The following prayer was offered by the Chaplain, Reverend Wayne G. Sigler, Pastor of the First Christian Church, Wewoka, Oklahoma, and incorporated upon request of Senator Nichols:

Dear God, Creator of the Universe, giver of life to man, the sustainer for all those who trust you, we come to ask for guidance, wisdom, understanding, comfort and aid to all who will but trust in You. We ask for guidance for men in high places of Government, men in places of authority, men who must not only direct the framework of government, but must put the meat on that framework.

Father, we ask for wisdom today in order that we might deal with the problems of our people, problems in the economic

structure of Government, in the social aspects for the good of all.

Understanding, this word usually brings smiles to our faces for we pride ourselves of being able to understand, not only the complicate but the simple things of life. Yet, Jesus, we do not really understand each other, and neither do we understand You. So help us that we might deal with the problem.

Comfort and aid; this we all need. But our prayers are not for ourselves but for others. Help us that we might be the tools through which comfort and aid might come to others.

We do submit a prayer for our government, for each one of those who represent the people, from our governor to our custodian, from those who make the Law to those who enforce it, from those who are challenged to live beyond themselves and for those who accept these challenges. For each, we ask for a special blessing and divine guidance that each of their lives may be fruitful and their labor recognized. From whom divine authority and power is eternal we present this our petition. Amen.

The Journal for the last legislative day was declared approved.

SCR 35—By Terrill and Garrison, et al of the Senate and Wolf (Leland) and Ford of the House—A Resolution setting a joint session of the Senate and House of Representatives on May 17, 1971, to express prayers and concern for the safety

and early return of those Americans and Oklahomans held as prisoners of war in Southeast Asia, and support for the families of Oklahoma's prisoners of the Vietnamese Conflict; and directing distribution.

WHEREAS, on several occasions during this and previous sessions of the Oklahoma Legislature, the House and Senate thereof have expressed their strong support and appreciation of America's armed forces personnel and the vital role they have played, in the past as in the present, in the defense and preservation of our system of government and the historic and unique freedoms enjoyed by American citizens; and

WHEREAS, particular concern has been expressed by the Senate and House of the Oklahoma Legislature with respect to the safety, well-being and early return of those Americans, including many Oklahomans, who have been interned as prisoners of war during the Vietnamese conflict; and

WHEREAS, the capricious, inhumane and brutish treatment inflicted upon American prisoners of war by their North Vietnamese, Viet Cong and Pathet-Lao captors, utterly contrary to the canons of elemental humanity as well as to the requirements of the law of nations on the treatment of war prisoners, is and should be a matter of overriding concern to the citizens of this state and nation; and

WHEREAS, conscience dictates that no effort toward the amelioration of the condition of American prisoners of war and, hopefully, toward their freedom, should be considered as too slight, in view of the debt owed these men who have bravely suffered disease, indignities, abuse, mistreatment and death in demonstrating the capacity of their loyalty, patriotism and dedication to their nation and the ideals for which it stands.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST

SESSION OF THE 33RD OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That a joint session of the Senate and House of Representatives shall be held on May 17, 1971, at 2:00 p.m., in the Chamber of the House of Representatives, for the purpose of expressing the prayers and concern of the Oklahoma Legislature and the people of this state for the safety, well-being and early return to freedom of those Americans and Oklahomans held as prisoners of war in North Vietnam or at other locations in Southeast Asia; and for the purpose of expressing to the families, loved ones and friends of those Oklahomans held as prisoners of war our complete support and concern in their hours of trial and in their commendable efforts to stir the consciences of those responsible for the care and treatment of their loved ones, and the compassion of civilized beings everywhere, toward an amelioration of the conditions and treatment and, hopefully, the early release to freedom of all American prisoners of war.

SECTION 2. That a duly authenticated copy of this concurrent resolution shall be presented to His Excellency, the Honorable David Hall, Governor of the State of Oklahoma; to the Adjutant General of the State of Oklahoma; to the Commanding General, 95th Division (Training); to each member of the Oklahoma delegation in the Congress of the United States; and to the family of each known Oklahoma prisoner of war.

and all other Oklahomans held prisoner, known only to God and their captors.

President Nigh recognized Senator Garrison, who introduced Brigadier General Edward M. Frye, Assistant Adjutant General of the Oklahoma National Guard.

Brigadier General Frye gave the following address:

Thank you Senator Garrison and Governor Hall, Governor Nigh, Members of the Oklahoma Senate, Members of the Oklahoma House of Representatives. I appreciate the opportunity to speak on this occasion and in this particular chamber. As a person who spent several weeks in 1947 as the Chief Reading Clerk of the House, I am happy to return and I see a number of people in the audience who were in the legislature at that time.

I commend the legislature on behalf of Major General L. E. Weber, State Adjutant General and the entire Oklahoma Military Department for taking of your valuable time and effort in having such an occasion today to pay homage to the loved ones of Oklahoma's Prisoners of War in Viet Nam, many of which are seated in our South Gallery this afternoon. I think that the fact that we are having a joint session of Oklahoma's elected representatives shows that the entire state stands behind and supports our efforts to repatriate the Oklahoma Prisoners of War in Viet Nam and this strength together with the leadership of Governor Hall and Lt. Governor Nigh should bring this effort to a successful conclusion.

As a person who has on several occasions been extremely close to being a prisoner of war and as one who has helped liberate a prisoner of war camp, I commend you of this legislature for your efforts.

I believe that the loved ones of Oklahoma's Prisoners of War in Viet Nam should know what the American policy really is. The Secretary of Defense, Secretary of the Army, Navy and the Air Force, the Chairman of the Joint Chiefs of Staff all state that the recovery of our Prisoners of War in Viet Nam is the first order of business of the American foreign policy. This has also been stated from the White House.

The question then arises, what can we do to assist the policy. The prisoners who have come back from Viet Nam (these

are usually people who have escaped) say that the communists can stand the close scrutiny of public opinion and, therefore, are highly susceptible to public criticism for their manner of handling prisoners. Therefore we must muster our strength throughout the United States in legislatures like this on the streets and in the colleges to let the communists know that the United States intends to get back our prisoners.

I think there is a great spirit that looks after all of us. The Jewish call him Yahweh. Many of the Indians call him Manitou and the Sioux Indians of the Great Plains of the Dakota's and Montana's call Him Waken-Taka, and we call Him God. With the combined blessing of this spirit and the overwhelming desire and effort of the American people—our Prisoners of War in Viet Nam will come home.

President Nigh recognized President Pro Tempore Smith, who introduced Brigadier General Leslie W. Lane, Assistant Division Commander of the 95th Division, United States Air Force.

Brigadier General Lane gave the following address:

Governor Hall, Lieutenant Governor Nigh, distinguished leaders and members of the State Senate and House of Representatives, honored guests, and my fellow Americans:

It is an honor to appear before this Joint Session on such an important occasion. First, I should like to pay tribute to the wives and other members of the families of the Prisoners of War who are here this afternoon.

It is to you, loved ones and friends of our gallant Prisoners of War, that I speak. Certainly I want to honor these fine men. But it is not just to honor them that I address these remarks.

Also it is to honor you: mothers, fathers, wives, sons, daughters, and friends of these brave men. Our comrades, held captive in North Vietnam, require no eulogy. Their

personal sacrifice for us...for our country...is their honor and it stands before us today, unquestioned, loud and clear... and it gives us strength.

American men have shown bravery and gallantry in every period of our nation's history; that great tradition is not dead today; your loved ones and many others have seen that it continues to live.

Many men are called upon to serve their country, to preserve this nation and our freedom; they have given of themselves to assure a future that is uniquely of our own design. Americans have always refused to live by the designs and rules of other nations, for better or worse, whatever the issue, in any event, we will be uniquely Americans and we will fight for the privilege of letting our children choose their particular style of freedom... even when it first it may seem to differ from our own...as seems often the case as we raise our young people. Certainly, change, constructive change, is our American heritage. I suggest to you that revolution, too, is change, but it ends our options to further change. "Evolution with change" not revolution, is the traditional American life-style.

But some give more and sacrifice longer for these basic American freedoms. More than serving in the Armed Forces, more even than dying for their country... our Prisoners of War make the ultimate sacrifice... our prisoners of war are this day, through living, giving of themselves for their country. And they worry most that their loved ones worry about them. I can assure you that not only do they desire their freedom; they desire more... that you live in freedom... head high, proud, having faith and hope and a special feeling that these men's continuing sacrifice is truly worthwhile.

And if it tears at your heartstrings that others cannot see that these men's sacrifices are the greatest of contributions, I must remind you that it has always been

so. Always there have been critics who care too much about their "own welfare"... and too little for the welfare of others. Our prisoners are sacrificing this day... Yesterday...and perhaps tomorrow for every citizen in this country. History will record that the effort was not in vain.

Today we want to share with you an assurance that those who remain in North Vietnam and Viet Cong Prison Camps will not be forgotten.

Have faith...share hope...and know you are not alone in caring. Our debt to these men is great; as honest citizens, we intend to remember the debt we owe them and fulfill our obligations to the trust they have placed in us.

Now, more than ever, it is exceedingly important to take time for all of us to stand up and be counted. Our communities, state and nation need our support. We should take time to teach our children about patriotism and their responsibility to our great nation. We must continue to safeguard the principles of justice, freedom and democracy.

In this hour, the power of public opinion throughout the world cannot be minimized as a great force in aiding and bringing about the emancipation of the Prisoners of War.

In addition to our human efforts, the greatest power on earth is available to us — the power of prayer!

President Nigh recognized Governor Hall, who made brief remarks relative to the Prisoner of War Memorial Service.

Our Father, men call to thee in several ways. We pause as we begin this day to look at our selves and in so looking, we see the many fallacies of other men, and seeing these in others, we are more aware of our own imperfections and desire direction so our visions for tomorrow are not our personal gains but gains for all men.

Dear God, as we see our world, we behold only a small portion of its problems.

Yet at times these seem to overwhelm us, dwarf us, all but consume us in the struggle to make our Community, our State of Oklahoma, Our nation and our world a better and safer environment to work, to play and to pray.

We are concerned about our personal spiritual welfare, therefore Father, we ask today for our forgiveness wherein we have failed you and our fellowman; wherein we have been offensive to you and our society; wherein we have had opportunities and have not used them; wherein we have been just plain miserable to live with, Father forgive.

Now as we ask for forgiveness, we also ask for divine guidance and blessing on these men, our State Government of Oklahoma and all persons in places of authority. Bless them and guide them that we may labor for the good of all and not for special privileges of a few.

Go with us through this day, and may the Holy Spirit over shadow us and may we become total stewards of life.

In the Name of Him, whose life was given for us. AMEN.

The Journal for the last legislative day was declared approved.

COMMUNICATION

A Communication from the State Board of Equalization was received and ordered printed, as follows:

RESOLUTION OF THE
STATE BOARD OF EQUALIZATION

WHEREAS, according to the provisions of Article X, Sec. 23, of the Oklahoma Constitution, as amended April 16, 1968, (State Question No. 453, Referendum Petition No. 166), which provides now in part, as follows:

"Within twenty-one days after the adopting of this amendment and thereafter prior to the convening of each regular session of the Legislature, the State Board of Equalization shall make an itemized estimate of the revenue to be received by the State under the laws in effect at the time such estimate is made, for the next ensuing fiscal year showing separately the revenues to accrue to the credit of the General Revenue Fund and each special fund of the State, and the total amount of such estimate for such fiscal year shall not exceed the total revenue which accrued to each such fund for the last preceding fiscal year, and to which amount shall be added the cash surplus, * * * and all appropriations made in excess of such estimate shall be null and void; provided, however, that the Legislature may at any regular session or special session called for that purpose, enact laws to provide for additional revenues, other than ad valorem taxes, or transferring the existing revenues or surpluses from one fund to another, whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor, and with the President of the Senate and the Speaker of the House of Representatives, and the amount of any increase or decrease, resulting, for any reason, from such laws shall be added

to or deducted from each respective fund, as the case may be. The amount of such adjusted estimate shall be the maximum amount which can be appropriated for all purposes from any fund for the fiscal year estimated." and,

NOW, THEREFORE, BE IT RESOLVED BY THE STATE BOARD OF EQUALIZATION, that the sums and amounts reasonably estimated to accrue to the General Revenue Fund and to the several special funds of the States as herein set forth be, and they are hereby adopted and fixed by this Board as the official estimate of monies to accrue for and during the fiscal year ending June 30, 1972, which said sums and amounts are in words and figures as follows, to wit:

Our Father, we are more aware today as never before that not only are You the God of the total world, but each person is involved with persons around the world. Forgive us when we become impatient with self and others; when we become offensive to You, God, and to our fellowmen. Please forgive.

Help us, Father, not to trade away our right, but to defend the rights of the individual and the masses. Give us vision for now, not dreams of the stagnant imagination of yesterday.

God, give to this assembly wisdom to make the best possible choices for all the people, not only for Oklahoma, but our

world. Help us this hour to confront our conscious, our hearts, and our responsibilities. Help us to react to this confrontation as responsible men to God, to this session of the Oklahoma Senate, and to the people whom they serve and represent.

In the Name of Jesus Christ our Lord who gave Himself for us, we make this our Prayer and ask that it might be so. Amen.

SECTION 1. Section 1, Chapter 185, O.S.L. 1968, as amended by Section 1, Chapter 276, O.S.L. 1969 (22 O.S. Supp. 1970, § 1114.1), is amended to read as follows:

§ 1114.1 One who is arrested for a state traffic violation or served a traffic ticket,

for violating a state statute or state statutes, in addition to other provisions of law for posting bail, shall be admitted to bail upon compliance with one of the following procedures, to wit:

(a) Posting cash bail of an amount as indicated in Section 1114.9 of Title 22 of the Oklahoma Statutes in a special envelope preaddressed to the court clerk of the court of the appropriate jurisdiction. If United States currency is used as bail, the defendant, in the presence of the arresting officers, shall deposit the envelope containing the ticket and the bail in the United States mail. All other approved forms of cash bail shall be accepted as bail by the arresting officer and the officer shall deliver or mail the bail to the appropriate court clerk. For the purpose of this [act] SECTION, United States currency, cashiers' checks, postal money orders, instruments commonly known as travelers' checks, certified checks, guaranteed bank checks and personal checks of the arrestee drawn on any bank located in the United States, provided said personal check has a coded bank identification number printed thereon, shall be considered as cash; PROVIDED THAT AN OUT OF STATE ARRESTEE POSTING CASH BY PERSONAL CHECK SHALL DEPOSIT WITH THE ARRESTING OFFICER A VALID LICENSE TO OPERATE A MOTOR VEHICLE AS PROVIDED IN SUBSECTION (C) OF THIS SECTION, EXCEPT THE RECEIPT SHALL CEASE TO OPERATE AS AN OPERATOR'S LICENSE IF THE PERSONAL CHECK IS NOT HONORED AFTER THE LAST PRESENTMENT. PRESENTMENT OF PERSONAL CHECKS MAY BE MADE UPON RECEIPT BY THE DISTRICT COURT CLERK. All personal checks shall be made payable to the district court clerk.

(b) Depositing with the arresting officer a guaranteed arrest bond certificate issued by either a surety company, an automobile club officially authorized to transact business in Oklahoma by the State Insurance Commissioner, or a trucking

The officer shall, without undue delay, place the "guaranteed arrest bond certificate" in an envelope and mail or deliver it to the court clerk of the court of the appropriate jurisdiction.

(c) Depositing with the arresting officer a valid license to operate a motor vehicle, in exchange for a receipt therefor issued by the arresting officer, which shall be recognized as an operator's license and shall authorize his operation of a motor vehicle to the date of the hearing but not to exceed twenty (20) days. Said license and traffic ticket shall be rendered by the arresting officer [into] UNTO the court clerk of the proper state court having jurisdiction over the offense.

The making of an application for a duplicate license to operate a motor vehicle during the period when the original license is posted for an appearance in a court shall be unlawful, shall constitute a misdemeanor and a person convicted thereof shall be subject to imprisonment for not less than seven (7) days, nor more than six (6) months, and there may be imposed in addition thereto a fine of not more than Five Hundred Dollars (\$500.00); provided, that notice of the provision of this subsection shall be included in the receipt issued under the preceding subsection.

SECTION 2. Section 2, Chapter 185, O.S.L. 1968 (22 O.S. Supp. 1970, § 1114.2), is amended to read as follows:

§ 1114.2 The posting of bail by either of said procedures shall entitle the defendant to receive an official receipt from the arresting officer, on forms approved by the Commissioner of Public Safety, which receipt, if defendant post bail by procedure (c), as hereinbefore mentioned, shall operate in lieu of a driver's or operator's license for a time not in excess of twenty (20) days. [Upon] IF A DEFENDANT DEPOSITS A LICENSE UNDER THE PROCEDURE IN SECTION 1114.1(a) OF THIS ACT AND UPON HIS CHECK BEING HONORED, OR IF DEFENDANT POST BAIL UNDER THE PROCEDURE IN SECTION 1114.1(c) OF THIS ACT AND UPON an appearance to answer the charge or to post bond or electing to plead guilty, by forwarding or mailing to the appropriate court clerk, the cash bail referred to in Section 9 of this act, the defendant's driver's or operator's license shall be returned to him by the court clerk.

SECTION 3. Section 4, Chapter 185, O.S.L. 1968, as amended by Section 3, Chapter 276, O.S.L. 1969 (22 O.S. Supp. 1970, § 1114.4), is amended to read as follows:

If the defendant fails to appear in court in person or by counsel for arraignment on the charge against him, or fails to arrange with the court within the time designated on the traffic ticket for a future appearance, the cash bail, if cash bail has been deposited by the defendant, shall be forfeited. If a guaranteed arrest bond certificate has been deposited, the bond shall be forfeited and proceedings to collect the sum involved shall be commenced by the district attorney. If a license to operate

a motor vehicle has been deposited UNDER SECTION 1114.1(c) OF THIS ACT, the court clerk shall immediately forward to the Department of Public Safety the driver's license attached to an official notification form furnished by the Department of Public Safety, advising that the defendant failed to appear [when the charge is reckless driving,] in addition, on motion of the district attorney, the court shall issue a bench warrant for the arrest of the defendant. IF A LICENSE HAS BEEN DEPOSITED UNDER SECTION 1114.1(a) OF THIS ACT AND THE DEFENDANT'S PERSONAL CHECK IS NOT HONORED, THE COURT CLERK SHALL IMMEDIATELY FORWARD TO THE DEPARTMENT OF PUBLIC SAFETY THE LICENSE STATING THAT THE CHECK HAS NOT BEEN HONORED. IF BAIL HAS BEEN FORFEITED, ON MOTION OF THE DISTRICT ATTORNEY, THE COURT SHALL ISSUE A BENCH WARRANT. Provided, however, that [such] BAIL forfeiture shall not be construed as a plea of guilty or admission in any civil action that may thereafter arise by reason of said occurrence.

SECTION 4. Section 5, Chapter 185, O.S.L. 1968, as amended by Section 4, Chapter 276, O.S.L. 1969 (22 O.S. Supp. 1970, § 1114.5); is amended to read as follows:

§ 1114.5 Upon receipt of a driver's license and information from the state court that the defendant failed to appear in court within the required time and under the terms provided above, or if a personal check is posted as bail and the check is not honored by the bank upon which it is drawn, that person's privilege to operate a motor vehicle shall be suspended. [At the termination of the sixtieth day from the date of the suspension aforesaid the person so affected may apply to the Department of Public Safety for reinstatement of his driving privilege, provided he accompany his application with a reinstatement fee of Twenty-five Dollars (\$25.00) and proof that he has entered an appear-

ance in the case which constituted the basis of his suspension, and either satisfied the charge or posted bond as required by law] SUCH PERSON SHALL BE ELIGIBLE FOR REINSTATEMENT OF HIS DRIVING PRIVILEGE UPON MAKING APPLICATION WITH THE DEPARTMENT AND SHOWING PROOF TO THE DEPARTMENT THAT HE HAS ENTERED AN APPEARANCE IN THE CASE WHICH CONSTITUTED THE BASIS OF HIS SUSPENSION AND SATISFIED THE CHARGE OR POSTED BOND WITH THE COURT AS REQUIRED BY LAW, PROVIDED HE ACCOMPANY HIS APPLICATION WITH A REINSTATEMENT FEE OF TWENTY-FIVE DOLLARS (\$25.00). The fees paid pursuant to this section shall be used solely toward the Department of Public Safety's cost of administering the provisions of this section.

In any case where the court clerk or any law enforcement officer accepts or receives any personal check from the arrestee or from any person acting for or on his behalf in payment of a fine or as bail for his appearance at a hearing, and said personal check proves to be insufficient, false or bogus, said court clerk or law enforcement officer shall, in no event, be civilly liable personally or on his official bond for the amount of said check or the amount of the fine imposed in said case or criminally liable therefor.

SECTION 5. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

RESOLUTION

Senator Miller introduced SR 48.

Senator Miller asked unanimous consent that all members of the Senate be made co-authors of SR 48, which was the order.

SR 48, as co-authored, was read at length as follows, adopted upon motion of Senator Miller and ordered referred for enrollment:

SR 48—By Miller, Baggett, Baldwin, Berrong, Birdsong, Boecher, Bradley, Breckinridge, Capps, Crow, Dahl, Ferrell Field, Garrett, Garrison, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Lamb, Lane, Luton, McCune, McGraw, McSpad-

den, Martin, Medearis, Murphy, Nichols, Payne, Phillips, Porter, Rogers, Smalley, Smith, Stansberry, Stipe, Taliaferro, Terrill, Trent, Williams, and Young—A Resolution recognizing Billy Joe Pevehouse as he was in life, an inspiration to all, and the void created upon his death; and directing distribution of this Resolution to his beloved parents, school and college.

WHEREAS, throughout history a banner has been hoisted to wave to the world that the circumstances of poverty, race, handicap or health are so heavy that the victorious race of life cannot be obtained, but rather life must be an existence on the sidelines; and

WHEREAS, faith decrees an exception, an example to all, of one who refused to surrender to circumstances by courageously entering the race whereby all the witnesses declared him "the winner"; and

WHEREAS, Billy Joe Pevehouse contracted polio in 1951 at the age of twelve and though the cruel paralyzing disease enslaved his body and immobilized his limbs, it never captured his mind or spirit; and

WHEREAS, the iron lung, the hospital confinement, and the wheelchair and bed were only mountains to be moved by faith and grounds for its exercise; and in addition, the deep sorrows of heartache and disappointment matured into a sweet nectar in his life; and

WHEREAS, Bill Pevehouse was thankful for his normal life, normal but without strong arms for lifting, without useful hands for gripping and without swift feet for running, and all of these adversities only brought a smile of compassion to his face; and

WHEREAS, Bill set goals for his life and accomplished them; he continued his education and received a master's degree at East Central State College; he traveled; he satisfied his love for sports as a spectator; he earned a living and was an outstanding counselor at Byng High

School; but most of all he gained a place in this world by giving himself to others and inspiring others to be all that they should be; and

WHEREAS, Bill Pevehouse could testify of an experience as did the Apostle Paul who had a thorn in the flesh and the Lord said, "My grace is sufficient for thee; for my strength is made perfect in weakness." And Paul testified, "Most gladly therefore will I rather glory in my infirmities, that the power of Christ may rest upon me. Therefore I take pleasure in infirmities, in reproaches, in necessities, in persecutions, in distresses for Christ's sake; for when I am weak, then am I strong." Truly, Bill was triumphant in life; and so was he when death gripped his body of clay on the 1st day of March, 1971; and

WHEREAS, the Oklahoma State Senate takes this special occasion to acknowledge the radiant life and Christian example of Billy Joe Pevehouse and to express in behalf of mankind the great loss suffered by his death.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE:

SECTION 1. The members of this Legislative Body recognize a humble young man who accomplished more with infirmities than many do who are better endowed. The life of Mr. Billy Joe Pevehouse is hereby acknowledged as an inspiring example to all mankind and to that same great extent his death created a vacuum in the lives of his beloved parents, friends and acquaintances.

SECTION 2. Duly authenticated copies of this Resolution shall be distributed to the beloved parents of Billy Joe Pevehouse, Mr. and Mrs. A. E. Pevehouse, Byng High School and East Central State College.

Let us seek guidance for this day from Him who blesses all the earth — all men everywhere.

Let us observe a minute of silent prayer on behalf of Senator Taliaferro.

For all that we are, for all that we have accomplished, for the privilege of choice, even if our choice may have been wrong in the eyes of other men, yet Father, as we stand for what we believe to be right, for each privilege and blessing of life, we thank you.

We do come asking for forgiveness for the errors of life, that we have committed against you or our fellow man, also for our impatience with others as well as with ourself.

We ask for guidance through this day, and for your divine presence in our lives as these men search out the ways of truth and direction for their people.

As we enter into deliberations, we realize that we each carry our own special interest in our hearts, but Father, we ask that we may be able to lay aside these interests and search for what is best for the most.

Father, these men do not have an easy task, for upon them rest the welfare of the people of Oklahoma. The welfare of all people regardless of who they are or where they live. We therefore pray that as we cast shadows across our wonderful state, that these shadows will be for all mankind as refreshing as a spring shower, as lasting as the seasons of the years.

Thank you Father for the privilege of being thy servant and the opportunity of serving these men.

President Pro Tempore Smith presiding.

The following remarks of Reverend Wayne Sigler are incorporated herein at the request of President Pro Tempore Smith:

The past three days as Chaplain of the Oklahoma State Senate has been for me a new experience and a great honor, not only for me but for all the ministers and churches of Senator Nichol's district. And we wish to say, thank you gentlemen for the privilege to serve you in this capacity.

As I roamed the hills of Missouri as a boy, my dreams did not include this past week but to each of you who make up the Senate of our great state of Oklahoma. You shall always be in my prayers, and

I thank God I have had the good fortune to have known and served you in this capacity.

The Journal for the last legislative day was declared approved.

Heavenly Father, we thank you very much for the opportunity of another work week. My prayer for these senators, as they face the responsibilities of these next four days, is that You might give them a positive mental attitude, a pleasant disposition, and the wisdom to seek Your counsel. I know that these men have a super abundance of ambition or they would not be in this place of honor, because the Senate is not a position you fall into but a position that you climb into.

My prayer today is that these men might take the ambition and drive and the enthusiasm that has brought them to this building and direct it toward the purpose of good government for the people of the State of Oklahoma. In Christ's name. Amen.

Dear Senator Garrison:

Mr. J. Marsh Thomson on the staff of Vice President Agnew has given me the resolution which was adopted by the Oklahoma Legislature concerning Americans and Oklahomans who are prisoners of war in Southeast Asia. I am happy to accept this resolution on behalf of the President and to express his appreciation and gratitude to you and the other members of the Oklahoma Legislature for your concern and compassion for these men and their families.

I would like to assure you and your fellow legislators that there is no matter held in higher priority by the President than that of the prisoners of war and those missing in all of Southeast Asia. He has directed that no effort be spared to secure the early release of the prisoners and a strict accounting of all who are missing.

Please be assured that your resolution

will receive proper attention. With every good wish,

Sincerely,

SJR 14—By Medearis and Hamilton.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Article X, Section 10, of the Oklahoma Constitution which provides for increased rates of taxation for certain school improvements; requiring certain school districts from which high school students are transferring to make an appropriation to receiving districts; providing for enforcement of payment; requiring approval of the State Board of Education for certain additional levies; permitting levies needed to make the required appropriation; providing a ballot title; and ordering a special election.

Be it resolved by the Senate and the House of Representatives of the 1st Session of the 33rd Oklahoma Legislature:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment of Article X, Section 10, of the Constitution of the State of Oklahoma, to read as follows:

§ 10. For the purpose of erecting public buildings in counties or cities, or for the purpose of raising money for a building fund for a school district which may be used for erecting, remodeling or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such county, city, or school district, voting at such election shall vote therefore: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the

taxable property in such county, city, or school district.

WHERE SCHOOL DISTRICTS ARE TRANSFERRING STUDENTS FROM A DEPENDENT DISTRICT TO ANOTHER DISTRICT FOR A HIGH SCHOOL EDUCATION AND THE SENDING DISTRICT IS NOT VOTING A FIVE-MILL BUILDING FUND LEVY IN THE 1970-71 SCHOOL YEAR, THE SENDING DISTRICT SHALL PAY TO THE RECEIVING DISTRICT AN AMOUNT PER CHILD BASED ON THE FOLLOWING FORMULA:

1. FIRST, THERE IS DETERMINED THE AMOUNT THAT WOULD BE RAISED ASSUMING THAT THE SENDING DISTRICT IS VOTING THE FIVE-MILL BUILDING BOND LEVY.

2. NEXT, THERE IS COMPUTED THE PERCENTAGE OF STUDENTS BEING TRANSFERRED OF THE TOTAL NUMBER OF STUDENTS OF THE SENDING DISTRICT.

3. THEN, THE PERCENTAGE ARRIVED AT IN STEP TWO IS DIVIDED INTO THE AMOUNT DETERMINED BY STEP ONE, AND THE RESULT IS THE AMOUNT THAT WOULD BE PAID; PROVIDED HOWEVER, IF THE SENDING DISTRICT IS VOTING SOME MILLS, PURSUANT TO THIS SECTION, BUT NOT THE TOTAL OF FIVE (5) MILLS, THEN THE AMOUNT IN STEP ONE WOULD BE THE DIFFERENCE BETWEEN THE AMOUNT THAT WOULD BE RAISED IF THE FULL FIVE (5) MILLS WERE VOTED AND THE AMOUNT PRESENTLY BEING VOTED.

IF THE SENDING DISTRICT SHALL FAIL TO APPROPRIATE SAID AMOUNT, THE STATE DEPARTMENT OF EDUCATION SHALL WITHHOLD SAID AMOUNT FROM THE FUNDS OF THE SENDING DISTRICT AND PAY SAME TO THE RECEIVING DISTRICT. THE ABOVE AMOUNTS PAID TO THE RECEIVING DISTRICT WILL NOT BE CHARGED AGAINST THE MINIMUM PROGRAM OF SAID DISTRICT.

SHOULD THE SENDING DISTRICT NEED TO VOTE AND UTILIZE ANY ADDITIONAL MILLAGE ABOVE THE AMOUNT BEING VOTED IN 1970-71, IT WILL BE NECESSARY FOR THEM TO JUSTIFY SAME TO THE STATE BOARD OF EDUCATION IN ORDER TO REDUCE THE AMOUNTS REQUIRED TO BE PAID HEREINABOVE. THE SENDING DISTRICT MAY VOTE SUCH AMOUNT OF MILLAGE AS IS NEEDED TO MAKE THE ABOVE APPROPRIATION TO THE RECEIVING DISTRICT UNDER THE PROVISIONS OF THIS SECTION.

SECTION 2. The ballot title for the proposed Constitutional Amendment as set forth in SECTION 1 of this Resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No.

State Question No.

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

Shall a Constitutional Amendment amending Article X, Section 10, Oklahoma Constitution, which provides for increased rates of taxation for certain school improvements to require certain dependent school districts from which high school students are transferring to make an appropriation to the receiving district, to provide for enforcement of payment by the Department of Education, to require sending districts to obtain approval of the State Board of Education for certain additional levies, and to permit sending districts to vote such levies as needed to make the required appropriation

Eternal God, our heavenly Father, we thank you again for the gift of another day. Yesterday, we were inspired at the opening of this Senate by a young American concerned about our flag and patriotism. Today we pray that you would remind us that flag wavers are no better than flag burners if there is not a basic honesty, a sense of right, and moral cleanliness.

Father remind these Senators daily that they are sinful men. Make them constantly aware of their particular weakness that they might guard against tempta-

tion. Give them the strength to overcome. Remind them occasionally of King David, who at the height of his political career, became vulnerable and committed a sin that left a scar on everyone in the kingdom. Give the men in these chambers a clear picture of their wide influence. Give them the will to know what's right and the courage to do it. Finally Father, give them a glad spirit that is contagious as they work between bells today, I ask this in the name of Jesus Christ, whom to know is life eternal. Amen.

WHEREAS by a merging of Indian Territory and Oklahoma Territory the last State carved from lands of the Louisiana Purchase became, on November 16, 1907, the forty-sixth State of the Union; and

WHEREAS, the melding of the two territories provided the State of Oklahoma, and its citizens of this day, with the most unusual historical background of any in the Nation, it is fitting that tribute be paid to the memory of those who shared in our State's creation and those whose sacrifices, industry and desire for oppor-

tunity under individual freedom wrought us such good fortune; and

WHEREAS, it is entirely appropriate that those of generations now living and generations yet unborn make observance our rich heritage in an entire week rather than a single day. The entire week in which November 16 falls should be declared and observed as "Oklahoma Heritage Week"; and

WHEREAS, the Oklahoma Memorial Association, a nonprofit philanthropic organization and sponsor of the Oklahoma Hall of Fame, whose purpose it is to enhance this State's historical heritage and to honor men and women of the State, past and present, who have distinguished themselves and added to the State's history is capable of coordinating and planning the annual observance of Oklahoma Heritage Week and willing to assume such task.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE:

SECTION 1. The week in each year in which November 16 falls is hereby declared to be "Oklahoma Heritage Week", beginning on a Sunday when November 16 falls on such day or a following day of the week through Saturday.

SECTION 2. The Oklahoma Memorial Association, aforementioned herein, is hereby designated as the coordinating and planning agency for statewide annual observance of "Oklahoma Heritage Week", and is charged with the duty of creating observance thereof through pulpits and mass communication media, through public and parochial schools, through private and state insitutions of higher learning and other dignified noncommerical means, so that the patriotism and idealism of our heritage be not forgotten but the lives of the citizens of the state may be enriched by reminders from our history.

BEFORE THE INSURANCE

COMMITTEE OF THE STATE SENATE STATE OF OKLAHOMA IN THE MATTER OF THE INVESTIGATION OF JOE B. HUNT, INSURANCE COMMISSIONER OF THE STATE OF OKLAHOMA

INTERIM COMMITTEE REPORT THE SENATE INSURANCE COMMITTEE

submits herewith its Interim Committee Report to the State Senate in accordance with Senate Resolution No. 40.

The Committee has held three meetings, the first of which was an organizational meeting, the second was conducted in order to set rules for the conduct of said investigation and the third meeting was held for the purpose of hearing evidence which was transcribed by a Court Reporter. The Committee received into evidence 44 exhibits.

At this time, due to the press of other legislative business, the Committee does not want to make any specific findings pertaining to this investigation, but reports they have heard the evidence of Judge Robert Simms, Tulsa, Oklahoma, Paul Thieman, Jr., Attorney at Law, Tulsa, Oklahoma and Paul Wm. Polin, Corporate Planning and Development Consultant, Tulsa, Oklahoma. The Committee has secured transcripts of various hearings pertaining to Community National Life Insurance Company. Judge Simms, who is the Judge handling Receivership Case in the Community National Life Insurance Company Case, has indicated to the committee some recommendations which the Committee feels should be studied regarding future legislation. There is also a need for additional time in which to study over the numerous exhibits and discuss them. The Committee has requested information from the State Insurance Commissioner's Office which in all fairness to that office, it should be granted more time in which to secure same.

Therefore, in view of the above statements, the Committee makes the following recommendations:

1. That this Committee Investigation be extended as set forth in the Resolution.

2. That the Committee be adequately staffed with an Attorney, investigator, court reporter and other necessary personnel to make a thorough study of the matters pertaining to the subject matter of the Resolution.

3. The Committee is therefore requesting that a Joint Resolution be passed, a copy of which is attached hereto and made a part hereof, to carry out the recommendations of this Committee.

Respectfully submitted,
Ed Berrong, Chairman

WHEREAS, Lake Murray State Park, Oklahoma’s largest state park, is recognized throughout the Southwest as being one of the state’s most beautiful and scenic parks, which recognition is due in large measure to the artistic talent of E. J. Johnson; and

Johnson Memorial Bridge”, and it is deemed to be appropriate to authorize a suitable metal plaque to be affixed to the bridge to read: “E. J. Johnson Memorial Bridge”.

WHEREAS, forty-four states have now developed their meat inspection programs to such an extent they have been declared equal to that of the federal meat inspection program in achieving the desired objective of providing for clean and wholesome meat to the consuming public; and

WHEREAS, the state meat inspection program and the federal meat inspection program are required by federal law to meet requirements as contained in the Wholesome Meat Act and Regulations of the United States Department of Agriculture; and

WHEREAS, meat products from these state-inspected plants are not allowed to move freely in commerce between states resulting in serious inequities because of restraint of trade to this industry; and

WHEREAS, this inequity also extends within the borders of a state in that such state-inspected meat is not allowed to enter establishments operating under federal supervision, which has caused a loss of markets and effects the entire agri-business economy of individual states; and

WHEREAS, this is truly a double standard in that state-inspected meats produced under identical requirements with those

used by federally inspected meat plants are restricted in commerce; and

WHEREAS, the Wholesome Meat Act provides for a state-federal working relationship in this important consumer protection activity; and

WHEREAS, the states have demonstrated a responsibility in fulfilling their obligations by developing adequate meat inspection programs that comply with federal standards and the President has proposed such programs be returned to the states, as administration at the state level is more responsive to the needs of the people; forces the conclusion, in the interest of efficiency, equity and justice, that the time is at hand for a revision of the federal Wholesome Meat Act.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the Congress of the United States be and hereby is respectfully urged to enact such legislation as is necessary to allow meat and meat products from states complying with the Wholesome Meat Act as evidenced by an "equal to" certification by the Secretary of Agriculture to move freely in commerce.

SECTION 2. That Congress, in enacting such legislation, create a single standard of acceptance for all inspected and passed meat and meat food products.

Our prayer is to you, O God, the Father of Abraham, Isaac, and Jacob; you who have made yourself known in the flesh and blood man, Jesus of Nazareth; and who, by his Spirit, lead us into the light and peace of true reality.

We thank you for the rest and renewal of the Sabbath Day experience and for gathering us back to this assembly and to the work of the special calling you have given us to do.

Let us work diligently and untiringly at the issues before us remembering that as lawmakers we can fit our people with a

yoke of oppression or a yoke of freedom. Let us look beyond self-interest and the interest of power groups. May we be persuaded and our decisions arise for the good of all people so that the dignity of every human being is both recognized and respected.

And now as we know the human spirit is weak and fragile, fill us with your Spirit that we may partake and contribute to your ultimate victory. Amen.

We pray not for Your presence among us for You are the being that pervades all existence. Rather, we pray to be aware that You are among us; that You are in others; that You are in us; that You are the very heartbeat of existence.

God, You hold all power. You have created men to live in equality. And You have entrusted to these men the rights, the duties, the privileges, and the hard work of

We know we have put our own interests first which is like the axe vaunting itself over him who hews with it; or the saw magnifying itself against him who wields it. Yet, you will not let us go. You encompass us with cords of compassion and bands of love.

We pray for the work of this assembly and that these men may feel your presence which can be both disturbing and comforting. We pray for those here in our

group that may have some doubts about their professional calling. Give them the faith to see this through. We pray for those who feel weak because they have placed their security in something which is not alive and not powerful. Give them the strength of that man who was raised from the dead and who can make us into new creatures.

Renew us by renewing in us your spirit. Amen.

Our Father, we hear the words of Isaiah so clear today as You say, "in quietness and trust shall be your strength." We are all searching for that strength which will not let us down and which cannot be bartered for or bought. We look for that strength which has no selfish or ulterior motive. But we have not heeded Your words—that trust in You shall be our strength.

Renew in us our trust of You. Give us not just mental or emotional trust but complete trust which calls for a response of the whole man in every phase of life. Give us that trust which calls for both priest and king to perform Your work.

Let us believe that it is through the institutions of our society that renewal is made. We shun the revolutionary who would destroy our country but let us support, encourage, and become the reformer who will build a better world.

We pray in the name of Christ Who has put His trust in us.—Amen.

Congressman Mills gave the following address:

President Nigh, Speaker Privett, President Pro Tempore Smith, Governor Hall, my colleagues, other honored guests, Members of this distinguished legislature: As a long-time friend and neighbor of Oklahoma, I am highly honored by your invitation to speak here today.

I have always felt a deep kinship for Oklahoma. It was to the Oklahoma Territory that my mother accompanied her family from Nebraska many years ago to file for a homestead. There are still many relatives living in Oklahoma. I am told that a number of governors of this State were students of my aunt, Miss Winnie Daigh, who taught in the public schools in Oklahoma City for many years. My father also lived in Oklahoma and taught school in Mustang. Indeed, it was in Mustang that my mother and father

first met. Thus, this State and its people are well known to me. I never fail to feel at home in Oklahoma.

Oklahoma and Arkansas share much in common. In addition to the State boundary, much of the geography, resources and economic activity of the two States are similar. More important, the people of our two States share a common heritage that is in evidence today. Both in the private aspirations of our citizens and in views of public issues, there continues to be a strong bond of understanding and cooperation.

It has been my personal pleasure over the years to work closely with Members of Congress from Oklahoma. There has always been an attitude of common purpose and mutual helpfulness between the Congressional delegations of our two States. One of the many examples of the fruits of our common labors is the project to make the Arkansas River System navigable.

I am sure that Senator McClellan will understand if, today I refer to that project as the Kerr-McClellan Waterway. I must confess that we in Arkansas sometimes switch the order of the names. Nevertheless, no one will deny that the late Senator Robert Kerr was the driving genius behind the authorization and completion of this gigantic river project. This Waterway is already bringing about the economic benefits that men of vision in both of our States foresaw and fought for over the years.

Of course, Senator Kerr and the Oklahoma Congressional delegation are responsible for a good deal more development than the improvement of the Arkansas River. Since the ravages of the dust bowl of the 1930's, the irrigation and flood control projects in Oklahoma have literally transformed this State into an "aquatic paradise." Today, Oklahoma's over 680 square miles of water make its ratio of water to land higher than that of Minnesota.

This spectacular development of the

water resources of Oklahoma is but one indication of the economic development this State is experiencing. One has but to visit the cities of this State to realize that in a little more than half a century, Oklahoma indeed has gone from tepees to towers. The advantages of the natural resources in Oklahoma, and the vitality of its people combined with its central geographic location are attracting many new economic enterprises. An essential factor in this climate for progress has been the type of government officials the people of Oklahoma have elected to office.

The Congressman from McAlester, Oklahoma, and my dear friend, The Honorable Carl Albert, has long demonstrated in the House the intelligence and abilities of leadership that people from this State expect from their representatives in the Congress. This nation is fortunate, indeed, to have the leadership of Carl Albert as Speaker of the House of Representatives.

And while Oklahoma is rightfully proud of its representation in the Senate of the United States, over the years I am, of course, more familiar with those outstanding legislators with whom I have served who, in addition to the Speaker, represent Oklahoma in the House of Representatives. I have come to admire their legislative contributions as much as I value their friendship.

My friendship with Tom Steed goes back for many years. I can assure you that his hard work as a member of the Appropriations Committee, and Chairman of the Treasury and Post Office Subcommittee, is deeply respected in the House. John Jarman is third ranking member of the Interstate and Foreign Commerce Committee and is a nationally recognized transportation specialist as Chairman of the Transportation and Aeronautics Subcommittee. Page Belcher, as ranking minority member of the House Committee on Agriculture has long been a sound and influential voice for the farmer. Ed Edmondson, as third ranking member of the Interior and Insular Affairs Committee

and Chairman of the Subcommittee on Mines and Mining is a highly effective and respected legislator, particularly in the field of resources which is so important to this State. Last, but by no means least, John N. Happy Camp is also a valued member of the Interior and Insular Affairs Committee, as well as the Committee on Science and Aeronautics.

I also have many friends in this legislature. As a legislator, I have a deep personal respect for this distinguished legislative body. Thus, it is a real pleasure to share with you today some thoughts on a public issue which involves all levels of government throughout the country

When one views the fiscal history of the Federal Government over the past third of this century, the growth of money being channeled through governmental units is almost beyond comprehension. The increased demand for government programs at the Federal level which began in the mid-30's has been repeated over the last two decades at the State and local levels. There seems to be no end to the number and complexities of new programs. As legislators, you and I know that there are limits to the ability of governmental bodies to find the revenue necessary to finance these programs.

For example, over the past two years, the Committee on Ways and Means has been struggling with a program or rather a series of programs under which the expenditures at Federal, State and local levels have been increasing in what appears to be geometric proportion. I refer to the welfare programs with which you as members of this legislature have undoubtedly had to struggle.

In the last Congress, the Committee on Ways and Means considered and the House of Representatives passed a bill proposed by the Administration which attempted to rationalize and improve government welfare programs. As you know that bill did not become law.

Since the beginning of this Congress, the

committee has been reviewing and revising its work of last year. The results of these endeavors were recently reported as H. R. 1, the Social Security Amendments of 1971. I believe the bill reported by the Committee on Ways and Means to be a vast improvement over the legislation we considered in the last Congress. It deals far more directly with the problem of ending the increase in the welfare rolls. It also lifts and in most cases eliminates the burden of welfare expenditures at the State and local levels. I am sure you will be examining the provisions of H. R. 1 as you review your own State welfare budget.

I will not go into details as to how the bill could affect the welfare program in Oklahoma. However in brief, the total State and local savings in welfare expenditures in Oklahoma will amount to an estimated \$38.3 million. I might note in passing that this savings in welfare cost alone is equal to 61 percent of the amount of revenue which might be made available to the State of Oklahoma under the Administration's revenue sharing proposal.

I believe that H. R. 1 is the type of sound legislation which must be adopted if we are to deal responsibly with, and assist State and local governments to meet, the increased demands for services at all levels of government.

There are other areas in which the Federal Government can adopt similar approaches to the immediate relief of State and, in particular local governments. I can assure you that these proposals will be forthcoming. I am just as sure that the Congress will reject the badly conceived, under-planned and greatly oversold general revenue sharing proposal offered by the Administration as its principal means of assisting with State and local revenue needs.

As you know the Committee on Ways and Means initiated public hearings on the revenue sharing proposal on June 2. The Committee has received testimony from the Secretary of the Treasury and

on June 7 will begin hearing public witnesses. I would like to explore briefly with you some of the reasons that cause me to oppose this all too simple scheme. And let me emphasize here that nothing the Secretary said, either directly or in response to questions, has changed my views, in any respect; on the contrary, my own views have actually been strengthened.

Now I want to make clear that I respect the concern that proponents of revenue sharing have expressed for the financial plight of our State and local governments. I believe they are sincere. It is somewhat ironic, however, that a program to give money away has to be sold to even some of the potential recipients.

Nor do I question the sincerity of the proponents in their support of restoring vitality to our State and local governments; I just think they are going for the wrong method—a dangerous method. It is my firm belief that revenue sharing is not a revolutionary tool to bring new vitality and financial independence to government officials at local and State levels.

It is more in the nature of a Trojan horse from which at the appropriate time will spring new rules and strictures on the activities of those very governmental bodies who are being wooed by this gift from Troy

May I ask you as legislators, what is there to prevent a future Congress or an Administration—either Democratic or Republican—from attaching strings to such revenue sharing, particularly when the Federally shared revenue develops into a significant revenue source for the State and local governments?

All of us here in this legislative body today are familiar enough with government to recognize the lessons of history that "he who pays the piper calls the tune."

Another aspect of the proposal that I find ironic is the term "revenue." The

truth is that the Federal Government has no extra revenue to share. Its expected revenue collections are already over-committed. Indeed, the projected Federal budget for the current fiscal year will be in the red by \$26.5 billion, and the estimate for fiscal year 1972 is an even greater deficit of \$28.6 billion. That represents an aggregate of \$55.1 billion in two years, the largest back-to-back deficit since World War II. In March of this year the Congress had to adjust the national debt limit upward to \$430 billion to accommodate these anticipated deficits. Very frankly however I doubt that limitations will carry us to the end of the next fiscal year as it is intended to do.

How anyone can suggest general revenue sharing, with a straight face, in full view of Federal deficits of that magnitude and the chronic string of deficits over the past forty years is beyond me. And again, I would repeat that there is little doubt that under pressure of future deficits, well intentioned proposals will be made to continue revenue sharing only if State and local governments take certain steps, either to improve their efficiency or to align their practices and procedures with some Federally imposed standard.

In terms of its operation of redistributing revenue, the revenue sharing proposal would have unfortunate results. The distribution of the aid would be haphazard with little or no regard for the financial ability of State and local governments or their need for assistance. The revenue sharing formula would distribute the funds among the States primarily on the basis of their population with a small adjustment for tax effort. But population in itself cannot be an adequate measure of the need for assistance. It does not take into consideration the fact that some States are wealthier than others and have larger tax resources. Nor does it recognize that some States have different needs and greater costs than other States.

The revenue sharing funds would also

be distributed to the local governments in an unfair manner. The basic formula would allocate these funds on the basis of the respective amount of taxes collected by each governmental unit. It is true that each State and its local governments would have the option to adopt alternative methods of sharing the funds. I believe it is questionable whether these alternative formulas would produce very much different results from the tax collection basis.

I want to stress that the amount of taxes collected by a particular local government is not a good measure of its need for assistance. This gives the greatest amount of aid to local governments which can raise substantial tax revenue because they have wealthy residents or a large industrial or commercial tax base. In contrast, the poorer communities with large unmet needs would get less revenue because they cannot raise substantial amounts of tax revenue.

The capricious results of revenue sharing are particularly evident in your own State of Oklahoma. Muskogee, with a population of 37,000 would get \$612,000 under revenue sharing, while Lawton, with twice the population, or 74,000 people, would receive only \$408,000 in revenue sharing funds. And both Muskogee and Lawton would receive substantially less from revenue sharing than prosperous cities in other States.

Let me give you some other examples. Stillwater would receive about \$154,000 in revenue sharing funds as compared with about \$214,000 for Bartlesville, although, as you know, Stillwater's population of 31,000 is larger than Bartlesville's population of 29,000.

I would remind you that figures of this nature, which are hard to justify, are not confined to cities in Oklahoma. Wheeling, West Virginia, for example, would get \$843,000 in revenue sharing funds, while Midwest City in your State would get only \$460,000 despite the fact that the two cities are about the same size. And Kokomo, Indiana, whose population of

44,000 is the same as that of Enid in your State would get \$521,000 in revenue sharing compared with the \$387,000 that Enid would receive.

These are merely a few illustrative examples. Numerous other examples could be given for other States. I think you will agree that they clearly show how haphazard and misdirected the aid under revenue sharing would be.

Last, and perhaps most important of all is the principle involved in revenue sharing, in its separation of the spending function of government from the responsibility for revenue raising. Throughout my entire period of public service, both as a county judge in Arkansas in the depression years and nearly three decades on the House Committee on Ways and Means. I have known first-hand the difficulties and political hazards of raising revenues. I remain convinced that this is a necessary discipline on any governmental authority. I am not yet ready and I believe that when all the facts are in, this legislature will not be ready for a new American revolution that would remove this discipline from those who spend the revenues.

It is my understanding that this legislature is faced with certain questions of appropriate sources of additional revenue. I hasten to add I merely make that observation with no recommendation one way or the other. I have enough tax problems at the Federal level.

I would observe, however that I am sure that this legislature would not like to have the responsibility for raising taxes in this State and have absolutely no say over how those tax funds are to be spent. If revenue sharing is indeed a proposal to save our Federal system, its proponents have in mind a far different type of Federal system in terms of government responsibility than I learned about when I studied the history of the founding of this nation.

Having reviewed the needs of State and local governments in the area of welfare, I am very well aware of the crushing burden that a number of State and local

governments are faced with in these days of increasing demands on existing services and additional demands for new governmental services.

Frankly however, I have never been one who is attracted to the idea that if you throw money at a problem it will go away. I believe that this attitude is shared by most every member of this body.

For my part, I am convinced that the financial problems of State and local governments require more than a hand-out of Federal funds. They require sound and well thought-out legislation. Under such legislation the Federal Government, in partnership with State governments and city governments, can determine priorities among programs and purposes, and fund such programs on a rational basis.

It is also my belief that for its part, the 92nd Congress will be responsive to those needs, as is indicated by the social security and welfare amendments, to which I referred earlier, and a number of other measures now being developed and considered in the Congress.

It is my further belief that enlightened State and local officials will live up to their responsibilities by planning their own programs responsive to the needs of the people and in the light of the appropriate sources of revenue with which such programs can be financed. I am sure the General Assembly in Oklahoma will do just that.

1. The contractor shall be paid in bonds issued by the trust, which shall constitute complete compensation for the performance of the contract with the trust in accordance with the terms and conditions thereof.

2. The plans and specifications for the project must be at least equal to minimum standards of the State Highway Department for the State of Oklahoma or the Oklahoma Turnpike Authority for like facilities and subject to reasonable approval of engineer to be designated by the trust.

3. Before any right-of-way is acquired, excluding any interest acquired in a right-of-way by option, or any condemnation action is commenced for the purpose of acquiring right-of-way the contractor

shall first have filed a payment and performance bond with the trust, in an amount as provided in the construction contract, but not less than the total estimated cost of actual construction.

4. The trustees of any trust which has the power under the terms of this act and of its trust indenture, to contract for the construction and financing of any toll expressway shall be selected as follows:

a. The governing body of each participating municipality shall designate one person and shall submit such person's name in writing to the principal district judge presiding over the territory of such participating municipality. If such person is approved by such judge or if the judge takes no action within thirty (30) days from the date such name was submitted to him, such person, upon taking the oath, shall become a trustee.

b. When the appointment of a member of the board of trustees by each participating municipality has been completed, such members shall meet and elect a temporary chairman, and shall notify the Governor of the State of Oklahoma by registered mail of:

(1) Existence of the trust;

(2) The names of the participating municipalities; and

(3) The names of the member of the board appointed by each participating municipality, and shall request that the Governor appoint within thirty (30) days a like number of trustees, less one. If the Governor fails to make any or all of such appointments, the trustees shall fill such vacancies by a nomination by any member of the board of trustees and the approving vote of a majority of the trustees.

c. When all vacancies have been filled, the trustees shall elect a permanent chairman who shall serve for the longest term provided for in the trust indenture. All other members shall draw lots for staggered terms.

d. Subsequent vacancies shall be filled

by action of the surviving trustees for the unexpired term thereof.

e. Subsequent appointments shall be made in the manner provided above.

5. The construction contract shall provide for reimbursement to the trust for an amount equal to the cost of engineering, including inspection, subject to such reasonable limits as the parties may agree to, or the trust must have a prior commitment that the cost of such inspection or any portion thereof shall be borne by one or more of the participating municipalities, or the state, as established by a written agreement between the trust and such municipalities or the state.

6. The construction contract shall make provisions for the providing of maintenance when the facility is completed and open to the public. Such maintenance cost may be borne or shared in any lawful manner that the trust, contractor and participating municipality may agree upon. Until the trust bonds are retired, any surplus revenues shall be deposited in a special fund for the purpose of providing maintenance for the facility until the fund is of sufficient size that such surplus revenues may be prudently diverted to other lawful purposes within the discretion of the board of trustees.

7 The construction contract shall set a maximum and a minimum for the toll to be collected from the traveling public on such toll expressway for each separate class of vehicles and shall set forth the formula by which the actual toll shall be set, which shall be effective until all the bonds issued for the payment of the project shall have been retired, unless changed by an agreement of such trust and a majority of the registered bondholders.

SECTION 4. If, in the opinion of the board of trustees of such public trust, and of the contractor, that it would be economically wise to improve or construct connecting or feeder streets or roads to the toll expressway, even though such con-

necting streets or roads would be free roads, then in such event, the trust shall have the authority to let contracts for the construction of such connecting or feeder roads or streets under the following conditions:

1. The consent of the governing body, having jurisdiction over such street or road is first obtained.

2. Such portion of the contract price or the work to be performed as the trust agrees to pay or to perform shall be paid in revenue bonds, if such construction is part of the original construction of the toll expressway, or from surplus revenues in excess of the maintenance fund requirements, or in such manner as may be lawful and proper

3. The trust shall be empowered to enter into contracts with any county or municipality in whose jurisdiction such connecting or feeder roads or streets are located, for the sharing of the work or costs in the improvement or construction of such roads or streets. The trust may do such things as are necessary and practical to qualify the construction and the project for any available federal matching fund programs.

4. In any project for the construction or improvement of connecting or feeder roads or streets and for which federal matching funds have been applied for or approved, the contractor shall have the right to agree with the governing body for the performance of a portion of the work if such governing body is properly qualified and equipped, and to compensate such governing body for the work performed, but failure of the governing body to properly perform shall not relieve the contractor from its obligation to build in accordance with the terms of the contract and the plans and specifications, even though it may be entitled to compensation for such failure of performance from such governing body

5. For such portions of the work to be assumed by any governing body in the

construction of improvement of any connecting or feeder roads, the governing body shall be subject to the laws applicable to it when contracting for like work on its roads or streets.

SECTION 5. Each of the counties in which a part of such toll expressway will be located may be a trust beneficiary to the extent of the portion of such expressway which is to be located within such county

SECTION 6. The trustees shall negotiate a contract or contracts to accomplish the purposes enumerated in Section 1 of this act; however, prior to entering into a construction contract, it will be necessary for the board of trustees of such trust to obtain the consent of the governing body of any county, city or town of more than one thousand (1,000) population, according to the last preceding Federal Decennial Census, in which such expressway or any part thereof may be located.

SECTION 7. Neither this trust or any county beneficiary or municipality within the boundaries of which such expressway may be located shall be liable for personal injury or property damage resulting from the operations of such expressway, or the failure to properly maintain or repair such expressway; provided that the trust or municipality may comply with and be covered by Sections 1751 through 1766 of Title 11, Oklahoma Statutes.

SECTION 8. The trustees of any public trust constructing a toll expressway shall have authority to make any necessary connections with, or crossings, at grade level or otherwise, with any existing state or county highway or street and to temporarily occupy or close public rights-of-way as may be necessary for the public safety during construction of any such toll expressway. Necessary easements and rights-of-way over under and across public or private property may be acquired by any participating municipality or beneficiary of such trust by the exercise of its

power of eminent domain in the manner now or hereafter provided by law for condemnation of lands by a county or city, as the case may be, for highway or street purposes, and any interest so acquired may be leased to the trustees.

SECTION 9. No existing improved street or highway shall be closed by reason of the construction and operation of such toll expressway, except such temporary closing as may be required for the safety of the public during construction, maintenance or repair without the express consent of the governing body of any city, county or state agency having jurisdiction over such street or highway. All connections with streets or highways shall meet the normal safety requirements established by the city, county or state agency having jurisdiction over such connecting street or highway.

SECTION 10. The provisions of Sections 11-1401 through 11-1405 inclusive of Title 47 of the Oklahoma Statutes are hereby made applicable to and enforceable on any toll expressway as provided for in this act and the words "Oklahoma Turnpike Authority" wherever they appear in said Sections 11-1401 through 11-1405, inclusive, for the purpose of this act only, shall be construed to mean the trustees of the public trust operating any such toll expressway; provided, that where a toll expressway is located wholly within the corporate limits of a city the said trustees may contract with the governing body of such city for the policing of such expressway and if such contract is entered into, the traffic ordinances and regulations of such city shall be applicable to and enforceable on such expressway.

SECTION 11. For the purposes of this act, the term "Toll Expressway" is defined to mean any toll urban or rural expressway or expressways which may consist of separate sections or segments separated by intervening highway or street connections, and which may be laid out wholly or partially within the corporate limits of any incorporated city and the

cost of construction of which has or is to be paid for by revenue bonds issued by a public trust. For the purposes of this act, the word "municipality" includes a city, county or town.

SECTION 12. The provisions of Section 1718 of Title 69 of the Oklahoma Statutes are hereby made applicable to this act and the trustees of any public trust proposing to lay out, construct, operate or maintain any such toll expressway shall be entitled to have a judicial determination of the validity of the bonds and any other legal questions relating to the proceedings, the purpose of which is to cause the construction of a toll expressway in the same manner as provided in such act for the Oklahoma Turnpike Authority

SECTION 13. The trustees of any trust created under this act shall make complete public disclosure of all transactions concerning expenditures for engineering fees, legal fees, financing fees and discounts in an annual report filed with the Oklahoma Turnpike Authority

SECTION 14. The district court shall have original jurisdiction to require accounting by trustees, to surcharge trustees, to supervise the administration of the trust where necessary because of mismanagement by trustees, and such further jurisdiction as may be provided by the Oklahoma Trust Act.

SECTION 15. Annually within sixty (60) days after the close of each fiscal year of any public trust which shall have issued bonds for the construction, operation and/or maintenance of a toll expressway the trustees of such trust shall pay to the State Treasurer all funds which are not required to be used for other purposes under the terms of the instrument creating the trust and any bond indenture executed in connection with such expressway project, and in such event, such surplus revenue may be appropriated by the Legislature for the benefit of schools or public highways or both.

SECTION 16. The purpose of this act is

to permit necessary highways to be constructed, operated and maintained without the expenditure of any city, county or state tax funds, and to thus enable cities and counties and the State Highway Department to conserve available funds for the construction and maintenance of streets and highways that may not be financed under the terms of this act. Provided, however, the provisions of this act shall not apply to public trusts created or to be created for the purpose of financing, construction, operating and maintaining toll expressways in counties having a population of five hundred thousand (500,000) or more, according to the latest Federal Decennial Census.

SECTION 17. Until all bonds and the interest thereon are paid in full upon any toll expressway project undertaken by any trust under the provisions of this act, the Oklahoma Tax Commission shall each month determine an amount equal to the motor fuel excise taxes computed on ninety-seven and one-half percent (97 1/2%) of the total gallonage of all fuels consumed on such toll expressway during the calendar month in which the tax being apportioned accrued, and apportion a sum equal to such amount from all gasoline tax collections as follows: Ninety-seven percent (97%) of such amount to such trust and three percent (3%) to the Oklahoma Tax Commission Fund. Provided, however, that the apportionments herein remitted shall apply only to such trust that issues bonds in connection with the construction of a toll expressway project beginning in or near the City of Tulsa and the Port of Catoosa and extending in a northwesterly direction to a point in or near Ponca City, or at a point on the Kansas-Oklahoma state boundary line, which said toll expressway shall be called "Northwest Passage" or to a turnpike or any parts thereof beginning in the vicinity of the City of Davis and extending in a northeasterly direction, by way of the vicinity of the City of Ada, to a connection in the vicinity of Henryetta or in the vicinity of the in-

tersection of State Highway 48 and Interstate 40.

SECTION 18. In determining the amount of motor fuel consumed each month, the Oklahoma Tax Commission shall divide the total miles traveled on the toll expressways by passenger automobiles, single unit trucks, and combination trucks and buses as certified each month by the trust, by the average number of miles per gallon of motor fuel consumed by each of those classes of motor vehicles. For the purpose of this section, the Oklahoma Tax Commission shall use the following rates for motor fuel consumed:

Passenger Automobiles . . . 15 miles per gallon
Single Unit Trucks 10 miles per gallon
Combination Trucks

and Busses 5 miles per gallon

SECTION 19. No trustee or employee of any public trust shall have a direct or indirect financial interest in any contract, subcontract, purchase, sale or other transaction in connection with any toll expressway project undertaken by such trust. Violation of this section shall be deemed cause for removal from office or employment of such trustee or employee. In addition, such violation shall constitute a misdemeanor and upon conviction thereof, shall be punishable by a fine not exceeding One Thousand Dollars (\$1,000.00) or imprisonment not exceeding one (1) year, or both such fine and imprisonment.

SECTION 20. The powers, duties and restraints granted to or placed on municipalities by this act or the trustees of any trust created under the terms of this act are exclusive of and unaffected by the provisions of Section 1733, Title 69 of the Oklahoma Statutes; Sections 1 through 52, Title 61 of the Oklahoma Statutes; and Sections 176 through 180.3, Title 60 of the Oklahoma Statutes; and in addition thereto all other acts or parts of acts in conflict with this act are hereby repealed only to the extent of such conflict and for the purpose of the applicability of this act.

SECTION 21. The provisions of this act

are severable and if any part or provision hereof shall be held void the decision of the court so holding shall not affect or impair any of the remaining parts or provisions of this act.

SECTION 22. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

The Journal for the last legislative day was declared approved.

UNANIMOUS CONSENT REQUEST

Senator Crow asked unanimous consent

that the speech delivered June 8, 1971, before the Senate by Miss Kris Risinger, the 1971 Governor of Girls State, be printed in full in this day's Journal, which was the order:

Good Morning:

It is certainly an honor to speak to you. As governor of Girls State I would like to relay to you the things that we as citizens and future voters feel need the most attention and action of courses.

Another pressing matter is pollution. We as Girl Staters believe that taxation of polluting industries would be a control. Laws against littering and dumping should be more strictly enforced. Taxation and fining would make it highly unprofitable to pollute. We do not want Oklahoma to become Smog Center, U.S.A. at any costs.

We at Girls State appreciate your taking time to listen to our views. We wish to thank Lt. Gov. Nigh and Representative J. D. Witt for their help in organizing our fictitious government.

Secondly, we feel that teachers need a raise, especially those who hold a masters degree.

In our schools we need more equipment and facilities. This is particularly true of very small schools. Also many schools need more teachers to offer a wider variety [to vote and desire to do so very much. There are no arguments against the 18 year old vote that could not be justly applied to many 36 year olds. Oklahoma should not be the last to pass the 18 year old vote for state and local elections. First of all, for at least two years the legislature of Girls State has passed

the 18 year old vote. This year it passed unanimously in both the House and the Senate. From this you can easily see that although we are not yet 18 we certainly feel qualified.

Be it enacted by the people of the State of Oklahoma:

SECTION 1. DECLARATION OF LEGISLATIVE INTENT, POLICIES AND PRINCIPLES. The Legislature hereby declares that this act is passed for the general improvement of the public schools in

the State of Oklahoma; to provide the best possible educational opportunities for every child in Oklahoma; and to have a more beneficial use of public funds expended for education; and this act shall be liberally construed to attain these goals within the purview of the following principles and policies:

1. The education of our children is more than the performance of a duty or act of love. It is these things and also the highest expression of enlightened self-interest by the people of Oklahoma. Education is our finest investment.

2. The system of public schools should be designed to strengthen and encourage local responsibility for control of public education. Local school districts should be so organized, financed and directed that they can provide full educational opportunities for all children. The maximum public autonomy and responsibility for public education should remain with the local school districts and the patrons of such districts.

3. It is the responsibility of the state on behalf of the people of Oklahoma to establish, maintain, and continually improve the public schools of Oklahoma. In furtherance of this responsibility, the people of Oklahoma through the state have the responsibility to support financially the public schools.

4. Effective local control requires that local school districts contribute to the support of school budgets in proportion to their respective abilities.

5. The system of public school support should assure that state and local funds are adequate for the support of a realistic foundation program. It is unrealistic and unfair to the children of the less wealthy districts to provide less state support than is necessary for full educational opportunities.

6. The system of public school support should encourage local school districts to provide and support improved educational programs.

7. The system of public school support should make provisions for the apportionment of state funds to local school districts on a strictly objective basis that can be computed as well by the local districts as by the state.

8. The system of public school support should effect a partnership between the state and each local district, with each participating in accordance with its relative ability. The respective abilities should be combined to provide a financial plan between the state and the local school district that will assure full educational opportunities for every child in Oklahoma.

9. State support should be extended to all local districts regardless of wealth, for this not only develops a sense of broader responsibility, but also creates flexibility taxwise permitting the exercise of local initiative. State support should, to assure equal educational opportunity, provide for as large a measure of equalization as possible among districts. The taxing power of the state should be utilized to raise the level of educational opportunity in the financially weakest districts of the state.

10. The system of public school support should provide for an equitable system of state and local sharing in the foundation program. The degree of local sharing should be based, as nearly as possible on the true ability of the local district, so that each may contribute uniformly to the foundation program.

SECTION 2. EQUALIZED AD VALOREM ASSESSMENTS. The Legislature recognizes that it would be unfair to the taxpaying citizens of the state to base a system of state financial aid to schools upon the amounts of local ad valorem taxes collected for education as this act does without equalizing ad valorem assessments throughout the state. It is the intention of the Legislature to equalize ad valorem assessments so that every parcel and item of taxable property in the state will be assessed at the same percentage

of its fair cash value. To provide the information necessary for the accomplishment of this goal of equalization the following procedure is established.

1. At the time a deed or other instrument of conveyance is presented to the county clerk for filing, the clerk will present to the grantee a form to be mailed within fifteen (15) days to the Oklahoma Tax Commission on which the grantee will state the consideration paid. Said statement shall not be revealed to the county clerk, county assessor, nor any other official, but is to be mailed direct to said Tax Commission where the information will be treated as confidential and privileged. The purpose of the reports is so that said Tax Commission may have said information to prepare statistics showing the sales assessment ratio in each county.

2. The county clerk will forward to the Tax Commission each ninety (90) days a report showing each conveyance transaction in their county for said period of time listing the name and address of the grantee and the description of the property involved.

3. If the consideration is not a total cash transaction, the grantee will show the cash consideration paid and the amount of any mortgage assumed or owed on the form, which will be prepared by the Tax Commission. Said form shall have a proviso as follows: "If the above consideration which was paid does not represent the true market value of the property involved, please state why." This will give the grantee the right to state in his own words the reason why he might have paid more than the actual or usual price for the property involved. The Tax Commission shall use the information collected for no other reason than to prepare statistical information on each county and school district, to be presented to the Oklahoma Legislature. In preparing these statistical tables for each county, the Tax Commission will not use as a basis

for their ratios, land sold for industrial use, for development purposes or highway purchases, as regards the value of the balance of adjacent lands of the grantor.

SECTION 3. APPROPRIATIONS. There shall be apportioned and disbursed annually by the State Board of Education, from appropriations made by the Legislature for this purpose and from funds derived from other sources provided by law for this purpose, to the several school districts of the state, such sums of money as each school district may be qualified to receive under the provisions of this article. The methods of apportionment and disbursements contained herein shall remain in force until the same are amended or repealed by the legislature. The State Board of Education will furnish the Legislature each year the recommended use of any new educational funds, listing priorities and percentage of new funds recommended for each priority item listed.

SECTION 4. PURPOSE OF FUNDS — FEDERAL FUNDS. A. The funds apportioned and disbursed to the several school districts of the state shall be for the purpose of aiding each school district receiving the same to finance its school budget for each fiscal year. The State Board of Education shall notify the county clerk, county superintendent of schools, the board of education, superintendent of each school district and the school district treasurer of the tentative amount said district is to receive from the funds apportioned under the provisions of this article and disbursed according to the provisions hereof. After such allocation of State Aid has been made by the State Board of Education and certified to the county clerk, treasurer of the school district, county superintendent of schools and district superintendent of schools, such aid may be included as probable income by the board of education in its Estimate of Needs and Financial Statement as submitted to the county excise board, and said excise board shall include such

amount in the approved appropriations, and in addition thereto any federal aid certified or allocated by the State Board of Education shall be included in the appropriation made by the excise board if requested by the board of education; provided, no such federal aid estimate shall be used in any way to reduce the State Foundation Aid or Incentive Aid for such school district or sustain a protest for the reduction of a tax levy. If such allocation of aid is not included in the board of education's estimate of needs, it shall be added by the county clerk to the items of appropriation designated by the board of education of the school district. Funds received under the provisions of this article shall be deposited in the general fund of such school district. Provided, funds received from the Federal Government for current expense purposes shall likewise be added to the appropriation of the general fund if so designated by the board of education of such school district. Provided, further, that the board of education of a school district may enter into agreements with federal agencies for educational projects and programs to be maintained in such districts; and federal funds received by the district in pursuance thereof shall, consistent with the agreement and requirements of the federal agency, be kept, administered and disbursed in such manner as may be prescribed by rules and regulations of the board of education.

B. If the State Board of Education should ascertain that any of the factors on which the apportionment or allocation of State Aid to any school district has so changed as to disqualify such district or to reduce its State Aid, then the State Board of Education shall forthwith notify the county superintendent of schools, the district superintendent, the clerk of the board of education, and the treasurer thereof, as to the amount of reduction in the allocation of State Aid, and the board of education of such district shall immediately request the county clerk to adjust

the items of appropriation in accordance with such reduction as to effect a total reduction in the appropriation by the amount which the State Aid allocation was reduced; and if there has been an overpayment the same shall be returned to the State Treasurer and credited to a refund account which shall be available for further payment of State Aid. Whenever it becomes necessary for a school district to refund any overpayment of monies previously received, such refunds shall be made by warrant issued pursuant to a properly approved claim filed by the person, firm, or agency to whom the repayment is to be made. Provided, school districts using the alternate accounting system shall issue such warrant against a properly approved encumbrance in the manner provided by law. Such claim or encumbrance shall be coded as a refund of prior revenue and paid from the current expense appropriation of the general fund or such other fund or account from which such refund may properly be paid by the school district.

SECTION 5. STATE AUDITOR — COPY OF APPORTIONMENTS. The State Board of Education shall furnish the State Auditor with a copy of the apportionments made from the funds appropriated for each fiscal year to each of the several school districts of the state, and warrants shall be drawn by the State Auditor against appropriations for each fiscal year in accordance with such apportionments only upon the order of the State Board of Education through the Director of Finance. The warrants for the payments to the several school districts of any county shall be forwarded by the State Board of Education through the Director of Finance directly to the treasurer of each school district.

SECTION 6. CLASSIFICATION OF STATE AID FOR PUBLIC SCHOOLS. The programs of State Aid to public schools shall consist of two parts. The first shall be known as "Foundation Pro-

gram Aid," and the second shall be known as "Incentive Aid" as provided in Sections 7 through 12 of this article.

SECTION 7. DEFINITIONS. A. "Average Daily Attendance" (ADA) means the legal average number of pupils, kindergarten through grade twelve, in a school district during a school year as determined pursuant to the provisions of Section 11 of this article. A day of school for kindergarten shall be two and one-half (2 1/2) hours.

B. "District's Net Valuation per ADA" (DNV-ADA) means the district's net valuation divided by the preceding year ADA.

C. "State Net Assessed Valuation per ADA" (SAV-ADA) means state assessed valuation divided by the state ADA.

D. "Base Foundation Support Level" (B-FSL) means the dollar amount in the basic foundation program per ADA.

E. "District Wealth Ratio" (DWR) means the district net valuation per ADA divided by the state net valuation per ADA.

F. "Percentage Matching Support Level" (PMSL) means the support level per ADA for each mill of the general fund levy above the Foundation Program income fifteen (15) mills chargeable levy. Article X, Paragraph 9a, c, d and d-1, Oklahoma Constitution.

G. "Local Support Factor" (LSF) means the percent factor required to be multiplied by the PMSL in order to get a product equal to the state average valuation per pupil times one (1) mill.

H. "District's State Support Ratio" (DSSR) means the district local support ratio subtracted from 1.0000.

I. "District Local Support Ratio" (DLSR) means the district wealth ratio multiplied by the Local Support Factor.

SECTION 8. KINDERGARTEN. It is the intention of the Legislature to provide a free public kindergarten for every five year old child in this state by the school year 1974-1975; to provide state financial aid incentives for school districts which

do not now provide kindergarten to do so before the school year 1974-1975; and to provide state financial aid incentives for school districts which now provide kindergarten to maintain and improve such kindergarten programs. To accomplish these purposes the following incentives and requirements are provided:

1. During the school year 1971-1972 each day during which a child attends a kindergarten for two and one-half hours or more

a. in a district which did not provide free kindergarten in the school year 1970-1971, shall be counted as one day of average daily attendance

b. in a district which did provide free kindergarten in the school year 1970-1971, shall be counted as sixty percent (60%) of one day of average daily attendance.

2. During the school year 1972-1973 each day during which a child attends a kindergarten for two and one-half hours or more

a. in a district which did not provide free kindergarten in the school year 1970-1971, shall be counted as ninety percent (90%) of a day of average daily attendance

b. in a district which did provide free kindergarten in the school year 1970-1971, shall be counted as sixty-five percent (65%) of one day of average daily attendance.

3. During the school year 1973-1974 each day during which a child attends a kindergarten for two and one-half hours or more

a. in a district which did not provide free kindergarten in the school year 1970-1971, shall be counted as eighty percent (80%) of a day of average daily attendance.

b. in a district which did provide free kindergarten in the school year 1970-1971 shall be counted as seventy percent (70%) of one day of average daily attendance.

4. During the school year 1974-1975 and thereafter each day during which a child attends a kindergarten for two and one-half

hours or more shall be counted as seventy-five percent of one day of average daily attendance.

5. From and after September 1, 1974, it shall be the duty of every school district in this state to provide and offer kindergarten free of tuition for every child residing in such district who attains the age of five (5) years by the second day of November during the school year such kindergarten is offered. All acts or parts of acts inconsistent with this subsection 5 are hereby repealed but only to the extent of such inconsistency.

SECTION 9. STATE AID: HOW DETERMINED — FOUNDATION PROGRAM — FOUNDATION PROGRAM INCOME — FOUNDATION AID — EQUALIZED PERCENTAGE MATCHING GRANT. Recognizing the state's responsibility to guarantee a realistic educational program for every school district in accordance with its relative ability to support such program, the amount of State Aid each district will receive shall be the sum of the Foundation Aid and Incentive Aid defined as follows:

1. Foundation Program:

a. District elementary average daily attendance for the next preceding year multiplied by the Base Foundation Support Level. For 1971-1972 school year the BFSL shall be 260.00.

b. District secondary average daily attendance for the next preceding year multiplied by the BFSL times one and two-tenths (1.2).

The sum of a. and b. shall be the Minimum Program.

FLAT GRANTS

c. Special Education. For the education of handicapped, exceptional children, the following grants shall be made in addition to the Foundation Aid and Incentive Aid provided by this act:

(1) To each school district for the number of special education classes which such school district provided during

the school year 1968-1969, the sum of Four Thousand Dollars (\$4,000.00) for the continuation of such class which is provided during the school year 1971-1972 and thereafter.

(2) To each school district for the number of special education classes which such school district provided during the school year 1970-1971, in excess of the number of such special education classes which such district provided during the school year 1968-1969, the sum of Four Thousand Five Hundred Dollars (\$4,500.00) for each such class which is continued, and provided during the school year 1971-1972 and thereafter.

(3) To each school district for the number of special education classes which such school district provides during the school year 1971-1972, and thereafter, in excess of the number of such special education classes which such district provided during the school year 1970-1971, the sum of Five Thousand Dollars (\$5,000.00) for each such class in excess which is provided during the school year 1971-1972, and thereafter.

d. Two Thousand Five Hundred Dollars (\$2,500.00) for each vocational education teacher approved for reimbursement by the Division of Vocational-Technical Education. Provided, further, that for the school year 1971-1972 and each year thereafter the salary of a vocational education teacher shall be calculated on a basis of the months for which the teacher is actually employed, subject to the approval of the State Board for Vocational Education, but not to exceed two (2) months in addition to the school term as defined by this article.

For each additional month employed, the additional salary shall be calculated on the basis of one-tenth (1/10) of the base salary as prescribed by the school district for a teacher of like qualifications employed on a ten-months' basis.

e. Seventy-five percent (75%) of the average approved expenditure for pupil

transportation during the next preceding three (3) years. Transportation calculations shall be on the basis of the following scale where the number of legally transported pupils per square mile during the next preceding year was:

2. Foundation Program Income:

a. The net assessed valuation of the school district during the next preceding year multiplied by fifteen (15) mills.

b. Seventy-five percent (75%) of the amount received by the school district from proceeds of the county levy during the second preceding fiscal year, as levied under Section 9(b), Article X, Oklahoma Constitution.

c. Auto License and Farm Truck Tax, actual collections during the second preceding year computed on a per capita average daily attendance basis.

d. Gross Production Tax.

e. State apportionment.

f. R.E.A. Tax.

Each of the above-mentioned items of the Foundation Program Income from d. through f., inclusive, shall be the amount actually collected from such source during the second preceding fiscal year calculated on a per capita basis on the unit provided by law for the distribution of each such revenue. Notwithstanding the forego-

ing, the amount to be charged as Foundation Program Income from gross production tax shall be the actual collections from such source during the next preceding year if any producing oil or gas wells in the county have been plugged, or any pipelines have been abandoned so as to cause a loss in revenue greater than ten percent (10%) from the amount actually collected during the second preceding fiscal year.

3. Foundation Aid:

The "Foundation Aid" shall be determined by subtracting the amount of the Foundation Program Income from the cost of the Minimum Program and adding to this difference the flat grants in Section 9, paragraphs 1c, d, and e.

4. The Percentage Matching Grant: Calculated as follows:

Step One. Multiply the District Wealth Ratio by the Local Support Factor. This is the district's Local Support Ratio. For the year 1971-72 the LSF shall be .585.

Step Two. Subtract the product in step one from 1.000 to determine the District's State Support Ratio. For the school year 1971-72, the District State Support Ratio shall be a minimum of .415 and a maximum of .53.

Step Three. Multiply the District's State Support Ratio by the Percentage Matching Support Level per mill.

Step Four. Multiply the product of step three by the number of mills levied for general fund purposes above the fifteen (15) mills required to support the Foundation Program, not including the county four-mill levy. (Cannot exceed 20 mills)

Step Five. Multiply the product obtained in step four by the District's Legal ADA for the preceding year. This will be the District's "Incentive Aid."

The above five steps may be reduced to the following formula:

$(1.0000 \text{ minus } (\text{DWR} \times \text{LSF}) \times \text{PMSL} \times (\text{the number of General Fund mills lev-})$

ied minus 15) x District ADA equals DPMG.

In the event that funds are not appropriated by the Legislature sufficient to fund the per pupil minimum set out in Section 9 or in the event funds in excess of such minimum are available, such surplus or deficit shall be apportioned percentage wise on a per pupil basis.

SECTION 10. ADJUSTMENTS AND LIMITATIONS. A. The State Board of Education is authorized to adjust the State Aid for any district on the average daily attendance for a number of consecutive months equal to one-half (1/2) of the current year for districts in which there has been an increase in average daily attendance over the preceding year of twenty-six (26) average daily attendance; or, two percent (2%) of the first ten thousand (10,000) average daily attendance, plus one-half of one percent (.005%) of the next twenty thousand (20,000) average daily attendance, plus one-fourth of one percent (.0025%) of all over thirty thousand (30,000), whichever is the greater.

B. If any district, or a part of a district, becomes a part of another district by consolidation, annexation, or otherwise, the following procedure shall be followed in calculating aid to the new district or districts so formed:

1. If the annexation or consolidation occurs after budgets have been approved by the county excise board and the tax levies approved, the State Aid for the current year shall be calculated for each district as it existed prior to the annexation and prorated to the annexing district or districts on the basis of average daily attendance.

2. If the annexation occurs prior to approval of the school district budgets by the county excise board, the annexed district shall be merged with the annexing district or districts and State Aid shall be calculated according to the formula provided by this act.

C. A full term of school under the pro-

visions of this article shall consist of ten (10) school months in which school has been in session not less than one hundred eighty (180) days; provided, however, that five (5) days may be used for attendance at professional meetings. Provided, further, that a school district may maintain school less than a full term only when other conditions beyond the control of school authorities make impossible the maintenance of said term, but shall have its State Aid reduced proportionately.

D. If a school district operates a school located in a state institution for pupils of school age, the attendance of such children shall be included in the attendance of such school district for the purpose of calculating state aid of the district.

If a school district operates a school located in a state institution for the pupils of school age incarcerated in such institution, the attendance of such children shall be included in the attendance of such school district for the purpose of calculating state aid of the district. Provided, such attendance shall not be used for apportioning other miscellaneous revenue; and such school district state aid shall be paid in the amount of the Foundation Program Aid and Incentive Aid of such school as provided in this article.

E. If any school district shall fail, neglect or refuse, for any reason whatsoever, to provide special education for a handicapped exceptional child, certified as such by competent authorities and residing in such district, as directed in Section 13-1 of Title 70 of the Oklahoma Statutes, the following is hereby authorized:

1. Such child shall be entitled, upon petition by the child's parent or guardian, without consent or approval of the school district not providing special education, to transfer to any adjacent or nearby school district which will accept the handicapped exceptional child and provide the special education which such child is entitled to receive. The school district in which a child transferring under this section re-

sides shall pay to the district receiving and educating such child, as tuition, a special education transfer fee as provided in paragraph 2 of this section. Provided the average daily attendance of such child shall be credited to the home district of such transferee.

2. The special education transfer fee shall be the per capita cost of the receiving district for current expenditures for the special education of such handicapped exceptional child based upon the cost of teachers, equipment, material, and special costs associated with the special education class.

3. It shall be the duty of the school district from which such handicapped exceptional child transfers to appropriate and pay such special education transfer fee to the district which received and educates such child. If a school district owing such special education transfer fees shall fail, neglect or refuse for any reason whatsoever to appropriate and pay such special education transfer fees, then the school district entitled to receive such fees shall certify such fact to the Finance Division of the State Department of Education. Upon receipt of such certification, the Finance Division shall deduct the amount of the special education fee from any State Foundation Program or Incentive Aid otherwise due the sending district and transmit such amount to the receiving district.

SECTION 11. AVERAGE DAILY ATTENDANCE — LEGALLY RESIDENT PUPILS. No pupil shall be counted in the average daily attendance of any district for the purpose set out in this article, unless said pupil is a legal resident of said district or has been transferred thereto; provided, that a pupil moving from a school district during a school term shall be entitled to attend such school for the remainder of that school term. School districts shall not include out-of-state pupils in their average daily attendance for the purpose set out in this article. Pro-

vided, the following pupils shall not be counted: Those who have attained the age of twenty-one (21) years by September 1, or who have completed the twelfth grade, except as elsewhere provided by law for veterans of World War II, the Korean War or the Vietnam War, and those who have not attained the age of five (5) years by November 1 of that school year. In determining the ages of pupils for state aid purposes, birth certificates shall be presented, if obtainable, as proof of age. Provided underage pupils who have been in legal attendance in another state may be legally enrolled and attend an Oklahoma school.

SECTION 12. ALLOCATION GUARANTEE. No school district shall receive less State Aid per ADA under this program in 1971-72 or succeeding years than the district would have received by adding the 1970-71 "Q" factor to Ninety-two Dollars (\$92.00) and multiplying the sum by the preceding year's ADA. Provided, for the school year 1972-73 and thereafter, districts must levy the maximum general fund mills to receive the above guarantee.

SECTION 13. CLASS SIZE. A. For the school years hereinafter indicated no child enrolled in grades one through six shall be included in the Average Daily Attendance of a school district for the purpose of computing and paying Foundation Program Aid or Incentive Aid if that child is, during the school year indicated, regularly assigned to a class that includes more than the number of children hereinafter set forth for the school years indicated:

1. for the school year 1971 - 1972, more than 32 students per class or per teacher if more than one teacher is regularly assigned to the class;

2. for the school year 1972 - 1973, more than 30 students per class or per teacher if more than one teacher is regularly assigned to the class;

3. for the school year 1973 - 1974, more than 28 students per class or per teacher

if more than one teacher is regularly assigned to the class; and

4. for the school year 1974 - 1975, more than 25 students per class or per teacher if more than one teacher is regularly assigned to the class.

B. Provided, however, for the school years hereinafter indicated no child enrolled in grades seven through nine shall be included in the average daily attendance of a school district for the purpose of computing and paying Foundation Program Aid or Incentive Aid if that child is, during the school year indicated, regularly assigned to any class, except those specified below, that includes more than the number of children hereinafter set forth for the years indicated.

1. for the school year 1971-1972, more than 42 students per class or per teacher if more than one teacher is regularly assigned to the class;

2. for the school year 1972-1973, more than 40 students per class or per teacher if more than one teacher is regularly assigned to the class;

3. for the school year 1973-1974, more than 38 students per class or per teacher if more than one teacher is regularly assigned to the class; and

4. for the school year 1974-1975, and thereafter, more than 36 students per class or per teacher if more than one teacher is regularly assigned to the class.

C. Provided, however, that classes in the following subjects will not be subject to the limitations on numbers of students per class set forth in subsection B:

1. physical education;
2. music, vocal and instrumental;
3. art;
4. typing; or
5. vocational courses.

D. Provided, however, if, in adjusting the class size ratio set out above, based on the number of classes in each grade in the previous year, a district, using a five

percent (5%) deviation factor under the maximum set out, cannot meet the obligation so specified, the State Department of Education shall allocate two-thirds (2/3) of the minimum salary to hire an additional teacher, which teacher must be used in the grade affected to reduce each class in said grade so that each said class shall be as nearly equal in number as possible.

E. If a grade has only one teacher, the above ratio shall not be required if the second class would be less than sixteen (16) students, and the penalty provisions of this act shall not be applicable.

F. If there is more than one class per grade and, after using the proviso of subsection D, above, a school would have a class of less than sixteen (16), said students shall be equally divided in the remaining classes and the penalty provisions of this act shall not be applicable.

SECTION 14. MINIMUM SALARIES. No teacher shall be paid less than Six Thousand Dollars (\$6,000.00) for the school year 1970-1971, and thereafter. Provided, further, that no board of education shall apply more than five (5) years active duty in the military service for the purpose of salary increments of years experience counted toward tenure or retirement if either is provided for at the local or state level. Said provisions shall apply whether or not a state of emergency exists or is declared in existence.

SECTION 15. ANNUAL BUDGET CAN INCLUDE INCREASED AID. In the preparation of their budgets and estimates of income for the school years 1971 - 1972 and thereafter, the school districts of this state may include the increased amounts of State Aid provided by this act.

SECTION 16. FORFEIT STATE AID. A. Any school district which wilfully operates school buses contrary to the rules and regulations prescribed by the State Board of Education shall forfeit its State Aid for the time of noncompliance. All State Aid funds shall be withheld from any school district that does not comply

with the standards of the State Board of Education for accrediting.

B. 1. No more than fifty percent (50%) of the funds apportioned to school districts under the provisions of this article shall be paid by the state unless and until there has been filed with the State Board of Education on forms prescribed by such Board an itemized sworn account of the expenditures of the school district during the next preceding fiscal year and a teacher personnel report for the current year.

2. All State Aid paid to a district whose district budget, as filed with the State Auditor, shows that the appropriations of the district, plus the State Aid and other cash funds for which the district qualifies, will not enable it to maintain a full term of school as defined by this article, shall be credited against the State Aid of the district or districts to which the first district shall be annexed, if annexation is required. It is intended that the balance of any unexpended State Aid or other revenue originally allocated to an annexed district shall be paid to the receiving district.

C. School districts receiving State Aid shall not spend any of these funds except by regularly issued warrants based upon a sworn and certified itemized claim executed by or on behalf of the person or firm furnishing the service or things for which payment is claimed. Amendment No. 1. Amend by striking

the Title, Enactment Clause and Entire Bill and substitute the following:

An Act relating to workmen's compensation; amending 85 O.S. 1961, § 22, as last amended by Section 1, Chapter 318, O.S.L. 1970 (85 O.S. Supp. 1970, § 22); providing schedule of compensation for injuries; providing operative date; and declaring an emergency.

Be it enacted by the people of the State of Oklahoma:

SECTION 1. 85 O.S. 1961, § 22, as last amended by Section 1, Chapter 318, O.S.L. 1970 (85 O.S. Supp. 1970, § 22), is amended to read as follows:

§ 22. The following schedule of compensation is hereby established:

1. Permanent Total Disability. In case of total disability adjudged to be permanent, sixty-six and two-thirds percent (66 2/3%) of the average weekly wages shall be paid to the employee during the continuance of such total disability not exceeding five hundred (500) weeks; loss of both hands, or both feet, or both legs, or both eyes, or any two (2) thereof, shall, in the absence of conclusive proof to the contrary, constitute permanent total disability. In all other cases, permanent total disability shall be determined in accordance with the facts.

2. Temporary Total Disability. In cases of temporary total disability, sixty-six and two-thirds percent (66 2/3%) of the average weekly wages shall be paid to the employee during the continuance thereof, but not in excess of three hundred (300) weeks, except as otherwise provided in this act.

3. Permanent Partial Disability. In case of disability, partial in character but permanent in quality, the compensation shall be sixty-six and two-thirds percent (66 2/3%) of the average weekly wages, and shall be paid to the employee for the period named in the schedule, as follows:

Thumb: For the loss of thumb, sixty (60) weeks.

First Finger: For the loss of the first finger, commonly called the index finger, thirty-five (35) weeks.

Second Finger: For the loss of a second finger, thirty (30) weeks.

Third Finger: For the loss of a third finger, twenty (20) weeks.

Fourth Finger: For the loss of a fourth finger, commonly called the little finger, fifteen (15) weeks.

Phalange of Thumb or Finger: The loss of the first phalange of the thumb or finger shall be considered equal to the loss of one-half of such thumb or finger, and compensation shall be one-half of the amount above specified; the loss of more than one phalange shall be considered as the loss of the entire thumb or finger; provided, however, that in no case shall the amount received for more than one finger exceed the amount provided in this schedule for the loss of a hand.

Great Toe: For the loss of a great toe, thirty (30) weeks.

Other Toes: For the loss of one of the toes other than the great toe, ten (10) weeks.

Phalange of Toe: The loss of the first phalange of any toe shall be considered to be equal to the loss of one-half of the amount specified. The loss of more than one phalange shall be considered as the loss of the entire toe.

Hand: For the loss of a hand, two hundred (200) weeks.

Arm: For the loss of an arm, two hundred fifty (250) weeks.

Foot: For the loss of a foot, one hundred fifty (150) weeks.

Leg: For the loss of a leg, one hundred seventy-five (175) weeks.

Eye: For the loss of an eye, [one hundred (100)] TWO HUNDRED (200) weeks.

Deafness: Total deafness from accident or sudden trauma, two hundred (200) weeks, and total deafness of one (1) year from accident or sudden trauma, one hundred (100) weeks.

Loss of Use: Permanent loss of use of a thumb, finger, toe, arm, hand, foot, leg or eye shall be considered as the equivalent of the loss of such thumb, finger, toe, hand, arm, foot, leg or eye.

For the permanent partial loss of use of a member, loss of hearing or sight of an eye, sixty-six and two-thirds percent (66 2/3%) of the average weekly wage during that portion of the number of weeks in the foregoing schedule provided for the loss of such member or sight of an eye which the partial loss of use thereof bears to the total loss of use of such member, loss of hearing or sight of an eye.

Amputations: Amputation between the elbow and the wrist shall be considered as the equivalent of the loss of a hand. Amputation between the knee and the ankle shall be considered as the loss of a foot. Amputation at or above the elbow shall be considered as the loss of an arm. Amputation at or above the knee shall be considered as the loss of a leg.

The compensation for the foregoing specific injuries shall be in lieu of all other compensation except the benefits provided in Section 14 of this title.

In case of an injury resulting in serious and permanent disfigurement, compensation shall be payable in an amount to be determined by the Court, but not in excess of Three Thousand Dollars (\$3,000.00); provided, that compensation for permanent disfigurement shall not be in addition to the other compensation provided for in this section, but shall be taken into consideration in fixing the compensation otherwise provided.

Hernia: In case of an injury resulting in hernia, temporary total compensation for fourteen (14) weeks, and the cost of an operation shall be payable; provided, however, in any case where the injured employee has been twice previously operated for hernia in the same area and it is established by opinion of a competent surgeon that further surgery will not result in full relief of the condition, the Court

may then award compensation for disability resulting therefrom under subdivision 1 of this section, or, if not totally and permanently disabled, then under the "other Cases" -subdivision following, and, after a second surgical attempt to repair hernia, the injured may not be required to submit to further surgery in an effort to relieve the disability thereafter existing; provided, further, the use of any artificial reinforcement or device, with or without surgery, shall not be the basis of reducing extent of disability to be awarded.

Other Cases: In all other classes of disabilities, excluding only those heretofore referred to in subdivision 3, which disabilities result in loss of use of any portion of an employee's body, and which disabilities are permanent in quality but partial in character, the compensation ordered paid shall be sixty-six and two-third percent (66 2/3%) of the average weekly wage during that portion of the number of weeks which the partial disability of the employee bears to the total permanent disability.

4. Temporary Partial Disability. In case of temporary partial disability, except the particular cases mentioned in subdivision 3 of this section, an injured employee shall receive sixty-six and two-thirds percent (66 2/3%) of the difference between his average weekly wages and his wage-earning capacity thereafter in the same employment or otherwise, if less than before the injury during continuance of such partial disability, but not in excess of three hundred (300) weeks, except as otherwise provided in this act.

5. Limitation. The compensation payments under the provisions of Workmen's Compensation Law shall not exceed the sum of **Forty-nine Dollars (\$49.00)] SIXTY DOLLARS (\$60.00)** per week for temporary disability, **Forty-three Dollars (\$43.00)] FORTY-NINE DOLLARS (\$49.00)** per week for permanent partial disability, and **Forty-three Dollars (\$43.00)] FORTY-NINE DOL-**

LARS (\$49.00) per week for permanent disability or at any time be less than **[Fifteen Dollars (\$15.00)]** TWENTY DOLLARS (\$20.00) per week; provided however, that if the employee's wages at the time of the injury are less than **[Fifteen Dollars (\$15.00)]** TWENTY DOLLARS (\$20.00) per week, he shall receive his full weekly wages; provided further, that the compensation received as provided under subdivision 4 of this section shall not, when added to the wages received by such employee after such injury, amount to a greater sum than his average weekly wages received prior to said injury.

6. Previous Disability. The fact that an employee has suffered previous disability or received compensation therefor shall not preclude him from compensation for a later injury; but in determining compensation for the later injury his average weekly wages shall be such sum as will reasonably represent his earning capacity at the time of the later injury.

7. **[A.]** If the injury causes death within two years from the date of the accident or if the injury causes continuous disability and causes death within five years from the date of accident, notice of which was given as provided in this act, compensation shall be payable in the **[amount of Fourteen Thousand Dollars (\$14,000.00) and to the dependents of the deceased employee as defined herein]** AMOUNTS AND FOR THE BENEFIT OF THE PERSONS FOLLOWING:

(1) IF THERE BE A SURVIVING SPOUSE AND NO DEPENDENT SURVIVING CHILD OF THE DECEASED, TO SUCH SURVIVING SPOUSE THE SUM OF FOURTEEN THOUSAND DOLLARS (\$14,000.00) PAYABLE AS PROVIDED HEREFTER.

(2) IF THERE BE A SURVIVING SPOUSE AND ONE SURVIVING DEPENDENT CHILD, TO THE SURVIVING SPOUSE AND SURVIVING DEPENDENT CHILD THE SUM OF EIGHTEEN THOU-

SAND DOLLARS (\$18,000.00), PAYABLE AS PROVIDED HEREAFTER.

(3) IF THERE BE A SURVIVING SPOUSE AND TWO SURVIVING DEPENDENT CHILDREN, TO THE SURVIVING SPOUSE AND THE TWO DEPENDENT CHILDREN THE SUM OF TWENTY-TWO THOUSAND DOLLARS (\$22,000.00), PAYABLE AS PROVIDED HEREAFTER.

(4) IF THERE BE A SURVIVING SPOUSE AND THREE OR MORE SURVIVING DEPENDENT CHILDREN, TO THE SURVIVING SPOUSE AND THE THREE OR MORE SURVIVING DEPENDENT CHILDREN THE SUM OF TWENTY - FIVE THOUSAND DOLLARS (\$25,000.00) PAYABLE AS PROVIDED HEREAFTER.

(5) IF THERE BE NO SURVIVING SPOUSE, BUT THE DECEDENT IS SURVIVED BY A DEPENDENT CHILD OR CHILDREN, THE SUM OF FOURTEEN THOUSAND DOLLARS (\$14,000.00) SHALL BE PAYABLE FOR ONE DEPENDENT CHILD, AND FOUR THOUSAND DOLLARS (\$4,000.00) FOR EACH ADDITIONAL DEPENDENT CHILD, EXCEPT THAT IN NO EVENT SHALL THE TOTAL AMOUNT SO AWARDED EXCEED TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00), PAYABLE AS PROVIDED HEREAFTER.

(6) IF THERE BE NO SURVIVING SPOUSE OR SURVIVING DEPENDENT CHILDREN, AND IF THERE BE A DEPENDENT MOTHER OR FATHER, FOURTEEN THOUSAND DOLLARS (\$14,000.00), SHALL BE PAID TO SUCH DEPENDENT MOTHER OR FATHER, PAYABLE AS PROVIDED HEREAFTER.

(7) IF THERE BE NO SURVIVING SPOUSE OR DEPENDENT CHILDREN, OR DEPENDENT MOTHER OR FATHER, AND THERE BE DEPENDENT BROTHERS AND SISTERS, THEN THE SUM OF FOURTEEN THOUSAND DOLLARS (\$14,000.00) SHALL BE PAID TO SUCH SURVIVING DEPENDENT BRO-

THERS AND SISTERS, AS PROVIDED HEREAFTER.

(8) IF THERE BE NO SURVIVING SPOUSE, DEPENDENT CHILDREN, DEPENDENT MOTHER OR FATHER OR DEPENDENT BROTHERS OR SISTERS, THE INDUSTRIAL COURT SHALL AWARD TO THE ESTATE OF SAID DECEASED ONE THOUSAND DOLLARS (\$1,000.00) FOR FUNERAL EXPENSES AND SHALL ORDER THE PAYMENT OF ANY MEDICAL EXPENSES INCURRED BY DECEASED AS A RESULT OF THE INJURY CAUSING HIS DEATH.

(9) THE INDUSTRIAL COURT IN ITS DISCRETION, UPON A SHOWING OF NECESSITY, MAY PROVIDE THAT ALL OR A PORTION OF ANY BENEFITS OR AWARD SHALL BE PAID IN A LUMP SUM AND WHERE THERE ARE DEPENDENT CHILDREN OR BROTHERS OR SISTERS OR MOTHER AND FATHER, THE INDUSTRIAL COURT SHALL DETERMINE THE AMOUNT OR AMOUNTS OF SAID AWARD PAYABLE TO EACH SUCH CHILD, MOTHER OR FATHER, OR BROTHER OR SISTER.

(10) If death occurs more than five (5) years after the date of the accident, it shall be conclusively presumed that death did not result from the injury.

[B. If the Industrial Court Finds that there is no person who is entitled to any of the benefits provided by paragraph A of this subsection, the employer, upon such finding becoming final, shall pay to the estate of the deceased employee the sum of Seven Hundred Dollars (\$700.00).

[8. Except as in this act otherwise provided, compensation for disability from silicosis or asbestosis shall be payable in accordance with the provisions of this section; provided, however, that no compensation shall be payable for partial disability from silicosis or asbestosis; and provided further that, during a transitory period, the aggregate compensation payable to employees and their dependents for disability and death from silicosis or as-

bestosis shall be limited as follows: If disablement occurs or, in case of no claim for prior disablement, if death occurs in the calendar month in which the amendments to this act become effective allowing compensation under this act for the occupational diseases of silicosis and asbestosis, the total compensation and death benefits shall not exceed the sum of One Thousand Dollars (\$1,000.00). If disablement occurs or, in the case of no claim for prior disablement, if death occurs during the next calendar month, the total compensation and death benefits payable shall not exceed Eleven Hundred Dollars (\$1,100.00). Thereafter the total amount of the compensation and death benefits payable for disability and death shall increase at the rate of One Hundred Dollars (\$100.00) per month, the aggregate payable in each case to be limited according to the foregoing formula for the month in which disability occurs or, in case of no claim for prior disablement, in which death occurs. Such progressive increase in the limits to the aggregate compensation and benefits for disability and death shall continue until the limit upon such benefits fixed in this section, or other sections of the Workmen's Compensation Law of this state, is reached, and thereafter the total aggregate of such compensation and benefits shall be the total compensation and benefits otherwise provided in this section, or other sections of the Workmen's Compensation Law of this state.]

SECTION 2. This act shall become operative October 1, 1971.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.

WHEREAS, as provided in Article XIII-A of the Constitution of Oklahoma, the Oklahoma State Regents for Higher Education is the coordinating board of control of all institutions comprising The Oklahoma State System of Higher Education; and

WHEREAS, among the constitutional powers and duties of said Oklahoma State Regents for Higher Education is that of allocating funds appropriated by the Legislature to the various institutions of the state system according to their needs and functions; and

WHEREAS, in accordance with Article XIII-A of the Constitution of Oklahoma such appropriations when made by the Legislature must be made in consolidated form without reference to any particular institution in the state system; and

WHEREAS, the Legislature, in its review and consideration of budget recommendations submitted to it by the State Regents and its study of certain fiscal problems and conditions of institutions and certain fiscal policies of the State Regents, recommends and establishes certain policy guidelines for the attention and considera-

tion of said Oklahoma State Regents for Higher Education.

NOW, THEREFORE BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE:

SECTION 1. It is the intent of the Legislature that the State Regents shall formulate a policy statement on the whole subject of student fees with the view of holding charges to the lowest minimum possible, and define that portion of the educational cost which should be borne by students in the form of charges for enrollment in the various courses of study at institutions, and establish appropriate limits accordingly as intended by the Constitution and statutes. The Oklahoma State Regents for Higher Education shall have authority to establish enrollment fees and tuition for nonresident students at such rates deemed appropriate and consistent with policies of the State Regents on the subject of student charges, provided that the schedule of required fees and tuition for nonresident students shall be a minimum of Thirty-six Dollars (\$36.00) and a maximum of Forty-two Dollars (\$42.00) per semester hour at the state universities; a minimum of Twenty-four Dollars (\$24.00) and a maximum of Thirty Dollars (\$30.00) at the state colleges and other four-year institutions; and a minimum of Seventeen Dollars (\$17.00) and a maximum of Twenty-three Dollars (\$23.00) at the junior colleges. SECTION 2. The State Regents should make a thorough study of the income received for the revolving fund of each institution and other budget agency to de-

termine that all educational budget income, as defined by the law creating the revolving fund, the State Budget Law, and the manual of the National Committee on Standard Reports, is being collected and deposited by each institution into the revolving fund of the State Treasury as provided by law; but, in keeping with the definition of "revolving fund" recommended in the Second Annual Report of the Oklahoma Commission on Education, income from gifts, research grants and contracts which is deposited for the revolving fund of any institution shall not be considered by the Oklahoma State Regents for Higher Education in determining the allocation of state appropriated funds to each institution.

to negotiate; making provisions of act applicable to nonprofessional educator employees; and prohibiting certain discriminatory acts.

Be it enacted by the people of the State of Oklahoma:

SECTION 1. It is the purpose of this act to strengthen methods of administering employer-employee relations through the establishment of an orderly process of communications between school employees and the school district.

SECTION 2. The local board of education shall recognize a professional organization that secures authorization signed by a majority of the professional educators designating said organization as their representative for negotiations. The members of the professional organization shall be professional educators employed by and serving in the district they propose to represent and no other person shall be authorized to represent the professional educators. The bargaining representatives of the professional organization shall be elected by a majority of the professional educators of the district they are to represent at an election called after proper notice is given to all the professional educators of the district. Any person who desires not to be represented by any organization, as provided for herein, may so state in writing to his board of education.

SECTION 3. The local board representatives shall be presently serving on the board or employed by said board and no other person shall represent the board. Provided nothing herein shall prohibit the employment of legal counsel for consultative purposes by local board or professional organization.

SECTION 4. Professional educators shall be defined as certified public school teachers.

SECTION 5. All employees of a school district other than those employees who are professional educators shall likewise be eligible to designate an organization

composed exclusively of such employees to represent them in negotiating and concluding an agreement with such school district on the terms and conditions of their employment. Such nonprofessional educator employees shall have the same rights and duties with respect to such matters as those conferred upon professional educators and professional organizations by this act. Any representatives for said organizations shall be employed by the school district within the district, and no other person shall be authorized to represent said organization.

SECTION 6. Once the organization has been determined, the board of education or its duly designated representative must meet with the duly designated representative of the organization and within sixty (60) days shall complete an agreement outlining negotiation procedures. The board of education and the representatives of the organization must negotiate in good faith on items affecting the performance of professional services.

SECTION 7. A procedure for resolving impasses will be developed by the board of education and the representatives of the professional or nonprofessional organization; if agreement cannot be reached, the items causing the impasse shall be referred to a three-member committee. This committee shall consist of one member selected by the representatives of the professional organization or the nonprofessional organization as the case might be, one member selected by the local board of education and the third member selected by the first two members, and this third member shall serve as chairman of the committee. § 915. A. (1) Any member who shall retire on or after his normal retirement date shall be entitled to receive an annual retirement benefit equal to the sum obtained by adding an amount for participating service and an amount for prior service determined as herein provided. The amount for participating service shall be equal to one and one-half percent (1½%) of the member's final average salary multiplied by the number of years of participating service entitled to credit as provided in Section 913 of this title, except that it shall not be less than the minimum amount for prior service.

(2) Any member who shall retire before the normal retirement date shall receive an annual retirement benefit equal to the actuarial equivalent of but not exceeding the benefit payable had the member retired on the normal retirement date but based upon the member's final average salary and years of participating and prior service to date of actual retirement.

B. A member shall be considered disabled if such member qualifies for the payment of Social Security disability benefits, and shall be eligible for benefits hereunder upon proof of such disability, PROVIDED SUCH MEMBER IS AN ACTIVE FULL-TIME EMPLOYEE WITH A PARTICIPATING EMPLOYER AT THE TIME OF HIS DISABILITY and after completion of at least ten (10) years of participating service or combined prior and participating service. No optional forms of benefit payments shall be allowed. Benefit payments shall cease upon the member's recovery from disability prior to age sixty-five (65). Future benefits, if any, shall be paid based upon length of services and compensation as of the date of disability. Lt. Governor Nigh, President Pro Tempore Smith, Speaker Privett, and Legislators:

You were convened in an extraordinary session to consider ratification of an amendment to the United States Constitution extending the right to vote to citizens eighteen years of age or older.

When this call was made, there were 34 States which had ratified this important and far-reaching amendment. Because of the widespread reputation of the courage of the 33rd Oklahoma Legislature and its well-known dedication to issues of equity

and liberty, four State Legislatures since were spurred to ratification.

This dramatic, nationwide response to Oklahoma leadership is a credit to each thoughtful and dedicated member of the 33rd Oklahoma Legislature. Interested lawmakers across the Nation believed the slightest hesitation would have left their State out of the ratifying 38. They know Oklahoma fosters a progressive democracy. And as Theodore Roosevelt said, "A great democracy must be progressive or it will soon cease to be a great democracy." Ratification of this amendment is a progressive action.

The sole question placed before this Legislature may have been deprived of practical value. There remains, however, the possibility of technical error in the ratification of some of the 38 States who have acted, which prompts me to urge your favorable vote on the issue.

Beyond that, Oklahoma's right tradition of liberty would be enhanced by action on this amendment although, in all appearances, the franchise already has been extended to 18, 19, and 20 year olds.

We said a special session of the Oklahoma Legislature would be called if it appeared that the action would be significant. The call was made at a point in time when Oklahoma's leadership was needed. The action was significant. While we had no desire to assume any magical numerical position in ratification, we wanted to be among the 38.

The majority of members of the 33rd Oklahoma Legislature have stood for righteous change at times when lesser men shrunk from duty. You knew what was right and proper even when those issues lacked glamor and popularity of others.

You are an exceptional Legislature with extraordinary leadership. Knowing your caliber and the depth of convictions of the majority of your members, I am proud to have convened you for the pur-

pose of ratifying which now undoubtedly is the 26th Amendment to the Constitution of the United States of America.

Upon motion of Senator Terrill, the Joint Session was ordered dissolved.

The Senate, reassembled in its Chamber, was called to order by President Pro Tempore Smith, who declared a quorum present.

Senator Terrill moved that the Message of the Governor, delivered in Joint Session, be printed at length in the Journal, which motion prevailed.
