WHEREAS, there is now pending before the Congress of the United States legislation improving the benefits of members of the Armed Forces retired prior to June 1, 1958; and

WHEREAS, this legislation is designed to raise the retirement benefits of the subject personnel to that level members retiring after June 1, 1958, receive; and

SECTION 1. That the members of the twenty-seventh session of the Oklahoma Legislature request the Congress of the United States to act favorable on legislation designed to equal benefits of all retired members of the Armed Forces retired prior to June 1, 1958, in order that these personnel will receive desiring, fair and equitable treatment with personnel retired on or after this date.

SENATE CONCURRENT RESOLUTION NO. 20—by Baldwin, Boecher, Sandlin, Fine, Hamilton, Mahan, McClendon, Collins, McSpadden and Dacus.

A CONCURRENT RESOLUTION CALLING UPON THE CONGRESS OF THE UNITED STATES TO INSTITUTE APPROPRIATE ACTION FOR THE CONSTRUCTION OF THE MARKHAM FERRY DAM AND RESERVOIR PROJECT ON GRAND RIVER IN OKLAHOMA.

WHEREAS, the Oklahoma Legislature in 1935 created the Grand River Dam Authority for the development of Grand River in Oklahoma for the production of electric power and energy and other purposes and authorized said agency to construct three power dams on said Grand River at Pensacola, Markham Ferry and Fort Gibson; and

WHEREAS, the Congress of the United States, under the Act of August 18, 1941, authorized the construction of said Pensacola, Markham Ferry and Fort Gibson dams by the Secretary of War under the supervision of the Chief of Engineers, as a part of the comprehensive plan for the development of the Arkansas River basin for flood control and other purposes; and

WHEREAS, the Grand River Dam Authority has constructed and has in operation the Pensacola Dam and Reservoir Project, and the United States of America has constructed and is now operating the Fort Gibson Dam and Reservoir Project; and

WHEREAS, the Congress of the United States, under Public Law 476, 83rd Congress, Chapter 461, 2d Session, enacted on July 6, 1954, authorized the construction of the Markham Ferry Dam by the Grand River Dam Authority, an agency of the State of Oklahoma, and provided that said project should be constructed in general conformity with the recommendations of the Chief of Engineers, as contained in House Document 107 of the 76th Congress, and House Document 758 of the 79th Congress; and

WHEREAS, said Markham Ferry Dam and Reservoir Project is a multiple purpose project for flood control, aid of navigation, electric power and energy, recreation and other purposes; and

WHEREAS, the Grand River Dam Authority is a self-sustaining agency of the State of Oklahoma, without power of taxation and must operate without the aid of appropriations, and must construct and operate its projects solely from revenues received from the operation of such projects; and

WHEREAS, many of the benefits from the Markham Ferry project are for flood control, navigation and recreation, which are in the public interest

and for public benefit but do not produce revenues, and that the only revenue producing feature of said project is the production of electric power and energy, which revenues will be insufficient to pay the costs of the public benefits together with the cost of the electric power facilities; and

WHEREAS, the Grand River Dam Authority has been unable to finance the construction of the Markham Ferry Dam and Reservoir Project since said authorization of 1954, and it appears will be unable to finance said construction within the near future. and

WHEREAS, the Markham Ferry project is a vital cog in the over-all development of Grand River and the Arkansas River basin and it is in the public interest that said project be constructed and placed in operation at the earliest possible time; and

WHEREAS, it is the opinion of the Oklahoma Legislature that it will be in the public interest for the Congress of the United States to authorize the construction of said project by the Secretary of the Army under the supervision of the Chief of Engineers and to appropriate the necessary funds for the construction of the same; and that provision be made in such Act, or Acts, for the sale of the electric power and energy produced at the Markham Ferry and Fort Gibson projects on Grand River in Oklahoma to the Grand River Dam Authority, and that in fixing the rates to be paid for said electric power and energy that consideration be given to the benefits received by said projects from the Grand River Dam Authority's Pensacola project.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 27TH LEGISLATURE OF THE STATE OF OKLAHOMA:

SECTION 1. That it is in the pub-

SECTION 2. That the construction of the Markham Ferry Dam and Reservoir Project for said purposes can only be accomplished by the action of the Congress of the United States.

SECTION 3. That the Congress of the United States is, therefore, respectfully petitioned to enact such legislation as will provide for the construction of the Markham Ferry project on Grand River in Oklahoma by the Secretary of the Army under the supervision of the Chief of Engineers in general conformity with the recommendations of the Chief of Engineers, as contained in House Document 107 of the 76th Congress and House Document 758 of the 79th Congress, as a part of the comprehensive plan for the development of the Arkansas River basin, and to further provide that the electric power and energy produced at the Markham Ferry Dam and Reservoir Project, and the Fort Gibson Dam and Reservoir Project, be sold and delivered to the Grand River Dam Authority, a public power agency of the State of Oklahoma; that the operation of said projects for power production be coordinated with the power operation of the Grand River Dam Authority's Pensacola project. The rates to be charged for electric power and energy delivered to the Grand River Dam Authority to be fixed and determined by the Federal Power Commission, such rates to be fixed having regard to the recovery of the cost of producing such electric power and energy, including the amortization of the actual capital investment of the power producing facilities at such projects for the life of said

power producing facilities, and allow Grand River Dam Authority credit for all power benefits at such project received from the Grand River Dam Authority's headwater improvements and storage in the Pensacola project, including all water power rights and franchise rights in Grand River at the Markham Ferry and Fort Gibson projects.

WHEREAS, Many of the rural people of Oklahoma own and use vehicles generally referred to as "one-half ton pick-ups," both as farm transportation and as their family travel conveyance; and

WHEREAS, It has recently come to the attention of the Oklahoma Legislature that this type of vehicle is charged a higher fee for the use of State Turnpikes than is charged for automobiles of conventional type; and

WHEREAS, This practice therefore constitutes a probably inadvertent, but none the less real, discrimination against the rural people who desire to use our turnpikes; and

WHEREAS, The means of financing turnpikes involves a trust agreement which affects the manner in which toll rates are changed, and it is therefore inappropriate that the Legislature enact a measure having the force and effect of law but it is none the less appropriate that the Legislature make known its consensus with respect to equitable toll rates on our turnpikes.

NOW, THEREFORE, BE IT RESOLVED BY THE OKLAHOMA STATE SENATE OF THE TWENTY-SEVENTH LEGISLATURE OF THE STATE OF OKLAHOMA:

SECTION 1. That it is the sense of this Body that the tolls and fees charged on our State turnpikes for "one-half ton pick-up" when they are being used exclusively for passenger transportation, should be the same as those charged for standard or conventional type automobiles. The Oklahoma Turnpike Authority is hereby officially requested to take such steps, through consultation with its regularly designated traffic engineer and the turnpike bond holders, and in accordance with any applicable provisions of the Turnpike Trust Agreement, as will enable it to facilitate the equitable adjustment of toll fees referred to in this Resolution.

SECTION 2. A copy of this Resolution shall be sent to the Oklahoma Turnpike Authority.

A RESOLUTION OF APPRECIATION AND COMMENDATION OF GENERAL MAXWELL D. TAYLOR, UPON THE EVENT OF HIS RETIREMENT FROM THE ARMY OF THE UNITED STATES AND THE HIGH POSITION OF CHIEF OF STAFF OF THAT ARMY.

WHEREAS, on June 30, 1959, General Maxwell D. Taylor will retire from the active service of his country in the Army of the United States and become a private citizen in the nation which he has defended with unselfish devotion and valor during the course of two great wars; and

WHEREAS, General Taylor is the son of an honored and revered Oklahoma family, Mr. and Mrs. John E. M. Taylor, of Oklahoma City; and it is fitting that a grateful people of the State where his parents have long resided should publicly express their appreciation for his outstanding leadership and services during a most critical period of the history of our country; and

WHEREAS, during his term as Chief of Staff of the Army of the United

States, General Taylor has planned and supervised the transition of the U. S. Army into a mobile, modern and effective striking force, with rare vision and advanced concepts required for survival and defense of our country upon the nuclear battlefields of the future; and

WHEREAS, despite a period of public apathy during his service as Chief of Staff of the Army, his tireless efforts have stimulated the American people and its leaders toward a recognition of the consequences of a nuclear stalemate, under cover of which, the brutal and determined forces of Communism may, without a clear-cut military challenge that would precipitate the horrors of nuclear war, shift the balance of world power by relatively imperceptible stages, unless their progressive aggression is countered by deterrence of properly balanced forces, available for commitment at decisive places and critical times.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE TWENTY-SEVENTH LEGISLATURE OF THE STATE OF OKLAHOMA, THE HONORABLE SENATE CONCURRING THEREIN:

That, with great pride, the people of the State of Oklahoma recognize General Maxwell D. Taylor as a man of genius, courage and devotion to his country; and he is hereby officially commended for valor upon the field of battle in two great wars, for his example, inspiration and leadership imparted to those under his command, and for the vision with which he has projected the limited available resources to most effectively defend our country against the threats of an unknown and ominous future.

That this Resolution be spread at large upon the official permanent journals of the respective Houses of the Oklahoma Legislature; and that duly authenticated copies hereof be presented to the Honorable Mr. and Mrs. John

E. M. Taylor, and to General Maxwell D. Taylor, as an expression of the sentiments expressed above by the Legislature of the State of Oklahoma.

Senator Breeden, appointed under **HCR 515**, having submitted an oral report on May 24, of his trip to Hawaii as the official Oklahoma Senate guest of the U. S. Navy, submitted the following written report of that trip, which by unanimous consent is herewith incorporated in the Journal:

REPORT TO THE 27TH LEGISLATURE OF TRIP MADE BY SENATOR

ROBERT H. BREEDEN AND REPRESENTATIVE LOU S. ALLARD AS GUESTS OF THE SECRETARY OF NAVY MARCH 8-23, 1959 AND PREPARED FOR ENTRY IN THE JOURNAL OF THE STATE SENATE AND HOUSE OF REPRESENTATIVES IN THE STATE OF OKLAHOMA IN ACCORDANCE WITH THE HOUSE CONCURRENT RESOLUTION 515.

We flew in a civilian airplane to the west coast; we rode an aircraft carrier to Hawaii; we submerged 150 feet under the Pacific Ocean in a submarine; we saw a Regulus missile shot off in the air at a speed of more than 600 miles per hour. We were passengers in a Distant Early Warning radar plane—filled with radar—guarding you and me every moment of our life in order that we may be here today and tell you—**THE COLD WAR IS REAL!**

It is dangerous. It is expensive. It is just as real, and just as expensive as a "shooting war" to the men of the navy. The men of the Armed Services realize and believe this but they do not think the average American citizen is cognizant of the problems of the cold war. They believe Americans need to be shocked into a greater realization of the minute-by-minute threat to our way of life.

The Navy is the biggest thing in Hawaii. Its impact is felt daily on the conglomeration of people who make up the newest and 50th member of America's family of states. Because of their nearness to the navy—their kindredship for the oriental viewpoint, and a very

intense appreciation of democracy, Hawaiians are acutely aware—much more so than middle-western Americans—of how long we must contain and push back on every front and at every turn the scattered attacks of the communists wherever they appear.

The navy is aware, however, of another and equally important aspect of defending America. At the same time the men and officers of the navy conduct their all-important mission in the cold war, they must operate on an economic basis that will keep America from spending itself into bankruptcy. They realize, too, that America's economy must be healthy; that we cannot maintain democracy on military spending alone; that we must never let the Lenin doctrine of "the way to capture America is to make her spend herself into bankruptcy" become a reality.

Between one extreme of checking communism, keeping a 24-hour alert, and manning ships and planes, and the other pressure of keeping from being a severe drain on the nation's economy, the navy's leadership operates on a full time basis, doing one of the biggest jobs in the world. They do this job in the big style and manner Americans have become accustomed to, and—regretfully—too often take for granted.

The planes are operated, the ships steam out to sea and the officers are briefed each morning. Daily the radar warning planes fly the barrier-warning system from Midway to Alaska, and across the top of Canada. Yet what we at home hear is that America is wasting her resources for defense! This is the real problem. The navy knows, and so do the members of all our armed services. The American people must realize their need is not luxuries, but the essentials of striking power and self defense.

Pearl Harbor is the nerve center of the largest defense area in the world. Headed by Admiral Harry Felt, who

commands all services in this vast area, this theater of American defense reaches from the California coast across the great Pacific Ocean to the China Sea. Admiral Felt has one of the toughest jobs in America's military and naval history. He must out-smart, out-fox and sometimes out-guess the communists. He must do it without fan-fare and often without public knowledge or support. Those who get to see, talk with and listen to this youngish looking but determined man, come away with a secure feeling their safety is in good hands.

Admiral Felt knows the score. Like all other high ranking men in the services he wants Americans to realize the problem in the Pacific—and in fact—throughout the world. He wants us to not only know but realize the consequence of shooting wars since the end of World War II. In these wars the communist doctrines have won the minds of a great mass of people. They have extended a philosophy of government foreign to democracy, that thrives on ignorance, poverty and want.

Admiral Felt and the others tell us we must be ready for at least 20 years of the same kind of tensions and pressures; of the same communist nibbling at the free world; and the continuing strain on America's pocketbook.

Just how well Americans are being protected, only a few people know, and even fewer realize. But this protection, at its best, can be little more than a warning system and a position of unceasing alertness and readiness.

Few people stop to think of the giant radar airplanes with as many as a dozen radar scopes, that operate night and day, scanning the Pacific between Midway and Alaska in a belt 100 miles wide; few of us know that below these planes, picket destroyers and submarines operate. Their purpose—**PREVENT ANOTHER PEARL HARBOR.**

This time maybe on San Francisco, or Los Angeles, or even perhaps Dallas—or Tulsa. Their purpose—to give US a chance to live.

The early warning system across Canada with the Midway barrier, gives our continental defense planes a chance to get into the air. Within 11 minutes from the time an unidentified submarine snorkels or an unidentified airplane is sighted on a radar scope 2,200 miles west of Pearl Harbor, Hawaii has the information—so does Colorado Springs and the Strategic Air Command Headquarters at Omaha. This protection does not come cheap! As long as it continues we can—we must—be glad to work and pay for its support. Its failure would mean not only the death of millions of Americans, but the death of our way of life.

It is known the Russians have more than 500 submarines; it is not known whether they have atomic submarines—but they certainly have the capabilities of creating such submarines. What are we doing to be ready for them? PLENTY.

America's revamped submarines, not the latest model atomic jobs, already practically fly through the water. We traveled in one that descended from the water's surface to a depth of 150 feet—in less than one minute. The later submarine models like the Nautilus and the Skate go so fast and maneuver so rapidly, the crew members must be strapped to their positions, the same as if they were in airplanes. YES, our modern Navy is flying submarines under water, much the same as supersonic bombers are flown in the air above you. SPEED is the key to modern submarines, missiles and planes. SPEED, too, had better be the key to America's thinking and mental exercises.

These 500 Russian submarines are worrying your Navy. Because of that,

Navy personnel are holding conferences to make plans, and pushing people at drawing boards and in laboratories to get the answer—QUICK! They realize the threat. They are awake to their job. We—after seeing—feel that the Navy has the problem more nearly solved than even the Russians realize.

A missile launched from a submarine in the Gulf of Mexico can at this moment strike any place in Oklahoma.

The Regulus I is the first surface to surface guided missile to become operational in the U. S. Navy—and it perhaps is their best missile to date. This missile can be launched from submarines, cruisers and carriers. It can also be launched from land for training operations—which is the demonstration we witnessed.

The Regulus I is basically a jet fighter aircraft which carries various electronic and gyro equipment to replace some of the functions of a human pilot. The shot we witnessed was one launched from the Island of Kauai. The chase planes swooped in as it left the launch pad and guided the missile at speeds up to 600 miles per hour as the pilot made the missile cut figure eights over our airfield. The missile was then recovered on our airfield not less than 100 yards from the pre-determined target. It was truly a marvel to a mid-westerner to have witnessed.

Hawaiian statehood was a tremendous stroke for the free world in Asia. We arrived in Hawaii in the midst of the celebration of this great event. Could you have seen the marvelous response and overwhelming enthusiasm of this variegated group of Asiatic Americans toward being a full-fledged part of the United States, you would realize how important this move was to us.

Statehood extends an open-armed welcome to Hawaiians to be, not as a colony or possession, a part of this United States, with the same freedoms,

privileges, duties and responsibilities as Oklahoma, Kansas, Texas or any other State.

It was a clear and dramatic demonstration of our realization of the importance of the U. S. to Asia, of Asia to us, and finally, of our determination not only to fight for our own freedom, but to extend that freedom to all persons in the world willing to accept it.

EXECUTE AGREEMENTS WITH STATE AGENCIES AND DEPARTMENTS AND THE FEDERAL GOVERNMENT; EXEMPTING BONDS FROM TAXATION; REPEALING TITLE 62 O. S. 1957 SUPPLEMENT, SAME AS SENATE BILL 23, 1953 SESSION LAWS; PROVIDING THAT PROVISIONS OF THE ACT ARE SEVERABLE; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. The purpose of this Act is to provide adequate and suitable space for offices and other necessary uses for all Departments and Agencies of the State, particularly the ones now paying or which hereafter may be required to pay rent, and for the purpose of increasing the efficiency of the operation of State Departments and Agencies, and to eventually cause the State of Oklahoma to receive all the benefit of the rents now being paid by State Departments and Agencies.

SECTION 2. (a) There is hereby created a body corporate and politic to be known as the "Oklahoma Capitol Improvement Authority" and by that name the Authority may sue and be sued and plead and be impleaded. The Authority is hereby constituted an instrumentality of the State and the exercise by the Authority of the powers conferred by this Act, in the construction, equipping, operation and maintenance of the State building or buildings (hereinafter referred to as the "building") shall be deemed and shall be held to be an essential governmental function of the State.

(b) The Authority shall consist of five (5) members, including the Governor of the State, who shall be Chairman of the Authority, and the State Treasurer, the Attorney General, the Chairman of the State Board of Public

Affairs and the Director of the Department of Public Welfare.

(c) The Authority shall elect one of its members as Vice-Chairman and one as Secretary. Three members of the Authority shall constitute a quorum and the vote of three members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the rights of a quorum to exercise and perform all of the rights and duties of the Authority. The members of the Authority shall not be entitled to compensation for their services, but each member shall be reimbursed for his actual expenses necessarily incurred in the performance of his official duties.

(d) Before the issuance of any revenue bonds under the provisions of this Act, each member of the Authority shall execute a surety bond in the sum of Twenty-five Thousand Dollars (\$25,000.00), each such bond to be conditioned upon the faithful performance of the duties of his office, as such member, to be executed by a surety company authorized to transact business in the State of Oklahoma, as surety, and to be approved by the Governor and filed in the office of the Secretary of State.

SECTION 3. (a) The Authority is hereby authorized to acquire land for and to erect, equip, operate and maintain a building or buildings for the use of State and/or Federal Agencies and Departments, the place of erection to be selected by the Authority within the Capitol Improvement and Zoning District as defined by law and approved by the Capitol Improvement and Zoning Commission.

(b) For the purpose of paying the costs thereof the Authority is hereby authorized to borrow money on the credit of the income and revenues to be derived from the operation of said

building and, in anticipation of the collection of such income and revenues, to issue negotiable bonds not to exceed the sum of Ten Million Dollars (\$10,000,000.00) as may, in the opinion of the Authority, be necessary for such purposes, and is authorized to provide for the payment of such bonds and the rights of the holders thereof, as hereinafter provided. Said bonds may be issued in one or more series, may be sold in such manner and at such price or prices, may bear such date or dates, may mature at such time or times, not to exceed thirty (30) years from their date, may be in such denomination or denominations, may be in such form either coupon or registered, may carry such registration or conversion privileges, may be executed in such manner, may be payable in such medium of payments, at such place or places, may be subject to such terms of redemption, with or without premium, and may bear such rate or rates of interest, not exceeding four per cent (4%) per annum, as may be provided by resolution or resolutions to be adopted by the Authority. Such bonds shall have all of the qualities and incidents of negotiable paper, and shall not be subject to taxation by the State of Oklahoma, or by any county, municipality or political subdivision therein. All bonds maturing after ten (10) years from their dates shall be subject to call and redemption, in inverse order of maturity and bond numbers, at par and accrued interest. The detailed provisions for such call and redemption to be fixed by the Authority in the resolution or resolutions authorizing the issuance of said bonds.

(c) The Authority may issue bonds hereunder for the purpose of refunding any obligation of the Authority payable from the revenues of said building, or may authorize and deliver a single issue of bonds hereunder for the purpose in part of refunding obligations of the Authority payable from the revenues de-

rived from said building and in part for the making, equipping and furnishing of additions, improvements and extensions thereto or for an additional building or buildings. Where bonds are issued under this paragraph solely for refunding purposes, such bonds may either be sold as above provided or delivered in exchange for the outstanding obligations. If sold, the proceeds may be either applied to the payment of the obligations refunded or deposited in escrow for the retirement thereof. Nothing herein contained shall be construed to authorize the refunding of any outstanding obligations which are not either maturing, callable for redemption under their terms, or voluntarily surrendered by their holders for cancellation, unless the Authority covenants that sufficient funds to pay all remaining interest and principal payments of the outstanding obligations when due will be placed in escrow for such purpose at the place or places where said bonds are payable. All bonds issued under this paragraph shall in all respects be authorized, issued and secured in the manner provided for other bonds issued under this Act, and shall have all the attributes of such bonds. The Authority may provide any such refunding bonds shall have the same priority of lien on the revenues pledged for their payment as was enjoyed by the obligations refunded thereby.

(d) The bonds issued hereunder shall not be an indebtedness of the State of Oklahoma or of the Authority herein, but shall be special obligations payable solely from the rents and revenues to be derived from the operation of the building, and the Authority is authorized and directed to pledge all or any part of such revenues to the payment of principal and interest on the bonds, the operation and maintenance of the building, and to create a reserve for such purposes.

SECTION 4. (a) The State Treasurer of the State of Oklahoma, by and with the approval and direction of the

State Depository Board, is hereby authorized and required to purchase from the Authority at private sale, all or any part of said bonds, or interim bonds, as an investment of the public monies in his possession. It shall be the responsibility of the State Depository Board, in approving such investment, to limit its approval to the investment of only that portion of such public monies as it deems to be more than sufficient to meet current expenditures payable from public monies. The State Treasurer is authorized and required to buy, and the Authority is authorized and required to sell to the State Treasurer at private sale as provided in this Section so many of the bonds authorized by this Act, as the State Depository Board will certify in writing to the Authority, may be safely purchased for investment of public monies by the State Treasurer, without handicapping the State of Oklahoma in promptly meeting its obligations. In event of such sale or sales, the Authority shall determine and fix the rate of interest the bonds so sold shall bear, such rate of interest not to exceed the maximum hereinbefore authorized. All interest earned by such bonds as are held by the State Treasurer pursuant to such investment shall, as collected, be paid into the Oklahoma Capitol Improvement Authority Fund.

(b) In the event any or all of the bonds are sold to the State Treasurer under the provisions of Subsection (a) hereof and thereafter the uninvested cash on hand and in solvent banks should fall short of demand orders on the State Treasury, it shall be the duty of the State Treasury to so report to the State Budget Director for confirmation and to the State Depository Board for authority to sell such part or all of the bonds as are necessary to be converted into cash to meet such demands. If confirmed and authorized as aforesaid, the State Treasurer may sell such part or all of the said bonds as he is so authorized to sell, at private

sale, to the State Insurance Fund, the Teachers Retirement Fund, or any other State Fund, Department or Agency which has available monies to purchase the same, and all such State Funds, Departments and Agencies are hereby authorized and empowered to so purchase such bonds.

(c) If such bonds or any of them cannot be sold to such other State Funds, Departments and Agencies it shall be the duty of the State Treasurer to publish, advertise and, on the date given in the notice, sell at not less than par and accrued interest, to the highest and best bidder for cash, only so many of the bonds as will enable the State to meet such demand orders, provided, however, in lieu of so selling such bonds at the market, the State Treasurer and the Authority, with the approval of the State Depository Board may agree to the refunding of part or all of such bonds, in accordance with the method and procedure for refunding provided in this Act.

(d) The State Insurance Fund Commissioner with the approval of the Board of Managers of the State Insurance Fund and the State Board of Trustees of the Teachers Retirement Fund are also authorized to purchase all or any part of said bonds at private sale as an investment of such funds. In event of such sale or sales, the Authority shall determine and fix the rate of interest not to exceed the maximum hereinbefore authorized.

SECTION 5. In the event said bonds, or some portion thereof, are not sold to the State Treasurer or other State Funds, Departments and Agencies, as authorized in Section 4 hereof, then the Authority is authorized to advertise said bonds, or the unsold portion thereof, for sale to other bidders and to sell said bonds, or the unsold portion thereof, in the manner hereinafter provided. Notice of such sale shall be published at least thirty (30) days prior to the

date fixed for such sale. Such notice shall be published for at least two (2) consecutive weeks in a newspaper having general circulation in the State of Oklahoma, and at least once in a financial periodical or newspaper known to have general circulation among bond dealers and bond purchasers. Such notice shall state the time and place where and when the Authority will receive written bids for the purchase of the bonds so offered for sale and shall also state that the bonds will be sold to the bidder bidding the lowest interest rate to the State of Oklahoma, stating also, however, that the Authority may, in its discretion, reject all bids submitted and readvertise the bonds for sale. Such notice may contain such other conditions, information and details as the Authority deems appropriate and desirable to secure understanding of the offer and to assure maximum competition between bidders. Upon acceptance of the low bid, the bonds shall be issued in accordance therewith and shall be delivered to said purchaser upon payment of the purchase price thereof, which shall be not less than par plus accrued interest to date of delivery. Provided, however, no tender of the bonds shall be valid until after the expiration of the period of contestability, provided for herein. All bidders shall be required to submit with their bids, such good faith deposit as may to the Authority seem appropriate. Upon the acceptance of a bid, the Authority shall return to all of the unsuccessful bidders the deposits so made by them. All such deposits shall be made upon the agreement that the deposit made by the successful bidder shall become the property of the Authority, and shall be credited upon the purchase price of the bonds so sold and with the further agreement that if the purchaser shall fail for five (5) days after tender of the bonds, to pay the balance of the purchase price, said sale shall be thereby annulled and the deposit shall in such

event be retained by the Authority and credited to the Oklahoma Capitol Improvement Authority Fund.

SECTION 6. The Authority is authorized to issue one or more interim bonds, representative of the bonds so sold, which said interim bonds may be in any denomination, shall have all of the qualities and be secured by all of the covenants and pledges made to secure the bonds so sold, but said interim bonds shall represent the bonded debt only until such time as the definitive bonds are printed, executed and delivered to the purchaser thereof. No tender of any such interim bonds shall be valid until the expiration of the period of contestability provided in this Act. Simultaneously with delivery of the definitive bonds, any such interim bonds shall be surrendered for cancellation and cancelled by the State Treasurer of Oklahoma.

SECTION 7. Any bank, trust or insurance company organized under the laws of Oklahoma may invest its capital, surplus and reserve funds and other funds under its control in bonds issued under the provisions of this Act.

SECTION 8. Within ten (10) days after the sale or sales of said bonds, the Attorney General of the State of Oklahoma shall examine all of the proceedings of the Authority and all resolutions passed and actions taken by it in connection with the authorization, issuance and sale of such bonds and shall, if he finds such bond proceedings and sale to be constitutional and lawful, execute his certificate and file the same of record in the office of the Secretary of State of the State of Oklahoma, which said certificate shall read substantially as follows: "I have examined all proceedings had in connection with the issuance of the Oklahoma Capitol Improvement Authority Bonds in the aggregate principal amount of \$_____, dated_____, authorized and sold pursuant to (this Act), and find said pro-

ceedings and sale to be constitutional, lawful and regular in all particulars and that said bonds will be valid obligations of the Oklahoma Capitol Improvement Authority. Unless suit thereon shall be brought in the Supreme Court of the State of Oklahoma within thirty (30) days from the date of this certificate, said bonds shall be incontestable for all purposes.

Date

Attorney General of the State of Oklahoma."

Upon the filing of such certificate, bonds issued pursuant to proceedings so examined by the Attorney General, shall be incontestable for all purposes upon the expiration of thirty (30) days from the date of such certificate, unless suit be brought in the Supreme Court of Oklahoma prior to the expiration of said period as provided herein. A facsimile of such Attorney General's certificate shall appear on each bond so issued. The Supreme Court of Oklahoma is hereby vested with exclusive jurisdiction over any litigation involving the validity of any bonds issued under this Act.

SECTION 9. The bonds shall be delivered to the purchaser thereof only upon payment of par and accrued interest to the date of delivery thereof, together with any premium bid, if any. The proceeds of the sale of said bonds shall be deposited in the State Treasury of the State of Oklahoma, in a fund which is hereby created and designated the "Oklahoma Capitol Improvement Authority Fund," where they shall remain subject to disposition to be provided for by the Authority, provided that the State Treasurer of the State of Oklahoma, when so directed by the State Depository Board, shall invest said monies in interest bearing direct obligations of the United States of America, or of the State of Oklahoma,

and provided further that all such investments of said monies must be so made that the same may be liquidated in time to enable the Authority to pay, in due course, the valid indebtedness incurred by the Authority for the purposes set forth in this Act.

SECTION 10. The Authority is authorized, in its discretion, to file an application with the Supreme Court of Oklahoma for the approval of any bonds to be issued hereunder, and exclusive original jurisdiction is hereby conferred upon the Supreme Court to hear and determine each such application. It shall be the duty of the court to give such applications precedence over the other business of the court and to consider and pass upon such applications and any protests which may be filed thereto as speedily as possible. Notice of the hearing on each application shall be given by notice published in a newspaper of general circulation in the State that on a day named the Authority will ask the court to hear its application and approve the bonds. Such notice shall inform all persons interested that they may file protests against the issuance of the bonds and be present at the hearing and contest the legality thereof. Such notice shall be published one time not less than ten (10) days prior to the date named for the hearing and the hearing may be adjourned from time to time in the discretion of the court. If the court shall be satisfied that the bonds have been properly authorized in accordance with this Act and the Constitution of Oklahoma, and that when issued they will constitute valid obligations in accordance with their terms, the court shall render its written opinion approving the bonds and shall fix the time within which a petition for rehearing may be filed. The decision of the court shall be a judicial determination of the validity of the bonds, shall be conclusive as to the Authority, the State of Oklahoma, its officers, agents and instrumentali-

ties, and all other persons, and thereafter the bonds so approved and the rents and revenues pledged to their payment shall be incontestable in any court in the State of Oklahoma.

SECTION 11. In addition to all other powers expressly conferred, the Authority is hereby authorized and empowered:

(a) To adopt by-laws for the regulation of its affairs and the conduct of its business;

(b) To adopt an official seal and alter the same at pleasure;

(c) To fix and revise from time to time rent for the use of any Authority building; provided that the rents when so fixed, plus revenues derived from other sources, shall produce sufficient revenue, (1) to pay the annual cost of the operation, maintenance, and repair of such building, (2) to pay as and when due the principal and interest on the bonds issued to pay for such building, and (3) to accumulate and maintain reserves for such purposes.

(d) To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this Act.

(e) To acquire by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of condemnation in the manner hereinafter provided, such public or private property and interests therein, as it may deem necessary for carrying out the provisions of this Act. The exercise of the power of condemnation shall be in accordance with and subject to the provisions of any and all existing laws and statutes applicable to the exercise of the power of condemnation of property for public use. In any condemnation proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the Authority and to the owners of the property to be condemned and may

require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the State or the Authority except such as may be paid from the funds provided under the provisions of the Act.

(f) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act, and particularly to make and enter into contracts and agreements with the Department and Agencies of the State of Oklahoma and/or Federal Government relating to the rent, amortization of cost and use of the building by such Departments and Agencies.

(g) To employ employees and agents as may be necessary in its judgment, and to fix their compensation; provided, that all such expenses shall be payable solely from the proceeds of bonds issued under this Act or from revenues derived from the building.

(h) To receive and accept from any Federal agency grants or payments for or in aid of the construction of any project, and to receive and accept aid or contributions from any source of either money, property, labor or other things of value to be held, used and applied only for the purposes for which such grants and contributions may be made.

(i) To do any and all things necessary to comply with rules, regulations or requirements of any State or Federal agency administering any law enacted by the Congress of the United States to aid or encourage the construction or use of such building.

(j) To do all things necessary or convenient to carry out the powers expressly granted in this Act.

SECTION 12. (a) It shall be lawful for any member or employee of the Authority to transact with the Authority, either directly or indirectly, any business for profit of such member or employee; and any person, firm, or corporation knowingly participating therein shall be equally liable for violation of this provision.

(b) The term "business for profit" shall include, but not be limited to, the acceptance or payment of any fee, commission, gift or consideration to such member or employee.

(c) Violation of any of the provisions of this Section shall constitute a felony and shall be punishable by a fine of not less than Five Hundred Dollars (\$500.00) and not more than Five Thousand Dollars (\$5,000.00), or by imprisonment in the State Penitentiary for not less than one (1) year and not more than five (5) years or by both such fine and imprisonment.

SECTION 13. In order to prevent any defaults or threatened defaults in the payment of said bonds, the Authority is hereby authorized and empowered, in cooperation with the State Board of Public Affairs, to require State Departments and Agencies to be housed in said building to pay rent for the use and occupancy of said building. Rents paid by State Departments and Agencies and all other revenues received by the Authority shall be placed in the Oklahoma Capitol Improvement Authority Fund for the purpose of maintenance of such buildings and retiring said bonds. When all bonds issued for the construction of any building constructed hereunder have been paid in full, the building shall become the property of the State of Oklahoma and shall thereafter be under the full and exclusive supervision of the State Board of Public Affairs.

SECTION 14. (a) The Authority, upon the sale of said bonds, shall pro-

ceed to employ an architect to prepare plans and specifications for the construction of the building and after its approval of such plans and specifications, it shall advertise for bids for its construction. Such notice shall provide for the receipt of sealed bids which set the time and place at which such bids will be received, shall give the name and address of the person from whom copies of the plans and specifications and drafts of the proposed contract, to be entered into with the successful bidder, may be examined, and shall contain such other information and requirements as in the opinion of the Authority, may be necessary or desirable.

(b) On the date and time fixed in said notice, the Authority shall open, tabulate and compare the bids, and award the construction to the lowest responsible bidder. The successful bidder shall be required to furnish corporate surety bonds to the Authority, both for the completion of the construction free of all liens and encumbrances in an amount fixed by the Authority, and for the protection of the Authority and its members against all liabilities for injury to persons or damage to or loss of property arising or claimed to have arisen in the course of construction within the limits fixed by the Authority.

SECTION 15. The Agencies and Departments occupying space in the building shall pay rent from the funds provided by law for the administrative expenses of such Departments or Agencies, or as may be otherwise provided by law governing such Departments or Agencies or duly authorized contracts between such Departments or Agencies

and the Authority and/or the Federal Government.

SECTION 16. (a) The Chairman and Secretary, acting in behalf of the Authority, shall execute all bonds issued by the Authority and all contracts awarded by the Authority after approval of the form thereof by the Authority and the Attorney General.

SENATE RESOLUTION NO. 51—By Baldwin, Boecher, Sandlin, Fine, Hamilton, Mahan, McClendon, Collins, Dacus, Shoemake, Harris, Cobb, Walker, Field, Wilson (Greer) and McSpadden.

A RESOLUTION CALLING UPON THE CONGRESS OF THE UNITED STATES TO INSTITUTE APPROPRIATE ACTION FOR THE CONSTRUCTION OF THE MARKHAM FERRY

DAM AND RESERVOIR PROJECT ON GRAND RIVER IN OKLAHOMA.

WHEREAS, the Oklahoma Legislature in 1935 created the Grand River Dam Authority for the development of Grand River in Oklahoma for the production of electric power and energy and other purposes, and authorized said agency to construct three power dams on said Grand River at Pensacola, Markham Ferry and Fort Gibson; and

WHEREAS, the Congress of the United States, under the Act of August 18, 1941, authorized the construction of said Pensacola, Markham Ferry and Fort Gibson dams by the Secretary of War under the supervision of the Chief of Engineers, as a part of the comprehensive plan for the development of the Arkansas River basin for flood control and other purposes; and

WHEREAS, the Grand River Dam Authority has constructed and has in operation the Pensacola Dam and Reservoir Project, and the United States of America has constructed and is now operating the Fort Gibson Dam and Reservoir Project; and

WHEREAS, the Congress of the United States, under Public Law 476, 83rd Congress, Chapter 461, 2nd Session, enacted on July 6, 1954, authorized the construction of the Markham Ferry Dam by the Grand River Dam Authority, an agency of the State of Oklahoma, and provided that said project should be constructed in general conformity with the recommendations of the Chief of Engineers, as contained in House Document 107 of the 76th Congress, and House Document 758 of the 79th Congress; and

WHEREAS, said Markham Ferry Dam and Reservoir Project is a multiple purpose project for flood control, aid of navigation, electric power and energy, recreation and other purposes; and

WHEREAS, the Grand River Dam Authority is a self-sustaining agency

of the State of Oklahoma, without power of taxation and must operate without the aid of appropriations, and must construct and operate its projects solely from revenues received from the operation of such projects; and

WHEREAS, many of the benefits from the Markham Ferry project are for flood control, navigation and recreation, which are in the public interest and for public benefit but do not produce revenues, and that the only revenue producing feature of said project is the production of electric power and energy, which revenues will be insufficient to pay the costs of the public benefits together with the cost of the electric power facilities; and

WHEREAS, the Grand River Dam Authority has been unable to finance the construction of the Markham Ferry Dam and Reservoir Project since said authorization of 1954, and it appears will be unable to finance said construction within the near future; and

WHEREAS, the Markham Ferry project is a vital cog in the over-all development of Grand River and the Arkansas River basin and it is in the public interest that said project be constructed and placed in operation at the earliest possible time; and

WHEREAS, it is the opinion of the Oklahoma Legislature that it will be in the public interest for the Congress of the United States to authorize the construction of said project by the Secretary of the Army under the supervision of the Chief of Engineers, and to appropriate the necessary funds for the construction of the same; and, that provision be made in such Act, or Acts, for the sale of the electric power and energy produced at the Markham Ferry and Fort Gibson projects on Grand River in Oklahoma to the Grand River Dam Authority, and that in fixing the rates to be paid for said electric power and energy that consideration be given

to the benefits received by said projects from the Grand River Dam Authority's Pensacola project.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE TWENTY - SEVENTH LEGISLATURE OF THE STATE OF OKLAHOMA:

SECTION 1. That it is in the public interest that the Markham Ferry Dam and Reservoir Project on Grand River be constructed and placed in operation for flood control, navigation, recreation and the production of electric power and energy at the earliest possible time.

SECTION 2. That the construction of the Markham Ferry Dam and Reservoir Project for said purposes can only be accomplished by the action of the Congress of the United States.

SECTION 3. That the Congress of the United States is, therefore, respectfully petitioned to enact such legislation as will provide for the construction of the Markham Ferry project on Grand River in Oklahoma by the Secretary of the Army under the supervision of the Chief of Engineers in general conformity with the recommendations of the Chief of Engineers, as contained in House Document 107 of the 76th Congress and House Document 758 of the 79th Congress, as a part of the comprehensive plan for the development of the Arkansas River basin, and to further provide that the electric power and energy produced at the Markham Ferry Dam and Reservoir Project, and the Fort Gibson Dam and Reservoir Project, be sold and delivered to the Grand River Dam Authority, a public power agency of the State of Oklahoma; that the operation of said projects for power production be coordinated with the power operation of the Grand River Dam Authority's Pensacola project. The rates to be charged for electric power and energy delivered to the Grand River Dam Authority be fixed and determined by the

Federal Power Commission, such rates to be fixed having regard to the recovery of the cost of producing such electric power and energy, including the amortization of the actual capital investment of the power producing facilities at such projects for the life of said power producing facilities, and allow Grand River Dam Authority credit for all power benefits at such project received from the Grand River Dam Authority's headwater improvements and storage in the Pensacola project, including all water power rights and franchise rights in Grand River at the Markham Ferry and Fort Gibson projects.

Honorable Keith Cartwright, Chairman Roads and Highways Committee State Senate

Dear Sir:

The Attorney General acknowledges receipt of your letter dated June 16, 1959, wherein you ask:

"The Roads and Highways Committee of the Oklahoma State Senate, of which I am Chairman, now has before it for consideration *House Bill No. 932*, a copy of which is hereto attached.

"Upon direction by the Committee, I call your attention specifically to *Section 1* of the Act, apportioning a part of the motor fuel taxes consumed on turnpikes to the Oklahoma Turnpike Authority as a loan, and *Section 3 (b)*, providing that such funds so accumulated may be *expended or pledged* by the Authority for making up any deficiency in the monies available to meet interest requirements on Turnpike Bonds hereafter issued.

"I would appreciate having your opinion as to whether or not this bill and any trust agreement entered into pursuant to the provisions thereof, *particularly those sections above cited*, would or would not be in violation of the Constitution of the State of Oklahoma, and particularly Section 23, Article 10 (the Budget Balancing Amendment) or any other pertinent provisions thereof. * * *

"I am attaching a Brief by R. L. Vaughn, Attorney for the Oklahoma Turnpike Authority, and at my request Leroy Powers, Attorney, has left his Brief with your Secretary."

As stated in Mr. Vaughn's brief:

"HB 932 when enacted will become a part of the enabling legislation for the Oklahoma Turnpikes. The constitutionality of presently existing turnpike legislation has been approved in the decision approving the Turner Turnpike Bond Issue (Application of Oklahoma Turnpike Authority—203 Okla. 335, 221 P. 2d 795) and the decision approving the Will Rogers Turnpike Bond Issue (Applications of Oklahoma Turnpike Authority—3 cases—Okla., 277 P. 2d 176).

"The only new matter of significance added by HB 932 are *Section 1* providing for the apportionment to the Authority of part of the Motor Fuels Excise Taxes on motor fuels consumed on the Oklahoma Turnpikes, *Section 2* setting out a formula for the determination of the motor fuels consumed on the Oklahoma Turnpikes, and *Section 3* creating a Trust Fund in which such Motor Fuel Taxes are to be deposited, and authorizing the Authority to expend or pledge such Trust Fund in the financing of additional Oklahoma Turnpikes, and to make investments of any moneys in said Trust Fund as are available for investment."

The material provisions of Sections 1, 2 and 3, supra, in so far as the issue involved here is concerned, are as follows:

"SECTION 1 (a). Until all turnpike revenue bonds issued by the Oklahoma Turnpike Authority after the effective date of this Act and the interest thereon shall have been paid, or a sufficient amount for the payment of all such bonds and the interest thereon shall have been set aside in trust for such purpose, the Oklahoma Tax Commission shall each month apportion ninety-seven per cent (97%) of all motor fuel taxes on motor fuels consumed on Oklahoma

Turnpike Projects to the Oklahoma Turnpike Authority; provided, that said apportionment shall not in any fiscal year exceed One Million Dollars (\$1,000,000.00). After this apportionment is made, all other apportionments of motor fuel excise taxes shall be made according to previously existing or subsequently enacted apportionment laws.
* * *

"SECTION 2. In determining the amount of motor fuel consumed on the Oklahoma Turnpike Projects each month, the Oklahoma Tax Commission shall divide the total miles traveled on the Turnpikes by passenger automobiles, single unit trucks, and combination trucks and busses as certified each month by the Oklahoma Turnpike Authority, by the average number of miles per gallon of motor fuel consumed by each of those classes of motor vehicles. For the purpose of this Act, the Oklahoma Tax Commission shall use the following rates for gasoline consumed on the Oklahoma Turnpikes:

Passenger	
Automobiles	18 miles per gallon
Single Unit	
Trucks	12 miles per gallon
Combination Trucks	
and Busses	6 miles per gallon

"SECTION 3 (a). The Oklahoma Turnpike Authority shall segregate and hold such motor fuel excise taxes apportioned to it by this Act in trust for the uses and purposes herein provided.

"(b) The deposits in this Trust Fund may be expended or pledged by the Oklahoma Turnpike Authority, as it may deem proper, either in whole or in part, for making up any deficiency in the moneys available to meet interest requirements on Turnpike Bonds hereafter issued and for the payment of necessary expenses in the financing of additional Turnpikes, provided that any funds expended as permitted herein shall, upon payment of all interest and

principal of all bonds issued hereunder, and before delivery of any said Turnpike to the State of Oklahoma Department of Highways, be replaced in said trust fund by said authority, and upon the completion of said reimbursement, said trust shall terminate and the balance in said trust fund shall be delivered to the State of Oklahoma Department of Highways.

* * *"

In reply to your question as to whether or not House Bill 932, if enacted, or any trust agreement entered into pursuant thereto, especially the quoted provisions of Sections 1 and 3, supra, would be violative of Sections 23, 24 or 25, Article 10 of our State Constitution, attention is called to the following decisions of our State Supreme Court:

(1) In the case of Application of Oklahoma Turnpike Authority (July 21, 1950), 203 Okla., 335, 221 P. 2d 795, referred to in Mr. Vaughn's brief, it is stated:

"Are the bonds, as authorized, an indebtedness of the State of Oklahoma in violation of Section 23, Article X of the Constitution as amended, or of Sections 24 and 25, Article X of the Constitution?"

"These three sections of the Constitution have been presented to and passed upon by this Court in numerous decisions on similar revenue bond issues. *It has been uniformly held that these sections apply only to such debt, obligation or deficit for the payment of which resort might be had to the taxing power of the State.*

"In this instant case it is expressly provided that the bonds shall be payable solely from the revenues derived from the operation of the toll road in question. That provision is carried forward in the bonds themselves. *It is thoroughly well settled by former decisions of this Court that such bonds, and that these bonds, do not constitute an indebtedness against the State of*

Oklahoma as contemplated in the above stated section of the Constitution."

(2) In the case of Application of Oklahoma Educational Television Authority (July 9, 1954), Okl., 272 P. 2d 1027, the syllabus is as follows:

"The Educational Television Act, House Bill 1033, Session Laws 1953, p. 551, 70 Okl. St. Ann. § § 2141-2165, in so far as it authorizes the creation of a debt against the Public Building Fund of Oklahoma, *or against the receipts and revenues to accrue to said fund*, violates Section 23 of Art. 10 of the Constitution of Oklahoma as amended in 1941, and to that extent said Act is unconstitutional and invalid."

In the body of the opinion of the above case it is held that Section 23, Article 10, supra, not only afforded protection from future debt against "a state fund fed by tax receipts," but from "a state fund fed by land sales, land rentals, oil receipts, etc.," and in the supplemental opinion on petition for rehearing it was held:

"It was not intended by the majority opinion to restrict the Authority from issuing bonds payable from funds now on hand, or accruing, in the Public Building Fund during the biennium ending June 30, 1955."

(3) In the case of Application of Oklahoma Planning and Resources Board (Aug. 9, 1954), Okl., 274 P. 2d 61, our State Supreme Court, in holding that the issuance of the park bonds involved therein did not create an indebtedness of the state in violation of Sections 23, 24 and 25, Article 10, supra, stated:

"* * * The bonds expressly provide that they shall be payable solely from the revenues derived from the operation of the parks and shall not be an indebtedness of the State of Oklahoma or the Oklahoma Planning and Resources Board. * * *"

(4) By an examination of the case of Application of Oklahoma Turnpike Au-

thority—3 cases—(Dec. 7, 1954), Okl., 277 P. 2d 176, referred to in Mr. Vaughn's brief, it will be found that said case does not discuss the provisions of Sections 23, 24 or 25 of Article 10, but, as set forth in the editorial statement thereof, whether or not the evidence in said case

"was sufficient to establish that *proceedings taken before authority* in connection with issuance of such bonds complied with statutes authorizing the issuance."

(5) The most recent pertinent decision of our State Supreme Court is *Morris v. City of Oklahoma City* (June 26, 1956), Okl., 299 P. 2d 131, wherein the first paragraph of the syllabus is as follows.

"Under the provisions of 60 O. S. 1951 § § 176 to 180, inclusive, as amended, a municipality may lease its airports to the trustees of a charitable public trust for the purpose of promoting and enlarging the air navigating facilities of the city, a public function, and the trustees may issue and sell bonds to cover the cost of such improvements, provided the bonds do not become an obligation of the city or the state, but are payable solely from income to the trustees."

In consideration of the principles of law announced in the foregoing decisions of our State Supreme Court, and since, in our opinion, excise taxes levied and collected under the laws of the state on the sale, etc., of gasoline or motor fuel in Oklahoma, including gasoline or motor fuel calculated (under Section 2, *supra*) to be consumed in travel on turnpikes such as are referred to in House Bill 932, are not "revenues derived from the operation" of said turnpikes, but are revenues derived from or through "the taxing power of the State," and since said bill does not directly or indirectly provide that same will not take effect

"until it shall, at a general election

have been submitted to the people and have received a majority of all the votes cast for and against it at such election. * * *",

as provided in Section 25, Article 10 of our State Constitution, the Attorney General is of the opinion that said house bill is invalid *in so far* as it authorizes the *pledging* of future deposits in the Trust Fund for the purposes set out in Section 3 (b) of the bill.

However, in view of the supplemental opinion in the Oklahoma Educational Television Authority case, *supra*, we think that public funds, such as are involved here, may properly be *expended* for the payment of such bonds, and the Attorney General is, therefore, of the further opinion that *in so far* as said bill authorizes deposits in the Trust Fund to be *expended* (as distinguished from the *pledging* of future deposits) for the purposes set out in Section 3 (b), it does not violate the Oklahoma Constitution.

As stated in Mr. Vaughn's brief, the Supreme Court of Oklahoma has not "passed directly on the point" involved here, and since Section 4 of House Bill 932, as amended on this date, provides that:

"Immediately upon the passage and approval of this Act the Oklahoma Turnpike Authority shall file an application with the Supreme Court under the procedure set out above, for a *determination of the validity of such Trust Fund*, the validity of a pledge thereof by the Authority as provided in this Act, and any other questions as to the constitutionality or validity of this Act that may be brought before the Supreme Court, and exclusive jurisdiction is hereby conferred upon the Supreme Court to hear and determine such application. *No apportionments provided for in this Act shall be made until such application has been passed upon and determined by the Supreme Court.*"

it would appear, if House Bill 932 is

adopted by the legislature, that an authoritative decision of our State Supreme Court may be obtained by the Oklahoma Turnpike Authority before any of the bonds referred to in said bill are issued.

Yours very truly

FOR THE ATTORNEY GENERAL

Fred Hansen
First Assistant Attorney
General

The following Communication was read and ordered incorporated in the Journal:

TO THE MEMBERS OF THE HONORABLE SENATE, 1959 SESSION:

May I take this opportunity to sin-

cerely thank each and every one of you gentlemen who was helping me to pass the State Athletic Commission Bill.

I had no desire to hurt any person or persons in the wrestling business. My long years of friendship with Leroy McGuirk prompted me to forget the bill.

Again, let me thank each and every one of you from the bottom of my Irish heart for your support.

Always your friend,
Red Andrews

No person shall operate or give permission for the operation of any motorboat on such waters unless the motorboat is numbered in accordance with this act, or in accordance with applicable federal law, or in accordance with a federally approved numbering system of another state, and unless (1) the certificate of number awarded to such motorboat is in full force and effect, and (2) the identifying number set forth in the certificate of number is displayed

(k) No number other than the number awarded to a motorboat or granted reciprocity pursuant to this Act shall be appointed, attached, or otherwise displayed on either side of the bow of such motorboat.

(l) Nothing herein shall prevent or take away from any incorporated city or town the right to issue and charge for licenses upon vessels or motorboats for use upon their municipally-owned water reservoirs or lakes; or to refuse to issue or to revoke such licenses.

(m) The Oklahoma Planning and Resources Board may devise a system of temporary numbers that may be released to boat manufacturers and dealers for issuance in turn to bona fide purchasers of boats, and that may be valid and usable by the owners of such boats pending their receipt of registration numbers issued directly by the Board.

(n) The Oklahoma Planning and Resources Board may devise a system of dealers' boat numbers, which numbers may be used by boat manufacturers or dealers only when such manufacturers or dealers are demonstrating their boats to prospective purchasers in the immediate vicinity of their places of business or in the nearest boatable waters to which such manufacturers or dealers have access.

(4) A ship's lifeboat.

(5) A motorboat belonging to a class of boats which has been exempted from numbering by the Oklahoma Planning and Resources Board, after said agency has found that the numbering of motorboats of such class will not materially aid in their identification; and, if an agency of the federal government has a numbering system applicable to the

class of motorboats to which the motorboat in question belongs, after the Oklahoma Planning and Resources Board has further found that the motorboat would also be exempt from numbering if it were subject to the federal law.

(6) A watercraft or motorboat that is used exclusively and solely for racing purposes.

SECTION 7. (a) The owner of a boat livery shall cause to be kept a record of the name and address of the person or persons hiring any vessel which is designed or permitted by him to be operated as a motorboat; the identification number thereof; and the departure date and time, and the expected time of return. The record shall be preserved for at least six (6) months.

(b) Neither the owner of a boat livery nor his agent or employee shall permit any motorboat or any vessel designed or permitted by him to be operated as a motorboat to depart from his premises unless it shall have been provided, either by owner or renter, with the equipment required pursuant to SECTION 5 of this act and any rules and regulations made pursuant thereto.

SECTION 8. The exhaust of every internal combustion engine used on any motorboat shall be effectively muffled by equipment so constructed and used as to muffle the noise of the exhaust in a reasonable manner. The use of cut-outs is prohibited, except for motorboats competing in a regatta or boat race approved as provided in SECTION 13 of this act, and for such motorboats while on trial runs, during a reasonable period immediately preceding such regatta or race and for such motorboats speed records during a reasonable period immediately following such regatta or race.

SECTION 9. (a) No person shall operate any motorboat or vessel, or manipulate any water skis, surfboard, or

similar device in a reckless or negligent manner so as to endanger the life or property of any person.

(b) No person shall operate any motorboat or vessel, or manipulate any water skis, surfboard, or similar device while intoxicated or under the influence of any narcotic drug, barbiturate or marijuana.

SECTION 10. (a) It shall be the duty of the operator of a vessel involved in a collision, accident, or other casualty, so far as he can do so without serious danger to his own vessel, crew, and passengers, if any, to render to other persons affected by the collision, accident, or other casualty such assistance as may be practicable and as may be necessary in order to save them from or minimize any danger caused by the collision, accident, or other casualty, and also to give his name, address, and identification of his vessel in writing to any person injured and to the owner of any property damaged in the collision, accident, or other casualty.

(b) In the case of collision, accident, or other casualty involving a vessel, the operator thereof, if the collision, accident, or other casualty results in death or injury to a person or damage to property in excess of One Hundred Dollars (\$100.00), shall file with the Oklahoma Planning and Resources Board a full description of the collision, accident, or other casualty, including such information as said agency may by regulation, require.

SECTION 11. In accordance with any request duly made by an authorized official or agency of the United States, any information compiled or otherwise available to the Oklahoma Planning and Resources Board, pursuant to SECTION 10 (b), shall be transmitted to said official or agency of the United States.

SECTION 12. (a) No person shall operate a vessel on any waters of this state for towing a person or persons on water skis, or a surfboard, or sim-

ilar device unless there is in such vessel a person, in addition to the operator, in a position to observe the progress of the person or persons being towed, or unless a rear view mirror has been installed on such vessel in such manner as to permit the person operating said vessel to face the direction of travel and be in a position to observe the progress of the person or persons being towed.

(b) No person shall operate a vessel on any waters of this state towing a person or persons on water skis, a surfboard, or similar device nor shall any person engage in water skiing, surfboarding, or similar activity at any time between the hours from one hour after sunset to one hour before sunrise.

(c) The provisions of subsections (a) and (b) of this section do not apply to a performer engaged in a professional exhibition or a person or persons engaged in an activity authorized under SECTION 13 of this Act.

(d) No person shall operate or manipulate any vessel, tow rope or other device by which the direction or location of water skis, a surfboard, or similar device may be affected or controlled in such a way as to cause the water skis, surfboard, or similar device, or any person thereon to collide with or strike against any object or person.

SECTION 13. (a) The Oklahoma Planning and Resources Board may authorize the holding of regattas, motorboat or other boat races, marine parades, tournaments or exhibitions on any waters of this state. It shall adopt and may, from time to time, amend regulations concerning the safety of motorboats and other vessels and persons thereon, either observers or participants. Whenever a regatta, motorboat or other boat race, marine parade, tournament or exhibition is proposed to be held, the person in charge thereof shall, at least fifteen (15) days prior thereto, file an application with the Oklahoma Planning and Resources Board for permission to hold such regatta, motorboat or other

race, marine parade, tournament or exhibition. The application shall set forth the date, time and location where it is proposed to hold such regatta, motorboat or other boat race, marine parade, tournament or exhibition, and it shall not be conducted without authorization of the said administering agency in writing. Provided, the provisions of this subsection shall not apply to water reservoirs or lakes owned by incorporated cities and towns.

(b) The provisions of this section shall not exempt any person from compliance with applicable federal law or regulation, but nothing contained herein shall be construed to require the securing of a state permit pursuant to this section if a permit therefor has been obtained from an authorized agency of the United States.

SECTION 14. (a) The provisions of this act and of other applicable laws of this state shall govern the operation, equipment, numbering and all other matters relating thereto whenever any vessel shall be operated on the waters of this state, or when any activity regulated by this act shall take place thereon; but nothing in this act shall be construed to prevent the adoption of any ordinance or local law relating to the use on municipally-owned water reservoirs or lakes of state-licensed vessels or motorboats.

(b) The Oklahoma Planning and Resources Board is hereby authorized to make special rules and regulations with reference to the operation of vessels on any waters within the territorial limits of any subdivision of this state.

(c) The Oklahoma Planning and Resources Board is hereby authorized to make special rules and regulations with reference to the operation of vessels or motorboats on any waters of the state except those of municipally-owned water reservoirs or lakes. Incorporated cities and towns operating municipally-owned water reservoirs or lakes are

hereby authorized to make additional restrictive regulations than those provided in this act.

(d) Nothing herein shall prevent any officer, agency, board, commission or department of the State of Oklahoma, to the extent that he or it may be authorized by any other law of this state to make regulatory, restrictive, or prohibitive rules, regulations or orders relating to the operation or equipment of vessels upon any waters of this state, from making such rules, regulations or orders as are in addition to the regulations, restrictions and prohibitions provided in or promulgated under this act. The provisions of SECTION 13 of this act shall not be applicable to any waters over which any officer, agency, board, commission or department of the state, other than the Oklahoma Planning and Resources Board, has authority to make such rules, regulations or orders; and any special rules or regulations made under subsections (b) and (c) of this section shall be applicable thereto only when such other officer, agency, board, commission or department consents thereto in writing, a copy of which consent shall be filed together with such special rules and regulations as provided by SECTION 16 of this act.

SECTION 15. The owner of a vessel shall be liable for any injury or damage occasioned by the negligent operation of such vessel, whether such negligence consists of a violation of the provisions of the statutes of this state, or the violation of any municipal ordinance, or neglecting to observe such ordinary care and such operation as the rules of the common law require. The owner shall not be liable, however, unless such vessel is being used with his or her express or implied consent. It shall be presumed that such vessel is being operated with the knowledge and consent of the owner if, at the time of the injury or damage, it is under the control of his or her

spouse, father, mother, brother, sister, son, daughter, or other immediate member of the owner's family. Nothing contained herein shall be construed to relieve any other person from any liability which he would otherwise have, but nothing contained herein shall be construed to authorize or permit any recovery in excess of injury or damage actually incurred.

SECTION 16. A copy of the regulations adopted pursuant to this act, and of any amendments thereto, shall be filed in the office of the Oklahoma Planning and Resources Board and in the office of the Secretary of State. Rules and regulations shall be published by the Oklahoma Planning and Resources Board in a convenient form.

SECTION 17. The Oklahoma Planning and Resources Board, and any of its officers or employees designated by it, shall have the authority to enforce the provisions of this act, and in the exercise thereof shall have the authority to stop and board any vessel subject to this act. Each member of the Oklahoma Planning and Resources Board and each employee thereof is hereby invested with all the powers and authorities of sheriffs in making arrest and in the prosecution of all violations of this act or rules or regulations promulgated thereunder.

SECTION 18. The administration and enforcement of this act upon the waters under the jurisdiction of the Grand River Dam Authority are vested in the Grand River Dam Authority; and said authority, and its em-

ployees, shall, except as otherwise provided in this section, have the same authority with respect to the enforcement and administration of this act upon such waters as are vested by this act in the Oklahoma Planning and Resources board with respect to the other waters of this state. Provided however, that said authority shall award numbers and certificates of number as the agent of the Oklahoma Planning and Resources Board, in accordance with the provisions of this act and with any rules and regulations of the said board, from blocks of numbers and certificates assigned to said authority by said board; and said authority shall remit all fees collected by it under this act to the State Treasury to be deposited in the Waterways Fund created by SECTION 20 of this act.

It is further provided that any provisions of the Grand River Dam Authority Act (Title 82, Section 875, O.S.A. 1951), which are in conflict with this act are repealed to the extent of such conflict. However, nothing herein shall interfere with, abrogate or limit the Grand River Dam Authority from exercising its powers, rights, privileges and functions not in conflict herewith.

SECTION 19. (a) Any person who violates any provision of SECTIONS 3, 4, 5, 8, 10 and 13 of this act or of any rule or regulation made pursuant thereto shall be guilty of a misdemeanor and shall be subject to a fine of not to exceed Fifty Dollars (\$50.00) for each such violation.

(b) Any person who violates any provision of SECTIONS 7 and 12 of this act shall be guilty of a misdemeanor and shall be subject to a fine of not to exceed One Hundred Dollars (\$100.00) for each such violation.

(c) Any person who violates any provision of SECTION 9 of this act shall be guilty of a misdemeanor and shall be subject to a fine of not to exceed Five Hundred Dollars (\$500.00), or im-

prisonment for not to exceed six (6) months, or both, for each violation.

SECTION 20. All fees collected under this act shall be paid into a revolving fund in the State Treasury, hereby created, to be designated as the "Waterways Fund," which fund may be expended by the Oklahoma Planning and Resources Board in administering and enforcing the provisions of this act, and for any other lawful purpose of the Oklahoma Planning and Resources Board.

SECTION 21. Immediately after the effective date of this act, it shall be the duty of the Oklahoma Planning and Resources Board to forward a certified copy thereof to the Secretary of the Department of the United States in which the United States Coast Guard is operating, with the request that it be approved as a state system for numbering vessels under the provisions of the Federal Boating Act of 1958 (Public Law 85-911, 8th Congress).

SECTION 22. The provisions of this act shall be severable and if any section, subsection, sentence or clause of this act is for any reason held to be invalid, such holding shall not affect the validity of the remaining portions thereof.

SECTION 23. The provisions of this act are declared to be cumulative to existing laws:

SECTION 24. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

**MEMORANDUM TO
SENATOR CHARLES WILSON AND
SENATOR DON BALDWIN**

Section 33, Article 5 of our State Constitution is in part as follows:

"* * * No revenue bill shall be *passed* during the five last days of the session."

It is my personal view that if a revenue bill which arose in the House is *passed* by the House on third reading and final roll call, as provided in Section 34 of Article 5, and sent to the Senate, and said bill, without being amended, is then *passed* by the Senate on third reading and final roll call, and the date of said Senate roll call is *not within* "the five last days of the session," which bill is later enrolled and signed by the presiding officers of each House, as provided in Section 35 of Article 5, and said enrolled bill *shows on its face the date it was so passed in the House and also the date it was so passed in the Senate*, and said bill is thereafter transmitted to the Governor, signed by him and filed in the office of the Secretary of State, same will be a valid law, *that is*, in so far as the provisions of Section 33, Article 5 are concerned.

In my view the fact that a motion to reconsider said final vote in the Senate is filed and not defeated until some day within the last five days of the session, would not invalidate the bill.

It is also my view that when the bill was *passed* on third reading and final roll call in the Senate, it had passed the Legislature, although subject, under the rules of the Senate, to a later reconsideration and defeat. However, if the bill is not defeated on reconsideration, the vote on third reading and final roll call of the Senate prevails as to the date of its passage.

In this connection attention is called to the case of *Goddard v. Kirkpatrick*,

193 Okla. 92, 141 P. 2d 292, the syllabus of which is as follows:

"An enrolled bill duly filed in the office of the Secretary of State as the law provides *imports absolute verity* and the same cannot be impeached by the legislative journals. It is not competent to show by the journals that the act was not regularly passed, but when such an act is called in question the courts look to the enrolled bill only."

MEMORANDUM ON COMPUTATION
OF "DAYS" WITHIN THE MEANING
OF SECTION 33 OF ARTICLE
5, AND SECTIONS 11 AND 12 OF
ARTICLE 6 OF THE CONSTITUTION
OF OKLAHOMA.

Section 33, Article 5

Section 33, Article 5 of the Oklahoma Constitution is in part as follows:

"* * * No revenue bill shall be *passed* during the *five last days* of the session."

In an opinion dated March 30, 1943, addressed to the Honorable W. G. Hughes, Chairman, Legal Advisory Committee, House of Representatives, the Attorney General construed the above-quoted provisions, and in this connection held:

"With reference to the questions asked in your letter, namely: When is a bill considered passed; what constitutes a day of the session, and * * * how long and to what hour would it be necessary for the Legislature to remain in session in order that a bill comply with the provision of the Constitution which requires that a revenue bill must not be *passed* during the five last days of the session, we are enclosing herewith a copy of a former opinion of this office addressed to Honorable Tom Anglin, Speaker of the House of Representatives, dated April 14, 1933, the last paragraph of which reads as follows:

"Inasmuch as the above quoted language of Section 33, supra, is very similar to the constitutional provisions construed in the above mentioned cases, the Attorney General is of the opinion that the words "the five last days of the session" means the *five last legislative days of the session and that hence neither Sundays nor days on which neither house of the legislature is in session are included therein.*'

"With reference to when a revenue bill is 'passed' within the meaning of that word as used in Section 33, Article 5, Oklahoma Constitution, we believe that it is *passed* when it is voted on by each House under the provisions of Section 34, Article 5, Oklahoma Constitution, which reads as follows:

'Every bill shall be read on three different days in each House, and no bill shall become a law unless, on its final *passage*, it be read at length, and no law shall be *passed* unless upon a vote a majority of all the members elected to each House in favor of such law; and the question, upon final *passage*, shall be taken upon its last reading, and the yeas and nays shall be entered upon the journal.'

"Section 35, Article 5, Oklahoma Constitution, reads as follows:

'The presiding officer of each House shall, in the presence of the House over which he presides, sign all bills and joint resolutions *passed* by the Legislature, immediately after the same shall have been publicly read at length and the fact of reading and signing shall be entered upon the journal, but the reading at length may be dispensed with by a two-thirds vote of a quorum present, which vote, by yeas and nays, shall also be entered upon the journal.'

"Under this last section bills which have been *passed* are required to be read at length and signed by the presiding officer of each House in the presence of the House over which he presides. There is no authority to sign

a bill under * * * Section 35, unless it has been *passed* by both Houses.* * *"

Sections 11 and 12, Article 6

Sections 11 and 12, Article 6 of the Oklahoma Constitution are in part as follows:

"§ 11. * * * If any bill or resolution shall not be returned by the Governor *within five days (Sundays excepted)* after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall not become a law without the approval of the Governor. No bill shall become a law after the final adjournment of the Legislature, unless approved by the Governor *within fifteen days after such adjournment.*

"§ 12. Every bill passed by the Legislature, *making appropriations of money embracing distinct items*, shall, before it becomes a law, be presented to the Governor; if he disapproves the bill, or any item, or appropriation therein contained, he shall communicate such disapproval, with his reasons therefor, to the house in which the bill shall have originated, *but all items not disapproved* shall have the force and effect of law according to the original provisions of the bill. * * *"

The above sections were construed by the Supreme Court of Oklahoma in the case of *McAlester v. Oklahoma Tax Commission*, 174 Okla. 322, 50 P. 2d 647, the syllabus of said case being as follows:

"1. Section 12, article 6, of the Constitution applies *exclusively to bills making appropriations of money embracing distinct items.*

"2. Under section 11, article 6, of the Constitution, a bill *other than as referred to in section 12, supra*, enacted by the Legislature not presented to the Governor and retained by him for *five days, Sundays excepted*, before the ad-

journalment of the Legislature, and not affirmatively approved by him *within 15 days from the adjournment of the Legislature*, is not a completed legislative act, and is therefore ineffective.

"3. The term 'days,' contained in said section of the Constitution, means '*calendar days.*'"

"4. House Bill No. 29 (article 11, chapter 66, Session Laws 1935), levying an excise tax on gasoline, providing a basis upon which the tax must be computed, and further providing for the distribution of said tax, is *not exclusively a bill making appropriations of money embracing distinct items*' within the purview of section 12, article 6, of the Constitution, and said bill having been presented to the Governor less than five days, Sundays excepted, from the date of adjournment of the Legislature, and not having been affirmatively approved by the Governor, the same did not become a completed legislative enactment, and did not become effective."

FOR THE BASIS OF PROPERTY RECEIVED BY BEQUEST, DEVISE OR DESCENT: AMENDING SUBSECTION (d) OF SECTION 876, TITLE 68, O. S. 1951 AS AMENDED, WHICH PROVIDES AN OPTIONAL METHOD OF COMPUTING THE TAX IN THE CASE OF CERTAIN INDIVIDUALS BY REPEALING THE STATUTORY TABLE AND PROVIDING FOR THE PREPARATION OF TABLES BY THE OKLAHOMA TAX COMMISSION; PROVIDING FOR SEVERABILITY; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. Section 1. Section 883, Title 68, O. S. 1951, as amended be and is hereby amended to read as follows:

(a) For the purpose of ascertaining the gain derived, or loss sustained, from the sale or other disposition of property, real, personal, or mixed, the basis shall be the cost thereof, except:

(1) In the case of property which is, or should be included in an inventory, the basis shall be the last inventory value thereof;

(2) In the case of property acquired by gift, or pursuant to transfer in trust, the basis shall be the same as it would be in the hands of the donor or last preceding owner by whom it was not acquired by gift and who paid an adequate consideration in money or money's worth, except that for the purpose of determining loss the basis shall be the basis so determined, or the fair market value of the property at the time of the gift, whichever is lower;

(3) In the case of property acquired by bequest, devise or descent, the basis shall be the fair market value thereof when acquired; *except property such as accounts receivable, livestock and farm products raised for sale, which in the hands of the decedent represented unrealized income shall retain the same character and the same basis as if in*

the hands of the decedent. If the estate from which the bequest, devise or devolution is taken is subject to an Oklahoma estate tax, the value placed upon the property in the Commission's order assessing estate taxes shall constitute the basis for determining gain or loss.

(4) In the case of property acquired by a partnership and the basis is not otherwise determined under any other provision of this Section, then the basis shall be the same as it would be in the hands of the transferor, increased in the amount of gain or decreased in the amount of loss recognized to the transferor upon such transfer under the law applicable to the year in which the transfer was made. If the property was distributed in kind by a partnership to any partner, the basis of such property in the hands of the partner shall be such part of the basis in his hands of his partnership interest as is properly allocable to such property.

(b) In the case of property acquired prior to January 1, 1931, and disposed of thereafter:

(1) No profit shall be deemed to have been derived, if either the cost (or other basis as provided in Subsection (a) of this Section) or fair market value on January 1, 1931, exceeds the value realized;

(2) No loss shall be deemed to have been sustained if either the cost (or other basis as provided in Subsection (a) of this Section) or fair market on January 1, 1931, is less than the value realized;

(3) Where both the cost (or other basis as provided in Subsection (a) of this Section) and the fair market value on January 1, 1931, are less than the value realized, the basis for computing profit shall be the cost (or other basis as provided in Subsection (a) of this Section) or other fair market value on January 1, 1931, whichever is higher; and

(4) Where both the cost (or other

basis as provided in Subsection (a) of this Section) and the fair market value on January 1, 1931, are in excess of the value realized, the basis for computing loss shall be the cost (or other basis as provided in Subsection (a) of this Section) or the fair market value on January 1, 1931, whichever is lower.

(c) In computing the amount of gain or loss under Subsections (a) or (b):

(1) Proper adjustment shall be made for any expenditure, receipt, loss or other item, properly chargeable to capital account; and

(2) The basis shall be diminished by the amount of the deductions in respect of such property, for exhaustion, wear and tear, obsolescence, amortization and depletion, which, since the acquisition of the property, have been (a) allowed (but not less than the amount allowable) under this Act or prior income tax laws, and (b) sustained from the date of acquisition to January 1, 1931, and during such other periods as the property was located outside the State of Oklahoma; provided, however, that in case of depletion the diminution shall not exceed the cost or other basis of the property, adjusted as provided in paragraph (1) of this Subsection; and

(3) In the case of stock in corporations, the basis shall be further diminished by the amount of distributions previously made in respect of such stock, which were applicable in reduction of basis.

(d) (1) The amount realized from the sale or other disposition of property shall be the sum of any money received, plus the fair market value of the property (other than money) received; and the taxable gain or deductible loss shall be the difference between such amount and the basis provided in Subsection (a) and (b) adjusted as provided in Subsection (c).

(2) In the case of an individual the

following percentages of the gain or loss recognized upon the sale or other disposition of a capital asset (computed under the provisions of Subsection (a) adjusted as provided in Subsection (c)) shall be taken into account in computing net income:

One hundred per centum (100%) if the capital asset has been held for not more than eighteen (18) months;

Sixty-six and two-thirds per centum (66 2/3%) if the capital asset has been held for more than eighteen (18) months but not for more than twenty-four (24) months;

Fifty per centum (50%) if the capital asset has been held for more than twenty-four (24) months.

Provided that, in the case of property acquired prior to January 1, 1931, and disposed of thereafter, the individual may at his option report the gain thereon under the provisions of this Subsection or Subsection (b). Provided further that, in the case of a loss, the amount allowable shall be that computed under the provision of this Subsection or Subsection (b), whichever is lower.

(e) Upon the sale or exchange of property, the entire amount of the gain or loss (except as provided in paragraph (2) of Subsection (d) of this Section) shall be recognized, except in the case of reorganization, merger, consolidation, liquidation of a wholly owned subsidiary corporation, or the organization of a corporation, the stock or securities received shall be considered to take the place of property transferred, and no gain or loss shall be deemed to arise therefrom, if immediately after the exchange the same person or persons are in control of the corporation, and the stock or securities received by each is substantially in proportion to his interest in the property prior to the exchange. In the case of any tax free reorganization, merger, con-

solidation, liquidation of a wholly owned subsidiary corporation, or organization of a corporation, as herein provided, the basis for determining profit or loss upon the sale or disposition of the property shall be the same in the hands of the transferee as it was in the hands of the transferor.

(f) The basis upon which exhaustion, wear and tear, and obsolescence are to be allowed in respect of any property shall be the same as that provided in this Section, for the purpose of determining the gain or loss from the sale or other disposition of such property.

(g) When property other than cash is distributed by a corporation in payment of a dividend other than a dividend or distribution in liquidation, the profit or loss that arises in so disposing of such property shall be that of the corporation and shall be measured by the difference between the fair market value of such property at the time of such disposition and the cost, or other basis as provided in this Section.

(h) Amounts distributed in complete liquidation of a corporation shall be treated as in full payment in exchange for the stock, and amounts distributed in partial liquidation of a corporation, shall be treated as in part or full payment in exchange for the stock. The gain or loss to the distributee resulting from such exchange shall be determined under the provisions of this Section.

(i) If any distribution (not in partial or complete liquidation) made by a corporation to its shareholders is not a dividend, then the amount of such distribution shall be applied against and reduce the cost or other basis of the stock provided in this Section, and if in excess of such basis, such excess shall be taxable in the same manner as a gain from the sale or exchange of property.

(j) The amount actually distributed or made available to any distributee by any Employee's Trust as referred to in Section 884 (D) (5), shall be taxable to him in the year in which so distributed or made available under Section 878 (b) (2) as if it were an annuity the consideration for which is the amount contributed by the employee, except that if the total distributions payable with respect to any employee are paid to the distributee within one (1) taxable year of the distributee on account of the employee's separation from the service, the amount of such distribution to the extent exceeding the amounts contributed by the employee shall be considered a gain from the sale or other disposition of a capital asset held for more than twenty-four (24) months.

(k) The gain realized upon the sale or exchange of property used by the taxpayer as his principal residence, on or after January 1, 1953, shall be recognized only to the following extent:

(1) In the case of sale, to the extent that the selling price exceeds the purchase price of another residence in this State and used by the taxpayer as his principal residence and which new residence is acquired not more than twelve (12) months preceding or twelve (12) months after the date of such sale, or to the extent of the cost properly chargeable to capital account expended within eighteen (18) months from the date of such sale in the construction of a new residence in this State to be used as the principal residence of the taxpayer;

(2) In the case of an exchange of a personal residence for a new residence in this State to be used as the principal residence of the taxpayer, only to the extent that the selling or exchange price of the old residence exceeds the cost or exchange price of the new residence;

(3) If the taxpayer during the period herein provided purchases or acquires

more than one residence which is used by him as his principal residence within one (1) year after the date of sale of the old residence, only the last of such residences so used by him after the date of such sale shall constitute the new residence;

(4) The provisions of this Subsection will not relieve any taxpayer of the necessity of scheduling in his return for the taxable year in which a sale or exchange may be made, showing a description of the property sold, or exchanged, the cost or other basis thereof, date acquired, date of sale and the amount received. If the taxpayer intends to acquire a new residence in this State after the close of the taxable year but within the time herein provided, it shall be so shown in his return and he shall, at the time of the expiration provided, file with the Commission the legal description and cost of any new residence acquired and used by the taxpayer as his principal residence.

(5) The basis of any residence acquired shall be the cost thereof reduced by such portion of the unrecognized gain upon the sale or exchange of the taxpayer's old residence under the provisions of this Subsection.

(1) A person who regularly sells or otherwise disposes of personal property on the installment plan may return as income therefrom in any taxable year that proportion of the installment payments actually received in that year which the gross profit realized, or to be realized when payment is completed, bears to the total contract price.

In the case (1) of a casual sale or other casual disposition of personal property (other than property of a kind which would properly be included in the inventory of the taxpayer if on hand at the close of the taxable year), for a price exceeding One Thousand Dollars (\$1,000.00), or

(2) of a sale or other disposition of real property, if in either case the ini-

tial payments do not exceed thirty per centum (30%) of the selling price, the income may, under regulations prescribed by the Oklahoma Tax Commission, be returned on the basis and in the manner above prescribed in this subsection. As used in this Subsection the term "initial payments" means the payments received in cash or property, other than evidences of indebtedness of the purchaser during the taxable period in which the sale or other disposition is made. Provided, however, there shall be accrued in the final return of any deceased individual the balance of the gain as of the date of death.

(m) (a) The gains and losses upon the sale of livestock, other than poultry, regardless of age, held by the taxpayer for draft, dairy, or breeding purposes, and held by him for twelve (12) months or more from the date of acquisition shall be computed on the basis provided by Subsection (d), (1) of this Section (§883). If the gains from such sales exceed the losses, only fifty per centum (50%) of the excess thereof shall be taken into account in computing net income. If the losses from such sales exceed the gains, one hundred per centum (100%) of the excess thereof shall be taken into account in computing net income.

(b) The provisions of this Act shall apply only to the sale or other disposition of livestock made subsequent to December 31, 1956.

(n) (1) In the case of sale of livestock composing a foundation herd, which livestock had for a period of not less than twelve (12) months been continuously located within an area which at the time of sale was within a drought disaster area, the gain realized thereon shall be considered a gain on the sale or other disposition of capital asset held for more than twenty-four (24) months.

(2) If within a period of twelve (12) months from the date of termination of the drought disaster area in which the livestock was located, all or a por-

tion of the proceeds received from such sale shall be reinvested in livestock to form another foundation herd consisting of livestock of a sex, grade and quality similar to that sold, to be located and kept at the situs of the original herd, an amended return for the year in which the sale occurred may be filed excluding the proceeds of such sale to the extent reinvested in the new foundation herd. The basis of the new herd shall be the cost thereof reduced by the unrecognized gain reflected by the amended return.

(3) "Foundation herd" as used in this Subsection shall mean bulls, cows, heifers, heifer calves, rams, ewes, ewe lambs, boars, sows or sow pigs used or intended to be used for breeding purposes in the maintenance and development of a herd of livestock.

(4) "Drought disaster area" as used in this Subsection shall mean any area which has been designated as such by the Secretary of Agriculture of the United States Department of Agriculture.

(5) The provisions of this Act shall apply to all sales affected by this Subsection on or after January 1, 1957.

(o) (1) If a gain as defined by Subsection (e) of this Section is the result of property involuntarily converted after January 1, 1959, due to its destruction in whole or in part, theft, seizure, or requisition or condemnation or threat or imminence thereof, and the property is replaced by the purchase of other property similar or related in service or use to the property so converted, or not less than eighty per centum (80%) of the stock of a corporation owning such similar property, and such acquisition is made within one (1) year after the close of the taxable year in which any part of the gain upon conversion is first realized, shall at the election of the taxpayer, be recognized in the following manner:

(A) If the property is replaced dur-

ing the taxable year, the recognized gain shall be limited to that portion of the proceeds not so reinvested, or;

(B) If the property is not replaced within the taxable year, the entire gain shall be recognized, but if during the year following the close of the taxable year such reinvestment is made, then an amended return may be filed by the taxpayer limiting the recognized gain as provided by paragraph (A).

(2) The provisions of this Subsection shall apply only when the property is replaced with property having a taxable situs in this State.

(3) For purposes of this Subsection, if property lying within an irrigation project is sold or otherwise disposed of in order to conform to the acreage limitation provisions of federal reclamation laws, such sale or disposition shall be treated as an involuntary conversion to which this Subsection applies.

(4) For purposes of this Subsection, if livestock are destroyed by or on account of disease, or are sold or exchanged because of disease, such destruction or such sale or exchange shall be treated as an involuntary conversion to which this Subsection applies.

(5) The basis of property acquired through replacement under the provisions of this Subsection shall be the cost thereof reduced by the unrecognized gain on the sale of the converted property.

SECTION 2. Subsection (d) of Section 876, Title 68, O. S. 1951 as amended, be and is hereby amended to read as follows:

(d) (1) In the case of persons married and living together at the close of their taxable year including the year in which occurs the death of either spouse, where such taxable year covers the same period, such individuals may at their option file a joint return and when such option is exercised, the combined tax shall be twice the tax de-

All money in said Sinking Fund at the end of any fiscal year in excess of a sum equal to all principal and interest coming due in the next succeeding fiscal year shall be used to call and redeem such bonds as may be redeemed prior to maturity. All bonds issued pursuant to this Act shall have all the qualities and incidents of negotiable paper, and said bonds and interest thereon shall not be subject to taxation by the State of Oklahoma or any county, municipality or political subdivision therein.

At the same time that the said consent and agreement in writing of the State Depository Board shall be executed as herein directed and required, the State Treasurer of the State of Oklahoma, also for and on behalf of the State of Oklahoma as the sole owner of all outstanding State of Oklahoma Public Building Bonds, hereby is directed and required also to execute said consent and agreement in his official capacity; and the State Treasurer of the State of Oklahoma thereupon shall deliver said fully executed consent and agreement to the State of Oklahoma Building Bonds Commission.

§ 57.5 (a) The State Treasurer of the State of Oklahoma, by and with the approval and direction of the State Depository Board, is hereby authorized and required to purchase from the Commission at private sale, all or any

part of said bonds, or interim bonds, as an investment of the public monies in his possession. In the event of such sale or sales, the Commission shall determine and fix the rate of interest the bonds so sold shall bear, such rate of interest not to exceed the maximum hereinbefore authorized. All interest earned by such bonds as are held by the State Treasurer pursuant to such investment shall, as collected, be paid into the General Revenue Fund in the State Treasury.

In such event, the Commissioners of the Land Office shall, to the extent necessary to carry out the provisions of this subsection, sell and liquidate such of their investments as they may constitutionally sell and liquidate, and shall purchase such bonds with the proceeds thereof. All State of Oklahoma Building Bonds purchased by the Commissioners of the Land Office under the provisions of this subsection shall provide for a rate of interest equal to the average interest yield of the securities sold and liquidated to make such purchase, but in no event more than two and one-half per cent (2 1/2%) per annum.

(c) In the event any or all of the bonds are sold to the State Treasurer under the provisions of subsection (a) hereof and thereafter the uninvested cash on hand and in solvent banks should fall short of demand orders on the State Treasury, it shall be the duty of the State Treasurer to so report to the State Budget Director for confirmation and to the State Depository Board for au-

(d) If the Commissioners of the Land Office cannot purchase said bonds as offered by the State Treasurer as provided in subsection (c) hereof, it shall be the further duty of the State Treasurer to publish, advertise and, on the date given in the notice, sell at not less than par and accrued interest, to the highest and best bidder for cash, only so many of the bonds as will enable the State to meet such demand orders, provided, however, in lieu of so selling such bonds at the market, the State Treasurer and the Commission, with the approval of the State Depository Board may agree to the refunding of part or all of such bonds, in accordance with the method and procedure for refunding provided in this Act.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

WHEREAS, Pursuant to the provisions of the Amendment to Section 23, Article 10, Oklahoma Constitution, adopted March 11, 1941, the State Board of Equalization on January 5, 1959, made its original estimate of the revenues to accrue to the General Revenue Fund and each special fund of the State, for the fiscal years ending June 30, 1960 and June 30, 1961; and

The Constitution of the State of Oklahoma further provides that the cash surplus, if any, from the preceding fiscal year, in the hands of the State Treasurer, to the credit of any fund which has not been previously appropriated by the Legislature at the time the estimate is made, may be added to the estimate. In this connection attention is called to the provisions of House Bill No. 30, Regular Session, Twenty-first Legislature, creating the Emergency Appropriation Fund. Said Bill provides in part as follows: "Upon the passage of this Act it shall be the

duty of the State Board of Equalization to make an estimate of the revenue which will accrue in the Emergency Appropriation Fund during the current biennium, by reason of transfers of revenues and surpluses to said Fund by this Act and any other laws in force at the time such estimate is made."

SPECIAL FUNDS. The Constitution, Section 23, Article 10, provides that "any Department, Institution or Agency of the State, operating on revenues derived from any law or laws which allocate the revenues thereof to such Department, Institution or Agency, shall not incur obligations in excess of the unencumbered balance of surplus cash on hand". This provision eliminates the necessity of making specific appropriations for earmarked revenues appropriated to Special Funds

which operate as a continuing appropriation. The Legislature makes appropriations for certain governmental functions out of Special Funds which do not operate as continuing appropriations. The amounts that can be appropriated from these funds are indicated in the following statements.

Such roster shall be ordered printed by the board and paid for out of the funds herein appropriated for the operation of this Act. On or before the first day of August of each year, the board shall submit to the Governor a report of its transactions for the preceding year, and shall file with the Secretary of State a copy of such report, together with a complete statement of receipts and expenditures of the board attested by the affidavit of the chairman and secretary, and copy of said roster of licensed contractors.

SECTION 10. APPLICATION FOR LICENSE — FEE — EXAMINATION — ISSUANCE AND RECORDING OF CERTIFICATE — FAILURE TO RECORD — FEE FOR RECORDING — REFUND OF FEE — RE-EXAMINATION — ANNUAL LICENSE FEE. Any person, firm, partnership or corporation, other than members selected by the Governor as hereinbefore provided, hereafter desiring to be licensed as a contractor in this State shall make and file with the board thirty days prior to any regular or special meeting thereof a written application, duly verified, for a license on such form as may then be by the board prescribed, said application to be accompanied by a certified check in the sum of Two Hundred Dollars (\$200.00) payable to the Public Contractors' Licensing Board. If said application complies with the board's rules and regulations and the board is satisfied as to the qualifications in all respects of the applicant, it may issue to

the applicant a certificate to engage in public contracting in the State of Oklahoma. If the board is not satisfied as to the qualifications of the applicant, it may require an examination to determine his, their or its qualifications. If the result of the examination of any applicant shall be satisfactory to the board, then the board shall issue to the applicant a certificate to engage in public contracting in the State of Oklahoma. Any person thus receiving a certificate of license from the board shall forthwith have it recorded in the office of the Secretary of State, and the date of recording shall be evidenced thereon. Until the license is recorded, the holder thereof shall not exercise any of the rights or privileges therein conferred, and, in case such license is not recorded within sixty days from the date of its issuance, it shall become invalid. The Secretary of State shall be paid a fee of One Dollar (\$1.00) for recording said certificate, and shall keep in a book to be provided by him for that purpose a complete list of certificates of license recorded by him, together with the date of each, and the date of recording. Any applicant failing to pass the examination may be re-examined at any regular meeting of the board upon payment of regular fee.

All certificates of license to engage in the business of contracting in the State of Oklahoma shall expire the last day of June following the issuance or renewal thereof, and shall become invalid on that day unless renewed. A fee of Two Hundred Dollars (\$200.00), payable at the time of filing the application, shall be assessed against each applicant and thereafter an annual renewal license fee to be determined by the board, but not to exceed One Hundred Fifty Dollars (\$150.00), shall be paid by each licensee to defray the costs and expenses of the administration of this Act.

SECTION 11. QUALIFICATIONS FOR HOLDING LICENSE — APPEAL

FROM BOARD. The board in determining the qualifications of any applicant for original license, or any renewal license, shall, among other things, consider the following: (a) experience, (b) ability, (c) character, (d) the manner of performance of previous contracts, (e) financial condition, (f) equipment, (g) any other fact tending to show ability and willingness to conserve the public health and safety, and (h) default in complying with the provisions of this Act or any other law of the State; provided that in no event shall the requirements for licenses of any nonresident contractor be less in any particular than that required of an Oklahoma contractor doing business in the state of residence of said applicant. No license shall be issued to a foreign corporation which has not complied with the State laws requiring qualifications to do business in this State, nor to any foreign corporation which has not maintained an office in this State for at least ninety days preceding the making of an application for a license, and no license shall be issued to any individual, firm, partnership, or company that is not a resident of the State of Oklahoma for ninety days, unless such person, firm, partnership, or company has continuously maintained an office in the State of Oklahoma for at least ninety days preceding the filing of an application for a license; provided, however, that the board may issue a license at any regular or special meeting to specialty contractors, without regard to residence qualifications, whenever a showing is made that there are less than five contractors operating in the State of Oklahoma licensed to do the type of specialty contracting involved in a particular application. A record shall be made and preserved by the board of each examination of applicant or licensee, and the findings of the board thereon and a certified copy of the record shall be furnished to any applicant or licensee desiring to appeal from the findings of

said board, as hereinafter provided, upon payment of the costs of transcribing such record.

SECTION 12. LIMITATIONS ON LICENSE. The board shall have the power to limit the license to that character of work for which the applicant is qualified.

SECTION 13. REVOCATION OF LICENSE AFTER NOTICE AND HEARINGS — REISSUANCE — REPLACEMENT OF CERTIFICATES. The board shall have the power to revoke the certificate of license of any contractor licensed hereunder who is found guilty of any fraud or deceit in obtaining a license or for gross negligence, incompetence or misconduct in the conduct of his, their or its business. Any person may prefer charges of such fraud, deceit, negligence, or misconduct against any contractor licensed hereunder. Such charge shall be in writing and sworn to by the complainant and mailed to the board. Such charges, unless dismissed without hearing by the board as unfounded or trivial, shall be heard and determined by the board within thirty days after the date on which they were made. A time and place for such hearing shall be fixed by the board and held in the city of Oklahoma City, Oklahoma County, Oklahoma. A copy of the charges, together with the notice of the time and place of hearing, shall be considered as legally served by the board when sent to the last known address of the accused by registered mail, at least ten days before the fixed date for the hearing, and, in the event that such service cannot be effected ten days before such hearing, the date of hearing and determination shall be postponed as may be necessary to permit the carrying out of this condition. At said hearing the accused shall have the right to appear personally and by counsel, and to cross-examine witnesses against him, them or it, and to submit evidence in his, their or its behalf and

defense. If after said hearing the board finds the facts as alleged and of such character as to disqualify the licensee, the board shall revoke the license of the accused, but in such event no refund shall be made of the license fee. The board may, within its discretion and upon proper application or hearing, re-issue a license to any person, firm or corporation whose license has been revoked. The board shall immediately notify the Secretary of State of its findings in the case of a revocation of a license, or of a reissuance of a revoked license. A certificate of license to replace any certificate lost, destroyed or mutilated may be issued subject to the rules and regulations of the board.

SECTION 14. SIGNIFICANCE OF CERTIFICATE.—The issuance of a certificate of license by this board shall be evidence that the person, firm or corporation named therein is entitled to all of the rights and privileges of a licensed public contractor while the said license remains unrevoked or unexpired.

SECTION 15. PENALTIES FOR OPERATING WITHOUT CERTIFICATE OR GIVING BOARD FALSE EVIDENCE.—Any contractor who, for a fixed price, commission, fee or wage, attempts to or submits a bid or bids to construct, or contracts to construct, or assumes charge, in a supervisory capacity or otherwise, of the construction, erection, alteration or repair, of any public work as defined in this Act, when the cost of the work to be done by the contractor, including but not limited to labor and materials, is Five Thousand Dollars (\$5,000.00) or more, without first having procured a license to engage in the business of contracting in this State, or who shall present or file the license certificate of another, or who shall give false or forged evidence of any kind to the board, or any member thereof, in obtaining a certificate of license, or who shall impersonate another, or who shall use an expired or revoked

certificate of license, shall be deemed guilty of a misdemeanor, and shall be liable to a fine of not less than One Hundred Dollars (\$100.00) or more than Two Hundred Dollars (\$200.00) for each offense, each day to constitute a separate offense. No action may be brought either at law or in equity to enforce any provision of any contract entered into in violation of this Act. The doing of any Act or thing herein prohibited by any applicant or licensee shall in the discretion of the board constitute sufficient grounds to refuse a license to an applicant or to revoke the license of a licensee.

SECTION 16. PROSECUTIONS—SUFFICIENCY OF INDICTMENT.—In all prosecutions for violations of the provisions of this Act for engaging in the business of contracting without a certificate of authority, it shall be sufficient to allege in the indictment, affidavit or complaint that "A. unlawfully engaged in business as a public contractor, without authority from the Public Contractors' Licensing Board so to do."

SECTION 17. EXEMPTIONS.—The following shall be exempted from the provisions of this Act; the practice of contracting as defined in Section 2 of this Act by an authorized representative or representatives of the United States Government, State of Oklahoma, incorporated town, city or county or other political subdivision in this State, and provided further that this Act shall not prevent the State of Oklahoma or any county, city, town or other municipal subdivision from requiring bidders to qualify before submitting bids or proposals for public works. Provided further that if any provision, or condition, contained in this Act shall conflict with any provision of the Federal Law, or any rule or regulation made under the Federal Law pertaining to Federal aid contracts, then such provision of this Act as is in conflict with such Federal Law, rule or regulation shall not

apply on such Federal aid contracts, to the extent that such conflict exists, but all provisions of this Act with which there is no such conflict, shall apply to such Federal aid contracts.

SECTION 18. ENJOINING UNLAWFUL PRACTICE OF CONTRACTING.—When any contractor not being licensed by this board in accordance with the provisions of this Act shall engage, or attempt to engage, in the business of contracting as herein defined, the board shall have the right to go into the proper court in the jurisdiction in which the work is being performed and upon affidavit secure a writ of injunction, without bond, restraining and prohibiting the said contractor from performance of the work then being done, or about to commence.

SECTION 19. INFORMATION CONCERNING NECESSITY OF LICENSE TO ACCOMPANY INVITATIONS TO BID.—All architects and engineers preparing plans and specifications for work to be contracted in the State of Oklahoma shall include in their invitation to bidders and in their specifications a copy of this Act, or such portions thereof as are deemed necessary to convey to the invited bidder, whether he is a resident of this State or not, the information that it will be necessary for him to have evidence of a license before his bid is considered.

SECTION 20. BIDDING UPON PUBLIC WORK, ELIGIBILITY AND REQUIREMENTS.—Before any bid is submitted for public work as herein defined, the bidder must be a licensed public contractor and hold a certificate issued by the State Licensing Board for Public Contractors which is presently in effect and such bidder shall also have maintained an office within the State of Oklahoma for a period of not less than ninety days immediately preceding the date of the submission of such bid. The license number of such bidder shall also appear on the outside of the envelope

containing the bid. No bid shall be opened, considered or accepted unless it meets the requirements as herein set forth.

SECTION 21. All resident and non-resident contractors and partnerships, having one or more partners who are now residents of the State of Oklahoma, or corporate contractors not organized under the laws of the State of Oklahoma must pay all taxes due the State of Oklahoma and the county wherein said work was performed before receiving final payment due under a contract for construction. A certificate from the Oklahoma Tax Commission and a certificate from the County Treasurers of the counties wherein the work was located certifying that all such taxes have been paid shall constitute proof of such fact.

SECTION 22. DECISIONS OF BOARD REVIEWABLE.—Any party aggrieved by any decision of the Public Contractors' Licensing Board shall have the right to seek review thereof by filing a petition, within thirty days from the finding made by said board, in the District Court of Oklahoma County, Oklahoma, in which said aggrieved party shall set out in what respect the adverse action of the board complained of is erroneous and prejudicial, and shall request the court to review the record of the findings of said board. Upon trial duly had, the record of the examination and hearing by the board shall be reviewed by the District Court, and at the conclusion thereof the court shall either uphold the action of the board or shall direct the granting of the application for license denied, or the reinstatement of the license revoked, as the case may be, from which an appeal may be taken either by the applicant or by the board to the Supreme Court as in other cases.

SECTION 23. The provisions of this Act are severable, and if any part or provision hereof shall be void, the de-

cision of the court so holding shall not affect or impair any of the remaining parts or provisions of the Act.

AN ACT RELATING TO COUNTIES; PROVIDING A UNIFORM METHOD FOR DETERMINING THE SALARIES OF COUNTY OFFICERS AND THEIR EMPLOYEES AND THE NUMBER OF THE LATTER; MAKING THE PROVISIONS OF THIS ACT EFFECTIVE AS EARLY AS PERMISSIBLE UNDER THE CONSTITUTION; MAKING PROVISIONS OF ACT SEVERABLE; REPEALING 19 O. S. 1951, SECTIONS 179.2, 179.3, 179.4, 179.8, 179.9, 179.10 AND 179.11, CHAPTERS 6A, 6A-a, 6A-b, 6A-c AND 6A-d, TITLE 19, PAGES 68 TO 75 INCLUSIVE, OKLAHOMA SESSION LAWS 1953, CHAPTERS 6Aa, 6Ab, 6Au, 6Aab, 6Aac, AND 7A, TITLE 19, PAGES 94, 95, 104, 106, 107, AND 112, OKLAHOMA SESSION LAWS 1957, AND ALL OTHER ACTS OR PARTS OF ACTS, GENERAL OR SPECIAL, IN CONFLICT THEREWITH.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. The purpose of this act is to codify and revise the laws of the state relating to the salaries and wages of county officers and their deputies and employees, and to establish said salaries and wages by general law applicable throughout the state under a uniform schedule fixing such salaries and wages, and future increases and reductions thereof upon the following bases; (A) the available revenues of the sev-

eral counties out of which such salaries and wages may be paid, (B) the amount of services required to be performed, (C) the monetary value of such services in relation to that of nongovernmental services of similar nature in the areas wherein such services are performed; and (D) the relative amounts of services required of the various county officers, their duties and employees upon investigation and full consideration of the applicable facts. The Legislature has determined that the foregoing bases of such schedule graduations generally are cognate to the combination of the following factors: (a) The net valuation of all tangible taxable property of the county (total taxable valuation less homestead exemption allowances), hereinafter referred to as "service-ability" and (b) the population of the county, hereinafter referred to as the "service-load"; and that the application of said factors properly establishes a rational and relevant formula for uniformity of salaries and wages and of future increases and decreases thereof.

SECTION 2. The net total tangible property valuation for ad valorem tax purposes in each county, or service-ability factor, shall be determined from the county assessor's certificate of such valuations as filed with the excise board of the county for purpose of computation of ad valorem tax levies of each year, and no subsequent amendments thereto to effect an increase in such valuations shall have any effect for such year whatsoever.

SECTION 3. The population of each county, or service-load factor shall be determined from the announced population of counties of Oklahoma based on the Federal Decennial Census. No other census however authorized shall have any effect insofar as this act is concerned.

SECTION 4. For purposes of fixing salaries under this act county officers shall be grouped in the following classifications:

A. Enforcement officers or those charged with enforcing the laws relating to public peace and safety: the county attorney, the county sheriff, the county judge, and judges in courts of common pleas where established.

B. Tax and fee officials: the county treasurer, the county clerk, the court clerk, the clerk of the court of common pleas, the county assessor, the county superintendent of schools and the members of the board of county commissioners.

C. Other elective county officers.

SECTION 5. The basic salaries, upon which all salaries and future increases or decreases thereof shall be computed shall be as follows:

(a) In every county having a net valuation of all tangible taxable property, as defined in sections 1 and 2, of Ten Million Dollars (\$10,000,000.00) or less, the basic salary of each of the county officers named in group "A" shall be Three Thousand Two Hundred Dollars (\$3,200.00) per annum, the basic salary of each of the county officers named in group "B" shall be Three Thousand Dollars (\$3,000.00) per annum.

(b) In every county having a net valuation of all tangible taxable property, as defined in sections 1 and 2, of more than Ten Million Dollars (\$10,000,000.00) but not more than twenty Million Dollars (\$20,000,000.00). the basic salary of each of the county officers named in group "A" shall be Three Thousand Four Hundred Dollars (\$3,400.00) per annum, the basic salary of the county officers named in group "B" shall be Three Thousand Two Hundred Dollars (\$3,200.00.) per annum.

(c) In every county having a net valuation of all tangible taxable property, as defined in sections 1 and 2, of more than Twenty Million Dollars (\$20,000,000.00) but not more than Thirty Million Dollars (\$30,000,000.00) the basic salary of each of the county officers named in group "A" shall be

Four Thousand Four Hundred Dollars (\$4,400.00) per annum, the basic salary of each of the county officers named in group "B" shall be Three Thousand Three Hundred Dollars (\$3,300.00) per annum.

(d) In every county having a net valuation of all tangible taxable property, as defined in sections 1 and 2, of more than Thirty Million Dollars (\$30,000,000.00) but not more than Forty Million Dollars (\$40,000,000.00), the basic salary of each of the county officers named in group "A" shall be Four Thousand Eight Hundred Dollars (\$4,800.00) per annum, the basic salary of each of the county officers named in group "B" shall be Three Thousand Five Hundred Dollars (\$3,500.00) per annum.

A. To said basic salary, add

However, if the court fund of the county is not so found to be sufficient, but is found by said judge or judges to be sufficient to pay a portion of said balance, said portion shall be paid to the county attorney and county

judge from said court fund if said judge or judges issue an order to that effect to the court clerk; provided, however, that only such amounts in excess of Five Thousand Dollars (\$5,000.00) in court fund shall be used for salaries under this Act.

SECTION 8. (a) The officers named in groups "A" and "B" shall have such number of regular or technical deputies, assistants, investigators, evidence men, aides, stenographers, or reporters, technicians, undersheriffs, jailers, matrons, handwriting and fingerprint experts, probation officers, and/or juvenile officers, bailiffs, or other help, by whatever title the principal officer may ascribe to the duties or functions to be performed as authorized by law and clearly related to the proper accomplishment of lawful functions, whether on whole or part-time basis at such rates of salary or pay, subject to the provisions of this section as hereinafter set forth as the principal officer may propose and establish the need, and the county commissioners will approve, for the adequate accomplishment of the functions of the office and the performance of the duties imposed thereon by law, with due weight being given to employments on whole or part-time basis: Provided, that no such employments shall exceed the amount of lawful funds appropriated for such purpose.

(b) Each principal officer named in groups "A" and "B", except judges, shall designate of record in the office of the county clerk a first or chief deputy or assistant who shall be chargeable with all the duties of such principal officer, but subject to the direction of the latter; and such first or chief deputy or assistant shall carry on the duties of the office during the absence of the principal officer, or in the event of the death, removal or resignation of said principal officer until a successor shall have qualified. During periods of vacancy of the principal office, resulting from the death, removal or resignation

of the principal officer, the chief deputy or assistant shall be bonded in the same manner and in the same sum as required for the principal officer.

(c) The first or chief deputy or assistant to any officer, as authorized by subsection (b) of this section, shall receive a salary not to exceed ninety per cent (90%) of the salary of the principal officer; and if the principal officer be allowed more than one deputy or assistant, that person whom the principal officer shall designate as "second deputy" or "second assistant" shall receive a salary not to exceed eighty per cent (80%) of the salary of the principal officer; and the aforesaid salaries within said limitations shall be such amounts as the principal officer may propose and establish the need for, and the county commissioners will approve.

(d) No other deputy, aide, assistant or other person named in subsection (a) of this section may be paid a salary at a rate in excess of eighty per cent (80%) of the salary of the principal officer; and, subject to said limitation, the salary or rate of pay of such subordinate shall be determined by the principal officer and the county commissioners based upon the responsibility, risks, skills, training and experience required for such position and afforded by the subordinate: Provided that the eighty per cent (80%) limitation shall not apply to county officers employing technical help on a part-time, contract or wage basis within the amount of lawful appropriations for said purposes, by and with the consent and approval of the county commissioners.

SECTION 9. Following the passage of this Act, in all counties of this State having a population in excess of two hundred thousand (200,000), according to the 1950 or any succeeding Federal Decennial Census, all assistant county attorneys and deputy county attorneys shall be under the same restrictions relating to the private practice of law as is the county attorney; and provided

further that should any assistant county attorney draw a salary greater than fifty percent (50%) of the salary of the county attorney, or receive office space from the county except for official purposes, such assistant county attorney shall be under the same restrictions relating to the private practice of law as is the county attorney; provided further that it is the intent of this Act that no assistant county attorney may use any office space in any courthouse for the private practice of law.

SECTION 10. (a) It is hereby declared to be the intent of the Legislature that this Act shall be the comprehensive salary code for all counties of the state and no county officer in groups "A" or "B", or their assistants, deputies, or other employees by whatever title designated, shall receive any salary or wages except as provided in this Act, except that the county superintendent of schools may receive extra compensation as provided by the Oklahoma School Code.

(b) Notwithstanding any provisions of this Act to the contrary, no county shall appropriate or expend more than seventy-five percent (75%) of its total available revenue for current general fund purposes in any fiscal year, computed as required by the fourth proviso of section 289 (B), Title 68, O. S. 1951, for salaries and wages of the officers named in groups "A" and "B" and their assistants, deputies and employees by whatever title designated, as classified in section 4 of this Act. In the event that the total sum necessary to pay the salaries and wages of officers and their assistants, deputies and employees does exceed seventy-five percent (75%) of such total available revenue, then such total sum shall be reduced to an amount equal to seventy-five percent (75%) of such total available revenue, and the salary and wages of each officer, assistant, deputy and employee shall be reduced by that percentage of the authorized amount thereof which said total

reduction bears to the total authorized sum.

SECTION 11. The date on which changes in the salaries and rates of pay for county officers and their deputies, aides and assistants under this Act due to changes in population or valuation in any county shall take effect, shall be as of, on and after the first day of July of the fiscal year in the calendar year in which the Federal Decennial Census for the State of Oklahoma is announced, and in which the county assessor files his official certificate of total net assessed valuations of tangible properties for such year with the county excise board for the purpose of computing appropriations and levies for such year.

SECTION 12. It is hereby declared to be the intent of this Legislature that this Act shall become effective at the earliest possible moment under the provisions of the Constitution, but in any event shall become effective with respect to the salaries and wages of the assistants, deputies and employees of a particular officer at the same time that it shall become effective with respect to the salary of such principal officer.

SECTION 13. If any section, paragraph, sentence or phrase of this Act shall be declared unconstitutional or void for any reason by any court of final jurisdiction, such declaration shall not in anywise affect the remaining sections, paragraphs, sentences or phrases of this Act, but the same shall continue in full force and effect.

SECTION 14. Title 19, O. S. 1951, §§ 179.2, 179.3, 179.4, 179.8, 179.9, 179.10 and 179.11, Chapters 6A, 6A-a, 6A-b, 6A-c, and 6A-d, Title 19, pages 68 to 75 inclusive, Oklahoma Session Laws 1953, Chapters 6Aa, 6Ab, 6Au, 6Aab, 6Aac, and 7A, Title 19, pages 94, 95, 104, 106, 107 and 112, Oklahoma Session Laws 1957, and all other Acts or parts of Acts, general or special, in conflict herewith, are hereby repealed.

Senator Miskovsky introduced Mr. Stanley Draper, Managing Director of the Oklahoma City Chamber of Commerce, who made a very impressive talk.

Senator Ritzhaupt asked unanimous consent that the remarks of Mr. Draper be incorporated in the Journal, which was the order, and are as follows:

Mr. President and Gentleman
of the Senate:

It can be said of this, the first session of our Legislature of Oklahoma's second fifty years, that you gentlemen have been mindful of the welfare of all our people of our beloved Oklahoma. You have wrestled with many of the most vexing problems ever facing an Oklahoma Legislative body. You have taken time to inform yourselves of the pros and cons of issues before you—you have hammered out tough decisions on the anvil of debate. You have not been able to please every citizen.

It is very interesting to observe among our citizens what deep convictions they sometime have about things they know the least about on issues that have been before you. As time moves swiftly along, history will record, I believe, that this session of our Legislature has made tremendous contri-

butions to the accelerating forward march of progress of our great state, and you may look back on your decisions with real pride.

According to newspaper, radio and television reports you good people seem to be getting awfully tired of one another. Let me assure you, please, that Oklahoma City is not tired of you, not even since you have been collecting just \$3.00 a day for your labors.

As you return home, drive carefully and come back to see us when you can.

Senator Cowden was recognized and spoke in high praise of President Pro Tempore Garvin, as a man of patience, a firm believer in fair play; that he had the assets necessary to make him a fine President Pro Tempore and that he, himself, believed the good Lord had sent such a man as Senator Garvin to lead; that the Senate was deeply indebted to him and as a token of love and affection presented to him, on behalf of the Senate, a lovely sterling cigarette box.

Mr. Frank Truel, Sergeant-at-Arms, on behalf of the Senate employees, presented to President Pro Tempore Garvin a sterling silver covered vegetable dish.

In response, President Pro Tempore Garvin expressed his appreciation for the gifts, adding that this experience had been the most outstanding of his life; that he felt it would enable him to better cope with problems; that he was thankful to the members for the opportunity to grow as he believed he had; that he deeply appreciated their patience and that if he, at any time, had offended any member it was not intentional. He particularly paid tribute to the employees of the Senate for their cooperation.

Senator Easterly was recognized and after speaking of Senator Wilson (Beckham), Senate Majority Floor Leader, as a very close friend, a man of great in-

tegrity and diligence, who had been extremely fair and had done an outstanding job as Majority Floor Leader, presented to him, on behalf of the Senate, a lovely marble topped coffee table.

Mr. W. M. Thompson, Comptroller, on behalf of Senate employees, presented Senator Wilson (Beckham) with a beautiful watch.

Senator Wilson (Beckham) responded by saying he had not found the job of Majority Floor Leader as difficult as he had expected due to the cooperation of the entire Senate; that he had enjoyed working so closely with President Pro Tempore Garvin and Assistant Floor Leader, Senator Tom Payne. He expressed his appreciation for the help given by Senate employees, and told the Senate and its employees he was very appreciative of the lovely gifts

Senator Harris was recognized and, after speaking of the Assistant Floor Leader, Senator Tom Payne, as a "man of his word", loyal to his friends, presented to him, on behalf of the Senate, a pair of Binoculars.

Mr. O'Neal, Senate Calendar Clerk, on behalf of the Senate employees, presented to Senator Payne a lovely watch.

In response, Senator Payne said he had enjoyed the privilege of serving as Assistant Floor Leader, that he respected the members for their views, and was grateful for the experience. He also thanked Senate employees for their help. Senator Payne expressed sincere thanks for the lovely gifts from the Senate and its employees.

Senator Grantham was recognized and presented Mrs. Payne with a lovely orchid.

Senator Fine was recognized and expressed the Senate's admiration for the Dean of the Senate, Senator Ritzhaupt, who, he said, had served as a member of the Senate for almost a quarter of a century and along with his work as a Surgeon had devoted his life to public

service; that he had been a great help in matters of public health and his counsel to members had been invaluable, following which, on behalf of the Senate, he presented to Senator Ritzhaupt a clock radio.

Senator Ritzhaupt thanked the members for the very fine gift and said he had only done his duty; that this particular session had had before it the most difficult problems of any session in which he had served and that it would go down in history as one of the greatest.

Senator Dacus was recognized and, on behalf of the Senate, presented Mrs. Ritzhaupt with a beautiful orchid.

Senator Breeden, on behalf of the Senate, presented to Senator Morford, Minority Floor Leader, a piece of luggage.

Mr. O'Neal, on behalf of the Senate employees, presented to Senator Morford a clock radio.

Amendment No. 1. Strike all of Section 4 and insert in lieu thereof the following:

"SECTION 4. (a) The owner of each vessel requiring numbering by this State shall file an application for number with the Planning and Resources Board on forms approved by it. The application shall be signed by the owner

of the vessel and shall be accompanied by a fee based on the following schedule, such fees shall be in addition to any municipal tax or license, and in addition to the county ad valorem tax; and the owner of any motor of more than ten (10) horse power which is to be used in or on a vessel in this state required to be numbered shall secure a Certificate of Title for the same, upon forms approved by the Planning and Resources Board, and based upon the following schedule of fees; provided, however, that one Certificate and Registration Number shall be issued for all in-board boats, which shall show the serial number of the engine, and such other necessary information ordinarily contained upon a Certificate of Title:

Upon receipt of the application in approved form, the Planning and Resources Board shall enter the same upon the records of its office and issue to the applicant a certificate of number

stating the number awarded to the vessel and the name and address of the owner, and in the case of an application for a Certificate of Title for a motor shall issue to the applicant a distinctive certificate containing the serial number of the motor and such other pertinent information as will distinctively identify it. The owner shall place on or attach to each side of the bow of the vessel the identification number in such manner as may be prescribed by rules and regulations of the Planning and Resources Board, in order that it may be clearly visible. The number shall be maintained in legible condition. The certificate of number shall be pocket size and shall be available at all times for inspection on the vessel for which issued, whether such vessel is in operation.

(b) All fees collected by the Planning and Resources Board under the provisions of this Act shall be paid into a revolving fund in the State Treasury, hereby created, to be designated as the "Waterways Fund," which fund shall be expended by the Planning and Resources Board in administering and enforcing this Act, and for the expenses of a water safety educational program.

(c) The owner of any vessel already covered by a number in full force and effect which has been awarded to it pursuant to then operative federal law or a federally approved numbering system of another state shall record the number prior to operating the vessel on the waters of this State in excess of the ninety (90) day reciprocity period provided for in Section 6 (1) of this Act. Such recordation shall be in the manner and pursuant to the procedure required for the award of a number under subsection (a) of this Section, except that no additional or substitute number shall be issued.

(d) Should the ownership of a vessel or motor change, a new application form with fee shall be filed with the Planning

and Resources Board and a new certificate of number or title shall be awarded in the same manner as provided for in an original award of number.

(e) In the event that an agency of the United States Government shall have in force an over-all system of identification numbering for vessels within the United States, the numbering system employed pursuant to this Act by the Planning and Resources Board shall be in conformity therewith.

(f) All records of the Planning and Resources Board made or kept pursuant to this Section shall be public records.

(g) The Planning and Resources Board shall issue any certificate of number or certificate of title directly.

(h) Certificates of number issued pursuant to this Act shall continue in full force and effect for a period of one (1) year unless sooner terminated or discontinued in accordance with the provisions of this Act. Certificates of number may be renewed by the owner in the same manner provided for in the initial securing of the same.

(i) Certificates of number for boats and Certificates of Title for outboard motors shall continue in full force and effect so long as the applicant therefor shall own the same continuously and upon transfer of ownership of said boat or outboard motor the outstanding Certificate of Title shall be surrendered with an application for a new title; provided that failure to pay the license fees provided in this Act from year to year shall invalidate said certificates. Upon proper proof of lost title being made to the Planning and Resources Board, accompanied by an application therefor and the required fee, a duplicate title shall be issued to said applicant by the Planning and Resources Board.

(j) Payment of the license fees provided by this Act shall cover the period of time from April first (1) of each calendar year to March thirty-first (31) of the next calendar year; provided,

however, that the first certificates of number or title issued hereunder shall not be required to be purchased by the owner of any boat or outboard motor for a period of ninety (90) days after the passage and approval of this Act and same shall be in full force and effect from date of purchase until April 1, 1961. The dealers license required hereunder shall be necessary and required to be purchased within ten (10) days after the passage and approval of this Act and shall be effective until April 1, 1961. The Planning and Resources Board shall issue satisfactory evidence of the payment of said license fees to the applicant which shall be kept with the Certificate of Number and the Certificate of Title in order that the validity thereof may be determined by the enforcement authorities.

(k) The owner shall furnish the Planning and Resources Board notice of the transfer of all or any part of his interest other than the creation of a security interest in a vessel numbered in this State pursuant to Subsections (a) and (c) of this Section, or of the destruction or abandonment of such vessel, within fifteen (15) days thereof. Such transfer, destruction, or abandonment shall terminate the Certificate of Number for such vessel, except that in the case of a transfer of a part interest which does not affect the owner's right to operate such vessel, such transfer shall not terminate the Certificate of Number.

(l) The license fees herein provided shall supersede all other license fees charged by the State of Oklahoma or any department or agency thereof and same shall charge no other fee."

Amendment No. 2. Insert a new Section after Section 15 to be known as Section 16 as follows, to-wit:

"SECTION 16. In an action in any court of this state, arising out of injury to person or property caused by any watercraft while operating in the

The venue of such an action shall be the county in which the damage occurred and the presence of such watercraft and the doing of said damage within the territory comprising the State of Oklahoma, together with the subsequent removal of said watercraft from the jurisdiction of the State of Oklahoma, shall constitute a waiver by the owner or operator thereof of any objection to the venue of such an action commenced in a proper court of this state."

AND RENUMBER ALL SUCCEEDING SECTIONS.

Amendment No. 3. By adding a new Section to be known as Section 23 as follows, to-wit:

(b) Any subdivision of this State may, at any time, make formal application to the Planning and Resources Board for special rules and regulations with reference to the operation of ves-

The responsibility for administering this Act shall be vested in the Department.

SECTION 3. When used in this Act and unless a different meaning is clearly

apparent from the language or context:

(a) "Alcoholic" means a person who has lost the power of self-control with respect to the use of alcoholic beverage, and who uses alcoholic beverage to an excess that endangers his welfare, health or safety and/or the welfare, health or safety of his family or the public.

SECTION 4. The Director shall have the duty to establish an Alcoholic Unit of not more than forty (40) beds at the Central State Griffin Memorial Hospital at Norman, Oklahoma, and an Alcoholic

Unit of not more than six (6) beds at the Taft State Hospital at Taft, Oklahoma. These Units will serve all counties of the State, Superintendents of institutions at which Alcoholic Units are established shall have the same powers and duties in the operation and administration of these Units as are set forth in the Mental Health Law, and physicians, nurses, social workers, and other personnel necessary for the operation of these Units shall be appointed in the same manner provided by the Mental Health Law.

SECTION 5. Any person who is an alcoholic to a degree warranting institutional care and treatment, and who is not in confinement on a criminal charge, and who has no criminal charges pending against him, may be admitted to an institution for care and treatment if a vacancy exists in the alcoholic unit of the institution designated by the Director to serve the county of such person's residence, by either of the following procedures: (a.) Voluntary admission, or (b.) Court certification.

The forms to be used in such a proceeding shall be prescribed by the Director. An "Alcoholic Commission" shall be appointed by the court in the same manner and shall function in substantially the same manner as the Sanity Commission prescribed by the Mental Health Law, as amended. A patient who fails to return from a visiting status shall be deemed to have escaped.

SECTION 13. Escape and leave without permission shall have the same meaning under this Act. When a person committed to an institution under this Act escapes from the institution, the Superintendent may either discharge, grant convalescent leave, or request the return of such escaped person, depending on the condition of the patient at time of escape. The Superintendent shall notify the committing court which of these three actions he has taken, and, in the event the return of the escaped person is requested, the Superintendent shall also notify the law enforcement officials of the county wherein the institution is situated and the law enforcement officials of the county of residence of the escaped person. Thereupon, it shall become the duty of all law enforcement officials to apprehend the escaped person and notify the Superintendent that he is in custody. It shall be the duty of the sheriff of the county where such person is in custody to transport the escapee to the institution. The expenses of the sheriff shall be deemed to be incurred on official business and he shall be entitled to reimbursement for such expense (travel, subsistence and meals) from funds appropriated to the sheriff from the general fund of the county.

Provided, that the first two clinics to be established shall be located at Oklahoma City and Tulsa. The Director shall appoint a Clinic Director, who shall be a well qualified physician with psychiatric training, and should be experienced in the treatment of alcoholics. The Clinic Director shall appoint, with the approval of the Director, such other personnel as are necessary for the proper operation of the clinic.

SECTION 19. The Clinic Director shall have sole discretion, subject to rules and regulations of the Department, in receiving patients for treat-

ment in the clinic, in determining the method of treatment, and in discharging a patient from the care of the clinic.

SECTION 20. The Board, on recommendation of the Director, shall establish a schedule of fees to be charged persons served by out-patient clinics, based on the type of service rendered and the ability of the person and/or those legally liable for the support of such person to pay. Funds received under this Section shall be deposited in the Revolving Fund for the Department of Mental Health established by the Mental Health Law, as amended. All deposits shall be used to maintain and operate out-patient clinics, in the same manner and for the same purposes as appropriated funds. Provided, no person shall be denied treatment in an out-patient clinic solely because of inability of such person or those legally liable for his/her support to pay the fees authorized by this Section.

SECTION 21. The Department is authorized, and has the duty and responsibility to maintain a continuous alcoholic research program, as defined by this Act. All research projects will be approved by the Director prior to the expenditure of funds therefor. Such allocation shall indicate the amount allocated to each clinic, and the cost of operating each clinic shall be accounted for separately. The Director shall appoint the personnel necessary for the operation of these clinics, in accordance with the provisions of this Act, and shall fix their duties and compensation. The Director may incur other expenses necessary to operation of the clinics, including the leasing of quarters.

SECTION 24. The Mental Health Board shall allocate to institutions at which an alcoholic unit has been established by this Act sufficient funds for proper operation of the unit.

SECTION 27. The provisions of this Act are severable, and if any part or provision hereof shall be void, the decision of the court so holding shall not affect or impair any of the remaining parts or provisions of this Act.

SECTION 28. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

"COMMITTEE ON BUSINESS AND INDUSTRY"

AMENDMENT NO. 2. Amend En-grossed Senate Bill No. 121, Page 1, the **TITLE** thereof, by striking all of said **TITLE**, the **ENACTING CLAUSE** and **SECTIONS 1** and **2**, and in lieu there-for insert the following:

AN ACT RELATING TO WEIGHTS AND MEASURES; AMENDING SECTION 3, SUBARTICLE C, ARTICLE 5, CHAPTER A, TITLE 2, PAGE 36, OKLAHOMA SESSION LAWS 1955 (2 O. S. SUPP. 1957, § 5-43); REQUIRING CERTAIN MARKINGS ON COMMODITIES OFFERED OR EXPOSED FOR SALE, SOLD, OR KEPT FOR SALE; DESIGNATING THE FORM AND MANNER OF SAID MARKINGS; PRO-

VIDING FOR STANDARDS OF FILL; PROHIBITING CERTAIN PRACTICES; AUTHORIZING THE STATE BOARD OF AGRICULTURE TO PROMULGATE RULES AND REGULATIONS; PROHIBITING INTERFERENCE WITH ANY AUTHORIZED AGENT OF THE STATE BOARD OF AGRICULTURE; PROVIDING FOR CERTAIN GRADES; MAKING CERTAIN EXCEPTIONS; PROVIDING A PENALTY; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. Section 3, Subarticle C, Article 5, Chapter A, Title 2, Page 36, Oklahoma Session Laws 1955 (2 O. S. Supp. 1957, § 5-43), is hereby amended to read as follows:

Section 3. It shall be unlawful to keep for the purpose of sale, or to offer or expose for sale, or sell, any commodity in package form unless the net quantity of the contents be plainly and conspicuously marked on the outside of the package, in terms of weight, measure or numerical count. * * * *It shall be unlawful to keep for the purpose of sale, or to offer or expose for sale, or sell, any commodity in package form that was packaged or processed at the retail level, if such commodity is customarily sold by price per pound, unless the price per pound and the total price of the package be plainly and conspicuously marked on the outside of the package in such manner that it may be easily understood by a prospective customer. It shall be unlawful to keep for the purpose of sale, or to offer or expose for sale, or sell any commodity by numerical count (such as poultry or minute steaks) that is customarily sold on the basis of weight unless the minimum net weight of the commodity is also stated.*

When any meat is weighed at the time of sale, at the retail level, it shall be unlawful to offer or expose for sale

or sell such meat unless the price per pound and the total price of the meat be plainly and conspicuously marked on the outside of the container in such manner that it may be easily understood by a prospective customer. It is permissive, however, that these markings may be brief such as 50c lb. 1.00, or a line may be marked through the price per pound so long as such price per pound and the total price are both legible. It is further provided that if any container of meat sold at retail was further processed for the purchaser by trimming, removal of the bone, tenderizing, etc., after it had already been weighed, the total price of the contents of the container shall be construed to have been calculated, at the indicated price per pound, to include whatever waste might have occurred because of such processing and there shall be no requirement that the waste be included in the container, unless the customer so requests.

It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any commodity in package form if its container is so made, formed, or filled, or if it is so wrapped, as to mislead the purchaser as to the quantity of its contents; or to charge the purchaser in excess of the correctly calculated total price as based on the price per pound which was represented to such purchaser at time of sale, or if the contents of its container fall below the standards of fill prescribed by regulations promulgated as provided in this Section. For the effectuation of the purposes of this Section, the State Board of Agriculture is hereby authorized to promulgate regulations fixing and establishing for any commodity in package form a reasonable standard of fill of container. There shall be no violation of this subarticle, for any discrepancy between actual weight or volume at the time of sale to the consumer, and the weight marked on the container or between the fill of container

and the capacity of the container, if such discrepancy is due to unavoidable leakage, shrinkage, evaporation, waste, or causes beyond the control of the seller acting in good faith. The words "in package form" as used in this subarticle, shall be construed to include a commodity in a package, carton, case, can, box, barrel, bottle, phial, or other receptacle, or in coverings or wrappings of any kind, put up by the manufacturer, or when put up prior to the order of the commodity, by the vendor, which may be labeled, branded, or stenciled, or otherwise marked, or which may be suitable for labeling, branding, or stenciling, or marking otherwise, making one complete package of the commodity. The words "in package form" shall be construed to include both the wholesale and the retail package. Provided, that a box or carton or other package used for shipping purposes, containing a number of packages which are individually marked, as hereinbefore provided, shall not be required to bear the weight or measure or numerical count of the contents thereof. Provided, further, that for uses and purposes of this subarticle, the word "commodity" is hereby defined to mean and include only agricultural products.

It shall be unlawful to keep for the purpose of sale or to offer or expose for sale, or sell any prepackaged meats unless the date such meats were prepackaged is shown clearly on the outside of the package. Such requirement for dating shall apply to both the wholesale and the retail package. When the second or any subsequent Stop Sale Orders are issued against any firm within a consecutive six month period, in connection with a shortage of weight or an over-charge on any food item, a copy of a Stop Sale Order shall be posted on the front door of the firm involved. Such Stop Sale Order shall remain on said front door for a period of at least twenty-four hours and it shall be unlawful and a misdemeanor to re-

move or in any manner obliterate such Stop Sale Order until after expiration of said twenty-four hour period.

SECTION 2. § 2, Article 2, Chapter A, Title 2, Oklahoma Session Laws 1955, Page 96 is hereby amended to read as follows:

It shall be unlawful and a misdemeanor for any vendor of food to offer for sale, expose for sale, sell or advertise any food item, which is customarily sold on a basis of grade, unless the official Oklahoma or Federal grade is correctly stated in unabbreviated terms and if such food item is ungraded it shall be so stated, but the provisions of this Section shall not apply to those whose food sales consist only of food produced on their own land.

It shall be unlawful and a misdemeanor to offer for sale, expose for sale or sell any food item on grade unless the full correct and unabbreviated official grade is also stated.

SECTION 3. It shall be unlawful and a misdemeanor for any person, firm, or corporation to, in any manner, interfere with any authorized agent of the Board in carrying out any of the provisions of this Code. The term "interfere with any authorized agent of the Board" shall mean either oral restraint or abuse, acts, threats or physical obstruction.

SECTION 4. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

ENGROSSED HOUSE CONCURRENT RESOLUTION NO. 547—By Shoemake, Privett, McCune, Garrison and Wolf of the House and Herndon, Tipps, Harris, Cartwright (Seminole), Pitcher, Field, Berrong and Pazoureck, of the Senate.

A CONCURRENT RESOLUTION MAKING NOTE OF THE NEED FOR STUDY OF THE SPECIAL PROBLEMS OF URBAN AND RURAL AREAS, AND GOVERNMENTAL SUBDIVISIONS AND MUNICIPALITIES; AUTHORIZING AND DIRECTING THE EXECUTIVE COMMITTEE OF THE STATE LEGISLATIVE COUNCIL TO APPOINT A SPECIAL COMMITTEE FOR THE PURPOSE OF STUDYING SUCH PROBLEMS; REQUIRING REPORTS AND RECOMMENDA-

TIONS TO THE EXECUTIVE COMMITTEE OF THE STATE LEGISLATIVE COUNCIL ON OR BEFORE OCTOBER 1, 1960.

WHEREAS, the increasing urbanization of our population has engendered many special problems, both common and diverse, for the rural areas, small cities and towns, counties and metropolitan areas of this State inasmuch as the population gains realized by metropolitan areas have created grave problems for larger municipalities, and the loss of population in many areas has created equally grave social and economic problems for rural areas and the smaller cities and towns of this State; and

WHEREAS, the explosive increase in population in certain areas since World War II, coupled with strong shifts in population, has accelerated and aggravated these problems to the point that they have far outstripped the current means of coping with them provided by the Legislature; and

WHEREAS, there is therefore a vital and urgent need for a study of the social, financial, housing, transportation, governmental services, annexation, economic and other related problems, and the best means of ameliorating their effects.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE TWENTY-SEVENTH LEGISLATURE OF THE STATE OF OKLAHOMA, THE HONORABLE SENATE CONCURRING THEREIN:

SECTION 1. The Executive Committee of the Oklahoma State Legislative Council is hereby authorized and directed to create a special committee to be composed of five (5) members of the House of Representatives and four (4) members of the Senate for the purpose of delineating, analyzing and defining the problems caused by the

"This has been a long session and we can truthfully say that was because of the question which was decided April 7th. It was really difficult to get the session started until that had been settled. Considering that the session started then, this would go down as the shortest session in history. Although we have had differences of opinion in some instances, I am confident that these were due to honest and sincere opinions on both sides. I believe that history will record this as the most progressive and best session in the history of Oklahoma. That tribute belongs to the men who have battled it out here on the floor.

of service to you and to your constituents in the years to come."
