A CONCURRENT RESOLUTION MEMORIALIZING THE PRESIDENT AND CONGRESS OF THE UNITED STATES RELATING TO LEGISLATION AND POLICY DESIGNED TO LIMIT IMPORTS OF GLASS, LEAD AND ZINC.

WHEREAS, imports of glass, lead and zinc have caused a drastic reduction in market prices of these products; and

WHEREAS, imports of glass, lead and zinc have resulted in serious injury to domestic mining operations in that such operations have been forced to be curtailed to an alarming extent due to the economic laws of supply and demand; and

WHEREAS, while the market prices of such products have steadfastly remained at a low level and at the same time labor costs have risen sharply, with the result that mining operations are not reasonably profitable, and especially is this true in the State of Oklahoma; and

WHEREAS, this injury to the mining industry is not limited to the owners

and operators of the mines, but causes thousands of workers to be out of employment or, at best, to be employed on a part-time basis; and

WHEREAS, the injury to the industry causes great economic losses to management, labor, the railroad industry, and to communities wherein mines and smelters are situated, and to the economy of the nation as a whole, including an impairment of the Nation's defense program; and

WHEREAS, the consequences of the present import program are not only being reflected in economic conditions in the State of Oklahoma, but are being felt in all areas of the Nation wherein these products are produced, and this is both a local and a national problem:

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE TWENTY-SIXTH LEGISLATURE OF THE STATE OF OKLAHOMA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

1. That legislation be enacted curtailing imports of glass, lead and zinc to such a point that domestic markets will recover to a healthy and normal condition; and/or

2. That legislation be enacted increasing the import tariff on glass, lead and zinc to a point fifty percent (50%) above the level of January 1, 1945; and/or

3. That a directive be issued increasing the import tariff on glass, lead and zinc to a point fifty percent (50%) above the level of January 1, 1945; and/or

4. That action be taken either pursuant to the May 21, 1954, report of the tariff commission, or under Section 7 of the Trade Agreements Extension Act of 1955, or under any other existing authority which will result in relieving this threat to the national security and this crisis of non-production and unem-

ployment in mines, smelters and glass manufacturing plants.

5. It is ordered that copies of this Resolution be sent to the President of the United States, the Speaker of the House of Representatives and the President of the Senate of the Congress of the United States, and to each of Oklahoma's Representatives and Senators in the Congress of the United States.

"O God, Thou art One to Whom we all must look up. We pause during this busy day because once again we need to sense Thy Divine Presence. If we look upon this time of prayer as nothing more than a custom which is to be endured for the sake of tradition, forgive us Lord and create within us a right spirit. We would not profanely utter Thy Holy Name just to bolster our arguments. But we would humbly pray for Thy Leadership—even if this calls for killing some of our pet legislation! We are considering bills which

affect the lives of our fellow men. Some men may soon be brought into court to face judgment. May we, therefore, proceed with care, for we realize that each one of us will some day stand before our Judge, Jesus Christ, and He will reward us for the good we do today and order punishment for what we do or say that is bad. Help us today, we pray, in Jesus' Name. Amen."

A JOINT RESOLUTION PROPOSING AN AMENDMENT TO SECTION 9, ARTICLE X OF THE OKLAHOMA CONSTITUTION, AUTHORIZING THE BOARD OF COUNTY COMMISSIONERS AND THE COUNTY EXCISE BOARD BY MAJORITY VOTE THEREOF IN JOINT MEETING TO SUBMIT TO THE VOTERS OF THE COUNTY

THE QUESTION OF AN ADDITIONAL LEVY OF NOT TO EXCEED ONE (1) MILL ON THE DOLLAR VALUATION OF THE TAXABLE PROPERTY OF THE COUNTY, IN ADDITION TO ALL OTHER LEVIES, FOR THE PURPOSE OF FINANCING THE COUNTY'S PORTION OF THE COST OF MAINTAINING A COUNTY HEALTH DEPARTMENT OR UNIT; PROVIDING THAT SAID LEVY SHALL BE MADE WHEN APPROVED AT SAID ELECTION; PROVIDING FOR PROCEDURE FOR SUCH ELECTION; AND PROVIDING FOR THE SUBMISSION OF SAID PROPOSED AMENDMENT TO THE PEOPLE OF THIS STATE FOR THEIR APPROVAL OR REJECTION AT A SPECIAL ELECTION.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE REGULAR SESSION OF THE TWENTY-SIXTH LEGISLATURE OF THE STATE OF OKLAHOMA:

SECTION 1. The Secretary of State shall refer to the people, for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 9 of Article 10 of the Constitution of Oklahoma:

(a) Except as herein otherwise provided, the total taxes for all purposes, on an ad valorem basis, shall not exceed in any taxable year, fifteen (15) mills on the dollar, no less than five (5) mills of which is hereby appropriated for school district purposes, the remainder to be apportioned between county, city, town and school district, by the County Excise Board, until such time as a regular apportionment thereof is otherwise provided for by the Legislature.

No ad valorem tax shall be levied for State purposes, nor shall any part of the proceeds of any ad valorem tax levy upon any kind of property in this State be used for State purposes.

(b) A tax of four (4) mills on the dollar valuation of all taxable property in the county shall be levied annually in each county of the State for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts, and separate schools, if any, of the county by the County Treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. Provided that in case a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the County Treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as hereinbefore provided for the proceeds of such tax on the assessed valuation of such county. Not to exceed seventy-five per centum (75%) of the amount received by a school district from the proceeds of such county levy in any year shall be required to finance the State guaranteed program of such district.

(c) Upon certification of a need therefor by the board of education of any school district, an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, school districts may make an emergency levy in an amount not to exceed five (5) mills on the dollar valuation of the taxable property

in such district when approved by a majority of the electors of the district voting on the question at an election called for such purpose. This emergency levy shall provide only sufficient additional revenue to meet the need for the district each fiscal year. Need shall be the average daily attendance of all pupils for the preceding year, plus the average annual increase, if any, for the preceding three (3) years, multiplied by the per capita cost index minus the legal current expense in the school district for the preceding year. The per capita cost index is set at Two Hundred Fifty Dollars (\$250.00) for the fiscal year ending June 30, 1956, and thereafter shall be increased or decreased by the State Board of Education in proportion to the increase or decrease in the per capita income of Oklahoma citizens, unless otherwise provided by law.

(e) The amount of revenue from school district ad valorem taxes levied under (a), (c), and (d) of this Section which any school district may be required to use to finance its State guaranteed program shall not be in excess of its share, based upon its relative taxpaying ability as may be defined by law, of an amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed valuation of the State; but until such relative taxpaying ability is defined by the Legislature, the amount of revenue from such taxes which any school district may be required to use to finance its State guaranteed program shall not be in excess of the net proceeds from an ad valorem tax levy of fifteen (15) mills on the dollar net assessed valuation of the district.

Nothing in the amendments to the Constitution incorporated herein shall be construed to amend, alter or supersede the present application of Article XII-A, Sections 1 and 2 of the Oklahoma Constitution.

(f) Whenever a joint meeting of the

Board of County Commissioners and the County Excise Board, acting by a majority vote of said joint meeting, shall determine that there should be submitted to the people of the County the question of whether or not an additional levy of not to exceed one (1) mill on the dollar valuation of the taxable property in the county should be made for the purpose of financing the county's portion of the cost of maintaining a county health department or unit, and shall call an election for such purpose, and when a majority of the electors of the county voting on the question at such election have approved same, then said levy of not to exceed one (1) mill shall be made, in addition to all other levies authorized by this Section. REPORT OF SPECIAL COMMITTEE

The following report of the Special Committee appointed under **SR 37** was submitted and adopted upon motion of Senator Wilson (Beckham):

Mr. President and Members of the Senate:

We, your special committee appointed by authority of Senate Resolution No. 37, dealing with incorrect weights on packaged meat and other food items, beg leave to report that the committee has conducted extensive hearings and investigations into the subject assigned by said Resolution, and after study and deliberation, makes the following findings:

FINDINGS:

The Oklahoma Agricultural Code enacted by the 1955 Session of the Legislature gave to the Marketing Division of the State Department of Agriculture the duty to test scales for accuracy and the supervision over weights and measures of commodities sold in packaged form. The Code made it unlawful to misrepresent the weight of a commodity

sold or offered or exposed for sale or to represent the price of a commodity sold or offered or exposed for sale in any manner calculated or tending to mislead or deceive an actual or prospective customer. The Department of Agriculture concentrated on the scale testing phase of the law, because of lack of sufficient appropriation. Since the sale of pre-packaged meats has greatly increased during the past few years, the Department decided to have the inspectors of the Marketing Division check weights on pre-packaged foods. This was commenced on March 20, 1957. From that date to May 1, 1957, they have inspected 274 of the approximately 5,000 grocery stores in Oklahoma. At first many of the stores checked were short on weights, but after considerable publicity was given, the shortages decreased; however, the inspectors still continued to find shortages on weights of pre-packaged meats in some stores.

The law grants to the Department of Agriculture authority to issue stop-sale orders when they find pre-packaged meats in the counters with incorrect weights. The stop-sale order means that the meat in the store cannot be sold until it is repackaged, weighed and correctly marked. Stop-sale orders issued by the Department of Agriculture are public records and have been at all times available to the public. A report covering the period from March 20, 1957, to May 1, 1957, showing the number of stores inspected by county, the number of stop-sale orders issued, the number of violation reports issued, and designating whether to chain or independent stores, is attached hereto, marked "Exhibit A" and made a part hereof.

By policy, the Marketing Division was not issuing stop-sale orders to anyone who had an overcharge per package of less than two (2) cents, and criminal charges were not filed until after two or more violations were filed against one store.

RECOMMENDATIONS:

Due to the lateness of this Legislative Session, we are not recommending the introduction of any specific legislation; however, if the opportunity presents itself by amendment to presently introduced bills under consideration, we recommend the following changes in the present law:

1. That all pre-packaged meats sold by price per pound, where the weights are other than in even pound or pounds, be required to show correctly thereon in legible print or writing (1) the price per pound, (2) the meat weight and (3) the total price. This will enable the inspectors, as well as purchasers, to determine if the weight of the package is correct.

2. That pre-packaged fresh red meat be required to be weighed at least within the 48-hour period before it is exposed for, offered or sold, and the date of such weighing be shown on the package, either by date or by a code, which will be furnished to any inspector or other person requesting the same.

3. That, because of publicity given violations of the law relating to short-weights of pre-packaged meats and other food items, inspectors of the Marketing Division of the State Agricultural Department, finding shortages beyond the established tolerances set by rule of the Department, report the same to the proper County Attorney and offer to file a criminal complaint. A record of charges filed and charges offered to be filed by the inspectors should be maintained by the Department and such information furnished to the next session of the Oklahoma Legislature.

If the foregoing cannot be placed in the law during this Legislative Session, we recommend that the Department of Agriculture, through its rules and regulation-making authority, give serious consideration to the adopting of rules, regulations and policies which will effectuate the foregoing requirements with the full force and effect of law.

The committee recognizes the fact that the sale of pre-packaged meats and other food items is greatly increasing, and in connection with the continued public protection in this field, we recommend that the Legislative Council of The State of Oklahoma Assign for study to the appropriate committee the feasibility of enacting into law the following:

1. Any of the above three requirements which are not enacted into law by the 1957 Session or adopted by rule of the State Department of Agriculture.

2. The study of the feasibility of requiring that all pre-packaged meats and other foods show clearly thereon the date packaged, so that the public will be informed thereof.

3. The study of the requirement that any fresh red meat sold pre-packaged show clearly thereon the grade of the meat.

4. The study of the requirement that, when stop-sale orders are issued to any store in connection with a shortage of weight of pre-packaged meats or other foods, a copy of the stop-sale order be posted on the front door of the store and be required to remain there for at least 24 hours.

Respectfully submitted,
Senator Charles M. Wilson,
Chairman

PENDING ACTION ON HCR 537

HCR 537 was taken up for consideration, read at length as follows, and adopted upon motion of Senator Young (Haskell):

ENGROSSED HOUSE CONCURRENT RESOLUTION NO. 537—By Goodfellow.

HOUSE CONCURRENT RESOLUTION MEMORIALIZING THE PRESIDENT AND THE CONGRESS OF THE UNITED STATES OF AMERICA IN COOPERATION WITH OUR DELEGATE TO THE UNITED NATIONS TO EXERT EVERY EFFORT AND USE EVERY PEACEFUL MEANS POSSIBLE TO CREATE AN INTERNATIONAL ATOMIC HEALTH SERVICE WITH POWERS OF INSPECTION AND REGULATION.

TO THE PRESIDENT AND CONGRESS OF THE UNITED STATES OF AMERICA:

Your memorialist respectfully represents:

That the atomic age upon which we have entered has created new conditions which can adversely affect the health and welfare of the people throughout the State of Oklahoma, the Nation and the entire world through exposure to radioactive material resulting from chemical processing plants, atomic nu-

clear reactor installations and principally from bomb explosions;

That through such bomb explosions during recent years there has been released into the atmosphere now circling our planet gigantic quantities of radioactive elements, a poison or substance we can neither see, feel, hear, taste nor smell, which may be inhaled in the air we breathe, absorbed by drinking polluted water or by eating contaminated food and which is capable of changing, damaging or killing living cells and which especially induces harmful mutations of the reproductive genetic patterns thereby creating the danger of causing physical and mental handicaps to future generations;

That it is an established scientific fact that Strontium, released in Hydrogen bomb explosions to the winds of the earth, is absorbed by plants throughout the world which are eaten by animals, and thus passes into milk and food supplies, and this Strontium referred to by scientists as a bone-seeker, "goes to" the bone where its radiations, remaining active for years, can destroy the blood-producing marrow, causing leukemia or, in time, induce cancer of the bone.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF OKLAHOMA, THE HONORABLE SENATE CONCURRING THEREIN:

1. That the President and Congress of the United States in cooperation with our Delegate to the United Nations exert every effort and use every peaceful means possible to create an international atomic health service with powers of inspection and regulation for the primary purpose of preventing the pollution of the air, water and soil from dangerous quantities of radioactive materials or related poisonous substances.

2. That copies hereof be transmitted to the Honorable President of the United States, to the Oklahoma Delegation

in Congress, to the Secretary General of the United Nations, and to the International Atomic Agency of the United Nations.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. This Act shall be known and may be cited as the "1957 Urban Renewal Act."

SECTION 2. The provisions of this Act shall apply to all incorporated cities and towns in all counties of this State having any of the following popula-

tions as shown by the 1950 Federal Decennial Census or any succeeding Federal Decennial Census; eight thousand sixty (8,060) to eight thousand one hundred (8,100); eleven thousand five hundred (11,500) to twelve thousand (12,000); eighteen thousand (18,000) to eighteen thousand five hundred (18,500); twenty-two thousand one hundred fifty (22,150) to twenty-two thousand two hundred (22,200); twenty-four thousand (24,000) to twenty-six thousand (26,000); thirty thousand (30,000) to thirty-one thousand (31,000); thirty-two thousand (32,000) to thirty-three thousand (33,000); thirty-four thousand seven hundred (34,700) to thirty-six thousand (36,000); forty-one thousand (41,000) to forty-one thousand four hundred fifty (41,450); forty-three thousand one hundred forty (43,140) to forty-three thousand five hundred (43,500); forty-six thousand four hundred (46,400) to forty-six thousand five hundred (46,500); forty-eight thousand six hundred (48,600) to fifty thousand (50,000); and fifty-five thousand (55,000) to seventy thousand (70,000).

SECTION 3. It is hereby found and declared that there exists in municipalities in certain counties of the State, slum and blighted areas, as herein defined, which constitute a serious and growing menace, injurious and inimical to the public health, safety, morals and welfare of the residents of said counties; that the existence of such areas contribute substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability imposing onerous municipal burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of slums and blight is a

matter of State policy and State concern in order that the State and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, and consume an excessive proportion of its revenue because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services and facilities.

It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this Act, since the prevailing conditions of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that the conditions and evils herein before enumerated may be eliminated, remedied or prevented; and that salvable slum and blighted areas can be conserved and rehabilitated through appropriate public action as herein authorized, and the cooperation and voluntary action of the owners and tenants of property in such areas.

such new office or offices of the municipality or to reorganize existing offices in order to carry out such purpose most effectively; and

(k) to exercise all or any part or combination of powers herein granted.

SECTION 6. A municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this Act, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of the urban renewal area by private enterprise. A municipality shall give consideration to this objective in exercising its powers under this Act, including the formulation of a workable program, the approval of urban renewal plans (consistent with the general plan of the municipality), the exercise of its zoning powers, the enforcement of other laws, codes and regulations relating to the use of land and the use and occupancy of buildings and improvements, the disposition of any property acquired, and the provision of necessary public improvements.

SECTION 7. A municipality for the purposes of this Act may formulate for the municipality a workable program for utilizing appropriate private and public resources to eliminate, and prevent the development or spread of, slums and urban blight, to encourage needed urban rehabilitation, to provide for the redevelopment of slum and blighted areas, or to undertake such of the aforesaid activities or other feasible municipal activities as may be suitably employed to achieve the objectives of such workable program. Such workable program may include, without limitation, provision for; the prevention of the spread of blight into areas of the municipality which are free from blight through diligent enforcement of housing, zoning and occupancy controls and standards; the rehabilitation or conservation of slum and blighted areas or portions thereof by replanning, remov-

SECTION 8. (a) A municipality may sell, lease or otherwise transfer real property or any interest therein acquired by it, and may enter into contracts with respect thereto, in an urban renewal area for residential, recreational, commercial, industrial or other uses or for public use, or may retain such property or interest for public use, in accordance with the urban renewal plan, subject to such covenants, conditions and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of future slums or blighted areas or to otherwise carry out the purposes of this Act; provided, that such sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the municipality may determine to be in the public interest, including the obligation to begin within a reasonable time any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, a municipality shall take into account and give consideration to the uses provided in such plan; the

restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of such plan for the prevention of the recurrence of slum or blighted areas. The municipality in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any or all improvements which he has obligated himself to construct thereon. Real property acquired by a municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. Any contract for such transfer and the urban renewal plan (or such part or parts of such contract or plan as the municipality may determine) may be recorded in the land records of the county in such manner as to afford actual or constructive notice thereof.

(b) A municipality may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe.

(c) A municipality may temporarily operate and maintain, during the project development stage, real property acquired in an urban renewal area pending the disposition of the property as authorized in this Act, without regard to the provisions of subsection (a) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan.

SECTION 9. No municipality shall exercise the authority hereafter conferred upon municipalities by this Act until after its local governing body shall have adopted a resolution finding that:

(1) one or more slum or blighted areas exist in such municipality; and (2) the rehabilitation, conservation, redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals or welfare of the residents of such municipality.

SECTION 10. (a) A municipality shall not approve an urban renewal project for an urban renewal area unless the governing body has, by resolution, determined such area to be a slum area or a blighted area or a combination thereof and designated such area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a general plan for the municipality has been prepared. For this purpose and other municipal purposes, authority is hereby vested in every municipality to prepare, to adopt and to revise from time to time, a general plan for the physical development of the municipality as a whole (giving due regard to the environs and metropolitan surroundings), to establish and maintain a planning commission for such purpose and related municipal planning activities, and to make available and to appropriate necessary funds therefor. A Municipality shall not acquire real property for an urban renewal project unless the local governing body has approved the urban renewal project in accordance with subsection (d), hereof.

(b) The municipality may itself prepare or cause to be prepared an urban renewal plan, or any person or agency, public or private, may submit such a plan to a municipality. Prior to its approval of an urban renewal project, the local governing body shall submit such plan to the planning commission of the municipality, if any, for review and recommendations as to its conformity with the general plan for the development of the municipality as a whole. The planning commission shall submit its written

recommendations with respect to the proposed urban renewal plan to the local governing body within thirty (30) days after receipt of the plan for review. Upon receipt of the recommendations of the planning commission or, if no recommendations are received within said thirty (30) days, then without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal project prescribed by subsection (c) hereof.

(c) The local governing body shall hold a public hearing on an urban renewal project, after public notice thereof by publication in a newspaper having general circulation in the area of operation of the municipality. The notice shall describe the time, date, place and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal project under consideration.

(d) Following such hearing, the local governing body may approve an urban renewal project if it finds that (1) a feasible method exists for the location of families who will be displaced from the urban renewal area in decent, safe and sanitary dwelling accommodations within their means and without undue hardships to such families; (2) the urban renewal plan conforms to the general plan of the municipality as a whole; and (3) the urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise.

(e) An urban renewal plan may be modified at any time: Provided that if modified after the lease or sale by the municipality of real property in the urban renewal project area, such modification may be conditioned upon such approval of the owner, lessee or successor in interest as the municipality may deem advisable and in any event shall

be subject to such rights at law or in equity as a lessee or purchaser, or his successor or successors in interest, may be entitled to assert.

(f) Upon the approval by a municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

(g) Notwithstanding any other provisions of this Act, where the local governing body certifies that an area is in need of redevelopment or rehabilitation as a result of a flood, fire, hurricane, earthquake, storm or other catastrophe respecting which the Governor of the State has certified the need for disaster assistance under Public Law 675, Eighty-first Congress or other Federal Laws, the local governing body may approve an urban renewal plan and an urban renewal project with respect to such area without regard to the provisions of subsection (d) of this section and the provisions of this section requiring a general plan for the municipality and a public hearing on the urban renewal project.

SECTION 11. (a) All property of a municipality, including funds, owned or held by it for the purposes of this Act shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same nor shall judgment against a municipality be a charge or lien upon such property; provided, however, that the provisions of this section shall not apply to or limit the right of obligees to pursue any remedies for the enforcement of any pledge or lien given pursuant to this Act by a municipality on its rents, fees, grants or revenues from urban renewal projects.

(b) The property of a municipality,

acquired or held for the purposes of this Act, is declared to be public property used for essential public and governmental purposes and such property shall be exempt from all taxes of the municipality, the county, the State or any political subdivision thereof; provided, that such tax exemption shall terminate when the municipality sells, leases or otherwise disposes of such property in an urban renewal area to a purchaser or lessee which is not a public body entitled to tax exemption with respect to such property.

SECTION 12. A municipality shall have the right to acquire by condemnation any interest in real property, including a fee simple title thereto, which it may deem necessary for or in connection with an urban renewal project under this Act; provided, however, that if any such urban renewal project shall include a "Slum Area," as defined in Section 7 above, any part of which a city shall propose to clear for redevelopment and use other than for a public use, a city may not acquire by condemnation any such "Slum Area," or any part thereof, unless it shall appear, and the governing body of such city shall have found and determined by resolution duly adopted, that the rehabilitation of any such area without clearance would be impractical or ineffective, based upon its findings that at least fifty percent (50%) of the structures in such area are dilapidated or otherwise unfit for rehabilitation, and that there exists other blighting characteristics, such as overcrowding of structures on the land, mixed uses of structures, narrow, crooked, inconvenient, congested, unsafe or otherwise deficient streets, or deficiencies in public utilities or recreational and community facilities. A city may exercise the power of eminent domain in the manner as provided by Title 66, Chapter 2, Oklahoma Session Laws 1953, and Acts amendatory thereof or supplementary thereto, or it may exercise the

power of eminent domain in the manner now or which may be hereafter provided by any other statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner; provided, that no real property belonging to the State, or any political subdivision thereof, may be acquired without its consent. Provided, however, that no city shall have the right to acquire by condemnation any interest in real property in an area of open land.

(a) In any proceeding to fix or assess compensation for damages for the taking (or damaging) of property, or any interest therein, through the exercise of the power of eminent domain or condemnation, evidence or testimony bearing upon the following matters shall be admissible and shall be considered in fixing such compensation or damages, in addition to evidence or testimony otherwise admissible:

(1) any use, condition, occupancy, or operation of such property, which is unlawful or violative of, or subject to elimination, abatement, prohibition, or correction under, any law or any ordinance or regulatory measure of the State, county, municipality, other political subdivision, or any agency thereof, in which such property is located, as being unsafe, substandard, insanitary or otherwise contrary to the public health, safety or welfare;

(2) the effect on the value of such property, of any such use, condition, occupancy, or operation, or of the elimination, abatement, prohibition, or correction of any such use, condition, occupancy, or operation;

(b) The foregoing testimony and evidence shall be admissible notwithstanding that no action has been taken by any public body or public officer toward the occupancy, or operation. Testimony or evidence that any public body or public officer charged with the duty or authority so to do has rendered, made or

issued any judgment, decree, determination or order for the abatement, prohibition, elimination or correction of any such use, condition, occupancy, or operation shall be admissible and shall be prima facie evidence of the existence and character of such use, condition or operation.

SECTION 13. (a) A municipality shall have power to issue notes from time to time in its discretion to finance the undertaking of any urban renewal project under this Act, including, without limiting the generality thereof, the payment of principal and interest upon any advances for surveys and plans, and shall also have power to issue refunding notes for the payment or retirement of such notes previously issued by it. Such notes shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban renewal projects under this Act: Provided, however, that payment of such notes, both as to principal and interest, may be further secured by a pledge of any loan, grant or contribution from the Federal Government or other source, in aid of any urban renewal projects of the municipality under this Act, and by a mortgage of any such urban renewal projects, or any part thereof, title to which is in the municipality.

(b) Notes issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of notes. Notes issued under the provisions of this Act are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

(c) Notes issued under this section

shall be authorized by resolution or ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, not exceeding six per centum (6%) per annum, be in such denomination or denominations, be in such form, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

(d) Such notes may be sold at not less than par at public sales held after notice published prior to such sale in a newspaper having a general circulation in the area of operation and in such other medium of publication as the municipality may determine. Provided, that such notes may be sold to the Federal Government at private sale at not less than par, and, in the event less than all of the authorized principal amount of such notes is sold to the Federal Government, the balance may be sold at private sale at not less than par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the notes sold to the Federal Government.

(a) In case any of the public officials of the municipality whose signatures appear on any notes issued under this Act shall cease to be such officials before the delivery of such notes, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any notes issued pursuant to this Act shall be fully negotiable.

(f) In any suit, action or proceeding

involving the validity or enforceability of any notes issued under this Act or the security therefor, any such note reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this Act.

SECTION 14. All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries, may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any notes or other obligations issued by a municipality pursuant to this Act or by an urban renewal agency or housing authority vested with urban renewal project powers under section 17 of this Act: Provided that such notes and other obligations shall be secured by an agreement between the issuer and the Federal Government in which the issuer agrees to borrow from the Federal Government and the Federal Government agrees to lend to the issuer, prior to the maturity of such notes or other obligations, moneys in an amount which (together with any other moneys irrevocably committed to the payment of interest on such notes or other obligations) will suffice to pay the principal of such notes or other obligations with interest to maturity thereon, which moneys under the terms of said agreement are required to be used for the purpose of paying the principal of and the interest on such notes or other obligations at their

maturity. Such notes and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions and officers, public or private, to use any funds owned or controlled by them for the purchase of any such notes or other obligations. Nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in selecting securities.

SECTION 15. (a) For the purpose of aiding in the planning, undertaking or carrying out of an urban renewal project located within the area in which it is authorized to act, any public body may, upon such terms, with or without consideration, as it may determine: (1) dedicate, sell, convey or lease any of its interest in any property or grant easements, licenses or other rights or privileges therein to a municipality; (2) incur the entire expense of any public improvements made by such public body in exercising the powers granted in this section; (3) do any and all things necessary to aid or cooperate in the planning or carrying out of an urban renewal plan; (4) lend, grant or contribute funds to a municipality; (5) enter into agreements (which may extend over any period; notwithstanding any provision or rule of law to the contrary) with a municipality or other public body respecting action to be taken pursuant to any of the powers granted by this Act, including the furnishing of funds or other assistance in connection with an urban renewal project, and (6) cause public buildings and public facilities, including parks, playgrounds, recreational, community, educational, water, sewer or drainage facilities, or any other works which it is otherwise empowered to undertake to be furnished; furnish, dedicate, close, vacate, pave, install, grade, regrade, plan or replan streets, roads, sidewalks, ways or other places; plan

or replan, zone or rezone any part of the public body or make exceptions from building regulations; and cause administrative and other services to be furnished to the municipality. If at any time title to or possession of any urban renewal project is held by any public body or governmental agency, other than the municipality, which is authorized by law to engage in the undertaking, carrying out, or administration of urban renewal projects (including any agency or instrumentality of the United States of America), the provisions of the agreements referred to in this section shall inure to the benefit thereof and may be enforced by such public body or governmental agency. As used in this subsection, the term "municipality" shall also include an urban renewal agency or a housing authority vested with all of the urban renewal project powers pursuant to the provisions of Section 17.

(b) Any sale, conveyance, lease or agreement provided for in this section may be made by a public body without appraisal, public notice, advertisement or public bidding.

(c) For the purpose of aiding in the planning, undertaking or carrying out of an urban renewal project of an Urban Renewal Agency hereunder, a municipality may (in addition to its other powers and upon such terms, with or without consideration, as it may determine) do and perform any or all of the actions or things which, by the provisions of subsection (a) of this section, a public body is authorized to do or perform, including the furnishing of financial and other assistance.

(d) For the purposes of this section, or for the purpose of aiding in the planning, undertaking or carrying out of an urban renewal project of a municipality, such municipality may (in addition to any authority to issue notes pursuant to section 13) issue and sell its general obligation notes. Any notes issued by a municipality pursuant to

this section shall be issued in the manner and within the limitations prescribed by laws of this State for the issuance and authorization of bonds by such municipality for public purposes generally.

SECTION 16. (a) All property of a municipality, including funds, owned or held by it for the purposes of this Act shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same nor shall judgment against a municipality be a charge or lien upon such property; provided, however, that the provisions of this section shall not apply to or limit the right of obligees to pursue any remedies for the enforcement of any pledge or lien given pursuant to this Act by a municipality on its rents, fees, grants or revenues from urban renewal projects.

(b) The property of a municipality, acquired or held for the purposes of this Act, is declared to be public property used for essential public and governmental purposes and such property shall be exempt from all taxes of the municipality, the county, the State or any political subdivision thereof; provided, that such tax exemption shall terminate when the municipality sells, leases or otherwise disposes of such property in an urban renewal area to a purchaser or lessee which is not a public body entitled to tax exemption with respect to such property.

SECTION 17. (a) A municipality may itself exercise its urban renewal project powers (as herein defined) or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the Urban Renewal Agency (created by section 18) if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the Urban Renewal Agency, as the case may be, shall be vested with all of the urban renewal project powers in

the same manner as though all such powers were conferred on such Agency or authority instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its urban renewal project powers through a board or commissioner or through such officer of the municipality as the local governing body may by resolution determine.

(b) As used in this section, the term "urban renewal project powers" shall include the rights, powers, functions and duties of a municipality under this Act, except the following: The power to determine an area to be a slum or blighted area or combination thereof and to designate such area as appropriate for an urban renewal project and to hold any public hearings required with respect thereto; the power to approve urban renewal plans and modifications thereof; the power to establish a general plan for the locality as a whole; the power to formulate a workable program under Section 7; the power to make the determinations and findings provided for in Section 6, Section 9 and Section 10 (d); the power to issue general obligation notes; and the power to appropriate funds, to levy taxes and assessments, and to exercise other powers provided for in Section 5 (h).

SECTION 18. (a) There is hereby created in each municipality as defined by this Act, a public body corporate and politic to be known as the "Urban Renewal Agency" of the municipality; provided, that such Agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has made the finding prescribed in Section 9 and has elected to have the urban renewal project powers exercised by an Urban Renewal Agency as provided in Section 17.

(b) If the Urban Renewal Agency is authorized to transact business and

exercise powers hereunder, the Mayor, by and with the advice and consent of the local governing body, shall appoint a Board of Commissioners. The term of office of each such Commissioner shall be one (1) year.

(c) A Commissioner shall receive no compensation for his services but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his duties. Each Commissioner shall hold office until his successor has been appointed and has qualified. A certificate of the appointment or reappointment of any Commissioner shall be filed with the clerk of the municipality and such certificate shall be conclusive evidence of the due and proper appointment of such Commissioner.

The powers of an Urban Renewal Agency shall be exercised by the Commissioners thereof. A majority of the Commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the Agency and for all other purposes. Action may be taken by the Agency upon a vote of a majority of the Commissioners present, unless in any case the by-laws shall require a larger number. Any persons may be appointed as Commissioners if they reside within the area of operation of the Agency (which shall be co-terminous with the area of operation of the municipality) and are otherwise eligible for such appointments under this Act.

The Mayor shall designate a Chairman and Vice-Chairman from among the Commissioners. An Agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and determine their qualifications, duties and compensation. For such legal service as it may require, an Agency may employ or retain its own counsel and legal staff. An Agency authorized to transact business and exercise powers under this Act shall

file, with the local governing body, on or before March 1 of each year a report of its activities for the preceding calendar year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expense as of the end of such calendar year. At the time of filing the report, the Agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality and that the report is available for inspection during business hours in the office of the governing body of the municipality and in the office of the Agency.

(d) For inefficiency or neglect of duty or misconduct in office, a Commissioner may be removed only after a hearing and after he shall have been given a copy of the charges at least ten (10) days prior to such hearing and have had an opportunity to be heard in person or by counsel.

SECTION 19. No public official or employee of a municipality (or Board or Commissioner thereof), and no Commissioner or employee of Urban Renewal Agency which has been vested by a municipality with urban renewal project powers under Section 17 shall voluntarily acquire any personal interest, direct or indirect, in any urban renewal project, or in any property included or planned to be included in any urban renewal project of such municipality or in any contract or proposed contract in connection with such urban renewal project. Where such acquisition is not voluntary, the interest acquired shall be immediately disclosed in writing to the local governing body. If any such official, commissioner or employee presently owns or controls, or owned or controlled within the preceding two (2) years, any interest, direct or indirect, in any property which he knows is included or planned to be included in an urban renewal project, he shall immediately disclose this act in writing to the

local governing body, and such disclosure shall be entered upon the minutes of the governing body, and any such official, commissioner or employee shall not participate in any action by the municipality (or Board or Commission thereof), or Urban Renewal Agency affecting such property. Any disclosure required to be made by this Section to the local governing body shall concurrently be made to an Urban Renewal Agency which has been vested with urban renewal project powers by the municipality pursuant to the provisions of Section 17. No Commissioner or other officer of any Urban Renewal Agency, Board or Commission exercising powers pursuant to this Act shall hold any other public office under the municipality other than his commissionership or office with respect to such Urban Renewal Agency, Board or Commission. Any violation of the provisions of this Section shall constitute misconduct in office.

SECTION 20. Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provision of this Act, or the application thereof to any person or circumstances, is held invalid, the remainder of the Act and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

SECTION 21. Insofar as the provisions of this Act are inconsistent with the provisions of any other law, the provisions of this Act shall be controlling. The powers conferred by this Act shall be in addition and supplemental to the powers conferred by any other law.

SECTION 22. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

"God of our Fathers, our hope for years to come, we plead with Thee this day in the interest and for the good of the state in which we live. Intercession is made for those who sit in the Senate today. May their humility lead them to recognize that they cannot improve upon the Ten Commandments and may no decision of theirs be in violation of or in contradiction to these eternal laws. Grant, Oh God, that no spirit of arrogance will cause them to think that they can improve upon Your requirements of loving mercy, doing justly and walking humbly with Thee. May their deliberations be all done in love

for Thee and love for their neighbors, the people of Oklahoma. May their decisions be made in the light of the worth of Thy Holy Book and not in view of the value of any man's pocket-book. Bless their homes and cause their lives to be long, fruitful and useful. For the privilege of serving with these men and witnessing their labors in the interest of Oklahoma, I thank Thee. Give them virtue, vigor, vision for this day's work. We pray in the name of Him whose victory hath overcome the world. Amen."

Senator Trent asked unanimous consent, which was granted, that Juddie and Terry, children of Reverend and Mrs. Rainwater, be made Honorary Journal Clerk and Honorary Page respectively.

**SEVENTY-SECOND

Pursuant to adjournment, the Senate convened at 1:30 p. m., and was called to order by Senator Cartwright who was designated by the President so to do.

The roll call was as follows:

Present: Allen, Baldwin, Breeden, Carrier, Cartwright, Collins (Creek), Collins (Pontotoc), Coppock, Cowden, Dacus, Easterly, Field, Fine, Garvin, Grantham, Hamilton, Harris, Herndon, Hope, Jones, McClendon, McColgin, McSpadden, Mahan, Miskovsky, Payne, Perryman, Price, Rinehart, Ritzhaupt, Sandlin, Shoemake, Stipe, Tipps, Trent, Walker, Wilson (Beckham), Wilson (Greer), Young (Cleveland).—39.

COMMUNICATION

Senator Miskovsky asked unanimous consent, which was granted, that the following letter from Mr. Luther Harrison, Editorial writer for the Daily Oklahoman, be read, and incorporated in the Journal:

"To the Honorable Senate. Dear Senators: It is hardly possible for me to thank you adequately for the beautiful hydrangea that you sent me and which now adorns my quarters. My limited vocabulary simply will not reach that far. Unfortunately for me I have had no contact with the present Senate. As you may know, I have been confined to quarters with a fractured vertebra since June 17. I have seen only one

member of the Senate since the current session began. I have been unable to visit you and view your proceedings, since I have been able to leave my house but two times in more than ten months and then in an ambulance for x-ray examinations at the hospital. But I have watched your proceedings rather carefully through the columns of the press. And I am happy to tell you that I consider the present Senate one of the best we have had since statehood, and I have seen all of them in action. I feel that you have done a good bit of work and have done it in a workmanlike manner. I am glad for many reasons to give my approval to your record. Of course almost every lawmaking body has among its members a few warm panting creatures who hate orderly procedure as bitterly as the average mountaineer hates artificial insemination. But fortunately for you your Body has been almost entirely free from that kind of parliamentary impediments. Of course, as you have expected, there are some here and there who will criticize almost everything that you have done or tried to do. When I was trying to represent the Pontotoc-Seminole district in the Senate and trying to make a noise like a patriotic statesman there were plenty of citizens who criticized me without restraint. And I now realize that much of that criticism was justified. But with the thoughtful people of Oklahoma I feel that the verdict on your present record will be, 'Well done.' And so I close this brief message of thanks and commendation with these words: 'I breathe this prayer as the Easterners do, May the peace of Allah abide with you.' Very sincerely, Luther Harrison."

The Judge of the children's court may set a limit as to the amount of expenses that may be incurred by the director and assistant directors, said limit to be in his judgment adequate to care for the expenses necessary to carrying out the orders of the children's court in an efficient and expedient manner. The director and assistant directors and other personnel of the children's court shall keep and maintain their offices at the place where the office of the Judge of the children's court is kept, unless said Judge of the children's court shall direct otherwise. Said director's and assistant director's offices shall contain adequate equipment, desk space and consultation rooms necessary to approved office procedure.

SECTION 23. The clerk of the children's court shall collect the fees for the items and in the amounts as provided for the collection of fees by the clerk of the district court insofar as the schedule of fees now or hereafter provided by the clerk of the district court applies; and in addition thereto shall collect from petitioners for hearings on writ of habeas corpus and application for injunction Three Dollars (\$3.00).

The clerk of the children's court shall deposit daily with the county treasurer, and report monthly, concerning all fees,

and forfeitures in the form and manner as now provided for the clerk of the district court; and all said fees, fines and forfeitures shall be by said county treasurer apportioned to the general fund of the county.

SECTION 24. Whenever any person informs the court that a child is within the purview of this Act, the court shall make a preliminary inquiry to determine whether the interests of the public or of the child require that further action be taken. Thereupon the court may make such informal adjustment as is practicable without a petition, or may authorize a petition to be filed by any person. The proceeding shall be entitled "In the matter of _____, a child under eighteen (18) years of age."

The petition shall be verified and may be upon information and belief. It shall set forth plainly (1) the facts which bring the child within the purview of this Act; (2) the name, age and residence of the child; (3) the names and residences of his parents; (4) the name and residence of his legal guardian if there be one; (5) of the person or persons having custody or control of the child; (6) of the nearest known relative if no parent or guardian can be found. If any of the facts herein required are not known by the petitioner, the petition shall so state.

SECTION 25. After a petition shall have been filed and after such further investigation as the court may direct, unless the parties hereinafter named shall voluntarily appear, the court shall issue a summons reciting briefly the substance of the petition and requiring the person or persons who have the custody or control of the child to appear personally and bring the child before the court at a time and place stated. If the person so summoned shall be other than a parent or guardian of the child, then the parent or guardian or both shall also be notified of the pendency of the case and of the time and

place appointed, by personal service before the hearing, except as hereinafter provided. Summons may be issued requiring the appearance of any other person whose presence, in the opinion of the judge is necessary.

If it appears that the child is in such condition or surroundings that his welfare requires that his custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, that the officer serving the same shall at once take the child into custody.

SECTION 26. Service of summons shall be made personally by the delivery of an attested copy thereof to the person summoned; provided, that if the judge is satisfied that it is impracticable to serve personally such summons or the notice provided for in the preceding section, he may order service by registered mail addressed to the last known address, or by publication thereof, or both, as he may direct. It shall be sufficient to confer jurisdiction if service is effected at least forty-eight (48) hours before the time fixed for the hearing.

Service of summons, process or notice required by this Act may be made by any suitable person under the direction of the court. The judge may authorize the payment of necessary travel expenses incurred by any person summoned or otherwise required to appear at the hearing of any case coming within the purview of this Act, and such expense when approved by the judge shall be a charge upon the county.

SECTION 27. If any person summoned as herein provided, shall, without reasonable cause, fail to appear, he may be proceeded against for contempt of court. In case the summons cannot be served, or the parties served fail to obey the same, or in any case when it shall be made to appear to the judge that the service will be ineffectual or the welfare of the child requires that he shall be brought forthwith into the

custody of the court, a warrant may be issued against the parent or guardian or against the child himself.

SECTION 28. Whenever a child is taken into custody, unless it is impracticable or inadvisable or has been otherwise ordered by the court, he shall be released to the custody of a parent, guardian or custodian, upon the written promise of such parent, guardian or custodian to bring the child to the court at the time fixed. If not so released such child shall be taken immediately to the court or to the place of detention designated by the court. Pending further disposition of the case, a child whose custody has been assumed by the court may be released to the custody of a parent or other person appointed by the court, or be detained in such place as shall be designated by the court, subject to further order.

Nothing in this Act shall be construed as forbidding any peace officer or employee of the court from immediately taking into custody any child who is found violating any law or ordinance, or whose surroundings are such as to endanger his welfare. In every case the officer taking the child into custody shall immediately report the fact to the court and the case shall then be proceeded with as provided in this Act.

No child shall be confined in any police station, prison, jail or lockup, or be transported or detained in association with criminal, vicious or dissolute persons; except that a child may, with the consent of the judge or director, be placed in a jail or other place of detention for adults, but in a room or ward entirely separate from adults.

SECTION 29. Provisions may be made for the temporary detention of children in a detention home, to be conducted as an agency of the court or other appropriate public agency; or the court may arrange for the care and custody of such children temporarily in

private homes subject to the supervision of the court, or may arrange with any institution or agency to receive for temporary care and custody children within the jurisdiction of the court.

When a detention home is established as an agency of the court, the judge may appoint necessary technicians and other employees for such home in the same manner as is provided here in for the appointment of other employees of the court, their salaries to be fixed and paid in the same manner as the salaries of other employees.

SECTION 30. All cases of children shall be heard separately from the trial of cases against adults, and without a jury. The hearing shall be conducted in an informal manner, and may be adjourned from time to time. Stenographic notes or other transcript of the hearings shall be required only if the court so orders.

SECTION 31. If the court shall find that the child is within the purview of this Act, it shall so decree and may by order duly entered proceed as follows:

1. Place the child on probation or under supervision of his own home or in the custody of a suitable person elsewhere, upon such conditions as the court shall determine.

2. Commit the child to the custody of a public or private institution or agency authorized to care for children or to place them in family homes. In committing a child to a private institution or agency the court shall whenever practicable select one that is approved by the State Board of Public Welfare (or other state department supervising or licensing private institutions and agencies) or if such institution or agency is in another state, by the analogous department of that state.

3. Order such other care and treatment as the court may deem to be for the best interest of the child, except as herein otherwise provided. The court may dismiss the petition or otherwise

terminate its jurisdiction at any time for good cause shown.

No adjudication by the court upon the status of any child shall operate to impose any of the civil disabilities ordinarily resulting from conviction, nor shall any child be deemed a criminal by reason of such adjudication, nor shall such adjudication be deemed a conviction, nor shall any child be charged with crime or convicted in any court, except as provided in Section 6 of this Act. The disposition of a child or any evidence given in the court shall not operate to disqualify the child in any future civil service application or appointment.

Whenever the court shall commit a child to any institution or agency it shall transmit with the order of commitment a summary of its information concerning the child, and such institution or agency shall give to the court such information concerning such child as the court may at any time require.

SECTION 32. Any decree or order of the court may be modified at any time; except in the case of a child who has been committed to a public institution or agency, unless committed on temporary order, in which latter case the judge shall set out in such temporary order his reasons therefor.

A parent, guardian or next friend of a child who has been committed by the court to a private institution or agency, or placed in the care or guardianship of any person, may at any time file with the court a verified petition, stating that such institution, agency or person has denied application for the release of the child or has failed to act upon such application within a reasonable time. If the court is of the opinion that an investigation should be had, it may, upon due notice to all concerned, proceed to hear and determine the question at issue. It may thereupon order that such child be restored to the custody of its parent or guardian or be retained in the custody of the institu-

tion, agency, or person, or may make a further order. The court may include in its order committing a child to any individual or agency, the right to plan for and consent to the adoption of such a child.

SECTION 33. In placing a child under the custody of an individual or of a private agency or institution, and in granting adoption, the court shall, if at all possible, select a person or an agency or institution governed by persons of the same religious faith as that of the parents of such child, or in case of a difference in religious faith of the parents, then of the religious faith of the child, or if the religious faith of the child is not ascertainable, then of the faith of either of the parents. However, it shall be left to the discretion of the Judge to place children where their total needs will be best served.

SECTION 34. Whenever a child is committed by the court to custody other than that of its parents, and no provision is otherwise made by law for the support of such child, compensation for the care of such child, when approved by order of the court, shall be a charge upon the county (or appropriate subdivision thereof) where such child has a legal settlement. The court may, after giving the parent a reasonable opportunity to be heard, order and decree that such parent shall pay in such manner as the court may direct such sum, within his ability to pay, as will cover in whole or in part the support of such child, and if such parent shall willfully fail or refuse to pay such sum, the court may proceed against him as for contempt.

SECTION 35. All provisions of this Act relative to procedure in cases of children, when not inconsistent with provisions of law relating to the conduct of adult cases, shall so far as practicable also apply to cases against adults brought under Sections 7 and 8 of this Act. Proceedings may be in-

stituted by an interested party or upon the court's own motion, and a reasonable opportunity to appear shall be afforded the defendant. The court shall make preliminary investigation and may make such adjustment as is practicable or may authorize a petition or complaint to be filed. The court may issue a summons, a warrant of arrest or other process in order to compel the attendance of any necessary person. Upon the trial of such cases the court shall have power to impose such sentence as the law provides; it may suspend sentence or the execution thereof and place the defendant on probation or parole, and may by order impose upon him such duty as shall be deemed by the court to be for the best interests of the child or other persons concerned. The court may require the defendant to give security by bond, with surety or sureties approved by the court, for compliance with such order.

On request of the court the county attorney shall prepare and prosecute any case within the purview of this section.

SECTION 36. (a) The court may cause any person adjudged to be within its jurisdiction to be examined by a physician, psychiatrist or psychologist.

(b) Whenever a child concerning whom a petition has been filed appears to be in need of nursing, medical or surgical care, the court may order the parent or other person responsible for the care and support of such child to provide such care in a hospital or otherwise. If such parent or other person fails to provide such care the court may, after due notice, enter an order therefor, and the expense thereof, when approved by the court, shall be a charge upon the county; but the court may adjudge that the person having the duty under the law to support such child pay part or all of the expenses of such care in the manner provided in Section 34 of this Act. In an emergency the court may, when health or

condition of the child may require it, cause the child to be placed in a public hospital or institution for treatment or special care, or in a private hospital or institution which will receive it for like purpose.

(c) In any hearing concerning the status of a child the court shall have authority to adjudge natural parents, who may be present at such hearing or who have been served with notice of such hearing, liable and accountable for the care and maintenance of any child or children, and to order the payment of funds for the care, maintenance of such child or children, and is given all powers incident to such orders necessary for their enforcement, including the power and authority to require bond or other security for the payment of such order; to resort to execution and the power of punishment for contempt for noncompliance with such order.

If a jury is requested by a person cited for contempt, such jury shall consist of six (6) persons competent to act as jurors in the county court and shall be summoned as jurors are summoned in the county court; or, if a regular panel be not available, the jury may be summoned by the judge of the children's court as talesman or jurors are summoned in the justice of the peace court.

The court shall have the right to increase, decrease, or otherwise modify its orders for care and maintenance, as the conditions or needs of the child or children may require, and the ability of the person or persons held to pay may afford. The court or judge thereof may order support payments to be made direct to the person, organization or institution having the care and custody of such child or children.

All such funds ordered and paid in to the clerk shall be accounted for as provided in Section 23 of this Act; provided, that when payments are made in advance on any child, and custody

of the court is terminated before the end of the period, then the clerk may refund by proper voucher the unused or unaccrued portion of such payment; or the refund may be authorized and paid on claim properly verified and approved by the judge.

SECTION 37. Suitable quarters shall be provided by the board of county commissioners for the hearing of cases and for the use of the judge and other employees of the court.

SECTION 38. In proceedings under this Act, no court or witness fees shall be allowed against any party to a petition and no salaried officer of the State or of any municipality therein shall be entitled to receive any fee for the service or for attendance in court in any such proceedings, but all other persons acting under orders of the court or proper process may be allowed and paid for services or service of process and attendance or serving as witnesses the fees provided by law for like services in cases before the district court, the same to be paid from the appropriation provided when certified to by the judge.

SECTION 39. All expenses incurred in complying with the provisions of this Act shall be a county charge. The salaries and other compensation of all employees of the court shall be fixed by the judge, within the limit of the total appropriations therefor.

SECTION 40. The court shall make and keep records of all cases brought before it. Such records shall be open to public inspection only by order of the court to persons having a legitimate interest therein. Except that all records of proceedings in adoption cases and all papers and books relating thereto, shall remain confidential as now provided by law. The court shall devise and cause to be printed such forms for social and legal records and such other papers as may be required.

SECTION 41. Any interested party aggrieved by any order or decree of

the children's court may appeal to the district court in the same manner as appeals are now taken from the county court to the district court in probate cases, where said matter shall be heard de novo and, in turn, may be appealed from said district court to the Supreme Court to the State of Oklahoma in the same manner as appeals are now taken from the district court of this state to the Supreme Court of this State.

When an appeal is taken it shall be heard in the district court, or the Supreme Court, as the case may be, as soon thereafter as convenient to the court and counsel, and shall have precedence in said courts or court over all other appeals lodged in said courts or court.

The pendency of an appeal thus taken shall not suspend the order of the children's court regarding a child, nor shall it discharge the child from the custody of that court or of the person, institution or agency to whose care such child shall have been committed, unless said appellate court, in either of said instances, shall so order. If such appellate court does not dismiss the proceedings and discharge the child, it shall affirm or modify the order of the children's court and remand the child to the jurisdiction of that court for supervision and care and thereafter the child shall be and remain under the jurisdiction of the children's court in the same manner as if such court had made said order without an appeal having been taken.

SECTION 42. It is hereby made the duty of every public official or department to render all assistance and cooperation within his or its jurisdictional power which may further the objects of this Act. The court is authorized to seek the cooperation of all societies or organizations having for their object the protection or aid of children.

SECTION 43. This Act shall be liberally construed to the end that each child coming within the jurisdiction of

the court shall receive such care, guidance and control, preferably in his own home, as will conduce to the child's welfare and the best interests of the State, and that when such child is removed from the control of his parents the court shall secure for his care as nearly as possible equivalent to that which should have been given him by them.

SECTION 44. For the purpose of aiding in the more effective administration of this Act, and for the purpose of counsel and advice, there is hereby created a citizens' advisory board in any county where a children's court is established hereunder. Said committee shall consist of seven (7) members appointed by the judge of said court, who shall serve without pay, one of whom shall serve for a period of one (1) year, another for two (2) years, another for three (3) years, another for four (4) years, another for five (5) years, another for six (6) years and another for seven (7) years from the date of their appointment; provided, however, their successors shall be appointed for a period of seven (7) years, the appointees to serve until their successors are appointed; the initial appointments to be made at the time of the appointment of a judge for said court and such succeeding appointments to be made annually on the anniversary date thereafter.

The membership of said board shall contain an official or employee of the public schools of the county, a professional social worker employed by any recognized social agency in the county, a member of the board of county commissioners of the county wherein said court sits, and four (4) other members selected at will by the judge of said court, and of said seven (7) members, three (3) shall be women, and all members shall, at the date of their appointment, have been residents of said county for at least one (1) year preceding the date of said selection.

SECTION 45. In each county in which a children's court is created by this Act, the existing county juvenile officers, assistant juvenile officers and all clerks, stenographers, secretaries and other employees under the supervision of the county court in its capacity as the county juvenile court, shall, on the effective date of this Act, become subject to the supervision and control of the children's court judge, and shall perform duties pursuant to this Act. Such personnel shall continue their duties until such time as the children's court judge shall otherwise direct in such a manner as will be conducive to an orderly transfer of functions to the organization of the children's court as prescribed in this Act. Any balances in available appropriations to the county court for the purpose of maintaining and operating the previously existing juvenile administrative personnel and organization under such county court shall continue to be appropriated and shall be used for the operation of the organization of the children's court in the performance of duties set forth herein. When the children's court judge has appointed the necessary personnel to complete the administrative organization of the court, the previously existing organization of the county court with reference to juvenile matters shall cease to function, and thereafter no such administrative personnel shall be appointed by the said county court.

SECTION 46. There is hereby created the position of stenographer or court reporter for said children's court, who shall be appointed by the judge of said court and shall possess qualifications and receive the salary provided by existing laws for court reporters.

SECTION 47. This Act may be cited as "The Children's Court Act."

SECTION 48. If any section, subdivision or clause of this Act shall be held to be unconstitutional or invalid, such

decision shall not affect the validity of the remaining portions of the Act.

SECTION 49. All Acts or parts of Acts in conflict herewith are hereby repealed and superseded insofar as applied to any county wherein a children's court is created and established by this Act.

May 9, 1957

Hon. Mac Q. Williamson
Attorney General of the
State of Oklahoma
Capitol Building
Oklahoma City 5, Oklahoma

Re: Constitutionality of "Local" Bills
Dear Sir:

I respectfully request that you provide me with an opinion at your earliest convenience concerning the constitutionality of the following Acts which have been enacted by the Twenty-sixth Legislature of the State of Oklahoma, to-wit: (Attached herewith list of local bills—number 51).

All of these Acts are so-called "local bills" and I particularly desire your opinion concerning their constitutionality in view of the provisions of Article V, Sections 32, 46 and 59 of the Oklahoma Constitution.

Art. V, Sec. 32 reads as follows:

"Special and local laws—Notice of intended introduction. No special or local law shall be considered by the Legislature until notice of the intended introduction of such bill or bills shall first have been published for four consecutive weeks in some weekly newspaper published or of general circulation in the city or county affected by such law, stating in substance the contents thereof, and verified proof of such publication filed with the Secretary of State."

For your information no notice of intention to introduce any of these Acts was published prior to introduction.

Art. V, Sec. 46, reads in part as follows:

"Local and special laws on certain subjects prohibited. The Legislature shall not, except as otherwise provided in this Constitution, pass any local or special law authorizing: * * *

"Regulating the affairs of counties, cities, towns, wards, or school districts;"

Art. V, Sec. 59, reads as follows:

"Uniform operation of general laws—Special laws when general law applicable.—Laws of a general nature shall have a uniform operation throughout the State, and where a general law can be made applicable, no special law shall be enacted."

It is my desire to receive an opinion on this question prior to the sine die adjournment of this Legislature. However, I am mindful of the magnitude of your work and would, therefore, suggest if it is possible, that you submit a general opinion concerning this question with relation to all of these Acts. If a general opinion is not possible, please submit your opinion on each individual act as soon after completion thereof as possible.

Yours sincerely,

S/Tom Tipps, State Senator

May 18, 1957

Senator Tom Tipps

State Capitol

BUILDING

Dear Sir:

This acknowledges your letter of May 9, 1957, wherein you attached copies of sixteen Senate Bills and thirty-five House Bills (a total of fifty-one bills) of the Twenty Sixth (1957) Oklahoma Legislature. Your request is for the official opinion of this office as to whether all or any of these bills violate the provisions of Sections 46 and 59, Article 5, Oklahoma Constitution, which relate to local and special bills. In this connection it is noted that each of these

bills has been passed by the Legislature and signed by the Governor.

With reference to the duties of the Attorney General, Section 18b (e), Title 74, Oklahoma Statutes 1951, provides that he is

"To give his opinion in writing upon all questions of law submitted to him by *the Legislature or either branch thereof, or by any State Officer, Board, Commission or Department, provided that the Attorney General shall not furnish opinions to any but county attorneys, the Legislature or either branch thereof, or any other State Official, Board, Commission or Department, and to them only upon matters in which they are officially interested.*"

It is noted that in requesting opinions on each of 51 approved and signed Bills, you do not ask as Chairman or Vice-Chairman of any standing or special Committee which is officially interested in all or in any number of said bills. Also, and in this connection, your letter very considerably notes that you are mindful of the magnitude of the work of the Attorney General's office and that you suggest "if it is possible" that this office submit a general opinion concerning the question (of the constitutionality of so-called "local" bills); and in line with said suggestion, we submit the following quotations from constitutional provisions, and from relevant opinions by the Supreme Court of Oklahoma:

Laws of a general nature shall have a uniform operation throughout the State, and where a general law can be made applicable, no special law shall be enacted."

"Sec. 32, Art. V:

No special or local law shall be considered by the Legislature until notice of the intended introduction of such bill or bills shall first have been published for four consecutive weeks in some weekly newspaper published or of general circulation in the city or county affected by such law, stating in substance the contents thereof, and verified proof of such publication filed with the Secretary of State."

In the case of *Roberts v. Ledgerwood*, 134 Okla. 152, 272 P. 448, it was held:

"In order for a law to be general in its nature and to have uniform operation, it is not necessary that it shall operate upon every person and every locality in the state. A law may be general and have a local application or apply to a designated class if it operates

equally upon all the subjects within the class for which it was adopted. But *where a statute operates upon a class, the classification must not be capricious or arbitrary* and must be reasonable and pertain to some peculiarity in the subject-matter calling for the legislation. *As between the persons and places included within the operation of the law and those omitted, there must be some distinctive characteristic upon which a different treatment may be reasonably founded* and that furnishes a practical and real basis for discrimination. (*Burks v. Walker*, 25 Okla. 353, 109 Pac. 544.)

"Where an act of the Legislature excepts from the operation of the general laws of this state one or more counties without any fixed basis for such discrimination and no good reason is shown why all should not be subject to the same rule, it is invalid under section 59, art. 5, of the state Constitution, which provides laws of a general nature shall have uniform operation throughout the state. (*Hudgins v. Foster*, 131 Okla. 90, 267 Pac. 645.)"

In the case of *Wilkerson v. Hale*, 184 Okla. 165, 86 P. 2d 305, the Supreme Court of Oklahoma held:

"1. It is not essential in order that a law be general in its operation as distinguished from local or special, (as contemplated by section 46, article 5, and section 59, article 5 of the Oklahoma State Constitution), that it be universal in its application and operate the same in every section of the State and upon all persons, individuals, or corporations alike. On the contrary *the Legislature may classify for legislative purposes, but a classification so adopted must be neither arbitrary nor capricious and must bear a reasonable relation to the object to be accomplished.*

"2. Local or special laws are all those that rest on a false or deficient classification. Their vice is that they do not embrace all the class that they should

naturally embrace. They create preference and establish inequality. They apply to persons, things, and places possessed of certain qualities or situations and exclude from their effect other persons, things, or places which are not dissimilar in this respect."

In *Thompson v. Stanley*, 183 Okla. 445, 83 P. 2d 386, the Supreme Court considered a local bill and with reference thereto, held:

"Where an act of the Legislature excepts from the operation of the general laws of this state one or more counties without any fixed basis for such discrimination and no good reason is shown why all should not be subject to the same rule, it is invalid under section 59, article 5, of the State Constitution, which provides that laws of a general nature shall have uniform operation throughout the state.

"Chapter 35, article 12, Session Laws 1937 (House Bill No. 68) is arbitrary; there is no reason or basis therefor; it is in violation of the provisions of section 59, article 5 of the Constitution of Oklahoma, and is unconstitutional and void."

Similar decisions of the Supreme Court are as follows: *Key v. Donnell*, 107 Okla. 157, 231 P. 456; *Caddo County v. C. R. I. & P. Ry Co.*, 155 Okla. 32, 7 P. 2d 900, and in re *Bucher*, 162 Okla. 168, 20 P. 2d 150.

We trust that the above quoted constitutional provisions and the Supreme Court rulings will be helpful to you.

Very respectfully,

FOR THE ATTORNEY GENERAL
S/James P. Garrett

Assistant Attorney General

Approved by Attorney General 5-20-57.

MOTION TO RECONSIDER VOTE

Senator Rinehart referring to the 6 day period provided under Rule 12-a, moved that the rules of the Senate be suspended for the purpose of immediate-

ly considering the Stipe motion, to reconsider the vote by which **HB 971** was passed.

President Pro Tempore Baldwin, in ruling on the Rinehart motion, referred to the 6 day period provided under Rule 12-a, and pointed out that sine die adjournment hinged on the passage of **HB 828**, as amended.

President Pro Tempore Baldwin, referring to the Stipe motion to reconsider the vote by which **HB 971** was passed, upon being advised the Bill was not now in the possession of the Senate, ruled that "the Bill should be in the possession of the Senate when the motion to reconsider is made. If the Bill is not here and the Senate is unable to recall it, a motion to reconsider would be useless," stating the proper motion would be first to recall the Bill from the Honorable House.

Senator Stipe moved that **HB 971** be recalled from the Honorable House for further consideration.

Following considerable discussion, President Pro Tempore Baldwin advised if unanimous consent is granted to withdraw the motion to recall **HB 971** from the Honorable House and if there is no objection to the consideration of the Stipe motion to reconsider the vote by which the Bill was passed, he would entertain such procedure to be followed by a motion to recall **HB 971** from the Honorable House if the motion is adopted.

Senator Stipe asked unanimous consent, which was granted, to temporarily defer consideration of his motion relative to **HB 971**.

CONFERENCE COMMITTEE SUBSTITUTE FOR HOUSE BILL NO. 828.

AN ACT LEVYING TEMPORARY EXCISE TAXES ON GASOLINE AND SPECIAL FUELS, AND ON GASOLINE AND SPECIAL FUELS IMPORTED INTO THIS STATE IN FUEL SUPPLY TANKS OF VEHICLES AND ACTUALLY USED ON THE HIGHWAYS OF THIS STATE; PROVIDING A METHOD OF COLLECTING SUCH TAXES; PROVIDING FOR APPORTIONING THE PROCEEDS OF SUCH TAXES; PROVIDING THAT THE PROCEEDS OF SUCH TAXES ARE TO BE USED BY THE STATE HIGHWAY COMMISSION FOR THE PUR-

POSE OF CONSTRUCTING, REPAIRING AND REPLACING BRIDGES, CULVERTS, ROADS AND OTHER NECESSARY HIGHWAY FACILITIES WHICH HAVE BEEN DAMAGED OR DESTROYED OR WHICH WORK HAS BEEN MADE NECESSARY BY FLOODS OR HIGH WATER; PROVIDING FOR EXEMPTIONS; PROVIDING FOR TERMINATION OF SAID TAXES AND FOR THE DUTY AND AUTHORITY OF THE GOVERNOR, STATE HIGHWAY COMMISSION AND OKLAHOMA TAX COMMISSION IN CONNECTION THEREWITH; MAKING THE PROVISIONS OF THIS ACT SEVERABLE; PROVIDING FOR THE EFFECTIVE DATE THEREOF; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. In view of the fact that a great many bridges, culverts, roads and other necessary highway facilities have been destroyed or seriously damaged by unprecedented floods and high water during the Spring of 1957, which such damage and destruction to such bridges, culverts and roads has created an emergency need in that transportation facilities of the State highways have been seriously impaired, additional and temporary excise taxes on gasoline and special fuels are hereby imposed as hereinafter provided.

SECTION 2. In addition to all excise taxes now levied on gasoline and special fuels there is hereby levied an additional excise tax of one cent (1c) per gallon upon the sale of each and every gallon of gasoline and special fuels sold, or stored and distributed, or withdrawn from storage, within this State, for sale or use; provided that as applied to the tax levied on gasoline ninety-seven and one-half per cent (97½%) of the net gallonage reported for taxation, after all deductions allowed by law have been made, shall be

the basis used in the computation of the amount of tax due the State.

SECTION 3. In addition to all other excise taxes now levied on gasoline and special fuels, and in consideration of the use of the highways of this State, there is hereby levied an additional excise tax of one cent (1c) per gallon on gasoline and special fuels imported into this State in fuel supply tanks of vehicles and actually used on the highways of this State.

SECTION 4. The gasoline and special fuels excise taxes of one cent (1c) per gallon levied by this Act, including interest and penalties thereon, shall be reported to and collected by the Oklahoma Tax Commission at the same time, in the same manner, by the same method and under the same conditions as all other gasoline and special fuels excise taxes levied under the existing Motor Fuel and Special Fuel tax laws of this State.

SECTION 5. There shall be exempt from the excise taxes levied by this Act the following:

(a) Gasoline or special fuel used exclusively by the United States.

(b) Gasoline or special fuel exported from this State which is exempt from other motor fuel tax levied by the Motor Fuel Tax Laws of this State under the provisions of said laws.

(c) Solvents and especially prepared naphthas when purchased to be used by persons who have obtained a solvent exemption permit and who comply with the conditions relating thereto, under provisions of the Motor Fuel Tax Laws of this State.

(d) Gasoline and special fuel purchased by a school district and used exclusively in the transportation of children to and from school where the vehicle in which the children are transported is either owned by a school district or is under lease or hire by a

school district for the aforesaid purpose and all gasoline, and/or special fuels, used as fuel for agricultural purposes.

SECTION 6. All revenue received under this Act shall be apportioned and accredited to the State Highway Construction and Maintenance Fund for use in constructing, repairing and replacing roads, bridges, culverts and other necessary highway facilities which have been damaged or destroyed or which work has been made necessary by flood or high water.

SECTION 7. Notwithstanding the expiration date fixed by Section 9 of this Act, the taxes provided for by this Act shall continue to be levied and collected only so long as the said need for the funds raised thereby continues to exist, and in no event to extend beyond December 31, 1957. The Governor, after considering the findings and recommendations of the State Highway Commission, is hereby authorized to determine the fact of the cessation of said need. When the Governor shall determine that said need has ceased, he shall notify the Oklahoma Tax Commission, and upon the first day of the month following said notice, the said taxes shall no longer be levied or collected. After receiving such notice, the Oklahoma Tax Commission shall give such publicity to the same as appears to it to be reasonably necessary to inform the taxpayers that such taxes are to be no longer levied or collected.

SECTION 8. This Act shall be effective on and after June 1, 1957.

SECTION 9. The tax levies contained in this Act shall expire at the close of December 31, 1957, or as sooner terminated by Section 7 hereof.

SECTION 10. If the provisions of Section 7 of this Act should be held to be unconstitutional by a court of competent jurisdiction, then the remaining sections of this Act shall continue to be in full force and effect, and the taxes levied hereby shall continue to

be levied and collected until the close of December 31, 1957.

SECTION 11. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

SPECIAL COMMITTEE REPORT

Senator Jones, on behalf of the Special Committee appointed under **HCR 533**, submitted the following Committee Report which was read and ordered incorporated in the Journal upon his motion:

We the undersigned members of the Committee appointed to attend the Red River Compact meeting at Shreveport, Louisiana, April 23rd and 24th, 1957, beg leave to report as follows:

We attended said meeting at the Captain Shreve Hotel in Shreveport, Louisiana, where the members of the Compact were in Session. Mr. Henry C. Beckham of Rolla, Missouri, Chairman of the Compact, invited your Committee to be present throughout the hearing and to take part in questions and discussion.

Mr. Beckham reviewed the creation of the Compact, negotiated under Public Law 346 of the Eighty-fourth Congress for the purpose of apportioning the waters of the Red River. He stated this was the sixth meeting of the Compact Commission and discussed the right of the Commission to consider the question of Compacts for the prevention of pollution of streams and stated that under Public Law 666 blanket authority was given to any State to enter such

Compacts for the prevention of pollution. He further stated that the deterioration of water by salt was more damaging than by sewage and admonished that no State could not get all that it wanted in a Compact but that Compacts, in any event, were better than time-wasting law suits.

Later in the meeting U. S. Senator Russell Long of the State of Louisiana appeared on the program and told of freight-rate savings that could be obtained in the lower Red River Valley if navigation could be extended as far up the river as Shreveport. He stated that in 1956 500 million dollars in industry had come to the State of Louisiana and that practically all of it had been established where water transportation had existed. That cost of transportation on water as compared with rail was a ratio of two to one or three to one. That a ton of steel could be shipped from Chicago to New Orleans for six (6) dollars a ton, by rail to Shreveport the cost would be twenty-one (21) dollars per ton. He stated that industry must have vast quantities of fresh water. He referred to the feasibility of barge transportation where a lift of one hundred feet above sea-level was necessary by stating that Chicago was five hundred fifty (550) feet above sea-level yet ocean-going ships would soon be reaching Chicago over the St. Lawrence river. He stated that New Orleans was spending 100 million dollars to improve the Mississippi channel and would offer eighty thousand (80,000) acres for industrial sites. That Lake Charles would have a forty (40) foot deep channel adequate for use by oceanliners. That the parishes without navigation were losing population and those with navigation were increased seven-fold in population. That the money spent on foreign aid was the most wasteful thing he had ever experienced and that the

money should be used to improve navigation.

Major-General Itchner, Chief of the Army Engineers, appeared on the program and advised that Red River and Arkansas were the only two rivers of great consequence that had not been made navigable but that the Arkansas will soon be when Dardanelle Dam is dedicated. He advised of the local costs of construction, the cost of removal of pipelines and utilities, etc. He stated that the Army Engineers on that day had recommended the creation of navigable canals to Shreveport as being economically justifiable. That the width at the bottom of the canal would be one hundred (100) feet and the locks would be six hundred fifty (650) feet long.

It is the opinion of your Committee that due to the rapid amount of negotiations that are now taking place with reference to water and especially with reference to Tri-State compact that is now being formed between Arkansas, Louisiana, Oklahoma and Texas that a very careful watch should be kept on these developments. One of the things that has been established recently by the Public Law 666, which now provides that an injured State or States may institute suit without the permission of up-stream State as previously required by the old law. Federal grants have recently been made available to intra-state agencies, therefore, your Committee feels that we in Oklahoma should keep in close contact with the intra-state agencies in order that we might share in the benefits of the financial grants as well as participate in the water developments of the areas affected.

Respectfully submitted,

Jones

Carrier

SENATE CONCURRENT RESOLUTION NO. 30—By Boecher.

A CONCURRENT RESOLUTION COMMENDING AND EXPRESSING APPRECIATION TO THE GOVERNOR OF THE STATE, THE STATE CIVIL DEFENSE ORGANIZATION, THE STATE DEPARTMENT OF PUBLIC WELFARE, THE STATE HIGHWAY DEPARTMENT, THE DEPARTMENT OF PUBLIC SAFETY, THE STATE

HEALTH DEPARTMENT, THE SALVATION ARMY, THE RED CROSS AND ALL OTHERS FOR THEIR PROMPT ASSISTANCE TO THE FLOOD STRICKEN COMMUNITIES AND TO THE FLOOD VICTIMS.

WHEREAS, on Wednesday evening, May 15, 1957, unprecedented torrential rains in the State of Oklahoma caused the waters of many rivers and streams to flood their banks and inundate the surrounding farm lands and municipalities; and

WHEREAS, the disastrous floods claimed a severe and tragic toll in lives, property and livestock, forcing hundreds of people to flee the stricken areas to the safety of higher ground; and

WHEREAS, the need of assistance in the disaster areas has been supplied with great and gratifying speed by the Honorable Raymond Gary, Governor, who ordered to the scene all State agencies capable of rendering service; and

WHEREAS, in addition to the State agencies, such national organizations as the American Red Cross and the Salvation Army have responded in this emergency with great promptness and are rendering much valuable assistance.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE TWENTY-SIXTH OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the Honorable Raymond Gary, Governor of the State, and the following agencies be highly commended for the prompt and thorough manner in which they furnished aid to the flood-stricken communities of the State of Oklahoma:

1. The State Civil Defense Organization.
2. The State Department of Public Welfare.

3. The State Highway Department.
4. The Department of Public Safety.
5. The State Health Department.
6. The Salvation Army.
7. The American Red Cross.
8. All other State and private organizations who gave assistance.

SECTION 2. That appreciation be extended to these agencies and especially to Governor Gary for obtaining federal disaster monies for the stricken areas.

SECTION 3. That the sympathy of the Twenty-sixth Oklahoma Legislature be extended to the fine people of these disaster areas who have been the victims, particularly to those who have lost loved ones and suffered great property damage because of this tragedy.

SCR 30 was referred for engrossment.

RESOLUTION

The following Resolution was introduced and by unanimous consent, upon request of Senator McSpadden, read at length, adopted upon his motion and referred for enrollment:

SENATE RESOLUTION NO. 52—By McSpadden.

A RESOLUTION MEMORIALIZING THE CONGRESS OF THE UNITED STATES AND THE APPROPRIATION COMMITTEES THEREOF, TO DIRECT SPECIAL ATTENTION TO THE LAND PROCUREMENT PRACTICES OF THE CORPS OF ARMY ENGINEERS IN THE OOLAGAH DAM AREA ON THE VERDIGRIS RIVER IN NORTHEAST OKLAHOMA.

WHEREAS, the Oolagah Dam on the Verdigris River in Northeastern Oklahoma is in the very early initial phases of construction, with work proceeding on only the first stage embankment contract on one side of the river, under the direction of the Corps of Army Engineers, and

WHEREAS, only a few hundred acres of land actually has been acquired for

the project and with condemnation proceedings now in progress on an additional few hundreds of acres of land, and

WHEREAS, this thirty-seven million dollar project will finally take more than seventy thousand (70,000) acres of land in a well developed and productive agricultural and ranching area, resulting in the dislocation of several hundred farm homes and related schools, churches, cemeteries, federal and state highways, county roads, electric power lines, telephone lines, oil transportation pipelines and gas lines, and

WHEREAS, the proposed lake will inundate and destroy the birthplace and home of the great Oklahoman, Will Rogers, which has become a national shrine and each year is visited by thousands of Americans who have come to love the simple and homely virtues of this great man, and

WHEREAS, on the lands to be taken for the Oolagah Dam project is located a sizeable portion of the "world's greatest shallow oil field," which has been producing oil continuously since its discovery before the turn of the century, and which today is recognized as having been the birthplace of the oil business in Oklahoma, the laboratory where "secondary recovery" was first tried and proven in Oklahoma and the field which has produced more oil by the "water flood repressuring method" of secondary recovery of oil than in any other field in Oklahoma, and

WHEREAS, the U. S. Bureau of Mines, in a report dated August first, 1951, stated that a recoverable reserve of more than fifty million (50,000,000) barrels of oil could be produced by today's known methods from the more than twenty-five thousand (25,000) acres of proven productive, but undeveloped lands that are to be taken for the Oolagah Dam project, and

WHEREAS, a portion of the lands to be covered by Oolagah Lake have now

been developed for the production of oil and this developed area is now producing several thousand barrels of oil each day, and

WHEREAS, the developed oil lands to be inundated by Oolagah Lake now gives employment to hundreds of oil field workers, pays tens of thousands of dollars each year in taxes to the State of Oklahoma and to the United States, and produces millions of dollars worth of economic wealth annually, and

WHEREAS, the oil field is served by a crude oil purchasing company whose storage tanks, pump stations, gathering lines and pipeline transportation system is located on lands to be inundated by the Oolagah Lake, and

WHEREAS, the same crude oil purchasing system, tank, farms, pump stations and transportation lines, that will be inundated by Oolagah Lake, also serve other oil productive acres located on lands adjacent to the proposed lake, and

WHEREAS, the engineering difficulties that will result for the pipeline operation following the building of Oolagah Dam and the loss of business to the pipeline as a result of abandonment of that part of the oil field that will be inundated by Oolagah Lake, could make it unprofitable and economically impossible to operate the pipeline oil gathering system to serve the remainder of the oil field, and with the resulting loss of a pipeline market for that part of the oil field adjacent to the lake, the entire oil field could be forced to shut down with a further economic loss to the entire section of the state, and

WHEREAS, congressional appropriations for the Oolagah project, which is a very minor part of the Arkansas Basin development program, were first made last year after almost twenty (20) years of being seriously questioned as to the economic feasibility and the doubtful advisability of destroying a

great known recoverable reserve of oil and a tremendously rich agricultural area, and

WHEREAS, the farmers and ranchers and oil producers of the Verdigris river area repeatedly through the years have voiced their objections to this project in personal and delegation appearances before the Congressional Appropriation Committees of both the House and Senate, and

WHEREAS, proponents of the project residing in other parts of Oklahoma, and other states, have envisioned great economic gains to groups of people, cities and towns, transportation users and great industrial organizations as a result of the construction of Oolagah Dam, it was also recognized that a great displacement of people and business operations in the Oolagah Dam area must occur if the project was to be built, and, therefore, solemn assurances were repeatedly given to the people and business concerns to be displaced by said Oolagah Dam, both, by the Congressional Committees and the personnel of the Corps of Army Engineers that, in the event of the construction of the project, every effort would be made to see that the people in the affected area would not be forced to bear unjust and undue economic hardship and loss while others are reaping the great economic gains that proponents have promised would result from the building of Oolagah Dam, and

WHEREAS, appraisals and purchases of land and residential properties in said Oolagah Dam area are in the process of being started at this time by the land procurement office of the Corps of Army Engineers, and

WHEREAS, appraisalment of property in the Oolagah Dam area is being made on the basis of assumed values in the present location with no consideration being given to replacement cost in kind in another location, and

WHEREAS, appraisalment of many

properties in the Oolagah Dam area are being made without due recognition of the known mineral values in the form of valuable coal deposits, gas reservoirs and oil, and

WHEREAS, representatives of the Corps of Army Engineers procurement office in Tulsa, Oklahoma, are quoted in newspapers of recent date as telling oil producers and mineral owners that "only in the damsite and construction area does the government have definite plans for buying mineral holdings outright", but would seek only to acquire flowage easements on minerals and "under the flowage easement agreements oil operators would be required to subordinate their operations to the basic functions of the dam and reservoir," and

WHEREAS, the appraisalment and procurement policies being followed by the Corps of Army Engineers in the Oolagah Dam area have met with the active and determined opposition of the land owners as is evidenced by the fact that the Corps of Army Engineers only recently has found it necessary to resort to condemnation action to acquire much of the initially needed lands in the damsite and construction area, and

WHEREAS, in the condemnation actions pending as of this date against the land owners in the immediate vicinity of the Oolagah Dam itself, said actions covering more than fifteen hundred (1,500) acres which is underlaid with valuable coal deposits, attorneys representing the Corps of Army Engineers have petitioned the court to take the surface land rights and reserve to the present owners all mineral rights and values, and to subordinate the reserved mineral rights and values to the "prior rights of the United States to flood and submerge the land as may be necessary for the construction, operation and maintenance of said project", and

WHEREAS, under several hundred acres of said lands now being con-

demned by the Corps of Army Engineers for the Oolagah Dam project, the school children of the State of Oklahoma own one-half of the mineral rights and values, and

WHEREAS, the school children of the State of Oklahoma, through the trusteeship of the State School Land Commission, own thousands and thousands of acres of mineral rights under lands located in the remainder of the Oolagah Dam area, the Keystone Dam area, the Eufaula Dam area and in other areas where such projects are planned, and

WHEREAS, the mineral rights and values owned by the school children of the State of Oklahoma in the Oolagah Dam area now under condemnation will be forever inundated and the value of said mineral right will therefore be eternally lost to the school children of the State of Oklahoma, and

WHEREAS, the school children of the State of Oklahoma will suffer great and irreparable loss of wealth if the Corps of Army Engineers continue, through the length and breadth of the Oolagah Dam area, the Keystone Dam area, the Eufaula Dam area and in the other areas where like projects are planned, this policy of taking, without payment, the mineral rights and values belonging to the school children of the State of Oklahoma, and by force of condemnation than subordinating those mineral rights and values to the prior rights of the United States to flood and submerge said mineral rights and values, and therefore,

BE IT RESOLVED by the Senate of the State of Oklahoma: That we respectfully urge, request and petition the Congress of the United States to make such inquiry into the land procurement procedures of the Corps of Army Engineers, issue such directives and take such action as may be necessary to insure the fulfillment of the intent of Congress in the protection of the rights of the people in the Oolagah Dam area

and in safeguarding the mineral values and rights of the School children of the State of Oklahoma in accordance with the laws and constitution of the United States, and

BE IT FURTHER RESOLVED THAT, the Chief Clerk of the Senate of the State of Oklahoma be directed to send a copy of this resolution to the President of the United States, the Vice President of the United States, each member of the Congress of the United States, the Director of the Bureau of the Budget of the United States and to the Chief of the United States Corps of Army Engineers.

I HEREBY CERTIFY THAT, the above Resolution originated in the Senate of the State of Oklahoma, and was adopted by that body,

(c) *This section shall not be construed as impliedly repealing or varying the provisions of Title 58, Section 161, et seq.*

SECTION 2. In addition to the exemptions from the sales tax levied under Title 68, Section 1251c, O. S. 1951, which exemptions are specifically provided for in Title 68, Section 1251d, O. S. 1951, gross proceeds accruing from the sale and purchase within Oklahoma after July 1, 1957, of feed and farm machinery, *in an amount equal to the allowance given for the trade-in of farm machinery when said trade-in machinery will be resold by the retailer in a sale taxable under the Sales Tax Laws of this State*, for the purposes set forth in this Act shall, subject to the conditions and limitations set forth herein, be exempt from the aforementioned sales tax levy:

(a) Feed which is fed to poultry and livestock (including breeding stock and wool bearing stock) for the purpose of producing eggs, poultry, milk or meat for human consumption. Feed purchased in Oklahoma for the purpose of being fed to and which is fed by the purchaser to draft animals shall also be exempt from sales tax. The word "draft animals" as used in this Act shall be construed to mean and include domestic animals such as horses and mules directly used in producing and marketing agricultural products. SECTION 3. The exemption herein provided for is only granted and extended where the purchaser of feed or farm machinery that is to be used and in fact is used for a purpose that would bring about an exemption under Section 2 of this Act, executes an invoice or sales ticket in duplicate on a form to be prescribed by the Tax Commission. In said form of invoice or sales ticket provision shall be made to show the seller's name and address and his Sales Tax Permit number; the purchaser's name and address; the date and amount of the purchase which is claimed to be exempt from sales tax, together with a statement of the kind and amount of feed or farm machinery sold, *and the trade-in allowance for machinery sold*, and that the same will be

fed or used for a purpose that entitles the purchaser to an exemption under the provisions of this Act, and provide for the showing of such other information as the Tax Commission may by rule or regulation require. SECTION 4. In making and filing sales tax reports a seller must deduct gross proceeds which he claims are exempt from sales tax under and because of this Act within thirty-one (31) days from the date his report is due for the month in which the sales claimed to be exempt from tax are made, otherwise the deduction will not be allowed and the seller must pay the sales tax. *In those instances where a seller bases a deduction on an invoice or sales ticket which he knows to be false, altered, or spurious, the Tax Commission shall disallow the entire deduction based on said invoice or sales ticket, and may proceed as by statute provided to cancel the license of the offending seller.* The penalty provision of the State Tax Uniform Procedure Act shall apply to sellers violating the provisions of this Act.

SECTION 5. *The Oklahoma Tax Commission shall, at the close of each month, prepare and maintain a record showing the total amount of exemptions granted under the provisions of this Act for said monthly period and shall file copies thereof with the Governor, the State Budget Director and the Chairman of the Oklahoma Public Welfare Commission. Whenever said monthly report shows that the total amount of exemptions granted under the provisions of this Act exceeds two per cent (2%) of the total sales tax collections for said month, the State Budget Director shall allocate to the State Assistance Fund, from any unencumbered funds in the State General Revenue Fund or from any other available sources, monies in an amount necessary to replace the net loss in sales tax revenue resulting from the exemptions granted under the provisions of this Act.*

SECTION 6. The provisions of Section 1 of this Act shall not take effect until July 1, 1957. From and after said July 1, 1957, the Tax Commission shall apportion sales taxes received in July, 1957, and subsequent months in accordance with the provisions of Section 1 hereof irrespective of when said tax may have accrued. The remaining sections of this Act shall not become effective until January 1, 1958.

SECTION 7. This Act shall not be construed as exempting feed or farm machinery from the Use Tax Laws of this State.

SECTION 8. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of the Act are declared to be severable.

SENATE CONCURRENT MEMORIAL NO. 1—By McSpadden of the Senate, and Sumrall of the House.

A CONCURRENT MEMORIAL RELATING TO THE PROPOSED DISCRIMINATION AGAINST 90 SCORE BUTTER IN THE APPLICATION OF THE AGRICULTURAL PRICE SUPPORT PROGRAM; DIRECTING THAT COPIES OF THIS MEMORIAL BE FORWARDED TO SPECIFIED OFFICIALS.

TO THE SECRETARY OF THE UNITED STATES DEPARTMENT OF AGRICULTURE:

Your Memorialist respectfully represents:

1. That it is understood serious contemplation is being given by the United States Department of Agriculture to disqualify ninety (90) Score Butter for eligibility under the Agricultural Price Support Program.

2. Oklahoma produces and markets annually in excess of twenty-five million (25,000,00) pounds of butter, eighty percent (80%) of which is 90 Score.

3. It would result in a disastrous and unjustified discrimination against Oklahoma butter if the price support program were changed to eliminate 90 Score Butter.

WHEREFORE, your memorialist, the Legislature of the State of Oklahoma, prays:

1. That the Secretary of the United States Department of Agriculture continue in effect the present rules and qualifications which afford the application of price supports to all butter scoring at least 90.

2. That copies of this Memorial be furnished each member of the Oklahoma Congressional Delegation, with the urgent request that they personally present the same to the Honorable Ezra T. Benson, Secretary of the United States Department of Agriculture.

MESSAGE FROM THE GOVERNOR

The following Message from the Governor was received and read:

TO THE PRESIDENT AND MEMBERS OF THE HONORABLE SENATE TWENTY-SIXTH OKLAHOMA LEGISLATURE

Gentlemen:

I have vetoed Senate Bill No. 24 for the reason that an appropriation was not made from which to pay the expenditures provided for in the bill. The expenditure of the money made mandatory in this bill would force the curtailment of vital and necessary functions in connection with our penal institutions.

I am in sympathy with the humanitarian principles underlying this legislation and I am preparing an executive order directed to the wardens of the penal institutions in the State of Oklahoma asking that they pay from the canteen funds or revolving funds of these institutions, if sufficient funds are available, the cash payment of \$25.00 for each discharged convict and in addition provide him transportation costs to the place from which he was tried and convicted. I hope sufficient funds are available and that the program can be put into immediate effect.

By the Governor of the State of Oklahoma

S/RAYMOND GARY.

SPECIAL COMMITTEE REPORT

The following Report of the Special Committee, appointed under SR 5, was submitted, read and adopted upon motion of Senator Shoemaker:

May 28, 1957

Mr. President:

We, your Special Committee, appointed to study the rate making structures of all types of insurance in the State of Oklahoma, beg leave to report as follows:

The Committee met at designated times and heard the evidence of witnesses relative to the procedure of establishing insurance rates in and by the State Insurance Board and Department. In addition, various members of this Committee made a thorough examination of the rating procedure now promulgated by the stock and mutual rating bureaus. As a result of this study your Committee concludes the following:

1. That it would be impractical for the State of Oklahoma to operate a state rating bureau for the purpose of establishing insurance rates in all fields of insurance.

2. That it is the unanimous opinion of the Committee that House Bill 501 as amended and worked out by the Senate Insurance Committee and enacted into law by this Legislature has materially strengthened the insurance rating procedure now used in the State of Oklahoma.

3. That said act sets up a very capable board, giving them workable statutes and adequate personnel to insure the public of this State that rates will not be excessive, inadequate or unfairly discriminatory.

We, therefore, request that this Committee be discharged.

Shoemaker, Chairman
Wilson (Beckham)
Dacus
Jones

MESSAGES FROM THE GOVERNOR

The following Messages from the Governor were received and read:

TO THE PRESIDENT AND MEMBERS OF THE HONORABLE SENATE TWENTY-SIXTH OKLAHOMA LEGISLATURE

Gentlemen:

I have vetoed **SENATE JOINT RESOLUTION NO. 9** for the following reasons:

Section 3 of this Resolution places final liability on every member of a board or commission charged with the duty of incurring obligations, and makes each member liable, either personally or

on his official bond or both. Many of these boards and commissions are composed of the leading citizens of our state who have unselfishly given of their time and efforts to further the public interest. In many instances they are men of means and property and would be forced to resign to escape the final liability imposed by this resolution. The state cannot afford to lose the services of these good citizens.

It is my opinion that the effects sought by this resolution can be obtained by a continued close supervision of the expenditures of boards, commissions, departments and agencies of the State of Oklahoma which has been and will continue to be, an important part of my program.

BY THE GOVERNOR OF THE STATE OF OKLAHOMA
S/ Raymond Gary

TO THE PRESIDENT AND MEMBERS OF THE HONORABLE SENATE TWENTY-SIXTH OKLAHOMA LEGISLATURE

Gentlemen:

In view of the Legislature's failure to enact the Public Safety Commission Bill, I would like to recommend to the Honorable Senate that a special interim committee be created for the purpose of making a study of our safety program for Oklahoma with this thought in mind:

That the Public Safety Act be amended to provide that all personnel, civilian and uniformed, be placed on a strictly merit basis, and provide further that all promotions be made on the basis of experience and ability.

I recommended the Safety Commission feeling it would be an improvement over our present program, however I did not push the bill for I have had a number of people whom I respect very highly voice opposition to the feeling it was the solution to our problem. I believe a good committee working during

the interim could and would come up with a fine program that would strengthen considerably the Department of Public Safety.

S/ Raymond Gary
Governor

In consideration of the Message of the Governor, above, President Pro Tempore Baldwin appointed as a Special Interim Committee, the following: Senator Allen, Chairman, with Senators Collins (Creek), Coppock, Hall and McColgin as members.

Senator Walker moved that the President Pro Tempore be authorized by the Senate to purchase from time to time for each of its members necessary postage and stationery, which motion was declared adopted.

As provided under Title 74, Section 456, Oklahoma Statutes, 1951, President Pro Tempore Baldwin appointed the following as the Senate's membership on the Executive Committee of the State Legislative Council: Senators Allen, Shoemake, Hamilton, Grantham, Field, Easterly, Dacus, Cowden, Cartwright and Carrier.

Upon motion of Senator Fine, the above appointments, as members of the Executive Committee of the State Legislative Council, were confirmed by the Senate.

As provided under Title 74, § 424, Chapter 15, O. S. Supp. 1955, President Pro Tempore Baldwin appointed the following as the Senate's membership on the Committee On Interstate Cooperation of the State Legislative Council: Senator Mahan, Chairman, and Senators Jones, Rinehart, Ritzhaupt and Walker as members.

Upon motion of Senator Field, the above appointments, as members of the Committee on Interstate Cooperation of the State Legislative Council, were confirmed by the Senate.

Senator Ritzhaupt, on behalf of the Committee appointed to notify the Honorable House that the Senate has com-

pleted its work and is about ready to adjourn sine die, reported the duty performed, following which the Committee was ordered discharged.

The Senate was declared at ease.

The Senate reassembled, with its President presiding.
