Both the Secretary of the Senate and the Clerk of the House shall keep a report of the proceedings to be entered on the Journals of their respective Houses.

Rule 3. All bills, resolutions, votes and amendments by either House, to which the concurrence of both is necessary, as well as messages, shall be presented to the other by the Clerk or Secretary of the House from which they are sent, or by the Assistant Secretary or Assistant Clerk, or by messengers.

Rule 4. All bills for raising revenue shall originate in the House of Representatives. The Senate may propose amendments to revenue bills. No revenue bill shall be passed during the last five days of the session.

Rule 5. Every act of the Legislature shall embrace but one subject which shall be clearly expressed in its title, except general appropriation bills, general revenue bills, and bills adopting a code, digest or revision of statutes; and no law shall be revised, amended, or the provisions thereof extended or conferred, by reference to its title only; but so much thereof as is revised, amended, extended, or conferred, shall be re-enacted and published at length; provided, that if any subject be embraced in any act contrary to the provisions of this rule, such act shall be void only as to so much of the law as may not be expressed in the title thereof. Art. V, Section 57, Constitution.

Rule 6. All bills, memorials, or resolutions ordered to be engrossed shall be engrossed by the Clerk of the House in which originated.

Rule 7. All bills must be enrolled and reported to each House by the Enrolling Committee within three days after their passage; provided, that if the reconsideration of any bill is moved in either House previous to its presentation to the Governor, the respective House shall hold the same until action is had upon such motion.

Rule 8. No bill, resolution or memorial shall be sent to the Governor for his approval, unless the same shall have been clearly and fairly enrolled without obliteration or interlineation.

Rule 9. The presiding officer of each House shall, in the presence of the House over which he presides, sign all bills and joint resolutions passed by the legislature, immediately after the same shall have been publicly read at length, and the fact of the reading and signing shall be entered upon the Journal, but the reading at length may be dispensed with by a two-thirds vote of the quorum present, which vote, by yeas and nays, shall also be entered upon the Journal, Art. V, Section 35, Constitution.

Rule 10. Whenever either House shall amend a measure and the other House shall refuse to concur in and adopt the amendment, the House which has adopted such an amendment shall then insist on or recede from the same. In case a motion to insist on the amendment be de-

cided in the negative such action shall be deemed a receding from the amendment and so entered on the Journal of such House. In case the amendment is insisted upon, the House so insisting shall request a committee conference on the subject of disagreement and shall appoint a committee therefor. The other House shall thereupon appoint such committee. Unless another number is specified in said request such committee shall consist of three members from the House and three from the Senate. They shall meet at a convenient time, to be agreed upon by their chairman, and having conferred, each shall report to its respective House the result of this conference. In case of agreement the report shall be first made, with the papers referred, accompanying it, to the House which refused to concur, and there acted upon; and such action shall be immediately reported by the Secretary or the Clerk to the other House, the papers referred accompanying the message.

In the case of disagreement of a conference committee, the papers shall remain with the House which insisted on the amendment. The agreeing report of a conference committee shall be made, read and signed, in duplicate by all members of the Committee, or by a majority of those of each House. Should either House disagree to the report of the committee such House shall appoint a second committee and request a further conference, which shall be acceded to by the other House before adhering. The motion for a committee conference and the report of such committee shall be in order at any time. When both Houses shall have adhered to their disagreement, a bill or resolution is lost. Provided, that when a report of a conference committee is being considered in either House, it shall not be subject to amendment. No Conference Committee shall proceed with its business until such time as a quorum is present and any member of said Committee may request a roll call at any time to determine the presence of a quorum. The roll call (of the conference committee) shall be from the printed Journal of the respective Houses, or from an official list furnished by the Presiding Officer of the respective Houses.

Rule 11. Messages between the Houses are to be sent only while the receiving House is sitting.

Rule 12. No joint rule shall be dispensed with, except by a majority vote of the membership of each House, and if either shall violate a joint rule, the question of order may be raised in the other House, and decided in the same manner as in case of violation of the rules of such House.

Rule 13. The general appropriation bill and bills for the support of the charitable institutions of the State shall be privileged bills advanced upon the Calendar, and take precedence over all other bills. At any time after the reading of the Journal, it shall be in order by the direction of the Appropriations Committee, to move that the House or Senate, as the case may be, resolve itself into a Committee of the Whole, for the purpose of considering the general appropriation bill or bills of the Senate or House, and no dilatory motion will be entertained by the presiding officer.

Rule 14. Bills or resolutions under consideration must not be interlined or defaced, but all amendments offered must be in writing upon a separate sheet of paper showing whether House or Senate Bill, the number and section, line and page, or word, where the amendment begins shall be particularly noted, also the part stricken out, if any, and the line, section or parts of section shall then be written as it would appear if amended.

A typewritten copy of each amendment shall be numbered in its order by the Secretary or Clerk, and the same attached to the original bill and transmitted to the other House.

Rule 15. The addition of names, as coauthors, to any Bill or Resolution by either House, shall not require the concurrence of the other. Provided, however, if said name offered as a coauthor shall represent a member of the other House, then and in that event it shall require concurrence.

STATE OF STATE MESSAGE

Governor Henry Bellmon
January 3, 1967

Mr. President, Mr. Speaker, Members of the First Session of the 31st Session of the Oklahoma Legislature:

My purpose in appearing before you today is to report that the State of the State is excellent. It has never been better. Two years ago, many of you heard me talk about an hour and a half to get that message across. I don't intend to make that mistake again.

In an effort to shorten my remarks and to reduce numerous voluminous state agency reports to a meaningful brief and understandable summary, much of the information I wish to present to you is included in the bound volume of graphs, maps and charts entitled a "Yardstick for Oklahoma," which has been placed before you.

The records show that in Oklahoma:

Jobs and personal incomes are up.

Roads and highways are now more adequate to our needs.

More tourists are spending more money in Oklahoma.

Teachers' and professors' salaries are up substantially.

Size of common school classes has been reduced.

Benefits to senior citizens and the needy are up.

Population of mental hospitals is down.

Waiting lists for admittance to schools for the mentally retarded have all but disappeared.

Funds for new facilities to improve efficiency of the Department of Public Safety, the Department of Public Health and the State Library are on hand.

Oklahomans are becoming better educated.

New training opportunities to prepare Oklahoma citizens for the world of work are available. There is no shortage of jobs in Oklahoma, but there is a shortage of skills.

Funds for the greatest institutional building program in state history are available.

Funds for the greatest turnpike expansion in history are on hand.

The textbook program has been fully financed.

State Employee's Retirement System is functioning well and reserves are up.

A new concept of regional guidance centers is now operational.

The Highway Safety Program has been improved.

The crime rate in Oklahoma has gone down contrary to trends nationally and in adjoining states.

More and better airports serve Oklahoma communities.

Much progress is being made in providing equal opportunity for all Oklahoma citizens.

The population of our state continues to grow.

A rapid industrial expansion is underway providing new jobs and new opportunities.

Oklahoma government is meeting the responsibilities thrust upon it by our growing state. There are many areas where progress can be observed that do not lend themselves to reporting as statistical data. Among these are the fact that Oklahoma voters have demonstrated a new sense of confidence in state government by:

1. Approving annual sessions of the legislature.

2. Approving two general obligation bond issues—one being the largest in our state history.

3. Amending our constitution to allow a governor to seek a second consecutive term.

4. Providing school districts with authority to increase local support for schools.

5. Creating a system for establishing and supporting area vocational technical schools.

6. Electing a member of the State Senate as Governor.

7. Voting increase support for municipal government.

Progress in many other areas may be easily seen. Only last week, citizens and leaders of Ada broke ground for the first "State Services Center" to be built in Oklahoma, and so far as can be determined, the first to be built any place in the nation. Costs of this development are to be shared by local, state and federal government. State matching funds are available from the recent bond issue for the expansion of this program into other communities. The State Service Center program holds great promise for ending duplication, bringing closer coordination and increasing availability of the services provided by numerous state agencies. Representative Lonnie Abbott is to be especially commended for his contribution

to the concept and realization of this new approach to government.

The new school code approved by the 1965 session of the legislature has now been operational for a year and a half. The improvement in educational opportunities, in teachers' salaries, in classroom size and in the relationship between educators and public officials is remarkable and welcome. For the first time in a generation the Oklahoma Legislature is able to undertake its work in an orderly manner without facing the turmoil caused by a real or contrived crisis in financing common schools. As a result there is no present widespread interest in increasing state taxes.

The district attorney system has barely become operational, but improvement in law enforcement with a corresponding decrease in crime and improvement in highway safety appear certain.

Through administrative changes and action by the State Supreme Court terms of the 1944 budget balancing amendment have been clarified and strengthened. As a result the 1967 Legislature immediately has a firm budget figure to use in appropriating funds for the next fiscal year. The Court decision has placed the 1967 and 1968 Legislatures under stricter fund limitations than would have been the case otherwise. This condition will be permanently corrected in 1969 and it is greatly in the best interests of Oklahoma that the temporary nature of this problem be recognized and overt action avoided. A comparison of appropriations made by the 28th Legislature with appropriations made by the 30th Session will show the great progress which Oklahoma State government has made in meeting its responsibility:

INCREASED BY:

Higher Education	49.9%
Common Schools	41.6%
Textbooks	67.7%
Mental Health	22.9%
Highways	15.2%
Public Safety (Highway Patrol)	61.1%
Public Health	49.4%
Vocational Rehabilitation	50.0%
Industrial Development and Park Dept.	56.8%

Similar and accelerated progress should be possible in future years by maintaining and enhancing Oklahoma's favorable economic growth climate.

A major feature of this climate is the protection recently accorded Oklahoma workers by legislative action establishing a State Minimum Wage, a Prevailing Wage Law, increased Workmen's Compensation benefits and a record by the State Industrial Court of prompt and equitable settlement of claims.

Agriculture is a major contributor of new wealth in Oklahoma and legislative action to accelerate elimination of Brucellosis, provide specialists in marketing and production of special crops, close the open range, create the Wheat and Peanut Commissions and repeal the unfair production tax on fertilizer, has been highly beneficial. Further action along these lines is needed as well as increased support for agricultural research and extension to help provide the technology Oklahoma farm and ranch operators will need to meet the mounting demands to help feed a hungry world.

Arnold Glasow once worte that "When you give honest advice, have one foot out the door." Since within a week, I will be totally outside government having made a complete transition from Who's Who to Who's that—I would like to offer a few parting suggestions:

While great improvement in Oklahoma can be proudly demonstrated, much remains to be done in developing programs and policies that will fully serve our growing state.

The executive branch of Oklahoma's government is badly in need of modernization and simplification. No thorough re-

organization of departments to clarify responsibilities and consolidate agencies has been undertaken since statehood. As a result, 195 agencies now theoretically report directly to the Chief Executive. Also in most cases, boards and commissioners whose members are independent of and possibly unresponsive to either the Legislature or the Chief Executive or any other elective official, are in possession of ultimate authority. Problems could arise if an ineffective, incompetent or even dishonest department director, maintained his position through misrepresentation of conditions to the board or commission members during their monthly or less frequent meetings.

A thorough overhaul of the executive department is long overdue. The goal of such an undertaking should be a reduction of the number of agencies, the establishment of clearly defined lines of authority, the shortening of the ballot and a reassignment of responsibilities. Such a reorganization should follow a careful study by competent authorities in governmental and business operation.

One natural result of the restructuring of the executive branch should be a strengthening of the Governor's office. No significant increase in staff or in appropriation has occurred in eight years. During this same period, overall costs of Oklahoma's state government has increased by 36.11%. Funds to substantially strengthen the Governor's office would be a wise investment in Oklahoma's development and in better administration of state government.

Perhaps the department of state government most in need of improvement is the Oklahoma State Tax Commission. While accurate projections are difficult to make there can be little doubt that substantial improvements in efficiency of operation and in tax collection could be realized by new and aggressive leadership on the Commission. Securing the leadership needed on the Commission will require a substantial increase in salaries paid the Commissioners and throughout the Agency. Efficient operation of the Tax Commission cannot be expected however until and unless the State Senate relaxes its control of Tax Commission appointments and internal operation.

The protection of air and water quality becomes a matter of increasing importance nationwide and in Oklahoma While our problems are less serious than the difficulties arising in more populous states, preventative action now will be less expensive and less disruptive than will measures required after the problems become critical. Especially needed at this time is action on the interstate mining compact, increased support for the program of topographic mapping now underway, development of a long range statewide water resources plan and stricter enforcement of water pollution regulations by the Corporation Commission or by a special agency.

No comprehensive program for the development of the State Capitol Complex or the physical plants of state agencies has ever been prepared and adopted. As a result appropriations and bond issues for construction of needed structures have been made without accurate knowledge of expected costs and without a clear idea of the ultimate result. Recently the State Board of Affairs has secured the services of Mr. Phil Wilber of Stillwater in developing a program for the development of the Capitol Complex. This work is now complete but it needs to be expanded to include all state institutions by the creation of a Capitol Improvement Programming Office.

Oklahoma has made great progress in providing equal opportunity for all our citizens and in applying the Federal legislation relating to civil rights. In this area of activity the Human Rights Commission and Director have been of invaluable assistance. The time has come to strengthen

and expand this vital function of state government.

Oklahoma is one of the relatively few states where the Economic Opportunity Act has been administered without controversy and without scandal. To date, the Oklahoma Office of Economic Opportunity has operated without appropriated funds but depending upon action at the Federal level, some additional state support may soon be required.

The 30th Session of the Legislature wisely activated a state planning section in the Department of Industrial Development and Park Department. Coordination and activation of existing long range plans for highway development, mental and public health, higher education, common schools, and community development are under way. Further support for overall state planning is badly needed.

Much progress has been made in improving conditions at the state prison and other correctional institutions. However, further action is needed to provide Oklahoma with a correctional system oriented toward training or restoring convicted criminals to positions as law abiding self-supporting citizens. A report to be issued January 4, following a year long study by the National Council on Crime and Delinquency, should provide valuable guidelines for the Legislature and the new Administration.

The Supreme Court scandals of 1964-65 have served to create a climate for meaningful judicial reform in Oklahoma. Many plans, including a recommendation by the Oklahoma Academy are available to members of the Legislature for study and guidance. Action to restore public confidence in and effectiveness of our judicial system is greatly needed and desired.

Attention needs to be devoted to the problem of housing future chief executives. Possible eight year terms, programmed highway developments in the area and new public attitudes may make a change desirable. The question of whether the governor's house is a public building or a private home needs to be resolved and new construction or major remodeling undertaken to provide the facilities which the Legislature feels are appropriate for the chief executive of our thriving state.

The 31st Session convenes in an atmosphere of new respect for government in Oklahoma, a diminished power of special interest groups, and new confidence in the future of our go-ahead state. Every member is to be congratulated upon his or her election to this law making body. I am confident that your experiences here during this first and hopefully shorter annual session, will prove to be one of the most interesting and personally rewarding experiences of your lives. I sincerely regret that I will not be a part of Oklahoma's governing and law making process and feel a great surge of sadness as I bid you farewell. I count a great many of you as personal friends and hold every member in high esteem.

The tolerant and cooperative spirit which has been displayed by Governor-Elect Bartlett and other state officials is impressive, and I am confident it will continue. I am pleased at the smooth transfer of authority between the outgoing and the incoming Administrations and at the diligence with which Governor-Elect Bartlett has applied himself in becoming acquainted with his new duties and responsibilities.

It has been said that "the world is not interested in the storms you encountered, but did you bring in the ship." I feel that the executive department of Oklahoma's government, acting in accordance with the program approved by members of the 29th and 30th Sessions, has faithfully brought Oklahoma's Ship of State safely through troubled times.

I am confident that leaders and members new and old of the Legislature, your new governor and state officials, will keep

the ship on course during the years, ahead. I wish you Godspeed in the noble endeavor which you have undertaken.

REMARKS BY THE HONORABLE HENRY BELLMON
Retiring Governor of Oklahoma

TO THE CITIZENS OF OKLAHOMA:

The appointed hour has arrived for dissolving the political connection between myself and the people of Oklahoma. When we stood together in this same historic spot four years ago, we all knew this day would arrive in due course, so there should be no sorrow. These years have passed quickly and happily, and quickly and happily let them end.

These years have slipped by quickly because they have been packed with challenging and interesting events. My family and I owe an everlasting debt of gratitude to the wonderful citizens of Oklahoma for the opportunity you gave us to represent you in the highest office of the State during these four years. We wish to thank you sincerely for the confidence you placed in us and for your steadfast support through many trials. It is my hope that when the record of these years is weighed in the balance of time that the test will show that your Governor has been as useful in the common good as his talents and the condition of his service would allow.

Let it never be forgotten that representative government is the servant, never the master of men. From this attitude of service, government should not and cannot long pursue a course of events that would not consistently be supported by the electorate if they possessed a frequent means of sensibly expressing themselves. With this guideline to follow, Oklahoma's first Republican Administration has endeavored to remain constantly in step with the majority of the citizens of our State. Many events of recent weeks cause me to believe that we have come close to the mark.

It has been a great honor and privilege to be associated with the many dedicated men and women who make up Oklahoma's government. I commend these citizens for their devotion to duty and for the cooperation which has made possible Oklahoma's progress during these last four years.

In my inaugural speech four years ago, I pledged: "Four years of hard work, complete respect for your rights and opinions and a deep concern for the well-being of our State." In addition, I emphasized the need to develop fully our human resources. The two are closely connected and the record shows that much as been accomplished.

During these four years, equality of opportunity for all citizens has been advanced. A new system of Vocational-Technical schools, coupled with passage of a new School Code, the largest teachers' salary increase in State history, the largest College and University construction program since Statehood, and other advancements have brought new excellence to our educational system. This system will better strengthen and enrich the lives of our youthful citizens. The three-year waiting list for admission to Schools for the Mentally Retarded has been eliminated, population of our Mental Hospitals is down sharply and treatment of the remaining patients has been improved and intensified. Public Safety services have been strengthened, and the just requirements of our needy citizens are being more fully met. Home rule by local government has been strengthened in many ways, including provision for more local support and control of education, new authority for municipalities to meet their responsibilities have been provided and ground has been broken for the first of several Area State Service Centers. Improved transportation services, both ground and air, have been provided, and State services have been upgraded, partially as a result of a Retirement System for State employees.

The work of government never ends. The problems of tomorrow cannot be resolved by the solutions of today. Therefore, we recognize that much remains to be done and we are assembled here to participate

in the orderly transfer of authority from an Administration whose work is now history, to a new Administration dedicated to the future. Far more than two individuals are involved in this transfer: Members of families are involved; loyalties of department and agency heads are involved; leaders and members of the Legislature are involved; other State elective officials are involved; a large number of career State employees are involved; but most of all, the citizens of Oklahoma are involved for it is by their decision and through their votes that Dewey Bartlett was elected. In a few moments, Oklahoma will have a new and able leader; a dedicated man upon whose shoulders the ultimate responsibility for literally thousands of decisions will rest. A Governor must of necessity listen to many advisers and he must rely upon his staff for support, but the decisions finally reached are his and his alone. Therefore, he needs your confidence, your understanding and your tolerance. This realization is not new, for even the Prophets of Biblical times prayed: "Give Thy Servant therefore an understanding mind to govern Thy People." (First Kings, 3-9). We would join in this prayer today.

INAUGURAL ADDRESS
of
HONORABLE DEWEY F. BARTLETT
19th GOVERNOR OF OKLAHOMA

MY FELLOW OKLAHOMANS:

I appreciate the confidence you have shown in me.

I want to tell each of you that I will do everything in my power to fulfill that confidence.

As I assume the important responsibilities of this office, I have an all too clear realization of my limitations. I doubt that any man could call himself truly prepared for this job.

But I am reassured, knowing that I will have the help of so many dedicated individuals serving in the Legislative, Executive, and Judicial branches of government, and many citizens who will be serving in advisory positions, and the people of Oklahoma.

I have sought, and will continue to seek, the guidance of Almighty God in the deliberations and decisions which will be mine in the coming months.

I thank Governor Bellmon for his efforts toward making this change in administrations a smooth one. Along with a majority of Oklahomans, I am proud of the record he has made in the past four years. And I am proud to be able to say that I was a member of his Legislative team.

He has served Oklahoma not only by being a good public official himself, but also by bringing to state government so many able public servants. Having these experienced people already on the job makes my work a great deal easier.

The Government of Oklahoma is a continuing institution and standing here on these historic steps, it is fitting that we remember the Governors and Legislative leaders of the past, living and dead, who have served this state. Each has made his contribution to our heritage.

Compared to the other states, our history is short. We are young. Our generation of Oklahomans is vigorous and hungry for progress. Our young people are proud of their state and of themselves. They have a self assurance equaled only by the first residents of this state. Our young people want to stay in Oklahoma and they will if we can provide the jobs they seek. Our young people want their future in Oklahoma. Our future is in our young people.

We realize the problems in both rural and urban areas of the state, are caused by a rapid migration from the farms to the cities and towns. The citizens of the two metropolitan areas, and the rapidly growing cities and towns must recognize

their responsibilities in developing the economy of the rural areas.

Those in the rural areas must be concerned with urban problems and assist in their solution.

But though we have different problems, we are not two different peoples. We are one. We are Oklahomans. Together we have come through good times and bad and we are no longer afraid of change.

There have been stories of miracles of progress all across Oklahoma. In every case the magic ingredients have been local leadership and hard work.

We are a wealthy state. Our wealth lies in our people . . . strong people of pioneer and Indian stock. People from all parts of the country and beyond. People who have overcome the difficulties of the past. People who are ready and willing to face the future.

The government of Oklahoma in the next four years will stand shoulder to shoulder with all of you in pursuing our dreams for that future.

Of course, government is not productive in the way that factories and farms are productive. In fact, it is just the opposite. For it is a burden on the productive capacities of our people.

But government has a part to play in progress.

It is the duty of government to provide the arena in which every citizen may freely advance to the limits of his ability . . . peacefully and in harmony with his fellow citizens. And it is the duty of government to provide this arena economically.

There is today a rising tide of confidence in Oklahoma government. It is easy to see the results of this confidence. Recent administrations have returned numerous functions of government to the local level. And local citizens have taken up the challenge, providing for themselves when they were shown the need. This is the highest vote of confidence any state government could receive.

Yes, the climate is improving, but there is much left to accomplish . . . more than we shall manage in one Legislative session. But now there is a will to get on with the job!

To do this the chief executive and the legislature must work together. The Legislative leaders, and I as your Governor, have pledged our mutual cooperation.

We are going to use all of our talents and abilities. We are going to experiment and innovate. We are going to recognize our mistakes and correct them.

In the executive Department there is a need for greater efficiency. We must continue to improve the efficiency of government. We shall work together to make these improvements.

Of course, we shall remember the old cattleman's rule: "Never take a fence down until you know why it was put up."

So we shall examine our fences carefully. We shall find out why they were put up. And when we find a fence that has outlived its usefulness, we will take it down, saving the posts and wire where possible . . . in the interests of economy.

By your votes you have given me the ultimate challenge—the challenge of leadership. I accept it.

But I also have a challenge for you. Wherever you are, look around you. Look at yur job, your home, yourself, your community, your state. I challenge you to set a new standard of excellence for yourself. Hold to that standard out of your pride in being an Oklahoman.

I challenge you to set new, higher standards for those in your government. By letter, by telephone, wherever we meet, demand that we live up to those standards. And we will.

This has been a sobering occasion for me. But it has also been an occasion of excitement . . . excitement which I feel for the future of Oklahoma. You feel that same excitement . . . you have told me so in hundreds of visits in every part of the state.

From that excitement will come a great future for us all. I ask each of you to join me now to bring our future to reality.

Mr. President, Mr. Speaker, Members of the 31st Legislature, Ladies and Gentlemen:

It is an honor for me to address the members of the 31st Oklahoma Legislature.

My experience in the Senate has taught me that State Government is complex. At the same time, I have learned that you have the ability and integrity to cope with those complexities. For that reason, I sincerely request your cooperation and consideration of the Budget and Administra-

tion Program which I will outline to you.

Let me first congratulate you for your selection of outstanding Democratic and Republican leaders. I want to personally thank President Pro-Tempore McSpadden and Speaker Privett for their willingness to meet with me on many occasions during recent weeks and to advise me of their thinking on many points in this budget and program. I also thank the other Democratic and Republican leaders for their meetings with me over the past weeks, and for their invaluable assistance. Personnel of the Budget Office have given much time and help in the preparation of this message.

All these suggestions were appreciated and have greatly improved my Program and this final version of the Budget. Nonetheless, I want it clearly understood that the full responsibility for this Budget and this program lie on my shoulders.

BUDGET

The Supreme Court ruling that you can no longer appropriate anticipated surplus reduces substantially the amount you are authorized to appropriate.

As a result of this ruling you will have available for appropriation from the General Revenue Fund less than 17 million dollars more than was appropriated by the 1965 session of the Legislature. If you see fit to adopt my program, succeeding sessions of the Legislature will have substantially more money to appropriate. However, even with the adoption of this program, I anticipate a relatively small increase for the next session.

Official printed copies of the Administration Budget are on your desks. It would be a waste of our time for me to itemize this budget department by department. These are the areas with which you are most vitally concerned:

COMMON SCHOOLS

I propose 70.4 million dollars for common schools. This is an increase of 6.9 million dollars over the amount appropriated by you in 1965. In addition, as a result of the 10 mill levy you authorized in 1965, common schools will have available from local sources, approximately 15 million more. Of the proposed increase, I suggest 3.2 million as a supplemental appropriation to finance the program passed by you for this year.

In addition to the 6.9 million dollar increase, I further suggest an increase of 250,000 dollars for vocational education to provide greatly needed training in skills and technical pursuits.

HIGHER EDUCATION

I propose 46.8 million dollars for higher education. This is an increase of 4.9 million dollars over the amount appropriated by you in 1965. In addition, I anticipate an increase in non-appropriated funds of 2.3 million dollars. From appropriated and non-appropriated funds, Higher Education will have available a total of 7.2 million dollars more for fiscal 1968, as compared to fiscal 1967. This is nearly double the average increase for the past 12 years.

SUMMARY FOR EDUCATION

In the budget which I propose to you, 66.6 percent is recommended for education. Of the 17 million dollar increase, 69.7 percent is proposed for education.

HIGHWAYS

I propose 12 and one-half million dollars for highways. This is an increase of one million dollars over the amount appropriated by you in 1965. This amount, coupled with a 3.7 million dollar anticipated increase in dedicated revenues, will provide 52 and one-half million dollars for the Department.

MENTAL HEALTH

I propose 12.2 million dollars for mental health. This is an increase of 1.2 million over the amount appropriated by you in 1965. This will allow an increase in starting salaries for attendants at our mental hospitals to 230 dollars a month. This recognizes individual needs and compulsory step increments required by Federal law. I also propose an appropriation of one

hundred thousand dollars for operation of the Aftercare center at Norman.

GENERAL GOVERNMENT

I propose 34.2 million dollars for General Government and all other functions.

Of this amount, I propose an increase of 1.7 million for General Government. This increase is necessary to finance the District Attorney System passed by you in 1965 and to finance annual session of the Legislature. It will also provide the increase in salaries for Judges and other elected officials as previously authorized by you.

Furthermore, the recommendation provides small, but necessary increases for the Health Department, the Human Rights Commission, the Department of Public Safety, Department of Agriculture, Industrial Development and Parks, and the Adjutant General.

The increase for Industrial Development and Parks is sufficient to provide two industrial salesmen working outside the state and one additional man to co-ordinate all public and private industry sales efforts. I am confident that you will improve this budget.

REVENUE

Only small increases in revenues are anticipated for fiscal 1969. Therefore, it is important to look for additional revenues and to bring about realistic economies without a general tax increase.

I believe that the Depository Board, in cooperation with the State Treasurer, will see that State Funds on deposit will earn realistic interest . . . increasing substantially the General Fund.

I recommend and support the Unclaimed Property Act.

Our tax laws should be reviewed to protect the honest taxpayer by eliminating the tax evader. You made progress in this area in 1965.

I shall soon appoint a committee to Study use of the Federal Income tax return as the basis for computing and filing the state return. This will reduce collection costs to the state and expense and inconvenience to the taxpayer.

I will also appoint a committee to study possible changes in the ad valorem tax code. This committee will be composed of all classes of property owners. Interested parties will be asked to report their suggestions to the committee.

Realistic interest rates should be charged on loans by the School Land Department.

The operation and organization of all agencies and departments of government should be reviewed to bring about increased efficiencies and economies.

DEPARTMENT OF CORRECTIONS

I have had prepared for introduction, today, a bill creating a new Department of Corrections. This bill has been prepared after consultation with the leaders of both Houses of the Legislature. It is a joint recommendation of your Leadership and the Administration.

Briefly, this bill provides for the creation of a new state corrections department, consisting of a State Board of Corrections, and State Director of Corrections and three divisions: A Division of Institutions, a Division of Probation and Parole, and a Division of Inspections. The Division of Inspections will perform the duties of the present Charities and Corrections Department.

The Bill, if enacted into Law, will integrate in one Department all services rendered by the state to persons convicted of felonies, except those services performed by the Pardon and Parole Board. The Department will provide, in addition to detention services, expanded probation, parole, rehabilitation and counseling services, both before and after release.

The Bill provides for the transfer of 500,000 dollars from the state assistance fund to pay the operating expenses of this new department. This method of financing

is logical and is proposed after thorough and complete discussion with the Director of Public Welfare. He feels as I do, that this is a proper expenditure of funds of the Welfare Department, and one which will reduce the expenses of the Department. Through proper use of the probation, parole and rehabilitation services provided in the Bill, the heads of many families now on the welfare rolls of the state will be enabled to re-establish themselves as useful citizens and become self-supporting. The new services provided for adults in this Bill are presently being provided for juvenile offenders by the Department of Public Welfare and in the opinion of the Director, the results have been most satisfactory.

I have been assured by the Director that the transfer of these funds will in no way endanger any of our welfare programs. The practice of making periodic cost-of-living increases in payments to recipients will not be jeopardized.

In addition, the Bill provides that the Chairman of the present Pardon and Parole Board will be a full time working member of the Board.

I urge you to submit a constitutional amendment to authorize you to write appropriate legislation for the creation of a full time Pardon and Parole Board. I consider this an essential requirement for a sound corrections program.

JUDICIAL

I have had prepared for introduction a Constitutional amendment for the selection of appellate judges by appointment rather than election.

A Nominating Commission selected by Congressional Districts on a bi-partisan basis, and composed of lawyers and laymen would screen potential judges. They would submit a list of three nominees to the Governor who would make the appointment. At the next general election, the people would approve or reject the appointment by a yes or no vote. Every six years, the people would, again, approve or reject the judge's appointment. This same plan may be adopted by the people for trial courts, on a local option basis.

I have, personally, adopted a program which follows this plan. In a few days I shall ask the Bar Association to elect six attorneys and I will name seven laymen, four from one party and three from the other. This committee will thereafter recommend to me the names of persons to fill judicial vacancies normally appointed by the Governor.

INDIAN AFFAIRS COMMISSION

I propose the creation of an Indian Affairs Commission to gather and distribute information on programs available to the Indian and to help him become more self sustaining. I will also appoint an advisory committee on Indian affairs.

OTHER

I propose a constitutional amendment to eliminate the silent vote. Then those voting on a state question or constitutional amendment at a general election will decide the issue.

I propose a Constitutional Amendment to eliminate election of the Chief Mine Inspector, his four assistants, and the Commissioner of Labor.

I support a bipartisan effort to exempt agricultural machinery from the sales tax.

I support the resolution seeking adoption of the Dirksen Amendment.

I suggest that you empower the State Board of Education to provide each student a quality education in our common schools and to reorganize school districts in a realistic manner.

I recommend that you amend the scholarship law to permit more students to borrow their educational funds from banking institutions.

Adequate air pollution laws should be passed. Water pollution laws should be reviewed. Proper enforcement of these laws must be assured.

You should review and develop adequate motor vehicle safety programs in driver training, driver re-examination and vehicle inspection. Priorities should be developed for sound programs to meet Federal standards.

I solicit your support to help expand the privately supported programs for industry, agri-industry, and tourism.

I support legislation that will provide a junior college (or a technical institute if that is preferred) for Oklahoma and Tulsa counties.

I support state sharing in the Federal income tax revenue.

I support the establishment of roadside parks and tourist information centers at the major points of entry on our highway system.

Existing laws governing dependent and neglected children and child care institutions need to be recodified and up-graded to meet current conditions.

SUMMARY

Our responsibilities to the people are great. Our financial resources are limited, but adequate. I would like to stress just two points.

One: I do not consider this message as so many words and so many numbers. Bound up in these words and these numbers are the hopes and dreams and desires of every citizen of Oklahoma. They expect all of us to do our best.

Two: I have sat where you now sit. I do not expect that you will endorse everything I have proposed. Whatever we accomplish will be done through cooperation. I want to work **with** you. My office door will always be open to you and my mind will never be closed to your problems.

Thank you.

A RESOLUTION RELATING TO THE DISCONTINUANCE A N D CURTAILMENT OF PASSENGER TRAIN SERVICE PROVIDED BY CERTAIN RAILROADS WITHIN THE STATE OF OKLAHOMA; PETITIONING THE INTERSTATE C O M M E R C E COMMISSION AND PROVIDING FOR DISTRIBUTION.

WHEREAS, during most of its history, Oklahoma has enjoyed excellent service for a large number of railroads, providing a network of passenger and freight service within the state; and

WHEREAS, in recent years, many of the railroads in the State of Oklahoma have followed a policy of reduction in the quality of service and made many attempts to reduce and even entirely eliminate certain types of service; and

WHEREAS, many of the railroads in Oklahoma apparently have made a deliberate decision to entirely eliminate any service to railroad passengers, either by outright abandonment of service or indirectly by making the service, schedules and trains so inconvenient to the needs of the public as to discourage their use and lead to ultimate abandonment; and

WHEREAS, this policy has resulted in many communities and citizens residing therein having either no or inadequate rail passenger service, causing inconvenience and hardship without regard to the public interest, convenience or necessity; and

WHEREAS, the St. Louis and San Francisco Railway Company has filed an application with the Interstate Commerce Commission for the complete abandonment of its last passenger train service within the State of Oklahoma; and

WHEREAS, the St. Louis and San Francisco Railway Company seeks by said application to abandon the operation of trains 1 and 2 operating between St. Louis, Missouri and Oklahoma City, Oklahoma serving many intermediate points; and

WHEREAS, this constitutes the only passenger train service remaining between the metropolitan centers of St. Louis, Missouri, with over one million people, and the cities of Tulsa, Oklahoma and Oklahoma City, Oklahoma, each having in excess of one half of a million people in their metropolitan areas; and

WHEREAS, this is the only passenger train service between Oklahoma City, Oklahoma, the State Capitol and the second largest city in Oklahoma, Tulsa, as well as over a score of other cities and towns; and

WHEREAS, the public convenience and necessity requires the continued operation of said trains.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE THIRTY-FIRST SESSION OF THE OKLAHOMA LEGISLATURE:

SECTION 1. That this body respectfully petitions and requests the Interstate Commerce Commission to deny authority for this proposed drastic reduction in railway passenger service for the reasons outlined in the preamble to this Resolution.

COMMITTEE REPORTS

Mr. President:

We your Committee on Committees and Rules, having had under consideration the disputed election of November 8, 1966, involving Senate Seat No. 36, Tulsa County, Oklahoma, between Gene Howard and Dwight Williamson, do beg leave to make the following report and findings:

1. That under Article 5, Section 30, of the Oklahoma Constitution the Oklahoma Senate shall be judge of the elections, returns and qualifications of its members;

2. That we have heard and considered testimony and transcripts of evidence concerning the factual circumstances surrounding the disputed election. We have further considered the briefs and legal arguments presented by Gene Howard and Dwight Williamson, not only before your Committee, but those arguments that were presented to the various Election Boards and the Honorable Supreme Court of the State of Oklahoma;

3. That the Senate has available to it three alternatives, namely: to recognize Gene Howard as the winner; to recognize Dwight Williamson as the winner; or to acknowledge that no winner can be determined;

4. That the undisputed evidence reveals that in Precinct 72, Tulsa County, Oklahoma, there was an election machine, referred to as machine A(01046) which malfunctioned. That the nature of this malfunction resulted in a possible failure of votes being recorded in Senate Seat No. 36, when the straight party lever was activated and used as a means to vote;

5. That as a result of the election of November 8, 1966, the counted votes reveal that Gene Howard received 5,607 votes and that Dwight Williamson receiv-

ed 5,687 votes, making a difference of 80 votes;

6. That the Precinct records and the records recorded on the machine A(01046) reveal that 131 votes were cast thereon, but there were recorded only 37 votes in Senate Seat No. 36, resulting in a possible discrepancy of 94 votes, which exceeds the margin of difference between the two candidates;

7. That your Committee has reviewed the findings of the Tulsa County Election Board, the Oklahoma State Election Board and the Honorable Supreme Court of Oklahoma and agrees with each of them in their findings that it is impossible to determine, with mathematical certainty, the winner of Senate Seat No. 36;

8. It is recognized that in matters of this nature the temptation exists to speculate as to the division of the votes, or in considering the alternatives available to the Senate, to make decisions based upon partisan political considerations. A majority of your Committee has rejected these approaches;

9. In recognition of the opinions by the Tulsa County Election Board, the State Election Board and the Supreme Court of the State of Oklahoma, your Committee finds that Gene Howard and Dwight Williamson are holders of duly and legally issued Certificates of Nomination and there is no dispute regarding any of the 1966 Primary Elections for Senate Seat No. 36;

10. Your Committee recognizes that by virtue of Article 23, Section 10, of the Oklahoma Constitution, and 14 O.S. 79, (1965 Supp.) Senator Gene Howard continues to hold the Office and must discharge the duties of this Office until his successor shall be duly qualified in order that the citizens of said Senatorial District be accorded their right of representation in the Senate of the State of Oklahoma, First Session of the 31st Legislature.

11. Your Committee further finds that consideration should be given to revision and clarification of the election laws in order to avoid the unfortunate results in the instant disputed election;

CONCLUSIONS

Based upon the above findings and determinations, your Committee recommends that the Oklahoma Senate of the First Session of the 31st Legislature find and determine:

1. That it is impossible to certify a winner as a result of the election of November 8, 1966, for Senate Seat No. 36, Tulsa County, Oklahoma;

2. That Gene Howard and Dwight Williamson are holders of duly and legally issued Certificates of Nomination and there is no dispute as to the 1966 Primary Elections;

3. In consideration of the fact that a winner cannot be determined with mathematical certainty, and the operation of Article 23, Section 10, of the Oklahoma Constitution, the Honorable Dewey F. Bartlett, Governor of the State of Oklahoma, is requested to call a special general election in Senatorial District No. 36 at the earliest possible date. This request shall be communicated to the Honorable Dewey F. Bartlett by transmitting to him a copy of this report which reflects thereon approval and adoption by the Oklahoma Senate First Session of the 31st Legislature.

Respectfully submitted,
Finis W. Smith, Chairman.

Mr. President: The Committee on Committees and Rules to which was referred the election contest in State Senate District No. 36 has filed its Majority report with this honorable Senate.

Now come the undersigned and make herewith the attached Minority report for the consideration of the Senate, with the recommendation that the Senate DO

ADOPT said Minority report with a DO PASS recommendation.

G. O. Williams, Member
Denzil D. Garrison, Member

The Majority Report contends that certain votes in Precinct 72, of Machine 1046, were not counted, thus making it impossible to determine the winner of the election in State Senate District No. 36.

Your Minority, Mr. President, is convinced that Dwight Williamson was elected State Senator in Senate District 36, beyond a reasonable doubt.

Your Minority, Mr. President, reports that there was no evidence presented to the sub-committee that **even one vote** was disenfranchised due to the malfunction of said machine. In fact, the individual voting levers on said machine were working properly, and a statement was clearly printed on the face of the machine that each voter should "make sure" that the individual levers were in place. This **assures,** Mr. President, that no voter using the machine in question was **denied** the right of casting his or her vote in the race in question. That some voter may have failed to heed this warning and to follow this instruction is purely a matter of conjecture. The voters were placed in a position similar to voters voting on paper ballots who either fail to stamp the ballot as the voter intended, or who mutilated the ballot. In either case, the ballot is not counted. Your Minority has found no case where an election was set aside because of the mutilation of ballots in one precinct.

Mr. President, to invalidate this election on the basis that a possibility exists that an unknown number of ballots were cast but not counted, where no fraud is shown nor any proof offered as to even a single voter in fact being disenfranchised, is to cast doubt on the outcome of every election held, past or future, in the state.

The Election Board, Mr. President, should deal in facts. So should this Senate. Suppositions and possibilities should have no place in the determination of the winner of this election. The fact is that Williamson received 80 more votes than did Howard, and, therefore, should be seated by the State Senate.

Mr. President, as we said in the beginning, we are convinced that Dwight Williamson was elected beyond a reasonable doubt. To decide otherwise would, indeed, in the vernacular, open up quite a "can of worms", wherein any close election would be subjected to continual, tenuous challenges.

We move, Mr. President, that Dwight Williamson be seated as a member of the Oklahoma State Senate.

Senator Garrison moved that the Minority Report be adopted, which motion was tabled upon motion of Senator Smith, upon a roll call as follows:

Aye: Atkinson, Baggett, Baldwin, Berrong, Berry, Birdsong, Boecher, Dacus, Field, Garrett, Gee, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Horn, Keels, Luton, McClendon, McSpadden, Martin, Massad, Massey, Miller, Murphy, Nichols, Payne, Selman, Smalley, Smith, Taliaferro, Terrill, Young.—35.

Nay: Bradley, Breckinridge, Ferrell, Garrison, McGraw, Romang, Short, Stansberry, Williams.—9.

Excused: Findeiss, Porter, Stipe.—3.

Contest pending District 36.

Senator Smith moved that the Majority Report be adopted, which motion was declared adopted upon a roll call as follows:

Aye: Atkinson, Baggett, Baldwin, Berrong, Berry, Birdsong, Boecher, Dacus, Field, Garrett, Gee, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Horn, Keels, Luton, McClendon, McSpadden, Martin, Massad, Massey, Miller, Murphy, Nichols, Payne, Selman, Smalley, Smith, Taliaferro, Terrill, Young.—35.

Nay: Bradley, Breckinridge, Ferrell,

Garrison, McGraw, Romang, Short, Stansberry, Williams.—9.

Excused: Findeiss, Porter, Stipe.—3.

Contest pending in District 36.

By unanimous consent, upon request of President Pro Tempore McSpadden, the following statement was read and incorporated herein:

IN RE TULSA DISTRICT 36 ELECTION:

It is unfortunate that our colleagues on the North aisle have determined to make a partisan issue out of the Senate's performance of one of its most solemn duties of the Constitution of Oklahoma. Article V. Section 30 makes it the responsibility of the Senate to " . . . be the Judge of the elections, returns, and qualifications of its own members . . . " In performance of this constitutional duty, the Senate assigned this matter to its Rules Committee, a sub-committee of which, chaired by Senator Miller, made a thorough investigation.

That sub-committee's report was adopted by the Rules Committee with only Senators Garrison and Williams dissenting and it is that report which was before you today.

Senator Williams offered a minority committee report which is virtually the same minority report now tendered to the Senate. There is one conspicuous error in the tendered minority report which must be the fallacy that makes it unacceptable. Senator Williams said and I quote:

" . . . the individual voting levers on said machine were working properly, and a statement was clearly printed on the face of the machine that each voter should 'make sure' that the individual levers were in place."

Apparently this is his answer to the established undisputed fact that the party voting lever on the machine in question was inoperative. Under the statutes of Oklahoma, a voter has a right to cast a straight party vote if he wishes to do so. Title 26 of Okla. Stat., Section 274 which prescribes the specifications for voting machines provides in part that:

"It must be so constructed as to permit straight party voting as well as mixed or split tickets."

By this statute every citizen of Oklahoma who votes on such machines is possessed of a legal right to cast his ballot in that manner if he so chooses.

Senator Williams' proposition would take that legal right away from the voter in precinct 72 in State Senate District No. 36 by saying it was enough " . . . that each voter should 'make sure' that the individual levers were in place."

The majority report does not take it so lightly a matter to deprive a voter of his legal rights.

What we are deciding today involves Mr. Williamson and Senator Howard only in the outcome. The basic right at stake is the fundamental right that every citizen must own in a representative democracy, that is the citizen's right to cast a free ballot and to have his vote counted equally with all other citizens. The minority report did not protect or recognize that right as does the majority report . . .

With one statement of the minority report we must all concur. Senator Williams says:

"Suppositions and possibilities should have no place in the determination of the winner of this election."

Unfortunately the minority report itself violates this fundamental principle. The minority report twice uses the word "assuming" and in another place uses the word "improbable", in order to offer what is called a "projection of probabilities". Possibilities or probabilities have no place in deciding the results of an election. Each vote must be counted. The people of State Senate District No. 36 are entitled to be represented in this Senate by

a man who has the support of a majority of the voters of that district. The majority report will accomplish this. The minority report will not.

(b) Every bill or resolution amended by Conference Committee Report shall be reprinted with the amendments agreed upon in Conference, fitted therein, thereby giving every member of the Senate opportunity to learn immediately the effect of said Conference Committee Report on said bill or resolution. The bill or resolution so reprinted shall be laid upon the desk of each Senator.

(c) It is not in order to amend a Conference Committee Report. It must be accepted or rejected in its entirety.

First Reading

RULE 12. One original and 10 copies of every bill and/or resolution introduced shall be sent to the Secretary's desk.

(a) The procedure for the introduction of bills and resolutions shall be as follows: A Senator desiring to introduce a bill or resolution shall rise at his desk and address the Presiding Officer and when he has obtained recognition shall publicly notify the Presiding Officer that he desires to introduce a bill or resolution. The Presiding Officer shall then publicly announce the Senator's desire and, when any Senator sends up to the reading clerk the bill or resolution to be introduced, the reading clerk shall read the title.

Or, a Senator may deposit all the bills he desires to introduce in a basket on the Secretary's desk, provided for that purpose, and when the order of business for the introduction of bills has been reached, and if all Senators who desire to do so have introduced their bills as hereinabove provided, the reading clerk shall take from such basket all bills contained therein and publicly read the titles thereof, numbering the bills consecutively in the order read. The authorship of any bill taken from the basket and thus introduced may be questioned by any Senator at the time of its introduction, and, unless the Senator or Senators appearing thereon as authors shall publicly acknowl-

edge the authorship thereof, such bill shall be returned to the basket and not introduced.

(b) All bills and resolutions calling for legislative action to amend any provisions of existing law shall indicate such amendments when typewritten by underlining all new matter; and when printed by the use of capital letter type; and shall show matter stricken or eliminated from existing law when typewritten by striking through such language to be repealed; and when printed by the use of italic type enclosed in brackets which brackets shall be placed at the beginning and end of each line whenever the language on the entire line is proposed to be repealed.

Any bill seeking to change existing statute shall set forth in the title thereof a brief summary of the subject matter dealt with in the existing statute.

Resolutions Introduced

RULE 13. Senate Concurrent Resolutions, when introduced, shall contain a caption stating the contents and purport of such resolution, and the Journal shall show and refer to such resolution by caption only. Concurrent Resolutions memorializing Congress and/or in memory of deceased members of the Legislature shall be shown at length in the Journal. Senate Resolutions, if adopted, shall be shown at length in the Journal.

(a) Except by unanimous consent, the following classes of resolutions shall lie over for one day for consideration, after which they may be called under their appropriate order of business:

(1) Resolutions containing calls for information from any of the executive or judicial departments, or from tribal or county officers, or from any corporate body or persons.

(2) Resolutions giving rise to debate, except such as shall relate to the disposition of business immediately before the Senate, to the business of the day on which they may be offered or to adjournment or recess, shall be referred to committee unless otherwise ordered.

Second Reading

RULE 14. When a bill or resolution is read a Second time, it shall be referred to a Committee, unless otherwise ordered by a 2/3 vote of the members elected to and constituting the Senate.

(a) No bill or joint resolution shall be committed or amended until it shall have been twice read.

(b) All bills carrying appropriations which are referred for consideration to any Committee other than the Committee on Appropriations and Budget shall, immediately upon a favorable report by the Committee to which referred or upon the rejection by the Senate of an unfavorable report by such Committee thereon, be referred to the Committee on Appropriations and Budget for consideration by the Committee on Appropriations and Budget of the appropriation features, and no appropriation shall be considered by the Senate until the Committee on Appropriations and Budget has reported in accordance with the rules of the Senate.

General Order

RULE 15. All bills and resolutions reported by Standing Committees shall be printed and placed on the Senate Calendar under the heading GENERAL ORDER unless otherwise ordered by the Senate. All bills and resolutions on General Order shall be subject to general amendment and the following rules shall be observed:

(a) The bills shall first be read at length and then read and considered by sections, unless otherwise ordered.

(b) Bills under consideration under the heading GENERAL ORDER must not be interlined or defaced but all amendments offered shall be in writing and duly entered upon a separate piece of paper and shall be entered in the Journal.

(c) All appropriation bills originating in the Senate and revenue bills shall take precedence over all other bills and resolutions on Senate days, and all appropriations and revenue bills originating in the House shall take precedence over the House bills and Resolutions on House days.

(d) No revenue bill shall be considered by the Senate unless final action is taken thereon, on or before the last five days of the session of the Legislature.

(e) Any subject may, by a majority vote of the Senators elected to the Body, be made a Special Order; and when the time fixed for its consideration arrives the Presiding Officer shall lay it before the Senate. If it is not finally disposed of on that day, it shall take its place on the Calendar under the head of Special Orders in the order of time at which it was made special.

(f) When two or more Special Orders have been made for the same time, they shall have precedence according to the order in which they were severally assigned, and that order shall be changed only by order of the Senate. All motions to change such order, or to proceed to the consideration of other business, shall be decided without debate.

(g) The Presiding Officer shall rise to put a question, but may state it sitting. All questions shall be put in this form, to-wit: "As many as are in favor (as the question may be) say 'AYE'; as many as are opposed say 'NO';" except when the yeas and nays are ordered, then the question shall be put thus: "As many as are in favor (as the question may be) will answer 'AYE' as your names are called; as many as are opposed will answer 'NO'." When a motion or amendment is to strike out a part of the pending measure the question shall be directly upon the motion or amendment and shall be put: "Shall the motion (to strike out) prevail?"

(h) If the question in debate contains several propositions, any Senator may have the same divided, except a motion to strike out and insert, which shall not be divided; but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition, nor shall it prevent a motion simply to strike out; nor shall the rejection of a motion to strike out prevent a motion to strike out and insert. But, pending a motion to strike out and insert, the part to be stricken out and the part to be inserted shall each be regarded for the purpose of amendment as a question and motions to amend the part to be stricken out shall have precedence.

(i) On filling of blanks, the question shall first be taken on the largest sum, greatest number and most distant day.

(j) When an amendment proposed to any pending measure is laid on the table, it shall not carry with it or prejudice such measure.

(k) When a division is called for, those voting in the affirmative shall rise in their seats and remain standing until counted aloud by the Secretary. Then those voting in the negative shall rise and shall stand until they are counted as before, when the Presiding Officer shall announce the result.

(l) A question regularly before the Senate can be interrupted only by call for the Previous Question, for amendment, postponement, commitment, to lay on the table, or adjournment.

(m) There shall be a motion for the Previous Question, which shall be stated in these words, to-wit: "Shall the main question be now put?" Upon being ordered by a majority of the members voting, it shall have the effect to cut off all debate and bring the House to a direct vote upon the immediate question or questions on which it has been asked and ordered. The Previous Question may be asked and or-

dered upon a single motion, a series of motions allowable under the Rules, or an amendment, or amendments, and include the bill to its passage or rejection. It shall be in order, pending motion for or after the previous question shall have been ordered on its passage, for the Presiding Officer to entertain and submit a motion to commit, with or without instructions to a standing or select committee.

(n) If the Previous Question is carried, the original mover of the main question, or if the bill or resolution originated in the other House, then the Chairman of the Committee reporting the same, shall have the right to close the debate, and be limited to ten (10) minutes. Shall the previous question be ordered on a subject debatable, before the same has been debated, the friends and opponents of the measure shall have thirty (30) minutes on either side in which to debate the question.

(o) A question of order may be raised at any stage of the proceedings except when the Senate is divided and shall be decided by the Presiding Officer, without debate, subject to an appeal to the Senate. When an appeal is taken, any subsequent question of order which may arise before the decision of such appeal, shall be decided by the Presiding Officer without debate; and any appeal may be laid on the table without prejudice to the pending proposition and thereupon shall be held as affirming the decision of the Presiding Officer.

(p) Question of privilege shall be: 1st, affecting the rights of the Senate collectively, its safety, dignity, and the integrity of its proceedings; 2nd, the right, reputation and conduct of members individually in their representative capacity, only, and shall have precedence of all other questions, except motion to adjourn.

(q) A motion may be made during the reading or consideration of any pending bill to commit, with or without instructions. The motion to commit with instructions shall be debatable. The motion to commit without instructions shall not be debatable.

(r) After a measure has been considered as provided under General Order of business, the next proceedings shall be by motion, non-debatable, to advance said measure to engrossment, and after said measure hes been so advanced it shall appear on the Calendar under the heading "BILLS ON THIRD READING" and not subject to amendment, except by unanimous consent.

(s) A bill, when advanced to engrossment and third reading together with the amendments thereto, shall be delivered to the Chief of the Engrossing and Enrolling Department for engrossment. Thereafter, the engrossed bill together with the original bill and amendments shall be returned by said Chief to the Committee on Engrossed and Enrolled Bills. The Committee on Engrossed and Enrolled Bills, after having compared the engrossed bill with the original bill and amendments, shall make report to the Senate submitting the engrossed bill, together with the original bill and amendments, which engrossed bill shall be placed upon third reading and final passage. If passed the bill shall be signed by the Presiding Officer, and transmitted to the House of Representatives, and the original bill, with amendments, shall be delivered to the Secretary of the Senate for safekeeping.

(t) The Committee on Engrossed and Enrolled Bills is authorized to correct misspelled words, "doublets" or repeated words when engrossing bills or resolutions.

Third Reading

RULE 16. When a bill or joint resolution is read the third time, the question shall be, "Shall the bill or resolution pass?" and it shall not be in order to propose amendment.

(a) Joint Resolutions proposing amendments to the Constitution, when such resolutions are passed, shall be spread at

length on the Journal, with yeas and nays recorded thereon.

(b) Every bill and joint resolution shall receive three readings previous to its passage, which readings shall be on three (3) different days; and the Presiding Officer shall give notice at each reading, whether it be the First, Second and Third provided that the First and Second Readings of each bill may be by title only, unless the Senate in any case shall otherwise order.

(c) After a bill has been advanced to engrossment or has been passed, the Presiding Officer shall put the question, "Shall the title of the Bill remain the title of the Act?" The title, by amendment, may then be made to conform to the body of the bill.

(d) When the yeas and nays are ordered, the names of Senators shall be called alphabetically; and each Senator shall, without debate, declare his assent or dissent to the question, unless excused by the Senate; and no Senator shall be permitted to vote or change his vote after the decision shall have been announced by the Presiding Officer. No motion to suspend this rule shall be in order, nor shall the Presiding Officer entertain any request to suspend it by unanimous consent.

Fourth Reading

RULE 17. Each and every Senate Bill and/or Resolution, returned by the House without amendment, shall, when referred for enrollment, be referred to the Committee on Enrolled and Engrossed bills, which Committee shall cause each and every such engrossed bill and/or resolution, without re-typing, to be reported properly enrolled for fourth reading, and/or final signature, by attaching or jacketing in the fore-front proper jurat for certification by the Presiding Officer, as to previous passage of the bill and/or resolution.

When a Senate Bill has been returned by the House with amendments (if amended) the amendments shall be considered by the Senate,, and, when agreed to and the bill finally passed, it shall be delivered to the Engrossing and Enrolling Department for enrollment. The Chief of said Department shall enroll said bill and return with the engrossed bill to the Committee on Engrossed and Enrolled bills, to be compared by said Committee, one with the other, and thereafter return to the Senate, the enrolled bill for fourth reading and the original bill for deposit with the Secretary of the Senate.

No Senator shall speak more than once upon any question in debate until every Senator desiring to speak shall be heard; nor more than twice upon the subject without leave of the Senate, except when a motion to amend or substitute be made, and then he may speak once to such amendment or substitute; provided that no Senator shall consume more than twenty minutes without the unanimous consent of the Senate.

EDITORIAL

Excerpts from an Editorial, by Frosty Troy, appearing in The Tulsa Tribune, under date of January 21, 1967, were read and incorporated herein upon the unanimous consent request of Senator Selman:

Is Oklahoma spending too much on welfare?

That Depends on one's philosophy of welfare. Most legislative arguments on the subject are reduced to emotional levels and the fact that the two cents of state sales tax should not be fully earmarked for welfare spending.

Experienced hands at the statehouse know that the welfare fund is not now the overflowing treasure chest it was just five years ago. Since then, the Legislature has transferred everything but the kitchen sink to the welfare department.

All the state's retarded children facilities were shuttled under the welfare umbrella, as were training schools, deaf and blind schools, crippled children's services, orphanage facilities, the Kerr-Mills program, medicare and now some of the Economic Opportunity Act programs.

One of the reasons Oklahoma ranks so high in welfare expenditures is because a shrewd Legislature keeps shifting burdens to the welfare department.

The welfare department has no gripes, nor do the agencies transferred. In almost every case, services have improved tremendously once Rader's department took them over.

In addition to these transfers, the 1963 session tapped welfare for $11.5 million for general government; however, caution must be exercised—the $11.5 million was an overbite and the medical assistance program for welfare clients had to be slashed 50 per cent the following year. So the welfare treasury does have a bottom.

The Legislature must maintain aged, blind and disabled welfare payments at an average of $75 a month to obtain maximum federal matching funds. In two years, aged persons got a $4 monthly raise and ADC payments went up $2.

Despite these modest increases, Oklahoma's total share in all public assistance caseloads combined was $38.79 last year, or 82 cents below the national average and 21st in rank among the 50 states.

But myths die hard and the notion will persist that Oklahoma is a welfare state instead of a state whose Legislature has made clever use of the welfare umbrella.

A RESOLUTION RELATING TO THE PROPOSED ACQUISITION OF THE CHICAGO, ROCK ISLAND AND PACIFIC RAILROAD BY THE SOUTHERN PACIFIC RAILROAD AND UNION PACIFIC RAILROAD; PETITIONING THE INTERSTATE COMMERCE COMMISSION; AND PROVIDING FOR DISTRIBUTION.

WHEREAS, the Chicago, Rock Island and Pacific Railroad Company has operated in the State of Oklahoma since before statehood; and

WHEREAS, for many years it has maintained at El Reno, Canadian County, Oklahoma extensive repair and maintenance facilities for the repair and maintenance of freight cars and diesel engines; and

WHEREAS, there is now pending a proposal before the Interstate Commerce Commission in which the Chicago, Rock Island and Pacific Railway Company proposes to sell the Southern Segment of the system to the Southern Pacific Railroad Company, and the Northern portion to the Union Pacific Railroad Company; and

WHEREAS, in said matter before the Interstate Commerce Commission witnesses for the Southern Pacific have testified under oath that it is their plan, if this application is approved, to largely

abandon the repair and maintenance facilities in El Reno, Oklahoma, and move them to existing Southern Pacific facilities in other states; and

WHEREAS, under the proposal, as testified to by the Southern Pacific officials, there would be a reduction of at least 84 employees in the number of employees in El Reno, Oklahoma, which employees earn almost Half a Million Dollars a year, and their jobs would either be entirely eliminated or transferred to other states; and

WHEREAS, the economy of El Reno, Canadian County, Oklahoma would be seriously affected by the loss of said payroll and forced removal of 84 families from the State of Oklahoma; and

WHEREAS, the State of Oklahoma has been engaged in a concerted program to keep and attract new industrial employment; and

WHEREAS, the officials of the Southern Pacific have further testified that if they are successful, they have no present plans for a program of maintenance and upgrading of the tracks and facilities of the lines from El Reno, Oklahoma west toward Tucumcari, New Mexico; and

WHEREAS, consolidations and mergers of the type contemplated as above mentioned are detrimental and harmful to the citizens of this State, and more particularly to those citizens residing in the communities in which the major installations and facilities of these railroads are located; and

WHEREAS, the present lines of the Rock Island from the important Memphis gateway to Tucumcari, through Oklahoma City and El Reno, if maintained and reasonably up graded by a railroad interested in so doing would furnish the shortest, most feasible route between the important river port of Memphis and the entire South and West Coast, affording service for the State of Oklahoma to these important areas; and

WHEREAS, the Southern Pacific has not indicated any desire to do this, but rather to use its present facilities, located in Texas and southwest from there, with use of the Rock Island facilities as mere auxiliary facilities; and

WHEREAS, it is in the interest of the State of Oklahoma to have an active, progressive operation of the facilities of the Rock Island through Oklahoma as a major operating railroad and not as a mere appendage in order to effect economies for other areas.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE THIRTY-FIRST SESSION OF THE OKLAHOMA LEGISLATURE:

SECTION 1. That this body respectfully request and petition the Interstate Commerce Commission to deny its approval to the proposal sale of the Rock Island facilities to, and the acquisition of such facilities by the Southern Pacific for the reasons outlined in the preamble to this resolution.

SECTION 2. That copies of this Resolution, after consideration and enrollment, be mailed to The Honorable Dewey Bartlett, Governor, to the State Corporation Commission, and to Mr. H. Neil Garson, Secretary of the Interstate Commerce Commission, Washington, D. C.

A RESOLUTION EXPRESSING THE DEEP REGRET AND PROFOUND SORROW OF THE MEMBERS OF THE SENATE OF THE THIRTY-FIRST SESSION OF THE OKLAHOMA LEGISLATURE FOR THE UNTIMELY DEATH OF MAJOR J. C. NABORS; RECOGNIZING HIS PATRIOTIC SACRIFICE TO A DEMOCRATIC SOCIETY; AND DIRECTING DISTRIBUTION OF THIS RESOLUTION.

WHEREAS, during our Nation's history, it has been necessary to wage wars in order to destroy tyrannies which were dedicated to the destruction of our status as a free people, and such tyrannies continue to exist; and

WHEREAS, patriotic duty has called many of our loved ones to fight on the foreign fields of Viet Nam in order to preserve world peace from Communist aggression; and

WHEREAS, Major J. C. Nabors of Ada, Oklahoma held the preservation of a Democratic Society above his own personal safety; and

WHEREAS, Major J. C. Nabors, a graduate of Tulsa University, flew better than fifty missions over the combat zone in Viet Nam; and

WHEREAS, the Divine Judge of the Universe called from this earth his faithful servant Major J. C. Nabors when his airplane was downed during a strike mission over North Viet Nam.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE THIRTY-FIRST SESSION OF THE OKLAHOMA LEGISLATURE:

SECTION 1. That in the untimely death of Major J. C. Nabors, the Senate of the Thirty-first Session of the Oklahoma Legislature, on its own behalf and on behalf of the people of the State of Oklahoma expresses its profound sorrow and extends its sympathy and condolences to his devoted wife, Senora, his daughter Margo, his parents, Mr. and Mrs. Lee Nabors, and to other members of the bereaved family.

SECTION 2. That a duly authenticated copy be forwarded to Mr. and Mrs. Lee Nabors, Mrs. Senora Nabors, and Margo Nabors.

SR 12 by Smith and Terrill was introduced, read at length as follows, adopted upon motion of Senator Smith, and ordered referred for enrollment:

SENATE RESOLUTION NO. 12—By Smith and Terrill.

A RESOLUTION PROVIDING ITEMS,

RULES AND CRITERIA BY WHICH REPUBLICAN MEMBERS OF THE SENATE MAY BE DISTINGUISHED FROM DEMOCRATIC MEMBERS.

WHEREAS: The members of the North one and one-half aisles are such distinguished and congenial gentlemen, and

WHEREAS: The Republican members of the Oklahoma Senate have, through experience and preception ofttimes emulated, patterned and conducted themselves in such a worthy manner that the guests and spectators of this august body and citizens of Oklahoma have experienced difficulty in distinguishing and identifying the Republican members of the State Senate, and have likewise expressed the thought that to the casual glance, the Republican and Democratic members appear almost indistinguishable; and whereas, it behooves this august body to establish a criteria of identification for the use and benefit of all those great citizens of this State who might otherwise be confused.

NOW THEREFORE BE IT RESOLVED BY THE SENATE OF THE THIRTY-FIRST SESSION OF THE OKLAHOMA LEGISLATURE:

SECTION 1. That the following items, rules and criteria are suggested as those available to use in testing whether a member of this august body be a REPUBLICAN or a DEMOCRAT:

1. DEMOCRATS buy most of the books that have been banned somewhere. REPUBLICANS form censorship committees and read them as a group.

2. REPUBLICANS consume three-fourths of all the rutabaga produced in this country. The remainder is thrown out.

3. REPUBLICANS usually wear hats and almost always clean their paint brushes.

4. DEMOCRATS give their worn-out clothes to those less fortunate. REPUBLICANS wear theirs.

5. REPUBLICANS employ exterminators. DEMOCRATS step on the bugs.

6. DEMOCRATS name their children after currently popular sports figures, politicians and entertainers. REPUBLICAN children are named after their parents or grandparents, according to where the most money is.

7. DEMOCRATS keep trying to cut down on smoking, but are not successful. Neither are REPUBLICANS.

8. REPUBLICANS tend to keep their shades drawn, although there is seldom any reason why they should. DEMOCRATS ought to, but don't.

9. REPUBLICANS study the financial pages of the newspaper. DEMOCRATS put them in the bottom of the bird cage.

10. Most of the stuff you see alongside the road has been thrown out of car windows by DEMOCRATS.

11. REPUBLICANS raise dahlias, Dalmatians and eyebrows. DEMOCRATS raise Airedales, kids and hell.

12. DEMOCRATS eat the fish they catch. REPUBLICANS hang them on the wall.

13. DEMOCRATS watch TV crime and Western shows that make them clench their fists and become red in the face. REPUBLICANS get the same effect from the presidential press conference.

14. REPUBLICAN boys date DEMOCRATIC girls. They plan to marry Republican girls, but feel they're entitled to a little fun first.

15. DEMOCRATS make up plans and then do something else. REPUBLICANS follow the plans their grandfathers made.

16. REPUBLICANS sleep in twin beds —some even in separate rooms. That is why there are more DEMOCRATS!

WHEREAS, a revolutionary era demands a re-evaluation of educational problems—in technique; in aims extending toward better social living; better training for vocational skills, better academic development for entering and pursuing higher institutional educational offerings, including all phases of research; and

WHEREAS, the ultimate survival of the educational state systems for public schools must be gained from ideals presented by the state's enlightened citizenry.

THEREFORE, the conclusion of the first session of the Thirty-first Legislature is that in order to meet the challenges and demands of each new era of world development as presented by increasing enrollments, additional instructional staff, and improvements of instruction, studies of the Public Schools System of Oklahoma in every area of the responsibilities under the same should be initiated and pursued.

"It is the Legislature's judgment that a separate Division of the Legislative Council, with assistance from the State Department of Public Instruction, The Chief Executive's Office, and the Oklahoma Education Association, could best supervise and make this most urgently needed study. It is therefore the intention of the Legislature that the sum of Twenty-five Thousand Dollars ($25,000.00) be allocated by the State Board of Education from the appropriations made by this Act to be used by the Legislative Council Division of Educational Research for the purpose of conducting the study herein indicated. Such sum of Twenty-five Thousand Dollars ($25,000.00) shall be available for services and expenses of professional staff, consultants and other relevant purposes in

MESSAGE FROM THE GOVERNOR

The following Veto Message was read, incorporated herein upon motion of Senator Baggett, and consideration deferred for this legislative day:

TO THE PRESIDENT AND MEMBERS OF THE HONORABLE SENATE THIRTY-FIRST OKLAHOMA LEGISLATURE

Gentlemen:

I have this date vetoed and now return to you Enrolled Senate Bill 16. My reasons for vetoing this bill are these:

(1) The bill contains an emergency clause making it effective immediately upon signing. It does not contain any other effective date. Therefore, my signing of this bill into law now would result in the following:

(a) Every school district in the state of Oklahoma would be required to open a kindergarten immediately. This would create an impossible situation. Teachers are not available on such short notice. In many areas there is not sufficient room. Transportation would have to be provided on a half day basis for these new students.

(b) In those school districts now operating kindergartens, the State of Oklahoma would be required to immediately undertake the financing of such kindergartens. This would necessitate a supplemental appropriation now of $1,821,437.00.

(c) In those districts not now operating kindergartens the State of Oklahoma

would be required to immediately undertake the financing of kindergartens. This would necessitate an additional supplemental appropriation. It is impossible to estimate the amount now.

(2) Revenues available for appropriation as limited by the Equalization Board during this legislative session are not sufficient to finance the bill without jeopardizing our other educational programs or other important functions of government.

(3) Existing laws are available to permit any school district to establish a kindergarten if it so wishes. They can be financed through use of the local support levy and through Title I funds. Full time kindergarten centers are established now, and can be established in the future, through the Headstart program.

I share with you a desire for a kindergarten program throughout the state. I urge all School Districts to continue or to establish kindergarten programs.

But for the reasons listed, I cannot sign into law, Enrolled Senate Bill 16.

BY THE GOVERNOR OF THE STATE OF OKLAHOMA

Dewey F. Bartlett

ADDRESS

Senator Dacus asked unanimous consent which was granted that the following address, delivered before the Senate on February 23, 1967, by The Reverend Leon H. Sullivan, Minister of the Zion Baptist Church of Philadelphia, Pennsylvania, and outstanding Leader who fathered the "Opportunities Industrialization Center", be incorporated in the Journal for this legislative day:

Mr. President and Gentlemen
of the Senate:

First, I want to tell you how pleased I am to be able to come here and tell you something about our work. To tell you something about O. I. C.—Opportunities Industrialization Center. How it began, what it is doing and what we hope to be doing.

The Opportunities Industrialization Center was born in our country as a result of a need. It's a program conceived by the people and for the people. It started in my city where I labor and work as pastor of the Zion Baptist Church in the poverty stricken section of that city. It was begun because America was faced at that time with a need. A need to help people to become productive, to help them gain their self dependence and to help them gain their self-respect. And also, so that the people could be involved in the economic mainstream of the country and so that we could add manpower to the development of the free enterprise system of this country. Because, say what you may, the greatest country in the world is still America!

For the past twelve years, we have been involved in a great movement of hope in this country. I have been involved in this movement of hope. I have organized all kinds of programs to find opportunities for my people and for other people. For the past twelve years, we have seen opportunities come, with each advancing year bringing more and more. Doors of opportunities were opened that were never opened before. Then we came to the realization that another step was necessary now, and another step was necessary—that as desirable as integration was, that integration without preparation

was frustration. That somehow a program of preparation had to be inaugurated in America to reach the people who needed it most. People who had been screened out of manpower efforts; persons in the poverty and deprived sections of our city, so that they could learn a skill. In addition to learning a skill, so they could learn an attitude about the value of work and the value about human personalities, the value of our enterprise system and the value of America. We have been involved in a process in the last twelve years of opening our eyes. Now, we have to be involved in the process of opening minds so that people can be prepared to go into the doors that have been opened.

So, in an old jailhouse, because no program of this kind had been attempted in America, we decided that the people themselves, using what they had, developing training programs to train people in skills for jobs that existed; a program that screened no one out, a program that says that genius was color blind; a program that says to a man or woman that it is not the color of the skin that determines how high you can rise, but like a balloon —what you have inside of you; a program that told a man about his heritage, about his past, so that mutually he could respect the past and the heritage of every other American. Fifty percent of what we attempted to do was to be skill developers; the other fifty percent had to do with attitudial development.

We created the Feeder Program — the first program of its kind in the history of the world. We would take the individuals for two weeks to three months and would put them in a program that would unwash brainwashed minds, so that people could know and find their capabilities, because we found that to put a man behind a machine and teach him a skill and not get his attitudes straightened out was to frustrate him all the more, because industry needs attitudes as well as skills. And so, for two weeks to three months, we put him into the Feeder Program and then from the Feeder Program he goes into the O. I. C. technical center where he learns a skill. O. I. C. is a vestibule to industry. Therefore, we comprise a partnership with industry. Industry helps us in the screening of our instructors; industry helps us with jobs because we know that the best trainee you can produce out of O. I. C. helps industry to make a profit so that industry can expand; so that industries can provide more jobs, can provide more salaries and thus make a machine the wheel of prosperity to go within a community.

From this old jailhouse three years ago, we have now trained in Philadelphia alone, more than three thousand men and women —one-third of whom had been on relief; 97% of whom fell in poverty categories and now most of the three thousand men and women in Philadelphia that have come from O. I. C. technical centers are working in two hundred industries within the Delaware Valley of my community adding more than ten million dollars in new purchasing power within the Philadelphia area alone and saving already annually more than $1,500,000 in tax monies that would ordinarily have gone into relief checks. In addition to this, these people are now taxpayers. By hundreds, I see the poverty cycle broken. Men and women who have been separated are coming together again; have gotten their children out of foster homes. They have begun to buy their own homes; to buy their own automobiles; to put a few dollars inside in a bank account. Most of all, new spirits are emerging in the homes and in the communities where these programs have been inaugurated.

From Philadelphia, from that old jailhouse—because O. I. C. began in a jailhouse, has come a program of faith; it's a program of God. I am a pastor of a church. I take no salary for this program. I am tithing my time to it. No one is paying me for coming here. I will accept no pay for coming here. It is the work that God wants me to do. He wants me to

help people to become self-dependent individuals. A man must learn to help himself; not to lean on things and doles and help. America must be built on a self deep interest of every individual carrying his mutual share for the well-being of our nation, our cities and our states.

Whereas, before O. I. C. was begun in an old jailhouse in a colored community in Philadelphia, because I was basically concerned with colored people, I found that O. I. C. meant "Find Me", and as I say often now that O. I. C. is providing an American solution to an American problem because I found that the needs of people were not based upon color because in America there were thousands upon thousands of people who needed this kind of help, who needed this kind of training in all of our cities throughout America from California to New England. We found people with all kinds of colors, all kinds of races and all kinds of creeds.

In Oklahoma City—and I just arrived last night—I was proud to find one of the most stimulating examples of O.I.C. to be found anywhere. Because at the O.I.C. in Oklahoma City, I found people had come from all over from all kinds: Colored Americans, African Americans, Asiatic Americans and Indian Americans. I found O.I.C. becoming the melting pot of training and opportunities in your town. And I want to let you know that if things continue to go as I see them going now, that Oklahoma City O.I.C. might become the O.I.C. mecca of the southwest and midwest of our country. This is what I am hoping for.

I have been inspired, too, with the interest that has been taken by you, of government, because O.I.C. must start with the people, it must not be a program coming down from the government to the people, which only makes people depend more and more on someone to do something for them, but O.I.C. starts with the people, they create the beginning themselves, they reach out to industries to help themselves, to labor, to help themselves and then we come to the government and ask the government to help the people do what the people have started for themselves. One of the most inspiring things has been that you have learned about the program and have so far been in the spirit of the program. O.I.C.'s program reaches out to everyone to support the people, to help the people help themselves.

Now, after three years, Mr. Speaker, O.I.C. has grown from that jailhouse in Philadelphia to sixty-five cities across this country. We are now located in forty-four states across this country. In addition to the skill that we are giving to the people and the attitude that we are giving to the people—men and women—we are putting a new spirit into our streets; we are changing the cry in our streets from "Burn, Baby, Burn" to "Build, Brother, Build."

And so, O.I.C., with your help and with your prayers and with your support, will continue to build and we will build in skills, we'll build in self-respect, we'll build in self-dependence, we'll build the free enterprise system, but most of all, we will build America into becoming greater than she has ever been before!

Thank you, gentlemen.

"Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought hither out of many kindreds and tongues.

"Endow with the spirit of wisdom those to whom in Thy Name we entrust the authority of government, that there may be justice and peace at home, and that through obedience to Thy law, we may show forth Thy praise among the nations of the earth.

"In the time of prosperity, fill our hearts with thankfulness, and in day of trouble, suffer not our trust in Thee to fail; all of which we ask through Jesus Christ our Lord. Amen."

Deliver us this day from the timidity which makes us fail to act sensibly as human beings with responsibilities for our destinies, or from the vanity of believing we can do anything without thy help. Help us to remember that we can do nothing without thy aid, and nothing worthwhile without thy blessing. Help us to stand before thee as men, made in thy image, but with heads bowed in humility, as we remember that we are sinners. May thy blessing rest this day upon our common life, our nation, and upon our state. Strengthen these thy servants the Oklahoma Senate as they seek the Common good. Grant to them the wisdom and patience to translate high ideals into reasonable decisions. May all that is done here this day be pleasing to thee.

Through Jesus Christ our Lord. Amen.

HOMETOWN

(Tune: I'll Make it Mine Forever)

Happy is the one who loves his hometown.
Happy is the one who just belongs;
The girls are sweeter,
The boys are neater,
Back in my hometown:

CHORUS:

I'm going to stay there in my hometown,
It's the only place where I belong,
That welcome sign is mighty good feeling,
I'll make it mine forever.

People always say, dreams never come true,
I . . . . like to think they always do.
They won't deceive you,
They will never grieve you,
Back in my hometown.

(repeat chorus)

No one knows what tomorrow will bring,
Let the one who waits there hear you sing,
Their hearts are lighter,
Their smile is brighter,
Back in my hometown.

(repeat chorus)

THE OKLAHOMA GIRL

Words and music revised by:
Mrs. Roy C. Boecher (Ora)

Her eyes are bright and sparkling as she greets you in the way,
And the atmosphere around her makes one dream of flowers in May.
A Rosey, healthy vigor and a brow of polished pearl,
Makes up the simple portrait of the OKLAHOMA GIRL.
She's a mighty institution this new girl of the West
With a wealth of independence within her maiden breast;
Which makes her fond admirers the banner high unfurl,
With love and admiration for the OKLAHOMA GIRL.

CHORUS:
She went away to college —
She's a skillful athlete
And when it comes to winsome ways,
she simply can't be beat—
She's the Rose bud of the prairie—
She's the center of the whirl
And we doff our hats in honor—
Of the OKLAHOMA GIRL.
You hear the sound of music—
Out in this great wild west,
Your heart will beat with longing
for this girl so filled with gest.
She gives you inspiration
with charms beyond compare
And added grace and beauty
is this OKLAHOMA GIRL.
If there could be no roses,
no summer nights to dream
I'd gladly give it all to you
for this regal western queen.
Which makes her fond admirers
the banner high unfurl
With love and admiration
for the OKLAHOMA GIRL.

Fifty-first Legislative Day

Thursday, March 30, 1967

Pursuant to adjournment, the Senate was called to order by its President, Lieutenant Governor George Nigh.

Upon roll call, the following members were present:

Baggett, Baldwin, Berrong, Birdsong, Boecher, Bradley, Breckinridge, Dacus, Field, Findeiss, Garrett, Garrison, Gee, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Horn, Howard, Keels, Luton, McClendon, McGraw, McSpadden, Martin, Massad, Miller, Murphy, Nichols, Payne, Romang, Selman, Short, Smalley, Stansberry, Stipe, Taliaferro, Terrill, Williams, Young.—42.

Excused: Atkinson, Berry, Ferrell, Massey, Porter, Smith.—6.

The President declared a quorum present.

The Chaplain for this legislative week, the Reverend Joe Dickens, made the following remarks and offered the following prayer, both of which are incorporated herein, by unanimous consent, upon request of Senator Nichols: I ask the privilege of expressing my appreciation to the Honorable Oklahoma Senate for the honor you have given me this week. It is not only an honor, but has also been a joy to me.

The job has certainly not been demanding, but has given me the opportunity to take a leisurely look at state government at work, especially the workings of this body. But, the real joy has been to get to know some of you. I return home with a high estimation of you as hard-working men of integrity. Though the word has been over-worked, I can think of no better word for you than "dedicated". Thank you for the honor and for your warmth of fellowship for me. I have always had a great deal of admiration for men who would: Seek hard to be elected to a job that paid less than many jobs easier to get. Manage to keep peace among a constituency who all felt they knew how to do the job better. Give long hours, and even spend their own money to do a better job. Keep on at the job in spite of little encouragement and much criticism. Speak out forth-rightly for their convictions even when it is bound to be unpopular with constituents. Manage to get along and even cooperate with members of the opposing party for the public good.

I admire such men so much I even became one of them, for I have been talking about pastors. It sounds a little like Senators, doesn't it.

Let us pray: O God, we come stumbling into your presence, not knowing how to approach the Most High nor knowing our own needs. We know that in the midst of our business we need to pause and recognize that without resources beyond ourselves we are helpless and hopeless. Grant us the faith that there is divine strength available, but deliver us from the presumption that we can do nothing and expect divine help. Help us today in all that we do to do honor to our God, our Nation, our State and ourselves. Through Jesus Christ our Lord, Amen.

The Journal for the last legislative day was declared approved.

NEWSPAPER ARTICLE

The following newspaper article, appearing in The Hobart Democrat-Chief, under date of Sunday, April 2, 1967, was submitted by Senator Dacus and is incorporated in the Journal, by unanimous consent, upon his request:

EXPERIENCED PROSECUTOR TO HEAD SENATE INVESTIGATION

OKLAHOMA CITY (UPI)—A former Army lieutenant colonel who prosecuted a WAC captain in the famous Hess crown jewel theft case in Germany 20 years ago will head the senate committee investigating campaign gifts to corporation commission officials.

He is Sen. Roy Grantham, D-Ponca City, who received praise from Democrats and Republicans alike when he was named by Senate President Pro Tempore Clem McSpadden as chairman of the five-member committee.

The group is expected to open hearings next week.

"He was the logical choice," said McSpadden, saying Grantham proved his mettle as the judge who presided over the senate impeachment trial of former Supreme Court Justice N. B. Johnson two years ago. Johnson was ousted from office on bribery charges.

Praised by Governor

Gov. Dewey Bartlett spoke highly of the entire committee and particularly Grantham, saying, "He showed his level-headedness in getting at the facts and his thoroughness in the impeachment trial."

Grantham, whose full head of hair belies his 60 years, has served in the senate since 1951. He is known for his first session as being one of the few senators who withstood pressure and voted against the ill-famed Selected Investments bill.

"Pass this bill," he said, "and in 10 years it will come back to haunt you."

Seven years later Selected Investments was bankrupt, and a scandal had begun in which three former supreme court justices were accused of bribery.

Grantham, mild-mannered and soft-spoken, does not portray the flashy boldness of the "investigator type." But when he does speak, his colleagues listen.

Opinion Is Respected

Other senators as well as the press have often stated that the merits of a bill may be judged by noting how Grantham stands on it.

Grantham heads the senate roads and highways committee, a post he has held for two years because of his colleagues' respect for his honesty and integrity.

Grantham holds a law degree from the University of Oklahoma. He began his public career as Kay County attorney in 1941. He resigned in 1942 to join the Army.

In 1947 he headed the successful prosecution of Army WAC Capt. Kathleen B. Nash Durant, who was convicted with two others of the theft of the Hess crown jewels. The trial, in Frankfurt, Germany, lasted three months. Grantham was with the judge advocate general's section attached to Berlin.

"I feel like this is an excellent committee," he said of the five-member group which will investigate the commission.

'Duty To Perform'

Grantham, who carries more than the normal load of legislative duties, said he feels the investigation "is just like any other assignment, a duty to perform."

He said the committee will move as rapidly as possible, "so far as it is possible to expedite it and be fair."

"We want to give everybody an opportunity to be heard. It ought not to be dragged out, but on the other hand, I don't want to stop before we're finished."

He said the committee will meet early in the week, possibly as early as Monday if the proposed rules and a tentative staff are ready. Hearings will be held after adjournment of the senate and at night if necessary, he said.

The committee has been authorized to investigate the entire activities of the corporation commission and campaign contributions not only to commission officials but all state officers.

Son To Testify

It's star witness is Clyde Hale Jr., son of the late Clyde Hale Sr., who served for many years as a lobbyist and attorney for gas utilities.

Records have been made public showing check payments by the senior Hale of more than $35,000 to commission employees, legislators and others plus $76,000 in checks made payable to "cash."

"Any information obtained, and findings, will be referred to the appropriate district attorney, the attorney general, the house of representatives and the Oklahoma Bar Association if evidence would be pertinent to those agencies and organizations," Grantham said.

His mention of relaying evidence to the house raised speculation of possible impeachment charges, since such charges must be brought against state officers by the house, although the senate would try them.

Other members of the committee are Sens. Don Baldwin of Anadarko, George Miller of Ada, Finis Smith of Tulsa and

Richard Romang of Enid. All are Democrats except Romang, a Republican.

O Thou who art God above all and in all who confess their need of Thee, and whose works are done by the hands of faithful men, we pray with these assembled here, for courage in crisis, for new resolve to overcome old failures, for humility that gives true greatness to achievement.

For the common good of all people, grant us the determination to change what must be changed, the serenity to accept what cannot be changed, and the wisdom to know the difference.

Mark our debates and set our goals toward honor, integrity, justice, and decency, and lift us above factionalism, self-interest and all things which sidetract worthy purposes into petty maneuvers.

Through Jesus Christ, our Lord, who gave up his life for the best that God could envision for his creation. Amen.

The Journal for the last legislative day was declared approved.

NEWSLETTER

Senator Payne submitted the following Newsletter, by Ben Blackstock of the Capitol Spotlight, which was read, and is incorporated in the Journal, by unanimous consent, upon his request:

When a man runs for office he offers to sacrifice his personal time, that of his family and to give up much of an individual's cherished right to privacy.

The legislator, city councilman, school board member and many other more or less honorary office holders spend a lot of time in the public's behalf. The pay never equals the loss of earnings. Getting elected costs more every year—travel and lodging, not to mention meals, telephone, and the many things which must be done to advertise the candidate's qualifications and what he says he will do if elected.

Why does anyone offer himself for public office?

Most Americans are suspicious of those elected to public office. Yet, upon them depends the kind of government we get. We criticize them. We are stingy in donating to their campaign expenses. We even suspect the motives of those few who chip in to help a candidate.

In this respect, we, the public, are sick. We expect good government, honest government which keeps up with the times. We pay stingily for the services of those we elect to serve us as lawmakers and administrators and judges.

The thing that stinks is not that Clyde Hale gave several legislators a $50 or $100 campaign donation. What smells is that most of us citizens never give anything to help elect anybody.

There isn't a public official anywhere whose vote can be bought and locked up for a lousy $100. A couple of TV spots cost that much. A full page ad in most newspapers costs $100 or more. But election advertising is only a part of campaign expenses. Printing is a big item. Usually the candidate even has to pay people to tack up signs, pass out cards, make phone calls, etc. If people can't contribute money, they should offer some of their time, but so few people are willing to do anything to help elect deserving, capable men to office.

Hale's checks to members and employees of the utility-regulating corporation commission are a completely different matter than his legislator campaign donations. Actually, Hale's campaign expense checks to legislators covered a 15-year period of seven or eight elections. Many honorable men received Hale's campaign checks and these same men no doubt received campaign money from many other persons. Only the very rich can run for public office and pay their own expense. The sacrifice of public service is enough of a burden. Any intelligent candidate ought to expect voters to meet all his campaign expenses.

The Senate special investigation committee has been given broad powers.

It ought to look into the entire campaign expense dilemma which every candidate faces.

It ought to tell the public not only what is wrong but it ought to tell us where we the public are wrong, too.

It ought to charge us the public with failure to meet our responsibility as citizens to get involved in elections—why we should chip in to help with a candidate's expenses and how we ought to go to work to help elect the best men and women to public office.

The things most wrong with our election system include public apathy, indifference, stinginess, and an unwillingness to get involved with a candidate or a political party.

In this country we have representative government. As Mr. Dooley said, we get what we deserve. The main trouble is that it's too representative of what we the public really are.

I add that we get better than we deserve.

What did you do to help elect anybody to anything?

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE FIRST SESSION OF THE THIRTY-FIRST OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as in the manner provided by law, the following amendment to the Constitution of the State of Oklahoma, amending Section 9 of Article X thereof, to read as follows:

Section 9. (a) Except as herein otherwise provided, the total taxes for all purposes on an ad valorem basis shall not exceed, in any taxable year, fifteen (15) mills on the dollar, no less than five (5) mills of which is hereby apportioned for school district purposes, the remainder to be apportioned between county, city, town and school district, by the County Excise Board, until such time as a regular apportionment thereof is otherwise provided for by the Legislature.

No ad valorem tax shall be levied for State purposes, nor shall any part of the proceeds of any ad valorem tax levy upon any kind of property in this State be used for State purposes.

(b) A tax of four (4) mills on the dollar valuation of all taxable property in the county shall be levied annually in each county of the State for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts of the county by the County Treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. Provided that in case a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the County Treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as hereinbefore provided for the proceeds of such tax on the assessed valuation of such county. Not to exceed seventy-five per centum (75%) of the amount received by a school district from the proceeds of such county levy in any year shall be required to finance the State guaranteed program of such district.

(c) Upon certification of a need therefor by the board of education of any school district an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, any school district may make an emergency levy for the bene-

fit of the schools of such district, in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in such district when approved by a majority of the electors of the district voting on the question at an election called for such purpose. *SUCH LEVY WHEN APPROVED, SHALL BE MADE EACH FISCAL YEAR THEREAFTER UNTIL REPEALED BY A MAJORITY OF THE ELECTORS OF THE SCHOOL DISTRICT, VOTING ON THE QUESTION AT AN ELECTION CALLED FOR SUCH PURPOSE, AND SUCH ELECTION SHALL BE CALLED BY A PETITION INITIATED BY FIFTEEN PER CENT (15%) OF THE QUALIFIED ELECTORS OF THE SCHOOL DISTRICT, OR BY A PETITION INITIATED BY ONE THOUSAND (1,000) AD VALOREM TAX PAYING ELECTORS OF THE SCHOOL DISTRICT, WHICH EVER IS LESS, UNTIL OTHERWISE PROVIDED BY THE LEGISLATURE.*

(d-1) In addition to the levies hereinbefore authorized, any school district may make a local support levy for the benefit of the schools of such district, in an amount not to exceed ten (10) mills on the dollar valuation of the taxable property in such district, when approved by a majority of the ad valorem taxpaying voters voting on said question at an election [*for each fiscal year*] called for such purposes. SUCH LEVY WHEN APPROVED, SHALL BE MADE EACH FISCAL YEAR THEREAFTER UNTIL REPEALED BY A MAJORITY OF THE ELECTORS OF THE SCHOOL DISTRICT, VOTING ON THE QUESTION AT AN ELECTION CALLED FOR SUCH PURPOSE, AND SUCH ELECTION SHALL BE CALLED BY A PETITION INITIATED BY FIFTEEN PER CENT (15%) OF THE QUALIFIED ELECTORS OF THE SCHOOL DISTRICT, OR BY A PETITION INITIATED BY ONE THOUSAND (1,000) AD VALOREM TAXPAYING ELECTORS OF THE SCHOOL DISTRICT, WHICH EVER IS LESS, *UNTIL* OTHERWISE PROVIDED BY THE LEGISLATURE. This local support levy shall provide only sufficient additional revenue to meet the needs of the district for each such fiscal year as determined by the board of such district; provided, an elector desiring to vote upon such local support levy must present an ad valorem tax receipt for the year immediately preceding before being issued a ballot, or sign a sworn affidavit certifying the fact of such payment.

(e) The amount of revenue from school district ad valorem taxes levied under (a) and (c) of this Section which any school district may be required to use to finance its State guaranteed program shall not be in excess of its share, based upon its relative taxpaying ability as may be defined by law, of an amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed valuation of the State; but until such relative tax paying ability is defined by the Legislature, the amount of revenue from such taxes which any school district may be required to use to finance its State guaranteed program shall not be in excess of the net proceeds from an ad valorem tax levy of fifteen (15) mills on the dollar net assessed valuation of the district. No part of the proceeds from any ad valorem levy for emergency levy and local support levy under (d) and (d-1) of this Section shall be required to finance the State guaranteed program of such district.

Nothing in the amendments to the Constitution incorporated herein shall be construed to amend, alter or supersede the present application of Article XII-A, Section 1 and 2 of the Oklahoma Constitution.

[*(f) Should the amendment contained in subsection (d-1) hereof be adopted on September 14, 1965, the school board of any school district in the State may within ten (10) days thereafter file with the Excise Board of the county a supplemental estimate of needs and call a special election within fifteen (15) days after*

such call upon the new local support levy or emergency levy if not previously submitted, or both. The school board shall advertise notice of such election by publication in at least one issue of a newspaper having general circulation in the school district, or by posting in five public places in the district at least five (5) days before such election. Should the electors of the school district vote such additional levy in such election, the County Excise Board shall forthwith compute the levy and certify appropriations for all affected school districts and refile the budgets with the County Clerk and with the State Auditor. Notice of the filing of said budget shall be given as required by law. The forty (40) day protest period shall begin immediately upon the filing of said budgets.]

[*For the fiscal year 1965-66, the Excise Board of each county shall not finally compute the levy nor certify the appropriations for the school districts of the State until after the school district shall have had the opportunity to hold a special election as provided herein.*]

[*Temporary appropriations, up to forty per centum (40%) of the estimated funds needed by the school board of any district in the State for the fiscal year 1965-66, may be approved any time after the beginning of such fiscal year.*]

[*Upon the computation of the levy and certification of appropriations of the Excise Board, the County Assessors shall prepare or revise the tax rolls and deliver the same to the County Treasurer who shall proceed with the collection of the taxes as required by law.*]

[*Should it become necessary, because of the delay in computing levies and certifying appropriations as herein provided, the Governor may, by executive order, extend the time when taxes will be delinquent for the year of 1965, and that year only. Such extension of time shall be for the minimum time necessary to permit the County Assessor and County Treasurer to perform their duties as required by law.*]

O Divine Master, grant that I may not so much seek to be consoled as to console; to be understood, as to understand; to be loved, as to love; for it is in giving that we receive, it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life."

AN ACT RELATING TO STATE OFFICERS AND EMPLOYEES; DEFINING TERMS; PRESCRIBING A CODE OF ETHICS; FIXING PENALTIES; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. In our democratic form of government, it is essential that the conduct of public officials and employees shall hold the respect and confidence of the people. Public officials must therefore avoid conduct which is in viclation of their public trust or which creates a justifiable impression among the public that it violates that trust. To this end, conscientious public officials should have specific standards to guide their conduct, and the few unfaithful officials a deterrent, by statutory prohibition where the matter is sufficiently clear or defined, or by code of ethics where demanded by complexity and variety of circumstances. It is at the same time recognized that under a free government it is both necessary and desirable that all citizens, public officials included, should have certain specific interests in the decisions of government, and that the activities and conduct of public officials should not, therefore, be unduly circumscribed.

SECTION 2. As used in this section: The term "state agency" shall mean any state department, or division, board, commission or bureau of any state department.

The term "Commission" shall mean the Commission on Ethical Standards in Government.

The term "legislative employee" shall mean any officer or employee of the legislature but it shall not include members of the legislature.

SECTION 3. "The Commission on Ethical Standards in Government" is hereby created to consist of three (3) members, not more than two (2) of whom shall belong to the same political party. The State Central Committee of the two (2) political parties casting the highest number of votes at the last general election for state officers shall have the privilege of selecting and presenting to the Governor, during the first thirty (30) days after the passage of this Act, the names of as many as five (5) persons, from which said Committee may request the Governor to name one (1), subject to the consent of the Senate, which shall be the representation to be accorded to its party upon said Commission. The third member of the Commission shall be the State Personnel Director. Each member appointed by the

Governor shall serve for a term co-terminous with that of the Governor. The two (2) such members of the Commission, after the expiration of the terms of the initial members, or upon the occurrence of a vacancy, shall be appointed in like manner. If any political party fail or refuse to submit a list of nominees as herein provided, the Governor may, notwithstanding such failure or refusal, appoint a representative of each such party to membership upon the Commission. The two (2) members appointed by the Governor shall receive Twenty-five Dollars ($25.00) per day for each day devoted to work of the Commission, but not more than Two Thousand Dollars ($2,000.-00) each in any year. They shall also be entitled to reimbursement for actual travel and other expenses in the same manner as provided for other State Officers.

SECTION 4. The Commission shall have the following responsibilities, powers and duties:

(1) It shall be responsible for the administration and enforcement of this Act and the rules, regulations and orders consistent with and issued hereunder.

(2) It shall issue rules and regulations carrying out and consistent with the policies and purposes of this Act.

(3) It shall consider any complaints concerning violations of this Act involving officials and other persons who are within the jurisdiction of this Act.

(4) The board may render advisory opinions to officials and interested citizens with respect to the provisions of this Act and rules and regulations issued by the Commission, and may provide reports, information and recommendations to the Governor and the Legislature concerning the administration of this Act and conflict of interests matters generally.

SECTION 5. (1) Upon receiving any complaint, the Commission shall first conduct a private investigation to determine whether or not there is any basis for the complaint or action and after the investigation has been completed, may order a public hearing upon the majority vote of the members of the Commission. The Commission can take action against any official or other person only at a public hearing.

Any official or other person who is to be the subject of a public or private hearing shall be given written notification of the charges against him and of the time and place such hearing is to be held. Such notification shall not be less than ten (10) days prior to the date set for the hearing. Upon the request of an official or person charged, the hearing may be held sooner.

(2) For purposes of an investigation or a hearing, public or private, the Commission is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence and require the production of any books, papers, correspondence, memoranda, contracts, agreements or other records which the Commission deems relevant or material to the investigation or hearing. Such attendance of witnesses and the production of any such records may be required at any place designated by the Commission.

(3) Any official or person who shall knowingly give false testimony at any hearing shall be guilty of a misdemeanor and subject to the penalties provided by law. In case of contumacy or refusal to obey a subpoena issued to any person, any district court of the State of Oklahoma within the jurisdiction of which the inquiry is carried on, or within which said person is found, or resides or transacts business, upon application by the Commission shall have jurisdiction to issue to such person an order requiring him to appear before the Commission, and to produce evidence, if so ordered, or there to give testimony touching on the matter under consideration or in question. Any failure to obey such order of

court may be punished by said court as a contempt thereof.

(4) Any official or other person who is the subject of any investigation or hearing, public or private, shall have the right to legal counsel, the right to cross-examine witnesses, and the right to call witnesses and present evidence in his own behalf. Any witness other than the person who is the subject of the investigation or hearing, shall have the right at public or private investigation or hearings to be accompanied by counsel, who shall be permitted to advise the witness of his rights, subject to reasonable limitations to prevent obstruction of or interference with the orderly conduct of the investigation or hearing. His counsel may also submit proposed questions to be asked for his client.

(5) Any witness shall have the right to file a sworn statement relevant to his testimony, which shall be incorporated into the record.

(6) Any official or other person whose name is mentioned at any investigation or hearing, public or private, and who believes that testimony has been given which adversely affects him, shall have the right to testify or, at the discretion of the Commission, to file a statement of facts under oath relating solely to the material relevant to the testimony of which he complains.

(7) Any witness at any investigation or hearing, public or private subject to rules and regulations promulgated by the Commission, shall be entitled to a copy of his testimony when the same becomes important and relevant in a criminal proceeding or subsequent investigation or hearing provided that the furnishing of such copy will not prejudice the public safety or security.

(8) If the Commissions investigation fails to disclose any substantial evidence to support the charges, the Commission shall make an official determination of its findings and thereupon close its file on the charges. The official or person charged shall have the right to require the Commission to make an official determination of the validity of the charges against him.

(9) The records of the Commission prepared or obtained in connection with private hearings and investigations conducted by the Commission shall be deemed confidential and privileged. All Commission records shall be available to each Commission member upon request.

(10) It shall be a misdemeanor for any member of the Commission, its counsel or employees, to make public the testimony taken at a private investigation or private hearing without the written request of the official investigated. Upon receipt of any request in writing, by the official or person charged, and at such person's expense, the Commission shall furnish to such official or person a certified copy of the entire proceedings of such private hearing, including a verbatim transcript of all testimony considered at such hearing. Upon receipt of any request in writing by the official or person charged, the Commission shall make public the findings of any private investigation or hearing in connection with the charges. The Commission may not consider the testimony of any witness unless such testimony is in the form of an affidavit, or if oral testimony unless such testimony is given under oath and transcribed verbatim by a reporter.

(11) Upon finding at a public hearing that any official or person has violated the provisions of this Act, the Commission shall forward a copy of its findings to the chief officer of the department or agency employing such person and shall forward a copy of its findings to the district attorney of the county in which the violation occurred, for appropriate action. Sixtieth Legislative Day

Monday, April 17, 1967

Pursuant to adjournment, the Senate was called to order by its President, Lieutenant Governor George Nigh.

Upon roll call, the following members were present:

Baggett, Baldwin, Berrong, Berry, Birdsong, Boecher, Bradley, Breckinridge, Dacus, Ferrell, Field, Findeiss, Garrett, Garrison, Gee, Grantham, Graves, Hamilton, Hargrave, Holden, Horn, Howard, Keels, Luton, McClendon, McGraw, McSpadden, Martin, Massad, Massey, Miller, Murphy, Nichols, Payne, Porter, Romang, Selman, Short, Smalley, Smith, Stansberry, Stipe, Taliaferro, Terrill, Williams, Young.—46.

Excused: Atkinson, Ham.—2.

The President declared a quorum present.

The following prayer was offered by the Chaplain, The Reverend Joseph T. Shackford, Associate Pastor of St. Lukes Methodist Church, of Oklahoma City and is incorporated herein, upon request of Senator Keels:

O Eternal God, Author of life and sustaining power of every living thing, we acknowledge our dependence upon thee and our duty to please thee in all that we undertake. Do thou be near us in the sacred and divinely appointed trust which is imparted to us in these halls of Government. Lay Thy unerring and faultless judgments before us, that we see clearly the pathways of our duty; and fill us with the sense of thy Holy presence and purpose to the end that we dare not and desire not to betray our solemn responsibility to use the power entrusted us solely for the people's good and to Thy Divine Glory. Haunt us with the sad end of those who fail thee and mock the cause of just government by corrupting public trust with greed for personal gain. But more, haunt us with the constant knowledge of hungry mouths and hearts, of empty hopes and unfulfilled lives, invariably flowing from failure of the peoples' elected representatives to guide the Affairs of State in the channels of thy just and righteous will for thy people.

Verily, O God, lift us beyond even such prudent and worthy reminders of the seriousness of our trust, as these, to the sense of challenge which comes from being permitted to share thy secret hopes for thy world and commissioned to work with Thee to attain in this commonwealth the high and Holy ends for thy people's good, which have travailed for birth in every generation since the race began. In this high and solemn undertaking, "Create in us a clean heart, O God, and renew a right spirit within us", that we may dare to rise above the littleness and the cynicism, the mediocrity and the bigotry, the widespread effort to debunk and depreciate our human lot, and may rather seize the true destiny which is ours as sons of God, to remake our lives and our world nearer the image of brotherhood, justice, and responsible moral freedom which thou has for thy world. For Thine is the Kingdom and the Power and the Glory, and all this that we have, we receive directly from Thee and hold strictly at Thy good pleasure. Grant us, therefore, Thy power to use it well, and Thy blessing in every righteous effort to perform it to Thy Glory.

Through the name of Him, the Living

Lord, "who being in the form of God thought it not robbery to be equal with God: but took upon himself the form of a servant and was made in the likeness of man . . . and humbled himself and became obedient unto death, even the death of the Cross", through his name we offer this Prayer, O Lord, that we may walk humbly and faithfully the pathway of true Glory eternally etched in the mind of the race by our Lord, Jesus Christ, Amen.

The Journal for the last legislative day was declared approved.

Our Father, as we begin this week of deliberations in Thy presence, we are saddened by the loss for the duration of this session, through sickness, of one of the most distinguished members of this body. We pray Thou wilt lay Thy hand of healing upon him, and lift him above worry and anxiety.

Help us, O Lord to weave some precious thing into the fabric of this day. Grant Thy blessing upon this body which promotes human welfare. Let Thy favor rest upon our friendships. Instill in us the sense of personal responsibility. Grant that some spiritual gift in us may meet the spiritual needs of those who come within the range of our influence. Teach us to understand any whom we may have offended or neglected. Make us sensitive to see through their eyes, to understand through their feelings. Help us to be gentle, kind, and tolerant. And prepare us in heart and mind to set right that which is wrong. Teach us, O Father, until the journey is ended, our work is done, and the evening comes, then of Thy mercy receive us into the eternal dawn. We ask in the name of our Victorious Master. Amen.

COMMUNICATION

Senator Garrison, asked unanimous consent, which was granted, to have read and incorporated in the Journal the following Communication:

My Dear Senator Garrison:

I wish to express to you, and through you the Oklahoma Senate and the House of Representatives, the deep appreciation of the officers and men of Task Force SEVENTY-SEVEN for the resolution expressing your praise, commendation and support of our nations fighting men engaged in combat in Southeast Asia. You will be pleased to learn that the resolution arrived on my desk the morning of

the first strikes against the two Haiphong thermal power plants. I conveyed the gist of your resolution to the pilots aboard Kitty Hawk through the Air Wing Commander prior to that strike.

Task Force SEVENTY-SEVEN conducts air strikes and naval gunfire against targets in North Vietnam. Naval forces engaged off South Vietnam are under the Commander SEVENTH Fleet, who also directs my operations. I have therefore forwarded the resolution to Vice Admiral J. J. HYLAND, the Commander SEVENTH Fleet, in order that all the SEVENTH Fleet forces engaged in combat may be appraised of this most appreciated action taken by the Senate and the House of Representatives of the state of Oklahoma.

May I add my own personal appreciation to you for your action. Although we do understand that the great majority of our countrymen support us, and honor those among us who daily risk their lives in combat, initiatives such as yours provide reassurance that what we think is indeed the truth.

/S/ D. C. RICHARDSON

MESSAGES FROM THE HOUSE

Advising passage of and returning Engrossed **SB 223,** as amended.

HA to **SB 223** read as follows, and consideration deferred:

AMENDMENT NO. 1. Amend by striking entire bill and substituting the following:

AN ACT RELATING TO INCOME TAXES; AMENDING 68 O.S. SUPP. 1965, SECTION 2306, FORMERLY 68 O.S. 1961, SECTION 878, PARTICULARLY SUBSECTIONS (f) AND (g) THEREOF, SO AS TO REDEFINE CERTAIN INCOME SUBJECT TO DIRECT ALLOCATION AND MAKE CERTAIN CHANGES IN THE FORMULA FOR ALLOCATING INCOME DERIVED FROM PROPERTY AND BUSINESS TRANSACTED WITHIN AND WITHOUT THE STATE (COMMONLY REFERRED TO AS UNITARY INCOME); EXEMPTING AMOUNTS RECEIVED UNDER THE FEDERAL SOCIAL SECURITY ACT FROM STATE INCOME TAX; FIXING EFFECTIVE DATE OF ACT; MAKING PROVISIONS OF ACT SEVERABLE; AND DECLARING AN EMERGENCY.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. 68 O.S. Supp. 1965, Section 2306, (formerly 68 O.S. 1961, Section 878), is hereby amended to read as follows:

(A) The term "gross income", except as otherwise provided in subsection (c) of this Section [:] [*(a)*] includes gains, profits, and income derived from salaries, wages, or compensation for personal services, including personal services as an officer or employee of the United States, or any State, or any political subdivision thereof, whether in the legislative, executive or judicial branch of the government thereof, or any agency or instrumentality of any one or more of the foregoing, of whatever kind and in whatever form paid, or from professions, vocations, trades, businesses, commerce, or sales, or dealings in property, whether real or personal, growing out of the ownership or use of or interest in such property; also from interest, rent, dividends, securities, or the transaction of any business carried on for gain or profit; also amounts received by a taxpayer from life insurance policies upon the life of any of its officers or employees, in excess of the aggregate premiums or consideration paid for such policies; and also gains or profits and income derived from any source whatever; but

(b) THE TERM GROSS INCOME does not include the following items which shall be exempt from taxation under this Article:

(1) The proceeds of life insurance policies and/or contracts paid upon the death of the insured, whether in a single sum or otherwise (but if such amounts are held by the insurer under an agreement to pay interest thereon, the interest payment shall be included in gross income), except:

(A) Insurance received by a taxpayer upon policies and/or contracts on the lives of its officers or employees;

(B) The excess amount received from insurance in installments by reason of an election by either the insured or the beneficiary under an option in the insurance contract, or otherwise, determined by prorating the amount held by the insurer over the period with respect to which

such payments are to be made; provided, that in the case of the surviving spouse of the insured there shall also be excluded that portion of the excess of the amount received over the prorated amount, which is not greater than One Thousand Dollars ($1,000.00). The provisions of this paragraph shall apply only to amounts received after December 31, 1960, and only on policies on which installment payments commenced subsequent to Agust 17, 1954;

(2) Amounts received (other than amounts paid by reason of the death of the insured and interest payments on such amounts and other than amounts received as annuities) under a life insurance or endowment contract, but if such amounts (when added to amounts received before the taxable year under such contract) exceed the aggregate premiums or consideration paid (whether or not paid during the taxable year) then the excess shall be included in gross income. Amounts received as an annuity under any annuity or endowment contract shall be included in gross income to the extent determined under Section 72 of the Internal Revenue Code of 1954.

In the case of a transfer for a valuable consideration, by assignment or otherwise, of a life insurance, endowment, or annuity contract, or any interest therein, only the actual value of such consideration and the amount of the premiums and other sums subsequently paid by the transferee shall be exempt from taxation under paragraph (1) of this subsection;

(3) The value of property acquired by gift, bequest, devise, or descent, but such exclusion shall not include the income from such property and income accrued but not received as of the date of death of a decedent, except to the extent accruable on the final return of the decedent, together with the amount received from the collection of, or from the sale or other disposition of property, such as accounts receivable, livestock and farm products raised for sale, which in the hands of a decedent represents unrealized income (other than increment of property values) shall be included in gross income;

(4) Amounts received, through accident or health insurance or under Workmen's Compensation Acts, as compensation for personal injuries or sickness, plus the amount of any damages received, whether by suit or agreement, on account of such injuries or sickness. Amounts received under insured or noninsured plans as wages or payments in lieu of wages for a period during which the employee is absent from work on account of personal injuries or sickness; but this subsection shall not apply to the extent that such amounts attributable to employer's contributions exceed a weekly rate of One Hundred Dollars ($100.00). In the case of a period during which the employee is absent from work on account of sickness, the preceding sentence shall not apply to amounts attributable to the first seven (7) calendar days in such period unless the employee is hospitalized on account of sickness for at least one (1) day during such period. If such amounts are not paid on the basis of a weekly pay period, the Tax Commission shall by regulations prescribe the method of determining the weekly rate at which such amounts are paid;

(5) In any taxable year during which a state of National Emergency exists as declared by the President of the United States, or the United States is at war, the first Fifteen Hundred Dollars ($1,500.00) received by any person from the United States as salary or compensation in any form as a member of any component of the Armed Forces of the United States shall be excluded from gross income. Whenever the filing of a timely income tax return by a member of the Armed Forces of the United States is made impracticable or impossible of accomplishment by reason of:

(A) Absence from the United States

(which term includes only the States and the District of Columbia); or

(B) Confinement in a hospital within the United States, for treatment of wounds, injuries or disease; the time for filing a return and paying an income tax shall be and is hereby extended without incurring liability for interest or penalties, to the fifteenth day of the third month following the month in which;

1. Such individual shall return to the United States, or be discharged from such hospital; or

2. An executor, administrator, or conservator of the estate of the taxpayer is appointed, whichever event occurs the earliest.. Provided, that the Tax Commission may, in its discretion, grant any member of the Armed Forces of the United States an extension of time for filing of income tax returns and payment of income tax without incurring liabilities for interest or penalties. Such extension may be granted only when in the judgment of the Tax Commission a good cause exists therefor and may be for a period in excess of six (6) months. A record of every such extension granted, and the reason therefor, shall be kept;

(6) Any amount received as a scholarship at an educational institution or as a fellowship grant, including the value of contributed services and accommodations; and any amount received to cover expenses for travel, research, clerical help, or equipment, which are incident to such a scholarship or to a fellowship grant, but only to the extent that the amount is so expended by the recipient.

The provisions of this paragraph (6) shall not apply, in the case of individuals who are candidates for degrees, to that portion of any amount received which represents payment for teaching, research, or other services in the nature of part-time employment required as a condition to receiving the scholarship or the fellowship grant. If teaching, research, or other services are required of all candidates for a particular degree as a condition to receiving such degree, such teaching, research, or other services shall not be regarded as part-time employment within the meaning of this paragraph.

The provisions of this paragraph (6) shall apply in the case of individuals who are not candidates for degrees, only if the condition in subparagraph (A) is satisfied and then only within the limitations provided in subparagraph (B), as follows:

(A) The grantor of the scholarship is one of the following:

1. An organization exempt from income taxes under Section 2328(a);

2. A foreign government;

3. An international organization, or an educational and cultural foundation or commission created or continued pursuant to the Mutual Educational and Cultural Exchange Act of 1961;

4. The United States, or an instrumentality or agency thereof, or a state, or territory, or a possession of the United States, or any subdivision thereof, or the District of Columbia;

(B) The amount of the scholarship or fellowship grant excluded under this paragraph in any taxable year shall be limited to an amount equal to $300.00 times the number of months for which the recipient received amounts under the scholarship or fellowship grant during such taxable year, except that no exclusion shall be allowed after the recipient has been entitled to exclude under this subsection for a period of 36 months (whether or not consecutive) amounts received as a scholarship or fellowship grant while not a candidate for a degree at an educational institution;

(7) Amounts received from the United States under and by virtue of the so-called Social Security Act of the United States; AND, [*shall not be included in computing "gross income" for income tax purposes and accordingly shall be relieved of income taxes.*]

(8) Amounts, not to exceed Five Thou-

sand Dollars ($5,000.00), received (whether in a single sum or otherwise) by the beneficiaries or the estate of an employee, provided such amounts are paid by or on behalf of an employer, and are paid by reason of the death of the employee, and subject to the limitations of the provisions of Section 101 (b) of the Internal Revenue Code of 1954, as amended;

(9) Amounts received by individuals as compensation for personal services rendered without the United States which are exempt from Federal income tax as provided by Section 911 of the 1954 Internal Revenue Code, as amended;

(c) In the cases of national banking associations, state banks, trust companies and other financial corporations, doing business in or organized under the laws of this State, the term "gross income" includes the items of income enumerated in Section 2316;

(d) The entire net income which is derived from all property owned and/or business transacted within this State and which is derived from all property owned partly within and partly without this State and/or business transacted partly within and partly without this State shall be allocated or determined in accordance with succeeding subsections of this Section;

(e) Items of the following nature shall be allocated as indicated;

(1) Income from real and tangible personal property, such as rents, oil and mining production or royalties, and gains or losses from sales of such property, shall be allocated in accordance with the situs of such property;

(2) Income from intangible personal property, such as interest, dividends, patent or copyright royalties, and gains or losses from sales of such property, shall be allocated in accordance with the domiciliary situs of the taxpayer, except that;

(A) Where such property has acquired a business or commercial situs apart from the domicile of the taxpayer such income shall be allocated in accordance with such business or commercial situs.

(B) Income from such property which is required to be allocated under the provisions of subsection (g) shall be allocated as therein provided;

(3) Allowable deductions attributable to items separately allocable in paragraphs (1) and (2), whether or not such items of income were actually received, shall be allocated on the same basis as those items;

(4) In the case of a manufacturing or processing enterprise the business of which in Oklahoma consists solely of marketing its products by:

(A) Sales having a situs without this State, shipped directly to a point from without the State to a purchaser within the State, commonly known as interstate sales, and/or;

(B) Sales of the product stored in public warehouses within the State under "in transit" tariffs, as prescribed and allowed by the Interstate Commerce Commission, to a purchaser within the State, and/or;

(C) Sales of the product stored in public warehouses within the State where the shipment to such warehouse is not covered by "in transit" tariffs, as prescribed and allowed by the Interstate Commerce Commission, to a purchaser within or without the State;

The Oklahoma net income shall at the option of the taxpayer be that portion of the total net income of the taxpayer for Federal income tax purposes derived from the manufacture and/or processing and sales everywhere as determined by the ratio of the sales defined in (C) of this paragraph made to purchasers within the State to the total sales everywhere. The term "public warehouse" as used in this subsection means a licensed public warehouse, the principal business of which is warehousing merchandise for the public;

(f) Net income (or loss) from a business activity [*of substantial separateness and completeness, such as might be main-*

tained as an independent business (however convenient and profitable it might be if separated conjointly with a related activity) and capable of producing a profit in and of itself,] WHICH IS NOT A PART OF BUSINESS CARRIED ON WITHIN AND WITHOUT THE STATE OF A UNITARY CHARACTER, shall be separately allocated to the State in which such activity is conducted.

(g) [*It is intended that the net income (or less) remaining after the separate allocations in subsections (e) and (f) supra, shall be only that which is divided from the conduct in more than one state of a single business enterprise (commonly called unitary business), all the factors of which enterprise are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation in subsection (f) supra. The portion of such net income (or less) remaining which represents the net income earned (or loss sustained) within this State shall be determined on the basis of the arithmetical average of the factors enumerated below in paragraphs (1), (2), and (3). If the "net income (or loss) remaining" referred to above is the sum of gains or leases, or is the remainder after reducing gains by losses (or vice versa), derived from two or more such single business enterprises, then separate determinations shall be made for each such enterprise on the basis above provided. The phrase "antecedent term", as used in this subsection means (according to the context) investment, expenditure, sales or other substituted factor, within Oklahoma.*] THE NET INCOME (OR LOSS) REMAINING AFTER THE SEPARATE ALLOCATION IN SUBSECTIONS (E) AND (F) ABOVE, BEING THAT WHICH IS DERIVED FROM A UNITARY BUSINESS ENTERPRISE, SHALL BE APPORTIONED TO THIS STATE ON THE BASIS OF THE ARITHMETICAL AVERAGE OF THREE FACTORS CONSISTING OF PROPERTY, PAYROLL, AND SALES OR GROSS REVENUE ENUMERATED BELOW AS (1), (2), AND (3). NET INCOME (OR LOSS) AS USED IN THIS PARAGRAPH INCLUDES THAT DERIVED FROM PATENT OR COPYRIGHT ROYALTIES, PURCHASE DISCOUNTS, AND INTEREST ON ACCOUNTS RECEIVABLE RELATING TO OR ARISING FROM A BUSINESS ACTIVITY THE INCOME FROM WHICH IS ALLOCATED UNDER THIS SUBSECTION, INCLUDING THE SALE OR OTHER DISPOSITION OF SUCH PROPERTY AND ANY OTHER PROPERTY USED IN THE UNITARY ENTERPRISE. DEDUCTIONS USED IN COMPUTING SUCH NET INCOME (OR LOSS) SHALL INCLUDE ALL TAXES OTHER THAN TAXES BASED ON OR MEASURED BY INCOME RELATED TO SUCH ENTERPRISE[;].

(1) [*The ratio of the average accumulated investment at the beginning and close of the taxable year in tangible property, both real and personal, owned and used in Oklahoma by the taxpayer in connection with the enterprise, to the total of such investment in like property so owned and used by the taxpayer everywhere.*] THE PROPERTY FACTOR IS A FRACTION, THE NUMERATOR OF WHICH IS THE AVERAGE VALUE OF THE TAXPAYER'S REAL AND TANGIBLE PERSONAL PROPERTY OWNED OR RENTED AND USED IN THIS STATE DURING THE TAX PERIOD AND THE DENOMINATOR OF WHICH IS THE AVERAGE VALUE OF ALL THE TAXPAYERS' REAL AND TANGIBLE PERSONAL PROPERTY EVERYWHERE OWNED OR RENTED AND USED DURING THE TAX PERIOD.

Property, the income from which is separately allocated in subsection (e) or (f) [*supra,*] ABOVE shall not be included in determining this [*ratio*] FRACTION. The NUMERATOR [*antecedent term*] of the [*ratio*] FRACTION shall

include a portion of the investment in transportation and other equipment having no fixed situs (such as rolling stock, busses, trucks and trailers, including machinery and equipment carried thereon, airplanes, salesmen's automobiles, and other similar equipment) in the proportion that miles traveled in Oklahoma by such equipment bears to total miles traveled.

PROPERTY OWNED BY THE TAXPAYER IS VALUED AT THE ORIGINAL COST. PROPERTY RENTED BY THE TAXPAYER IS VALUED AT EIGHT TIMES THE NET ANNUAL RENTAL RATE. NET ANNUAL RENTAL RATE IS THE ANNUAL RENTAL RATE PAID BY THE TAXPAYER LESS ANY ANNUAL RENTAL RATE RECEIVED BY THE TAXPAYER FROM SUBRENTALS.

THE AVERAGE VALUE OF PROPERTY SHALL BE DETERMINED BY AVERAGING THE VALUES AT THE BEGINNING AND ENDING OF THE TAX PERIOD BUT THE TAX COMMISSION MAY REQUIRE THE AVERAGING OF MONTHLY VALUES DURING THE TAX PERIOD IF REASONABLY REQUIRED TO REFLECT PROPERLY THE AVERAGE VALUE OF THE TAXPAYER'S PROPERTY;

(2) [*The ratio of the expenditure in furtherance of the enterprise, for direct costs of operation within Oklahoma to the total of such expenditures everywhere. The term direct costs of operation shall be interpreted in accordance with the accepted accounting practice in the trade or business but shall not include the cost of goods and materials purchased for manufacturing, processing, assembling, or other similar purposes, or for resale, or interest, taxes, leases, bad debts, depreciation, depletion, amortization, contributions, general and administrative expenses, or expenditures separately allocated in subsections (e) or (f) supra.*] THE PAYROLL FACTOR IS A FRACTION, THE NUMERATOR OF WHICH IS THE TOTAL COMPENSATION FOR SERVICES RENDERED IN THE STATE DURING THE TAX PERIOD, AND THE DENOMINATOR OF WHICH IS THE TOTAL COMPENSATION FOR SERVICES RENDERED EVERYWHERE DURING THE TAX PERIOD. COMPENSATION AS USED IN THIS SUBSECTION MEANS THAT PAID FOR SERVICES TO THE EXTENT RELATED TO THE UNITARY BUSINESS BUT DOES NOT INCLUDE SALARIES, WAGES AND OTHER COMPENSATION PROPERLY CLASSIFIED AS GENERAL, OR ADMINISTRATIVE EXPENSES.

In the case of a transportation enterprise the NUMERATOR [*antecedent term*] of the [*ratio*] FRACTION shall include a portion of such expenditure in connection with employees operating equipment over a fixed route (such as trainmen, airline pilots, or bus drivers), in this State only a part of the time, in the proportion that mileage traveled in Oklahoma bears to total mileage traveled by such employees.

In any case the [*antecedent term*] NUMERATOR of the [*ratio*] FRACTION shall include a portion of such expenditures in connection with itinerant employees (such as traveling salesmen) in this State only a part of the time, in the proportion that time spent in Oklahoma bears to total time spent in furtherance of the enterprise by such employees;

(3) [*The ratio of gross sales or gross revenue of the enterprise, excluding items separately allocated in subsection (e) or (f) supra, within Oklahoma to the total of such sales or revenue everywhere.*]

[*In the case of a manufacturing or mercantile enterprise, the antecedent term of the ratio shall include the gross amount of all sales whereby goods or materials are, by taxpayer, or pursuant to his direction, (A) delivered to purchaser at a point within this State, and (B) shipped to purchaser, (1) from a point within Oklahoma to any point except a point in another State where taxpayer is doing business; and (2) from a point outside this State to a point within this State; and,*

(3) or on order secured or received by an Oklahoma office or factory or branch or by representatives residing or stationed within this State or working out of said office or factory or branch, from a point outside Oklahoma to a point in another State where taxpayer is not doing business.]

THE SALES FACTOR IS A FRACTION, THE NUMERATOR OF WHICH IS THE TOTAL SALES OR GROSS REVENUE OF THE TAXPAYER IN THIS STATE DURING THE TAX PERIOD, AND THE DENOMINATOR OF WHICH IS THE TOTAL SALES OR GROSS REVENUE OF THE TAXPAYER EVERYWHERE DURING THE TAX PERIOD.

SALES OF TANGIBLE PERSONAL PROPERTY ARE IN THIS STATE IF:

(A) THE PROPERTY IS DELIVERED OR SHIPPED TO A PURCHASER, OTHER THAN THE UNITED STATES GOVERNMENT, WITHIN THIS STATE REGARDLESS OF THE F.O.B. POINT OR OTHER CONDITIONS OF THE SALE; OR

(B) THE PROPERTY IS SHIPPED FROM AN OFFICE, STORE, WAREHOUSE, FACTORY, OR OTHER PLACE OF STORAGE IN THIS STATE AND (1) THE PURCHASER IS THE UNITED STATES GOVERNMENT OR (2) THE TAXPAYER IS NOT DOING BUSINESS IN THE STATE OF THE DESTINATION OF THE SHIPMENT.

In the case of a railroad or interurban railway enterprise, the [*antecedent term*] NUMERATOR of the [*ratio*] FRACTION shall not be less than the allocation of revenues to this State as shown in its Annual Report to the Oklahoma Corporation Commission.

In the case of an airline, truck or bus enterprise, or freight car, tank car, refrigerator car, or other railroad equipment enterprise, the [*antecedent term*] NUMERATOR of the [*ratio*] FRACTION shall include a portion of revenue from interstate transportation in the proportion that interstate mileage traveled in Oklahoma bears to total interstate mileage traveled.

In the case of an oil, gasoline, or gas pipe line enterprise, the [*antecedent term*] NUMERATOR of the [*ratio*] FRACTION shall be the total of traffic units of the enterprise within Oklahoma, and the [*consequent town*] DENOMINATOR OF WHICH shall be the total of traffic units of the enterprise everywhere. A "traffic unit" is hereby defined as the transportation for a distance of one mile, of one barrel of oil, or one gallon of gasoline, or one thousand cubic feet of natural or casinghead gas, as the case may be.

In the case of a telephone, or telegraph OR OTHER COMMUNICATION enterprise, the [*antecedent term*] NUMERATOR of the [*ratio*] FRACTION shall include [*a*] THAT portion of THE interstate [*toll service revenues in the proportion that toll line wire miles within Oklahoma bears to the total of toll line wire miles. A toll line wire mile is hereby defined as one mile of single wire used in the transmission of toll message exclusive of wire used for local exchange message*] REVENUE AS IS ALLOCATED UNDER THE ACCOUNTING PROCEDURES PRESCRIBED BY THE FEDERAL COMMUNICATIONS COMMISSION;

(4) PROVIDED THAT IN RESPECT TO EACH CORPORATION OR BUSINESS ENTITY REQUIRED BY THE FEDERAL COMMUNICATIONS COMMISSION TO KEEP ITS BOOKS AND RECORDS IN ACCORDANCE WITH A UNIFORM SYSTEM OF ACCOUNTS PRESCRIBED BY SUCH COMMISSION, THE INTRASTATE NET INCOME SHALL BE DETERMINED SEPARATELY IN THE MANNER PROVIDED BY SUCH UNIFORM SYSTEM OF ACCOUNTS AND ONLY THE INTERSTATE INCOME SHALL BE SUBJECT TO ALLOCATION UNDER THE PROVISIONS OF THIS SUBSECTION. PROVIDED, FURTHER, THAT THE GROSS REVENUE FACTORS SHALL BE THOSE

AS ARE DETERMINED UNDER THE ACCOUNTING PROCEDURES PRESCRIBED BY THE FEDERAL COMMUNICATIONS COMMISSION.

(h) In any case where use of the arithmetical average of three factors prescribed in subsection (g) above, attributes to Oklahoma a portion of net income of the enterprise out of all appropriate proportion to the property owned and/or business transacted within this State, because of the fact that one or more of the factors so prescribed are not employed to any appreciable extent in furtherance of the enterprise; or because one or more factors not so prescribed are employed to a considerable extent in furtherance of the enterprise; or because of other reasons, the Tax Commission is empowered to permit, after a showing by taxpayer that an excessive portion of net income has been attributed to Oklahoma, or require, when in its judgment an insufficient portion of net income has been attributed to Oklahoma, the elimination, substitution, or use of additional factors, or reduction or increase in the weight of such prescribed factors.

Provided, however, that any such variance from such prescribed factors which has the effect of increasing the portion of net income attributable to Oklahoma must not be inherently arbitrary, and application of the recomputed final arithmetical average ratio to the net income of the enterprise must attribute to Oklahoma only a reasonable portion thereof;

(i) Where any corporation liable to taxation under this Article conducts its business, under agreement or otherwise, in such manner as directly or indirectly to benefit the members or stockholders of the corporation or any of them, or any person or persons, directly or indirectly interested in such business, by selling its products or the goods or commodities in which it deals at more or less than a fair price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation acquires and disposes of the products of the corporation so owning the substantial portion of its capital stock in such manner so as to create a loss or improper net income, the Tax Commission may require such facts as it deems necessary for the proper computation, and may for such purpose determine the amount which shall be deemed to be the entire net income of the business of such corporation for the taxable year, and in determining such entire net income, the Tax Commission shall have regard to the fair profits which but for such agreement, arrangement, understanding or policy, might be or could have been obtained from dealing in such products, goods, or commodities;

(j) Any corporation receiving income subject to taxation under this Article and owned, controlled or affiliated, either directly or indirectly, by or with another corporation, may be required by the Tax Commission to make a report consolidated with the report of the owning, controlling or affiliated company or companies showing the combined gross and net income, and such other information as the Tax Commission may require, but excluding intercorporate stockholding and intercorporate accounts and transactions;

(k) In case it shall appear to the Tax Commission that any arrangements exist between two or more companies (controlled or affiliated) the effect of which is improperly to reflect the business transacted, or the net income earned from business transacted, in this State, the Tax Commission is authorized and empowered, in such manner as it may determine, equitably to adjust the net income subject to tax;

(l) In all cases mentioned in subsections (i), (j), and (k), such owning or controlling company shall, for the purpose of this Article, be deemed to be

transacting business in Oklahoma through the agency of the corporation so owned, controlled or affiliated by or with it.

SECTION 2. The provisions of this Act shall apply to all taxpayers whose taxable years begin after December 31, 1966.

SECTION 3. The provisions of this Act are severable, and if any part or provision hereof shall be void, the decision of the court so holding shall not affect or impair any of the remaining parts or provisions of the Act.

SECTION 4. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this Act shall take effect and be in full force from and after its passage and approval.

NEWSPAPER ARTICLE

By unanimous consent, upon request of Senator Gee, the following news article by Troy Gordon, appearing in the Tulsa World today, May 4, 1967, was ordered incorporated in the Journal:

The state senator finished his speech in favor of a bill and sat down. The presiding officer called for a vote. While the roll call proceeded, the senator picked up a newspaper and read it.

The high school seniors in the gallery watched with interest, because it was the first visit to the Capitol for most of them, and they were considering journalism as an occupation.

It almost seemed to be a game with the senators to ignore the clerk calling the roll, and yet most of them voted only an instant after their names were called.

Some even stepped through a door at the back of the room for only a moment to vote at just the exact time, then casually returned to the anteroom.

The students and a few adults accompanying them were introduced by the presiding officer at the close of the vote and they received polite applause from the senators.

As the group left the Capitol for the next stop, a student from Tulsa said: "Did you see that one senator? He was reading a newspaper."

"Yes," said another, "and he was reading the comics!"

"But at least," their sponsor said, "he was reading the Tulsa World comics."

He waited until their laughter died, and added: "And aren't you glad to know he can read."

This, too, received laughter, and talk went on to another subject.

It would be easy to leave the matter there—a couple of somewhat amusing, though ancient, comments and appreciative laughter from young people.

But it's too important. The senator who was reading the World comics (and I could recognize them from a distance upside down because I've seen them a few times) was merely utilizing a few moments to relax after a debate. He cast his vote when the clerk called his name without looking up.

He knew exactly what was going on, and so did his fellow senators. It was only those of us in the gallery who were uncertain, because we aren't well acquainted with how our governments—city, county, state and national—work.

We are content to sit on our patios and let things roll along, until something comes up in which we have a personal (that is to say, selfish) interest; then we write letters and make telephone calls to our political representatives—most of whom we don't even know—demanding that they protect our interests.

Those men are, in the main, doing their jobs at personal sacrifice for they enjoy the feeling of accomplishment, want to help their fellow man and—let's face it—a certain amount of ham is in all of us.

As for the small percentage who are utilizing their positions for personal gain, illegally or on the fringe, large or small, we have no one to blame but ourselves and our apathy.

The greatest threat to "the American way," whatever that may be, is not Earl Warren, Communist infiltration, the intellectual Martin Luther King, William Fulbright, the bearded demonstrator, or the family on welfare.

The big threat is our contentedness, our concentration on the interesting but trivial, our dislike for being involved, our disdain for "politics" (said in a tone that makes it sound dirty), and our lack of knowledge of just what is going on.

It is time to find out what is going on and why, who is doing it and how, what you can do and when.

That's the end of the sermon, except to say don't conclude that I'm talking about the other guy. I could very well mean you. Or me.

This was to be another column on interesting things which I picked up in Oklahoma City Tuesday on a United Press International scholarship field day for high school journalists.

But I got carried away on a subject dear to my heart. So Gov. Bartlett and Lieutenant Gov. Nigh will have to wait still another day to read my further reactions to their appearances before the group. And so will you.

Harry Culver, UPI's statehouse man, had a thought for the students which fits this mood, for it could apply to the constituent as well. Speaking of good reporting, Harry said:

"Being fair involves more than sincerity and trying hard; you must be informed."

CITATION

Upon motion of Senators Gee and McSpadden, pursuant to Rule 9, subsection (b), a Citation of Commendation was ordered issued to Mr. Troy Gordon for his excellent article which appeared in the Tulsa World, May 4, 1967, in which he shows his deep insight into the legislative process.

The above request was ordered referred to the Committee on Engrossed and Enrolled Bills for issuance of Citation.

Eternal God, before whose face the centuries rise and fall, we come before Thee this morning, conscious of our frailties. We confess our weakness and plead for strength; we confess our folly and plead for wisdom. In the complex and difficult decisions that will face the members of the Senate today, help them to feel with their hearts as well as think with their heads. Forgive us for the tragic divorce we have brought about between politics and religion. Forgive us for being so christian at times that we can't be political, and so political we can't be christian. Teach us that we need in our world not only genius but goodness, not only knowledge but character. Reveal to us that not only are the eyes of Oklahoma on us, but that the eyes of God are upon Oklahoma. Make us conscious of the all seeing eye of an all-wise God. In Christ's Name. Amen.

The Journal for the last legislative day was declared approved.

Seventy-third Legislative Day

Tuesday, May 9, 1967

Pursuant to adjournment, the Senate was called to order by its President, Lieutenant Governor George Nigh.

Upon roll call, the following members were present:

The following Prayer was offered by the Chaplain, The Reverend Lowell D. Milburn, and is incorporated herein upon request of Senator Grantham:

Eternal God, Shepherd of our souls, out of the turbulence and tensions of our modern world, we come to Thy throne of grace. Grant us a vision of the highest—Let Christ dawn upon our souls anew. Make things excellent real to us. So often we are blind as a bat, deaf as a post, and dumb as an ox to things spiritual and eternal. We saunter around the altar with muddy feet. We walk into the Sanctuary of Thy presence, with hands in our pockets, chewing gum forgetting to take off our hats in Thy presence. Take the dullness of our souls away. May the moment be meaningful to these Senators, that it may not be simply a form, a daily ritual, but a moment when the Eternal breaks in upon time, when God reveals himself to his servants. Forgive our pessimism, doubt, cynicism, jealously, greed, hate, pride, prejudice, selfishness—forgive the mess we make when left alone in the kitchen. Send us forth from this moment renewed, refreshed and restored in spirit; more hopeful and more determined to do that which is right. In Christ's name. Amen.

The Journal for the last legislative day was declared approved.

Provided that the Court of Criminal Appeals, the State Industrial Court, the Court of Bank Review and the Court of Tax Review and such Boards, Agencies and Commissions as have been established by statute shall continue in effect, subject to the power of the Legislature to change or abolish said Courts, Boards, Agencies, or Commissions. Municipal Courts in cities or incorporated towns shall continue in effect and shall be subject to creation, abolition or alteration by the Legislature by general laws, but shall be limited in jurisdiction to criminal and traffic proceedings arising out of infractions of the provisions of ordinances of cities and towns or of duly adopted regulations authorized by such ordinances.

(c) Each court into which jurisdiction of other courts is transferred shall succeed to and assume jurisdiction of all causes, matters and proceedings then pending, with full power and authority to dispose of them and to carry into execution or otherwise to give effect to all orders, judgments and decrees theretofore entered by the predecessor courts.

(d) The files, books, papers, records, documents, monies, securities and other property in the possession, custody, or control of the court hereby abolished, or in the possession, custody or control of any officer thereof, are transferred to the District Court; and thereafter all proceedings in all courts shall be matters of record.

(e) In the event a transfer or transition has not been provided for by law, the Supreme Court shall by rule provide for the orderly transfer or transition.

The District Judges and Associate District Judges shall exercise all jurisdiction in the District Court except as otherwise provided by law. The District Courts, or any Judges thereof, shall have the power to issue any writs, remedial or otherwise necessary or proper to carry into effect their orders, judgments, or decrees.

(e) The appointment of any Judge to any Court abolished by this Article made after its adoption shall be for a period ending on the day preceding the effective day of this Article.

(f) The terms of District Judges and Associate District Judges shall be for four years commencing on the second Monday of January in 1971 and vacancies shall be filled in the manner provided by law.

(g) Each District Judge shall have had prior to election or appointment, a minimum of four years' experience as a licensed practicing attorney, or as a judge of a court of record, or both, within the State of Oklahoma; shall be a qualified elector of the respective district; and shall have such additional qualifications as may be prescribed by statute. Both District Judges and Associate District Judges shall continue to be licensed attorneys while in office.

(h) The District Judges in each judicial administrative district shall appoint special judges to serve at their pleasure. The District Judges may appoint a non-lawyer as a special judge if no qualified licensed attorney is available. The jurisdiction of Special Judges shall be limited as may be prescribed by statute. The formula used for the number of special judges to be allowed to each judicial administrative district shall be set by the Legislature. All judges of special sessions courts shall become Special Judges for the remainder of their terms.

Section 11. (a) Judges and Supreme Court Justices shall receive for their services salaries provided by statute. The salaries of Judges and Justices shall not be diminished, but may be increased during their respective terms of office. Judicial officers may be paid such actual and necessary expenses as may be provided by statute. All basic salaries and expenses, or any portion thereof, of judges of District Courts shall be paid by the State unless otherwise provided by Statute, with such additional salaries as may be

provided by statute to be paid by the respective districts or counties.

(b) No Justices or Judges, except those of Municipal Courts, shall engage in the practice of law nor hold any other office or position of profit under the United States or this State or any municipal corporation or political subdivision of this State, nor shall hold office in any political party. Provided that the Judges of the Court on the Judiciary, the Court of Tax Review and the Court of Bank Review and the Judges of any other such Special Courts may serve in such capacities in addition to their other judicial office. Compensation for service in the National Guard or the armed forces of the United States for such periods of time as may be determined by rules of the Supreme Court shall not be deemed "profit".

(c) Notwithstanding the provisions of this Article relating to terms of office, the Legislature may provide by statute for a maximum age qualification for election or appointment to office and for the retirement of Justices and Judges automatically at a prescribed age or after a certain number of years of service, or both. The compensation, age of retirement and procedure for retirement shall be prescribed by statute. Any retired Justice or Judge may, in the discretion of the Supreme Court, be assigned to Judicial service. The compensation for such service shall be that to which the Justice or Judge is entitled in accordance with benefits as provided by statute.

Section 12. Except to the extent inconsistent with the provisions of this Article, all provisions of law and rules of court in force on the effective date of this Article shall continue in effect until superseded in a manner authorized by law.

Section 13. In the event the abolition of any court or office hereunder is held by any court of competent jurisdiction to not take effect upon the effective date of this Article, then such court or office shall be abolished and terminated at the expiration of the term of the officer holding such office with the same provisions applying thereto, as if abolished on the effective date of this Article.

It shall be the duty of such members not only to meet and confer with and report to appropriate committees of the State Legislature and Congress on such matters, provided that before any member of the Commission shall be authorized or required to perform the services defined by this Act, the same to be performed so as not to interfere with their (or his) regular official duties, he (or such member) shall file a certificate in the office of the Secretary of State setting forth his willingness to perform such services.

SPECIAL COMMITTEE REPORT

Senator Murphy submitted the following report of the Committee appointed pursuant to **SR 29,** which is incorporated herein, upon request of Senator Baldwin:

The Honorable Clem McSpadden
President Pro Tem
Oklahoma State Senate
31st Legislative Session

We your Special Committee appointed to investigate the School Land Commission having met and taken into consideration same beg leave to report our findings and recommendations:

At the first meeting of the Committee it was agreed upon that the Committee would inquire into the following problems.

1. The relationship between the employees and members of the School Land Commission and the Lessees.

2. If the relationship was found unsatisfactory, to determine the reasons for same.

3. To determine the methods used in the leasing of lands.

4. To make criticisms and recommendations.

Time being a factor and the number of lessees wanting to be heard posed a problem which the Committee resolved by:

A. Composing a Questionnaire to be mailed to the lessees. A copy of which is hereto attached. Exhibit "A".

B. Statistical analysis of the returns of the Questionnaire which is hereto attached. Exhibit "B".

C. Meetings were held with Members of The School Land Commission and employees of The School Land Commission. Testimony was taken and same will be transcribed and will be attached as Exhibit "C".

D. Meetings were held with lessees and Members of the School Land Commission and employees. Testimony was taken and same will be transcribed and will be attached as Exhibit "D".

From such meetings and an analyzation of the Questionnaires and letters received the following findings are made.

1. That the Commission did set the rentals by making an estimate of Agricultural producing potential. The land was divided into either cropland or grassland or both and then affixed the rental. If cropland the rental was determined by assigning a dollar figure to the crop planted in terms of units, and then taking a percentage of that. Only one crop was

used and the crop selected was wheat and $1.50 per bushel on wheat was used as the benchmark.

2. Your Committee feels that after hearing all the testimony, this method has serious drawbacks.

a. Wheat is an allotable crop.

b. In most every case the allotment acreage was not as large as the cultivated acreage. This resulted in the lessee being charged for agricultural use potential of land which could not be used as such. The non-allotable crop which could be planted on the non-allotable acreage did not bring as high a return as wheat.

c. It was found many times that the Committee survey showed cropland when there was no cropland. The character of the land either having been changed from cropland or having been replaced by highway construction, oil wells and tanks or easements. This resulted in a rental figure that was not a true reflection of the land area. In other words, the Committee found that no allowance was made for the lost acreage.

d. On grassland testimony, it was disclosed that in most instances $ factor ($25.00) was too high and the number of cows per acre was not supportable by Agricultural facts.

e. That lease contracts were held up by the Commission and were not delivered to the lessees until the time element was so critical that the lessees in fact signed lease agreements they were not knowledgeable about.

f. That lessees were not fully advised of their rights nor the proper procedure of protests and appeals in contested lease negotiations.

g. That no consideration was given to adjustment of lease rentals even when the lessee presented facts which disproved the amount of the lease contract.

h. That practices and procedures as adopted by the Commission are not being followed by the Department.

i. That in many cases, adjustments which were made, were made arbitrarily and without consideration to actual value.

j. That the Committee found that in most instances the appraisal of the lands were made by the appraising teams without ever consulting the lessee. That in many instances testimony disclosed that the appraisers did not go upon the lands which they appraised. That the verification of the fact that the appraisers many times did not go upon the land is brought out by the evidence brought forth in the protest hearings that acreage was being charged to the farmer which had been subtracted from his school land lease by the building of roads, by the construction of tanks and by the creating of easements. That these protests caused a very poor relationship between the Commission and the Lessee.

k. That the Committee recommends and advises that no increase shall be made in any appraisal year to exceed 25% of the prior appraisal for rental purposes. That the School Land Commission refund to all the lessees who have paid a rental which exceeds an increase of 25%. This percentage of increase is a maximum and is not to be construed that this should be an automatic increase for a rental period. That all leases be rewritten to conform to the above.

It is the Committee's feelings that the Board should more closely supervise the Administration of the Department correcting the Secretary when his policies are wrong.

That two of the Commission have publicly stated to the Committee that the rentals were set before they took office and they were not satisfied with the method.

Because of this the Committee recommends that Senate Bill 409 of the 1965 Session be repealed and that the Legislature under the Constitution—Article 6, Section 36 of the Constitution and Section 9 and Section 10 of the Enabling Act—has the power and the authority to set the

rules and regulations under which the School Lands may be sold, rented, disposed or managed and that the Legislature should set the rules and regulations.

That this report and all of the materials appended thereto should be delivered to the Agriculture Committee of the Senate for appropriate action as above set out.

That during the interim, before the Legislature reconvenes in January of 1968, that appropriate legislation should be drafted and prefiled; which Legislation should define for the School Land Commission the rules and regulations for the sale, rental, and management of the School Lands.

Respectfully submitted,

Murphy, Chairman
Bradley
Horn
Massad
Ferrell
Taliaferro
Young
