revenue or other State legislation it would require executive approval, by the very letter of the Constitution.

The machinery of amending the Constitution, provided for by that instrument, is wholly beyond the authority of the Governor, who may indeed call the election, but is without further power.

The authority to submit an amendment to the Constitution is given to the Legislature, by that body to be submitted to the people, and the people themselves can amend the Constitution by initiating the measure and adopting it at the polls.

Done, this April 14th, A. D. 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.  
TO THE HONORABLE THE HOUSE OF REPRESENTATIVES OF THE FOURTEENTH LEGISLATURE OF THE STATE OF OKLAHOMA:

Gentlemen:

I return herewith, with my disapproval and veto House Bill No. 604, entitled:

An Act classifying homesteads for the purpose of taxation, levying a tax in lieu of all other taxes thereon and providing method and manner of assessing said property for taxation; the levying, collection and distribution thereof.

The foregoing Bill assumes by "a classification" to take it from the provisions of the Constitution, doubtless under the wording of Section 22 of Article 10 of the Constitution, which uses this language:

"Nothing in this Constitution shall be held or construed to prevent the classification of property

for purposes of taxation; and the valuation of different classes by different means or methods."

The clear intent of the foregoing section was as relates to ad valorem assessment for the purpose of ascertaining the value, and not to change the real value. It will be noticed that all sections prior to Section 12 of Article 10 of the Constitution relate to property assessed through ad valorem taxes, and that in none of these sections is there any power granted to the Legislature to have any graduated scale of assessment, nor until you reach Section 12 of Article 10, which relates to "license, franchises, gross revenues, excise incomes, collateral and direct inheritance, legacies, and succession taxes," and then the section provides for a different rate and a graduation of the rate, while there is no provision anywhere in the Constitution authorizing a valuation of ad valorem property so as to change its actual value, or to provide a graduated tax upon any property subject to ad valorem tax, and land is peculiarly the one class of property upon which must be levied an ad valorem tax.

On the other hand, Section 8 of Article 10 expressly provides:

"All property which may be taxed ad valorem shall be assessed for taxation at its fair cash value, estimated at the price it would bring at a fair voluntary sale; \* \* \*"

and the last portion of that section provides a penalty for any officer who fails thus to assess such property. Moreover, the Constitution expressly states the property to be exempt, and will be found in Section 6 of Article 10.

Therefore, following the rule of the Roman Government, down through the common law to the Jurisprudence of the United States, expressing the same in English, only "the exceptions or expression of two or

more specific items in a law, a constitution, or a contract implied the exclusion of all others not named." Under that well known rule of judicial construction, no property could be exempt from taxation other than that named in the Constitution.

In addition thereto, Section 5 of Article 10, in express terms, provides:

"Taxes shall be uniform upon the same class of subjects."

The question may arise: "What is a class?" Class would mean: the "landed class"; the "banking class"; the "corporate class"; "railroad class." But there can be no such thing as a "class" of tax payers who own the same kind of property.

The entire assumption of the authors of the Bill was based upon a strained construction of Section 22, providing for "classification of property."

But how are you going to classify real estate by the manner of whether a man lives upon it as a tenant or a landlord. The individuals would belong to a different "class," but the property would be the same. I can imagine how real estate might be "classed" with reference to whether it was overflow bottom or above overflow bottom land; whether it be prairie or timber; whether it be improved or unimproved. We might be permitted to "class" property, but to classify real estate according to whether the man who lived on the land as an owner, as a homesteader; whether he is an Indian, white man, or a negro, is far fetched and fetish, and does not harmonize with good common sense. Moreover, the term "class" in the Constitution does not refer to the individual so much as to the property owned by the individual.

In addition, the Enabling Act provided that the State should not assess real estate owned by a non-citizen of the State in excess of that owned by a citizen of the

State, and that was accepted by a special ordinance of the Constitutional Convention, and becomes a part and parcel of the Constitution itself.

In addition to the foregoing reasons, such exceptions from "uniform assessment" would lead to all manner of frauds in that the Constitution provides that a man does not have to live on the land to claim a homestead in the land, and, as a matter of truth, the homestead depends upon the intent; and, under that rule, I recall a Texas Supreme Court decision, where an effort was made to attach a homestead at Grapevine, Texas, where a physician had moved away, practiced medicine in another town, and owned real estate in other towns for fifteen years, yet he proved that he had always called the place his home against which the writ ran, and the Supreme Court ruled, and, in my opinion, correctly, that the proof of the intent by his declaration exempted it from attachment.

How easy therefore it would be for a man to leave a \$5,000.00 home in the country, move to town, and rent him a small house, or purchase one for \$500.00, and claim the property in the country as his home. Also, how easy it would be to make transfers without placing them on record, so that the man's tenant or tenants could claim the property as his homestead. Again, how easy it is for the assessor to assess, as has been done, property worth \$25,000.00 at no more than \$5,000.00 in value.

In addition to the Constitutional objection and the possibility of fraud, before recited, it would disrupt the financial estimate for the support of local government and for schools particularly, for they are based upon the constitutional provision that all ad valorem tax property shall bear "equal and uniform rate." There is no end to the possibility of evil.

This Bill illustrates the importance of one mind dictating and controlling the policy of legislation.

Suppose I were to sign this Bill and another one that had been proposed that would take out of the Treasury \$2,400,000.00, and various other bills of like provision. Government would break down; the schools would close their doors inside of twelve months.

I want to assure the Legislature that I have in my mind a policy complete that will maintain the credit of the State; the credit of the several counties and municipalities; that will restore the credit of the school districts; that will keep the schools open in most of the districts, depending upon the foolish financing or sensible financing of a given district, and, at the same time, provide revenue for current expenses sufficient to meet the appropriations or expenditures.

There may be some political "dope" for a moment in my signing such bills, or for the fellow who voted for it, but as between my duty; the financial integrity of the state; a fair and unfair assessment between various classes of property; the preserving of the credit of the State and its sub-divisions, and political applause, I shall choose the former.

For the above and foregoing reasons, and others equally cogent, I return this Bill, with my disapproval and veto thereon.

Respectfully submitted, on this the 14th day of April, A. D., 1933.

#### MESSAGES

The following Message from the Governor was received and read:

TO THE HONORABLE THE STATE SENATE OF  
THE FOURTEENTH LEGISLATURE OF THE  
STATE OF OKLAHOMA:

Gentlemen:

There are some eight bills that should pass but there is plenty of time yet to pass them, all except House Bill No. 229, which should pass today, if passed in time under the Constitution.

This Bill, known as the Cigarette Bill, will take care of the school warrants and restore credit in the school districts. It would be satisfactory to amend it so as not to curtail the ad valorem tax to the extent of the amount received, if the Senate so desired.

These bills that I think should be passed this week are as follows, to-wit:

1. House Bill No. 20—The Institutional Appropriation Bill; passed the House January 12, 1933. This Bill is in line with the recommendation of your unofficial budget committee, and cuts the appropriation for the institutions by approximately \$6,650,000.00 for the biennium.

2. Senate Bill No. 27—The Departmental Bill; was returned to the Senate after passage by the House on the 28th day of February, 1933. We have been unable to get a conference with the Senate Committee.

3. Senate Bill No. 229—The Cigarette Tax Bill; passed the House on the 8th day of February, 1933, and is still in the Senate.

4. Senate Bill No. 517—Was sent to the Senate on the 10th day of March, 1933. This lowers salaries of all State officials, and will save \$4,000,000.00 during the next term of State officials.

5. Senate Bill No. 51—Was sent to the Senate on the 30th day of March, 1933. This bill lowers salaries of county officials. Our conferees have attempted not less than twelve times to secure a meeting of conference committee for further conference, but unable to get a meeting.

6. House Bill No. 220—Judicial Re-Districting Bill; was sent to the Senate on the 24th day of March, 1933. Cuts out twelve judges and twelve reporters, and saves the State \$75,000.00 per year.

7. House Bill No. 187—Passed the House on the 6th day of February, 1933, and provides for reorganization of the School Land Office and protection of the School Funds.

8. House Bill No. 682—Passed the House

*Seventy-eighth Day, Monday, Apr. 17, 1933* 2225

April 12, 1933. Allows homesteading of tax sold land.

I respectfully urge that all the foregoing bills be passed as speedily as possible.

As stated before, the passage of the Cigarette Bill will complete my program of financial credit for all subdivisions of the State as well as that for the State.

Certainly, House Bill No. 187, to provide for the audit of the School Land Department every two years, should, by all means, pass. I cannot conceive why anybody would oppose those bills. These school funds are held in trust, and we are but criminals if we do not protect them.

Respectfully submitted, on this the 17th day of April, A. D., 1933.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

Upon motion of Senator Wilbanks, House Bill No. 220 was ordered withdrawn from the Committee on Judicial Redistricting and placed upon the Calendar.

The following Message from the Honorable House was received and read:

To the President of the Senate.

together with Conference Committee Report thereon and to advise you, and, through you, the Honorable Senate, that the Conference Committee Report has been adopted and the Bill has been passed AS AMENDED by said Report.

Respectfully,

R. M. McCOOL, Chief Clerk.

The Conference Committee Report on Engrossed House Bill No. 619 was read as follows, and upon motion of Senator Morrison, adopted:

To the Honorable Senate and

To the Honorable House of Representatives:

We, your Conference Committee, appointed to confer on Engrossed House Bill No. 619, by Mallory, and others, have had under consideration the Senate Amend-

ments to said bill, and, after due consideration thereof, beg leave to report as follows:

1st. That the Senate recede from Senate Amendment No. 1 and that in lieu thereof the following amendment be adopted:

That Section 2 of House Bill No. 619, be amended to read as follows:

"Section 2. It is hereby declared to be the purpose of this Act to provide relief to the common school districts of this State and for the reduction of the rate of ad valorem taxation, annually, in such school districts, so far as possible under the provisions hereof; and for that purpose and to that end, it is hereby expressly provided that the revenues derived hereunder are hereby specifically appropriated and shall be used for the following purposes:

(a) Fifty per centum (50%) of such moneys shall be used for the support of common schools, to be distributed upon a scholastic enumeration per capita basis, as provided by law. All of such funds available for distribution for the support of the common schools shall be distributed, monthly, to the various counties, in accordance with existing law for the distribution of like funds, and shall be used as follows:

In determining the amount of funds to be approved for expenditure for general expense purposes by any school district, the County Excise Boards of the several counties of the State shall be limited by the laws in force at and prior to the passage of this Act, without regard to the amount available to any such school district from funds distributed under the provisions hereof; and from such total amount thus determined, shall deduct the amount available to any such school district from funds to be distributed to it under the provisions of this Act, together with any other moneys received for like purposes under any other laws of the

State; and after making such deductions, shall compute and make a tax levy necessary to raise the remaining portion of such approved estimate, it being the intent and purpose of this Act to reduce the total maximum mill rate levy, upon an ad valorem basis, in a sum equal to the amount to be distributed to any such school district from the proceeds hereof. In making estimates of receipts, other than from ad valorem taxes, for the various school districts, the County Excise Boards shall ascertain the amount of receipts allocated to each such school district for the month of August 1933, and shall multiply such sums by twelve (12), to ascertain the amount of revenue to be applied under this subsection to the reduction of ad valorem taxes to be levied for the fiscal year ending June 30, 1934. None of the provisions of this Act shall prevent any school district from receiving State Aid, under the provisions of Chapter 34, Article 21, Oklahoma Statutes 1931, provided such school district shall have levied an ad valorem tax which, when added to the sum allocated to it under this Act, together with any other moneys received for like purposes under any other laws of the State, shall equal a levy of fifteen (15) mills; and such action by any school district shall be a full compliance with the requirements of said Act, and shall entitle any such school district to State Aid out of the "Special Common School Equalization Fund," provided by said Act, in all respects as though this Act had never been passed.

(b) Seventeen per centum (17%) of such moneys shall be placed to the credit, monthly, of the "Special Common School Equalization Fund," in the State Treasury, and is hereby specifically appropriated to be used and expended as provided under the provisions of Chapter 34, Article 21, Oklahoma Statutes 1931.

(c) Thirty per centum (30%) of such moneys

shall be used to provide relief to the common schools of this State, to be distributed, monthly, to the various counties, upon a scholastic enumeration per capita basis, in accordance with existing law for the distribution of other common school funds, and shall be, by the County Treasurer, placed to the credit of a fund, for each school district, to be known and designated as the "Common School Relief Fund," and used as follows:

First: For investment in the order of their registration as provided by law, in outstanding legally issued non-payable school district warrants, at par, and accrued interest, if any, which have heretofore been issued against appropriations for the current fiscal year;

Second: For investment in the order of their registration as provided by law, in outstanding legally issued non-payable school district warrants, at par, and accrued interest, which have heretofore been issued against appropriations for any previous fiscal year, whether or not such warrants have been reduced to judgment against the school district;

Third: For the payment, into the sinking fund, so far as necessary, for the purpose of paying the accrued and accruing interest and principal, for the current fiscal year, on outstanding bonds issued by any school district.

No part of said fund shall be invested in the warrants, or judgments based on warrants, of any school district other than the school district to which the moneys were first apportioned.

As collections are made of ad valorem taxes levied for current expenses, for the payment of which legally issued non-payable school district warrants may be outstanding, or to satisfy judgments rendered on account of warrants issued for previous fiscal years, or for sinking fund purposes, each County Treasurer shall credit such ad valorem tax collections to the said "Common

School Relief Fund," heretofore created for each such school district.

Any moneys in the said "Common School Relief Fund," not used as hereinbefore provided, and remaining unexpended at the close of any fiscal year, shall, by the County Treasurer, be transferred to the credit of the school district entitled to the same, to be used for the reduction of ad valorem taxation, as provided in paragraph (a) of this section.

(d) The remaining three per centum (3%) of such moneys so collected, under provisions of this Act, shall be paid to the State Treasurer and placed to the credit of a fund to be designated as the "Sales Tax Collection Fund"; and shall be used for the collection of the taxes hereby imposed and for the enforcement of this Act; and the Oklahoma Tax Commission shall appoint such employees and incur such other expenses as may be necessary to compute and collect such taxes and to enforce this Act; and, upon presentation of itemized and verified claims therefor, approved by said Commission, the State Auditor shall draw his warrants therefor upon the State Treasury and the same shall be paid out of said "Sales Tax Collection Fund" hereby created; and said fund or so much thereof as may be necessary is hereby appropriated for the payment of such salaries and expenses and for the refund of erroneous or excessive collections; and if, at the end of any fiscal year, any part of said fund shall remain unexpended, such balance shall, by the State Treasurer, be transferred to and become a part of the General Revenue Fund of the State."

2nd. That the House concur in Senate amendment No. 2.

3rd. That the Senate recede from Senate Amendment No. 3 and adopt in lieu thereof the following: Line 27, page 5. By striking after the word "consumption," the

following: "but such tax shall apply to food prepared, sold at retail and served for immediate consumption, by hotels, restaurants and other dispensers;" and inserting in lieu thereof the following: "but such tax shall apply to food prepared at or by hotels, restaurants and/or other public eating places, and sold at retail and served for immediate consumption on the premises by such dispensers; nor shall such tax apply to the sale of any articles of clothing, or wearing apparel, retailing for less than eight dollars (\$8.00); Provided, any suit of clothes for men or women shall be considered one article of wearing apparel; Provided further that any article of wearing apparel made in whole or in part of silk shall not be exempt."

4th. That the House concur in Senate amendment No. 4.

5th. That the Senate recede from Senate Amendment No. 5.

6th. That a new amendment be made to said bill as follows: Line 22, page 5, Section 4. By adding, after the word "provided," the following: "Provided further that the tax upon the gross proceeds upon all sales of farm tools, implements and machinery, used exclusively on the farm for agricultural purposes, shall be at the rate of one per centum (1%)."

Senator Fischl asked unanimous consent, which was granted, to take up for consideration, SENATE CONCURRENT RESOLUTION NO. 22, by Fischl, which was read at length, as follows:

SENATE CONCURRENT RESOLUTION NO. 22—By FISCHL.

A CONCURRENT RESOLUTION MEMORIALIZING CONGRESS TO PROVIDE RELIEF FOR THE OIL INDUSTRY, THE FARMERS, THE UNEMPLOYED, BUSINESS AND THE PEOPLE GENERALLY BY PROVIDING AN ADEQUATE TARIFF OR TAX ON OIL THAT WILL PLACE THE DOMESTIC OIL INDUSTRY ON A COMPETITIVE BASIS WITH IMPORTED OIL AS SHOWN BY THE REPORTS OF THE TARIFF COMMISSION.

WHEREAS, business generally, not only in Oklahoma and the Southwest, but throughout all the oil producing States affecting over 22,000,000 people, has been directly depressed by the long distressed condition of

the oil industry, and which depressed condition has now become very serious, and

WHEREAS, excessive importations of foreign oils continue to flow into our country, constantly increasing in volume, until the flood has reached alarming proportions, and

WHEREAS, in the year 1932, in Oklahoma alone, the total production of crude oil was over two hundred and fifteen millions of dollars less than for the year 1929, which tremendous loss would have been saved had there been a tax or a tariff of \$1.03 per barrel on crude oil, thereby placing domestic oil on a competitive basis with importations as shown by the latest report of the Tariff Commission, and

WHEREAS, the rentals and annual royalty income, mostly paid to farmers, have been reduced millions of dollars yearly, which increasing loss continues to add to their already unbearable burdens, and

WHEREAS, the schools of Oklahoma have suffered severely in the loss of nearly six millions of dollars in gross production tax in the single year of 1932 compared with the gross production tax received in 1929, and

WHEREAS, not only have the farmers and the schools sustained severe losses, but also banking, transportation, manufacturing, industry, utility and every type and character of business have been adversely affected by the distressed condition of the oil industry and by the great loss in purchasing power due to the taking of our domestic markets by the importations of cheap foreign oil, and

WHEREAS, the general unemployment situation has been very greatly aggravated by the thousands of oil field workers, geologists, land men, lease men, scouts and office employees, forced out of employment, and by the thousands now unemployed but formerly employed

by businesses dependent on the oil industry, the third largest industry in the Nation,

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF OKLAHOMA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Congress of the United States be, and it is hereby, memorialized to give relief to the distressed oil industry, and thereby to the Nation generally, by immediately levying an adequate tax or tariff upon imported petroleum and its refined products, that will enable our domestic oil industry to meet importations of foreign oil and its refined products on a competitive basis as shown by the report of the Tariff Commission.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the presiding officers of the Legislative bodies of the other oil producing States, with the request that they transmit similar memorials to Congress; and that a copy of this resolution be transmitted to the President of the United States, and to the President of the Senate and to the Speaker of the House of Representatives of the Congress of the United States, and to each of the United States Senators and Congressmen representing the State of Oklahoma.

CONCURRENT RESOLUTION MEMORIALIZING CONGRESS TO MAKE IT MANDATORY UPON THE SECRETARY OF AGRICULTURE OF THE UNITED STATES TO

EQUITABLY ALLOCATE FEDERAL AID  
HIGHWAY FUNDS.

WHEREAS, the failure of Congress to direct the fair and equitable distribution of Federal Aid Highway Funds to the major sections of all states in the Federal Aid Highway Act, has resulted in the unfair, inequitable and arbitrary allocation of Federal Aid Highway funds to favored sections of the different states, to the exclusion of other sections of said states; and

WHEREAS, information from the National Capitol indicates that the amount of Federal Aid that will hereafter be extended to the various states for highway construction, will be drastically curtailed on account of the economic situation, and that it will be impossible to secure sufficient Federal Aid to continue the construction of interstate and transcontinental highways on the same scale as has characterized such construction in the past, or to continue the use of high priced paving material on account of its prohibitive cost in the surfacing of such highways, and that as a result of the curtailment of such Federal Aid and the greatly reduced available state funds for highway construction purposes, many towns and counties of Oklahoma and other states that have not been provided with all-weather roads, face the possibility of being permanently denied the benefit of such roads, unless what Federal and State funds, that may hereafter be available are fairly and equitably allocated to the major sections of each state;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE OKLAHOMA LEGISLATURE, THE SENATE CONCURRING THEREIN:

SECTION 1. That the Congress of the United States be memorialized to pass such an act or an amendment to the present law, that will make it mandatory upon the Secretary of Agriculture of the United States,

to allocate to each major section of each state, of not more than one hundred (100) miles square, its just proportion of Federal Aid Highway funds, taking into consideration those sections of each state that have not received their just proportion of such funds in the past, and that in allocating such funds the population, taxable wealth and tillable area of each such section shall be taken into consideration.

SECTION 2. That the Congress be memorialized to direct the Federal Bureau of Roads to use Federal Aid Highway funds in such manner as will extend the benefits of all-weather roads to as many towns and counties in the neglected sections as is possible, by using such types of material for surfacing as will give the greatest mileage of durable highways at the smallest cost, taking into consideration the amount of traffic that uses each road on which Federal Aid is extended.

### SPECIAL COMMITTEE REPORT

Senator Dixon submitted the following Special Committee Report, with the request that the Report be printed in the Journal:

To the State Senate of the Fourteenth Legislature:

We, your committee appointed to investigate the oil situation as administered under the proration laws, the military enforcement thereof and the Corporation Commission and all other branches of government whose duty it was to enforce the aforementioned laws, hereby submit the following report:

That on the 11th day of January, 1933, the following committee was appointed by the aforementioned Senate:

Honorable Paul Stewart, Chairman,  
Honorable J. Woody Dixon, Vice-Chairman,  
Honorable Morton Rutherford, Member,  
Honorable Ross Rizley, Member,  
Honorable John A. MacDonald, Member,  
Honorable W. C. Fidler, Member,  
Honorable Dave Logan, Member.

The said committee was thereafter organized and promulgated certain rules of procedure to the effect that the committee could only act through a vote of a majority of the members thereof, and thereafter upon a subsequent date, the Honorable A. L. Commons and Honorable James C. Nance, members of said Senate, were added as members of said committee. That said committee as aforementioned proceeded upon its duties.

Before attempting to report the activities of said committee, your committee begs leave to advise that its investigation to the date of its discharge was incomplete and that all facts and information given to said committee had not been investigated fully as was the desire of your committee. Your committee is of the opinion that it would require several months to complete its

investigation due to the vast amount of information and the ramifications of the facts so far developed to completely make an intelligent report upon this matter.

Your committee regrets to report further that it was without the necessary authority to enforce its process and compel various witnesses to appear before the same to give testimony and this authority was not given to the committee and without this authority the said committee was practically powerless to make a complete and thorough investigation, and because of that fact this report can only be partially complete.

The committee proceeded to take the testimony of certain witnesses on or about the 18th day of January, 1933. One of the first witnesses called by said committee and sworn to testify was Colonel Cicero I. Murray who had been appointed as Colonel in command of the military forces to enforce and administer said law. The military enforcement and administration of said laws began on the 21st day of June, 1932, under an executive order to that effect issued by the Chief Executive, the Honorable William H. Murray, Governor of the State of Oklahoma. In the enforcement and administration of said laws the Chief Executive of the State of Oklahoma issued an executive order levying an arbitrary assessment against all operators in the Oklahoma City field, which amounted to nothing more or less than an attempt upon the part of the executive branch of government to levy and assess a tax upon certain citizens of the State of Oklahoma without representation as provided by the Constitution of the State of Oklahoma, and which assessment or tax ranged from one-fourth cent to one cent per barrel upon all the oil produced and which sum of money totaling \$7,000.00 to \$22,000.00 per month was collected by and paid directly to Cicero I. Murray. That this assessment and tax was collected by the said Cicero I. Murray in command under threats that if same were not paid the producers' wells would be shut in.

The testimony of Colonel Cicero I. Murray was to the effect that considerable money had been collected by him in the enforcement of the proration laws through the militia in the Oklahoma City field and that the said Colonel Murray, at the outset of the investigation, agreed to furnish your committee with all records, data and other forms of information that he might have that would aid the committee in its complete investigation of the enforcement of the proration laws.

Your committee further diligently endeavored to take all testimony that might throw any light or information as to the enforcement of the proration laws in Oklahoma and especially in the Oklahoma City field. The committee has adduced testimony which discloses that the enforcement of the proration laws under said Cicero I. Murray was without the success as expected; that wholesale running of what is termed "hot" oil was indulged in; numerous racketeers boldly held themselves out as being able to furnish protection for the running of "hot" oil for a stated and stipulated sum of money. In some instances offices were set up for that purpose. Particularly was this true in the Parker-Walker insurance firm, which the evidence discloses did accept \$18,000.00 for furnishing protection to the McArthur Oil Corporation in its running of illegal or "hot" oil. Evidence was further adduced in this case that protection was furnished; that some 180,000 barrels of illegal or "hot" oil was run in excess of the allowable as set by the Corporation Commission. The committee has heard numerous other witnesses disclose that some 12,000,000 barrels of oil was run in excess of allowable as set by the Corporation Commission of Oklahoma in the Oklahoma City field alone during the year 1932. Upon some of this enormous amount of oil tax has been paid and some not.

The committee's evidence was particularly confined

to the years 1931 and 1932 and we desire to furnish here below the interesting figures disclosing the great discrepancy in the respective offices of this state as to oil allowables in the Oklahoma City field and what oil runs were reported and upon what amount taxes were paid during the year 1932. (Statement of production in the Oklahoma City field is shown by reports of the Umpire's office, Corporation Commission and Oklahoma Tax Commission, 1932)

Allowable -----	25,862,857 barrels;
Reported to Umpire -----	32,220,215 barrels;
Reported to Corporation Commission -----	
-----	29,503,558 barrels;
Reported to Tax Commission --	37,100,487 barrels;

and we, your committee, are informed that this gross figure will be raised an additional million barrels, making a total of 12,000,000 barrels produced during the above year that was not allowable oil.

The committee had before it numerous oil companies disclosing that they constantly indulged in running "hot" oil or illegal oil and are running "hot" oil at this time.

The evidence further shows that the umpires and militia have been complete failures in enforcing the proration laws and in seeing that equity prevailed among the operators. The testimony further shows that during the latter part of 1931 and to date some \$168,000.00 was received in the personal and military bank accounts of Cicero I. Murray and as to who paid this amount of money and how same was spent this committee has been unable to ascertain due to the subsequent refusal of said Cicero I. Murray to come before the committee and explain or contradict same, and in this respect your committee was informed that two companies alone, Anderson-Prichard Oil Corporation and the T. B. Slick interests, advanced Cicero I. Murray more than \$25,000.00 which was placed in the said Cicero I. Murray's private

or personal bank account. We were told that this was advanced for the purpose of carrying out the proration laws, but no accounting has been made of this money so far as this committee has been able to ascertain.

We, your committee, beg to report further that we made every effort to trace the money received by the said Cicero I. Murray as above stated, but due to a mingling of his personal, military and Blue Valley Farmer accounts, same was impossible, and due to his refusal to appear before the committee and strictly account for same, your committee cannot intelligently advise you as to how this sum in excess of \$168,000.00 was received and disbursed. We also discovered oil men who were being regulated and supervised in their oil business, directly or indirectly by Cicero I. Murray, giving or loaning money to the said Cicero I. Murray in one form or another, and especially was this true with C. B. Ames, an officer of the Texas Company and now president of the American Petroleum Institute, who guaranteed the payment of a \$7,500.00 loan made to Cicero I. Murray by the Liberty National Bank, prior to Cicero I. Murray being put in command of the military enforcing of the proration laws, and in the advancements of Anderson-Prichard and the Slick interests in the approximate amount of \$25,000.00, and in the loans made by Roy Johnson, also an oil man, and others.

We, your committee, believe this to be exceedingly bad practice for money to be advanced or loaned to the regulator by those being regulated.

We respectfully submit and tender a complete transcript in two volumes of all testimony taken before this committee which discloses many details of violations of the proration laws during the period covered by our examination and which are too numerous to take up in this report. You will find that the running of "hot" oil was greatly indulged in in the Oklahoma City field, also questionable activities of members of the militia, such

as some members being on the payroll of oil companies, and, in one instance, a member of the militia was paid by an oil company by receiving checks made payable to his wife. Also you will find evidence where the commander in charge of the militia, Cicero I. Murray, had his brother, Frank Murray, employed in the militia under an assumed name, and whose practice it was, while so employed, to make arrangements for ostensible protection in the running of "hot" or illegal oil. These and many other questionable activities on the part of the militia under the said Cicero I. Murray forces us to the one inevitable conclusion and that is that the said Cicero I. Murray is not and was not a qualified person to enforce the proration laws of this state.

It is an admitted fact that the militia failed to enforce the proration laws in the Oklahoma City field. Either this was intentional or due to incompetency on the part of the administrative force by employing inexperienced officers and men.

Your committee has further disclosed by its activities several hundred thousand barrels of oil that was produced in the Oklahoma City field and upon which taxes had not been paid, and your committee has further disclosed various and sundry bank accounts that have been created with funds rightly due to the royalty owners upon oil that was produced illegally.

The investigation discloses that prior to the appointment of the investigating committee various and sundry persons in violation of the rules and regulations of the Oklahoma Tax Commission from time to time filed what is termed "blanket reports" concerning the amount of tax due the State of Oklahoma on oil produced in the Oklahoma City field; that just immediately prior to the appointment of the investigating committee a blanket report was filed containing a check in excess of \$32,000.00 for the purpose of paying tax on oil produced in the Oklahoma City field. The Oklahoma Tax Commis-

sion, although investigating the matter, had been unable to ascertain what particular company or companies or from what wells the production of oil had been had upon which the check was issued. Through the investigation it was disclosed that this particular item in excess of \$32,000.00 had been paid by the Champlin Refining Company upon one particular well producing oil in the Oklahoma City field, and that the practices of the Champlin Company had been to so conceal its activities and to so handle its records by keeping a duplicate set of books for the purpose of concealing the true facts as to the amount of oil it was producing from any particular well or wells in the Oklahoma City field.

Your committee is further advised that since the organization of this investigating committee and its activities that in excess of \$50,000.00 has been paid in taxes through blanket reports made to the Oklahoma Tax Commission and this committee feels that it was in great measure instrumental in the collection of this particular tax.

Your committee finds that during the administration of proration in the Oklahoma City field under the Corporation Commission as well as under the military authorities, many and sundry flagrant violations of the law respecting proration have taken place and that, in addition thereto, many racketeers have preyed upon the public and upon the producers receiving in payment large sums of money obtained under the guise of protection, the obtaining of which sums, in the opinion of your committee, amounts in many cases to extortion. Your committee feels that much of this has been accomplished because of inefficiency, lack of qualification and selfishness on the part of those whose duty it was to administer and enforce the law, and it is a regrettable condition that, due to the inadequacy of the law, false statements, false reports, extortion under the guise of protection could be and were had without impunity, and that no

law can be found upon the statute books or in the Constitution adequate to punish those guilty of such practices, and your committee finds that, unless laws to be enacted in the future, contain adequate provisions for the punishment of those guilty of the matters and things hereinafore set forth, the so-called proration laws had as well be repealed.

### THE CORPORATION COMMISSION

Your committee finds that for more than eighteen months last past there has been a lack of harmony prevailing among the members of the Corporation Commission; that many hearings involving days of testimony and exceptionally large records involving numerous and sundry cases have come to the attention of the Commission and that because of apparent difference of opinion existing among the members of the Commission, many orders affecting various phases of proration have been made without conferences which resulted in a wide diversity of opinion among the respective members of the Corporation Commission and has caused its orders to be severely criticised by various and sundry operators in the field. This seems to have been particularly true in cases or orders that have been made under what is termed water allowables and flat allowables, certain of the operators contending that because of orders allowing production under flat and water allowables discriminations were made in favor of those who obtained such order, it being the contention and claim of those who oppose the granting of flat and water allowables that such allowables result in an advantage in favor of those securing such orders.

The investigation further discloses that from time to time various and sundry attorneys representing producing companies in the Oklahoma City field have also appeared as attorneys for the Corporation Commission and for the proration officials, either the producers' committee, the umpire or Colonel Cicero I. Murray, acting

in the capacity of umpire, and that many hundreds of dollars have been paid such attorneys while representing the proration officials out of money collected by and through said special assessment taxes from all the operators contributing thereto under and by virtue of the executive order, and that various and sundry orders have been prepared by such attorneys while ostensibly acting in such dual capacity, evidence having been adduced to the effect that not only orders but that notices of hearing for the purpose of promulgating new rules have been prepared by such attorneys instead of by the attorney employed by the Corporation Commission itself. This practice has resulted in much dissatisfaction among the producers in the Oklahoma City field and has caused many accusations to be made and much strife and discord among the producers themselves. Without imputing any improper motives to the attorneys whose names have been mentioned before your committee as acting in such dual capacity, having in mind that many of such attorneys have splendid reputations and whose integrity and honesty as practitioners has never been questioned, your committee feels that this practice should not be followed; that an attorney representing clients whose interests are antagonistic to other interests and upon which controversial matters are had before the Corporation Commission, that the umpire, Corporation Commission, or any other person, commission or court, whose duty it is to pass upon the matters in controversy, should be represented by counsel whose clients are not interested in the matters in controversy before the commission, court or umpire.

Your committee further finds that the Corporation Commission has been lax in its duty, particularly in its failure to promulgate proper rules and orders directing the taking of potentials of the various and sundry wells in the Oklahoma City field; that under the evidence ad-

duced no potentials have been taken on any well in the Oklahoma City field since November, 1931, except, of course, such wells as may have been drilled in since that date.

It is the opinion of your committee from the evidence offered and practically undisputed that a large proportion of the wells in the Oklahoma City field, if potentials had been taken during regular intervals and periods, would be much less than the potentials as now shown by the records and upon which allowables are now being obtained. This your committee feels and so finds results in a discrimination against what we may term new wells or wells of recent production as against the older wells in the field.

---

We, your committee, respectfully beg to report further that in the estimated amount of oil and other disclosures as set out and enumerated by your committee does not represent, as we believe, the true amount of oil, or all of the oil that was produced in the Oklahoma City field in excess of allowable, or what is commonly termed "hot" oil but only represents that amount of oil that we have been able to disclose and other figures that we have been able to disclose within the short time and with the limited means at our disposal. We feel on a matter of this importance and magnitude that it would take months and a great deal of expense, including a large staff of auditors, bank examiners and investigators to completely disclose the true amount of oil that has run out of this field and in excess of allowable and upon which tax has not been paid.

#### CONCLUSIONS AND RECOMMENDATIONS

We, your committee, humbly recommend the following:

##### I.

That the military branch of enforcement of the proration laws in the Oklahoma City field be discontinued,

that Colonel Cicero I. Murray be relieved of all duties and that a full and complete report and accounting of all moneys paid in to that branch be made as all other public funds are accounted for.

II.

Your committee further condemns the practice of having the proration laws enforced by the militia, that the same is not responsive and that we further condemn the enforcement or attempted enforcement of the proration laws by what is known as an umpire's committee or umpires who have in the past been chosen by the producers themselves.

III.

We respectfully recommend that in the enactment of a new proration law that the power of enforcement be placed in the hands of the Corporation Commission whose duty it is to promulgate rules and regulations with reference to proration thereby avoiding dual responsibility.

IV.

We, your committee, further recommend that in the enactment of a new proration law, adequate and severe penalty be placed therein for a violation of said newly enacted proration law.

V.

We, your committee, further recommend that all legal matters necessary to be performed by the proration enforcement officials be performed by the regular attorney for the Corporation Commission and the Attorney General of the State of Oklahoma, thereby saving considerable expense to the people of the State of Oklahoma.

VI.

We further recommend that some adequate law be passed which would carry a severe penalty against any producer of oil that conceals or withholds payment from

the rightful owners of such royalty for more than a reasonable length of time.

VII.

We further recommend that in any law that may be enacted a severe penalty be contained therein carrying with it a fine, imprisonment, or both, and in addition thereto removal from office, for any official who, through collusion, gross misconduct or who otherwise wilfully violates the duties imposed upon him by virtue of said office.

VIII.

We, your committee, having fully reported, recommend to the Honorable Senate that this report be adopted and that this committee be discharged.

Respectfully submitted,

J. WOODY DIXON,

Vice Chairman.

MORTON RUTHERFORD,

ROSS RIZLEY,

W. C. FIDLER,

DAVE LOGAN.

RESOLUTIONS

Senator Nance asked unanimous consent, which was granted, to introduce the following resolution, which was read at length:

SENATE RESOLUTION NO. 26—By NANCE and PAUL.

A RESOLUTION MEMORIALIZING THE SECRETARY OF THE INTERIOR TO REQUIRE OIL COMPANIES AND PIPE LINE PURCHASING COMPANIES TO PAY GROSS PRODUCTION TAXES ON THE BASIS OF FULL PRODUCTION OF OIL THROUGHOUT THE NATION.

WHEREAS, it has been the custom of producing Oil Companies to deduct 3% of oil produced and to pay taxes on only 97 barrels of oil produced instead of paying taxes on every 100 barrels produced; and,

WHEREAS, most of the oil producing states have remedied this situation; and,

WHEREAS, said condition became apparent to the Federal Government and that the Secretary of the Interior on August 6, 1932, made and entered an order requiring all producing oil companies to pay gross production tax upon each 100 barrels of oil produced instead of paying on the basis of 97 barrels, and that the said major producing oil companies appealed from said order, and that on February 1, 1933, said appeal was heard before the Secretary of the Interior, at Washington, D. C., and that the Secretary of the Interior importuned the State of Oklahoma through the Governor and the Tax Commission to appear at said hearing and to assist the Secretary in its effort to uphold said order and that in pursuance to said request the Governor of the State of Oklahoma ordered counsel for the State of Oklahoma and certain members of the Tax Commission to appear at Washington and represent the

State of Oklahoma in said matter, and that after a full and complete hearing in which the representatives of the State of Oklahoma participated, the Secretary of the Interior entered his final order directing said companies to pay tax upon every 100 barrels of oil produced; and,

WHEREAS, it now appears that the said major producing oil companies have petitioned the said Secretary of the Interior to vacate said order so made by the former Secretary of the Interior; and,

WHEREAS, the payment of 97 instead of 100 barrels of oil actually produced works a hardship on the Osage and other Indian lands of Oklahoma and on the school children of this State, where oil is produced on the school lands, and also is injurious to the tax payers of this State:

NOW, THEREFORE, BE IT RESOLVED: By the Senate of the State of Oklahoma: That the Secretary of the Interior be requested and importuned to let said order remain and that he be requested not to disturb the same.

BE IT FURTHER RESOLVED that copy of said resolution be immediately forwarded to the present Secretary of the Interior at Washington, D. C.

BY THE GOVERNOR OF THE STATE OF  
OKLAHOMA: Wm. H. MURRAY.

TO THE HONORABLE THE SENATE OF THE FOUR-  
TEENTH LEGISLATURE OF THE STATE OF OKLA-  
HOMA:

Gentlemen:

On yesterday, the Senate substituted for House  
Bill No. 187 another bill with different provisions.

This last Bill, proposed as a substitute of House  
Bill No. 187, by the Senate, does not at all protect the  
school funds, in vital essentials.

Why is it that a Senator does not want an audit of  
this fund every two years?

If it is audited every two years, as proposed in  
the House Bill, and the contract for the audit is made  
by the Governor, Speaker of the House, and President  
Pro Tempore of the Senate, then the School Land Com-  
mission will not control the audit. If the audit is made

every two years, prosecution can be had for wrongdoing, without the same being barred by the statute of limitations, and a repetition of the recent theft of more than \$40,000.00 cannot again occur.

In addition, the dropping of lands from the rolls, issued under a "shady" transaction, as was done some eight and ten years ago, would not again occur.

Another vital point: Why should the Senate or any Senator want to reduce this interest to 3 per cent, when we haven't enough money now to supply the farmers who would gladly secure a loan at 5 per cent? Why should the school children be denied 40 per cent of the amount of interest that could be collected?

It is readily seen that when you cut down the interest from 5 to 3, you are throwing upon the taxpayer of the State that amount of taxes.

Your substitute is further objectionable in that you do not allow the extension of a loan already made, unless it complies with certain restrictions named in the Bill, which will cause the foreclosure of many loans now that by their extension would enable the borrower to pay out, and possibly prevent a loss to the school fund.

The Bill, as written and submitted to the House, was written under an abundance of experience, with an eye singular to the protection of the funds, as well as to give opportunity to safeguard the loan of the man who desires to make payment, but requires some extension of time.

It is not absolutely essential that the clause relating to the control of the Department by the Secretary should be in the Bill, but every other provision of the House Bill should, beyond doubt, be adopted; and I appeal to the Senate not to permit men like Senator Reed and others who have borrowed this money to defeat the safeguarding of this fund; a proper audit

regularly, that the transactions of the Commission may be made known; and that the public may know what these transactions are.

The provision in this proposed substitute, proposing to loan on warrants is purely a banking proposition, and the man who stands for it is unwittingly serving the bankers' interest rather than the farmer, as intended by the Constitution.

This Bill is more important than any other measure submitted to the Legislature, even tax measures; and, if the Honorable Senate cannot adopt a wholesome bill, I shall initiate one, with a perfect assurance that the people of this State want these funds safeguarded.

These funds are held in trust by the State for the future school children and the current expenses of schools, in that we are acting as trustees; and, if we do not keep that trust faithfully, we should be stamped as double criminals, for the breaking of a trust is far worse than common theft, in that not only the property is taken, as in the case of theft, but the confidence of the public is thus robbed.

If the gentlemen legislating would follow a wholesome public policy and forget their own selfish interests, legislation would be better for the people and the State.

If this be harsh language, it is made necessary because of my constant effort for nearly three months to have this Bill enacted; and it shall become the law, if we have to go to the people. The borrowers of this school fund as a body, like every one else, desire a fair, square, honest deal and transaction.

Respectfully submitted, on this the 20th day of April, A. D., 1933.

BY THE GOVERNOR OF THE STATE  
OF OKLAHOMA: Wm. H. MURRAY.

Senator Paul moved that a committee be appointed

to draft a bill somewhat in compliance with the Message from the Governor and incorporate it into a substitute bill, which motion prevailed, the President appointing as such Special Committee, Senators Paul, Rizley, MacDonald, Willis and Nance.

Upon the request of Senator MacDonald, Senator Commons was appointed in his stead as a member of the Special Committee.

#### RESOLUTION

Senator Nichols asked unanimous consent which was granted, to submit the following Resolution, the title of which is as follows:

SENATE CONCURRENT RESOLUTION NO. 24—  
By NICHOLS and DIXON.

A Resolution creating a committee to investigate the necessity for the creation of a Conservation Commission for the administration of the laws relating to the conservation of Crude Petroleum and Natural Gas, and other conservation matters.

Senator Nichols requested, to which objections were voiced, that the Senate proceed to the consideration of Senate Concurrent Resolution No. 24.

Senator Nichols moved that the rules of the Senate be suspended, for the purpose of considering Senate Concurrent Resolution No. 24.

Senator Paul, as a substitute, moved that further consideration of Senate Concurrent Resolution No. 24 be indefinitely postponed.

Upon motion of Senator Paul, the previous question was ordered.

By unanimous consent, Senate Concurrent Resolution No. 24 was read at length, as follows:

SENATE CONCURRENT RESOLUTION NO. 24—By  
NICHOLS and DIXON.

A RESOLUTION CREATING A COMMITTEE TO  
INVESTIGATE THE NECESSITY FOR THE

CREATION OF A CONSERVATION COMMISSION FOR THE ADMINISTRATION OF THE LAWS RELATING TO THE CONSERVATION OF CRUDE PETROLEUM AND NATURAL GAS, AND OTHER CONSERVATION MATTERS.

WHEREAS, crude petroleum and natural gas constitute, next to agriculture, the most important resources of the state of Oklahoma; and,

WHEREAS, the conservation of crude petroleum and natural gas, and the equitable taking thereof, presents one of the most important problems of the government of the State of Oklahoma; and,

WHEREAS, the maintenance of the State government and the schools of Oklahoma are largely dependent upon the revenues to be derived from the taxation of crude petroleum and natural gas, and the products thereof; and,

WHEREAS, the future welfare of the State of Oklahoma is so largely dependent upon the conservation of crude petroleum and natural gas, and the revenues to be derived therefrom; and,

WHEREAS, the welfare of the State of Oklahoma, and its people and its future generations, is so largely dependent upon the conservation of these natural resources; and,

WHEREAS, the Legislature of 1915, through Chapters 25 and 197 of the Session Laws of 1915, saw fit to regulate the conservation of crude petroleum and natural gas and the equitable taking thereof, and the Legislature now in session, through the enactment of House Bill No. 481, has seen fit to provide additional legislation for the strengthening and enforcement of the conservation and equitable laws relating to crude petroleum and natural gas, and to place the jurisdiction thereof under the Corporation Commission of the State of Oklahoma; and,

WHEREAS, the Corporation Commission was created by the Constitution as a public service commission, intended

primarily for the regulation of transportation and transmission companies, and other public utilities; and,

WHEREAS, the original jurisdiction of the Corporation Commission as set out in the Constitution, over such public service corporations, has been greatly extended from time to time until that Commission is greatly overburdened with its duties, aside, apart from and without the addition of the administration of the conservation laws of the State; and,

WHEREAS, the duties in connection with the administration of the laws dealing with the conservation of crude petroleum and natural gas are sufficient to occupy the entire time of any Commission; and,

WHEREAS, such duties may be inconsistent with the administration of the laws relating to public service companies and public utilities; and, whereas, the duties and time required by the Corporation Commission for the administration of the laws dealing with the conservation of crude petroleum and natural gas, and the equitable taking thereof, will consume the greater portion of the time of the Corporation Commission and will prevent the adequate and timely consideration of public utility matters; and,

WHEREAS, the funds for the administration of the conservation laws dealing with crude petroleum and natural gas and the equitable taking thereof, and the cost thereof, are to be assessed against the products of crude petroleum and natural gas; and the costs of the administration of these laws are to be borne entirely by the petroleum industry; and,

WHEREAS, the proper administration of the laws dealing with the conservation of crude petroleum and natural gas and the equitable taking thereof demand a Commission which can give its entire time to this subject;

NOW, THEREFORE, BE IT RESOLVED that the Senate and House by joint concurrent resolution direct the appointment of a committee to investigate the necessity and

practicability of the creation of a Conservation Commission and the administrative machinery for the enforcement of the conservation laws of the State of Oklahoma and specifically those relating to the conservation of crude petroleum and natural gas and the equitable taking thereof.

AND BE IT FURTHER RESOLVED that this Committee be composed of five members and shall be appointed as follows: Two by the President of the Senate, two by the Speaker of the House and one by the Governor, and that the Governor shall be ex-officio Chairman thereof.

AND BE IT FURTHER RESOLVED that this Committee shall be directed to begin investigation at once and the preparation of its report, and that such report shall be made to the next regular session of the Legislature, or, in the event of a special session, at the next special session of the Legislature.

The vote occurring on the Paul motion, it was declared adopted, the roll call thereon being as follows:

beg leave to report that we had the same under consideration and herewith return the same with the recommendation that it do pass AS AMENDED BY COMMITTEE as follows:

"ENGROSSED HOUSE BILL NO. 451—By PHIL-

LIPS (Atoka) of the House, and MEMMINGER of the Senate.

AN ACT ABOLISHING THE OFFICE OF COUNTY SURVEYOR OF ATOKA COUNTY AND PROVIDING THE DUTIES OF SAID OFFICE SHALL BE PERFORMED BY THE COUNTY ENGINEER.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 2. From and after the passage of this Act the duties of County Surveyor in Atoka County shall be performed by the County Engineer, who shall receive no additional compensation therefor.

SECTION 3. This Act shall not take effect nor be in force until January 1st., 1935."

WALDREP, Vice-Chairman.

Senator Clark asked unanimous consent, to submit the following petition, which, upon his request, is herewith incorporated in the Journal:

PETITION TO THE GOVERNOR AND TO THE LEGISLATURE OF OKLAHOMA:

Inasmuch as each member of the Oklahoma Legislature has sworn to preserve, protect and defend the constitution of the State of Oklahoma which forbids the manufacture, sale and transportation of intoxicating liquor including wine, beer, and ale, and

INASMUCH as the Oklahoma Legislature has already taken steps to legalize beer in Oklahoma even while the constitution forbids it, Therefore,

1. We assemble this 21st day of April, 1933 and pledge again our allegiance to the constitution and to the union of states.

2. We challenge the right of our state government to consider the manufacture, sale, and transportation of 3.2% beer, which is scientifically proved to be intoxicat-

ing and forbidden by the constitution of the United States as well as by the Oklahoma law.

3. We urgently beseech the Legislature of the State of Oklahoma to *revoke* their action to force upon the people of Oklahoma a referendum on beer. Even if demanded by a vote of the people the manufacture and sale of beer in Oklahoma would be illegal under the 18th amendment which is still the law of the land.

4. We implore the Oklahoma Legislature to refuse to soil the record of this State by even considering the matter of going into the liquor business as a commonwealth, even by listening to well laid schemes of unscrupulous brewers, and organized capitalists. Any system of liquor sale whether by individual, or by state or nation is bootlegging as long as the 18th amendment stands.

5. We protest any effort to place our State among the list of bootleggers, the majority of our congressmen having kept the State's record clean by voting against the beer bill at Washington and also against repeal of the 18th amendment.

6. We beseech the Governor of the State of Oklahoma, the Honorable Wm. H. Murray, to refuse to call a referendum for this unholy cause which is contrary to the wishes, safety, and welfare of women and children, more than two-thirds the people of Oklahoma in whose interest, we, the Oklahoma unit of the Woman's National Committee for Law Enforcement are entitled to speak.

7. We demand that Congress revoke the illegal bill passed to secure intoxicating liquor through unconstitutional methods.

8. We call the attention of the President of the United States, the Honorable Franklin Delano Roosevelt, to the fact that his oath of office to support, protect, and defend the Constitution should be placed above any personal views or party platforms, and we beg him

to reconsider and recall his action to legalize an illegal beverage.

9. We respectfully request careful consideration of the following petition by the Woman's National Committee for Law Enforcement presented to the National Government for redress of grievances, April 14, 1933, at which time the Oklahoma Unit was represented at Washington, D. C.

PETITION TO GOVERNMENT FOR REDRESS OF GRIEVANCES

The first Amendment to the Constitution provides for religious freedom, free speech, a free press and "The Right of the People Peaceably to Assemble and Petition the Government for Redress of Grievance."

Article VI of the Constitution declares "This Constitution and the Laws of the United States which shall be made in pursuance thereof . . . shall be the supreme Law of the Land and the Judges in every state shall be bound thereby, anything in the Constitution or Laws of the State to the contrary notwithstanding."

1. The Eighteenth Amendment to the Constitution prohibits "The Manufacture, Sale or Transportation of Intoxicating Liquor for Beverage Purposes." The action of the 73rd Congress in passing a Beer Bill authorizing manufacture, sale and transportation of Intoxicating Liquor is therefore illegal under the Eighteenth Amendment to the Constitution.

2. No State has power to act against the Supreme Law according to Article VI of the Constitution which declares "Judges in every state shall be bound thereby." Any State allowing this beer bill to become law is in defiance of the Constitution of the United States.

3. Every member of Congress and Official of this Government is solemnly sworn to support and defend the Constitution, "without mental reservation or purpose of evasion," which pledge was broken by those who voted for the Unconstitutional Bill.

4. Intoxicating Liquor is defined as a "Habit-Making Narcotic Drug." One-half of one per cent was the standard adopted by Congress in 1920, since it was the standard of brewers in the contest over soft drinks. The British Legal Standard for Alcoholic Content is 1 per cent. (2% Proof Spirits) Any beverage containing more than 1 per cent alcohol is declared intoxicating.

2.75% Beer, on which tests have been made by the highest scientific authorities in America, is declared intoxicating by Dr. Haven Emerson, college physician and surgeon, Columbia University, New York; Professor Walter Miles of Yale University (tests made with students of eighteen years of age) Prof. E. D. McCollum of John Hopkins; Dr. Benedict of Carnegie Institute; Dr. Howard A. Kelly, John Hopkins; and others. 3.2% beer, 4% by volume is intoxicating, as it was the content of alcohol in beer sold and taxed before prohibition under license as intoxicating liquor.

5. "Who are the people?" Two-thirds of the people of the United States are women and children who suffer most from this evil and are disregarded and unrepresented by Congress. Alcohol leads to vice, crime, and disease. Beer takes from childhood food, clothing, fuel and necessities of life. This government has no right to barter the welfare of the people for revenue (Decision Supreme Court on Louisiana Lottery.)

6. This bill offers no protection against saloons, which both party platforms pledged should not return; no provision against advertising an illegal product by press and radio; no law against locating saloons in close proximity to schools, churches or homes, or advertising in school cafeterias; no limit to the hours or days on which this liquor may be sold; Sundays are included.

7. The lack of coordination shown by scientific tests indicates grave danger on the highway through driving by men and women who have used 3.2% beer. Driving under the influence of liquor leads to murder

and death. Have we no right to protection? Is not this Government liable for these murders?

If railroads, steamships, the navy and transportation agencies prohibit this beer as intoxicating in the interest of safety, we demand that this government also provide such safeguards for communities and highways.

**"IN VIEW OF THESE GRIEVANCES"**

We call upon the people of the United States to demand that Congress revoke this illegal bill passed in collusion with brewers, organized agents and capitalists opposed to the 18th Amendment without regard to the safety and welfare of women and children in whose interest we, the Woman's National Committee for Law Enforcement, are entitled to speak. To secure protection of our rights and safety under the constitution we present this petition to the President of the United States and both houses of Congress as we are authorized to do by the Constitution and beg their attention and immediate action.

In memory of Washington and Jefferson, who wrote the Constitution, and Lincoln who preserved it, we come to this memorial on this anniversary of the passing of the great president at the hands of an assassin who fortified himself with liquor at the old tenth street saloon before committing the crime. On this 14th day of April, 1933, we pledge again our allegiance to the Constitution and the Union. It is the day of betrayal of our Lord through a referendum and the martyrdom of the man who saved the Union. Here in the presence of Almighty God we challenge the right of this government to sanction the betrayal of the nation by the return of the manufacture, sale and transportation of "intoxicating liquor" forbidden by the constitution.

Signed:

WHEREAS, The northern boundary line of the Panhandle of Texas, and the southern boundary line of the Panhandle of Oklahoma are in dispute, which results in constant confusion due to the fact that the States of Oklahoma and Texas are each asserting jurisdiction and attempting to exercise sovereignty over the disputed strip, which makes it impossible for the property owners to pay taxes in either State and jeopardizes the title to both real and personal property, and brings about interminable confusion in the enforcement and administration of the laws; and

WHEREAS, There are various other disputes between the State of Texas and the State of Oklahoma as to the true boundary line between said States, which disputes have been pending for many years without adjustment and results in loss of revenue to each State through taxation and jeopardizes the title to property situated in the vicinity of said disputed area; and

WHEREAS, All disputed questions of boundary should be settled by compact between the states with the ratification of the Congress of the United States and thereby save the useless and unnecessary expense and labor incident to adjusting and determining the

true boundary lines by litigation instituted in the Supreme Court of the United States; and

WHEREAS, The State Legislature of the State of Texas on the 17th day of February, 1933, passed a resolution similar to this resolution, carrying the same appropriation and calling for the same number of members of a committee to work out the above disputed question of boundary;

NOW, THEREFORE BE IT RESOLVED, by the House of Representatives the Senate concurring therein, that a committee consisting of four members of the House of Representatives, to be selected by the Speaker, and two members of the Senate, to be selected by the Lieutenant Governor, be appointed to represent the State of Oklahoma, in bringing about the execution of a compact between the two States to settle the controversy as to the true location of the boundary line between the States of Oklahoma and Texas in this disputed area; that such boundary line be by compact definitely established; that such compact between the States be submitted to the Fourteenth Legislature of the State of Oklahoma for ratification, and that said committee use its good offices to bring about the submission of such compact to the Legislature of Texas and to the Congress of the United States, for approval and ratification; and

BE IT FURTHER RESOLVED, That the necessary expenses incident to the execution of the compact not to exceed Five Hundred (\$500.00) Dollars, and such other expenses as may be necessary for surveying and determining the true boundary line if necessary, be paid as follows:

One-half of said expense to be paid out of funds appropriated by the Fourteenth Legislature for the expense of operating the House of Representatives, and one-half of said expense to be paid out of funds appropriated by the Fourteenth Legislature for the

expense of operating the Senate, on vouchers signed by the members of the committee from the respective houses; and

BE IT FURTHER RESOLVED, That a certified copy of this resolution be immediately furnished to the Governor of the State of Texas and to the presiding officers of the Senate and the House of Representatives of Texas, and that they be notified that the presiding officers of the House of Representatives and the Senate of the State of Oklahoma have selected a committee to negotiate with a similar committee appointed by the presiding officers of the Senate and the House of Representatives of the State of Texas, to negotiate a compact between the two states as soon as possible to the end that these matters may be settled, adjusted and confirmed during the present sessions of the Legislature of the States of Texas and Oklahoma.

Each clerk or other issuing officer shall open and keep an account with the amount of each item of appropriation showing the purpose for which the same is appropriated and the date, number and amount of each warrant drawn thereon. Mr. President: I have voted "no" on the re-consideration of House Bill No. 58. I supported this measure when the same was considered and passed by the Senate. However, this bill has been returned by the Chief Executive with his disapproval, and the re-consideration of the measure, notwithstanding the disapproval or veto of the Governor, under the provisions of Section 11, Article 6, is a passage of the bill within the meaning of Section 33, Article 5 of the Constitution which provides, "No revenue bill shall be passed during the five last days of the Session." The measure in question is a revenue raising measure and the Sine Die adjournment of this Session has been fixed for the 22nd instant.

For these reasons, I have voted "no" on re-consideration.
