WHEREAS, the rodeo as an institution not only captures and re-enacts for the enlightenment and entertainment of posterity a vital segment of our rich Western cultural heritage, but also, and perhaps more importantly, it is an embodiment of the true spirit of that real American individualist—the Western pioneer—as he struggled for the mastery over the untamed, violent and sometimes overwhelming obstacles in his primitive environment; and

WHEREAS, Western history and folklore may contain no particular basis in fact for the contemporary Queen of the Rodeo, yet here again has developed an institution giving life and substance to an element of the incomparable character and integrity of the Western pioneer woman, whose life was graced by few material pleasures and whose sustenance was her indomitable spirit and faith; and

WHEREAS, something of this rich cultural heritage was re-created at the fifth annual Oklahoma Rodeo Queen contest, held in conjunction with the 22nd Annual Chickasha Rodeo, July 18 to 22, 1961, which brought together in friendly but determined competition a galaxy of our state's most radiant, charming, and capable young stars, to be judged on the basis of their horsemanship, their personality, and their appearance for the coveted crown of "Miss Rodeo Oklahoma of 1961"; and

WHEREAS, emerging victorious over determined, charming, and capable opposition, as "Miss Rodeo Oklahoma of 1961" and designated as Oklahoma's representative to the National Rodeo Queen Contest to be held at Las Vegas, Nevada, during November 28-30, 1961, was a lovely, personable, and graceful young horsewoman from Hugo and a student at the University of Oklahoma, Miss Betty Arnett, who personifies those noble pioneer qualities which have afforded the basis for our great state's march with progress.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE TWENTY-EIGHTH OKLAHOMA LEGISLATURE:

SECTION 1. That Miss Betty Arnett of Hugo, Oklahoma, be and is hereby officially commended and congratulated, upon behalf of an appreciative Oklahoma, in recognition of the innumerable outstanding qualities contributing to her selection over formidable opposition as "Miss Rodeo Oklahoma of 1961," on Saturday, July 22, 1961, at the 22nd Annual Chickasha Rodeo; and

SECTION 2. That the best wishes of this body be and hereby are extended to Miss

Arnett in the competition to be held for determination of a National Rodeo Queen at Las Vegas, Nevada, during November 28-30, 1961, a competition certain to bring further honors and acclaim to our state and to its lovely, talented and distinguished representatives and

SECTION 3. That this Resolution be spread upon the pages of the permanent Journal of the Senate and that a duly authenticated copy thereof be forwarded to Miss Betty Arnett, Hugo, Oklahoma, as a mark of the esteem and interest of this body.

RESOLUTION OF THE STATE BOARD OF EQUALIZATION

WHEREAS, Acting under the authority conferred upon it by Article 10, Section 23 of the Oklahoma Constitution as amended in 1941, the State Board of Equalization on December 20, 1960, made its original estimate of the revenues to accrue to the General Revenue Fund and each special fund of the State for each of the fiscal years ending June 30, 1962 and June 30, 1963; and

WHEREAS, Article 10, Section 23, Oklahoma Constitution, as amended in 1941, provides in part as follows:

" * * * Provided, However, that the Legislature may at any regular session or special session called for that purpose, enact laws to provide for additional revenues, other than ad valorem taxes, or transferring the existing revenues or surpluses from one fund to another, whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor and with the President of the Senate and the Speaker of the House of Representatives, and the amount of any increase or decrease resulting for any reason, from such laws shall be added to or deducted from each respective fund, as the case may be. The amount of such adjusted estimate shall be the maximum amount which can be appropriated for all purposes from any fund for each year. * * * and

WHEREAS, Thereafter, on June 5, 1961, This Board in accordance with its duty and authority so to do, revised and adjusted its original estimate of the revenues reasonably estimated to accrue to the General Revenue Fund and to the several special funds of the State for the fiscal years ending June 30, 1961 and June 30, 1963, respectively, and has filed said original estimate and revised and adjusted estimate with the Governor and with the President of the Senate, and the Speaker of the House of Representatives as provided by the State Constitution; and

State Board of Equalization
State Capitol Building
Oklahoma City, Oklahoma

Gentlemen:

The Constitution of the State of Oklahoma, Section 23, Article 10, requires the State Board of Equalization to make an itemized estimate of the revenues which will accrue to the General Revenue Fund and each Special Fund of the State for each year of the next biennium, and to file same with the Governor, President of the Senate, and Speaker

of the House of Representatives, prior to the convening of each Regular Session of the Legislature. You have complied with this requirement.

The Constitution provides that the amount of the estimate for each fiscal year shall not exceed the average total revenue which accrued to each fund for the three last preceding fiscal years. This Section further provides "that the Legislature may, at any Regular Session * * * enact laws to provide for additional revenue other than Ad Valorem Taxes or transferring the existing revenues or surplus from one fund to another whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor, President of the Senate, and the Speaker of the House of Representatives, and the amount of any increase or decrease resulting, for any reason, from such laws, shall be added to or deducted from each respective fund, as the case may be." The amounts apportioned to the General Revenue Fund for each of the three years involved and the maximum amount which may be estimated for each year of the next biennium is shown by the following statement.

The Constitution of the State of Oklahoma further provides that the cash surplus, if any, from the preceding fiscal year, in the hands of the State Treasurer, to the credit of any fund which has not been previously appropriated by the Legislature at the time the estimate is made, may be added to the estimate. In this connection attention is called to the provisions of House Bill No. 30, Regular Session, Twenty-first Legislature, creating the Emergency Appropriation Fund. Said bill provides in part as follows: "Upon the passage of this Act it shall be the duty of the State Board of Equalization to make an estimate of the revenue which will accrue in the Emergency Appropriation Fund during the current Biennium, by reason of transfers of revenues and surpluses to said Fund by this Act and any other laws in force at the time such estimate is made."

SPECIAL FUNDS. The Constitution, Section 23, Article 10, provides that "any Department, Institution or Agency of the State, operating on revenues derived from any law or laws which allocate the revenues thereof to such Department, Institution or Agency, shall not incur obligations in excess of the unencumbered balance of surplus cash on hand." This provision eliminates the necessity of making specific appropriations for earmarked revenues appropriated to Special Funds which operate as a continuing appropriation. SPECIAL COMMITTEE REPORT

Senator Fine, Chairman of the Research and Investigation Committee, appointed under Rule 24A and to which the subject matter of **SR 59** was referred, submitted the following Committee Report which was adopted upon his motion: Mr. President:

Pursuant to Senate Resolution No. 59 adopted by the Oklahoma State Senate on July 25, 1961, and referred to this committee on the same date, the committee, pursuant to call of the Chairman and after due notice, met at 4:45 p.m., July 25, 1961, in Room 428, Capitol Building. The Committee again met on July 27, 1961.

The following named witnesses appeared before the committee and testified:

Lawton L. Leininger and M. C. Conners, Members Oklahoma Tax Commission, and Sen. Yates Land, member of the Oklahoma State Senate from Tulsa County.

Your Committee reports, finds, and recommends:

Mr. Leininger stated that the appointment of Mr. Roy Deaton, whose appointment to the Excise and Equalization Boards of Tulsa County had been recommended to the Commission by Senator Land on May 31, 1961, had not been made because a question had been raised regarding his qualification to serve on said boards;

That said question pertained to an alleged "conflict of interest" between said Deaton and the City of Tulsa;

That the Commission has caused the matter to be investigated and the only possible basis for such possible conflict of interest rests on a certain contract between said Deaton and City of Tulsa, by the terms of which Deaton, whose principal business is property management, and who is a member of the "Institute of Certified Property Managers," agrees to collect rents and arrange for the making of any necessary repairs as regards certain residences and other structures located on property acquired by said City as a site for a civic center, all of which said structures except one have since been removed and the one remaining eventually will be removed;

That said Deaton's net income from said contract now is, and, for some time previous, has been approximately fifteen dollars (\$15.00) per month:

That said Deaton is performing said service for the City of Tulsa largely as an accommodation to the City and the compensation received therefor is more or less nominal and incidental;

That said Deaton has expressed a willingness and has agreed that if he is appointed to said Excise and Equalization Boards he will, if desired or required by the Oklahoma Tax Commission, terminate forthwith the aforesaid contract and the relationship created thereby;

That the only statutory qualifications prescribed for membership on said Boards are that the applicant

(a) be a freeholder of Tulsa County; and

(b) must not, during the two years preceding his appointment, have been an officer of the State of Oklahoma, the County of Tulsa, or any school district or municipal subdivision of said County;

That said Deaton meets all of said legal qualifications and is not disqualified from holding the office here in question;

That the alleged "conflict of interest" does not exist and Mr. Deaton, in the opinion of this Committee, is qualified to serve on the Boards in question;

This Committee recommends that the Oklahoma State Senate go on record as favoring the appointment of Mr. Deaton to the Boards in question and so recommends to the Oklahoma Tax Commission and that the said Commission be so advised forthwith.

Respectfully submitted,
Committee on Research
and Investigation

THE OKLAHOMA STATE SYSTEM OF HIGHER EDUCATION; PROVIDING LEGISLATIVE INTENT FOR ALLOCATION OF FUNDS TO NORTHEASTERN OKLAHOMA AGRICULTURE AND MECHANICAL COLLEGE; MAKING THE APPROPRIATIONS NON-FISCAL; MAKING PROVISIONS OF THIS ACT SEVERABLE; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. There is hereby appropriated to the Oklahoma State Regents for Higher Education, from the funds indicated, the following amounts:

	Fiscal Year Ending June 30, 1962	Fiscal Year Ending June 30, 1963
General Revenue Fund for the fiscal year ending June 30, 1962	\$25,000,000.00	
General Revenue Fund for the fiscal year ending June 30, 1963		\$25,500,000.00
Emergency Appropriation Fund for the fiscal year ending June 30, 1962	5,000,000.00	
Total	\$30,000,000.00	\$25,500,000.00

The amounts herein appropriated are to be used for allocation pursuant to Article XIII-A of the Oklahoma Constitution, to and among the institutions of higher learning comprising the Oklahoma State System of Higher Education, for educational and general operating budgets of constituent institutions, according to the needs and functions of each of said institutions.

SECTION 2. It is the intention of the Legislature that the funds appropriated by Section 1 of this Act shall be allocated to the constituent institutions on the basis of the present enrollment and services rendered considering the current budget and the funds received from all sources by institution together with the number of years of education provided. It is the further intent that if any funds appropriated by this Act are used for payment of

fringe benefits, as provided by Title 11, Section 16, Oklahoma Supplement 1959, at any State Institution of Higher Education, such benefits shall be extended to all State Institutions of Higher Education who receive any allocation of funds from the appropriations made by this Act, and to all employees under their supervision.

SECTION 3. It is the intent of the Legislature that the Oklahoma State Regents for Higher Education shall allocate sufficient monies from the appropriations made by Section 1 of this Act to pay the tuition for any Oklahoma students enrolled in the Speech and Hearing Clinic of the Oklahoma College for Women at Chickasha. This amount shall not be less than the sum of Fifteen Thousand Dollars (\$15,000.00) per year.

SECTION 4. It is the intent of the Oklahoma State Legislature that the Okla-

homa State Regents for Higher Education are authorized to cooperate and enter into agreements with the other Southern States in providing regional educational opportunities in the professional, technical, scientific and other education fields. This allocation shall not exceed the sum of Thirty-six Thousand Five Hundred Dollars (\$36,500.00) per year.

SECTION 5. "WHEREAS, scientific knowledge is exploding, population is overflowing, new nations are emerging. From developments in power, in transportation, communications, atmospheric control and many other factors a new world will envelope us within the next decade or so, and

WHEREAS, a revolutionary new world demands a re-evaluation in education — in size, in structure, in technique, in mission — and the mission of higher education will no longer be to prepare people for the world in which they live but for the world in which they will live, and

WHEREAS, higher education is critical to the survival of the people of a state.

THEREFORE, it is the conviction of the Legislature that to meet the challenge of this new world in public higher education in Oklahoma, and in consideration of expanding enrollments which are expected to double by 1970 with the obvious need for additional facilities, additional instructional staff, discovery of new and improved techniques of instruction and research, studies of the Oklahoma State System of Higher Education in every area of its responsibility should be initiated and vigorously pursued. It is the further judgment of the Legislature that this urgently needed study can best be made by the Oklahoma State Regents of Higher Education. It is therefore the intention of the Legislature that the sum of Seventy-Five Thousand Dollars (\$75,000.00) for each year of the biennium beginning July 1, 1961 be allocated from the appropriations made by Section 1 of this Act to be used by the Oklahoma State Regents for Higher Education in conducting the study herein

indicated. Such sum of Seventy-Five Thousand Dollars (\$75,000.00) for each year shall be available for services and expenses of professional staff, consultants and other relevant purposes in connection with such study which The Oklahoma State Regents for Higher Education may deem expedient and necessary.

SECTION 6. It is the intent of the legislature that the Oklahoma State Regents for Higher Education shall allocate to Northeastern Oklahoma Agriculture and Mechanical College the sum of Two Hundred Forty-four Thousand Dollars (\$244,000.00) to be computed on a pro rata basis equal to eight-tenths of one percent ($\frac{8}{10}$ of 1%) from those allocations to the constituent institutions made in House Bill No. 779, Twenty-eighth Session, Oklahoma Legislature, said allocation to be used for the acquisition of real property, including any buildings or structures thereon, for the purpose of expanding the grounds and facilities of such college to meet the demands and requirements for improved instruction and training of students and faculty members. Any funds so allocated may be used and expended in conjunction or in cooperation with any municipality, urban renewal authority, or federal agency or instrumentality under such terms and conditions as may be necessary to obtain grants of federal aid and assistance.

SECTION 7. The appropriations made by this Act shall not be subject to fiscal year limitations and shall be available for expenditure and encumbrance purposes for a period of thirty (30) months from the date this Act is approved.

SECTION 8. The provisions of this Act are severable, and if any part or provision hereof shall be held void, the decision of the Court so holding shall not affect or impair any of the remaining parts or provisions of this Act.

SECTION 9. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason

whereof this Act shall take effect and be in full force from and after its passage and approval.

COMMUNICATION

Senator Fine asked unanimous consent, which was granted, to have read and incorporated in the Journal the following communication:

July 28, 1961

Honorable Albert D. Lynn
General Counsel
Oklahoma Tax Commission
Capitol Office Building
Oklahoma City 5, Oklahoma
Dear Sir:

This is to acknowledge receipt of your letter of July 25, 1961, in which you request the Attorney General's opinion as to the eligibility of appointment to a county board of equalization or county excise board of a person who is under contract with a city in the county to rent and manage certain city property on a percentage basis, under the following provisions of 68 O. S. 1951 § 15.38:

"Provided, however, that no person shall be appointed to membership on said County Board of Equalization who is not a freeholder of the county where he is to serve and who is or has been at any time during the two (2) years preceding his appointment an **officer** of the State, county, school district or municipal subdivision. * * *"

"From and after the effective date of this Act, it shall be unlawful for any member of the County Board of Equalization or the County Excise Board to sell or contract to sell, or to lease or contract to lease, or

to represent any person, firm, corporation or association in the sale or the lease of any machinery, supplies, equipment, material, or other goods, wares, or merchandise to any county, city or town of the county. It shall also be unlawful for any member of the county board of equalization or the County Excise Board to serve as **employee, official, or attorney** for any county, city or town of the county, or for any such member to represent any taxpayer before his own board in any manner or to use his position as a board member, to further his own interests. * * *"

An examination of the contract, and amendment thereto, between the person you refer to and the city does not indicate that he is an "officer" of the city, and hence it is believed that he would not be disqualified from appointment to such board because of the provisions prohibiting the appointment of a person who within two (2) years has been an "officer" of a municipal subdivision.

The provisions prohibiting a member of a county board of equalization or county excise board to serve as "employee, official or attorney" for any city do not appear to deal with eligibility of any such member, but rather his services after appointment as a member of any such board.

The provisions as to sales, leases and contracts of the items specified likewise appear to apply to actions of a person after appointment to any such board, rather than to eligibility, and also do not appear to cover a contract to rent and manage city property.

Apparently the cited statute does not prohibit a relationship such as you mention. In this connection, your attention is invited to an opinion of this office dated September 13, 1960, addressed to Honorable Austin O. Webb, County Attorney, McIntosh County, Eufaula, Oklahoma, in which the Attorney General expressed the view that the cited statute is not violated where the board of county commissioners of the county rents a building from a person who is a

member of any such board, or where a building is rented by such person to the board of county commissioners.

Therefore, the Attorney General concludes that the contractual relationship of the person you mention with the city, whereunder he rents and manages city property on a percentage basis, does not make such person ineligible for appointment to the county board of equalization or county excise board.

Very truly yours,
FOR THE ATTORNEY GENERAL
J. H. Johnson
Assistant Attorney General

SPECIAL COMMITTEE REPORT

Senator Rogers, Chairman of the Special Committee appointed under **SR 9**, submitted the following Report, which was read:

**FINAL REPORT OF SENATE
ECONOMY COMMITTEE**

Mr. President and
Members of the Senate:

On January 19, 1961, the eleventh Legislative day of this session, the State Senate adopted Senate Resolution 9, which I introduced and thirty-one of my fellow Senators co-authored, and which authorized the appointment of a committee of five members of the Senate to examine the functions and operations of the various agencies, boards, bureaus, commissions and departments of the State of Oklahoma, to report its findings and make recommendations to the Senate and its appropriate committees with a view of reducing the cost of state government and a more efficient use of state revenues.

President Pro Tempore Collins honored me by naming me as chairman, and appointed Senators Baldwin, Cartwright, Garrison and Ritzhaupt as members of what has been called the "Senate Economy Committee." I would like to comment at this point on the persevering attention and effective energy which these four members devoted to the work of the committee.

At our organization meeting, it was decided that it would be appropriate for an economy committee to practice economy in its own operations and we have done just that. We have worked with a limited staff and with borrowed space and equipment, even borrowing the services for several weeks of two deputy examiners with the gracious consent of their department head, the Honorable John M. Rogers.

Both general and special questionnaires have been prepared and submitted to each agency, institution and department of state government, including both the office of Governor and the Supreme Court, and everyone generously, and at considerable trouble and inconvenience to their own officials we are sure, answered all our questions fully and in detail. The reports when assembled constituted a voluminous amount of informative material, and the hours of time consumed in digesting it must have made it appear to the Senate that the committee was making little headway.

Three men analyzed and summarized each report independently and the consensus of the information was transmitted, along with copies of the individual agency reports, to each member of the committee for his own study and conclusions. Senators will understand how tedious a task this was for members of the committee who were naturally busy with their own legislative work and on other committee assignments.

When the preliminary survey and study had been completed, the committee or-

ganized itself into sub-committees for the purpose of making a more intensive study and holding hearings on the five broad divisions or fields of government. Senator Garrison was assigned to the field of Common Schools, Senator Baldwin to Roads and Highways, Senator Ritzhaupt to Public Health and Welfare, Senator Cartwright to General Government, Public Safety and Defense, Conservation and Regulatory services, while I acted as sub-committee chairman for Higher Education.

As the Senate is aware, each of these sub-committees have made partial reports containing recommendations and suggestions to the Senate, as well as to appropriate standing committees of the Senate. It might be well to review briefly some of the more important of these suggestions. First, however, I would like to point out that committee recommendations, if enacted into law, would have enabled this session to have adopted a budget balanced on revenues within the estimates of the State Equalization Board of existing surplus and revenues to be available, providing an adequate program for schools, colleges, highways, mental health and general government, and for two million dollars of capital outlay, all without obligating the next session of the Legislature for one dime of any surplus which may be available to it, and properly and legally should be available to it, to appropriate as its discretion and needs of that time might dictate.

In the field of common school education, the committee recommended several minor changes in the school code and suggested others which would have saved more than \$12 million, yet have completely financed that part of the code relating to teachers salaries. The only suggestion of the committee which met with approval of the conference committee on appropriations was that of freezing operational aid and special education at the present figures. This resulted in savings of \$3.7 million. The committee also en-

dorsed **SB 217** by Senator Ritzhaupt to require all territory within the transportation areas of districts maintaining high-school to participate in the support of those highschools by ad valorem levies; **SB 422** by Senator Collins to increase the minimum number of ADA for high-schools to 55; **SB 325** by Senator Baldwin and others to require an adequate curriculum to be offered in all highschool districts. Only the latter of these met with Senate approval.

In the field of Higher Education, the committee recognized and called to the attention of the Senate, a problem which is increasing in intensity with each year. More college students enrolled in our publicly supported institutions are non-residents of Oklahoma than ever before; 6089 of them in October, 1960, and the percentage of increase in number of non-residents is greater than of resident students. The committee felt that since these non-resident enrollments are included in the formula upon which the regents for Higher Education base their request for appropriations of Oklahoma tax revenues, these students should be required to pay in additional fees at least the major portion of cost to the state for their education. These ideas were incorporated in **SB 363** by Senator Cartwright and others, which passed the Senate. The committee also criticized the formula for arriving at requirements in several other respects, noting possible savings of over \$6,000,000. This measure passed the Senate.

In the field of general government and welfare, other specific results also were secured. Four corrective institutions were transferred to the Welfare Department, saving the General Revenue fund \$1.4 million. This was done by **SB 316** by Senator Collins, which passed both houses and was approved by the Governor on July 6, 1961. The two orphanages at Pryor and Taft were also transferred earlier in the session.

Other recommendations which were not approved included the consolidation of the

tubercular hospital at Clinton with the one at Talihina, the transfer of the Oklahoma General Hospital at Clinton to a local group or organization for a nominal consideration, as was done in 1947 in the case of the McAlester General Hospital. These proposals would have saved \$800,000 to the General Revenue Fund.

The committee was successful in amending the appropriation bill for the Land Office Commission, to provide for \$150,000 formerly appropriated from general revenue being financed from special revolving funds of the agency. This was carried out by **SB 380** by Senator Cartwright and others.

The committee recommended the merger of the Salary Administration Board with the Merit System at a savings of \$60,000, which was approved.

In the field of Roads and Highways, the committee recommended to the Senate Roads and Highways Committee an amendment to **HB 936** by Wolf which added several new sections, placing certain restrictions on the purpose and objects of expenditure in the Highway Department. The Senate Committee on Roads and Highways adopted the amendments and the bill passed the Senate and House, but the Conference Committee has removed or relaxed several of the restrictions, particularly the limitation on salaries and granted a larger amount of general revenue fund appropriations.

However, for the first time since statehood, the highway appropriation bill is not a blank check or lump sum appropriation without restrictions. A construction program has been guaranteed, all federal funds which may foreseeably be made available can be matched, more than sufficient funds are guaranteed for all maintenance and special force account construction, and a few restrictions and safeguards remain in the bill which will prevent excessive costs of administration. A precedent has been set for the Legislature to exercise its proper prerogative of con-

trol of expenditures of earmarked as well as of general revenue funds.

To conclude, a score sheet of suggestions and recommendations carried out, in relation to those which failed to secure consideration or approval, may not be as impressive as many would desire or, indeed, that would be satisfactory to your committee, but the legislative process is a continuing one, and the Senate is a continuing body, so it is possible that some of the work of the committee may be of value in future sessions. At least that is the committee's hope.

Respectfully submitted,
Cleeta John Rogers, Chairman
Senate Economy Committee.
