Senate Journal

of the Twenty-Ninth Legislature of the State of Oklahoma

First Legislative Day, Tuesday, January 8, 1963

Pursuant to Article 5, Section 26 of the State Constitution, the Senate of the Twenty-ninth Legislature of the State of Oklahoma assembled in its Chamber at 12:00 o'clock noon, and was honored by a rendition of the song "Oklahoma" by a Choir from Langston University.

Due to the death of United States Senator Robert S. Kerr, on January 1, 1963, subsequent resignation of Governor J. Howard Edmondson, January 6, and succession to that important Post of State Government by Lieutenant Governor George Nigh, January 7, a vacancy in the Office of the President of the Senate thus existed.

In view of these extenuating circumstances, Senator Ham asked unanimous consent, which was granted, that Senator Harris, Democrat Caucus Chairman, serve as presiding officer until the official election of the President Pro Tempore of the Senate.

The official business was proceeded with, Senator Harris presiding.

The roll was called of the hold-over members of the Senate, resulting as follows:

Present: Baldwin, Belvin, Berrong, Boecher, Bohannon, Breeden, Colston, Fine, Garrison, Graves, Ham, Harris, Lollar, McClendon, Payne, Ritzhaupt, Rogers, Romang, Stevenson, Tipps, Wilson.

President Pro Tempore Boecher, in accepting the office of President Pro Tempore of the Senate for the 29th Legislature, delivered the following address:

Mr. President, Gentlemen of the Senate, My Friends:

First of all, I want to say "thanks". Thanks to you fellow senators whose friendship and support have made it possible for me to have this honor of serving you as President Pro Tempore of the Senate for this 29th session. I feel I would also like to express my appreciation to the people of my home district whose confidence has kept me in the senate for the past fourteen years, and made this honor possible. And thanks to my many friends of Kingfisher and Blaine Counties who have honored me by their presence here for the opening of this session. Would you folks from my district please stand at this time? . . . I do appreciate your support and encouragement. And **likely** I'll continue to need your help as the session progresses.

As leader of this senate, I feel you would expect me to have some specific objectives and goals . . . and, of course, I do have. However, time will not permit me to outline a detailed program (and this should await the incoming governor's message to the legislature, anyway), but there **are** several things I hope to accomplish with the help of my colleagues.

This session is going to have different problems than any previous legislature has had. We are, for example, going to have the unique experience of operating under the leadership of a Republican chief executive. This is going to put new emphasis on our capacities for cooperation. The election is over. We must work together in all things that are proper and in the public interest.

We are going to have to take a more statesmanlike view of our respective jobs. We are going to have to remind ourselves anew that we are public servants, elected to serve the people of Oklahoma with the best ability we possess.

Our major objective must be to keep the state going forward while living within a definite budget. We must face up, from the beginning of this session, to the fact we are not going to have any new revenue from new taxes; that we will have available only the funds which existing taxes and revenue sources will provide.

In this regard, we are confronted with a mandate of the people. A Democratic state has elected a governor who strongly pledged himself to oppose and reject any tax increase. We must accept this, and, with it, the challenge to move ahead with the resources available. We must be willing and prepared to seek out and stop leaks and waste wherever they are found, as a prerequisite to writing a progressive program that we can pay for.

First among the items of business to be considered by the senate and house is the matter of legislative reapportionment.. The urgency of this is emphasized by the action of a three-judge federal court, which has directed that this be accomplished in the first two months of this session.

We may be partly to blame for the situation in which we now find ourselves. We have until now failed to recognize that unless we do this job, and do it in a manner than will withstand the scrutiny of the Federal Court, that court, or other federal agencies, will do it for us.

There will be a delicate balance in meeting the requirements which will be imposed upon us, and yet to write a bill that will pass the two houses.

There is no other phase of our duties as senators which will challenge us more to set aside personal interests in favor of the interests of the state as a whole.

In helping to organize the senate for this session, I have tried to respect the seniority of its members. I feel this policy is right and should always be followed. Members who accomplish a long tenure of office do so only because they please and serve well the people who have elected them. But . . . having said that, I want to add that we must not ignore and neglect our freshman members.

This senate must not be run by a small group of senior members, but must put to work the newer members too, and gain the full value of their ideas, energy, and other potentialities. We must accord them the opportunity of experiencing a maturing "baptism of fire' 'in public service.

I have noted with regret in my extended period of service here, a deterioration in the decorum and dignity that formerly characterized this body. The respect we are going to be able to win from the public for what we are, and for the things we seek to do, will hinge to some extent on the degree of courtesy and self-respect we personally demonstrate. We should remember that we cannot command respect from others that we fail to accord ourselves. I know from remarks made to me by members of this body that many of you share this viewpoint with me. We can achieve dignity without being either stiff or stuffy.

I am asking the cooperation of everyone in this body in earnestly getting down to work, in staying on the job, and with the terminating of this session at the earliest possible date consistent with good, representative government. The legislatures of many of our sister-states convene, complete their work in 60 to 90 days, and adjourn; surely their problems are no different than ours.

Every senator who deisres to sponsor legislation should get his bills in the hopper early. We have an efficient drafting department to make this possible. And much preliminary groundwork has already been done by the Legislative Council. Late introduction of bills should be re-

served for emergency matters, and to cover circumstances and conditions which cannot be foreseen at this time. If all of us will perform our duties and express our views in a concise, businesslike manner, there is every reason to expect we will be out of here long before the dog days of July and August. I pledge my best efforts in this regard.

If any of you have problems . . . and I'm sure you will . . . and desire to talk with me about them, you will find my office door open. At the same time, I will welcome, from you, suggestions and constructive criticism that may help me to serve you better. On the other hand, I **hope** there will be no evidence of selfishness, as the problems of this legislature are such that we are going to have to put that luxury aside.

At points in these remarks, I have mentioned the need to maintain in this body a high standard of decorum and dignity, and of the need to work hard and be businesslike, to take up the slack and eliminate waste of either time or money, to stress action above words, and to put the welfare of the state ahead of our personal interests.

If we can accomplish these things, we can . . . in addition to building a useful program . . . greatly raise the esteem in which the senate and the legislature as a whole are held by the public. The words "politics" and "politicians" are not uncomplimentary words, except as we make them so.

People watch this senate, and hopefully expect much from it. Let us not disappoint them. If we do our duty well, the vibrations of good-government which we set up will radiate both up and down the scale of government. To an important extent, the standards of the Oklahoma State Senate influence the standards of all government, in the state, and in the counties, the cities, and at Washington.

Our opportunities and responsibilities are great, and I pledge to you a firm, strong leadership.

I thank you again for haaving entrusted me with this position of leadership. My gratefulness will be multiplied as you extend the help and cooperation we must have to succeed.

President Pro Tempore Boecher presiding.

In the Senate Gallery were many friends of President Pro Tempore Boecher who had come from Kingfisher and Blaine counties and surrounding areas to witness his election as President Pro Tempore and to wish him well.

Senator Cowden moved that a Committee on the permanent seating of the members of the Senate be appointed, which motion was adopted, the President Pro Tempore appointing Senators Payne, Cowden and Dacus.

The Senate was declared at ease.

The Senate was called to order by President Pro Tempore Boecher.

Senator Payne on behalf of the Committee on permanent Seating Arrangements, submitted the following Committee Report, which was adopted and the seating of members of the Senate proceeded with, in accordance therewith:

ant Majority Floor Leader, which motion was seconded by Senator Stipe.

ADDRESS TO THE JOINT SESSION
OF THE LEGISLATURE
BY GOVERNOR GEORGE NIGH

HONORABLE PRESIDENT PRO
TEMPORE OF THE SENATE,
ROY BOECHER
HONORABLE SPEAKER OF THE
HOUSE OF REPRESENTATIVES,
J. D. McCARTY
MEMBERS OF THE 29TH
OKLAHOMA LEGISLATURE
MY FELLOW OKLAHOMANS:

Allow me to express my gratitude to you for affording me the courtesy of appearing before the Joint Session to say a few words to you, and through you, to the people of Oklahoma.

Let me begin by saying this is a very distinct honor and privilege for me to appear before the First Joint Session of the 29th Legislature and to participate formally in two great legislative bodies that have played such a major role in my life these past 12 years.

In 1951, just 12 short, but long, years ago I was privileged to come to these very chambers as a member of the House from Pittsburg County and to serve with pleasure with the knot-hole gang and with many of you seated here today who are among my closest friends.

Four years ago the people of Oklahoma saw fit to give me the opportunity of moving across the hall to the State Senate where I was privileged to serve as its presiding officer in the capacity of Lieutenant Governor and have served with many of you in the Senate and consider you, also, among my respected friends.

These past years of service with you have been much enjoyed.

I have moved again and returned to you today in a different capacity. I don't think there are any present who would assume these to be the circumstances that I would desire. I have lost a great friend, you have lost a great friend, Oklahoma has lost a great friend in the passing of Senator Kerr. Yet, fate as it is, I with a heavy heart have been elevated to the office of Governor and appear before you today in this Joint Session.

It would be presumptuous of me under the circumstances that exist to bring you the normal "Condition of the State" message at this time from the outgoing Governor. Rather I would prefer the opportunity of just visiting with you personally for a few brief moments today about the future of Oklahoma.

As I have traveled these past years from coast to coast, but even more important into every county of our State, I have been as a circuit rider preaching the Gospel of pride and enthusiasm for Oklahoma. This has also a reverse effect for having met personally with people from your legislative districts, I have developed an even deeper pride in them and you and in our State.

My motivation was belief that there was a serious need in the development of Oklahoma for the implementation of the psyschological forces of State industry that could only help in their growth and achievement as our rejuvenated interest in Oklahoma.

There has been, admitted by all, I believe, a hesitancy in the people of Oklahoma to speak up and tell the true story —the immutable story—the unchanging story of the 46th State. Many felt that the full realization of the story of Oklahoma would be achieved and there is no question of our loyalty and love, only the question of aggressiveness.

From the rank and file of John Q. Public came our champion, the one man who would tell our story, louder, longer and more lovingly than all others. Under the leadership of Robert S. Kerr, Oklahoma was seeking and finding its place in destiny.

With the full cooperation and assistance of people like Senator Monroney, the Oklahoma Congressional Delegation, the executive, and legislative bodies of our

State, and a reinvigorated citizenry, Senator Kerr was guiding Oklahoma toward not only being geographically but also the true "Crossroads of the Nation."

Rather than a "State of the State" address, let's talk of the "Ship of State" with you and I, and our fellow Oklahomans serving as members of the crew, with Senator Kerr having served as the Captain at the helm of our ship. We indeed regret that the Captain is no longer at the wheel.

It has been said by others, "A great oak has fallen."

This makes more important, that united, we begin a hard driving effort to do our best possible and take up the torch. It will be difficult yes, but we have no alternative but to try.

As we look to the future, we must realize that Oklahoma is in a position for economic growth in the near future. We must let nothing deter us from reaching the goals set. Although we may, and am sure we will, disagree as to how to best accomplish our goals, we must move on. Let no man rise to be marked as an obstructionist to impede the progress and steady path forward of Oklahoma. There is enough work, enough credit, enough glory, enough good, for all of us to do—and do it we must. Let us not look back, but only straight ahead.

The great water development dream must be realized. We must see the completion of the navigation system that will bring water transportation and unforetold industry and jobs to Oklahoma. The full development of Oklahoma such as highway roads, the interstate road system, the opportunity for all Oklahomans to have adequate highway facilities must be a reality.

There must be a greater effort toward taking advantage of the opportunities of the tourist industry, in the area of additional parks and recreational facilities.

To be specific, we must take up the count down for Oklahoma's continued lift-off to the space age.

From the past, has come our heritage and our motivations. From the present, we must take our wisdom and ability, to meet the future in which we can realize our just reward.

My only recommendation to you as Governor, upon which I suggest speedy action, is as follows.

I am desirous as Chief Executive that a fitting and appropriate memorial be established for Senator Kerr in Oklahoma, the state which he dearly loved, and a people who returned in like amount that love.

The real memorial to Senator Kerr will live on forever in his deeds and works. It is, however, appropriate that official recognition be taken of his service.

May I also express for the people of Oklahoma, the gratitude for your service and encouragement in your deliberations. I commend your integrity, courage and diligence. I urge you to work together and gain much for you and your State.

Let us adopt as our creed, the beliefs expressed by former United States Senator Thomas Gore: "I love Oklahoma. I love every blade of her grass. I love every grain of her sand. I am proud of her past. I am confident of her future."

Senator Ham moved that the President Pro Tempore be authorized and directed to approve for payment expenses claims for members of the Senate who attended meetings prior to the convening of the 29th Legislature of the Committees on Employment and Printing and Committees and Rules which motion was adopted.

The Constitution of the State of Oklahoma further provides that the cash surplus, if any, from the preceding fiscal year, in the hands of the State Treasurer, to the credit of any fund which has not been previously appropriated by the Legislature at the time the estimate is made, may be added to the estimate. In this connection attention is called to the provisions of House Bill No. 30, Regular Session, Twenty-first Legislature, creating the Emergency Appropriation Fund. Said bill provides in part as follows: "Upon the passage of this Act it shall be the duty of the State Board of

Equalization to make an estimate of the revenue which will accrue in the Emergency Appropriation Fund during the current Biennium, by reason of transfers of revenues and surpluses to said Fund by this Act and any other laws in force at the time such estimate is made."

Judge Rizley, distinguished visitors to our State, and fellow Oklahomans.

It is with sincere humility and a sense of genuine dedication that I assume the responsibilities of the office to which you have elected me.

Sixty-nine days ago, the citizens of Oklahoma departed from a tradition as old as our State by selecting a member of the Republican Party as Chief Executive. Many have hailed this significant departure as the Dawn of a New Day in Oklahoma government.

It is especially significant, since members of both political parties joined forces to effect this change.

It is significant as well, in that elected officials from both political parties have worked together in complete harmony to bring about the transfer of authority.

I am deeply grateful to my fellow officials who have put duty above partisanship. May we continue to work together in this spirit for the good of our great State.

This ceremony of Inauguration is not confined to elected officials alone. Under our representative system of government, every citizen who has exercised his God-given right of participating in the affairs of government is involved.

It was the Roman Consul, Cato, known as the elder and the defender of political ideals, who wrote, more than 2,000 years ago:

"Some have said it is not the business of private men to meddle in government. This is a bold and dishonest saying, which is fit to come only from the mouths of tyrants or slaves. To say that private men have nothing to do with government, is to say that private men have nothing to do with their own happiness or misery; that people ought not to concern themselves whether they be clothed or naked, fed or starved, deceived or instructed, protected or destroyed."

Cato's words are as true today as they were then.

You are to be congratulated, because you have participated in the affairs of government. But your responsibilities have not ended even temporarily.

You must be alert, and insist that we, your elected officials, remain responsive to the public need and loyal to our Oaths of Office. You have a right to expect and demand a full dollar's worth of service for every tax dollar you pay.

Past administrations have properly concentrated upon the alleviation of want, upon the development of our water resources, upon the building of highways, and upon governmental reform. The time has now come for us to place greater emphasis upon the development of our productive human resources. We must strengthen the moral fibre of our State. This means maximum reasonable investment in education and training—in mental health—in our correctional system—with the goal of building a self-reliant, self-supporting, law-abiding citizenry able to solve most of its own problems. Here in Oklahoma we are blessed with a strong pioneer tradition. We are free from much of the ethenic strife which hampers the growth of less fortunate areas.

We must nourish and strengthen this tradition and these healthy conditions until every citizen is deeply proud of his State and anxious to sing her praises wherever he goes. Let us become to the world what we already are—a great State with a proud tradition—a colorful past—and a brilliant future.

Do not expect to cast all your problems upon the government and go away carefree.

History has shown that the best and most lasting government does only those things which individual citizens cannot do, or do so well for themselves. As free individuals, we must protect and use our God-given abilities to solve most of our own problems. Using this principle, great progress has been made in our 55 years of Statehood.

Hardy pioneers, and their descendants, have turned a sea of grass and timber into a great industrial and agricultural State.

Much remains for us to do. We may look ahead—confident that our rivers will be har-

nessed—that lakes will be built—that land, wood and water will be harnessed to serve us well, bringing into reality the dream of our late Senator Robert S. Kerr, whose recent untimely death we deeply mourn.

We may look ahead, confident of the development of new and the expansion of present industries, creating new jobs and new wealth from our raw products.

We may look ahead to the full development and utilization of our human resources through additional emphasis on educational facilities, job training, and the elimination of outdated laws and customs.

It is our hope and desire to use the full powers of government to coordinate and stimulate the development and progress which Oklahoma deserves.

I am sure I can speak for all your elected officials, who have or will take the Oath of Office today, when I say "We are proud to represent you."

We cannot promise you four years of ease and relaxed responsibility.

We do assure you of four years of hard work, complete respect for your rights and opinions, and a deep concern for the well-being of our State. In return, I trust we may merit your approval and be worthy of the confidence you have placed in us.

In our hearts and in our minds shall remain the words of the Prophet Micah: "He has showed you, O man, what is good; and what does the Lord require of you but to do justice, and to love kindness and to walk humbly with your God."

In conclusion I invite you to join with me in a few words of prayer. Let us pray.

Eternal and Almighty God, who gave us our lives and who has brought us to this hour. We ask thy blessing as we undertake the heavy responsibilities of our offices. Grant wisdom, vision, courage and patience to all who would truly serve thee. Show us thy way and give us the strength to do thy will, In Jesus name we pray.

Amen.

Benediction: The Rev. Dr. Doug Magers

Gentlemen, and Mrs. Tabor:

I congratulate you for your success in the recent elections. You have a right to be proud of the confidence which your constituents have placed in you.

Bob Barr, a former Legislator, who is well known to many of you, and respected by all who knew him, once gave me some sound advice. Bob's advice was that when you have a problem that needs to be settled, get together a group of honorable men with good minds, and give them all the facts. Keep away outside influences, and they will come up with the right answer. I believe that you are such a group, and I have absolute confidence in your ability to find the right answers for the problems we face.

You have one advantage which has not been enjoyed by some previous sessions. I suggest to the honorable members of the Legislature, that there has never been a time in the history of Oklahoma, when outside influences were weaker. Practically every pressure group that prowls the legislative halls went down in defeat November 6. Never has a legislative body had such a free hand to represent the citizens and write a program for the whole state, without regard for the selfish interests of the privileged few. The power blocks are in shambles. Let's keep them that way!

During my life, I have had contact with many groups of men and women, and in my judgment those who dedicate themselves to elective, governmental offices are most to be admired. You must make

the most difficult decisions of any group in our society. Inevitably, you subject yourselves to sharp and frequently unfair criticisms from those who never have and never will answer a roll call, and yet you serve at a great financial sacrifice.

The great progress which has been made in the United States during the past 187 years, and the progress which has been made in Oklahoma during the 55 years of our statehood, can in large measure be attributed to our form of government and to the high caliber of the men and women who have devoted their time and their talents to this high calling. Again, I congratulate you, and look forward eagerly to our service together.

The outcome of the last election produced a historic condition: a Republican Governor and a Democratic Legislature.

As things stand today, relationships between the second and fourth floors are harmonious. Both have frequently expressed desires and determination of working together, and both are sincere. However, let's face the facts: We are not going to agree on everything during these next several months, and some of these disagreements may become rather sharp.

Will Rogers once said that he never met a man he didn't like. I can't go as far as the Cowboy Philosopher, but one thing I can say: I have never met a man I couldn't work with, and I guarantee you that I will never allow disagreement over an issue or a course of action to become personal, or to reduce my respect for an individual.

We can disagree, but not disrupt the governmental processes. To me, it is a mark of immaturity for an individual to allow a difference of opinion to lessen his regard for another person. I also assure you I will never impugn your motives, either individually or collectively.

Government, perhaps more than any other field of human endeavor, rests solidly on the integrity of the individual, and the dependability of the spoken word. Progress is possible so long as faith in the individuals concerned remains unbroken. In this connection, I want to state publicly to you that I will never tell you a lie. There may be times when I can't tell you anything, but within human limitations, if I say it, that's the way it will be.

I am going to assume that members of the Legislature operate the same way, and on this basis of mutual trust and respect, our relationship will be on solid ground. This will make it easy for you to lie to me one time, but I assure you **one time** is all!

I believe it is entirely proper at this time for me, as a newly elected governor and a member of a minority party, to set forth a few ground rules which I propose to observe, and urge that you follow the same rules:

No. 1: As I have said, I will never lie to you. In my experience, no area of endeavor is so demanding of integrity as the field of government. As long as individuals can trust each other, progress is possible. However, once mutual faith and confidence are destroyed, constructive action becomes impossible. When you make a statement, I will take it at face value, and I ask you to give me the same consideration.

No. 2: I appreciate the recommendations and suggestions that you have made in the past, and may make in the future regarding individuals for appointment to responsible positions in this administration.

However, I want to ask you a favor: When you have a recommendation regarding a project or an appointment, please come to me alone, so that we can discuss it man to man. Frequently, awkward situations arise when an elected official attempts to discuss the problems in the presence of a third party.

Also, please do not embarrass me by making public your choice of appointments. The law provides that the Governor appoints and the Senate confirms, and until the law is changed, that is the way it

will be. Some of you will undoubtedly be Governor in the future, and I am sure you will want to make your own appointments. I expect to have and to use the same privilege.

No. 3: The election is over. Each of us was elected to serve the best interests of the citizens we represent, and we can best accomplish this task if we put aside partisan considerations, and make our decisions on the basis of what we believe to be best for all of Oklahoma. This I pledge to do. I urge you all to do the same.

No. 4: As I mentioned to the Senate caucus earlier, please do not become infuriated at rumors or at reports which you may get in the press. So far as I know, Oklahoma is blessed with one of the finest press corps in the country. However, it's curious how many times statements become garbled or misconstrued when they pass through the minds of others. To avoid misunderstandings, let's agree to discuss our differences personally before they are aired in the press.

I long ago learned that a person who is chicken-hearted has no business in government. Many of the duties which we are called upon to perform are extremely distasteful. Some nearly tear the heart out of a man. Yet unless these matters are treated promptly, the problems get bigger and bigger, until finally no reasonable solution is possible.

Many believe that Oklahoma's financial condition has reached the crisis stage. It is evident from the election returns that voters obviously believe that they are furnishing sufficient funds through our present tax structure for an adequate program of governmental services. They have turned down a proposal to raise taxes, and are looking to this administration and to this legislature to make fullest possible use of the funds which they place at our disposal. I believe it is significant that practically no member of the Legislature pushed for a tax increase.

The budget which you have before you, anticipates changes in our law which, in my judgment, will give us at least 30 millions of new dollars to use for highway, education and social welfare services, without raising taxes.

In my estimation, approval of these recommendations, and careful attention to all areas of government expenditures, will get Oklahoma on a sound financial basis, and avoid future financial crises.

I now want to discuss the budget with you.

Obviously, the proposals contained in this document will require careful examination, and the amendment and modification of our present laws.

These are my proposals.

They have been reached after careful study and consultation with authorities in many fields. I believe they represent sound thinking. They are based on a sincere desire to write a workable program for Oklahoma. Their passage will require courage and understanding. I pledge to you the full support of the administration toward the passage of this program.

Oklahoma is a great state with a proud tradition, colorful past and a brilliant future. We have only begun to fully utilize our ample human, agricultural, mineral, climatic and water resources.

Looking ahead, we can see both opportunities and difficulties. These days are similar to earlier times which moved Josiah Holland to write:

"God give us men! A time like this demands strong minds, great hearts, true faith and ready hands;

Men whom the lust for office does not kill;

Men whom the spoils of office cannot buy;

Men who possess opinions and a will;

Men who have honor;

Men who will not lie;

Men who can stand before a demagogue and damn his treacherous flattery without winking!

Tall men, sun-crowned, who live above the fog in public duty, and in private thinking."

I believe the 29th Oklahoma Legislature is made up of such men, and I am proud to be associated with you.

In compliance with the Constitution and Laws of this State, I submit herewith for your consideration a Budget representing my estimate of expenditures to be made, and revenues to be received by the State of Oklahoma during the next biennium.

The total requests of all State Agencies for monies from the General Revenue Fund approximates $365,000,000. We will have available for appropriation, according to the estimate of the Board of Equalization, the sum of approximately $243,000,000.00 for the next biennium.

The Constitution of Oklahoma requires that the appropriations must be within the Estimate of Revenue made by the State Board of Equalization. Therefore, it was necessary in many instances to recommend an amount which was less than was requested. In some instances it was necessary to recommend an increase to carry out the program currently required by statute.

Since the funds available for appropriation for the next fiscal biennium are estimated to be approximately $4,000,000.00 less than was appropriated for the current biennium a detailed study was made. Careful consideration was given to each and every function of State Government. In order to meet the current and immediate future demands for money from all functions of State Government it is necessary to recommend a new approach for financing our State Government.

Legislation will be introduced within a short time creating a Commission of Social Welfare Services. This Commission will be composed of the Chairman of the Board of Public Affairs, the Director of the Department of Public Welfare, the Commissioner of Public Health, the Director of the Department of Mental Health and a Commissioner of Social Welfare Services appointed by the Governor. This Commission will be empowered to more fully utilize the personal, physical and financial resources of the Agencies affected, resulting in expanded services.

I shall briefly cover the recommendations for each of the major functions of government and more specifically in detail any major changes in individual agencies as they might affect the financial picture of our state budget.

GENERAL GOVERNMENT

Appropriated by 28th Legislature	Amount Recommended
$9,249,404.00	$10,030,098.00

Much of the increase recommended for General Government is in the appropriation to the State Legislature. This is necessary because of the payment of weekly travel for the members and to avoid making a supplemental appropriation at the beginning of the next biennium. I have also recommended an increase in the appropriation to the State Budget Office to enable that office to set up Data Processing Equipment.

I am also recommending that the appropriation to Commerce and Industry be brought back to the amount appropriated the preceding biennium.

EDUCATION

Appropriated by 28th Legislature	Amount Recommended
$153,133,316.00	$166,910,032.00

An increase of approximately 12% in the appropriation of Higher Education is recommended. With the increased fees established last year this will provide funds

for increased salaries and expenses of occupying new buildings built with funds from the recent bond issues.

The amount recommended for Common Schools is sufficient to set beginning salaries at $4,200.00 and provide increases of $100.00 per year for teachers with Graduate Degrees up to a maximum of $5,900.00. This would make our salary schedule equal to and better than our neighboring states in the Southwest.

I also propose that the 10% reserve for delinquent taxes be cut to 5%. This would provide approximately $2,500,000.00 for the biennium. I also propose that 75% of the Federal Impact Funds authorized by Public Law 874 be considered as chargeable income. This would provide funds of over $10,000,000.00 for the biennium.

I am also recommending that there be no appropriation made for free textbooks and that a lease system be authorized similar to that now in use by other states.

PUBLIC HEALTH

Appropriated by 28th Legislature	Amount Recommended
$4,557,550.00	$1,787,550.00

The amount recommended for Public Health for the next biennium includes only the amount for the operation of the State Health Department. The funds for the operation of the two T. B. Hospitals and the General Hospital will be financed from funds available and appropriated to the Social Welfare Commission.

MENTAL HEALTH

Appropriated by 28th Legislature	Amount Recommended
$21,225,060.00	$180,000.00

This recommendation also includes only that amount necessary for the operation of the Department of Mental Health. The Mental Hospitals and the Mentally Retarded Schools would also be financed from funds available and appropriated to the Social Welfare Commission.

PUBLIC WELFARE

Appropriated by 28th Legislature	Amount Recommended
$3,364,860.00	$21,395,660.00

The amount recommended for the next biennium for this function is a sizeable increase over the last appropriations made. This is represented in the $18,000,000.00 appropriation to the Social Welfare Commission. This increase will finance the operation of all institutions now under the Mental Health Board, the Board of Health, the Board of Public Affairs, the Department of Public Welfare and the Deaf School at Sulphur and the Blind School at Muskogee. This would still permit an anticipated cost of living increase for senior citizens amounting to $3.00 per month.

An appropriation of $1,000.000.00 is recommended for the establishment of a retirement plan for State Employees.

PUBLIC SAFETY AND DEFENSE

Appropriated by 28th Legislature	Amount Recommended
$12,031,830.00	$7,686,000.00

The recommendations in this function of government is less for the next biennium because of the transfer of the financing of the State Penitentiary and State Reformatory to the Social Welfare Commission.

I am also recommending sufficient funds be appropriated to the Department of

Public Safety for the expenses of the additional troopers authorized by law and added to the Highway Patrol last summer.

HIGHWAYS

Appropriated by 28th Legislature	Amount Recommended
$19,508,169.89	$15,000,000.00

I am recommending an appropriation of $15,000,000.00 from the General Revenue Fund for Highways for the next two years. This amount, with the Dedicated Funds that are appropriated, will provide approximately $84,000,000. In addition to this amount it is estimated that there will be approximately $4,000,000.00 accrue to the Highway Construction Maintenance Fund from surplus gasoline tax collections, over and above the three year average. This means Oklahoma will have one of the largest highway programs in our history.

REGULATORY SERVICES

Appropriated by 28th Legislature	Amount Recommended
$1,797,000.00	$1,838,076.00

The small increase of funds recommended in this function is to enable various agencies to pay rent in the two new office buildings. I am recommending that there be no appropriation made from Dedicated Funds for the State Insurance Board and that it be combined with the Insurance Commissioners Office and that their appropriation from Dedicated Funds be increased to provide for an Insurance Rating Board in that office.

CONSERVATION

Appropriated by 28th Legislature	Amount Recommended
$7,436,274.00	$7,510,274.00

The small increase recommended here is to enable the Planning and Resources Board to pay rent for the office space in the new office building.

I am also recommending that Supplemental Appropriations be made as follows:

Common Schools	$5,000,000.00
Higher Education	4,550,000.00
The State Legislature	600,000.00
Department of Public Safety	373,239.00
Insurance Board	39,402.00
Planning and Resources Board	26,202.00
Vocational Rehabilitation	10,238.00
Banking Department	6,311.00

The program outlined in this Budget will permit Oklahoma to have a program of governmental services larger by $30,000,000.00 without a tax increase. It will also permit the Legislature to provide an adequate program without resorting to deficit financing.

It is my desire to work with the people of this State by working with each and every member of the Legislature. I believe that by working together, that when this session closes, we will have developed a program of which the people will be proud and which will be beneficial to the State of Oklahoma.

Respectfully yours,
HENRY BELLMON,
Governor

Presentation by Colonel Howard W. Penney, District Engineer
U. S. Army Engineer District, Tulsa
At Meeting of the Legislative Council
Monday, 19 February 1962, 10 a.m.
At Capitol Building, Oklahoma City, Oklahoma

THE WATER RESOURCES PROGRAM OF THE CORPS OF ENGINEERS IN OKLAHOMA Mr. Chairman, Members of the Legislative Council:

It's a privilege to be asked to appear before you today to tell you about the water resources program of the Army Corps of Engineers in Oklahoma and our needs with respect to action by the State that would assist us in carrying out our mission in the water resources development field.

As you know, Oklahoma's water problem is not one of amount but of conservation and distribution. When you consider that the annual flow of water leaving the State each year is some 35 million acre-feet—the equivalent of almost 35 billion gallons per day—you know that the State has an abundance of water. However, because of reasons of location, development and quality, much of the vast supply of water is not readily available for the immediate and future needs of the State.

There are very real limitations on what can be done to control, conserve, improve and distribute this flow. One of the necessary elements of bringing about wise development is by use of the proper management policy. I mean management in the very broad sense. It includes legislative and administrative decisions as to how the water resources are developed and used.

In my discussion with you today I will give you a broad brush treatment of our program, of the benefits Oklahoma will gain from it, some of the important aspects of water conservation, and suggestions as to possible actions by the State to aid in the development of the program. At the end of my talk I will be glad to answer questions that you may wish to ask.

Our program is planned in coordination with other Federal and State agencies under the comprehensive basin planning concept. We consider all needs, and programs of all agencies, in order to arrive at a plan that will develop the water resources of the basin to the maximum practical extent. Planning is coordinated with the Bureau of Reclamation, Department of Agriculture, Federal Power Commission, Southwest Power Administration, U. S. Public Health Service, U. S. Fish and Wildlife Service, National Park Service, State Planning and Water Resources Boards, Department of Wildlife Conservation, Division of Recreation and State Parks, Health Department and others so that an integrated program can be arrived at. In this manner, we are able to obtain the opinions of the experts in all the fields of planning, resulting in a more rounded program. The basin plans are not static but are constantly being revised as needs change and studies progress.

The Corps of Engineers has completed nine reservoir projects in Oklahoma, consisting of Ft. Supply, Canton, Great Salt Plains, Hulah, Heyburn, Ft. Gibson, Tenkiller Ferry, Wister and Lake Texoma. These projects, constructed at a total cost of about $188,000,000, provide a total storage of nearly 9½ million acre-feet to be used for flood control and conservation uses such as power, water supply, irrigation, fish and wildlife, recreation and other beneficial purposes. About 5½ million acre-feet of the space is allocated to flood control and about 4 million to conservation purposes. We have five water supply contracts in effect in these projects for storage of 144,000 acre-feet at a total annual cost of about $200,000. Oklahoma City has a temporary contract for space in Canton Reservoir that was authorized but has not been used for water supply for Enid and irrigation below Canton. This contract is for 90,000 acre-feet and is by far the largest contract that we have. Other contracts are with the Town of Kiefer at Heyburn Reservoir, Bartlesville at Hulah Reservoir, and Denison, and Twxas Power and Light Company at Lake Texoma.

In addition to the flood control reservoirs that reduce flooding, we have completed local protection projects at Tulsa, Jenks, on Polecat Creek between Sapulpa and Jenks, Enid and here on the North Canadian River in Oklahoma City. These projects consist of levees, floodways and channel clearing. Total cost of the local protection projects was about $12,000,000 Federal cost with additional cost to local interests primarily for lands and rights-of-way and relocations other than railroads as required by law.

Four other reservoirs have been constructed by other agencies, three by the Bureau of Reclamation, (Altus, Foss and Fort Cobb), and one by the Grand River Dam Authority, (Pensacola), in which over 3/4 of a million acre-feet of flood control storage was provided at Federal expense under authority of Section 7 of the 1944 Flood Control Act. The regulation of these reservoirs for flood control is directed by the Corps of Engineers.

During the short period of time that the Corps of Engineer projects have been completed (averaging about 13 years) approximately 45 percent of the total construction cost of $200,000,000 has already been recovered through flood damages prevented alone. In addition, 4.9 billion kilowatt hours of electrical energey has been generated by the three hydroelectric projects at Fort Gibson, Tenkiller Ferry and Lake Texoma projects. This is enough

to furnish electricity to the homes in a city such as this for 25 years.

The lakes created by these nine completed dams have produced a major industry for the State. Although it was not used in the justification of the completed projects, recreation fast became "big business". During 1961, the Corps lakes in Oklahoma had a total visitation of almost 15 million visitor-days. The furnishing of boats, motors, marine supplies, sport equipment, food and drink, gasoline, overnight tourist accommodations and the many other items required has certainly bolstered the economy of the area. In a study of a test area in Arkansas, the Outdoor Recreation Resources Review Commission found, in a report just submitted to the President, that during the period 1949 to 1959, the annual per capita income increased by 57 percent in counties having reservoirs while non-reservoir counties increased only 23 percent. Bank deposits increased by 57 percent in reservoir counties but only 40 percent in non-reservoir counties. They also found that 10 reservoir counties in Oklahoma had tax revenues that increased 64 percent while two selected non-reservoir counties were up less than 4 percent for the same period. The school taxes collected were up 296 percent in reservoir counties as compared to 190 percent in non-reservoir counties. The Department of Commerce has found that, "If a community can attract a couple of dozen tourists a day throughout the year, it would be economically comparable to acquiring a new manufacturing industry with a annual payroll of $100,000."

Fish and wildlife benefits, although not evaluated, have been significant. Our working relations with the State Department of Wildlife Conservation are excellent and about 60,000 acres of land and water area at our reservoirs have been turned over to them through license for management for this purpose. The State Park Department has also leased over 10,000 acres for park development on our lakes. The estimated value of these lands is almost 20 million dollars. We are proud of Oklahoma's state parks, particularly at Lake Texoma, Tenkiller Ferry and Sequoyah State Park at Ft. Gibson Reservoir.

During the drought in the middle fifties, water was released from several of the reservoirs for the relief of downstream towns and cities. These cities, as a result of the length and severity of the drought, were in dire straits. We made these emergency releases at the request of your Planning and Resources Board and at no charge. Cities benefitting from releases were Oklahoma City, Bartlesville, Collinsville, Kiefer, Sapulpa and Poteau. Members of your Board and their counterparts in Kansas were negotiating with us releases from Fall River Reservoir in Kansas to replenish the City water supply at Nowata when rains relieved the situation.

So much for our completed projects. Let's take a look at what we have under construction.

The Corps of Engineers will invest over $60 million in Oklahoma water resource projects this year and expect a larger program next year. We have four reservoir projects under way at Keystone, Eufaula, Oologah and Broken Bow. Total cost will be about $307,000,000 with power included in Broken Bow. These projects will add to our systems a total of 8,100,000 acre-feet of storage of which about 55 percent will be for flood control and 45 percent for conservation purposes. This almost doubles our existing storage. Also under construction and 4/5 complete is the $13 million bank stabilization and channel rectification program from Short Mountain Dam site on the Arkansas to Ft. Smith.

Power is not yet authorized in Broken Bow Dam but a survey report recommending inclusion of power in the initial development is expected to receive action by the Congress at this session. Construction of Broken Bow has just been started

and is scheduled for completion in 1966. The Mountain Lakes Water District has agreed to contract for 153,000 acre-feet for water supply storage at some time in the future.

The water quality in Keystone Reservoir will be such that it will be suitable for only industrial uses. If the demand develops, we would be able to lease space for this purpose. Hydropower is presently deferred but we are building the project so that it can be added when the market can absorb it. It is currently being studied for this purpose. The $107 million Keystone Reservoir is now 52 percent complete and scheduled for completion in FY 1965.

We are installing 90,000 kilowatts of power capacity in Eufaula Dam, and can make water supply space available for municipal and industrial purposes at any time it is needed. The hydroelectric units will generate enough electricity to supply the homes in a city twice the size of Tulsa. The $125 million Eufaula Reservoir is currently 45 percent complete and scheduled for completion in FY 1965. Its lake will be bigger than Texoma—the largest in the Southwest.

Oologah is 95 percent complete at the present time with completion scheduled for a year from this spring. We have water supply contracts with the cities of Tulsa and Collinsville, Public Service Company of Oklahoma and Claremore for 46,000 acre-feet at a cost of $67,000 per year.

Eufaula, Keystone and Oologah are a part of the Arkansas River Multi-Purpose Plan which will provide a nine-foot channel for barge navigation from the Mississippi River to Catoosa, Oklahoma. Other purposes of the plan are flood control, hydroelectric power, fish and wildlife, and recreation. Additional structures that will be required in Oklahoma are Short Mountain and Webbers Falls Locks and Dams, four additional lock and dams—one on the Arkansas and three on the Verdigris —and channel work on the Verdigris River. Total estimated cost of the project will be 1.2 billion dollars, about one-half of which will be for construction in Oklahoma.

Construction is also proceeding on the Dardenelle Dam and Reservoir, a part of the navigation plan in Arkansas, by the Little Rock District of the Corps. It is over one-fifth complete and is scheduled to be finished in FY 1966. Construction is scheduled to begin on seven lock and dams on the lower Arkansas River and on Short Mountain Lock and Dam in FY 1964. Our current schedule calls for completion of construction and opening of navigation upstream to Fort Smith in 1969 and to Catoosa in 1970. Of course, the schedule is subject to appropriation of funds by the Congress.

It is also dependent upon continued timely contributions by the State for betterments requested by the State for highways being relocated at Keystone and Eufaula Reservoirs. I should like to acknowledge the cooperation of the Legislature in this respect. These relocations control the progress on Keystone and Eufaula and unless the State conrtibutions are made on time the whole Arkansas Multiple-Purpose Plan will slip.

The benefits from the navigation plan are estimated at $40 million per year. They will be widespread and will result from transportation savings on an estimated 13 million tons of cargo each year. The cargo is expected to be petroleum products, coal, steel, grains, fertilizer, autos, canned goods, scrap iron, cement, — any type of product that lends itself to bulk shipment. It will open Oklahoma, through cheap transportation, to the Mississippi, the Great Lakes, Pittsburgh, New Orleans, and by transloading to the rest of the world.

The benefits will not stop at the rivers edge but will be reflected throughout Oklahoma, southern Kansas, and Arkansas. Through the stimulus it offers to other industry and the development of new

investment opportunities, it will benefit other types of transportation. The rate of economic growth in the tributary area should be greatly increased and comparable to the development of the Ohio River Valley where some $15 billion of private investment has mushroomed in the past decade. In my opinion it will be limited by only the imagination and enthusiasm of the people and their faith in the future.

The Grand River Dam Authority has the Markham Ferry Project, recently named Robert S. Kerr Dam and Lake Hudson, under construction and it will have flood control storage under the 1944 Flood Control Act. Also, the Bureau of Reclamation has Norman Reservoir on Little River under way which will also have flood control storage in it under the same authority, regulated by the Corps of Engineers.

In our basin plans the Corps of Engineers has five other reservoirs which Congress has authorized but for which construction funds have not been appropriated. Except for Optima Reservoir on the North Canadian in the Panhandle, which is under restudy, these projects are located in the southeastern part of the State and are Boswell, Hugo, Pine Creek and Lukfata.

I have recently forwarded to Washington my survey reports recommending eight additional reservoirs be authorized by the Congress for construction in Oklahoma. These projects are Clayton and Tuskahoma Reservoirs, together with inclusion of conservation storage in Hugo Reservoir in the Kiamichi Basin, Kaw Reservoir on the Arkansas River near Ponca City and Copan, Sand, Birch, Candy and Skiatook Reservoirs in the Verdigris Basin. These would have as their primary purposes, flood control, water supply, water quality control, recreation and fish and wildlife. In addition to the reservoir projects I have also recommended extension of the Oklahoma City Floodway upstream to Lake Overholser.

Legally constituted water districts have furnished us assurances of repayment for the water supply in some cases for these reservoirs and in others, the State, through the Water Resources Board, has assured us that a legally constituted body would contract for the storage at the appropriate time.

I have seven additional survey investigations for project feasibility under way that will be of interest to all of Oklahoma. The Comprehensive Report on Red River will include a study of but not be limited to the feasibility of navigation upstream to Denison Dam. It is being performed jointly by the Tulsa and New Orleans Districts of the Corps of Engineers and is scheduled for submision in FY 1965. The report on the feasibility of modifying Boswell to include water supply and other upstream reservoirs will be submitted this summer. The report on Shidler Reservoir located on Salt Creek above Fairfax should be submitted in 1963. We also have a comprehensive investigation under way in the Poteau River Basin that will include study of the feasibility of extending navigation from the Arkansas River upstream to Poteau. A separate study, also under way, will determine the feasibility of extending navigation into the Eufaula Reservoir.

I'm sure you know about the study on the Central Oklahoma Plan. It is under way to determine the feasibility of transbasin diversion of water from southeastern Oklahoma to the vicinity of Oklahoma City together with extension of navigation to this vicinity from the authorized Arkansas River navigation project through Eufaula Reservoir. This study is scheduled for completion in FY 1964.

One of the studies covering the largest area is that being done jointly by the Corps and the U. S. Public Health Service to determine ways and means of reducing the natural chloride salt pollution of the Arkansas and Red Rivers. Fifteen areas have been located that contribute most of

the natural salt to these streams. They are located in a north-sound band that extends south from Hutchinson, Kansas into Texas. The three largest contributors are located in the Arkansas Basin in Oklahoma and are Big and Little Salt Plains on the Cimarron River near Waynoka and Great Salt Plains on the Salt Fork of the Arkansas in the vicinity of Great Salt Plains Reservoir. These three areas contribute about 5,300 tons of chloride ion — equal to about 8,800 tons of table salt — per day to the Arkansas River and, if they can be controlled, the water in the Arkansas would be of good quality. Some of the methods of control being investigated are diversion around the polluted area, injection into subsurface formations, solar evaporation ponds, floating of fresh water across the top of the salt water that is impounded to sufficient depth to stop the flow, and reduction of flow through building dikes around the contaminated area and building up head. This is a very complex problem and requires a lot of effort. We hope to complete it next fiscal year.

Under Public Law 84-685 we have under way a number of investigations for small projects which do not require specific Congressional authorization. The Federal cost of each cannot exceed $400,000, and non-Federal interests must provide lands, operate the project, and pay for water supply storage included.

That is our program. My last observations will concern aspects of water conservation and development in which the State role is of paramount importance.

As I said in the beginning, Oklahoma's water problem is not one of amount but of conservation and distribution. In order to attract industry and grow, any area must first have an ample supply of good quality water. One of the first items, if not the first, that any management team of a major industry checks into in investigating new locations is the water supply and the provisions for future expansion. In most cases they desire a visible water supply from surface storage. They also want it available at the time. Therefore, it seems to me you must develop your water supply first rather than wait for the industry and then develop. The Senate Select Committee on Water Resources in their report summed up the solution as follows: "Generally speaking, there appear to be five major categories of effort needed in the future for meeting prospective demands on a long range basis so as not to inhibit national or regional economic growth. These are:

"1. Regulating stream flow through the construction of surface reservoirs and watershed management.

"2. Improving the quality of our streams through a more adequate pollution abatement program.

"3. Making better use of underground storage.

"4. Increasing the efficiency with which water is used. . . .

"5. Increasing the natural yield by desalting, weather modification, and other artificial means."

The Congress under Title III of the 1958 Water Supply Act gave authority to the Chief of Engineers to include storage for municipal and industrial water supply in projects being studied or planned subject to repayment of the cost by the using agency. It further provided that water supply storage up to 30 percent of the cost of the project could be for future use and would be interest free up to the time of use not to exceed 10 years, but that it must be paid for within 50 years after the project first goes into operation. Furthermore, the law permits the Chief of Engineers to reallocate storage for municipal and industrial water supply in existing projects provided it does not seriously affect the authorized purposes, and subject to repayment over a 50-year period.

The Federal interest in water quality

control was recognized again when the Congress passed the Federal Water Pollution Control Act Amendments of 1961 which permits us to include storage in projects for maintaining water quality downstream at Federal expense provided the benefits are widespread.

Now, with respect to water code or doctrine, I have no comment other than to give you the policy of the Corps of Engineers. The policy is:

1. The Corps does not request formal water rights but requires each entity leasing storage space to either acquire them or conform to State requirements through application.

2. In the case of water for navigation, the Corps has the right under Federal statutes to use water that is necessary. However, this use is subordinated to the use of the water for domestic, municipal, stock water, irrigation, mining or industrial use.

3. In the case of other uses that have been authorized in a project such as hydropower, recreation, fish and wildlife, and water quality control, which are all nonconsumptive uses but which entail evaporation losses, we contend that a water right has in fact been granted by the concurrence of the State in the construction of the project. There would certainly be a moral obligation on the part of the State to protect the investment so that it could pay out. Neither would it be realistic to force abandonment of a project and loss of income produced by navigation, flood control, power, recreation, and water quality control.

The State should take an active part, as it has in the past and does now, in the planning of future projects, in accordance with an over-all development plan. The State participated actively with the Corps of Engineers and other Federal agencies and states in formulating the Arkansas-White-Red River plan in the 1950's which provides a basic framework plan for water resources development. The Legislature took a very positive action in 1959 when it passed a law permitting formation of water districts for the purpose of contracting for the lease of storage in reservoir projects built by others. I suggest that this could be further improved by the State contracting for storage and subcontracting it at some future date, particularly for quantities that exceed the ability of local entities to sponsor. You see, the potential yield of good quality water in Oklahoma is extremely large. Although the unit cost of this water in storage will be relatively cheap, the vast quantity might amount to total costs, and the transmission required might be so extensive as to exceed the ability of local water districts to organize and finance them. This would block our ability to build a large amount of planned water conservation storage. I believe such storage in being is the key to your competitive position for expansion in Oklahoma. State sponsorship of water storage in Federal reservoirs to permit their uninterrupted development could well be the best investment you could make in Oklahoma's economic future — both immediate and long-range. The State of Kansas is now studying this problem as you are, and Texas passed a law in 1957 that permits the Board of Water Engineers to negotiate a contract with a Federal agency for storage in Federal projects subject to ratification by the legislature at its next session before it is binding on the State. This is good.

In closing I would like to sum up my statement with four points:

1. The Corps of Engineers has a vast coordinated program for development of Oklahoma's water resources.

2. This program is having a tremendous stimulating impact on the development of Oklahoma.

3. In whatever manner you decide to alter your current water law, protect our

projects in accordance with the purposes for which they were authorized by Congress.

4. I suggest that a water sponsorship provision be established that will strengthen State participation in water conservation storage development to maximize the economic magnetism of water storage in being.

Senator Ritzhaupt presented the following article taken from the January, 1963, Medical Tribune, and asked that it be incorporated in the Journal, which was the order:

Experimental Animals

Throughout this country stray dogs and cats are quite routinely impounded by local wardens in cities and towns. If, after a reasonable time, the animals are not claimed by their owners or redeemed by other persons who desire them as pets, it is the duty of the wardens to destroy the animals.

In the state of Oklahoma there is a law providing that "unclaimed and unwanted animals in the public pounds of the state are made available to state institutions for essential scientific investigation and education." The law specifies that "any animal in the pound to which an identification tag is attached may not be disposed of until the owner has been notified."

Institutions are defined in the law as meaning "any school or college of medicine, dentistry, pharmacy, veterinary medicine or agriculture, medical diagnostic laboratory, hospital, or other educational or scientific establishment having to do with the investigation of or instruction concerning the structure or functions of living organisms, the causes, prevention, control or cure of diseases or abnormal conditions of human beings or animals." And, of course, "the standards, personnel, facilities, practices and activities" of the institutions must be "in the public interest."

This is an eminently intelligent and humane law. It helps not only man but animals as well. Nearly all progress in animal husbandry and veterinary medicine has come from careful studies of animals. New surgical procedures, advances in drug and other medical therapy, become available to mankind only through prior animal experiments. And although death of the animals may ensue—as it surely does when the animal is destroyed in a pound—it is an invented self-delusion to believe and to propagate the belief that the animals are dealt with cruelly in these circumstances. The care and use of the animals in the laboratories is according to the highest standards, and the affection that one ordinarily sees between animal and experimenter is no less than that of a pet and its owner.

As can be seen on page 1 of this issue of MEDICAL TRIBUNE, the Connecticut Society for Medical Research is spearheading the effort to pass a law in that state incorporating the provisions of the Oklahoma law. It will be proposed by the "antivivisectionists." Some time ago we referred to the "havoc possible in the militant ignorance" of antivivisectionists. It is the duty of physicians to make clear to the patients they serve how destructive to man and animal the purblind policy of antivivisectionists inevitably is.

Connecticut should have a law modeled on that of Oklahoma. So should every state and territory of the Union.

Monday, January 28, 1963

O God, who hast put us in families and endowed us with the abilities to direct our ways for the good of each and all, lift up our minds and hearts that we may see and feel more deeply the things that make for our individual and corporate health. Protect us from that self-interest which blots out our brother and spare us that wrestling of selfish block against selfish block that fair-play may prevail and peace come quickly. Give us the courage to be men of understanding, wisdom, and daring. Amen

Tuesday, January 29, 1963

Forgive us, O God, that in a land so richly blessed by Thee we have been so wasteful of the many resources given to us. We have reaped where we have not sown. And we have taken without concern to restore our sources. Especially have we wasted of ourselves. We have devoted ourselves to things not inspired of Thee and exercised our talents in unworthy cause. We have often loved the unlovely and turned ourselves to that which does not satisfy. Forgive us all wherein we have been prodigal and help us to come to ourselves, that we may come to Thee to be forgiven and restored. Amen

Wednesday, January 30, 1963

O God, history and experience have given us so many evidences of Thy guidance to states and individuals that we cannot doubt Thy power or Thy willingness to direct us. Give us the faith that Thou art ever working with us to bring about what is good for each and all. May we not make it more difficult for Thee to guide us, but show our eagerness to walk in Thy ways to do what is pleasing to Thee and for the well-being of ourselves, our State and all mankind. Amen

Thursday, January 31, 1963

O Thou who hast given us rest and restitution in sleep, awaken us to this new day with its ever-present opportunities and open doors for the doing of good and noble things. Keep us from that narrowness of mind that sees not the better way, from that stubborness of heart that dares not to walk the highway to goodness, beauty, and truth. Protect us from

ourselves that we may more worthily serve our fellows and usher in the day when "justice shall roll down like waters and righteousness like a mighty stream". Amen

(f) When two or more Special Orders have been made for the same time, they shall have precedence according to the order in which they were severally assigned, and that order shall be changed only by order of the Senate. All motions to change such order, or to proceed to the consideration of other business, shall be decided without debate.

(g) The Presiding Officer shall rise to put a question, but may state it sitting. All questions shall be put in this form, to-wit: "As many as are in favor (as the question may be) say 'AYE'; as many as are opposed say 'NO' "; except when the yeas and nays are ordered, then the question shall be put thus: "As many as are in favor (as the question may be) will answer 'AYE' as your names are called; as many as are opposed will answer 'NO' ". put: "Shall the motion (to strike out) prevail?"

(h) If the question in debate contains several propositions, any Senator may have the same divided, except a motion to strike out and insert, which shall not be divided; but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition, nor shall it prevent a motion simply to strike out; nor shall the rejection of a motion to strike out prevent a motion to strike out and insert. But, pending a motion to strike out and insert, the part to be stricken out and the part to be inserted shall each be regarded for the purpose of amendment as a question and motions to amend the part to be stricken out shall have precedence.

(i) On filling of blanks, the question shall first be taken on the largest sum, greatest number and most distant day.

(j) When an amendment proposed to any pending measure is laid on the table, it shall not carry with it or prejudice such measure.

(m) There shall be a motion for the Previous Question, which shall be stated in these words, to-wit: "Shall the main question be now put?" Upon being ordered by a majority of the members voting, it shall have the effect to cut off all debate and bring the House to a direct vote upon the immediate question or questions on which it has been asked and ordered. The Previous Question may be asked and ordered upon a single motion, a series of motions allowable under the Rules, or an amendment, or amendments, and include the bill to its passage or rejection. It shall be in order, pending motion for, or after the previous question shall have been ordered on its passage, for the Presiding Officer to entertain and submit a motion to commit, with or without instructions to a standing or select committee.

(n) If the Previous Question is carried, the original mover of the main question, or if the bill or resolution originated in the other House, then the Chairman of the Committee reporting the same, shall have the right to close the debate, and be limited to ten (10) minutes. Should the previous question be ordered on a subject debatable, before the same has been debated, the friends and opponents of the measure shall have thirty (30) minutes on either side in which to debate the question.

(o) A Question of Order may be raised at any stage of the proceedings, except when the Senate is divided and, unless submitted to the Senate, shall be decided by the Presiding Officer, without debate, subject to an appeal to the Senate. When an appeal is taken, any subsequent question of order which may arise before the decision of such appeal, shall be decided by the Presiding Officer without debate; and any appeal may be laid on the table without prejudice to the pending proposition and thereupon shall be held as affirming the decision of the Presiding Officer.

(p) Question of Privilege shall be: 1st, affecting the rights of the Senate collectively, its safety, dignity, and the integrity of its proceedings; 2nd, the right, reputation and conduct of members individually in their representative capacity, only, and shall have precedence of all other questions, except motion to adjourn.

(q) A motion may be made during the

reading or consideration of any pending bill to recommit, with or without instructions, but if the motion is to commit with instructions, the said instructions shall be in writing and such motion without instructions shall not be debatable.

(s) A bill, when advanced to engrossment and third reading together with the amendments thereto, shall be delivered to the Chief of the Engrossing and Enrolling Department for engrossment. Thereafter, the engrossed bill together with the original bill and amendments shall be returned by said Chief to the Committee on Engrossed and Enrolled Bills. The Committee on Engrossed and Enrolled Bills, after having compared the engrossed bill with the original bill and amendments, shall make report to the Senate submitting the engrossed bill, together with the original bill and amendments, which engrossed bill shall be placed upon third reading and final passage. If passed the bill shall be signed by the Presiding Officer, and transmitted to the House of Representatives, and the original bill with amendments, shall be delivered to the Secretary of the Senate for safekeeping.

(t) The Committee on Engrossed and Enrolled Bills is authorized to correct misspelled words, "doublets" or repeated words when engrossing bills or resolutions.

(c) After a bill has been advanced to engrossment and third reading or has been passed, the Presiding Officer shall put the question, "Shall the title of the bill remain the title of the Act?" The title, by amendment, may then be made to conform to the body of the bill.

(d) When the yeas and nays are ordered, the names of Senators shall be called alphabetically; and each Senator shall, without debate, declare his assent or dissent to the question, unless excused by the Senate; and no Senator shall be permitted to vote or change his vote after the decision shall have been announced by the Presiding Officer. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend it by unanimous consent.

Fourth Reading

RULE 17. Each and every Senate Bill and/or Resolution, returned by the House without amendment, shall, when referred for enrollment, be referred to the Committee on Enrolled and Engrossed bills, which Committee shall cause each and every such engrossed bill and/or resolution, without re-typing, to be reported properly enrolled for fourth reading and/or final signature, by attaching or jacketing in the fore-front proper jurat for certification by the Presiding Officer, as to

previous passage of the bill and/or resolution.

And then, O God, may this stillness of heart remain with us so that we may see all things in their true measure. In the midst of all the pressures brought to bear upon us, give us the desire and the courage to be obedient unto Thee. Thou hast goals and purposes that are above our own. Remind us of Thy love and concern, Thy power and Thy purpose for us and for those whom we represent. In Thy presence, our Heavenly Father, we remember all our friends and neighbors, our families, and all who have problems, beseeching Thee that Thou wouldst give us grace to serve them in Thy name. We would do our best in the tasks of this day and leave the results in Thy hands, believing that our ardor and labors are but the feeble shadow of Thy purpose and power. To Thee, O God, be glory for every. Amen.

on September 19, 1962, made its original estimate of the revenues to accrue to the General Revenue Fund and each special fund of the State for the fiscal years ending June 30, 1964 and June 30, 1965, respectively, and filed said estimate with the Governor, the President of the Senate and the Speaker of the House of Representatives as required by the State Constitution; and,

WHEREAS, The Amendment to Section 23, Article 10, Oklahoma Constitution, provides in part as follows:

"* * * Provided, However, that the Legislature may at any regular session or special session called for that purpose, enact laws to provide for additional revenues, other than ad valorem taxes, or transferring the existing revenues or surpluses from one fund to another, whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor and with the President of the Senate and the Speaker of the House of Representatives, and the amount of any increase or decrease, resulting, for any reason, from such laws shall be added to or deducted from each respective fund, as the case may be. The amount of such adjusted estimate shall be the maximum amount which can be appropriated for all purposes from any fund for each year. * * * and,

WHEREAS, This Board being now well and truly advised and informed that since the making of its said original estimate, the fiscal affairs of the State have economically improved, and by reason thereof, this Board finds that the revenues which will accrue to the General Revenue Fund and each special fund of the State for each year of the ensuing biennium exceeds the amounts set forth in its said original estimate; and,

WHEREAS, This Board acting in pursuance of the duty and authority conferred upon it by the State Constitution, has caused to be presented to it all of the data, facts, figures and relevant information concerning the revenue to accrue by reason of the foregoing improved economy of the State, and after careful study and consideration of such information, being fully advised in the premises, has determined that the said original estimate of this Board should be revised and adjusted:

NOW, THEREFORE, BE IT RESOLVED, BY THE STATE BOARD OF EQUALIZATION OF OKLAHOMA that the original estimate of this Board of the revenues estimated to accrue to the General Revenue Fund and to the several Special Funds of the State for and during the fiscal years ending June 30, 1964 and June 30, 1965 be, and hereby is revised and adjusted in words and figures, as follows:

STATE OF OKLAHOMA
EXECUTIVE DEPARTMENT
DIVISION OF THE BUDGET
February 11, 1963

State Board of Equalization
State Capitol Building
Oklahoma City, Oklahoma
Gentlemen:

The Constitution of the State of Oklahoma, Section 23, Article 10, requires the State Board of Equalization to make an itemized estimate of the revenues which will accrue to the General Revenue Fund and each Special Fund of the State for each year of the next biennium, and to file same with the Governor, President of the Senate, and Speak-

er of the House of Representatives, prior to the convening of each Regular Session of the Legislature, you have complied with this requirement.

The Constitution provides that the amount of the estimate for each fiscal year shall not exceed the average total revenue which accrued to each fund for the three last preceding fiscal years. This Section further provides "that the Legislature may, at any Regular Session *** enact laws to provide for additional revenue other than Ad Valorem Taxes or transferring the existing revenues of surplus from one fund to another whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor, President of the Senate, and the Speaker of the House of Representatives, and the amount of any increase or decrease resulting, for any reason, from such laws, shall be added to or deducted from each respective fund, as the case may be." The amounts apportioned to the General Revenue Fund for each of the three years involved and the maximum amount which may be estimated for each year of the next biennium is shown by the following statement:

AMOUNT FOR FISCAL YEAR

THREE YEAR AVERAGE	1960	1961	1962

The Constitution of the State of Oklahoma further provides that the cash surplus, if any, from the preceding fiscal year, in the hands of the State Treasurer, to the credit of any fund which has not been previously appropriated by the Legislature at the time the estimate is made, may be added to the estimate. In this connection attention is called to the provisions of House Bill No. 30, Regular Session, Twenty-first Legislature, creating the Emergency Appropriation Fund. Said bill provides in part as follows: "Upon the passage of this Act it shall be the duty of the State Board of Equalization to make an estimate of the revenue which will accrue in the Emergency Appropriation Fund during the current biennium, by reason of transfers of revenues and surpluses to said Fund by this Act and any other laws in force at the time such estimate is made."

The President presiding.

Senator Payne introduced Mickey Thompson, of Beggs, Oklahoma, State President of the Future Farmers of American, and asked that he be given privilege of the Floor for the purpose of addressing the Senate, which was the order.

His address is incorporated herein upon request of Senator McSpadden:

Gentlemen of the Senate:

While I was honored to have the distinct pleasure and opportunity to serve this Senate as page last Session, I was deeply impressed as to the activities and busy schedule maintained by this body. Little did I know then, that because of the impression made upon me, the following session would allow me the privilege of addressing this group.

Gentlemen, the purpose of my appearance here today is much the same as yours. As you represent the citizens of Oklahoma in Government — I represent the youth of Oklahoma particularly the Oklahoma Association of Future Farmers of America.

The reason for my appearance on this particular day, is that this is the beginning of the week which, throughout the Nation the 390,000 members of our organization are joining interested supporters in celebrating the worth of our organization.

Today, on behalf of the 17,000 Future Farmers of Oklahoma, it is my desire to rededicate the worth of our organization in Oklahoma to you gentlemen.

Many people feel insecure as to the character, citizenship and occupational developments in which our State's young people are achieving. It is a common occurance today for the statement to be made, "young people are failing to meet their responsibilities as useful citizens". Any day of the week, gentlemen, myself or any other Future Farmer stands ready to take issue with such a remark.

The position I hold with my organiza-

tion has allowed me to travel quite thoroughly throughout the State of Oklahoma and I have had the opportunity to visit many youth groups, 4-H Clubs, Future Homemakers of America Boy Scouts, Girl Scouts, Junior Organization, Fraternal Groups, Civic and Service Clubs, and Church Groups as well as others. I have heard these youths in moments of sincerity ask the question, "How can we achieve the blessing of our community, to help with community affairs?" I feel that this is where we are lacking strength in our young citizens. It is not because we young people are undesiring to be of service to our fellowman, our State, and our Nation. It is simply because in most instances that we know not where to find a position of service. In the larger cities this problem is partly overcome by providing more recreational activities, more vocational training, fine organizations such as the YMCA. But in the smaller community, in the rural areas, what is to be done in order that these young men can develop their leadership potential in vocational occupations, citizenship, community service, etc. I think the answer has been found. It had been studied, developed, improved, and put into effect. That answer is the Future Farmers of America.

The Future Farmers of America has as primary objectives, strengthening of confidence of young men in themselves; development of agricultural leadership and establishment in farming; development of character and citizenship responsibility; participation in cooperative effort for the good of all; and summed to a motto, "Learning to do; doing to Learn; earning to live; Living to serve."

For a period of four years students of Vocational Agriculture and members of the FFA train to deepen their faith in this their motto, which adjoining objectives, yet it is difficult. People insist there is no future in farming, that we no longer need farmers, that agriculture is going out, but, the latest available census reveals that agriculture provided $50,000,000 more to our National income than did the oil industry. One-third of the National industrial income is from the processing of agricultural products; therefore, the total income from agriculture amounts to $933,000.00; the income of industry, excluding that of agricultural processing, amounts to $467,000.00.

We realize that all of our members are not to be farmers, in fact most of them will not, yet most of them will be in related agricultural fields, others will go into medicine, law, education, business, government, and the ministry. But, no matter what their future vocations may include, they will benefit from such training. If you doubt this, you need only to inquire and check the records of past members of our organization, some of which have taken places of leadership in each of these fields, some among you.

Indeed, we will all agree that if Oklahoma is to continue to progress and develop, we must be training the very most capable men to fill vacated positions. Gentlemen, I believe with all my heart, all my mind, and all my soul, that the Future Farmers of America is doing such training — builders of men capable of accepting great responsibility.

I've seen young men, including myself, invest hard-to-come-by-earnings (all they could scrape up) into a particular kind of livestock project, and then because of disease, birth difficulties, weather, or some other reason, be completely wiped out or at least crippled severely, then reinvest their earnings into similar projects. Gentlemen, this is not kid stuff — this is young manhood! MEN we need working, tomorrow, for the good of this State.

Yes, I believe that because of this program of Agriculture, citizenship, character, and responsibility, Oklahoma Future Farmers of America, through adult encouragement and a guiding hand of example (as you have set) regardless of their occupational fields, will better be

prepared for the future. Oklahoma Future Farmers are accepting their responsibilities as useful citizens. Because of their training of hardships, many discouragements and re-occuring failures, Oklahoma Future Farmers are not going to leave the State we have grown to love. We are not going to other States — we are not going to other States to find greener pastures, we are going to stay in the State of Oklahoma and help build greener pastures.

The program of Vocational Agriculture and The Oklahoma Association of Future Farmers of America are truly products of Oklahoma Legislature. For your interest, your help, and the time you have afforded me and the 17,000 Future Farmers of America I represent — thank you very much.

Senator McSpadden presiding.

WHEREAS, the primary responsibility of the Oklahoma Legislature is to the people of the State of Oklahoma and to the development of all the bountiful resources of this great State; and

SPECIAL COMMITTEE REPORT

Senator Harris submitted the following Special Committee report, which was read:

Mr. President:

We, your Committee on the Department of Commerce and Industry, to whom was referred a special inquiry concerning the present, past, and future functions of the

Department, beg leave to make this FIRST PROGRESS REPORT:

1. STUDY. Your Committee has held .meetings and has received and digested a great mass of information concerning the Oklahoma Department of Commerce and Industry—its budget, organization, operation and results. We have also studied the budgets of such agencies in the other 49 States, and have given particular attention to the industrial development agencies in the surrounding states. We have heard from officials within the Oklahoma Department and knowledgeable private citizens.

2. RECOMMENDATIONS. We make the following preliminary recommendations:

(a) The Department of Commerce and Industry performs most basic and important state functions and should not be abolished. It can best perform these functions as a separate agency. It should not be merged with the Planning and Resources Board, because the function of the latter agency is totally distinct and, further, it has local, provincial considerations because of its administration of state lodges. There IS some overlapping in the area of tourism promotion which is recognized by the following recommendation.

(b) Greater cooperation and coordination is needed between the Department of Commerce and Industry, the Planning and Resources Board, the Wildlife Conservation Commission, the Department of Highways, Oklahoma Turnpike Authority, and the Office of the Governor. Regular meetings of these agencies, and perhaps others, including the State Health Department and the Corporation Commission, should be accomplished by executive order.

(c) The Economic Development Commission must exercise greater oversight, supervision, and control of claims and expenditures of this Department. As a result of the Senate Investigating Committee inquiry, the Economic Development Commission has established new procedures requiring that each claim be reviewed and approved by the Commission at the end of each month, that, except for emergency in-state travel, no travel should be made except where a request has been approved in advance, such request showing the proposed destination, itinerary and required time for the trip and that weekly reports of such trips be filed after the same are made. These new procedures should be written into the appropriation for the Department by the Legislature, as well as a requirement for stricter compliance with the Central Purchasing law, which would allow time for prior approval by the Economic Development Commission of at least these claims.

(d) The Economic Development Commission should exert greater influence on the program of the Department to eliminate a situation which has existed, of the Director and Staff working under separate policy and programs without coordination. It is imperative that the Commission employ a Director who has professional competence and experience in the field of economic and industrial development.

(e) The Department should place renewed emphasis on its function of research and the securing and dissemination of facts with particular emphasis on specific research in market development and Oklahoma industrial opportunities. This function, we find, has been diminished somewhat in recent time by the placing of greater emphasis on entertainment and personal contact.

(f) The Area Redevelopment Administration program, by legislation, should be shifted from the State Insurance Fund and the Governor's office to the Department of Commerce and Industry where it more properly belongs. This should be a separate division within the

Department of Commerce and Industry, and this division should serve also as a Washington liason on this and other federal programs for industrial, economc and community development.

(g) Immediate steps should be taken for the formation of a regional development association called "Heart of America", including the states of Texas, Oklahoma, Kansas, Arkansas, Missouri and Nebraska to provide cooperative promotional activity for economic development in this region.

(h) Immediate attention should be given to the wider use of private business and individuals in Oklahoma for the establishment of a special pool of resources and personnel which would be drawn upon by the Department for advertising and promotional activities. Particularly, there is need for advisory committees, appointed by regions of the state and by specific fields of concern.

(i) The Department should commence a systematic program for greater use and understanding of its services by local communities and serve as an overall agency for better coordination of all local efforts.

3. FURTHER STUDY. Your Committee plans to continue to meet and study additional information. We have undertaken what we feel is the most intensive study ever made in Oklahoma of the methods and procedures for economic and industrial development. We intend to hear from a good many other people. We will meet this afternoon with the Governor's John Bryce Committee and compare studies and recommendations. Following more complete study, the Committee will make a more detailed report to the Senate, including proposed legislation and a proposed budget for the Department.

Our Heavenly Father we sincerely ask thy forgiveness for those things wherein we have failed thee and our fellow men. We further pray that thou will forgive our failures to our own selves. Then we express to thee our thanks for thy bountiful goodness throughout our Nation and particularly so in our own State. We are thankful for the opportunity to serve and for the responsibilities that are ours to seek for the betterment of mankind. We pray that thou will guide the minds and hearts of our Senators in this House today and for this week. We pray that they will be able to pass such legislation that will bring about better government and by doing so will bring the respect of the citizens of this State, as well as their support. We not only pray for this House but for the House of Representatives, for the Speaker of each House, and for the Governor of this State.

In the name of Jesus Christ our Lord we ask that you will hear and answer us today. Amen.

TUESDAY, February 26, 1963:

Our Heaveny Father we are thankful that thou hast spared us another day. A day that will present new opportunities, problems, and even discouragements. But we know with thy guidance and with the integrity of the hearts of each man that every item presented they will be able to accept such and deal with them justly. We pray for the homes which these Senators have left to serve this State and we pray that thou will watch over each one of them during their absence. We pray for each of their respective communities. We pray again for clarity of mind and the assurance of the heart as the day passes so at the closing of this day each man will feel that he has done his best under the circumstances.

For Jesus sake we pray. Amen.

WEDNESDAY, February 27, 1963:

Our Heavenly Father it is once more that we approach thy throne of grace thanking thee for thy watch care over us and for the opportunity to live and serve another day. We pray that through this day each Senator will be found doing his best because Father, the people in his dis-

trict felt that he would do his best. We realize, our Father, that many times our best is far from enough but with thy continued blessing then we feel that we will accomplish what is expected from each of us. We pray again that you will bless and guide the Governor of this State. We pray for the President of our Nation as he and his co-workers lead us through these perilous days.

For Jesus sake. Amen.

THURSDAY, February 28, 1963:

Our Heavenly Father it has been a personal blessing and satisfaction to have been able to serve as Chaplain in this House for this week and we are indeed thankful unto thee for this opportunity. We feel that we have been enlightened as well as inspired by many dedicated men who have indicated that they have taken seriously the office they have sought and won. Again we express to thee our thanks. We pray that as each man leaves for his respective community and home that he can leave with a sense of satisfaction of the work he has done this week. We pray that they will find their families in good state of health and may they be able to face their constituents with the assurance of mind and heart that they have lived up to their obligations and responsibilities. Bring each man back next week to an even greater period of service.

For Jesus sake. Amen.

COMMUNICATION

By unanimous consent, upon request of Senator Colston, the following Press Release from the office of Congressman Carl Albert, under date of February 28th, was read and is incorporated herein:

Washington, D. C.—Carl Albert, Majority Leader of the U. S. House of Representatives from Oklahoma's Third Congressional District, announced today his support of an amendment to the U. S. Constitution recently proposed by the Oklahoma Legislature.

The proposed amendment would take away Federal Court jurisdiction in State legislative apportionment cases in those States which authorize direct initiation by the people in voting on reapportionment of the State legislature. Albert stated that he doubted that the courts have such authoriy in such cases, but if there is any question, the matter should be settled by constitutional amendment.

Albert said, "The Oklahoma Legislature's proposal is both reasonable and logical. It would confine Federal court activity in this traditionally State matter to those few instances where a State denies its citizens an opportunity directly to alter the composition of its legislature. But where a State's citizens have both the right and ability to initiate a vote on state legislative apportionment, as in Oklahoma, it is manifestly improper for a Federal court to substitute its judgement for that of the people."

Albert said that control by the people over the apportionment of representatives in a State legislature is foundational to our Federal System. He said, "This is rightfully the people's business, not the Federal court's business. When a State provides its people the protection of the initiation process, the apportionment of the State legislature—by whatever rational means chosen by the people—should be respected by the Federal courts."

Albert stated that the Oklahoma Legislature's proposed constitutional amendment would more fully protect the sovereign rights of the people than would the present situation. "At present", he said,

"the people of Oklahoma by their own initiation could vote for a new legislative apportionment and then see the Federal courts strike it down as unconstitutional. This would be judicial tyranny over the people of the worst sort."

Albert noted that when no right of iniation exists, a State legislature can perpetuate a particular scheme of legislative apportionment, and legislative tyranny would exist. He said, "Tyranny in whatever form—legislative, executive, judicial—is intolerable. The ultimate guarantee against tyranny in government, under a constitutional system, is the right of the people to organize and control the government."

Albert emphasized that he was not attacking the decision of the U. S. Supreme Court to assume jurisdiction over the famous Tennessee reapportionment controversy. He said it was his understanding that the Tennessee constitution does not afford the right of initiation.

Rep. Albert's statements were made at a meeting of the Oklahoma Congressional delegation held in his office to discuss the Constitutional amendment proposed by the Oklahoma Legislature.

EDITORIAL

Senator Allen asked unanimous consent, which was granted, that the following Editorial, appearing in the Oklahoma Rural News, by Czar D. Langston, Jr., be read and incorporated in the Journal:

TIME TO MOVE?

Is it time to consider moving the state capitol away from Oklahoma City?

It appears that the capitol city press feels that state employees are sheep and goats. They infer the Legislature to be of even less stature. Could it be that Oklahoma City has outgrown the need for the state Capitol? They do not express any appreciation for this great asset.

There are about 8,000 state employees residing in Oklahoma City. Dozens of organizations headquarter there because it is the state capitol. Tens of thousands of people journey to the city yearly for business at the capitol. The payroll and visitors account for tens of millions of dollars annually to Oklahoma City business.

The state capitol and agriculture were the nucleus around which the original economy of Oklahoma City was built. They provided the revenue and income to place the city in a position to finance business and industry.

Millions of dollars of state funds have been carried in Oklahoma City banks since statehood. This has provided working capital for Oklahoma City business and industry.

Now they call these people sheep and goats. Is this the kind of gratitude normally to be expected?

You will find 90 per cent of the state employees to be up to the standards found in Oklahoma business. They are, in the main, dedicated to their work. Until a short time ago they were insecure in their positions.

There are no provisions for pensions or retirement. Yet they have stayed with their work.

Every member of the Legislature makes great sacrifices to accept their responsibility: loss in revenue while away from business, away from families and neighbors and falsely accused of many acts, just to mention a few.

Such towns as Guthrie, Shawnee, Stroud, Chandler, Purcell and dozens of others are all on good highways and easily ac-

cessible by train or car. Some have fine airports. All would provide free land and facilities for such a lucrative payroll and business attractions. These towns would welcome an opportunity to serve, not condemn.

This move would also spread some of the population into other counties and reduce the reapportionment problem.

Oklahoma City now appears to be biting the hand that has fed it for years. They apparently have outgrown the need for the state capitol.

With a great investment in buildings and property in Oklahoma City, this may at first glance sound crazy. It is worthy of careful consideration. If this proposition were presented to the people with provisions to finance new buildings, it would probably carry overwhelmingly.

RADIO ADDRESS

The following address made by Senator Grantham over Radio Station KLTR, Blackwell, under date of March 17, 1963, was read by him and ordered incorporated in the Journal upon motion by Senator Stevenson, seconded by Senator Dacus:

Ladies and Gentlemen:

In discussing legislation, I shall limit preliminary remarks to one problem that has faced the Legislature since the session began, that of reapportionment. First of all, I should like to commend the management of this Radio Station for initiating this program in this area, which is the first program of this nature that has ever been in this area, to my knowledge. It is important that the people of the outlying counties of the State of Oklahoma receive information concerning government which is divorced from the views of the metropolitan press and the views of a segment

of the people living in the metropolitan areas of the State. Not that the metropolitan press does not do a good job in gathering news, but this news is unquestionably slanted in the direction of the interests of the metropolitan areas, either consciously or unconsciously, and quite often the interests of the people in the outlying areas such as ours, do not coincide with the interests of the metropolitan areas. To illustrate this fact, I should like to discuss with you briefly today, the question of Reapportionment which has been a subject thoroughly discussed in the metropolitan press and likewise discussed on Television and on Radio, and I should like to point out that most of the discussion in the press, on Television and on radio has originated in the metropolitan areas of either Oklahoma City or Tulsa, and the people of the State of Oklahoma have been lead to believe that Reapportionment will solve all the problems of State Government in our State. This is not true.

When we dig into this question of Reapportionment, we find that the present system of apportionment is not right in that it does not conform to the constitution of the State of Oklahoma, and for the further reason that it does give the rural areas a greater advantage over the metropolitan areas in representation in the Legislature. However, in the event we should apportion both houses of the Legislature purely on the basis of population, we would not solve the problem because we would create another evil in order to eliminate the existing one, in that we would turn over the government of the State of Oklahoma to the metropolitan areas of the State and the representation of the persons living in the rural or outlying areas in the State of Oklahoma would be at the mercy of the desires of those in the metropolitan areas.

This question of apportionment is not new. It arose early in England when there was a shift in population, even to the extent in some boroughs which had previously been densely populated, had the people move out and in one instance, a borough was covered with water so that only a very few people lived in the borough, and yet that borough was entitled to representation in Parliament. This originated the phrase "rotten borough."

In the early days of the formation of our National government, when it was discovered that our government could not continue to exist under the Articles of Confederation and the Constitutional Convention was called in 1787, this question of how the various states should be represented was of great concern to the members of the Constitutional Convention. Some of the members urging that each state should be represented on the basis of population and others urging that each state should have equal representation in Congress and it appeared for a time that this question would defeat the creation of a stronger central government. However, there were men of great stature in the Constitutional Convention and a compromise was entered into in regard to this question, which compromise was embodied in the Constitution providing that the State should have equal representation in the Senate and that representation would be on the basis of population in the House of Representatives and this compromise is referred to as one of the three "Great Compromises" of the Constitutional Convention.

Each of the states in the union for many years had two (2) houses and while each state constitution does not specifically provide for different types of representation in each house, there has grown up through the years in each state having two (2) houses, one type of representation for one house and another type of representation for the other house. Each state in the union still has two houses except the State of Nebraska, who many years ago adopted one house, which is known as the unicameral system.

Until recently, the Federal Courts have taken the point of view that the question of apportionment is a question for the States under the 10th Amendment of the United States Constitution, which provides that all powers not given to the Federal Government or prohibited to the States, are reserved to the States and to the people. However, the famous case of Baker vs Carr arising out of the State of Tennessee laid down the rule for the first time, in 1961, that the Federal Court would take jurisdiction if a person living in a section of the state was individually discriminated against by representation in the Legislature of his State and that jurisdiction of this question was taken by the Federal Courts under the 14th Amendment to the United States Constitution, which guarantees to each citizen, equal protection under the law.

It should be noted at this point that the only question decided in the case of Baker vs Carr was that the Federal Court would take jurisdiction. This and nothing more.

Following the decision of Baker vs Carr, there arose a great number of cases in the Federal District Courts questioning the apportionment of the state Legislatures in approximately 40 states and decisions have been reached in a number of these District Courts laying down certain guide lines for reapportionment in the respective states. But the same guide lines have not been laid down in the states where the question has been decided by the Federal Courts and in some instances, the guide lines have been conflicting. Until such time as the United States Supreme Court renders a decision laying down guide lines we can expect to continue to find discrepancies and conflicts in the decisions of the Federal District Courts in each respective state. Within the next year or 18 months, the Supreme Court will in all probability, hand down a decision setting out certain guide lines and when this occurs, each state will then have a definite guide line to go by in reapportioning the state. This will probably occur in the Michigan case or the Virginia case. It could occur in the Georgia case, but it is unlikely to occur in the Georgia case because the only question in the Georgia case before the court will be whether the unit system of representation is in conflict with the 14th Amendment to the Constitution of the United States.

The question in Oklahoma is now before the Federal District Court in the case of Moss v Burkhardt, et al, and the Court has before it, the question of whether or not the recent apportionment of Oklahoma by House Bill 586 and Senate JR 8 is in conflict with the 14th Amendment to the Federal Constitution. The House Bill conforms with the Oklahoma Constitution but does not conform with the guide lines heretofore laid down by the Federal District Court in that the House Bill retains the limitation of 7 members in the House of Representatives for Tulsa County, and 7 members in the House of Representatives for Oklahoma County. The Senate has used as a guide line, the permanent population of the State and there is much to be said in favor of permanent population as against total population in apportioning the state. However, it is highly questionable that the Federal Court will accept this basis for apportionment and the Federal Court may hold that this is in conflict with the 14th amendment to the Federal Constitution.

In any proposal thus made for the reapportionment of Oklahoma, our Senatorial District will lose representation. Kay County will lose one representative either all or part of the time and Grant County will lose its representative completely and will have to share a representative in the House with Alfalfa County. Kay County will be entitled to a Senator and Grant County will be removed from the Senatorial District and thus our Senatorial District will suffer a net loss in overall representation in the Legislature, but if reapportionment must come, then we must accept our loss.

It is my feeling that a constitutional amendment should be submitted to the people providing for the selection of one house on the basis of population and one house on area or governmental units or economic factors and thus have one house on one basis and the other house on another basis. If this is not acceptable to the people of the State of Oklahoma, then I feel that we should abolish one house and follow the lead of the State of Nebraska and adopt the unicameral system of the Legislature for there is no valid reason for the continuation of 2 houses, each based upon the same principle of representation.

Much more could be said on this question, but time will not permit a more detailed explanation of this problem.

Until guide lines are laid down by the United States Supreme Court, we must stand by and await the time when we shall know how Oklahoma must be apportioned under existing law.

We pray that these men may be fully aware of Thy love and of Thy power. May they be cognizant of Thy presence in our midst. And, our Father, in times like these, we are so glad that the name of the Lord is a strong tower and that the righteous run into it and are safe.

Eternal Father, in the Heavens, we look to Thee with joy in our hearts, because we know that thou art still working in thy creation. We have witnessed with our eyes the beauty of spring, and have experienced in our hearts the spirit of this season. The grandeur of thy creation has come unto us as water for our weary souls. We have drunk of thy beauty and our strength has been replenished. Thus we return to our work this week, ready and eager to accomplish our various task.

We thank Thee for the commission given us, to join in making the laws of our state. We are grateful for the trust placed in our hands as Senators. We ask of Thee, Oh God, that Thou would help us to be true to the causes that will strengthen Oklahoma. We would pray that Thou would grant us the courage to vote our convictions; the guidance to know that which is wise, and the ability to judge our short comings before we judge those of others.

We look to Thee in humility, trusting that Thou will supply our every need, through Jesus Christ our Lord. In His name we pray. Amen.

ATTORNEY GENERAL'S OPINION

Senator Ham asked unanimous consent, which was granted, that the following opinion of the Attorney General, received today, be incorporated in the Journal:

April 3, 1963

Hon. Glen Ham
Majority Floor Leader
Oklahoma State Senate Building
Re: Opinion No. 63-203

Dear Senator Ham:

I am in receipt of your letter dated April 1, 1963, wherein you ask:

"Please advise whether or not, in your opinion Senate Joint Resolution 37 passed by the 28th Legislature is binding upon the 29th Legislature."

Senate Joint Resolution No. 37 appears under the heading "Legislative Procedures" on pages 725 and 726, Oklahoma Session Laws, 1961. Section 1 of the Resolution, but not the preliminary portion thereof, now appears as 75 O. S. 1961 § 26.21, and reads as follows:

"§ 26.21. Except as otherwise herein provided, during each regular session of the legislature the following schedule shall govern proceedings of the Senate and the House of Representatives:

(1) The regular session of the legislature shall convene on the first Tuesday after the first Monday in January of each odd-numbered year.

(2) The fiftieth legislative day shall be the final date for the introduction of bills, except by a two-thirds vote of the members elected to and constituting the house of intended introduction.

(3) The sixtieth legislative day shall be the final date for the standing committees of each house to report bills originating in their respective houses.

(4) The sixty-fifth legislative day shall be the final date for the third reading and passage of bills in the house of origin.

(5) The seventieth legislative day shall be the final date for standing committees to report bills originating in the other house.

(6) The eightieth legislative day shall be the final date for the third reading and passage of bills originating in the other house.

(7) The eighty-ninth legislative day shall be the final date for the consideration and adoption of conference committee reports.

(8) Upon adjournment at the close of the eighty-ninth legislative day the legislature shall recess for seven (7) calendar days.

(9) On the ninetieth legislative day the legislature shall reconvene for the purpose of considering bills vetoed by the Governor.

(10) On the ninety-first legislative day each house shall convene at 10:00 a.m. and, unless the session be extended by a concurrent resolution adopted by a two-thirds vote of the members elected to and constituting each house, the legislature shall adjourn sine die at 12:00 noon; provided, however, that nothing herein shall prohibit adjournment of the legislature at any earlier date upon adoption of a concurrent resolution therefor."

It is our understanding that Senate Joint Resolution No. 37 was passed with all of the formalties which are required of a legislative enactment by Sections 34 and 35, Article 5, of the Constitution of Oklahoma. By its terms it became effective ninety days after the July 28, 1961 adjournment of the 28th Oklahoma Legislature. Therefore, the legislation set forth in the resolution, under the principles of law announced in Ward vs. State, 176 Okl. 368, 56 P. 2d 136 and Board of Commissioner's of Marshall County vs. Shaw, State Auditor, 199 Okl. 66, 182 P. 2d 507, is as valid as if set forth in a duly enacted House or Senate Bill.

Article 5, Sections 25 to 35, of the Oklahoma Constitution deal with legislative procedures. The only provisions of the Constitution with which Section 26.21 might be in conflict are the portions of Article 5, Section 30, which provide:

* * *

"Each House may determine the rules of its proceedings . . ."

* * *

"Neither House, during the session of the Legislature, shall, without the consent of the other, adjourn for more than three days . . ."

The first quoted portion of Section 30, authorizes **each House** of the Legislature, during any regular or special session, to "determine the rules of its porceedings" for the session. The only restriction upon the constitutional power of each House to establish its own rules of procedure is that the rules promulgated not violate other provisions of the constitution.

A legislative body has no power to lay its mandate upon a succeeding session; nor can it divest its successor of any of its legislative powers by enacting resolutions designed to deprive its successor of the free exercise of all legislative functions, and legislative discretion. See Boswell v. State, 181 Okl. 435, 74 P2d 940. This is particularly true with regard to rules of procedure which govern conduct of legislative business of each session of the Legislature. Rules of procedure passed by one legislative body are not binding upon subsequent legislative bodies. Each Legislature, when it meets, is without rules of procedure, and has inherent power to make its own rules without reference to the action of preceding bodies. South Georgia Power Co. v. Baumann, (Ga.) 1.51 S.E. 513.

It is, therefore, the opinion of the Attorney General that if Senate Joint Resolution No. 37 of the 28th Legislature (now 75 O. S. 1961, Sec. 26.21) was intended to be binding upon the 29th Legislature, it would contravene Article 5, Section 30 of the Oklahoma Constitution, and therefore, your question is answered in the negative.

Section 26.21 was adopted by the House of Representatives as Rule 88 of the current, or 29th Legislative Session. This action was taken formally on January 8, 1963; and Rule 88 now appears in the printed Rules of the House, commencing on page 54. Thus, the provisions thereof will govern proceedings in the House of Representatives, and be binding upon it, unless and until such rule is repealed or modified by an official rule subsequently adopted. When joint action with the Senate is involved, Rule 88 would also be binding upon the House, where not inconsistent with Senate rules.

The Senate also adopted Rules of Procedure for the 29th Legislature. However, neither 75 O. S. 1961 Sec. 26.21, nor any similar provision, has been adopted as part of the Senate Rules for the current Legislative Session. Adoption of complete Rules of Procedure without including these provisions cannot be construed other than evincing present intent of the Senate not to be bound thereby during the 29th Legislature. The Senate could at any time adopt the provisions of Section 26.21, or any part thereof, as its Rules of Procedure for the balance of the current session. Unless it does, the provisions of Section 26.21 are not binding upon the Senate, and do not govern the conduct of its legislative business.

In this connection, your attention is invited to subsections 8, 9 and 10 of Section 26.21, providing a seven-day recess at the close of the eighty-ninth legislative day. The above quoted portion of Article 5, Section 30 of the Oklahoma Constitution prohibits such an adjournment of more than three days by either House without consent of the other. If these provisions constituted the applicable Rules of Procedure of both Houses of the Legislature in effect when the day of recess thereunder arrived, the necessary mutual consent of both Houses could be considered to have occurred. Oth-

erwise, the provisions of subsections 8, 9 and 10 of Section 26.21 would not be binding, and could not be followed by, either House, without mutual consent of both Houses to the adjournment.

Research fails to disclose that any other State has enacted a law similar to Section 26.21, which apparently is patterned largely upon Rules 23 and 23a of the "Joint Rules of the Senate House of Representatives" of the 1959-60 Legislature of Michigan, appearing at page 134 of the "1959-60 Michigan Legislative Handbook". However, the Michigan rules provide for the adoption of a concurrent resolution containing these provisions by each House of the Michigan Legislature at each regular session. It is apparent that the Michigan practice is fully consistent with the principle that each Legislature will determine its own procedural rules, and that no Legislature will determine its own procedural rules, and that no Legislature has the power to establish rules of procedure binding upon a legislative body subsequently convened.

Very truly yours,
Charles Nesbitt
Attorney General

Senator Ham moved, when the Clerk's desk is cleared, the Senate adjourn to meet at 10:00 a.m., tomorrow, which motion was declared adopted.

Senator Walt Allen
116 N. Fourth Street
Chickasha, Oklahoma

Dear Mr. Allen:

I want to express my sincere appreciation to you for using your influence to secure for me the appointment to the State Senate Chaplaincy for the week of March 18, 1963. It was truly an honor and a brand new experience for me. I only wish that all ministers might receive the same experiences I felt as I sat and watched and listened. I am sure that I will be a better minister and a better citizen for having had this privilege. I know that I can appreciate more, be more sympathetic toward and more intelligently pray for the men of our legislature than I could before.

This was truly one of the greatest honors bestowed upon me and one of the most enjoyable weeks of my life. Therefore, it is with a deep sense of gratitude that I say, **Thank you.**

Very sincerely yours,
Lang Gibson

Special thanks are due President Oliver S. Wilham and Oklahoma State University for conducting the recent seminar on improvement of Oklahoma's economic development programs. Attending this seminar were, in addition to the three members of the committee: Representative William K. Shibley; Representative Jake Hesser; James N. Miles, Acting Director, Department of Commerce & Industry; Leon H. Rogers, Executive Vice President, State Chamber of Commerce and Development Council; Roy Hoke, Sr.; Dr. Oliver S. Willham, President, OSU; Dr. Eugene Swearingen, Dean, College of Business; Dr. Walter W. Hansen, Vice-Dean, College of Arts & Sciences; Dr. Clark A. Dunn, Director, Engineering Research; Dr. Marvin T. Edmison, Director, Research Foundation; Dr. Luther H. Brannon, Director, Agricultural Extension Service; Mr. J. B. Tarver, Department of Agricultural Economics; Dr. Richard W. Poole, Department of Economics. Special commendations are due Dr. Poole and Mr. LeMaster for arranging this seminar and their other help to the committee

As a result of such seminar, and other hearings, it is the judgment of your Committee that economic research, and coordination thereof, in regard to factors affecting Oklahoma's economic growth must be a vital part of the program of the Department of Commerce & Industry, and that a minimum of $70,000 per year should be appropriated to the Department for this purpose, which should generate an additional $140,000 per year in federal funds, giving an annual research budget for this Department of a minimum of $210,000. Your committee feels that such research, performed by Department personnel, as well as under contract with individuals within and without the State of Oklahoma, is important to Oklahoma's economic growth because:

(1) Economic research is a great industry itself, state expenditure for which generates other funds for that purpose and furnishes employment; (2) Economic research helps provide in Oklahoma sepcialized skilled personnel, the presence of which attracts and generates industries; and (3) Economic research reveals specific facts and ideas concerning Oklahoma markets, resources and other economic facts, the knowledge of which attracts and generates industries.

Your committee is preparing a substi-

tute Bill to present to the Senate Committee on Appropriations, which will include the recommendation contained in this report, the expenditure controls and other recommendations set forth in First Progress Report and additional recommendations for the strengthening and expansion of the Department of Commerce & Industry.

Dear Ed and Bob:

Congratulations to the prize-winning news team of Turner and Mathews.

You have brought honor not only to the News profession but to Oklahoma as a whole in winning the Sigma Delta Chi national award for outstanding television reporting in 1962.

'The War at Oxford' was a momentous achievement in covering a major news event.

Your accomplishment was even more meaningful because you placed yourselves in personal danger in order to get the full story.

I salute you both for a truly well-deserved tribute.

Sincerely,
S/ Henry Bellmon, Governor."

(e) The term "pupil" as used in this Act shall mean a person admitted and in residence in any of the institutions referred to in Section 1 of this Act, or on a vacation or extended vacation status from such institution.

Provided, further, that if it is determined by the Commission and Director that such transfer would substantially decrease federal allocations to the State of Oklahoma, said transfers shall not be made.

SECTION 8. The State Budget Officer is hereby authorized and directed to recognize any request of the Director, when authorized by the Commission, for such transfer and he shall transfer from the State Assistance Fund to the account of the "Fund for the Mentally Retarded" the amount requested prior to the allocation of funds to the various categories of assistance as now provided by law.

SECTION 12. A pupil at an institution named in Section 1 of this Act is liable for his care and treatment. This claim of the State for such care and treatment

shall constitute a valid indebtedness against such pupil and his estate and shall not be barred by any statute of limitations. At the death of the pupil this claim shall be allowed and paid as other lawful claims against the estate. Persons making application for admission of a pupil are also liable for the pupil's care and treatment, provided that such persons are legally obligated to support such pupil. Provided, further, that no admission or detention of a pupil in a school shall be limited or conditioned in any manner by the financial status or ability to pay of a pupil, his estate, or any relative.

SECTION 13. The Department may establish and direct such mental hygiene clinics and child guidance clinics in local areas of the State where such clinics are deemed most advantageous for the public welfare as a distinct part of the general health program.

SECTION 14. The Commission is hereby authorized to allocate and transfer from the State Assistance Fund, prior to the allocation of funds to the various categories of assistance, as now provided by law, to the Department of Mental Health, a sum not to exceed Two Million Dollars $2,000,000.00) per annum to supplement funds appropriated for the operation of the Eastern State Hospital, Western State Hospital, Central State Griffin Memorial Hospital, and the Taft State Hospital. SECTION 15. The Commission is hereby directed to cause the schedule of maximum money payments for assistance plans in accordance with living arrangements, in the categories of needy aged persons, needy blind persons, and needy totally and permanently disabled persons, to be raised a minimum of Three Dollars $(3.00) per month, effective July 1, 1963, or when this Act becomes effective, provided Said Act does not become effective before July 1, 1963, and an additional Two Dollars ($2.00) per month, effective April 1, 1964. Provided, that such raises shall have priority over all transfers of funds authorized by this Act. Such raises and all future increases in assistance in such categories shall be subject to a reserve in an amount that will be sufficient to maintain a continuity of money payments in such categories.

SECTION 16. The Commission shall continue to maintain the following programs, as set out in the Oklahoma Statutes; namely, categorical assistance (money payments to recipients and cost of administration), medical care for public assistance recipients, medical assistance for the aged, crippled children, child welfare, general assistance, commodity distribution, institutional, and any other functions as may be assigned to the Commission by federal and state law; and if the Commission determines that a surplus exists in any account in the State Assistance Fund, it may use any of such surplus for the operation of any other program administered by the Commission that is in need thereof; provided, that on and after July 1, 1965, a sum not less than fifty percent of increases of accruals to the State Assistance Fund over the preceding year shall be credited to the account in such fund for the payment of old age assistance, it being the purpose of this proviso to guarantee that recipients

of old age assistance shall receive the benefit of increases in receipts of sales taxes.

SECTION 17. There is hereby established a Review Committee, consisting of the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Director of Public Welfare. Such Committee shall meet during the month of June, 1964, and each June thereafter, and evaluate the programs referred to in this Act and make an estimate of the sufficiency of funds to carry out the provisions of Section 7 of this Act for the ensuing fiscal year, and shall report its findings to the Commission for its consideration in determining the amounts to be transferred for the purposes specified in said Section 7. The Review Committee may meet at other times, upon request of the Commission, for the purpose of making recommendations to the Commission concerning such transfers.

SECTION 18. The Commission shall maintain such standards of money payments in the categories of old age assistance, aid to the blind, aid to the permanently and totally disabled, and aid to families with dependent children, as will earn the maximum federal funds available to the State, and shall budget such other state funds as may be necessary to earn the maximum of Federal matching funds in the child welfare program, crippled children's program and other Federal-State Programs. The Commission shall also, in accordance with the provisions of this Act, use State funds as may be needed to adequately discharge its duties and responsibilities in maintaining programs assigned to it by the legislature. After the foregoing provisions of this Section have been complied with, surplus moneys accuring to the credit of the State Assistance Fund shall be used by the Commission for cost-of-living increases in the categories of old age assistance, aid to the blind and aid to the permenently and totally disabled, until individual recipients shall have reached budgets of One Hundred Twenty-eight Dollars ($128.00) per month, and two persons having the maximum budget, have reached a budget of One Hundred Ninety Dollars ($190.00) per month, or Ninety-five ($95.00) Dollars for each individual, if living together, as provided for in the Commission's schedule of maximum money payments for assistance plans in accordance with living arrangements; and until in the category of aid to families with dependent children, in addition to the maximum prescribed by the Federal Social Security Act for a needy caretaker, the budget of each additional person shall be increased proportionately until a family unit shall have reached the maximum of not to exceed Three Hundred Dollars ($300.00) a month per family unit, as provided for in the Commission's schedule of maximum money payments for assistance plans in accordance with living arrangements. When all of the aforesaid maximums have been reached, the Oklahoma Tax Commission shall, upon certification of such fact by the Commission, and with the approval of the Review Committee herein provided for, deposit in the General Revenue Fund of the State, all surplus moneys that would have been apportioned to the State Assistance Fund.

SECTION 19. All laws and parts of laws in conflict with any of the provisions of this Act are hereby repealed only insofar as the same conflict with the provisions of the Act.

SECTION 20. The provisions of this Act are severable and if any part or provision thereof shall be void, the decision of the court so holding shall not affect or impair any of the remaining parts or provisions of this Act.

SECTION 21. The provisions of this Act shall not be effective until July 1, 1963; provided, that the Commission may, after the passage and approval of this Act and before July 1, 1963, employ necessary personnel and perform preliminary services incident to placing the Hissom Memorial Center into operation.

A JOINT RESOLUTION PROVIDING FOR INCREASES IN PAYMENTS OF OLD AGE ASSISTANCE, AID TO BLIND AND AID TO PERMANENTLY AND TOTALLY DISABLED; PROVIDING FOR USE OF STATE ASSISTANCE FUND FOR PROGRAMS ADMINISTERED BY THE DEPARTMENT OF PUBLIC WELFARE; ESTABLISHING A PLAN FOR BRINGING PUBLIC ASSISTANCE BUDGETS UP TO CERTAIN MAXIMUMS, AND MAKING DISPOSITION OF SURPLUSES IN THE STATE ASSISTANCE FUND; AND DECLARING AN EMERGENCY.

WHEREAS, It appears that increases in payments of old age assistance, aid to the blind and aid to the permanently and totally disabled can be made beginning July 1, 1963, and April 1, 1964, without detriment to the other programs administered by the Department of Public Welfare; and

WHEREAS, In addition to its reponsibilities and duties in carrying out the provisions of the Oklahoma Social Security Act, the Department of Public Welfare has been charged with carrying out the provisions of **HB 530** of the 1957 Legislature, **SB 20** of the 1959 Legislature, **SB 316, HB 883** and **HB 884** of the 1961 Legislature; and

WHEREAS, It is the intention and desire of the Legislature that there be paid to adult recipients in the categories of assistance to needy aged persons, assistance to needy blind persons and assistance to needy disabled persons in similar circumstances, and having the same living arrangements, as nearly equal payments as possible; and that the Department of Public Welfare also provide proper care for children requiring child welfare, and crippled children's services, and for children in institutions under its jurisdiction, and that it make full use of the State Assistance Fund for the various programs assigned to it for administration:

NOW, THEREFORE, BE IT RESOLVED

BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE TWENTY-NINTH LEGISLATURE OF THE STATE OF OKLAHOMA:

SECTION 1. The Oklahoma Public Welfare Commission is hereby directed to cause the Schedule of Maximum Money Payments for Assistance Plans in Accordance with Living Arrangements, in the categories of needy aged persons, needy blind persons, and needy totally and permanently disabled persons, to be raised a minimum of Three Dollars ($3.00) per month, effective July 1, 1963, and an additional Two Dollars ($2.00) per month, effective April 1, 1964. The increase in payments herein directed shall not be in addition to the increase provided by the provisions of House Bill No. 515, 1963 Legislative Session. Such raises and all future increases in assistance in such categories shall be subject to a reserve in an amount that will be sufficient to maintain a continuity of money payments in such categories.

SECTION 2. The Commission shall continue to maintain the following programs as set out in the Oklahoma Statutes; namely, categorical assistance (money payments to recipients, and cost of administration), medical care for public assistance recipients, medical assistance for the aged, crippled children, child welfare, general assistance, commodity distribution, institutional, and any other functions as may be assigned to the Commission by Federal and State laws; and if the Commission determines that a surplus exists in any account in the State Assistance Fund, it may use any of such surplus for the operation of any other program administered by the Commission that is in need thereof; provided, that on and after July 1, 1965, a sum not less than fifty per cent of increases of accruals to the State Assistance Fund over the preceding year shall be credited to the account in such fund for the payment of old age assistance, it being the purpose of this proviso to guarantee that recipients of old age assistance shall receive the benefit of increases in receipt of sales taxes.

SECTION 3. The Commission shall maintain such standards of money payments in the categories of old age assistance, aid to the blind, aid to the permanently and totally disabled and aid to families with dependent children, as will earn the maximum federal funds available to the State, and shall budget such other state funds as may be necessary to earn the maximum of Federal matching funds in the child welfare program, crippled children's program and other Federal-State Programs. The Commission shall also, in accordance with the preceding Section use State funds as may be needed to adequately discharge its duties and responsibilities in maintaining programs assigned to it by the legislature. After the foregoing provisions of this Section have been complied with, surplus moneys accruing to the credit of the State Assistance Fund shall be used by the Commission for cost-of-living increases in the categories of old age assistance, aid to the blind and aid to the permanently and totally disabled, until individual recipients shall have reached budgets of One Hundred Twenty-eight Dollars ($128.00) per month, and two persons having the maximum budget, have reached a budget of One Hundred Ninety Dollars ($190.00) per month, or Ninety-five Dollars ($95.00) for each individual, if living together, as provided for in the Commission's schedule of maximum money payments for assistance plans in accordance with living arrangements; and until in the category of aid to families with dependent children, in addition to the maximum prescribed by the Federal Social Security Act for a needy caretaker, the budget of each additional person shall be increased proportionately until a family unit shall have reached the maximum of not to exceed Three Hundred Dollars ($300.00) a month per family unit, as provided for in the Commission's schedule of maximum money payments for assistance plans in ac-

cordance with living arrangements. When all of the aforesaid maximums have been reached, the Oklahoma Tax Commission shall, upon certification of such fact by the Commission, and with the approval of the Review Committee, composed of the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Director of Public Welfare, deposit in the General Revenue Fund of the State, all surplus moneys that would have been apportioned to the State Assistance Fund.

SECTION 4. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Resolution shall take effect and be in full force from and after its passage and approval.

A RESOLUTION COMMENDING THE CITY OF GUTHRIE, FIRST CAPITAL OF THE STATE OF OKLAHOMA, FOR ITS PERPETUATION OF THE "SPIRIT OF '89" IN THE ANNUAL "89'ER DAY" CELEBRATION CONDUCTED IN THAT CITY; AND DIRECTING THE DISTRIBUTION OF COPIES OF THIS RESOLUTION.

WHEREAS, the City of Guthrie, first capital of the State of Oklahoma, annually conducts the "89'er Day" Celebration in commemoration of the great run of April 22, 1889, whereby the Territory of Oklahoma was first opened to settlement; and

WHEREAS, in the brief period since 1889, Oklahoma and its energetic and enterprising people have made giant strides, fulfilling in every respect the glorious promise of that momentous and inspiring occasion; and

WHEREAS, the hardy pioneers of 1889, restless with the present and looking for a greater, more glorious future, found in Oklahoma the fulfillment of cherished dreams; and

WHEREAS, the dreams of 1889 have been nurtured and carried to fruition by those determined first settlers who carved a civilization out of the wilderness and by their descendants who, in the same spirit and tradition of ever looking onward, have condensed into a few short years the historical development from arrows to atoms; and

WHEREAS, on this date of April 22, 1963, it is most fitting and opportune for the descendants of those pioneers of 1889 to re-dedicate themselves to the challenging tasks lying ahead—to the "Run for the Future"—the spirit of which is embodied in such monuments to progress as Oklahoma University's Center for Continuing Education; Oklahoma State University's futuristic technological institutes in Okmulgee and Oklahoma City; Oklahoma City University's "Great Plans" program; the Frontiers of Science program, devel-

oped by future - thinking Businessmen throughout the length and breadth of Oklahoma; the Western Heritage Foundation and its plan to perpetuate a glorious past as a guideline to a magnificent future; and the location throughout Oklahoma, in increasing numbers, of sophisticated industries keyed to the future; and

WHEREAS, on this day we pause to express our undying appreciation and gratitude to those sturdy and courageous pioneers who, amid untold hardships, braved the imponderables of Oklahoma's unclaimed and undeveloped frontiers, sustained only in their deep and abiding faith in the promises for the future of this beautiful and bountiful land; and

WHEREAS, it is both fitting and proper for the Oklahoma State Senate to express, on behalf of the people of this dynamic young state, our appreciation to the City of Guthrie for its exemplary efforts toward perpetuating for all posterity the restless, inquisitive, venturesome and forward-looking spirit of 1889, that this might serve as the inspiration for continued and even greater achievements in an age of new and even more challenging frontiers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE TWENTY-NINTH OKLAHOMA LEGISLATURE:

SECTION 1. That the City of Guthrie, Oklahoma, be and hereby is officially commended for the exemplary manner in which it carries on and perpetuates, in its magnificent annual "89'er Day" Celebration, the indomitable spirit underlying the "Run of 1889" and the consequential development, growth and phenomenal progress of the dynamic young State of Oklahoma; and

SECTION 2. That others who carry on in the tradition of the 89'ers, guaranteeing to Oklahoma her "place in the sun", be and hereby are officially commended by the Oklahoma State Senate; and

SECTION 3. That this Resolution be spread upon the pages of the permanent Journal of the Senate of the Twenty-ninth Oklahoma Legislature as a token of the high esteem of this body for those who endeavor to perpetuate our most honorable and noble traditions; and

SECTION 4. That duly authenticated copies hereof be presented to the proper officials of the City of Guthrie, Oklahoma; Oklahoma University, Norman; Oklahoma State University, Stillwater; Oklahoma City University; the Frontiers of Science Foundation; the Western Heritage Foundation; and to the Chamber of Commerce of Oklahoma City and Tulsa, Oklahoma.

Sixty-first Legislative Day

Tuesday, April 23, 1963

Pursuant to adjournment, the Senate met at 1:30 p.m., and was called to order by President Pro Tempore Boecher.

The roll call was as follows:

Present: Allen, Baldwin, Bartlett, Belvin, Berrong, Boecher, Bohannon, Breeden, Cobb, Colston, Field, Fine, Garrison, Garvin, Grantham, Graves, Ham, Hamilton, Harris, Kerr, Lollar, McClendon, McColgin, McComas, McSpadden, Muldrow, Murphy, Nichols, Pazoureck, Ritzhaupt, Rogers, Romang, Schoeb, Stevenson, Stipe, Tipps, Trent, Wilkerson, Williams, Wilson.—40.

Excused; Cowden, Dacus, Haworth, Payne.—4.

The President Pro Tempore declared a quorum present.

The following Prayer was offered by the Chaplain, the Reverend Paul Jones, and is incorporated herein upon request of Senator Grantham:

Eternal God, open our eyes to the human needs in our great State, and look thou upon them.

May we be concerned about good causes that mean well to human life. In love of truth, let us give ourselves to science. May we sincerely care for schools and homes and communities. Lift up our thoughts for the nation and let us pray for a day of international neighborhood. Put courage into our hearts, wisdom into our minds, strength into our arms. Let us not by any temporary failure be swayed. Give us a long look and a deep faith in the Kingdom of God that shall come on earth.

Some in our State are young and come up out of the gates of the dawn. O, thou who has put into their control this fresh soil of a youthful life, let it not be exhausted by frivolity that when the autumn comes no harvest can grow.

Some are old. Long ago they sang their matins in the morning; now they are ready for their evensong. Comfort them, we pray thee, through the final days of their pilgrimage, and let them catch foregleams of the eternal through the open door.

Some are in trouble. Out of the depths lift up their souls.

Some are in joy, fortunate in love, happy in their families, prosperous in their estate. For every benediction that makes more tolerable the pilgrimage of human life, and at times fills souls with rejoicing, we thank thee. Touch every happiness with sacredness. Melt it into unselfishness; translate it into service; let it not be clouded by pride; make it transparent so that thy Spirit can shine through it to human good.

We ask it in the Spirit of Jesus. Amen.

The Journal for the last legislative day was declared approved.

Sixty-second Legislative Day

Wednesday, April 24, 1963

Pursuant to adjournment, the Senate met at 1:30 p.m., and was called to order by its President.

The roll call was as follows:

Present: Allen, Baldwin, Bartlett, Belvin, Berrong, Boecher, Bohannon, Breeden, Cobb, Colston, Field, Fine, Garrison, Garvin, Grantham, Graves, Ham, Hamilton, Harris, Haworth, Kerr, Lollar, McClendon, McColgin, McComas, McSpadden, Muldrow, Murphy, Nichols, Pazoureck, Ritzhaupt, Rogers, Romang, Schoeb, Stevenson, Stipe, Tipps, Trent, Wilkerson, Williams, Wilson.—41.

Excused: Cowden, Dacus, Payne.—3.

The President declared a quorum present.

The following Prayer was offered by the Chaplain, the Reverend Paul Jones, and is incorporated herein upon request of Senator Breeden:

Eternal Spirit, whom the heaven of heavens cannot contain, but who dwellest in the humble and contrite heart, we turn to thee from the violence of the world and the turmoil and confusion of our busy lives for this moment of quiet thought, meditation, prayer. Let the roiled waters of our lives settle. In the rapids and waterfalls of this week, grant our spirits a tranquil pool, and give us a fresh direction and a better course.

Ah, Lord, the mystery of life is very deep; we cannot fathom it. The explanation of this vast and varied universe does not lie within the comprehension of our minds. Today we pray humbly for light enough to walk by. Grant us that! Lead us in paths of righteousness for thy name's sake. Give us the eyes of faith that can see the way despite life's mystery and the world's discordant noises.

To that end lift us above the immediate and set our lives in the wide horizons of abiding verities. Our eyes grow too accustomed to man's ugliness and sin, to the world's tumult and disorder. Today remind us of the goodness that is here, of the beauty that our eyes have seen in nature and in human life, of friendliness that has been visited upon us, love that has sustained us, character that has undergirded us, and of thy goodness that has been patient with us. Today put Christ in our remembrance and those strong and radiant lives who have followed in his steps. Awaken gratitude in the hearts of some of us who have forgotten to give thanks, and around the evil that depresses us throw great memories and wide hopes.

In the Spirit of Christ we pray. Amen

The Journal for the last legislative d[illegible] was declared approved.

INTRODUCTIONS

The President introduced Dr. Hernan Corrales, President of the University of Honduras and Mr. Robert F. Jordan, Cultural Attache, U. S. Embassy, Tequacigalpa, Honduras, and interpreter for Dr. Corrales. The President asked unanimous consent that Dr. Corrales be granted the privilege of the Floor for the purpose of addressing the Senate, which was the order.

The following remarks of Dr. Hernan Corrales, as translated by Mr. Jordan, are incorporated herein upon request of Senator McComas:

"Members of the State Senate of the State of Oklahoma: It is a pleasure for

me to send you the greetings of us as representatives of the University of Honduras. We have come to Oklahoma City through a very courteous invitation given to us by the University of Oklahoma to establish a program of cultural exchange, so it is my hope that in the future you will hear more about my country, because through a program of cultural exchange better relations will be widened between two friendly countries such as Honduras and the United States of America. I hope that the program of Oklahoma professors visiting our University will serve as an inspiration to our people, and I also hope that when Honduran professors visit the United States that they will learn much about your University and will learn more about the American culture and the Democratic tradition. The University of Honduras is making great strides to elevate its position, its standard. With this cultural exchange program, which is the first that my country has with any University in the States, it is my hope that this program will serve to better and bring about more relations with our University and the United States. I repeat, that this program with the University of Oklahoma is the first program that we have had for exchange of cultural relations. I ask you Senators to take to each of your home areas a very cordial greeting from the University of Honduras and from the Honduran people. Thank you very much."

The following prayer was offered by the Chaplain, Dr. B. Frank Belvin, Brother of Senator Belvin, and is incorporated herein upon request of Senator Payne:

Our Heavenly Father, we come in grateful adoration for all that you have done for us. And in the light of Thy presence we are reminded of our failures and wilful disobediences. Therefore we repent, and ask Thee to forgive and to restore us to the fellowship of Thy love. Be gracious unto us and hear our prayer.

First we pray for our Governor, upon whose shoulders rests so great responsibility. We are grateful for him and his moral leadership. Give to him both wisdom and strength as he guides the state in its great program. Let him give ear to wise counsel, but make him impervious to unjust criticism.

And for this body of men, in whose presence we stand, we pray that they too might be blessed with divine wisdom. We are conscious that they are constantly torn by a desire to be helpful to some and a broader duty to be fair to all. Indeed, they sometimes face measures when there appears to be no clear line of demarcation as to what is good for or the people desire, rendering correct decision most difficult. Oh God, let Thy love be their guide, and their decisions be born of discreet devotion to duty, and their legislation for the most good of the most people for the longest time.

Our Father, refine our character to the degree that Thy desire will be our guide. When we falter, encourage, when we fall, lift up, when we fail, forgive. Let us learn early that gentleness is the secret of true strength and greatness.

Be gracious unto us and hear our prayer, through Jesus Christ our Lord. Amen.

Our Father, in thee do we live and move and have our being. In thee do we find fullness and joy of living. We humbly thank thee, Almighty God, for the many blessings which thou hast given to our country, and add this, O Lord to thy other mercies, that we may be enabled to use them better to thy service.

We are grateful for these the leaders of our state and the wisdom they have revealed of the Kindom of Christ. Endow all members with a right understanding, a pure purpose, and sound speech. Enable us to rise above all self-seeking and party zeal into the larger sentiments of public good and human brotherhood. Cleanse our public life of every evil; subdue in our state and nation all that which is evil and may the good shine forth brightly. Give us self-restraint, that we may do thy will on earth as it is in heaven.

O Lord, be merciful to us and bless us. As thou hast made our nation mighty in this world, so make it a source of wisdom and truth, of order and sanctity, to all who come under its influence. Let thy light pass amongst us. Let thy truth be our truth. Unite us all thy children. Let the knowledge of thy righteousness and they love unfeigned reign in all our hearts; through Jesus Christ our Lord. Amen.

COMMUNICATION

The following communication from Senator Cowden was read and ordered incorporated in the Journal:

Dear Friends,

I want to express my thanks for the beautiful flowers you sent me while I was in the hospital. I received your card today and I really got a "bang" out of it. I would like to be back in the Senate but I had another check up Saturday by my doctor and the Senate is still off limits for me as far as he is concerned. I miss being there with you as the fraternal spirit and fellowship found in the State Senate can not be found any place in this world. As the "King" said on his card "Win or lose, we are still a team."

I keep up with the progress of the legislature through the newspapers and via Ed Turner and Jack Ogle.

I also read the editorials and after 25 years of front line duty, they are much easier to read as I know they cannot be talking about me.

I know each of you personally and I have complete faith that the final completion of the program will be to the best interest of the State of Oklahoma.

With the deep affection and respect for all of you, I remain,

Sincerely Yours,

Boyd Cowden

P.S. As MacArthur said "I shall return".

WHEREAS, in 1959 the Nationl Aeronautics and Space Administration inaugurated "Project Mercury," a program designed to put manned vehicles into outer space and to enhance our treasury of knowledge concerning the universe of which our world is but a part; and

WHEREAS, selected by the National Aeronautics and Space Administration to pioneer America's mighty effort were seven courageous and singularly outstanding young patriots from the four military services; and

WHEREAS, among these seven dedicated young Americans confidently and proudly stands Oklahoma's own Shawnee-born and reared Major Leroy Gordon Cooper, Jr., of the United States Air Force, who, as a younster in his native Shawnee, yearned "to fly upon the wings of the wind," daring not to dream as he exultantly soloed a tiny Piper Cub through its limited paces that on a day in a not too distant future the eyes of the world would focus expectantly upon him in the cockpit of his Mercury space capsule, hurtling at fantastic speeds through the vast emptiness and solitude of outer space —alone, and free of earth's barriers and fetters, yet not alone, for with him as he guided his space vehicle on its revolutionary journey would be the hopes and prayers, not only of his family and friends and fellow Oklahomans but of the entire populace of his country and of countless other millions throughout the world, for a safe and successful voyage; and

WHEREAS, Major Leroy Gordon Cooper, Jr., was born in Shawnee, on March 6, 1927, the only child of Mrs. Leroy Gordon Cooper, Sr., and the late esteemed Colonel Leroy Gordon Cooper, Sr. and was educated in the Shawnee public schools where he was an outstanding student — congenial, of a pleasant disposition and well-liked; disciplined; of strong moral fibre and convictions; and displaying from childhood an innate inquisitiveness concerning the world about him which is the foundation stone of true knowledge and understanding and the basis of a life-long pursuit which has lifted him, literally, to the edge of the stars; and

WHEREAS, after graduation from Shawnee High School in 1945, he served a tour of duty in the United States Marine Corps, studied at the University of Hawaii, where he met and Married Trudy Olson, of Seattle, Washington, then embarked upon an eminently successful career in the United States Air Force—crowned in 1959 with his selection as one of the original United States astronauts; and

WHEREAS, after years of arduous, stimulating preparation and study and the generous giving of assistance and support to those select comrades who preceded him in blazing historic trails upon the new and foreboding frontiers of uncharted outer space, comes now the turn of this fearless patriot to make a mark, for himself and for his country, not only in the space race but also in the timeless quest for keys

to the enigmas and mysteries of the universe; and

WHEREAS, the path-finding journey soon to be undertaken by Major Cooper, fraught with peril, and calling for a courage that stirs the hearts of those who merely stand and wait, shall be, for Major Cooper and for his fellow Americans, a rendevous with destiny in our own time; and

WHEREAS, it is most fitting and proper for the Twenty-ninth Oklahoma Legislature, on behalf of the people of this great commonwealth, to salute and to wish Godspeed, on the eve of his epochal journey into the seas of outer space, to a native son who serves his beloved country with nobility, dignity and honor, that it might remain forevermore the cradle, the apostle, and the embodiment of liberty.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE TWENTY-NINTH OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That Major Leroy Gordon Cooper, Jr., of Shawnee and the United States Air Force, be and hereby is commended and congratulated by the Senate and House of Representatives of the Twenty-ninth Oklahoma Legislature for and on behalf of the people of the great State of Oklahoma, for his contributions to the United States Mercury man-in-space program.

SECTION 4. That as a further token of the high esteem in which Major Cooper is held by his fellow Oklahomans and by Oklahoma Legislature, duly authenticated copies of this Resolution be prepared and presented to Major Leroy Gordon Cooper., Jr., his wife, Trudy, and their daughters, Camala K. and Anita L., at their home in Houston, Texas; to his mother, Mrs. Leroy Gordon Cooper, Sr., of Carbondale, Colorado; to his paternal grandmother, Mrs. Cora E. COMMUNICATIONS

Senator Ritzhaupt asked unanimous consent, which was granted, to have read and incorporated in the Journal the following article by the Honorable Nat M. Taylor, former Member of the Senate, which article appeared in the Sunday "Daily Oklahoman" under date of May 5, 1963:

OLD TIMER FINDS LEGISLATURE DOING JOB RESPONSIBLY

To The Editor:

I had an opportunity to visit the legislature recently, and it recalled many pleasant memories of the time some 30 years ago that I was a member for 10 years.

I found the legislators busy, courteous and in earnest. It was in the forenoon when I was there and there seemed to be a committee working in every available room that was not taken up by office space. They seem to be doing a good job, much better than last session.

The legislature is under tremendous pressure, when in session. They are beset by minority groups, lobbyists, those who want special favors and public opinion, which I must say is not always for the best interest, as it is often inflamed by minority groups or misinformation. It takes a good measure of intestinal fortitude to withstand these factors and still vote wisely and justly.

There are three classes of members who formulate and run the legislature. The leaders, who compose and direct the policies of the body. The detail members, who do and direct the various ramifications, such as committee work, investigation, etc. Then there is another group, who might be designated as the deadwood. They generally vote with the majority and seldom have a decided opinion of their own on which to rely.

However, they are a pretty solid group, above an average and the state's business is pretty safe in their care.

NAT M. TAYLOR, Lookeba

Senator Ritzhaupt requested that the Secretary of the Senate be instructed to mail a copy of the Senate Journal containing the above article to the Honorable Nat M. Taylor, which was the order.

Senator Ritzhaupt asked unanimous consent that the following article by Mike McCarville, which appeared in the Sunday "Daily Oklahoman" under date of May 5, 1963, referring to a book entitled "The Miseducation of American Teachers" by Dr. James D. Koerner, published by Houghton Mifflin, be read and incorporated in the Journal, and the Secretary of the Senate be directed to send a copy of the Journal to the Author and to the Publisher, which was the order:

EDUCATION GROWS INTO A MONSTER, CRITIC BELIEVES

The Miseducation of American Teachers,

By Dr. James D. Koerner

Houghton Mifflin, $4.95

American education "has grown too large too fast on too slippery a foundation," Dr. Koerner asserts.

His statement, is believable, too. His impressive research volume points out cogent deficiencies in the American education process, particularly those directed at future teachers.

And what's behind it all?

The "rape of the language" that has made communication between educationists and academicians virtually impossible. In place of the English language has come "Educanto," says the board of directors president of the Council for Basic Education.

The sole job of education, Dr. Koerner states, is to bridge the gulf between a man's achievements and his possibilities, between what is and what might be. We're doing a miserable job, he says.

He would "systematically and vigorously train the intellect of each new generation in those subjects that are the most fruitful for man's continuing development" to bridge the educational gulf we've fallen into.

Colleges which force their students into trivial courses, states which hand out teachers' certificates like a politician does cigars, school boards which let themselves be led by the nose in choosing teachers and the general American attitude toward edcuation came before Koerner's x-ray.

This work pulls no punches, laying open the long-smoothed over educational skin which has remained untouched for too long.

What, then, is the condition of education today as an academic enterprise?

"It continues to be one of the intellectually weakest, most nebulous, and generally unsatisfactory fields in higher education, although it is the biggest," the educator writes.

—Mike McCarville

MESSAGE FROM THE GOVERNOR

The following VETO Message from the Governor was received and read, consideration being deferred for this legislative day:

TO THE PRESIDENT AND MEMBERS OF THE HONORABLE SENATE TWENTY-NINTH OKLAHOMA LEGISLATURE
Gentlemen:

I have vetoed SENATE BILL NO. 146 for the following reasons:

Information furnished by the State Board of Education shows that this bill authorizes increased expenditures of tax money in the amounts of $10.4 millions in the 1963-65 biennium, $23.4 millions in the 1965-67 biennium and $36.6 millions in the 1967-69 biennium, or a total of $70.4 millions over the next six years, based on the present number of teachers.

Recent action by the Legislature in transferring $11.5 millions of sales tax revenues, plus additional tax income resulting from growth in the state's economy has provided money sufficient to finance the existing school code and an adequate overall program of state services.

Supplying the funds necessary to finance Senate Bill No. 146 would require drastic reduction of money available for roads and highways, mental health, higher education, public health and other functions of government which must be properly financed to carry forward a program of balanced governmental activity.

The budget which I presented to the legislature recognized a need for a basic increase in teachers' salaries and Senate Bill No. 146 concurs by acknowledging this need.

My veto of this measure does not rule out the possibility of some upward adjustment in salaries when the final appropriations bills are drafted.

BY THE GOVERNOR OF
THE STATE OF OKLAHOMA
Henry Bellmon

As provided under the Ham motion, the Senate was declared adjourned, to meet at 1:00 p.m., tomorrow.

Seventieth Legislative Day

Wednesday, May 8, 1963

Pursuant to adjournment, the Senate met at 1:00 p.m., and was called to order by its President.

The roll call was as follows:

Present: Baldwin, Bartlett, Belvin, Berrong, Boecher, Breeden, Dacus, Field, Fine, Garrison, Garvin, Graves, Ham, Hamilton, Harris, Haworth, Kerr, Lollar, McClendon, McColgin, McSpadden, Muldrow, Murphy, Nichols, Payne, Pazoureck, Ritzhaupt, Romang, Schoeb, Stevenson, Stipe, Tipps, Trent, Wilkerson, Williams, Wilson.—36.

Excused: Allen, Bohannon, Cobb, Colston, Cowden, Grantham, McComas, Rogers.—8.

The President declared a quorum present.

The following prayer was offered by the Chaplain, the Reverend Edwin W. Parker, and is incorporated herein upon request of Senator Field.

O, God, our Father, we have read that long ago Thou dids't lead thy children out of captivity through the dangers of an unknown land into the peace and plenty of a promised land. We are Thy children and this is a day of danger, do Thou lead us in safety to the full realization of the promise of our American democracy.

These are days of changes and we are often confused. Some of the guideposts we used to follow have been obscured. Help us to see again the fixed stars by which we may guide to safety.

Make us to know that Thou art our God, and the issues of life are in Thy hands, not ours alone.

Let us know that "the Eternal God is our refuge, and about us are the everlasting arms."

Bless this Senate as it serves the common good instead of special interests. Make us worthy of the heritage given us by the wisdom and sacrifice of our forefathers, and as we enjoy it may we enhance it that our children may live in faith and righteousness, in brotherhood and liberty, in plenty and peace.

Make our wisdom and strength equal to our responsibilities.

Again we ask Thy blessing of each member of this Senate, draw them and their families close to each other and to Thee, give them success in their affairs and as Thou dids't guide Thy servant Moses as he led Thy children, so do Thou guide them as they lead us.

These things we ask as Thy children, conscious of Thy presence, and as brethren conscious of our responsibility to each other.

Amen

The Journal for the last legislative day was declared approved.
