COMMUNICATION

The following Communication was read and ordered by the President Pro Tempore to be incorporated in the Journal:

To The Honorable,

President of the Senate,
26th Oklahoma Legislature.

Sir:

In accordance with law and in compliance with the terms of a Resolution, duly adopted by the State Board of Equalization of the State of Oklahoma, sitting in called session on December 17, 1956, I have the honor to transmit to you herewith a duly authenticated duplicate original of said Resolution as adopted by said Board under authority of Section 23, Article 10, of the Constitution of Oklahoma as amended; and to request a signed memorandum acknowledging receipt of same for the Minutes and records of the Board.

Respectfully,
A. S. J. Shaw,
State Auditor;
and Secretary,
State Board of Equalization

(SEAL)

Oklahoma City, Oklahoma,
December 17, 1956.

THE STATE BOARD OF EQUALIZATION

The State Board of Equalization met in the Office of the Governor, State

Capitol Building, Oklahoma City, Oklahoma, at 11:00 o'clock, A. M., Monday, December 17, 1956, upon call of the Chairman, with notice to each member.
Present:

- Honorable Raymond Gary,
Governor and Chairman,
- Honorable Mac Q. Williamson,
Attorney General and Vice Chairman,
- Honorable A. S. J. Shaw,
State Auditor and Secretary,
- Honorable John D. Conner,
State Treasurer,
- Honorable Andy Anderson,
Secretary of State.

Absent:

- Honorable Scott Burson,
State Examiner and Inspector,
- Honorable Harold Hutton, President,
State Board of Agriculture.

Visitors:

- Mr. Burton Logan,
Director of the Budget,
- Mr. Leon H. Autry, Chief Accountant,
State Budget Office.

A quorum being present, the meeting was called to order by Governor Gary, Chairman.

Mr. Shaw moved that the Minutes of the Board meeting on August 21, 1956, be approved by the Board and made a part of the permanent record. The motion was duly seconded by Mr. Anderson. The members of the Board present voted aye; and the Chairman declared the motion adopted.

In connection with the preparation of an itemized estimate of the revenues to be received for each year of the next biennium by the State under the laws currently in effect, Mr. Logan, at the suggestion of the Chairman, submitted to the members a prepared statement showing the average total revenue which accrued to the credit of the General Revenue Fund and each special fund of

the State for the three last preceding fiscal years, to which had been added the cash surplus from the preceding fiscal year in the hands of the State Treasurer to the credit of any such fund and not previously appropriated by the State Legislature. Following a discussion of factors tending to affect the receipt of collections during the ensuing biennium under the current revenue measures, a Resolution was directed to be prepared embodying therein the Board's itemized estimate, to be filed with the Governor, the President of the Senate and the Speaker of the House of Representatives of the 26th Legislature, Regular Session. Thereafter, a Resolution was submitted to the Board, and upon consideration of the same, Mr. Williamson moved that the Resolution be adopted. The motion was duly seconded by Mr. Anderson. The resolution is in words and figures as follows, towit:

RESOLUTION OF THE STATE BOARD OF EQUALIZATION

WHEREAS, by the provisions of Section 23, Article 10, of the Constitution of Oklahoma, as amended, the State Board of Equalization among its other official duties is directed and required to make:

“ * * * * * an itemized estimate of the revenues to be received by the State under the laws in effect at the time such estimate is made for each year of the next biennium, showing separately the revenues to accrue to the credit of the General Revenue Fund and each special fund of the State, and the total amount of such estimate for each fiscal year shall not exceed the average total revenue which accrued to each such fund for the three (3) last preceding fiscal years to which amount shall be added the cash surplus, if any, from the preceding fiscal year in the hands of the State Treasurer to the credit of any such fund and not previously appropriated by the State Legislature at the

time such estimate is made. Such estimate shall be filed with the Governor, the President of the Senate, and the Speaker of the House of Representatives * * * * *", and

WHEREAS, this Board acting in pursuance of the duty and authority thus conferred upon it by law, has caused to be presented to it all the data, figures and relevant information from various State Departments concerning the income of the General Revenue Fund and of the various special funds of the State, and has, after careful consideration and study of same, determined the figures which properly represent such itemized

estimate of revenues of the said funds for the ensuing biennium;

NOW, THEREFORE, BE IT RESOLVED BY THE STATE BOARD OF EQUALIZATION OF THE STATE OF OKLAHOMA:

That the sums and amounts reasonably estimated to accrue to the General Revenue Fund and to the several special funds of the State as herein set forth, be and they are hereby adopted and fixed as the official estimate of moneys to accrue for and during the fiscal years 1957-1958 and 1958-1959; and which figures are as follows, to-wit:

STATE OF OKLAHOMA
EXECUTIVE DEPARTMENT
DIVISION OF THE BUDGET
December 17, 1956

State Board of Equalization
State Capitol Building
Oklahoma City, Oklahoma

Gentlemen:

The Constitution of the State of Oklahoma, Section 23, Article 10, requires the State Board of Equalization to make an itemized estimate of the revenues which will accrue to the General Revenue Fund and each Special Fund of the State for each year of the next biennium, and to file same with the Governor, President of the Senate, and Speaker of the House of Representatives, prior to the convening of each Regular Session of the Legislature.

The Constitution provides that the amount of the estimate for each fiscal year shall not exceed the average total revenue which accrued to each fund for the three last preceding fiscal years. The amounts apportioned to the General Revenue Fund for each of the three years involved and the maximum amount which may be estimated for each year of the next biennium is shown by the following statement.

AMOUNT FOR FISCAL YEAR			
THREE YEAR AVERAGE	1954	1955	1956
Total Funds Provided	\$80,163,769.03	\$81,334,084.67	\$89,722,167.39
Three Year Average			83,740,007.03

The Constitution of the State of Oklahoma further provides that the cash surplus, if any, from the preceding fiscal year, in the hands of the State Treasurer, to the credit of any fund which has not been previously appropriated by the Legislature at the time the estimate is made, may be added to the estimate. In this connection attention is called to the provisions of House Bill No. 30, Regular Session Twenty-first Legislature, creating the Emergency Appropriation Fund. Said bill provides in part as follows: "Upon the passage of this Act it shall be

the duty of the State Board of Equalization to make an estimate of the revenue which will accrue in the Emergency Appropriation Fund during the current biennium, by reason of transfers of revenues and surpluses to said Fund by this Act and any other laws in force at the time such estimate is made."

SPECIAL FUNDS. The Constitution, Section 23, Article 10, provides that "any Department, Institution or Agency of the State, operating on revenues derived from any law or laws which allocate the revenues thereof to such Department, Institution or Agency, shall not incur obligations in excess of the unencumbered balance of surplus cash on hand." This provision eliminates the necessity of making specific appropriations for earmarked revenues appropriated to Special Funds which operate as a continuing appropriation. The Legislature makes appropriations for certain governmental functions out of Special Funds which do not operate as continuing appropriations. The amounts that can be appropriated from these funds are indicated in the following statements.

Upon motion of Senator Fine, the Senate recessed to meet at 6:30 p. m.

By unanimous consent of the Senate, the following program of events in relation to the Semi-Centennial Celebration is herewith incorporated:

Today has been a momentous occasion for the Oklahoma Legislature in that it has marked the beginning of the celebration of the 50th anniversary year of Oklahoma, which became the 46th State of our Union on November 16, 1907.

Preceding the opening of the session, of the 26th Legislature, the events of the day commenced at 11:00 a. m., with a Parade, featuring 16 bands, floats, marching units and four Roundup Clubs. The bands participating were the Blackwell Highschool, which has been chosen to represent Oklahoma at President Eisenhower's inauguration on January 21, in Washington, D. C., and the Oklahoma Military Academy and high schools of Cleveland, Fairview, Geary, Guthrie, Pawnee, Sulphur, Walters and from Oklahoma City bands of Northwest Classen, Northeast, Douglass, U. S. Grant High Schools, and Taft, Harding

and F. D. Moon Junior Highschools; also included in the parade were the OMA drill team and the Topperettes Twirling Corps from Ponca City.

The major portion of the festivities commenced at 5:30 p. m., on the south steps of the Capitol and opened with a band concert followed by Indian ceremonies. Mr. Howard Chase, New York publicist, served as Master of Ceremonies.

The Oklahoma City University Surrey Singers presented selections from OKLAHOMA and the television portion of the show opened at 6:30 p. m., with the OCU singers presenting the State's official song, OKLAHOMA.

Dean McGee, Chairman of the Board of the Frontiers of Science Foundation, presented Governor Gary with a replica of the "Arrows to Atoms" emblem of the Exposition that will open at the State Fairgrounds in June, this year.

At the conclusion of this presentation, Governor Gary lighted a 65 foot sign across the top of the Capitol, spelling out the theme of the Oklahoma City show. Following the lighting of the sign,

the flaming arrow was shot into a giant pile of Christmas trees to touch off a fire to light up the next 50 years, the old Christmas trees of Oklahoma City residents having been kept for this occasion. These festivities were under the sponsorship of the Oklahoma City Chamber of Commerce.

One interesting sidelight on civic promotion in this year's celebration has been the presentation of locally famous white western style hats by Governor Gary to each of his counterparts across the nation.

The day's program was concluded by a Square Dance Festival staged in the Zebra Room of the Municipal Auditorium at 8:30 p. m., and at the Auditorium Karen Keys, Oklahoma born pianist, who returned from France for this special

occasion, was presented in concert with the Oklahoma City Symphony.

The following is a record of coming events to celebrate the 50th Anniversary of Oklahoma:

April 22nd, the day of the territory opening "Run of 89" marks the official kick-off date of Oklahoma's Semi-Centennial Celebration in 1957 under the theme of "Teepees to Towers."

Festivities will begin at Guthrie, with the 89er Day Parade and Rodeo and a full six months of activities close with the OU-Notre Dame Football game on Statehood Day, November 16. Throughout the State there will be festivals of every nature. Events listed with the Oklahoma Semi-Centennial Commission as of this date are as follows:

Oh Great Spirit, the Maker — the Maker of this great earth of ours. We live in these lands many moons before the white man or palefaces came—his way of life that is difference from ours, and for many years there were bitter wars between us. Now, there is peace today, but the heart of the red man is and for the white man has forgotten and destroyed many other things and he has written and spoken as he came to our campfires to make heap big peace talk. Some were kept and others were broken.

I am weak before the white man's laws, but You, Oh Great Spirit, You have guided me many moons ago. I

still lean on You today. I am here where the white man make the great laws and I ask You to guide the great white leaders as they undertake to do many great things.

I will not speak long, Oh Great Spirit, You are above all. Look down upon us, You know what's best. Great Spirit, You have already heard me, I stop.

By unanimous consent, the President appointed as the Joint Committee to notify the Governor the Joint Session is ready to receive him and hear his message:

For the Senate: Senators Frazier, Denny and Stipe.

For the House: Representatives Daniels, Williams (Woodward) and Cartwright (Bryan).

The Joint Session was declared at ease.

It has been my good fortune to be closely associated with

your eminent Governor Gary during my tenure as governor of Wyoming. He is an outstanding statesman from a fine and progressive state.

MILWARD L. SIMPSON,

Governor of Wyoming.

The following prepared message of Governor Raymond Gary was presented:

GOVERNOR'S ORAL MESSAGE

TO THE TWENTY-SIXTH OKLAHOMA LEGISLATURE—JANUARY 8, 1957

In appearing before you members of the Oklahoma Legislature tonight in Joint Session, I feel it is appropriate for us to look two ways—first, look back over the fifty years of Oklahoma as a state and review briefly the accomplishments we, as a people, have made; and then look forward to the beginning of a great new era in Oklahoma. In this modern era, we shall venture out into new frontiers in our efforts and determination to build a stronger, better, more progressive Oklahoma. In looking back, we can receive a great deal of satisfaction from the important accomplishments we have already made.

We started out fifty years ago as a state—the 46th state to enter the Union. The people who populated our state at that time were sturdy, pioneer citizens who had migrated to Oklahoma from practically every state in the Union and from many nations of the world. In addition to our pioneer citizens who moved into Indian Territory, which later became Oklahoma, we had thousands of Indians. This was the home of the five civilized tribes and many other Indian tribes. We have been known ever since our admittance to the Union as the Indian State. We are justly proud of the great contribution the Indians have made to the growth and development of our great state. We are proud of the Indians who have held—and still hold—high positions in our government. in ed-

ucation, religion, business, and many other professions and vocations.

Our state in the beginning was primarily agricultural. Our forefathers broke out the land and began planting crops. They developed a great agricultural state, supported principally by cattle, sheep, wheat, cotton, corn, and many other agricultural products. On the basis of this agricultural economy, our state continued to grow and prosper. Then oil was discovered. The great petroleum industry was established and expanded. Lead and zinc mines were opened. Coal was found in abundance. Gypsum rock, glass sand, and many other mineral deposits were discovered and new industries were established as a result of these findings. Our economy began to grow a little more into balance. Then, as time went by, World War I caused our people to break out millions of acres of grassland, which should never have been broken out, in order to produce food and fiber to help supply the needs of the world.

After the war, drouth and depression hit our state. Our agricultural economy suffered a great setback. We sank into a dust bowl depression. Our population began declining. We were faced with a great challenge as a people. The people of Oklahoma rose up and met this challenge. We began revising our laws to make Oklahoma more inviting for industrial growth and development. We improved our school system because we recognized the importance of a well-organized educational program to the development of a great state. Gradually, we have beaten back and overcome the decline we suffered between 1930 and 1950. We can look back now and see a state which developed, from a very meager beginning, one of the finest school systems in the nation, one of the finest mental health programs in the nation, the pioneer of all states in the field of soil conservation, the pioneer of

all the states in the field of upstream flood control.

With a population of two and one-third million people, we now embark upon our second fifty years and a bright new era in Oklahoma. We start this second fifty years with a feeling of confidence and hope. We will profit from the mistakes we have made in the past by developing new and better programs. We begin this new half century with a well-balanced economy. We have more people gainfully employed today than ever before in the history of our state. We have gained thousands of new jobs during the past year in newly established industries.

This Legislative Session will, to a great extent, develop the blueprint to guide our state during the next 50 years. We are all challenged to use every care in drawing this blueprint. An error now could change the whole course of our economic development during the next 50 years.

Before we actually start drafting this blueprint in its final form, it would be well for us to take inventory of what we have, as well as reveiwing our accomplishments during the past 50 years.

As a people, we are in a far better position to plan a blueprint to work from today, in the beginning of our second fifty years, than we were in 1907. We are in this better position because of our experiences of the past, our greater and more accurate knowledge of our resources, and our firm desire, as a people, to develop a better balanced economy that will bring a higher standard of living to everyone.

We have more known reserves of oil and gas today than ever before. We have sufficient coal reserves to meet the needs of the world for many, many years to come. We have great deposits of salt that, in the years to come, will prove more and more valuable. We have devel-

oped a program for reforestation that will enable our millions of acres of forest lands to be productive from now on. We have learned to utilize more efficiently and profitably our deposits of minerals, sands, gypsum, and many other natural resources that have been discovered.

With this background of information available to us, plus the experiences we have had in recent years, I feel obliged to make certain recommendations to you that I believe will be of vital importance to you in developing the important new blueprint which will guide Oklahoma's destiny for the next fifty years.

It is absolutely essential that our people have the utmost confidence in the stability of state government. We have made much progress in recent years, causing others to have confidence in the operation of our state government. Unfortunately, we have also had a few things happen which jarred the confidence of the people. In every such case, however, the Oklahoma Legislature has met the challenge and made necessary corrections in the laws which enabled the people to maintain their confidence in our government. During the past primary campaign, a terrible thing happened. Our absentee ballot law was abused. Ballots were distributed in wholesale lots by campaign workers and voted on a mass-production basis. Relief checks were distributed to people who were not eligible for emergency relief, as a method of paying them for their services in a political campaign. It should never have been possible for this to happen. It has caused much embarrassment to me personally, to my administration, and to you members of the Oklahoma Legislature. A black mark has been chalked up against us. We can remove that mark, however, by acting immediately and passing, within the next few days, a new absentee ballot law which will prevent a thing like this ever happening again. I have already, by Executive

Order, transferred supervision of the Emergency Relief Department to the Department of Public Welfare. In order for this to stand and become permanent, it will be necessary for you to vitalize my action. I hope you will pass this bill during the first two weeks of the Legislative Session and place it, along with a new absentee ballot bill, on my desk for signature by the end of the next week. If you do this, we will remove the black mark against our record. The dark clouds of distrust that have hung over our state for months because of this unwholesome happening will disappear, the sun will shine again over the government of Oklahoma, you will make me very happy, and the people will have their confidence restored.

ROADS AND HIGHWAYS

Two years ago I outlined a road building program to the joint session of the Legislature that would enable us, during the next four years, to build completely new and modernize existing highways totaling 2,500 miles. I am happy to report to you that my estimate at that time, though it appeared to be very ambitious, has proven to be far less than what we will be able to build during the four years. We have completed during the past two years, or have under construction or contracts awarded, including the resurfacing of highways, modernization of old highways and new ones, a total of more than 3,000 miles. This includes resurfacing by the Maintenance Department, modernization by contract, new two-lane highways and four-lane expressways.

Since the National Congress has enacted a new federal highway program, we will be able to step up our highway construction greatly, provided, of course, you gentlemen enact the necessary legislation that will enable us to match all federal funds. If the present trend in the collections of road users' taxes continues for the next two years, then we will need not less than \$10,000,000

to enable us to match all federal funds for the primary and interstate highway systems, and all the secondary funds available to the State Highway Department. We now have a backlog of secondary funds accumulated for farm-to-market roads available to the County Commissioners of the state on a 50-50 matching basis. Some counties have been able to take advantage of this program while others, for various reasons, have been unable to do so.

My recommendation to the Legislature will be that you pass a \$9,000,000 appropriation in order that we may continue our road building program without letup. **I further recommend** that during the Legislative Session you appropriate, from the General Revenue Fund, \$9,000,000 to be used for the next biennium to supplement our ear-marked road users' taxes.

I further recommend that you limit the amount of state funds going back to the counties, for county roads, to \$29,000,000 per year, with a provision that all over \$29,000,000 collected in road users' taxes for the counties be diverted to the Highway Commission, with specific instructions that it be used to match federal secondary money on farm-to-market roads. Under this program, we will not be reducing the amount of money going to the counties. We will actually be increasing it. This money we place into the trust fund will go back to the counties of the state on a matching basis with federal funds; so the increase will be the amount of the federal funds that we match. County Commissioners will not have any reduction in the amount of money they are now receiving for general maintenance and general construction programs within the various counties. I cannot conceive of any County Commissioner, farmer, or rancher who would object to this policy. If we do not do something to enable us to match federal secondary money for farm-to-market roads, then we are going to lose several

million dollars in federal funds to the other states of the nation. After three years the money lapses and reverts back to the federal government. If you will enact this legislation, it will enable us to increase our highway construction program to approximately \$85,000,000 per year, or an average of more than \$7,000,000 per month.

As you know, we have been unable to market any toll road bonds during the past two years. Two principal factors have contributed to the poor toll road bond market. These factors are the new federal road program, and, secondly, poor traffic count on some of the newer toll roads, particularly in West Virginia and Ohio. Most toll road bonds are being offered for less than par; some for as much as 25% below par. I believe we will be able to market our Southwest toll road bonds if we amend our toll road laws. First, we should earmark the road user tax collected on toll roads for the trust fund to help retire the bonds. Secondly, we should remove the \$1,000,000 clause in our toll road law.

It is my desire that we exert every effort to build the Lawton road because it connects the Tinker Air Depot and the Capitol City with the great Fort Sill base. Too, it will place the Capitol City closer to points in southwestern Oklahoma and Texas.

EDUCATION

I don't think there is any question in the minds of the people of this state concerning my views on education. It has always been my policy to support legislation that would improve our education system, from kindergarten to the higher institutions of learning. I regret that we have never had sufficient funds available to write the kind of program we would like to have for the children of this state. I am pleased, however, by the fact we have made progress every two years. I feel that we now have one of the best all-around educa-

tion programs of any state in the Union. I am grateful to the thousands of dedicated, well-qualified school teachers we have within the borders of this state. I know many of them have remained in the profession, not for the small compensation, but because of their feeling that they have been called to a worthy and most honorable profession. I am also thankful for our young teachers, and those in our colleges and universities who are preparing themselves to enter the teaching profession.

I want to go on record now as telling you that I endorse the base salary schedule of \$3,000 set by the Oklahoma Education Association. I endorse the fifteen year increment. In fact, I was the author of this provision of the school code. I endorse a program making the Teachers' Retirement actuarially sound. But even though I do endorse these programs and feel we should try to attain these goals at the earliest possible date, I know it will be impossible during this Legislative Session to accomplish it all without greatly increasing the tax burden of the people in our state. **It is therefore my recommendation** that you amend the school code to provide that at the beginning of the next school term, the minimum base pay for beginning teachers shall be \$2,700 per year, with a further provision that the base pay shall be increased, beginning with the school term of 1959, by another \$300, thus bringing it up to the \$3,000 figure. **I recommend** a further provision in the school code that the increments shall remain at twelve until such time as we have reached a \$3,000 minimum pay for beginning teachers. Then it should be increased at the rate of \$100 per year until the fifteen years have been reached.

I further recommend that the State Board of Education be granted authority to increase the base pay and increments of our teachers at a faster rate than I have recommended above if, in their judgment, they feel the financial condi-

tion of our schools will justify taking such action. In other words, if the State Board of Education feels, at the beginning of the school term of 1958, that they can increase teachers' salaries from \$2700 to \$2800 or to \$3,000 they be empowered to do so instead of waiting until the beginning of the school term of 1959. Also, if they feel sufficient money is available to increase the increments from 12 to 14 or to 15, they should be empowered to do so. The reason I am making this recommendation to you is because I feel that business conditions will continue to improve in this state, new properties will be added to the tax rolls, and our schools will have more money available to improve their program than we have estimated. I feel that everyone in the state who really has the interest of Oklahoma at heart will agree with me when I say we should reach this minimum goal of \$3,000 base pay for school teachers at the earliest possible date. I believe we can meet this program without disturbing our tax structure, and without depriving other governmental functions of their rightful share of the state's available funds. I believe our general economic conditions will continue improving enough so we will be able to pick up this much additional revenue for the support of common schools in Oklahoma.

I further recommend that you earmark the gross production tax on natural gas, both present and future collections for the Teachers' Retirement Fund. The tax on natural gas has been going up rapidly in recent years. At the present rate of collection, it will bring to the Teachers' Retirement Fund, in round numbers, \$5,000,000 for the next biennium. This is about \$2,000,000 over the appropriation made for the present biennium. I believe the natural gas tax will, within a period of ten years, make the Teachers' Retirement Program completely actuarially sound, and no teacher will be deprived of drawing full pay-

ment from the Teachers' Retirement Fund, either now or in the future.

I further recommend that you appropriate \$2.50 per pupil for free textbooks. This is 50c per pupil less than the law provides, but it will be approximately 50c more per pupil than was appropriated two years ago.

I further recommend that you place a limit on the per capita expenditure for high school pupils. We have a few small high schools that are costing us too much money. I know, however, that there are some extreme cases where it is necessary to isolate schools in order to not deprive children of an adequate educational program. But I believe we owe it to both the taxpayers and the children of Oklahoma to take a new look at our isolation clause in the school code. We are rapidly improving our roads. There may be some districts that were isolated a few years ago, when this code was adopted, that should not be considered isolated now. I feel we should tighten up on the isolation clause of the school code.

Experience has shown that the \$250 limit set on the emergency five mill district school levy is insufficient in many school districts. **Therefore, I recommend** increasing that limit to \$400.

I further recommend that the appropriation for higher institutions of learning be increased by \$2,000,000 for the biennium. I know this program that I have outlined for education is not as much as the education leaders of the state would like. It is not as much as I would like. But it is a great increase over the present biennium and will enable our education program to move forward with much greater effectiveness.

HEALTH AND WELFARE

In recent years we have gone a long way in improving the care of our mentally ill. We no longer need to be ashamed of our mental health program. In fact, we have a program in which we can

take pride. But it is still far from adequate. We have reached a point where our inmate population, instead of increasing, is being reduced. This has been brought about by our emphasis in recent years upon the use of new medicines, and by taking advantage of new methods of treatment. It is also due to the Legislature making additional funds available to employ more doctors and nurses, thus providing better general care for the mentally ill. I know you are proud of the improvements that have been made and the Legislature is entitled to full credit for them.

Now it is my recommendation that you pass the appropriate bill, outlined in my budget message, which will provide an increase in appropriations to the mental hospitals of this state of approximately \$2,250,000 for the biennium. You may think this is too great an increase. But when you can see what has been accomplished with a little extra expenditure per patient, and visualize what can be done with this increased amount of money, I'm sure you will agree that I have not been extravagant in this recommendation. This increased appropriation will enable us to do a number of things. First, we can increase the starting pay for ward-keepers and caretakers at our mental hospitals from \$130 per month to \$160 per month. I don't believe any of you, or any other citizen of Oklahoma, can say that I am out of line in making this recommendation. Most of you will say it is not enough. But we have to keep our overall program in mind. This will be a step forward.

Secondly, this will enable us to buy more of the beneficial drugs and provide more needed equipment and personnel. In short, it will enable us to cure more of our mentally ill people. It will let them return to their homes and communities to resume a productive place in the society of our state. It will allow them to enjoy their families, their

home and church life, and the freedom of the great outdoors. This is one more of the many Christian services the government of Oklahoma provides for its people. On the basis of per capita expenditures for the mentally ill, we rank 40th among the states. Yet on the basis of patient recoveries, we rank 20th. This shows we are doing an outstanding job with the money available.

It won't be necessary for you to pass any enabling legislation to permit our Department of Public Welfare to take advantage of the hospitalization program enacted by the recent Congress. We are in a position, financially and otherwise, to take advantage of this new hospitalization program for our aged and needy citizens as soon as it becomes effective, July 1, 1957.

Since the beginning of 1955, we have increased payments to the aged citizens an average of \$9 per month. The budget has been increased to \$94 per month, and when this health and hospitalization program goes into effect, the budget will be raised to \$100 per month, in order to cover the \$6 per month for hospitalization. This is the goal I set when a candidate for Governor—a \$100 budget per month for our aged citizens, including a hospitalization program. This will enable us to provide better care than most states do for our aged citizens, dependent children, and the totally disabled.

VOCATIONAL REHABILITATION PROGRAM

There will be legislation proposed which will provide additional funds for the Vocational Rehabilitation Division. These additional funds will be matched, two to one, by the federal government. By taking advantage of the additional federal funds, many more handicapped people will be rehabilitated sufficiently to be reinstated in our society and earn a livelihood for themselves.

SOIL AND WATER CONSERVATION

For the past 10 months, we have had a Citizens-Legislative Committee working very conscientiously and consistently in an effort to develop a water policy program for the state of Oklahoma. **It is my recommendation** that you study the findings of this committee and their recommendations very carefully. We have spent approximately \$27,000 of the people's money in making this study. Members of the committee, including legislators and citizens, have worked without pay. I want to commend this committee for its outstanding contribution to the state and its people in making this very thorough study and coming up with some very definite recommendations.

It is my recommendation that you enact legislation that will provide for the creation of a Water Commission that shall be charged with the responsibility of carrying out the recommendations set forth by the Water Study Committee, which you will find on your desk in another prepared report.

For years, Oklahoma has been recognized as the pioneer state in the field of soil conservation. We pioneered in many phases of the Soil Conservation Program. One that has attracted national attention is the Upstream Flood Control Program with which many of you gentlemen are familiar. We have an opportunity in Oklahoma to greatly expedite the Upstream Flood Control Program on the Washita and other rivers of this state, providing the Legislature will provide sufficient funds to make the planning and survey and acquire easements for the land. I feel we cannot fail, as a people, to take advantage of this great program. It is a program which, when carried to completion, will enable us to reclaim millions of acres of land that is flooded annually.

It will enable us to hold water in the arid sections of the state where it is badly needed during the hot, dry summer season. It will enable us to have an abundant supply of water for irrigation and municipal use, and it will improve the quality of our water by reducing the amount of silt and foreign materials.

AGRICULTURE

During recent years, our farmers and ranchers have been badly hurt by the drouth and low farm prices. I feel we should, during this session, enact legislation to benefit these farmers and ranchers. One thing they have been trying for years to have enacted into law is a measure that would exempt them from paying sales taxes on feed, seed, fertilizer and farm machinery. Each time they have met with opposition from those who felt this exemption would cripple the Old Age Assistance Program. I know none of you want to enact legislation that would reduce the amount of payments to our aged and needy people of this state. But I feel we should grant the farmers and ranchers of Oklahoma the same rights and privileges we grant to manufacturing industries of our state. Therefore, **I would like to propose**, and I have a bill prepared to present to you, that you enact legislation which will permit a farmer, rancher or a commercial feeder to file a claim, quarterly, with the Oklahoma Tax Commission for refund of sales taxes they have paid during the quarter on feed purchased for cattle, swine, sheep, poultry and horses actually used in their farming and ranching activities. **I would recommend** that the bill provide for setting up a refund account in the Tax Commission. This account can be provided for out of the surplus in revenue the Tax Commission has available each year from the 3% they are allowed to collect, for policing the sales tax law in this state. We don't know how

much will be required to finance this program, but we feel this will be enough to take care of the refund in taxes paid on feed and perhaps sufficient to include fertilizer. By placing it on a refund basis, and specifying the livestock that can qualify, we eliminate the roundup clubs and people who have pets. We are limiting it to those people who actually earn their living as farmers, or who operate farms and ranches for profit. If we enact this legislation, we will not only aid our farmers and ranchers through a savings on their feed purchases, but we will encourage the establishment of commercial feed lots in this state. This will actually cause a number of large feed lots to be established. When such feed lots become established in Oklahoma, they will provide additional employment for our people, cause a greater demand for Oklahoma feeder cattle, and help develop a better market for our feeder cattle. It would actually be of great benefit to our packing industries in this state, thereby contributing to Oklahoma's economic growth.

PUBLIC SAFETY AND DEFENSE

It is my recommendation that you create a Public Safety Commission and give the Commission authority to set up rules and regulations governing the Department of Public Safety, plus authority to employ a Director. The terms of the Commission Members shall be staggered so that all members will not be appointed by any one Governor, unless there happens to be deaths or resignations.

I have also recommended that the entire amount of Driver's License money be made available to the Department of Public Safety.

I further recommend that the Crime Bureau be separated from the Department of Public Safety and be provided with an appropriation from the General Revenue Fund to take care of its operational expenses.

I further recommend that an increased appropriation be made for Civil Defense. I make this recommendation because of unsettled conditions in some parts of the world. We should take precautions now so that we can be ready to protect ourselves in case of an attack.

GRAND RIVER DAM AUTHORITY

Since creation of the Grand River Dam Authority, northeastern Oklahoma has been transformed from a ranching and strictly agricultural economy to a manufacturing and agricultural economy. The impounding of water in the Pensacola Reservoir and the generation of electrical power through hydroelectric generating plants has enabled the people of this area to attract many new industries. The industrial expansion program has now developed to the point where it exceeds the Grand River Dam Authority's present capacity. GRDA is not now producing enough power to take care of the manufacturing industries' needs, for municipal uses, R.E.A., and new industrial growth. We find ourselves needing greater production capacity. For a number of years there has been talk of constructing a Markham Ferry Dam to impound additional waters and provide additional hydroelectric generating capacity. The United States Congress has made available \$6,000,000 as a contribution to this construction program. GRDA wants to construct the dam. The area needs the additional water and the additional electricity. We have been working for two years now trying to arrive at a way whereby we can construct this Markham Ferry Dam. A proposal has finally been made that would, if carried out, enable the GRDA to construct the Markham Ferry Dam. This proposal provides for an exchange of power contract between the GRDA and the Public Service Company of Oklahoma. Public Service would agree to purchase all the surplus power that GRDA can produce,

over and above its present and future market demands. It is my recommendation that you study this proposal carefully and if, within your judgment, you feel that the interest of Oklahoma could and would be served better by the GRDA entering into a contract with Public Service, then you should pass the necessary legislation authorizing this contract and the construction of the Markham Ferry Dam. If you turn down this proposal, then I challenge you to come up with another proposal that would enable GRDA to expand its present production capacities, because the condition in Northeastern Oklahoma is becoming grave. Some of the manufacturing industries already established want to expand, but they can't because of lack of an adequate supply of cheap electricity. Other manufacturing industries are looking toward that area as a possible location for expansion. They, too, want assurance of an adequate supply of electricity and water. The challenge is ours. This is a part of a new blueprint for developing Oklahoma. Let's meet the challenge. Let's provide the electricity and water to meet the needs of the greater industrialization program for Northeastern Oklahoma.

GENERAL GOVERNMENT

We have many people working for the State of Oklahoma at starvation salaries. Some of our caretakers around the Capitol Building and grounds are drawing as low as \$175 per month. We have some working for as low as \$130 per month. We should not ask people to work for these low salaries. You might ask, "Why do they work?" The answer is, "Because they must work to live." Most of them are elderly citizens, but not old enough for the Old Age Assistance. Others want to work as long as they are physically able, then retire on Social Security or Old Age Assistance. Some are physically handicapped people and can't find em-

ployment other places. Most of them are good workers. **It is my recommendation** that you enact a Wage Stabilization Law, patterned after the recommendations worked out by the Wage Stabilization Committee, which is made up of legislators and other citizens. This Wage Stabilization Act will enable us to adjust salaries and stabilize wages. It will enable us to increase the salaries of these people working for less than \$200 per month.

I further recommend that you enact a Personnel Law which will function in such a way that we could, over a period of years, have all our departments of government staffed with well-qualified, well-trained people.

I further recommend that the travel allowance for state employees be increased from 6c per mile to 7c per mile, and the per diem be increased from \$6 to \$8 within the state, and from \$10 to \$15 per day outside the state.

WILDLIFE

It is my recommendation that you vitalize, at the earliest possible date, the Constitutional Amendment adopted last July creating a Wildlife and Conservation Commission to replace the present Game and Fish Commission. When you vitalize this Constitutional Amendment it becomes a law. The Game and Fish Commission will then operate as a non-political commission, and sportsmen of the state will feel much better toward the Game and Fish organization in this state.

INDIANS

I would like to renew my recommendation, made two years ago, that you set up a committee to make a study of the Indian Tribal problems in Oklahoma, with a view toward preparing the State of Oklahoma to take over any new obligations that might become necessary for us to assume in the event the Federal Government withdraws sup-

port of Indian schools and aid for the Indians of our state.

NEGROES

Two years ago I stated that as Governor I would be fair and considerate toward problems of the Negroes of our state. I believe the Negro people will say that I have been. I would like to compliment the Negro citizens of this state for their very fine cooperation with the State of Oklahoma in working out some of our common problems. I pledge my continued support to a program that will enable our Negro population to prosper along with the rest of the citizens of this great state.

LABOR

I have said on many different occasions that we have the finest labor force in Oklahoma of any state in the Union. We receive compliments from everywhere about the working people of this state. **It is my recommendation** that we be very careful, and not enact any laws that would have as their purpose the hindering or crippling in any way the position of the laboring man in Oklahoma. I have found that we have in Oklahoma some of our finest people as officers and leaders of organized labor. These people have been working side by side with the capitalists and owners of the manufacturing industries in developing a program that will benefit all the people—those who work by the hour as well as those who receive dividend payments each year from their investments in the manufacturing industries of this state.

TAX STRUCTURE

Oklahoma has one of the best tax structures of any state in the Union. We are the only state, according to the Fantis Engineering Report, that has not increased state taxes during the past ten years. I would like for my suc-

cessor to be able to come before the Legislature two years from now and say to you: "Oklahoma is the only state in the Union that has not made a general tax increase during the past twelve years." By that, I am saying to you that it is my desire that you not enact any legislation that would increase the tax structure of our state. If we will continue to hold the line, we will continue to impress the people of the nation that Oklahoma's government has stability. We will be able to continue using our favorable tax structure as one of the great drawing cards for industrial development.

During the past two years we have seen an increase of more than 43,000 jobs in non-agricultural work. We have reached a new peacetime high of 577,000 jobs in non-agricultural work. We have seen our manufacturing payrolls increase by approximately 10,000 jobs during the past two years. This increase in jobs has meant a \$175,000 increase in wage earners' incomes in the state. It has meant a higher standard of living for our people.

The challenge is before you. The eyes of Oklahoma are upon you. I know you have the courage, wisdom and desire to accept this challenge and emerge from this legislative session with a new blueprint, well planned, that will enable Oklahoma to take advantage of the new opportunities which are ours. Our forefathers gripped firmly the handles of a moleboard plow, as they guided it behind a strong team of horses. Their plows ripped through the sod that was turned for the first time in Oklahoma. They had faith in this brand new state. They breathed the fresh air that blew over the virgin soil of this new country.

We, too, have plow handles which we must grasp firmly. Ours is not a plow

to turn new sod, but one to turn new ideas into new job opportunities. We, too, will hold the handles firm as we gaze into the future and visualize the new Oklahoma—a state with fine cities and towns, the finest institutions of learning in the country, criss-crossed with a system of modern expressways and feeder highways leading into them from every section of the state, beautiful lakes and streams running again with beautiful clear water, fine churches, a sound and stable government, and populated with citizens who are proud to be a part of this new Oklahoma.

As you work on this blueprint, let us not forget that the greatest planner of all is willing and anxious to help, if we are willing to accept His help. He is the Creator of all things, our God in Heaven. I trust we will invite Him each day to guide us in our deliberations. Then, when the curtain has been pulled on this session, the people will be able to see the basic principles of Christianity written all through this blueprint of progress, and we can go our way knowing that a job has been well done, with faith in the future of a greatly strengthened Oklahoma.

Upon motion of Representative Bulard, the Joint Session was ordered dissolved.

The President declared a quorum present.

Prayer was offered in the Indian language by the Chaplain, Frank Bosin.

Upon request of Senator Baldwin, the English translation was read and ordered incorporated in the Journal, and is as follows:

Oh Spirit above, I come to You again. I need You in the life that I live today. Oh, hear me as I lay before You the things of this earth. You are the Maker of all things. I speak to You in my own Indian tongue—I know You understand me.

I am here among my white friends. I ask of You to take my humble prayer that this land where many things have happen—where once upon a time I used to roam the land free, but today, I no longer do. May it be Thy will that every thing I ask of You, may it be done. No man goes alone and will he do things

himself, but with Your help all things will be done.

Oh, the Maker of the earth, maybe I ask too much, but You know best. In this law making house of men, Great Spirit, look upon us, we are weak and need Your help. As we look straight ahead, come and stand by us—lead us that our land will have a better way of life.

I ask of You now, as I will stop. You have heard me.

By unanimous consent, upon request of Senator Baldwin, George Bosin, speaking for his father, who does not speak English, thanked the members of the Senate for the honor of being among great men, who were going to look forward and make laws for the benefit of all people, and he prayed that the Great Spirit would guide them in all things.

Senator Baldwin asked unanimous consent, which was granted, that Senators Miskovsky and McClendon escort Senator Hamilton, known to the members of the Senate as "Little Chief" to the front of the Chamber to participate in a ceremony with Frank Bosin, and his son, George. Senator Hamilton was made a Kiowa Indian Chief, and presented with their Indian headdress.

Senator Baldwin introduced Dr. T. B. Lackey, Executive Treasurer of the Baptist Convention and representing the Council of Churches in Oklahoma City, and asked unanimous consent that Dr. Lackey be given the privilege of the floor for issuing an invitation to members of the Senate.

Dr. Lackey invited the members to breakfast each Tuesday morning at 8:00 o'clock at Beverly's Drive-in for devotional and fellowship meetings; and announced that Governor Gary would preside each week; that there would be

no expense as the tabs would be taken by some of the business men of the city.

The Journal for the last legislative day was declared approved.

SCR 5, as co-authored, was read at length as follows, and adopted upon motion of Senator Frazier:

SENATE CONCURRENT RESOLUTION NO. 5—By Allen, Baldwin, Boecher, Cartwright, Collins (Creek), Collins (Pontotoc), Coppock, Cowden, Dacus, Dendy, Easterly, Field, Fine, Frazier, Garvin, Grantham, Hall, Hamilton, Harris, Herndon, Hope, Jones, McClendon, McColgin, McSpadden, Mahan, Miskovsky, Payne, Perryman, Rinehart, Ritzhaupt, Sandlin, Shoemake, Stipe, Tipps, Trent, Walker, Wilson (Beckham), Wilson (Greer), Young (Cleveland) and Young (Haskell).

A CONCURRENT RESOLUTION RELATING TO CERTAIN STATEMENTS MADE BY CHARLES E. WILSON, SECRETARY OF DEFENSE; REQUESTING SAID CHARLES E. WILSON TO RECONSIDER SAID STATEMENTS IN THE LIGHT OF CERTAIN FACTUAL INFORMATION AND TO DETERMINE WHETHER A RETRACTION SHOULD NOT BE MADE; DIRECTING THAT COPIES OF THIS RESOLUTION BE FORWARDED TO PRESIDENT DWIGHT D. EISENHOWER, SECRETARY OF DEFENSE WILSON AND TO EACH MEMBER OF THE OKLAHOMA CONGRESSIONAL DELEGATION.

WHEREAS, on January 28, 1957, there was released to the press, radio and television media of the Nation a statement by Charles E. Wilson, Secretary of Defense, that "a sort of scandal . . . a draft dodging business" developed in National Guard enlistments during the Korean Military conflict; and

WHEREAS, the National Guard has the longest continuous history of any military organization in the United States of America; and

WHEREAS, the basic concept of na-

tional defense is "a small regular force complemented by a large reserve"; and

WHEREAS, this basic military concept has been tested and proven successful in many wars, most recently in World War II and during the Korean conflict; and

WHEREAS, Congress by its official action regarding military service did authorize certain services in the National Guard of the United States and in the United States Army as a means of fulfilling military requirements; and

WHEREAS, the State of Oklahoma is proud of the record and achievements of the National Guard Units of this Nation, and is especially proud of the record and achievements of the 45th Infantry Division, a National Guard Division composed exclusively of Oklahomans; and

WHEREAS, the Legislature of the State of Oklahoma desires to call to the attention of the Secretary of Defense and to the people of this State and of the Nation the sterling record of the 45th Infantry Division; and

WHEREAS, it is the feeling of this Twenty-sixth Legislature and of the people of Oklahoma that it is grossly unfair for the Secretary of Defense to urge, on the one hand, the enlistment of youth in the National Guard program as authorized by law and, on the other hand, following such enlistments in good faith by youths thus encouraged, to denounce such youths as draft dodgers; and

WHEREAS, it is the further feeling of this Twenty-sixth Legislature and of the people of Oklahoma that the reputation of the 45th Infantry Division, and other National Guard Divisions, has been done severe harm as a result of the above-quoted statement, and that such statement constitutes a gross and unwarranted insult to Oklahoma National Guardsmen and to those of other states,

especially those who served during the Korean conflict; and

WHEREAS, it is inconceivable that such a statement could be made, except in the heat of anger, or without proper reflection and due consideration of the history of such Divisions as Oklahoma's 45th Infantry Division and others which have distinguished themselves in the defense of this Nation; and

WHEREAS, This Oklahoma Legislature and the people of the State have awaited a retraction by the Secretary of Defense but, instead, said Secretary has reiterated and expanded his initial statement;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE TWENTY - SIXTH LEGISLATURE OF THE STATE OF OKLAHOMA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. The Legislature of the State of Oklahoma respectfully requests that Charles E. Wilson, Secretary of Defense, reconsider his statements in the light of the above facts and determine whether a retraction of said statement should not be made, especially as it relates to National Guard Divisions, bearing in mind that the several National Guard Divisions did not enact such legislation but acted faithfully in compliance therewith in all particulars.

SECTION 2. BE IT FURTHER RESOLVED, a copy of this Resolution be made a part of the permanent journals of this Twenty-sixth Legislature, and that duly authenticated copies of this Resolution be forwarded to Dwight D. Eisenhower, President of the United States, Charles E. Wilson, Secretary of Defense, and to each member of the Oklahoma Congressional Delegation.

Oklahoma City, Oklahoma
February 6, 1957

To: The Honorable Members of the House of Representatives and The Senate, State of Oklahoma

The Boy Scouts of America are celebrating their 47th birthday this week by committing the movement to the greatest forward step in our history. Everywhere in this great land of ours, in ceremonies in our national Capitol, in every state Capitol, in city halls, in churches and schools, the launching of the second year of our four year program is being proclaimed. As we begin this 48th year with the "Onward for God and My Country" theme, the Boy Scouts of America want to emphasize those experiences that will help today's youth—my brother Scouts and the ever increasing number of younger boys who want to join—to "be prepared" as citizens of character.

This program and its theme denotes an "onward" movement. Progress in the fulfillment of our destiny is not a static condition. Instead, it is a forward-look-

ing, forward-marching citizenship, directed to the fulfillment of God's wishes and the maintenance of our nation strong and free.

This program for American boys will be successful only if our youth are prepared in body, skill, spirit, will, and prepared as a member of a team.

Gentlemen, these then are our objectives. The design of the Four Year Program is to help us see the "why" and the "how" so that we may more surely through our adult leaders, mold the lives of boys—many more boys in Cub Scouting, Boy Scouting, and Exploring.

As the representative of 45,604 boy members registered December 31st in the ten Oklahoma Boy Scout councils, I am deeply touched and signally honored to present this report of Scouting.

Our 45,604 boy members include 25,464 Cub Scouts, 14,897 Boy Scouts, and 5,243 Explorers. 16,488 adults are registered to administer the program in 1,600 units.

Our councils have projected a new net growth of 5,000 boys and 200 units—and we are told that those are reasonable minimum goals.

Our Ten Council Training Committees report 742 Top Leaders trained. That's 47% and the goal for 1957 is 60%.

Oklahoma's fifteen Boy Scout camps accommodated 9,450 Scouts for at least one week of summer camp.

260 Explorers went to Philmont Scout Ranch in Cimarron, New Mexico, on high adventure expeditions. 120 Explorers made canoe trips in Canadian waters.

Circuses and Scoutorama shows by the dozens attracted more than 100,000 parents and visitors, and more than 25,000 boys participated in this activity program.

Conservation programs, aquatic training, Cub Pow Wows, Order of the Arrow conclaves, Commissioner conferences, "Citizens Now" Conferences—all

played a part in making this the best year yet for Oklahoma Scouts.

17,300 of our members advanced at least one rank last year—21% of our Troop members are First Class Scouts.

At the end of 1956, 14,300 boys and their families were enjoying BOYS LIFE MAGAZINE. We think that's great!

Time prevents continuing this interesting chapter in the story of Boy Scouting in Oklahoma.

We submit this manuscript as the composite record of ten Oklahoma councils as compiled from their annual applications for charter to the National Council.

Gentlemen, we promise a still better story next year.

Respectfully
Douglas Harcourt
Representative Scout
Ten Oklahoma Councils

President Williams presented the Governor, Honorable Raymond Gary, to the Joint Session, who welcomed the Explorer Scouts, commenting that he sincerely believed that scout training made better citizens, better Christians; that each year when the Legislature was in session it was fitting to come together to receive the Annual Report of the progress of the Scouts, and to show appreciation for their work, and to the work of the many volunteers who helped them; that because of them Oklahoma would be a better state ten and fifty years from now; that it was his privilege to have received today the fifteenth million copy of the Boy Scouts of America Handbook.

A CONCURRENT RESOLUTION RELATING TO CERTAIN STATEMENTS MADE BY CHARLES E. WILSON, SECRETARY OF DEFENSE; REQUESTING SAID CHARLES E. WILSON TO RECONSIDER SAID STATEMENTS IN THE LIGHT OF CERTAIN FACTUAL INFORMATION AND TO DETERMINE WHETHER A RETRACTION SHOULD NOT BE MADE; DIRECTING THAT COPIES OF THIS RESOLUTION BE FORWARDED TO PRESIDENT DWIGHT D. EISENHOWER, SECRETARY OF DEFENSE WILSON AND TO EACH MEMBER OF THE OKLAHOMA CONGRESSIONAL DELEGATION.

WHEREAS, on January 28, 1957, there was released to the press, radio and television media of the Nation a statement by Charles E. Wilson, Secre-

tary of Defense, that "a sort of scandal . . . a draft dodging business" developed in National Guard enlistments during the Korean Military conflict; and

WHEREAS, the National Guard has the longest continuous history of any military organization in the United States of America; and

WHEREAS, the basic concept of national defense is "a small regular force complemented by a large reserve"; and

WHEREAS, this basic military concept has been tested and proven successful in many wars, most recently in World War II and during the Korean conflict; and

WHEREAS, Congress by its official action regarding military service did authorize certain services in the National Guard of the United States and in the United States Army as a means of fulfilling military requirements; and

WHEREAS, the State of Oklahoma is proud of the record and achievements of the National Guard Units of this Nation, and is especially proud of the record and achievements of the 45th Infantry Division, a National Guard Division composed exclusively of Oklahomans; and

WHEREAS, the Legislature of the State of Oklahoma desires to call to the attention of the Secretary of Defense and to the people of this State and of the Nation the sterling record of the 45th Infantry Division; and

WHEREAS, it is the feeling of this Twenty-sixth Legislature and of the people of Oklahoma that it is grossly unfair for the Secretary of Defense to urge, on the one hand, the enlistment of youth in the National Guard program as authorized by law and, on the other hand, following such enlistments in good faith by youths thus encouraged, to denounce such youths as draft dodgers; and

WHEREAS, it is the further feeling of this Twenty-sixth Legislature and of

the people of Oklahoma that the reputation of the 45th Infantry Division, and other National Guard Divisions, has been done severe harm as a result of the above-quoted statement, and that such statement constitutes a gross and unwarranted insult to Oklahoma National Guardsmen and to those of other states, especially those who served during the Korean conflict; and

WHEREAS, it is inconceivable that such a statement could be made, except in the heat of anger, or without proper reflection and due consideration of the history of such Divisions as Oklahoma's 45th Infantry Division and others which have distinguished themselves in the defense of this Nation; and

WHEREAS, This Oklahoma Legislature and the people of the State have awaited a retraction by the Secretary of Defense, but, instead, said Secretary has reiterated and expanded his initial statement;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE TWENTY-SIXTH LEGISLATURE OF THE STATE OF OKLAHOMA, THE SENATE CONCURRING THEREIN:

SECTION 1. The Legislature of the State of Oklahoma respectfully requests that Charles E. Wilson, Secretary of Defense, reconsider his statement in the light of the above facts and determine whether a retraction of said statement should not be made, especially as it relates to National Guard Divisions, bearing in mind that the several National Guard Divisions did not enact such legislation but acted faithfully in compliance therewith in all particulars.

SECTION 2. BE IT FURTHER RESOLVED, a copy of this Resolution be made a part of the permanent journals of this Twenty-sixth Legislature, and that duly authenticated copies of this Resolution be forwarded to Dwight D. Eisenhower, President of the United

It's always a pleasure to watch a master craftsman at work.

You enjoy seeing an expert in any trade exercise deftness and skill in producing the best—a diamond cutter with his tricky work of finding the gem's right spot; a surgeon with a delicate brain operation at his finger tips; a welder "stitching up" the joint in a high pressure pipe line.

And there's that same sense of enjoyment when you watch and listen as parliamentary procedure experts direct the mechanics of Legislative operations with the least amount of effort and a high total of output.

These legislative craftsmen include forceful Frank Mahan of Fairview; brisk and businesslike Boyd Cowden of Chandler; ramrodding Ray Fine of Gore; careful Clem Hamilton of Heavener—in addition to dutiful Don Baldwin of Anadarko, Senate President Pro Tempore.

At intervals, the Senate presiding officer's chair is filled by one of the other group—usually Mahan or Cowden—during the business sessions of the Senate. These two, each with a dynamic personality, direct the procedure with a hand that is firm, not allowing debate or order to get out of control, and keeping the operation moving at a steady pace toward a goal of accomplishment.

Both are well versed in using the right parliamentary language at the right time. And it is through efforts such as theirs that the current Senate has gained the name of a "working" group. Floor Leader Fine commended the Senators again, with the comment that the calendar wasn't ahead of them.

These men run committees with the same steady assurance—a factor that

contributes greatly to a small amount of lost motion in reaching their ultimate goal.

COMMITTEE REPORT

Senator Rinehart submitted the following written report, incident to his appointment under **SR 12**, which was ordered incorporated in the Journal, a copy of which was ordered filed with the Legislative Council:

Mr. President:

We, your Committee appointed from the State Senate to attend the meeting of the Red River Compact at Dallas, Texas, on February 20, 1957, beg leave to report.

That with a Committee of the House, composed of Representatives Ruby, Alexander, Fuller, and Horton, we met in Room 114A, of the office of the Corps of Engineers, 1114 Commerce Street, Dallas, Texas, where the Representatives of the States of Louisiana, Arkansas, Texas and Oklahoma were assembled for the purpose of discussing a proposed compact for apportionment

of the water of Red River and its tributaries, among the States.

Mr. Ira C. Huskey, Director of Division of Water Resources, Oklahoma Planning and Resources Board, represented Oklahoma in the Compact. The Legislative Committees from Oklahoma were invited by the Chairman to take part in the meeting by propounding questions or making statements we thought proper. It was thus developed that the Compact works through Committees. One, an engineering committee, two, a legal advisory committee, and that such Committees are now engaged in the fact finding stage. That they are authorized to proceed by reason of Public Law No. 346, of the 84th Congress, authorizing the four-state Compact on Red River.

Those taking part in the Compact consist of one member of the Corp of Engineers appointed by the President of the United States and a delegate, or Compact member from each of the four states.

Among other facts developed, were the following:

1. Estimate that the use of water by 1975, will be double the use of today.
2. That rights of the States must be defined to avoid controversy later.
3. Experience shows those rights can best be defined by Compact.
4. That a dozen different Compacts made by other states are being considered as guide posts.
5. That the Legal Advisory Committee on which Oklahoma is represented by Mr. Richard Huff, Assistant Attorney General, Chairman, is studying all of these Compacts as to administrative functions.
6. That the Engineering Committee is determining where the water comes from, where it goes, and then will recommend apportionment.
7. Concensus of opinion is that ad-

ministrative affairs of water is for the states.

8. Problem streams are those constituting boundaries or transversing more than one State.

9. That much material is available and they are making an inventory of it.

10. That it has been determined it is practically impossible to adjust interstate water rights by litigation, as courts merely decide the single matter before them, whereas Compacts are more extensive.

11. A case in point was litigation between Colorado and Kansas over the waters of the Arkansas River, which has continued over a period of thirty years and could have been avoided by proper Compact in the beginning.

12. That there will never be sufficient basic data because of increasing uses, but that Compact should be made on data now available.

13. That Compact will probably be ready to present to the Congress and Legislatures of the four states by 1959. It seems a distant date but will actually be the next session of the Oklahoma Legislature.

14. The next meeting will be at Shreveport, Louisiana, April 23 and 24.

Your Committee respectfully recommends that it would be well to have a small Committee of the Legislature in attendance of each of the future meetings of the Compact, and that they make written reports of its progress to the House and Senate to the end that there may be detailed and wide spread knowledge on the part of the members of the Oklahoma Legislature, if and when the Compact reaches it for approval or rejection in 1959.

Respectfully submitted,

Rinehart,
McClendon.

"We who are called to lead would give Thee most humble thanks for our great heritage. By Thy strength our fathers made us free. For Thy law and the love of their country they gave their lives. The high histories of the brave, the inspired building of the pioneers are our inheritance.

"God, give us wisdom and strength

to save our land from greed and corruption; from pride and presumption; from misunderstanding and misrule. Give to our leaders wisdom and to our people patience that together we may achieve a better law, a purer life, a more abundant opportunity for all.

"Grant us a vision of our State as she ought to be, a State of justice where none shall prey on others; a State of plenty where vice and poverty shall cease to be; a State of brotherhood where all success shall rest upon service and honor shall be given to nobleness alone; a State of peace where order shall not depend upon force but upon the love of all for the State.

Senator Roy Grantham
 Capitol Building
 Oklahoma City, Oklahoma
 My dear Senator Grantham:

I would like to express appreciation for the privilege of serving as Chaplain of the Senate this past week and also the courtesy which you extended in presenting my name to those responsible for such matters.

It was good to meet the Senators from the various districts so that as we see their names in the paper we are

acquainted with them. Also, it seems to those of us who performed the functions of the Chaplain that we are, at least for that week, associated with you of the Senate in important matters, for certainly the invocation of Divine aid in the affairs of men and government is no idle gesture. Without the conviction of this Divine assistance much that we do would be futile, for "except the Lord build the house, they labor in vain who build it."

May I extend my good wishes for a successful session of this legislature in this anniversary year.

Respectfully,
 S/Loyal Northcott.

SPECIAL COMMITTEE REPORT

Senator Allen submitted the following report of the Special Committee appointed under **SR 14**, and asked that it be incorporated in the Journal, which was the order:

Mr. President:

In accordance with the authority vested in Senate Resolution No. 14, a committee of Senators Frazier, Tipps, and Allen departed from Oklahoma City on Monday, February 25, at 3:40 o'clock p. m. by air to Washington, D. C. We returned on Thursday, February 28, at 6:00 o'clock p. m.

While in Washington, D. C., in conjunction with a committee from the

House of Representatives, of the State of Oklahoma, representatives of the Oklahoma War Veterans Committee, the Oklahoma Department Commander of the American Legion, the Oklahoma Commander of Veterans of Foreign Wars, and the Oklahoma Executive Secretary of American Veterans, we conferred with the Oklahoma Congressional delegation, the Administrator of the Veterans Administration and several of his assistants, and the Solicitor General of the United States with a representative of his legal staff.

On Wednesday morning, February 27, at 9:30 o'clock a. m., we met with the Administrator of Veteran Affairs in the Veterans Administration Building and his assistants relative to securing Federal per diem allowance for the Veterans Home in Norman. It was a pleasure to have present both of our United States Senators from Oklahoma and all of the six Congressmen from Oklahoma. We can report that this meeting was quite successful as it was agreed that the Federal Government would make payments to the institution, including back payments based on a per diem cost. It was further agreed that the War Veterans Commission, Director, negotiate with the Central State Hospital in regard to the per diem cost per patient and that the Veterans Administration would accept these figures if reasonable. We had previously met with the Congressional Delegation on Tuesday, February 26, discussed with them the problems involved in securing Federal payments to our Veterans Home facilities, and developed a plan of presentation of the problems involved to the two government departments.

On Thursday, February 28, at 9:00 o'clock a. m., we met with the Comptroller General and a representative of his legal staff in Congressman Carl Albert's office along with other members of the Oklahoma Congressional Delegation. The Comptroller General

had ruled that the Sulphur Institution was a hospital and therefore not eligible for Federal participation. This opinion seemed to have been based mainly on the theory that veterans were admitted for treatment. We attempted to point out to them that the treatment was on a domiciliary basis and was of the nature that it would not ordinarily require hospitalization. It was generally felt that this meeting was not too successful and that it will be necessary to change the organization of the institution at Sulphur to bring it more in line with the Comptroller General's opinion as to what a soldiers home should be before we will be able to secure Federal assistance. Extended discussion was held and certain requirements were tentatively agreed upon to change the organization of the institution to meet the Federal requirements.

Senator Miskovsky asked unanimous consent, which was granted, that the following report of the Special Committee appointed in re **SJR 4** be ordered incorporated in the Journal:

February 25, 1957

Honorable George Miskovsky,
State Senator,
Chairman, Municipal Government
Committee, State Senate,
Oklahoma City, Oklahoma
Dear Senator Miskovsky:

You have heretofore appointed a Special Committee consisting of the undersigned to assist in drafting a committee substitute to Senate Joint Resolution No. 4 which pertains to entering into of water contracts and securing of water facilities by cities and towns.

The undersigned have met with Senator Howard Young, whom you designated as Chairman of such Special Committee, and herewith recommend the attached as committee substitute to said Senate Joint Resolution No. 4.

The undersigned committee recognizes that water is Oklahoma's greatest problem. Almost every city and town in the state faces a future water shortage. Very few communities have nearby sources of water large enough to meet the needs of the growth and development of the years ahead. Industries and processing plants are being asked to come to all parts of Oklahoma. They will create jobs and prosperity wherever they locate. But they cannot locate in any community which does not have, or cannot get, vast new quantities of water. It is our understanding that as much water flows out of Oklahoma each year as will ever be needed for municipal, industrial, irrigation and all other purposes in Oklahoma. The attached Act will go far in solving this problem and which will inure to the prosperity of the State of Oklahoma.

In effect this proposed legislation will give cities and towns the following new powers:

1. Authorize cities and towns, after approval of the proposition by a majority of the qualified electors voting at an election, to contract and pledge revenue for a term of years with other governmental units for purchase of water and securing water facilities.

This provision would allow one or

more cities or towns to have a continuous supply of water by contracting to purchase same for a term of years from other governmental units, and be authorized to secure joint water facilities and purchase or lease water reservoir space in state and Federal dams.

2. Any two or more cities and towns may, after approval of the proposition by a majority of the qualified electors voting at an election, issue bonds binding income and revenue for a term not exceeding thirty years for joint water facilities.

Individual cities and towns will not be permitted under this provision to issue revenue bonds. However, two or more cities and towns will be authorized to issue revenue bonds payable from the sale of water for joint water facilities. Many of tomorrow's water developments will be of such size and cost that property taxes alone would not be able to finance them. It will be necessary to pay the cost of such construction either in whole or in part out of the revenue derived from the sale of water.

3. Amending Section 27, Article X of the Constitution, which pertains to incurring of tax-secured indebtedness by cities and towns to permit joint ownership by cities and towns of water facilities.

The present constitutional provision of Section 27, Article X of the Constitution, which provides for issuance of tax-secured indebtedness, now provides that cities and towns that issue the bonds must own the water utility exclusively.

Oklahoma is now in a period of growth that many cities and towns must work together to secure an ample water supply. This will enable cities and towns which desire to pay their indebtedness, that may be created for water facilities, by taxes as heretofore, may com-

bine for the purpose of securing joint ownership of water facilities.

Respectfully submitted,

John H. Edwards

David Fudge

“THE PEOPLES’ CONSTITUTION—
OURS TO DEFEND”

+

BY NANCY ANN KUNNEMAN
EL RENO HIGH SCHOOL SENIOR

Do you believe in the Constitution of the United States of America? Yes—because you are an American living in the United States, a land of abundance and freedom. Living in the United States is the grandest privilege granted to anyone today. People over all the world would give everything they possess to be able to live under the protection of the laws of our Constitution. The Constitution is not just a historical document, it is a plan of government which represents Justice, Freedom, Democracy and Loyalty. It is yours and mine to know, to use, to respect, and above all, to defend.

On January 20, 1957, the President, Dwight D. Eisenhower, and the Vice-President, Richard Nixon, promised to the American people that they would preserve, protect and defend the Constitution of the United States of America. Television permitted millions of eyes to watch the inauguration, and all Americans found they too must make a promise, a promise to their nation to defend the Constitution.

The battle cry, defend, echoes through the past. Years ago, America heard the summons and entered our first war, the war for independence. We defended ourselves again in 1812 and proved to our Mother Country that for the second

time, we could stand alone. Since then, the same cry has echoed and re-echoed throughout American History. Now after a few lesser wars, a Civil War, two World Wars, and the Battle of Korea, we Americans are still shouting "Defend, Defend." We are now defending an ideal, an ideal of freedom and man's dignity outlined in the Constitution of the United States.

Let us agree upon a common meeting ground, affirming the fact that the Constitution of the United States is a living symbol of freedom and democracy. Agreeing upon its democratic position in terms of humanity, let us contrast. To Russia, war is neither immoral or inhuman, it is simply a policy to be used when it pays. Man ceases to be human and becomes a mere instrument of destruction. On the other hand, war is to America a means of defense, a defense of freedom and democracy. A defense of our fine American heritage. The Constitution is great because great men made it so. Franklin, Madison, Monroe and many others wrote this great document for you, and every other American citizen. It is the cornerstone and the foundation of all of our beliefs in individual rights for one to live his own life and to speak for himself.

Many generations ago, there was a dream that men might some day live to be free. There was a hope that men might some day walk on the streets of the world unafraid and there was a prayer that men might some day worship God in their own way. That dream, that hope, that prayer became our Constitution and it guarantees you such freedoms as the balm of privacy, the freedom to choose your own dwelling, your own friends, to appear on the streets, and then go into your own church and worship as you please, with bowed head or on bended knee, because your worship is free. Freedom, boundless and immortal freedom—that's what your Constitution means to you and to

all Americans. The Constitution is the greatest public document of the American people—it stands for individual liberties, it stands for Christ like and God fearing men. Let's defend the Constitution so it will remain above all other forms of government.

Few people in the United States appreciate fully the grandeur and splendor of the Constitution of the United States—the vast accomplishments it has brought forth in our nation is a breath taking story of an unstable people turned into a politically secure, socially stable, orderly civilization of 166 million people enjoying as a Nation, the highest standards of government and living ever known on the face of God's great green globe made possible by our Constitution.

Yet, in our own age, democracy although widely established finds itself suffocating in the foul air of Communism. Are these freedoms of the Constitution to be snatched from us as an eagle would swoop down upon its unsuspecting prey? Are we so weak in spirit that what the Constitution represents must die, leaving an oppressed world vainly searching for help elsewhere?

The question rings loudly. America hears. Do you remember the tramping of weary men on their way to Valley Forge during the Revolution? Do you remember our ancestors who left their blood on the green at Lexington and on the walls of Fort Sumpter and on the fields of Gettysburg, on the water of the River Marne and in the shadows of Okinawa, on the bare bleak hills called Pork Chop and Old Baldy and Heartbreak Ridge? Those men were defending our freedoms and they sacrificed all so that we might live under the protection of our Constitution. The Constitution is our protector, but it will remain only so long as we make it our protector by defending its ideals.

Yes, the answer is clear. We must defend ourselves, our Constitution. We

must defend Freedom and our Constitution for all.

If in honor and glory our Constitution is to be defended;

If we are to keep this the land of the free and the brave and of love so kindred;

If more than fine words are to fashion our creeds;

Now must our hands and our hearts turn to deeds for we are challenged by tyrants our strength to reveal—Oh God, Let us prove that our courage to defend our Constitution is real.

ENGROSSED HOUSE CONCURRENT RESOLUTION NO. 531—By Welch, Jumper, Spear and Cartwright (Seminole) of the House, and McClendon, Allen, Stipe, Collins (Pontotoc), Dacus, McSpadden and Trent of the Senate.

A CONCURRENT RESOLUTION MEMORIALIZING THE CONGRESS OF THE UNITED STATES THAT SUFFICIENT FUNDS UNDER THE DEFICIENCY APPROPRIATION PROVIDED IN HOUSE RESOLUTION 4249 WHICH WILL PERMIT THE DEPARTMENT OF HEALTH, EDUCATION AND WELFARE TO CONTINUE ITS PRESENT FIFTY-FIFTY MATCHING FORMULA WITH THE VARIOUS STATES UNDER ITS SOCIAL SECURITY LAWS FOR THE FISCAL YEAR ENDING JUNE 30, 1957, AND THAT A SUFFICIENT APPROPRIATION BE PROVIDED IN HOUSE RESOLUTION

6287 TO PERMIT THE CONTINUANCE OF THE SAME MATCHING FORMULA FOR THE ADMINISTRATION OF ASSISTANCE UNDER THE SOCIAL SECURITY LAWS OF THE UNITED STATES FOR THE FISCAL YEAR ENDING JUNE 30, 1958.

WHEREAS, it has been called to the attention of the House of Representatives and Senate of the State of Oklahoma, duly assembled in the regular Twenty-sixth Session of the Oklahoma Legislature, that the Congress of the United States is considering a reduction in the appropriation for administering the Social Security Laws in the Emergency Appropriation Bill 4249 for the fiscal year ending June 30, 1957, and is considering a decrease in the appropriation for administrative purposes for the Department of Health, Education and Welfare for the fiscal year ending June 30, 1958, and making the latter appropriation a closed-end appropriation for such purposes; and

WHEREAS, the Congress of the United States in the 1956 amendments of the Social Security Laws of the United States has added new programs on a matching formula on a fifty-fifty basis for medical services which will entail an increase in administrative expenses; and

WHEREAS, the greater majority of the states will want to take advantage of such medical program for the welfare of the recipients of assistance in their states; and

WHEREAS, a majority of those states will be limited in the amount of money that can be appropriated within tax structures of such states for such purposes and will need at least a fifty-fifty matching formula with the Department of Health, Education and Welfare in order to put into effect such medical and other liberalizations of their welfare program; and

WHEREAS, it has been the custom of the Congress of the United States to

have an opened-end appropriation in the appropriation bills for the Department of Health, Education and Welfare in order that such Department might continue its matching formula on a fifty-fifty basis in event of unforeseen expenses in its administration; and

WHEREAS, the states have been accustomed to carrying out their programs with the understanding that there will be no curtailment in said matching funds or the matching formula by the Department of Health, Education and Welfare, and a reduction in administrative funds by Congress would, no doubt, cause a serious administrative problem in all the Social Security programs in the various states which would be seriously detrimental to the intents and purposes of both the Federal and State laws to their assistance programs and that such condition should not be permitted to arise by a curtailment of administrative funds by closed-end and decreased appropriations by the Congress of the United States;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE TWENTY-SIXTH LEGISLATURE OF THE STATE OF OKLAHOMA, THE SENATE CONCURRING THEREIN:

THAT the Congress of the United States be memorialized not to decrease the appropriation for administrative purposes in the Department of Health, Education and Welfare for the fiscal year ending June 30, 1957, and that Congress authorize and direct the Department of Health, Education and Welfare not to change its present matching formula with the states from a fifty-fifty basis for administrative purposes;

BE IT FURTHER RESOLVED, that the appropriation for the fiscal year ending June 30, 1958, be continued, not as a closed-end, but an opened-end appropriation, in order that such Department may continue to conduct its business with the states in the same manner that such

business has been heretofore conducted and that such appropriation be in an amount sufficient for the Department to participate in carrying out the liberalization of the Social Security Laws of the United States as provided in the various amendments of the Social Security Law of 1956, which become effective July 1, 1957;

BE IT FURTHER RESOLVED, that copies of this Resolution be sent by the Secretary of State to the Chief Clerk of the Senate and House of Representatives of the United States Congress and to each member of the Oklahoma delegation in Congress.

In the matter of the preparation of a revised and adjusted estimate of revenues, Mr. Burton Logan, at the invitation of the Chairman, submitted to each member of the Board present a prepared statement showing the current condition of the General Revenue Fund and each special fund of the State. **RESOLUTION OF THE STATE
BOARD OF EQUALIZATION**

WHEREAS, Pursuant to the provisions of the Amendment to Section 23, Article 10, Oklahoma Constitution, adopted March 11, 1941, the State Board of Equalization on December 17, 1956, made its original estimate of the revenues to accrue to the General Revenue Fund and each special fund of the State, for the fiscal years ending June 30, 1958 and June 30, 1959; and

WHEREAS, The amendment to Sec-

tion 23, Article 10, Oklahoma Constitution, provides in part as follows:

"* * * Provided, However, that the Legislature may at any regular session or special session called for that purpose, enact laws to provide for additional revenues, other than ad valorem taxes, or transferring the existing revenues or surpluses from one fund to another, whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor and with the President of the Senate and the Speaker of the House of Representatives, and the amount of any increase or decrease, resulting, for any reason, from such laws shall be added to or deducted from each respective fund, as the case may be. The amount of such adjusted estimate shall be the maximum amount which can be appropriated for all purposes from any fund for each year. * * * and

WHEREAS, Since the date of said original estimate made by this Board, the Legislature has enacted a measure transferring revenues previously estimated by this Board to accrue to the General Fund; and

WHEREAS, This Board acting in pursuance of the duty and authority conferred upon it has caused to be presented to it all of the data, figures and relevant information concerning the revenue to accrue under the additional revenue measures or transferring the existing revenues or surpluses from one fund to another adopted by the Twenty-sixth Legislature, and, after careful study of such information has determined that the original estimates of this Board should be revised and adjusted:

NOW, THEREFORE, BE IT RESOLVED, By the State Board of Equalization of the State of Oklahoma that the original estimates of this Board of the revenues reasonably estimated to accrue to the General Revenue Fund

and to the several special funds of the State for and during the fiscal years ending June 30, 1958 and June 30, 1959, be revised and adjusted as follows:

The Constitution, Section 23, Article 10, provides that "any Department, Institution or Agency of the State, operating on revenues derived from any law or laws which allocate the revenues thereof to such Department, Institution or Agency, shall not incur obligations in excess of the unencumbered balance of surplus cash on hand." This provision eliminates the necessity of making specific appropriations for earmarked revenues appropriated to Special Funds which operate as a continuing appropriation.
