Senator Finney submitted and had read the following Joint Concurrent Resolution, which was unanimously adopted upon motion of Speaker Hinds:

JOINT CONCURRENT RESOLUTION NO. 1.—By ALL MEMBERS OF THE SENATE AND ALL MEMBERS OF THE HOUSE OF REPRESENTATIVES.

A JOINT CONCURRENT RESOLUTION EXPRESSING PROFOUND REGRET AT THE LOSS OF OUR GREAT PRESIDENT AND COMMANDER IN CHIEF, FRANKLIN DELANO ROOSEVELT.

WHEREAS, A great man has fallen, the American people have lost their matchless President, our fighting forces have lost their Supreme Commander, the people have lost their truest friend, the world has lost its greatest friend of freedom—Franklin Delano Roosevelt is dead; and

WHEREAS, realizing the immensity of the loss that the people of Oklahoma have sustained, and realizing also the inadequacy of language to express in full measure either our people's sorrow or their sense of loss, the

Senate and House of Representatives of Oklahoma would attempt to express in simple words their appreciation of the noble services rendered by their Noble Leader, we would dispense with the extravagant eulogy that has become the proverbial blemish of funeral orations and merely notify our sense of loss and our duty of dedication; and

WHEREAS, as an imperfect monument to the man who saved his country, both from the clutches of depression and the ruin threatened by military monsters, we would dedicate ourselves to the ideals for which he wrought so mightily and for which he finally gave his life; and

WHEREAS, this day of tears is also a day for memories—we recall the darkened day on which Franklin Delano Roosevelt became President of a prostrate nation and the one authoritative voice of a helpless, if not hopeless, people. In him reposed the only confidence retained by a people who had been seared by three years of want, hunger and bankruptcy born of an unexampled depression. We remind ourselves of the eagerness with which a ruined nation turned to their chosen leader for just one word of hope and reassurance; and

WHEREAS, mighty today is the memory of the courage, resolution and unflinching patience with which our President addressed himself to the task of leading his people out of economic bondage, of the measures he fashioned to salvage the Republic from the wreckage of economic catastrophe, and of the signal success that crowned his efforts. He first took office as the President of a pauperized people. He left that people busy and prosperous when he finally cast off his weary load; and

WHEREAS, in the midst of his ceaseless labors for the betterment of his people, treason hurled its bolt against the peace and security of the world. A gathering shadow spread out from the old world's capitals and voiced the determination of tyrants to destroy the last vestige of liberty and democracy and even civilization itself. The one man among all those who presided over the destinies of the nations to appraise correctly the menace of the coming storm was Franklin Delano Roosevelt. Patiently, ceaselessly and determinedly he proceeded to arouse his people to a consciousness of danger. Patiently he sought to induce them to prepare for their defense from national annihilation. Courageously he promoted a lend-lease program to

enable the defenders of freedom to hold their battle lines until America was ready to play her positive part in the battle for civilization. Bravely he lifted his defiant face to a year-long march of successive calamities while American possessions were being overrun by the barbarian and the American flag was being lowered before the onrush of his country's foes. While the American people wept with the passion of an angry grief because they were powerless to save their riddled regiments and while the very sea was giving up its dead in the convulsion of his country, the great heart of the American Leader never failed.

Then when the tides of war had turned we were enabled to realize the immensity of the preparations made for the delivery of our country from its perils. Then we saw the mobilized might of America begin to move against the enemies of freedom. With the roar of the sullen guns was blended the jubilant notes of victory's bugles. Now the mighty battle weapon fashioned by the genius of Franklin Delano Roosevelt is at the throats of the Hun and the Nipponese. Our armies are at the gates of the Nazi capital. The house of Mussolini is no more. Our army and navy and flying avengers are strewing death in the Japanese strongholds and leveling the bastions of the Nipponese capital; and

WHEREAS, destiny would have been more kind if it had permitted the man who ruled the storm to see its final ending, but that was not to be. On the very eve of a victory beyond all precedent in its possibilities, he heard the final call of the Infinite. "God's finger touched him and he slept." Down among the murmuring pines of Dixie he became the outstanding casualty of the world's greatest war;

NOW, THEREFORE, the Senate of Oklahoma, the House of Representatives concurring therein, taking note of the life and achievements and unequalled services of its departed Leader, and gathering inspiration from his noble life and heroic death, do hereby resolve that we bear earnest and official testimony to the noble life and matchless record of the Leader we followed in life and revere in death, and we renew our allegiance to the cause of world peace promoted so earnestly by our departed President and dedicate ourselves to the task of banishing the fear of recurring wars from the entire earth; and

BE IT FURTHER RESOLVED, that we pledge our loyal support to the man who succeeds our martyred leader and hasten to help him finish the tasks his splendid predecessor has so well begun.

Upon motion of Representative Mountcastle, the Memorial Address of Governor Robert S. Kerr, as follows, was ordered printed in the Journals of the House and Senate:

Mr. President of the Senate
Mr. Speaker of the House
Ladies and Gentlemen of the Joint Session, and
My Fellow Oklahomans

President Franklin Delano Roosevelt is dead! •

The words reverberate like thunder rolling amid mighty mountains.

Their impact is felt around the world.

The ranks of the Big Three are broken.

There is sorrow in the Kremlin where Joseph Stalin, directing Russia's mighty war effort realizes that Roosevelt is dead.

There is sorrow in Whitehall and at No. 10 Downing Street where Winston Churchill contemplates the onrushing sweep of Democracy's fighting forces on the Western Front, and knows that his most stalwart comrade is gone.

There is sorrow in Chungking as the Generalissimo and Madame Chiang Kai-Shek feel the shock of a loss not only to themselves, but also to their people.

There is grief in the hearts of the leaders of every nation on this earth who are striving and fighting for freedom.

There is lamentation from where the shadows of Chapultepec fall across the palace of President Avilla Comancho, all along the Isthmus, and from Panama to where the Southern peaks of the Andes rear their snow-capped heads above the waters of Cape Horn.

There is deep sorrow in far off Australia, in New Guinea, in the lands which still writhe under the heel of the loathed Jap invader; in the Philippines whose coral strands reflect the rays of sunlight which had been in eclipse, but which have returned.

The symbol of their liberation is dead.

There is sorrow in the hearts of our military commanders, as the greatest Generals and Admirals of America's proud history weep unashamed at the bier of their fallen Commander-in-Chief.

Roosevelt is dead!

The hearts of the people of America are heavy as they bid farewell to their beloved President.

A shadow has fallen across the hearth of every American home, of the rich and of the poor.

American workers will make a greater effort today in tribute to the sacrifice of the life of the best friend they ever had.

The farmers of America will raise their sights and increase production goals in loving recognition of the supreme

sacrifice made by the champion who advanced their welfare more than any other.

The rank and file of American citizens wherever they are will work a little harder and dedicate themselves anew in honor of the heroic death of the great leader they loved so well.

The aged stand with heads bowed and bared as they mourn the passing of one who implemented his affection for them by bringing to them an economic security they had never known and which, without him, they would not have.

The fighting men and women of America around the world, on the sea, on the land, and in the air, will surge forward with greater resolve and greater power, inspired by the heroic death of their matchless Commander. They will rededicate themselves, that they may insure winning the objectives which were so dear to him and which they had expected to win with him.

His most fitting monument is in the hearts of the people who loved him, as he loved them and who will cherish and treasure his memory until time ripens into eternity.

But, my fellow Americans, in the darkness of our sorrow the light of gratitude and determination breaks upon us.

We are grateful that Franklin Delano Roosevelt has lived.

We are thankful that his genius led us out of the Nation's greatest depression.

We are happy in the knowledge that his transcendent courage and brilliance have led us through the danger and the carnage of the most terrible war in history, until today, we, with our brave Allies, have achieved victory over Germany, and know that we and they are likewise winning certain victory over Japan.

We are grateful that his spirit will lead us patiently, but surely, in achieving an abiding peace. We can never be thankful enough that he was willing and able to give all that he had in the service of his Country and that the security and welfare of his people were more precious to him than his life.

We will meet the crisis brought about by his death in the light of the examples he gave us while he lived.

Do you remember the fateful morning of March 4th, 1933?

Let the words of courage which he spoke then challenge us anew:

"Nor need we shrink from honestly facing conditions in our country today. This great nation will endure as it has endured, will revive and will prosper.

"So first of all let me assert my firm belief that the only thing we have to fear is fear itself.

"In every dark hour of our national life a leadership of frankness and vigor has met with that understanding and support of the people themselves which is essential to victory. I am convinced that you will again give that support to leadership in these critical days."

Do you remember his courage, his superb confidence, and his infinite faith as he stood before the Joint Session of the National Congress after Pearl Harbor and called America to arms to meet the challenge of Japanese aggression, in these words:

"No matter how long it may take us to overcome this premeditated invasion, the American people, in their righteous might, will win through to absolute victory.

"With confidence in our armed forces, with the unbounding determination of our people, we will gain the inevitable triumph, so help us God."

We face our future today in the light and inspiration of his words spoken to the Congress and to the Nation on January 7, 1943:

"Therefore, let us, all of us, have confidence, let us redouble our efforts.

"A tremendous, costly, long-enduring task in peace as well as in war is still ahead of us.

"But, as we face that continuing task, we may know that the state of this nation is good—the heart of this nation is sound—the spirit of this nation is strong—the faith of this nation is eternal."

We are richer far than we have ever been, in every phase of our national life by reason of his life and service, and of the giving of his life to his Country's cause.

We will honor him by giving our confidence and full support to and by **holding up** the hands of his successor, Harry S. Truman of Missouri, who is today President of the United States.

We will follow the example of Franklin Delano Roosevelt by rededicating all that we have and all that we are to completing the unfinished task that is ahead.

With an even greater unity among us because of his sacrifice, with steadfastness of purpose worthy of the ideals for which he lived, America moves majestically and irresistably **forward and upward** to her greatest destiny!

ROBT. S. KERR.

The President announced the issuance by the Governor of an Executive Proclamation, designating tomorrow as a Day of Mourning and Prayer throughout the State.

SPECIAL COMMITTEE REPORT

Senator Thornton submitted the following Special Committee Report, which was adopted, following which the Committee was ordered discharged:

Mr. President and Members of the Senate:

We, your special committee appointed by the Honorable House and Senate to investigate the conditions at the Oklahoma School for the Blind at Muskogee, beg leave to report the following:

1. We find that on Thursday, April 12, 1945, a few minutes before 5 o'clock in the afternoon, the School of the Blind was struck by a tornado travelling in a northeasterly direction. This storm killed three of the larger girls and seriously injured two others. Sixteen of the seventeen buildings on the campus were either demolished or damaged by the tornado. The only building without dam-

age was the home of the president located on the west side of the campus.

2. The roof of the administration building was destroyed, thus exposing the furniture, fixtures, equipment, interior decoration, floor, etc. The third floor of the cottage for larger girls was dismantled from the structure. The power house, gymnasium, paint and carpenter shop, feed and storage shed, implement and general storage building and the laundry building were demolished. It is not possible to know the damage to the foundations and the walls that remain intact because of the debris. Broken trees and debris cover the entire campus.

3. Estimate of repairs and reconstruction of buildings has been prepared by Mr. L. W. Nichols, assistant engineer of the State Board of Affairs. The Committee used Mr. Nichols' report during the time of their visit, total of which was \$404,900.00 needed as an emergency appropriation to repair and reconstruct the buildings on the campus. This estimate does not include repair nor replacement of furniture and fixtures damaged by the recent rains.

Your committee also conferred with private engineers and contractors as to the probable cost of repairing and rebuilding the buildings at this institution, their figures ranging from \$500,000.00 to \$700,000.00 and do not include any repairs or replacement of furniture, fixtures and equipment. They do not take into consideration the cleaning up of the debris and removing of furniture and equipment to storage by some agency of the government.

4. The children of the school have been taken or sent to their respective homes. The dairy herd has been transferred to the Warner A. & M. College, located in Muskogee County, and most of the dairy feed has been placed under roof. The Army has assisted in guarding the damaged property and together with the Boy Scouts removed the library books and equipment to a more adequate storage space.

5. The committee realizing the need of adequate storage for the equipment, much of which is very expensive, advised the Governor, who in turn authorized Mrs. O. W. Stewart, president of the School of the Blind, to secure proper storage space and begin immediately the removal of the equipment and supplies from the institution to the place

of storage. The Governor requested and received the assistance of the Army in the performance of this task. A request has been made of the proper authorities for labor from prisoners of war to clean up the debris on the campus. Prompt attention was given the committee's request in each instance. The Chamber of Commerce of Muskogee assisted materially in securing storage space. Col. Horton, Commanding Officer of Camp Gruber, reported to the committee that there were sufficient trucks and forty men standing by to assist in whatever manner they could.

The committee was well received by the authorities of the school and were given full cooperation by the city of Muskogee in trying to alleviate the loss and damage to the school of the blind.

Your committee desires to express our gratitude to Mrs. O. W. Stewart and her staff for their heroic efforts in saving so many of the lives of our children at the school during this catastrophe, also to Mr. Nichols, assistant engineer of the State Board of Affairs for his prompt action in being on the ground and making a preliminary report of the damages done by the storm.

School at the blind institution has been discontinued for the remainder of this term, and in order to resume school, these buildings must be repaired and reconstructed by September 1, 1945, the greatest emergency being a new roof on the administration building.

terms of a Resolution duly adopted by the State Board of Equalization of the State of Oklahoma, sitting in called session on April 14, 1945, I have the honor to deliver to you herewith a duly authenticated duplicate original of said Resolution as adopted by said Board under authority of Section 23, Article 10, of the Constitution of Oklahoma, as amended; and to request a signed memorandum acknowledging receipt of same, for the Minutes and records of said Board.

Very truly yours,

C. C. CHILDERS, State Auditor, Ex-Officia,
Secretary, State Board of Equalization:

By: TOM BODINE,
Assistant Secretary.

PROCEEDINGS HAD THE 14TH DAY OF APRIL, 1945:

Whereupon, Mr. Randell S. Cobb introduced and moved the adoption of the following Resolution. The motion was duly seconded by Mr. F. C. Carter. The Resolution is as follows:

R E S O L U T I O N

Of The

STATE BOARD OF EQUALIZATION

WHEREAS, Pursuant to the provisions of the Amendment to Section 23, Article 10, Oklahoma Constitution, adopted March 11, 1941, the State Board of Equalization on November 20, 1944 made its original estimate of the revenue to accrue to the General Revenue Fund and each special fund of the State, for the fiscal years ending June 30, 1946 and June 30, 1947, and

WHEREAS, The Amendment to Section 23, Article 10, Oklahoma Constitution, provides in part as follows:

"Section 23. Within twenty days after the adoption of this amendment and thereafter prior to the convening of each regular session of the Legislature, the State Board of Equalization shall make an itemized estimate of the revenues to be received by the State under the laws in effect at the time such estimate is made for each year of the next biennium showing separately the revenues to accrue to the credit of the General Revenue Fund and each special

fund of the State, and the total amount of such estimate for each fiscal year shall not exceed the average total revenue which accrued to each such fund for the three (3) last preceding fiscal year, to which amount shall be added the cash surplus, if any, from the preceding fiscal year in the hands of the State Treasurer to the credit of any such fund and not previously appropriated by the State Legislature at the time such estimate is made. Such estimate shall be filed with the Governor, the President of the Senate and the Speaker of the House of Representatives. The Legislature shall not pass or enact any bill, act or measure making an appropriation of money for any purpose until such estimate is made and filed, unless the State Board of Equalization has failed to file said estimate at the time of convening of said Legislature, then, in such event, it shall be the duty of the Legislature to make such estimate pursuant to the provisions of this amendment, and all appropriations made in excess of such estimate shall be null and void; Provided, However, that the Legislature may at any regular session or special session called for that purpose, enact laws to provide for additional revenues, other than ad valorem taxes, or transferring the existing revenues or surpluses from one fund to another, whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor and with the President of the Senate and the Speaker of the House of Representatives, and the amount of any increase or decrease, resulting, for any reason, from such laws shall be added to or deducted from each respective fund, as the case may be. The amount of such adjusted estimate shall be the maximum amount which can be appropriated for all purposes from any fund for each year” and

WHEREAS, Since the date of said original estimate made by this Board, the Legislature has enacted laws providing additional revenues for the General Revenue Fund; and,

WHEREAS, it appears that the Twentieth Legislature has enacted no measures transferring revenues previously estimated by this Board to other funds and purposes than those for which it was originally estimated by this Board, and,

WHEREAS, this Board acting in pursuance of the duty

and authority conferred upon it has caused to be presented to it all of the data, figures and relevant information concerning the revenue to accrue under the additional revenue measures adopted by the Twentieth Legislature, and, after careful study of such information has determined that the original estimates of this Board shall be revised and adjusted;

NOW, THEREFORE, BE IT RESOLVED, By the State Board of Equalization of the State of Oklahoma that the original estimates of this Board of the revenues reasonably estimated to accrue to the General Revenue Fund and to the several special funds of the State for and during the fiscal years ending June 30, 1946 and June 30, 1947, be revised and adjusted as follows:

Because of inadequacy of information the State Board of Equalization has made no estimate as to the receipts of Institutional and Departmental Revolving Funds. Also no estimate has been made of the receipts to accrue to certain Special Funds such as the State Assistance Funds, Conservation Fund, Oil Compact Fund, Motor Vehicle Enforcement Fund, Motor Vehicle Identification Plate Fund, Board of Education Cash Fund, Fish and Game Fund, Firemen's Pension Fund, Board of Accountancy Fund, Dental Board Fund, Board of Professional Engineers Fund, Board of Veterinary Examiners Fund, Board of Dry Cleaners Fund, Board of Embalmers Fund, it being the thought of the Board that if the Legislature desires to appropriate the monies to accrue to these funds in a different manner or for a different purpose than they are now dedicated that the Legislature is authorized by Section 23, Article 10, Constitution of Oklahoma, as amended, to make an estimate of said funds.

BE IT FURTHER RESOLVED, That the above be and constitute the revised and adjusted estimate of the State Board of Equalization of the revenues reasonably to accrue to the General Revenue Fund and each special fund of the State for the fiscal years ending June 30, 1946 and June 30, 1947.

BE IT FURTHER RESOLVED, That a duly authenticated duplicate original of this Resolution and the Minutes

If such gains do not exceed such losses, such gains and losses shall not be considered as gains and losses from sales or exchanges of capital assets. For the purposes of this paragraph:

(1) In determining under this paragraph whether gains exceed losses, the gains and losses described therein shall be included only if and to the extent taken into account in computing net income, except that the provision of subsection (d) (2) relating to the percentages of gain or loss to be taken into account in computing net income shall not apply.

Unless otherwise prescribed by the authority from which the money is received, any such moneys shall be kept in separate accounts designed according to the purposes for which the money is received and made available, said accounts to be kept in the State Treasury and any funds deposited therein to be held in trust by the State for the purposes for which the same were received and all of such moneys are hereby appropriated for the purposes for which the same are received and made available, to be expended in accordance with federal laws and regulations and with this Act.

(4) When requested by the United States Government or any agency or department thereof, to disburse such moneys received therefrom in the manner and for the designated purposes, but this shall not preclude any other authorized method of disbursement.

(5) To enter into such agreements and compacts as may be in the public interest with the United States, the several states, and municipalities, counties and agencies of this State for the purpose of encouraging, furthering and promoting the development, expansion and safety of aviation in this State and in carrying out the purpose of this Act.

SECTION 6. All contracts for the acquisition, construction, improvement, maintenance, and operation of airports, or other air navigation facilities made by the Commission, either as the agent of this State or as the agent of any municipality shall be made pursuant to the laws of this State governing the making of like contracts, provided, however, that, where the acquisition, construction, improvement, maintenance, and operation of any airport, landing strip, or other air navigation facility is financed wholly or partially with federal moneys, the Commission as agent of the State or of any municipality

thereof, may let contracts in the manner prescribed by the federal authorities, acting under the laws of the United States, and any rules or regulations made thereunder, notwithstanding any other State law to the contrary.

SECTION 7. The powers and duties of the State Highway Commission of the State of Oklahoma relating to aviation as prescribed by 3 O. S. 1941, § 6, are hereby transferred to and vested in the Oklahoma Aviation Commission. The powers and duties of the Oklahoma Planning and Resources Board relating to aviation as prescribed by Chapter 1, Title 3, Section 5, Oklahoma Session Laws, 1943, are hereby transferred to and vested in the Oklahoma Aviation Commission.

SECTION 8. No provision of this Act is mandatory upon any city or town in Oklahoma, or the governing body thereof, in the acquisition, improvement, construction, operation or maintenance of any municipally owned airport or air navigation facility; nor shall any provisions of this Act prevent or take away from any City or Town governing board the authority to deal directly with any agency of the Federal Government in the matching of any funds made available by the Federal Government for acquisition, improvement, construction, operation or maintenance of any such municipally-owned airport or air navigation facility.

SECTION 9. (1) The Commission is authorized and empowered, on behalf of and in the name of this State, within the limitation of available appropriations, to acquire by purchase, gift, devise, lease, condemnation proceedings, or otherwise, property, real or personal, for the purpose of establishing and constructing airports, restricted landing areas, and other air navigation facilities, and to acquire in like manner, own, control, establish, construct, enlarge, improve, maintain, equip, operate, regulate, and police such airports, restricted land areas, and other air navigation facilities, either within or without this State; to make, prior to any such acquisition, investigations, surveys, and plans; to erect, install, construct, and maintain at such airports facilities for the servicing of aircraft and for the comfort and accommodation of air travelers, and to dispose of any such property, airport, restricted landing area, or any other air navigation facility, by sale, lease, or otherwise, in accordance with the laws of this State governing the disposition of other like

(3) It may engage in all such activities jointly with the United States, other states, and with municipalities or other agencies of this State.

by such commission by the exercise of the right of eminent domain herein conferred. For the purpose of making surveys and examination relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. It shall not be precluded from abandoning the condemnation of any such property in any case where possession thereof has not been taken.

(6) It shall have the authority to determine the charges or rental for the use of any properties and the charges for any service or accommodations, under its control and the terms and conditions under which such properties may be used; provided that in all cases the public is not deprived of its rightful, equal, and uniform use of such property. Charges shall be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expenses of operation to the State. The State shall have and the Commission may enforce liens, as provided by law for liens and the enforcement thereof, for repairs to or improvements or storage or care of any personal property, to enforce the payment of any such charges.

STATE BOARD OF EQUALIZATION

WHEREAS, Pursuant to the provisions of the Amendment to Section 23, Article 10, Oklahoma Constitution, adopted March 11, 1941, the State Board of Equalization on November 20, 1944, made its original estimate of the revenues to accrue to the General Revenue Fund and each special fund of the State, for the fiscal years ending June 30, 1946 and June 30, 1947, and

WHEREAS, The Amendment to Section 23, Article 10, Oklahoma Constitution, provides in part as follows:

“Section 23. Within twenty days after the adoption of this amendment and thereafter prior to the convening of each regular session of the Legislature, the State Board of Equalization shall make an itemized estimate of the revenues to be received by the State under the laws in effect at the time such estimate is made for each year of the next binnium showing separately the revenues to accrue to the credit of the General Revenue Fund and each special fund of the State, and the total amount of such estimate for each fiscal year shall not exceed the average total revenue which accrued to each such fund for the three (3) last preceding fiscal years, to which amount shall be added the cash surplus, if any, from the preceding fiscal year in the hands of the State Treasurer to the credit of any such fund and not previously appropriated by the State Legislature at the time such estimate is made. State Board of Equalization has failed to file said estimate at the time of convening of said Legislature, then, in such event, it shall be the duty of the Legislature to make such estimate pursuant to the provisions of this amendment, and all appropriations made in excess of such estimate shall be null and void; Provided, However, that the Legislature may at any regular session or special session called for that purpose, enact laws to provide for additional revenues, other than ad valorem taxes, or transferring the existing revenues or surpluses from one fund to another, whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor and with the President of the Senate and the Speaker of the House of Representatives, and the amount of any increase or decrease, resulting, for any reason, from such laws shall be added to or deducted from each respective fund, as the case may be. The amount of such adjusted estimate shall be the maximum amount which can be appropriated for all purposes from any fund for each year” and

WHEREAS, Since the date of said original estimate made by this Board, the Legislature has enacted laws providing additional revenues for the General Revenue Fund; and

WHEREAS, This Board acting in pursuance of the duty and authority conferred upon it has caused to be presented to it all of the data, figures and relevant information concerning the revenue to accrue under the additional revenue measures adopted by the Twentieth Legislature, and, after careful study of such information has determined that the original estimates of this Board as heretofore revised should be further revised and adjusted:

Because of inadequacy of information the State Board of Equalization has made no estimate as to the receipts of Institutional and Departmental Revolving Funds. Also no estimate has been made of the receipts to accrue to certain Special Funds such as the State Assistance Funds, Conservation Fund, Oil Compact Fund, Motor Vehicle Enforcement Fund, Motor Vehicle Identification Plate Fund, Board of Education Cash Fund, Fish and Game Fund, Firemen's Pension Fund, Board of Accountancy Fund, Dental Board Fund, Board of Professional Engineers Fund, Board of Veterinary Examiners Fund, Board of Dry Cleaners Fund, Board of Embalmers Fund, it being the thought of the Board that if the Legislature desires to appropriate the monies to accrue to these funds in a different manner or for a different purpose than they are now dedicated that the Legislature is authorized by Section 23, Article 10, Constitution of Oklahoma, as amended, to make an estimate of said funds.

BE IT FURTHER RESOLVED, That the above be and constitute the revised and adjusted estimate of the State Board of Equalization of the revenues reasonably to accrue to the General Revenue Fund and each special fund of the State for the fiscal years ending June 30, 1946 and June 30, 1947.

BE IT FURTHER RESOLVED, That a duly authenticated duplicate original of this Resolution and the Minutes adopting the same be forthwith delivered to the Honorables: The Governor, The President of the Senate, and The Speaker of the House of Representatives, as by law provided.

The members of the Board voted therefor as evidenced by their respective signatures, as follows:

To the Members of the 20th Legislature:

The following Resolution was unanimously adopted on April 24, 1945, by the Board of Directors of the Tulsa Chamber of Commerce.

R E S O L U T I O N

WHEREAS, prior to the convening of the 20th Legislature, the Chamber of Commerce of the State of Oklahoma had collaborated in the preparation of a tax adjustment program considered necessary to Oklahoma's industrial development and presented the same to the committees on revenue and taxation of the House Senate of the 20th Legislature, and

WHEREAS, after due consideration, and recognizing the necessity for cooperation between the State, on the one hand, and business organizations, on the other, in their mutual efforts to build Oklahoma by encouraging industries which will provide post-war employment and increase the production of wealth in our State, the 20th Legislature and the Governor of the State did cooperate admirably with such tax program by the enactment of the following tax adjustments and other legislation highly beneficial to the State:

1. The exemption of machinery and equipment used in manufacturing plants from the 2% state sales tax.

2. The exemption of machinery and equipment used in manufacturing plants from the 2% state use tax, which, together with the sales tax exemption, places Oklahoma on a competitive basis with surrounding states in the competition for new industries, and encourages industries now in Oklahoma to remain here and expand their operations.

3. The exemption of naphthas and solvents from the gasoline tax, when used as a raw material in manufacturing other products, which will permit the development in Oklahoma of chemical industries based on these derivatives of petroleum.

4. A community property law which, if sustained by the courts, will place Oklahoma citizens on an equal basis with those of Texas, Louisiana, and certain other states in the payment of Federal taxes, thus removing a serious competitive handicap to Oklahoma. And,

WHEREAS, the needs of the State with respect to im-

proved schools, health facilities, and a large highway building program, were also liberally provided for, with certain controversial tax increases on beer, gasoline, and motor vehicles being enacted for these purposes, NOW, THEREFORE

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE TULSA CHAMBER OF COMMERCE:

1. That notwithstanding an honest difference of opinion as to the necessity for the tax increases enacted, the Tulsa Chamber of Commerce does favor a program of better schools, more adequate health facilities, and an improved highway system in Oklahoma, and recognizes that these desirable objects of government have been more definitely assured by the tax increases above mentioned. In this connection, however, we call attention also to the desirability of Oklahoma's avoiding the stigma of having the highest tax in the nation on any commodity, as quickly as circumstances permit, and particularly urge that the gasoline tax increase of 2c per gallon be not renewed upon its expiration December 31, 1946.

2. That the Tulsa Chamber of Commerce hereby expresses its sincere appreciation of the action of the 20th Legislature and the Honorable Robert S. Kerr, Governor, in enacting, in large part, the program of tax adjustments and other excellent legislation above mentioned, the effect of which will be most helpful to chambers of commerce throughout the state in their efforts to promote industry in Oklahoma, and that a copy of this resolution of appreciation be sent to each member of the House and Senate of the 20th Legislature, to Governor Kerr, and to all chambers of commerce in Oklahoma.

3. That the Tulsa Chamber of Commerce hereby reaffirms its faith in the future of the great State of Oklahoma, and its feeling of confidence and optimism as to the industrial and commercial development to be anticipated in Oklahoma during the years ahead.

Done at Tulsa, Oklahoma, this 24th day of April, 1945.

TULSA CHAMBER OF COMMERCE.

The license certificate shall state, among other things, that the person to whom it was issued, at the time of the issuance thereof, was a duly and regularly licensed architect in the other state (which shall be named), and that he was authorized to practice architecture in this State without having passed an examination therefor.

Every licensed architect shall pay to the secretary-treasurer of the Board annually, on or before the first day of July of each year, a fee in the sum of Ten Dollars (\$10.00), whereupon the secretary-treasurer shall issue to him a certificate of the renewal of his license, which shall authorize him to practice architecture in this State until the next succeeding first day of July. The license of an architect which shall have been cancelled by the Board for non-payment of dues may be renewed for a period ending on the first day of July next after such renewal, at any time within three (3) years, from the date of the cancellation, upon the payment to secretary-treasurer of the fees which shall have been accrued at the time of the cancellation and which would have been paid at the time of reinstatement had not the license been suspended, together with the amount of penalties which may have been prescribed by the Board, not exceeding, however, the sum of Twenty-five Dollars. the Sheriff of the county, which shall command him to attach such person and forthwith bring him before the court. On the return of the attachment duly served upon the accused, or upon the production of the person attached, the District Court shall have jurisdiction of the matter. The person charged may purge himself of the contempt in the same way, and the same proceedings shall be had, and the same penalties may be imposed, as in the case of a witness subpoenaed to appear and give evidence on the trial of a civil cause before a District Court of the State of Oklahoma. Depositions may be taken and used in the same manner as in civil cases. The Board shall keep a transcript of the evidence in, and a record of, each proceeding for the suspension or revocation of a license and shall make findings of fact and render a decision therein. If after a hearing, the charges shall have been found to have been sustained by the vote of a majority of the Board it shall forthwith enter its order of suspension or revocation, as the case may be. If after the expiration of ten days from the date of the rendition thereof, a notice of appeal shall not have been filed with the secretary-treasurer as hereinafter provided, the secretary-treasurer shall endorse upon the record of the certificate in his office the word "suspended" or "revoked", as the case may be.

SECTION 15. DISTRICT COURT—APPEALS FROM BOARD—ATTORNEY GENERAL TO REPRESENT BOARD. Such appeals shall be commenced by the filing with the Clerk of the said Court a certified copy of the order of the Board attached to the petition of the complainant, wherein the complainant, or petitioner, shall make his assignments or specifications as to wherein said decision is erroneous or illegal. Upon the filing of said petition and notice given to the Board by the Clerk of said Court, it shall be the duty of the Board to file in the Court within thirty days from the date of the notice a full and complete transcript of all proceedings had in said cause. The cost of the preparation of the same shall be borne by the Board.

The Board shall be deemed a party to such proceedings, and the Attorney General, without extra compensation, shall represent the Board therein. Such appeals shall

be subject to the law and practice applicable to other civil actions. Upon the determination of said appeal, in which the decision of the Board is sought to be reviewed, the Board shall make an order and decision in accordance with the decision of said Court. Provided that any party to said appeal may appeal from the decision of said District Court to the Supreme Court of Oklahoma in the same manner as provided by law in other civil actions.

SECTION 16. REINSTATEMENT OF LICENSE AFTER REVOCATION FOR CAUSE. After the expiration of a period of six months, upon the payment to the secretary-treasurer of a fee in the sum of Twenty-five Dollars, (\$25.00) a person whose license shall have been suspended or revoked for cause, pursuant to the provisions of this Act, may file with the secretary-treasurer an application for the reinstatement thereof. Whereupon, after a showing shall have been made by the applicant to the Board that the interests of the public will not suffer by reason of his reinstatement, the Board, in its discretion, may order the reinstatement of the license upon the payment of a sum equal to the fees which would have accrued had not the license of the applicant been suspended or revoked.

S. 1931, (Secs. 1171-1178, 68 O. S. 1941), and which declaration in said opinion in said Case No. 29,126 is contrary to the settled doctrine as heretofore determined by said court to be the law. That the said opinion of said court dealing in a presumption as to the payment of a state revenue establishes a dangerous and unsound "precedent," whereby the State of Oklahoma, its schools and taxpayers may be deprived of this revenue by connivance and agreement to defeat said mortgage tax law, which revenue flows to the support of the common schools of the state; that this inadvertence in said opinion may be corrected to the end that the courts over the state may not "assume" the legislative functions of government but construe the mortgage tax law as it is written, and enforce the law as intended by the legislative department in accordance with the Constitution for the purpose of giving permanency to the mortgage tax law as heretofore determined to be the law by said court.
