One vacancy from resignation.

The President declared a quorum present.

The following prayer was offered by Reverend Joe Dickens, Pastor, John Calvin Presbyterian Church, Tulsa, and incorporated upon request of President Pro Tempore Smith.

God our Father, we turn to you at the beginning of a new year to acknowledge you as our hope, our strength, and our future. We thank you for the joys and the accomplishments of the past, and especially for a new hope, a new day, a future.

We pray, O God, for the people of this State, and for these men whom they have chosen to be their lawmakers.

Grant to these senators a new vision of the opportunities for service to the people. Do not let the weariness of their job, nor the burden of failure, nor the apathy of the people dim that vision. Give them strength for hard work, courage for right decisions, and stubbornness for achieving the goals of faithful service to the people.

You who taught us that we cannot claim to love you unless we love our brother, let the spirit of honest and real love permeate this body. Give them respect for the differing opinions of others, tolerance for others' slowness and weakness, and the patience to work together.

Give to all who work away from the

spotlight to serve this body, patience, strength and understanding. Grant that they too may serve with honor.

We ask your blessing in the name of him who taught us that to be great is to be a servant, Jesus Christ our Lord Amen.

Senator Baldwin asked unanimous consent, and it was granted, that the Rules of the 32d Legislature be adopted as the TEMPORARY Rules for the 33d Legislature.

Administration, has spent \$68 million dollars on state programs previously supported by the General Revenue Fund.

Oklahoma is also a trend setter in agriculture. We were the first state in the nation to pass the Model Wholesome Meat Act in 1968. We also have attained the status of a Modified Certified Brucellosis Free State, and Oklahoma is the leading exporter of registered breeding cattle. The Sales Tax on farm machinery was eliminated. Also of interest to rural Oklahoma is the fact that 208 flood control structures have been built in the last four years to bring the total to 1,477 in Oklahoma. Thirty percent of the watershed dams constructed under Public Law 566 in the nation have been built in Oklahoma. Last summer, planning for a statewide water system was initiated. This ambitious program to provide an adequate water supply to every community will cost an estimated \$4 billion dollars in federal, state, and local funds over the next 100 years.

Our State's Transportation System also has made considerable progress during this Administration. Long range programming of highway construction was extended to five years with roads to be built on a basis of need, not political promises. Of 810 miles on our Interstate System, 677 miles are now open to traffic. New Interstate Segments of 11.8 miles and 2.5 miles for Oklahoma City and Tulsa respectively were approved by the Federal Bureau of Roads. Oklahoma ranks 11th in the nation in the number of miles of 4 lane limited access roads. A five year program for widening, improving, and maintaining 55% of our highway system was initiated during the last four years. The Act of 1970 permitting the advance purchase of highway right-of-way has already resulted in a substantial savings of tax dollars.

The State Turnpike Authority constructed the 53 mile Muskogee Turnpike and the 64 mile Indian Nation "B" Turnpike.

And the Cimarron Turnpike has been validated by the Oklahoma Supreme Court.

In AIR Transportation, 14 new airports have been constructed in the last four years. Oklahoma now ranks 16th in the nation in the number of airports.

And just last week, the Arkansas River Navigation Project was opened on a limited basis.

During this Administration, the minimum salary of our state employees was increased by 55%, from \$200/month to \$310/month. The State Merit System now covers eight additional agencies or programs and 2,000 more employees. The average monthly retirement benefit for state employees is now \$93.58, compared with \$27.83 four years ago. Recently, health and accident insurance, plus group life of \$12,000 was added.

A \$99 million dollar HERO bond issue was approved by the voters for capital improvements. \$67 million dollars will go for higher education.

To enrich the cultural lives of ALL Oklahomans, particularly those in rural areas, the Oklahoma Arts and Humanities Council was funded by the State for the first time in history.

These accomplishments in the short period of four years are the result of a team effort.

I am proud of the record established by the many capable and dedicated citizens who have occupied directorships and key positions in this Administration. I thank them for their tireless efforts to build a better Oklahoma. This Administration has demonstrated to the voters and taxpayers of this State what honest, concerned, and dedicated State Government can accomplish without a general State Tax Increase. I believe the record of this Administration, which is reviewed in detail in the Appendix on your desks, is a record of progress, economic growth, and improved services to the citizens of Oklahoma.

As we look to the future in Oklahoma,

THE STATE OF THE STATE MESSAGE

Delivered by

Governor Dewey F. Bartlett

January 5, 1971

Governor Nigh, Speaker Privett, President Pro Tem Finis Smith, Honorable members of the 33rd Oklahoma Legislature, guests, my fellow OKIES, Ladies and Gentlemen:

Welcome back to Oklahoma City for the start of the Fifth Annual Session of the Oklahoma Legislature.

Eight years of public service to the people of Oklahoma will end for me next week. I value very much this honor and these years, and I thank you for the cooperation I have received — as a Senator, and most particularly the last four years as Governor of Oklahoma.

My special thanks to your leaders — Senator McSpadden and Senator Smith as Presidents Pro Tempore, Representative Privett as Speaker, Senator Garrison and Representative Connor as Minority Floor Leaders.

The record of this Administration is your record and mine combined with the efforts of the entire executive and judicial branches of government, and thousands of concerned citizens of Oklahoma.

Most of you looked for solutions to state problems through a Democratic point of view — I from a Republican viewpoint. This competitive difference, I believe, brought out the best in each of us.

You looked for solutions from the point of view of your constituents in your districts, as well as for the benefit of the entire citizenry — I from the point of view of all the citizens.

BECAUSE of an embryo two-party sys-

tem — NOT in SPITE OF IT — we have had a competitive yet harmonious relationship, 56 vetoes with only 3 final overrides attests to this fact. This relationship has produced a good record — Your record, mine, and that of the executive and judicial branches of Oklahoma State Government — the record of this Administration.

This record is the State of the State of Oklahoma, to which I am required by the Constitution to address myself.

During the four years of this Administration, there was a grand total of \$1,116,148,346 dollars appropriated by the Legislature. This represents a 46.4% increase over the total appropriations during Governor Bellmon's Administration, and an increase of 81.6% over the four years of Governor Edmondson.

During the four years of this Administration, from fiscal 1967 to 1971, total appropriations increased by \$131.8 million, or 65.3%.

Some of the reasons for this tremendous growth in the State's appropriated revenue are a general growth in the State's economy, an amendment to the Budget Balancing Act, an increase in the cigarette and tobacco taxes, and a more vigorous collection of taxes by the State Tax Commission, for example (27,700 more State Income Tax Returns were filed last year as compared with the previous year).

Reviewing the major functions of State Government reveals some astounding accomplishments over the last four years.

Appropriations to our Education System increased by 81.9%, Public Health and Assistance increased by 82.8%, Mental Health was up 29%, Social Services up 19%, Public Safety increased 63%, our Highway Program increased by 27%, the Regulatory Services had an appropriation increase of 70%, and Natural Resources rose 71%.

All of this growth and expansion in the services State Government provides its citizens has been accomplished over the

last four years WITHOUT a General State Tax increase. We have experienced economic growth, and we have learned to stretch the Tax Dollar by bringing better efficiency and economy to State Government.

During the four years of this Administration, a total of \$711,771,000 dollars has been, or will be, invested in new or expanded industry in 67 of the State's 77 counties. According to the companies involved, this industrial growth has created, or will create, more than 37,000 jobs. A World Trade Specialist, added in 1970 to the staff of the Industrial Development and Park Department, will develop Foreign Trade for Oklahoma companies.

For the first time in Oklahoma history, the available labor force in our State passed the One-Million mark — in each of the last two years.

Employment has increased to an estimated 994,000 in 1970. This is an increase of approximately 4,600 over 1969, and is 71,600 more than in 1966, or a 7.8% increase over the four years.

This phenomenal growth and expansion of Oklahoma's economy has been the work of a most competent Industrial Development Team in State Government, coupled with hundreds of leaders at the local level. There is a new enthusiasm in rural Oklahoma — an enthusiasm that is generated by its proven ability to attract industry and job opportunities. It has shown leadership and civic pride by making the small communities of Oklahoma attractive to industry "on the grow." They now face the future with confidence and hope.

Assisting in the economic development of Oklahoma are several programs. The Ozarks Regional Commission has spent \$4.8 million dollars in Oklahoma over the past four years. Oklahoma had the first Economic Development Administration District west of the Mississippi. We now have 6 EDA Districts which have developed \$27.1 million dollars in federal programs during this Administration. Last

year, Oklahoma was 4th among the 50 states in EDA expenditures. The Oklahoma Commission for Full Employment, Operation PRO (Petroleum Retail Ownership), and the Okie-Type Companies were created to boost minority employment and management in the State.

Our Tourism Program generated an estimated \$435 million dollars in expenditures in Oklahoma last year, more than half of which came from out-of-state travelers.

Six years ago, legislation was being prepared to sell the State Lodges because of their large indebtedness and low profits. Last year, not only was the debt paid off two years in advance, but \$690,000 is currently being spent to refurbish the lodges.

The Management Study of State Government is saving the State an estimated \$20 million dollars a year by stretching the tax dollar, producing additional revenues, and using sound business practices. New programs such as the consolidation of Data Processing and the creation of a State Motor Pool were started. The Department of Community Affairs and Planning was created in 1970 to lend state expertise to the local communities in implementing federal programs, overall planning, and coordinating with both the State and the Federal Government. The program for emphasizing State-chartered banks has increased the number from 199 to 231, thus keeping more money in the State. The investment of idle state funds, handled by the Land Office, resulted in \$355,000 additional income in two years. And the rentals charged on Public School Lands were made more realistic, providing an increase of \$750,000 annually. These two increases directly benefit the school children of Oklahoma. The School Land Office operates a greatly expanded program with eight fewer employees. Oklahoma leads all 19 states having insurance funds with the greatest percentage of yield from invested monies. A half-million dollar refund — the largest in history —

was made in 1970 to public agencies which buy Workmen's Compensation Insurance from the State. The State Highway Department is currently responsible for a program increased by \$25 million, yet administered by 126 fewer employees than in December 1966. The Administration's efforts to earn an equitable rate of interest on the taxpayers' money on deposit in Oklahoma banks was instrumental in an increase in state revenues of over \$5 million dollars a year.

Other governmental reforms include the complete overhaul of our Penal System. The Department of Corrections was created in 1967 and is now involved in innovative programs, such as the Pre-Release Centers and the Link Committee, to cut the recidivism rate. During the last four years our inmate population has increased by one-third, while appropriations increased by one-half. The number of probation and parole officers has increased from 13 to 58, increasing the number under supervision from under 1,000 to over 6,000. Construction is underway on a diagnostic evaluation center for adults at McAlester, and on a similar facility for juveniles at the Hissom Home in Sand Springs.

Oklahoma's Judicial System also was revamped during this Administration, and Oklahoma is now considered a leader among states in Court Reform. Judicial salaries were increased significantly; Supreme Court and Court of Criminal Appeals Judges now run on their record; and other judicial races are non-partisan. One of the initial acts of my Administration was the establishment of a voluntary Judicial Nominating Commission to recommend qualified persons for appointment to judicial vacancies. In 1967, our Constitution was changed to adopt this concept for appointment of our appellate judges.

Oklahoma, the only state in the nation to administer its own Office of Economic Opportunity without going through a regional office, is reaching the poor more effectively than other states. This is known

by the federal government as the "Oklahoma Plan". The State OEO Youth Program has received national recognition. Among other things, we appointed the first Youth Advisory Council.

In order to guarantee equal rights to all our citizens, the Civil Rights Act was passed during this Administration. The first black judge and the first blacks on the A & M Board of Regents and the Tulsa Junior College Board of Regents were appointed by this Administration. The first five blacks are now on the Highway Patrol.

The Oklahoma Indian Affairs Commission was created and the first Oklahoma Indian Trade Fair was held during this Administration.

One of the hallmarks of this Administration has been the unprecedented support of our common school education system. Appropriations increased by 89.3% over the last four years, the biggest increase in State History. A grand total of more than \$364 million dollars was appropriated to common school education during this Administration.

For the first time, state monies were appropriated for school counselors, special education, and kindergartens. The number of school counselors has increased from 370 to 540 over the last four years. The number of students receiving special education has increased by 191.1%, from 14,117 to an estimated 41,200 during the four years. The number of kindergarten teachers has increased by 83%, and the number of kindergarten students has increased by 51%.

The average teacher's salary increased by \$1,565 and our Teachers' Retirement Program was so completely overhauled that it is now regarded as one of the finest in the nation. In essence, the retirement benefit for a teacher with 40-years of experience has increased during this Administration from \$180 a month to \$340 a month, an increase of 88%.

Oklahoma ranks SECOND IN THE NA-

TION in enrollment with 95.7% of our children between the ages of 5 and 17 enrolled in school. Seventy percent of our high school graduates go to college, compared with the national average of only 62%.

Appropriations to the State System of Higher Education increased by 66.1% during this Administration. Faculty salaries rose by 31.9%. The first new, fully state-supported institution of Higher Education in Oklahoma in 50 years began operation during this Administration when Tulsa Junior College opened its doors last fall. We greatly increased the output of health and medical technicians to match the needs of the State. This includes a program to increase the output of doctors by 50%. Last fall's freshman class at the University of Oklahoma Medical School enjoyed a 35% increase in enrollment. We also began a Rural Medical Education Scholarship Fund to attract graduating doctors to the rural areas of Oklahoma. A new closed-circuit televised instructional program will soon bring post-graduate courses from four Oklahoma campuses to industrial communities of Oklahoma. Our colleges and universities confer 20% more Bachelors', Masters', and Doctors' Degrees than the average state on a population basis. The first state funding of the Student Loan Program began during this Administration, guaranteeing \$13.9 million in loans to 13,355 students. And plans are underway for the Oklahoma School of Dentistry to open its doors in the fall of 1971.

Our Vocational-Technical Education Program has grown from four to 15 schools in the last four years and is the envy of most every other state. Appropriations have increased by a remarkable 212%. Skilled training, tailor-made to the needs of new or existing industry, proved to be one of the best tools for attracting industry to Oklahoma. The first Residential Rural Skill Center in the United States is located in the former Sulphur Job Corps Center.

Our State Library System saw its appropriation increased by 83%, enabling the number of counties in Multi-County Systems to increase from 8 to 25.

Oklahoma has made a substantial investment in its youth through improving our total education system. We have made an investment in our youth and the promise they hold for ALL of Oklahoma's tomorrows.

Oklahoma has also taken positive steps in the last four years to preserve and protect our environment. We have passed the Scenic Rivers Act of 1970, the Clean Air Act of 1967, the Solid Waste Management Act of 1970, the Feed Yards Act of 1969, the Open Cut Reclamation Act of 1967, and other legislation allowing tax credits for pollution control investments by private industry. The Department of Pollution Control was created in 1968 and expanded in 1970. Oklahoma is among the top four states in the nation in the number of water pollution control projects constructed by municipalities. An Environmental Seminar was held last year at Oklahoma State University which resulted in the creation of the Environmental Quality Council. The Arkansas-Verdigris River Planning Commission of Oklahoma was created to insure the orderly development of our new waterway to the sea with particular emphasis on land use and the environment. Two Environmental Awareness Days were held as a statewide clean-up effort and educational program. We instituted a Pesticide Monitoring Program and there has been increased funding for the environmental programs conducted by state agencies.

To better protect the lives and property of Oklahoma citizens, our State Law Enforcement System has been greatly improved. The Oklahoma Bureau of Investigation added six agents and all 21 agents are now trained in Narcotics and Drug Abuse Control. Last year, the Bureau presented a training course on drug abuse to 848 local police officers and approximately 475 High Patrolmen. During the first quar-

ter of the current fiscal year, the Bureau provided laboratory support to Federal, State and Local law enforcement agencies in 1,088 cases involving marijuana and other drugs. This was an increase of 79% over the same period a year ago. To coordinate the attack on drug abuse, Oklahoma was the first State in the nation to create a Narcotics and Drug Abuse Council by Executive Order.

When another training session is completed early this year, our Highway Patrol strength will have increased by 50%. The Highway Patrol also assumed the responsibility for safety in and around 20 major lakes in Oklahoma. And the Aviation Division of the Highway Patrol is also assisting in forest fire protection by providing a "flying watch tower" for costly forest fires in Eastern and Southeastern Oklahoma. Two-man Highway Patrol units were instituted on a limited basis.

A Statewide Law Enforcement Plan has been adopted which, along with good leadership from every segment of the population, has made Oklahoma probably the largest state in which there has not been a single death or serious injury as the result of racial or campus unrest.

In Highway Safety, we have instituted a Vehicle Inspection Program, a Breathalyzer Test for drinking drivers, a License Re-Examination Procedure, and other Safety Programs. All but six high schools in the State now provide Driver Education Courses and are — for the first time — supported by the State. In the four years of this Administration, the number of highway deaths per 100 million miles driven has dropped from 57 to an estimated 4.6 — the lowest in State History. This compares with an estimated National Highway Death Rate of 5.0.

Providing additional protection for the public was the passage of the Uniform Consumer Credit Code which has eliminated "Loan Sharking" and has provided credit protection for the consumer. Four million dollars already has been returned to debtors in the form of checks and

credits. Oklahoma, the second state in the nation to receive an exemption of credit transaction from federal control, is the nation's recognized leader in Consumer Credit Protection.

To meet the physical and mental health needs of Oklahoma, several steps have been taken. Visiting Nurse Service has been increased from four to 49 counties under the Department of Public Health. The Oklahoma Commission on Alcoholism was created in 1968. There were two important achievements in providing appropriate health facilities to rural Oklahoma — one at Marietta and one at Wakita. An immunization program was begun which should immunize 90% of Oklahoma's school children in the next 8 years.

Oklahoma is the second state in the nation to close a mental hospital as the result of reducing the in-patient population. The "Snake Pit" era of mental health facilities in Oklahoma is long past. The Central State Community Mental Health Center in Norman, completed in July of 1969, is the first of its kind in the nation. Plans for a similar center at McAlester are underway.

To map future plans for better health care, a comprehensive statewide health plan was initiated in 1967.

Under the State Welfare Department, we have increased the number of licensed Day Care Centers to 696 in the last four years. The number of children in these centers has increased from 500 to 3,000. Oklahoma ranks second in the nation in the number of rehabilitation cases served per 100,000 people, and it ranks sixth in the nation in the number of cases closed. A new children's code was enacted in 1969. It modernized our laws relating to delinquent, dependent, and neglected children. The age of boys subject to the Children's Code was increased from 16 to 17. The Taft Mental Hospital is being renovated and used by the older boys under the Children's Code.

The Welfare Department, during this

let me share with you one of the projects my office has been working on over the last few months that could have unparalleled impact on Oklahoma in this age of space travel.

(FOX PULLS THE WRAPS OFF THE MODEL OF THE SHUTTLE.)

This is one of the prototypes of the Space Shuttle now being considered by the National Aeronautics and Space Administration. The lower half of this model is a booster rocket that is larger than the giant 747 passenger plane. The top half, riding piggy-back, is a space orbiting vehicle which is bigger than the 727 jet aircraft. These two vehicles are now in the designing stages of development. They are pollution free during take-off and in-flight because they burn hydrogen and oxygen, thus emitting only pure water. There is a good possibility that OKLAHOMA could become the HOME of the LAUNCH SITE for the Space Shuttle, as well as play a significant role in its production and maintenance.

I recently discussed the technical ramifications of the Space Shuttle and its orbital mechanics with Oklahoma Astronaut Tom Stafford. Based on the Launch Azimuth and the orbital inclinations involved, Oklahoma provides both a desirable launch and recovery location.

The establishment of a Space Shuttle Launch and recovery operation in Oklahoma would involve a substantial investment of millions of dollars and thousands of jobs over the next decade. The economic impact on our State would be tremendous. The attention that would be focused on the Sooner State would be world-wide.

Oklahoma offers a number of advantages over other states in its attractiveness for the launch site. We have good weather at higher altitudes which reduces the cost of the launch. We have an excellent transportation system with new sea ports, major rail lines, major highways, and major airports. We have a wealth of technical and engineering expertise. Both "teams" of companies competing for the

development and production contracts from NASA have plants in Oklahoma: McDonnell-Douglass and North American Rockwell-American Airlines. They also have existing facilities that will further reduce the cost of the space shuttle program.

Clinton-Sherman Air Force Base in western Oklahoma, one possible site for the installation, ranks among the top five airport facilities in the country in terms of strength, usability, and length of runway, which is 13,500 feet.

I have written members of our Congressional Delegation in Washington seeking their support for the nation's space program and Oklahoma's potential future in the National Space Transportation System.

Although I am leaving the Governor's Office, I can assure the citizens of Oklahoma I will do everything within my power in the months and years ahead to promote the location of this space age facility in Oklahoma.

If this dream of a space port in Oklahoma becomes a reality, it will be the result of work by many citizens in both public and private life. It will be the culmination of efforts on the part of business executives at our major aviation companies in Tulsa, our Congressional Delegation, you members of the Oklahoma Legislature who have built this state's capabilities for attracting such a facility, the millions of citizens of our state who have invested their work, money, and private efforts in building a better Oklahoma for future generations. It will be the product of a concern for the future of Oklahoma as expressed by an OKIE astronaut and an OKIE Governor.

Oklahoma City, Oklahoma

Dear Sir:

In accordance with the provisions of Section 23 of Article 10 of the State Constitution, as amended April 16, 1968, and in compliance with the terms of a Resolution adopted by the State Board of Equalization, sitting in called session on December 9, 1970, I have the honor to transmit to you herewith a duly authenticated duplicate original of said Resolution as adopted by said Board; and to request a signed memorandum acknowledging receipt of same for records of the Board.

Respectfully yours,

Joe Bailey Cobb

State Auditor and Secretary

State Board of Equalization

RESOLUTION OF THE STATE BOARD OF EQUALIZATION

WHEREAS, according to the provisions of Article X, Sec. 23, of the Oklahoma Constitution, as amended April 16, 1968, (State Question No. 453, Referendum Petition No. 166), which provides now in part

as follows: "Within twenty-one days after the adopting of this amendment and thereafter prior to the convening of each regular session of the Legislature, the State Board of Equalization shall make an itemized estimate of the revenues to be received by the State under the laws in effect at the time such estimate is made, for the next ensuing fiscal year showing separately the revenues to accrue to the credit of the General Revenue Fund and each special fund of the State, and the total amount of such estimate for such fiscal year shall not exceed the total revenue which accrued to each such fund for the last preceding fiscal year, to which amount shall be added the cash surplus, * * * and all appropriations made in excess of such estimate shall be null and void; provided, however, that the Legislature may at any regular session or special session called for that purpose, enact laws to provide for additional revenues, other than ad valorem taxes, or transferring the existing revenues or surpluses from one fund to another, whereupon it shall be the duty of the State Board of Equalization to make an estimate of the revenues that will accrue under such laws and to file the same with the Governor and with the President of the Senate and the Speaker of the House of Representatives, and the amount of any increase or decrease, resulting, for any reason, from such laws shall be added to or deducted from each respective fund, as the case may be. The amount of such adjusted estimate shall be the maximum amount which can be appropriated for all purposes from any fund for the fiscal year estimated." and,

WHEREAS, the State Board of Equalization, acting in conformity with the Constitutional requirements as articulated above, and in the discharge of the official duty and authority thus conferred upon it, has caused to be laid before it all the data, items, figures and relevant information from the various state departments concerning the income of the General Revenue Fund and of the various special funds of

the State, including detailed and summarized reports and recommendations prepared and presented by the Director of State Finance, and after careful and thoughtful study of the same, being fully advised in the premises, and on due consideration thereof, has determined the figures which properly represent such itemized estimate of revenue of said funds for the next fiscal year; and has also determined the cash surplus now existing in the hands of the State Treasurer to the Credit of any such fund not previously appropriated by the State Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE STATE BOARD OF EQUALIZATION, that the sums and amounts reasonably estimated to accrue to the General Revenue Fund and to the several special funds of the State as herein set forth be, and they are hereby adopted and fixed by this Board as the official estimate of monies to accrue for and during the fiscal

year ending June 30, 1971, which said sums and amounts are in words and figures as follows, to-wit:

Be it further resolved that a duly authenticated duplicate original of this resolution be delivered to the Governor, the President of the Senate and the Speaker of the House of Representatives as provided by Article X, Section 23 of the State Constitution, as amended April 16, 1968.

O God who overwhelms our schemes and then beyond our wildest dreams surprises us with gifts of grace we ask that in the hectic pace of business we pause and remember you and have our spirits made anew.

We ask O God for no great miracle, but for the smaller miracles of kindness, patience, and sensitivity to the needs of others.

We thank you Lord for all your gifts to us. We are especially grateful for human gifts; for friends who are loyal, for families who love us, for children who show us hope for the future, for the old who share with us their wisdom, yet

who allow us the freedom to make our own mistakes.

We thank you for men with special gifts for the quick wit and humor which often gives us a needed boost, for the sensitivity of another to see our hurt, for the keen perceptiveness of still another who shows us the right way to tackle a problem.

Today O God we offer our own gift, whatever it may be, to you, and ask that we may accept and use whatever gifts you give us for the enrichment of our fellow man.

In Christ we pray. Amen.

INAUGURAL ADDRESS

Governor David Hall of Oklahoma

Mr. Albert, distinguished officials, my fellow Oklahomans:

In response to the times, a change has come. Through the power of the ballot, our direction is new. By the will of the people, we take up the challenge.

In the opening moments of this administration, it is fitting to describe the priorities and goals we pursue. It is proper to talk of our hopes and our dreams.

First is education; the golden problem solver of the 20th Century. Our highest aim will be excellence in the teaching of our children. Education must be expanded and enriched. Education must be properly financed.

Yet, we must never lose sight that education must be child oriented. Ours is not a mandate for a more elaborate bureaucracy. It is a demand for more meaningful and creative education.

We will not send our children somewhere for others to teach. Education must remain close to home; we must have local controls. Our children are our responsibility. We will provide them with the best education.

Our renewed dedication to education will be rewarding. We know education is the best weapon against unemployment. We know education will attract industry. We know education holds the promise of a better Oklahoma tomorrow.

A real need today is better transportation. As your Governor, I will keep my eyes on the overall challenge. I will keep in perspective our wonderful new waterway, air travel, mass transit and our roads and highways.

Oklahoma—which was settled by people afoot, men on horseback and families in

wagons—can mold the finest transportation system in the world. But our biggest problem is roads.

They tell me that 4,399 miles of roads in Oklahoma are inadequate. I travel those roads. I know they are bad. Some of those miles are death traps. The worst are in rural areas. We will find it very rewarding when we get these roads fixed.

We will be able to move our products—and our people—swiftly across the countryside with comfort, economy and safety. This will strengthen our economy, especially the farms.

And agriculture has long been overlooked in Oklahoma. Yet, agriculture produces our most important products. Farming is the backbone of Oklahoma's economy and farms are an important way of life for our people.

Better life also depends on individual security: the peace and dignity that all men want. We will have order; but there will be justice. Laws will be enforced without question. We will particularly fight the lawlessness and dangers of narcotics. Yet, we will conduct educational programs so the young will know the hazards of drug abuse.

Heavy on our heart is the desire to stop narcotics traffic and use. It is a matter of conscience for all Oklahoma and the Nation.

This administration will place quality of life first. We will work to keep our environment fit. Our hopes are high about the environment. We see the dangers of pollution and we know we must use our resources carefully. We have the good land, fresh water and pure air.

We are conquering land erosion, seeding the earth, and wildlife abounds. We are conserving our water, harnessing its power and fish thrive in our streams. And from the fouled atmospheres of the east and west coasts, people come to Oklahoma and savor our air. These things are for the people.

Oklahoma is a young state. The pioneer

spirit is alive; opportunity remains. Our people have a spark; they are ingenious and bright.

These are qualities that conquered the impossible and made the Arkansas River a navigable stream. These are the strengths that reclaimed the high plains and made the prairies bloom.

We are the people who produce a multitude of national leaders far above our proportion to the population. We have made Oklahoma a good place; we can make it a model for the Nation.

Before me and behind me, in this audience today, are my support and strength. Here are the Oklahomans who are our officials and legislators; people with the daring to lead. This Administration will counsel with the lawmakers, for they are the delegates and representatives of the people. We will be open and we will meet the problems which we all share.

This is the people's administration. Our challenges and needs blend together: Qual-

ity education; roads and highways serving our farms, industry, business and travelers; a society with peace and dignity; an environment where the air, water and land are unspoiled and clean, but most important—the people. We are elected to serve the people.

It is our prayer that history will say: Our administration gave people hope, leadership and inspiration. When the balance is weighed, let no man say we lacked in dedication or work. When the judgments are made, may your trust have been kept. With your help, and God's, we accept the opportunities and challenges you have given me this day.

Senator Terrill moved after the desk is cleared, that the Senate stand adjourned to meet Tuesday, January 12, 1971, at 1:00 o'clock p.m., which motion prevailed.

MESSAGE OF GOVERNOR DAVID HALL

**To First Session of the Thirty-third
Legislature of Oklahoma**

January 12, 1971

Lieutenant Governor Nigh, President

Pro-Tempore Smith, Speaker Privett, members of the Senate and House of Representatives, my fellow Oklahomans:

Together, today, we take the first step in an exciting journey. The dreams, the hopes, the visions and the problems of Oklahoma now take their places. We now begin to reshape the future of Oklahoma. And it has never been more promising nor more challenging.

The commitments I made in the past campaign now become an old program which I place, without fear, before a bold legislature.

The campaign promises — and now this program — were born out of the needs of Oklahoma. People at the crossroads, towns and cities of our State told us these are the things they want and need. This supplementary budget is how it can be done.

The people of Oklahoma have done an outstanding job of electing their legislators. You are the representatives of the people and you have an administration dedicated to helping you make Oklahoma a better and more prosperous place for the people to live.

I stand humbly before this joint session of the Oklahoma Legislature. But I am proud for we now are opening the greatest era of cooperation between the legislative and executive branches this State has ever known.

I want your help. I need your help. I ask for your help.

I am pleased to have the pledge of personal cooperation from the men you have selected as your leaders. There is a mutual respect between us as men. It will be reflected in unparalleled harmony throughout the coordinate branches of government. This unity of purpose will permit Oklahoma to now achieve commitments which heretofore have been evasive dreams of the future.

I pledge to each of you representatives of the people my complete cooperation.

We will work together. We, together, will build Oklahoma.

You have before you the annual budget prepared in accordance with the Constitution and laws of this State. This budget is based upon the available revenues certified to me by the State Equalization Board for the ensuing fiscal year.

I also have prepared a supplement to this budget recommending additional sources of revenue to achieve a program of excellence for all the people of Oklahoma.

FINANCIAL CRISIS

A severe financial crisis exists today in Oklahoma. We approach the new fiscal year July 1 without the funds legally expendable to support State Government at its existing level — and no money to meet rising costs and improve necessary programs. There will be no windfalls or giant surpluses to fall back on this year.

To the contrary, current projections of funds available for appropriation are that we will have in fiscal year 1972 four to six million dollars less operational funds than were certified last month by the State Equalization Board. In addition, it is estimated that in fiscal year 1973, if the average growth remains the same, we will have fourteen to sixteen million dollars less. This means that unless substantial changes are made, the available funds for operation of government have peaked and we face a declining revenue source in the months and years to come. The State Budget Officer advises me that shortages in the cash flow of the General Revenue Fund will be critical before the end of 1971. Drastic curtailments will be necessary unless you act immediately to provide new sources of revenue. It is my responsibility to provide the leadership to reverse this disastrous trend. It is also my duty to present this problem to you and to recommend solutions.

The crisis in State financing in Oklahoma can be solved. We face the need for

expanded State services with most of our people already over-burdened by taxes.

It is time we faced these hard decisions in our budget. Oklahoma cannot stand still. Schools and colleges cannot stagnate in the pool of indifferences.

In the search for revenue to meet the needs of our growing State, our expanding population and economy, I have steadfastly promised and proposed that no general tax increase be levied upon our people. I restate that commitment and affirm it before you today.

Oklahoma's broadly based tax system requires review. It requires action to bring about an equitable balance in our tax load. We are long overdue for tax relief. This Session will provide some of that relief.

REVENUE AND TAXATION PROPOSALS

I promised and I now propose that the burden of sales tax upon food and drugs be removed. This action must clearly define the area of relief because drug and grocery stores sell a vast range of products. In order to relieve the small grocery merchant from the complex and costly accounting between food and non-food items, to protect the cities who vitally need the present tax base, to provide the needed services to the aged, the crippled, the sick, the blind and the infirm and to avoid problems in the administration of our present sales tax laws, I proposed the following measures:

First, an outright exemption of all prescription drugs for human needs.

Second, a direct income tax credit — and a cash refund for non-income taxpayers — equivalent to the sales tax paid on human consumable food for off-premises use.

Tax relief means lifting an unfair burden — tax relief means closing loopholes — tax relief means stopping an unfair preference given to a privileged few.

I now propose that those Oklahoma taxpayers with high incomes, some in excess

of \$200,000 a year, who paid no income tax to this State last year because of various exemptions and deductions, be taxed a fair and equitable amount on such income.

Oklahoma has simply not kept pace! Since 1947 there have been no substantial changes in our income tax laws. Meanwhile, Congress enacted major tax reforms in 1948, 1954, 1966 and 1969. Our present income tax collections are 7.1 per cent of the Federal income tax collected in Oklahoma. The national average amount in 33 states that levy an income tax is 16.1 per cent.

Numerous tax studies have resulted in a recommendation that we simplify our State income tax by basing it upon the net taxable income as determined under Federal law. I propose this change effective for the current calendar year. We can no longer justify a dual system and the mounting administrative costs.

The enactment of the simplified tax bill as I propose will eliminate the existing exemption of corporate dividends. This loophole in our tax structure has enabled a few taxpayers to escape tax upon a large part of their incomes in the past. We can no longer justify this unfair tax shelter.

Other adjustments resulting from the Federal tax base would include elimination of the deduction for Federal tax paid. Our personal exemptions would be matched to the Federal exemptions.

This would result in an additional net revenue of \$43,500,000 and the net cost to the Oklahoma taxpayers would be much less. Approximately 20 to 52 per cent of this increase would be borne by the Federal government because it is deductible for Federal income tax purposes, but the most important feature of this plan is that it would give tax relief to thousands of low-income families in Oklahoma. My proposal will remove all income tax from the 200,000 low-income families who paid a State income tax of \$20 or less. This

tax relief will help these families to provide the necessities of life for their children. **Under this plan, a family of four with an income of less than \$5,000 per year would not pay any Oklahoma income tax.**

Our tax structure in Oklahoma has always included a tax upon the mining and production of certain minerals and oil and gas. This mineral wealth cannot be replaced and is being depleted at a rapid rate. Those who extract mineral wealth must bear a fair share of taxation. I have carefully reviewed present gross production taxes and am making certain recommendations.

First, Oklahoma has imposed no gross production tax upon coal and certain other minerals, although we have granted a depletion allowance for these minerals. Oklahoma's valuable coal reserves are among the greatest in the nation.

The extraction of this mineral will multiply as the commerce of the mighty Arkansas River System increases. I propose a three per cent gross production tax.

As students of revenue and taxation, members of this Legislature have frequently considered a revision of our State tax on natural gas. My research reveals that 60 per cent of the total production of this resource is transported by pipeline to consumers in other states. I propose a gross production tax of three cents per thousand cubic feet of natural gas produced and sold, in lieu of other taxes on natural gas. This will produce from consumers outside the State of Oklahoma an estimated \$24,000,000 a year in new revenues. For the average Oklahoma family, it will cost little more than a penny or two a day. This increase in revenue would total \$39,000,000. To meet our financial crisis, it is imperative that this natural gas tax becomes effective as soon as possible.

FAIR TAX REFORM

Other areas of taxation in which inequities may exist require your attention. These include ad valorem taxation,

various fields of commerce and industry, the insurance industry and other areas. It is my commitment that whatever reforms we propose will be fair, equitable and in the best interests of the citizens of the State of Oklahoma.

We must discharge our responsibility to provide a balanced tax structure under which every citizen assumes his fair share of the cost of government. No one should pay more than his fair share. It is my firm belief that a judicious revision of our tax code will reduce the oppressive burden upon many of our citizens and also assure that those who have in the past escaped their obligation will pay their fair share.

REVENUE SHARING

Every state has seen its costs of government soar. I pledge to work closely with the Governors of other states in considering Congressional enactment of a Federal revenue sharing plan that will give our State a greater percentage of the Federal tax dollar that is taken from our citizens. It is important that this State improve its ranking as to its own tax effort in order to realize a fair apportionment of revenue sharing. My proposals will greatly improve Oklahoma's position.

EDUCATION

The Number One priority for Oklahoma now becomes education. Last year we ranked 45th in our per pupil expenditure for public schools — we are near the bottom for higher education. I recommend increased financing for education to provide long-range solutions for the betterment of this State. I now propose that we take the first steps in striving toward the national per pupil expenditure average. In addition to the increase of \$3,750,569 for public school education proposed in this budget, I propose an increase of \$40,000,000 under the supplement to this budget.

For higher education I propose an increase of \$20,000,000. For vocational and technical education I propose an increase

of \$1,000,000 from new revenue to be added to the \$646,250 provided in the regular budget for two new schools.

These increases will help provide many improved services, including:

Reduced teacher-pupil ratio.

Kindergarten for every child.

Special education for all children who need it.

Improved guidance counseling.

A brake on the spiraling increase in college tuition.

An improvement of graduate programs.

A drug education program.

Improved free textbook program.

A means of attracting new industries through greater research capability.

The teaching of a basic law course in high school.

In addition, I am asking our colleges and universities to include students in the rule-making activity of the administration and I am asking that once these rules are made that the governing boards strictly enforce these rules. I am asking that our colleges and universities place the elected head of the student government as a non-voting representative on the governing Board of Regents.

ROADS AND HIGHWAYS

Another area that demands our attention is the condition of our secondary roads. I propose that this administration undertake the elimination of death traps in our State highway system and that we initiate a long-range secondary road program that will support our primary road program.

I am directing the Highway Commission to carefully examine the roads in our 77 counties, identify the death traps and high accident areas, and immediately furnish such information to me with an estimate of the cost of making these roads safe.

I am also directing the Highway Com-

mission to conduct a study of needs and priorities for a great secondary road program.

The challenge to the Legislature is to help us develop a method of financing these costs consistent with our acknowledgment that Oklahoma is opposed to a general tax increase and it is committed to provide tax relief to our over-burdened citizens.

TAX EXEMPTION FOR NEW INDUSTRY

In an effort to provide long-range help to our economy, we will pursue every means possible to bolster Oklahoma businesses who are experiencing financial difficulties. We will vigorously pursue new industries for our State. However, our present laws permit governmental agencies to provide plant and facilities for new industries to avoid the ad valorem tax laws of this State. I propose that any ad valorem tax exemption for the benefit of new industry be limited to not more than ten years. This will still be competitive with surrounding states, but will reduce the tax burden on the home communities of the new industry.

LABOR

In the field of labor I recommend four legislative measures to provide more equitable and fair practices for Oklahoma's work force:

1. Increased unemployment compensation.
2. Improved death benefits provided under workmen's compensation laws.
3. A negotiations bill for public employees coupled with a specific no-strike clause.
4. Include all State employees under unemployment compensation.

DISTRICT ATTORNEY SYSTEM

It is my firm belief that the functions of local government should be handled at the local level and the functions of the State government should be handled by the State. Therefore, I propose that the

cost of the present district attorney system be borne entirely by the State of Oklahoma and that the counties be relieved of this responsibility. I propose that the State provide as a supplement to this budget \$2,000,000 to finance the district attorneys' functions for the coming fiscal year.

NARCOTICS ENFORCEMENT

Narcotics abuse is the number one law enforcement problem in Oklahoma. I have recommended more funds to increase the number of full-time narcotic investigation agents to help deal with this serious problem. I also initiated yesterday a no-parole policy for adult drug peddlers in addition to my drug education proposal.

Together we must seek the answer to what is causing this increasing problem while we work for an expanded rehabilitation program.

ENVIRONMENT PROTECTION

It is our responsibility, and that of the entire public, to take every means necessary to prevent the spoiling and fouling of our land, air and water.

I recommend that the anti-pollution enforcement powers be concentrated in one control agency, with the exception of those functions now performed by the Corporation Commission. I recommend that the existing Pollution Control Board be designated as the agency and that it be strengthened with injunctive enforcement powers and a full-time staff and director.

As a general business management policy, I believe it is more economical to utilize an existing agency rather than create more bureaucracy. It is important to have a single source to obtain the necessary information for compliance with Oklahoma's program to protect our environment.

STATE EMPLOYMENT

In order to guarantee efficient public services at an adequate level and an effective use of our tax dollars, it will be necessary for us to make certain that

the State economizes in every way possible. It will require innovative and creative managerial practices. I am asking each agency head to carefully review the productivity of his work force and the economy of his management practices.

AGRICULTURAL INDUSTRIES

We must direct a renewed emphasis on the State's agriculture and related industries. Traditionally, this has been Oklahoma's greatest industry and presently accounts directly and indirectly for more than 50 per cent of the State's gross income. We must make certain that this industry does not suffer from a lack of attention from the Governor and the Legislature. I am placing an agriculture advisor on the Governor's staff to keep me appraised of development and needs in the area at all times.

Specifically at this time, I recommend that you provide for the creation of a blood disease diagnostic center at Oklahoma State University to serve the State's livestock needs. Further, I recommend that appropriate action be taken to require that all foreign beef marketed in our State be labeled as imported beef. I plan to join with the Governors of the other beef producing states and work for Federal legislation in this area.

DYNAMITE SALE RESTRICTION

In other areas of public safety, we recommend that you enact legislation providing for sensible restrictions on the sale of dynamite and high explosives.

WATER

We need to review and implement our long-range planning for a total water program for the entire State with particular emphasis upon a development program for Western Oklahoma. Water is critical to the development of all of Oklahoma.

MINORITY ASSISTANCE

We must see that racial and ethnic minorities in Oklahoma are provided the assistance necessary to help overcome

the inequities of many conditions present today. We must institute programs to develop these minorities economically — as this is the surest way to realize equal opportunity. We must establish programs to seek more middle income and upper middle income jobs for minorities.

OFFICE OF

INTER-AGENCY COORDINATION

I am abolishing the Office of Inter-Agency Coordination, as I believe our present law enforcement agencies are sufficient.

MEDICAL SERVICES

We call upon the physicians and allied professions to structure a more comprehensive program for voluntary medical assistance on a regular basis. I recognize the voluntary service that many professionals are already rendering and find it commendable. However, we need a more structured program to provide voluntary medical assistance to those in Oklahoma who presently cannot have it. We also believe that the Legislature should expand its incentive program to attract more physicians and medically related professions to rural areas. Many rural areas presently have no medical assistance available nearby.

I recommend that funds be provided to pay for the cost of prescribed drugs used by the blind, the totally and permanently disabled and elderly persons receiving welfare who have catastrophic and chronic illnesses. Experience has shown that the funds presently provided for these individuals are not sufficient for this unique need. We should provide for purchase on a vendor basis of these drugs and should obtain Federal matching funds available for this program. This program should be subject to State office control.

LEGISLATIVE REAPPORTIONMENT

I am optimistic that the Legislature can and will be able to meet its obligation to reapportion. I will offer my advice and counsel.

CONGRESSIONAL REDISTRICTING

I am also confident that the Legislature can and will meet its obligation of Congressional Redistricting. I will offer my advice and counsel.

I look forward with optimism and enthusiasm to a close association with our Congressional delegation in the vital area of cooperation between State and Federal government.

Oklahoma is particularly fortunate that its native son, The Honorable Carl Albert, is to be the Speaker of the United States House of Representatives of the 92nd Congress. We are fortunate that this outstanding statesman is a dedicated public servant for our State. He is expert and powerful in the affairs of government and sensitive to the needs of all of Oklahoma.

CLOSING

Heavenly Father, we are reminded, as we stand in this assembly, of Hebrews 12:10 thru 12, "Be kindly affectioned one to another with brotherly love, in honour, preferring one another. Not slothful in business, fervent in spirit—serving the Lord. Rejoicing in hope—patient in tribu-

Amen.

Thou hast beset me behind and before, and laid Thine hand upon me.

Whither shall I go from Thy spirit? Or whither shall I flee from Thy presence?

Search me, O God, and know my heart; try me, and know my thoughts: and see if there be any wicked way in me, and lead me in the way everlasting". Amen.

Garrison, at considerable sacrifice of time, money and effort and at great personal risk, undertook in the spring of 1970 the seemingly hopeless task of defending a young Oklahoma serviceman, Marine Private Randy Herrod, of Calvin, Oklahoma, who, although awarded the Silver Star for gallantry in the Vietnamese conflict, had subsequently been charged, along with several of his Marine

comrades, in the deaths of Vietnamese civilians in a combat action near Da Nang, South Vietnam, on February 19, 1970; and

WHEREAS, in the wake of reactions to the earlier My Lai incident by various segments of the public as well as the military establishment, Senators Stipe and Garrison perceived their mission as one of securing to their client, a decorated fellow Oklahoman, justice and fair play at a time when the climate of popular opinion militated against the attainment of such ideals for members of the armed forces serving in the Vietnamese conflict; and

WHEREAS, during the course of defending Private Herrod, Senator Stipe journeyed to South Vietnam on three separate occasions, in April, June and August, 1970: in April, he was joined by Private Herrod's grandfather, Mr. Alvin Self, of Holdenville; in June, he was accompanied by Senator Garrison; and in August, by Senator Garrison and fellow defense attorneys Mr. Harry Palmer, Jr., Oklahoma City and Mr. Dick Miller, II, Poteau; and by Dr. Hayden H. Donahue, Norman; and

WHEREAS, guided by the conviction that a wrong was being committed against a young Oklahoma serviceman endeavoring only to carry out his sworn duties as a member of the fighting forces of his nation, Senators Stipe and Garrison spent long days and nights in a hazardous combat situation in order to gather evidence and prepare their client's defense; and

WHEREAS, despite ever-present dangers from enemy cannons, mortars, snipers and infiltrators; a less than cooperative attitude on the part of Private Herrod's accusers; and living and working in disease-ridden, primitive conditions, Senators Stipe and Garrison constructed a brilliant and successful defense to the charges against their client, their efforts culminating in an acquittal of all charges, and

WHEREAS, convinced that the controversies surrounding the United States' involvement in the Vietnam conflict were

contributing to an increasing demoralization of American armed forces personnel serving in that conflict, Senators Stipe and Garrison, in their defense of Private Herrod, sought to reassure America's fighting men of their nation's moral support and to allay fears that performance of the very duties for which they had been prepared would not later become the basis for criminal charges brought, possibly, to assuage guilt feelings among decision makers far removed from the actual horrors of the battlefield, where split second decisions are made in terms of official battle plans and the concept of self-preservation; and

WHEREAS, for having reassured one lone individual in his hour of desperate need that he was not alone, that he was not defenseless, and that there were those who cared, Senators Stipe and Garrison deserve the commendation and lasting gratitude of this body and the people of Oklahoma.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE:

SECTION 1. That Senators Gene Stipe and Denzil D. Garrison be and hereby are officially commended for their unselfish and untiring dedication to the ideals of justice and fair play in their defense of charges against Marine Private Randy Herrod, of Calvin, Oklahoma, and, simultaneously, the defense of all American servicemen bearing arms for their country in a time of conflict.

SECTION 2. That Senators Stipe and Garrison deserve the appreciation and gratitude of the people of this state for the personal sacrifices made and risks taken in their efforts to demonstrate, in the apparent case of one lone individual ranged against the system, the reality of the American ideals of justice and fair play.

SECTION 3. That those other Oklahomans participating in the defense of Private Herrod, including Mr. Harry Pal-

mer, Jr., Oklahoma City; Mr. Dick Miller, II, Poteau; and Dr. Hayden H. Donahue, Norman, be and hereby are commended for their contributions to the successful defense of the charges against Private Herrod.

SECTION 4. That duly authenticated copies of this Resolution be presented personally to Senators Stipe and Garrison as a measure of the esteem of their colleagues and fellow citizens; and that copies be forwarded to Mr. Palmer, Mr. Miller and Dr. Donahue.

COMMUNICATION

The following communication was read

and is incorporated herein upon the unanimous consent request of Senator Terrill:

The USA Salutes the USO

30 Years Keeping Faith

With Our Military Youth — USO

1941-1971

Today, February 4 makes the 30th Anniversary of the founding of the United Service Organizations, Inc. USO was an experiment. An experiment in meeting a widespread need for services to our young men and women in the Armed Forces. An experiment in making national resources available where needs were most urgent. An experiment in community relationships. An experiment in collaboration between organizations. An experiment in organization itself. USO was formed as an agency through which the people of this nation may, in peace and war, serve the religious, spiritual, social, welfare, educational and entertainment needs of the men and women in our Armed Forces within and without the territorial limits of the United States and in general to contribute to the maintenance of morale in American communities.

The generous financial support of the public and its tireless personal dedication and involvement as volunteers in all aspects of USO's organization and program have written an unparalleled chapter in the chronicles of a nation's concern for its loved ones.

Because thousands of Oklahomans have benefited from this service throughout these 30 years, I, Al Terrill, member of the Senate of the State of Oklahoma, pro-

pose that this body send congratulations and best wishes to the USO on the occasion of its 30th anniversary, and that we urge the citizens of this state to support USO in whatever way possible. We thereby, show our concern for the young men and women from Oklahoma dutifully serving this nation in the military service across the United States and throughout the world.

We acknowledge before Thee our shortcomings, our selfishness, our smugness, and our pride. Forgive us wherein we have come short of Thy will for us and for our State and for our Nation.

Create within us clean hearts, and renew right spirits, that we may do better and be better. Forgive us our forgetfulness of the State of Oklahomas sore need and our contentment with things as they

are. Guide these Senators who lead us this day. Forbid God, that any of us here should add to the problems of the hour, but rather resolve, by Thy help, to become part of the answer, so help us, God.

For Jesus Sake, Amen.

Our Heavenly Father, who we come to recognize as our creator and sustainer, we come to give thanks for life and opportunity to serve Thee and our fellowman. We come today to ask Thy leadership for those who will be making laws for the people of Oklahoma that will have an effect upon our lives for years to come. We are thankful for our form of Government where we the people can be represented by men elected by the people and are responsible to the people.

Our prayer is that the people of Oklahoma would be understanding and considerate of our leaders in a very difficult time for our State, and we would be people

who will stand behind and encourage those who are doing their best for Oklahoma as they look to the future.

So, Lord, give wisdom and courage that is needed for everyone who is in a place of responsible leadership in these days, and when the last words are said and the decisions become law, give us the people, the spirit to carry it out for the good of Oklahoma for the future.

For we ask all these things in the name of Christ our Lord. Amen.

We thank Thee for the blessed privilege of living at such a marvelous time in the history of man, but help us to be mindful of the fact that where there is privileges there is responsibility unto to Thee and our fellowman.

So we pause today to give thanks for thy leadership that was given to our Forefathers before us, and to seek Thy presence and power for today and day's ahead.

We pray today that these responsible men will have the Spirit of direction to

The following Senators asked to be made co-authors of **SCR 10**, which was the order:

Birdsong, Capps, Crow, Dahl, Field, Grantham, Hargrave, Holden, Howell, Keels, Lane, Luton, Martin, Medearis, Murphy, Phillips, Porter, Young.

SCR 10, as co-authored and amended, was read at length as follows, adopted upon motion of Senator Nichols and ordered referred for engrossment.

SCR 10—By Nichols, Birdsong, Capps, Crow, Dahl, Field, Grantham, Graves, Hargrave, Holden, Howell, Keels, Lane, Luton, Martin, Medearis, Miller, Murphy, Phillips, Porter and Young of the Senate and Sparkman of the House—A Concurrent Resolution relating to public welfare; memorializing the Congress of the United States to revise the existing federal-state systems of public welfare by substituting therefor a federally-financed system of public assistance; and directing distribution.

WHEREAS, a mounting concern in being manifested throughout the nation

relative to existing public welfare programs, in terms of both their equity and effectiveness in achieving the desired objectives of providing for the basic needs of those who are unable to provide for themselves and, simultaneously, of assisting as many as possible of those aided to assume or to return to productive, self-fulfilling lives; and

WHEREAS, great disparities exist among the public welfare programs currently in effect in several states, resulting in serious inequities to the recipients of such programs as well as disproportionate burdens in the financing thereof; and

WHEREAS, the staggering welfare burden, with some 13.5 million citizens dependent upon public assistance throughout the United States, at a total cost of approximately \$15 billion annually, swiftly is propelling state and local governments toward the brink of financial disaster; and

WHEREAS, responsible officials throughout the nation are in agreement that the system of public assistance itself is the major factor propelling state and local governments toward financial chaos: more than two years ago, New York's Governor Nelson A. Rockefeller urged that the United States government assume the entirety of the financial obligations for public welfare throughout the nation; the 1st Session of the 32nd Oklahoma Legislature similarly urged the Congress to assume responsibility for financing the nation's disparate welfare programs; former Secretary of Health, Education, and Welfare, the Honorable Wilbur J. Cohen, at the time of his retirement from office, called for a radical overhaul of the federal-state systems of public welfare and for total federal financing of a national welfare program; President Nixon has urged the Congress to recognize the "desperate need" for reform of a welfare system described by him as a "monstrous, continuing outrage. . ." against both the taxpayers and

the people it is designed to serve; the governors of several states and the mayors of many of the nation's larger cities have implored the President and Congress to act in an effort to forestall the impending financial disaster and bring order, sanity and humanity into a national program; and

WHEREAS, the President, in recognition of the growing financial plight of state and local governments, has proposed a system of revenue-sharing, in addition to his proposal for welfare reform; and

WHEREAS, in view of apparent mounting opposition to the proposal on revenue-sharing, in contrast to a virtual unanimity of opinion as to the urgent necessity for immediate reform of the existing welfare system, federal assumption of the cost of welfare in conjunction with nationalization of the system, would give immediate and monumental relief to the financial plight of state and local governments and release funds for equally pressing and important responsibilities of those governments; and

WHEREAS, in view of the United States Supreme Court decision striking down state residency requirements for welfare purposes, and in other respects as well, public welfare has become a matter of national scope and concern and should, therefore, be approached from the national perspective, as the national government alone has both the power and resources at its command to attack the problem with any prospects of successful and rational solution; and

WHEREAS, broad differences from state to state as to the financial resources undergirding the various welfare programs; the discretionary element involved in the allocation of scarce resources to a proliferating array of services demanded of state governments; the inability of the states to effectively enforce provisions of their welfare laws relating to the trial and conviction of

those who desert and neglect their dependent children forces the conclusion, in the interests of economy, efficiency, equity and justice, that the time is at hand for a major overhaul of the nation's many and varied welfare programs into a uniform national system, completely financed by the United States government, and administered without regard to state boundaries and jurisdictions.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the Congress of the United States be and hereby is respectfully urged to enact such legislation as is necessary to place responsibility upon the United States government for assumption of the cost of the public welfare programs now jointly financed by the federal and state governments.

SECTION 2. That Congress, in enacting such legislation, create a Uniform National Public Welfare System, in the categories of Aid to the Aged, Aid to the Blind and Aid to the Permanently and Totally Disabled and that payments in such categories be issued by the Social Security Administration; that, in the category of Aid to Families with Dependent Children, this be administered by the states under federal laws and policies, such laws and policies requiring the states to supervise the appropriate work and training programs for recipients in such categories, in order to promote self-support, self-care and to strengthen family life.

SECTION 3. That officially authenticated copies of this resolution be forwarded to the presiding officers of the House of Representatives and Senate of the Congress of the United States, to the members of the Oklahoma delegation in Congress, and to the Governors and presiding officers of the Legislatures of the several states.

Today we come, as we have in times past, to seek Thy leadership as you would impress upon our minds what is best for the citizens of this state that these responsible men represent.

Help us to understand that government was given of Thee, and that you still would guide in our actions, if we would only listen.

So today we ask that all that is done be done for the lasting good of man and the glory of God the Father. For this is our prayer for Christ's name. Amen.

We come to this time of prayer — not only because it is a custom — most of all because of our own urgent needs. You know each of us, O God. Pressures which push us. Prejudices which warp us. Selfish interests that can blind us, and ideals that can lift us from pettiness and shady dealings. Give each of us courage to differ, debate and vote in a spirit of human kindness, as well as righteousness.

Grant us more wisdom to choose the best ways to be Godly public servants and leaders. We stand in need of standards and value only God can supply. Forgive us if we should become mean and mercenary

in spirit, save us from shoddy compromises. Help each of us, each day, to do our very best, for God, our country, our state and the integrity of our official duties, as civic leaders. amen.

Almighty God, we know this is a day of decision for all of us, in many facets of life. This is a time when we must face choices, which are not based only on our desires, ambitions, or lust for power. This is a day that shall determine in later days many policies and consequences in our state.

As we come to the time of discussion, reasoning and voting let the question of the Prophet Micah again ring in our ears, and stir our minds to do that which we ought to do, for he asks: What does the Lord require of you — but to do justly, love mercy and walk humbly with thy God. May our minds be fixed on the principle of how we can best serve our

God and our state in this and in all decisions.

We thank you God, that you will provide light for our days, and guidance for our ways. Amen.

The Journal for the last legislative day was declared approved.

Pursuant to adjournment, the Senate was called to order by Senator Smalley, who was designated so to do by the President Pro Tempore.

Upon roll call, the following members were present:

Baggett, Baldwin, Berrong, Birdsong, Boecher, Breckinridge, Capps, Crow, Dahl, Ferrell, Field, Garrett, Garrison, Grantham, Graves, Hamilton, Holden, Howard, Howell, Inhofe, Keels, Lamb, Lane, Luton, McCune, McGraw, Martin, Medearis, Miller, Murphy, Nichols, Payne, Phillips, Porter, Smalley, Smith, Stansberry, Stipe, Taliaferro, Terrill, Trent, Williams.—42.

The following prayer was offered by the Chaplain and incorporated upon request of Senator Terrill:

If we speak with the tongues of men and angels, but have not love we are a hollow sounding horn or a nerve racking noise. If we have the ability to speak and know all secrets and have all the slogans and if we have sufficient faith to move mountains, but have no love we are nothing. Even if we renounce all our possessions, even giving our body to be burned as a flaming sacrifice, but have no love we accomplish exactly nothing. Love is long suffering and kind, love is not envious, nor does it strut and brag, it does not act up, nor try to get things for itself, it pitches no tantrums, keeps no books on insults or injuries, seeing no fun in wickedness, love rejoices when truth wins. Love is all embracing, all trusting, all hoping, all en-

during. Love never quits. As for speeches they will be silenced, as for orations they shall stop, as for knowledge it will pass away. Our knowledge is immature, our speaking is immature. When that which is mature comes it replaces the immature. . . as children we look without love, as adults we see more completely, as a child there is much we do not understand as adults we will understand more fully.

Now these three facts endure: faith, hope, love, the greatest of these is love Let us seek constantly for love. . .and may the love of God control our hearts, minds and lives! Amen.

The Journal for the last legislative day was declared approved.

Almighty God, you do not call us to lives of ease, or absence of challenge, for these testings that trouble us, and stretch us we are grateful. Options not only prove our wisdom, they also reveal our inmost character.

Let us be diligent to be on guard against forces and philosophies that would destroy our integrity. Help us to stand firm against powers of darkness and deceptions. Arm us with a personal righteousness that is a shield of honesty. Equip us to be servants of God, persons who are not afraid to support His cause, or ashamed to speak and defend His name, by words and actions.

May our daily prayers keep open our

lines of communication—for as we are listeners we learn more of Your love, our inward natures are changed, until we are no longer willing to conform to a worldly standard of success as measured by affluence or false popularity. May we know Thy power, share Thy peace and walk in the true light of Divine approval. Let us go with God, in our decisions for days to come. So may it be for us, that we are growing in His grace now and always. Amen.

Almighty God, our heavenly Father, we humbly bow before Thee at the beginning of this legislative week of the Senate of the State of Oklahoma on this day of our Lord, March 8, 1971. We acknowledge Thee as the giver of every good and perfect gift that cometh down from heaven. We confess Thee as our Creator and our God.

We are grateful to Thee for the manifold blessings that Thou hast poured out upon us so bountifully as a nation, as a state, as a community, and as individuals and

we praise Thy name for these gracious undeserved gifts.

We have read in the Word of God, in Psalm 33:12 that "blessed is the nation, whose God is the Lord."

Our prayer today, is that this truth may become a reality in our country. To this end we ask Thy blessing upon the President and Congress of the United States, the Governor and Legislature, of the State of Oklahoma, the Judges and courts of our land and upon all those who govern and lead us.

May they be humble under Thy mighty hand, may they be obedient to Thy law, may they have the honor, integrity, and wisdom to lead us in the paths of morality, justice, and responsibility.

We pray to Thee, our Heavenly Father in the name of our Lord Jesus Christ who loved us and bought us with His own precious blood. Amen.

Grant that today this honorable Senate shall in every matter of deliberation espouse the cause of righteousness revealed in the Word of God, that every matter of legislation and business shall be enacted in respect to Thy law and will; and, that we shall all remember that we live, move, and have our being under the all-seeing eye of God.

In obedience to Thy word which has told us to pray for those in authority, we come today to pray for this honorable Senate and the House of Representatives in session assembled.

Dear Father, we would close our prayer today with a special request for blessing upon our military personnel fighting in Viet Nam and upon those others stationed in distant lands seeking to preserve our American way of life. May the day hasten when these cruel wars shall cease and our Lord Jesus Christ shall come to reign.

Almighty God, our heavenly Father, we come before Thee at the beginning of this session of the Oklahoma State Senate on this tenth day of March, in the year of our Lord, 1971, to invoke thy divine blessing upon this day's work of this honorable Senate.

We have read in the First Psalm, "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But, his delight is in the law of the Lord; and in his law doth he meditate day and night". We have read in the Sermon on the Mount where our Lord, Jesus, said, "til heaven and earth pass, one jot or one tittle shall in no

wise pass from the law till all be fulfilled".

Our Father, we are here today in business assembled because we believe in the Holy Law of God and in the Constitution that Thou hast led our forebears to prepare, establish, and adopt as the foundation of our government.

Our hearts overflow with gratitude for these marvelous instruments that have provided us the blessings of peace, tranquility, and prosperity. We praise Thy name today for the Ten Commandments, for the Constitution of the United States, and for the Constitution of our own beloved State of Oklahoma.

We are grateful for these elected representatives of our people, this honorable Senate, and we pray that they shall do all the business of this day in humble respect of these great laws.

WHEREAS, on Tuesday, March 9, 1971, alone with her nine-month-old baby in the sanctity of her Tulsa home, Mrs. Keith Boyce fired upon and fatally wounded an intruder bent upon and in the act of forcing entry into her home, which had been burglarized twice in the preceding twelve months; and

WHEREAS, the fatally wounded intruder had a lengthy record of arrests and convictions for crimes against persons and property and, at the time of his demise, was out of jail on bond on a charge of second degree burglary; and

WHEREAS, in an age of frightening increases in the rates and incidences of crimes against persons and property and in the terroristic uses of violence in anti-societal endeavors, an air of intimidation has enveloped the consciousness and clouds the daily lives of law-abiding citizens; and

WHEREAS, extreme measures ordinarily are abhorred by peaceful, law-abiding citizens, yet, legally and traditionally, direct threats to life and invasions of one's home with intent to commit a criminal act have served as justification for extreme measures in defense of one's life and property; and

WHEREAS, the intruder into Mrs. Boyce's home forced upon her the necessity of resorting to extreme measures to protect herself, her infant child and the sanctity and integrity of her home.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION, 33rd OKLAHOMA LEGISLATURE:

Our God and our Father, in this sacred moment of quiet before the members of this body take up the duties of the day we come to you in prayer as is the custom. But save this moment from being a gesture to convention. Make it a real experience for each one of us as we call upon you for guidance. Let us not think, when this prayer is over, that our dependence upon you is over, and forget your counsels for the rest of the day. We seek your guidance now.

You know it is not hard to discover our problems in Oklahoma. It never is, for

there are many who shout them from the housetops. But this is the place for finding solutions. We give thanks that you have matched us with this hour. May we resolve, with your help, to be part of the answers, and not part of the problem. Slow us down, O Lord, that we may take time to think and time to find out your will. Then give us the sense and the courage to do it, for the good of Oklahoma and the glory of your name. Amen.

We have become aware anew in these days past how difficult it is to discover what is true and what is just. As we, your servants here, sincerely seek to do what is right, make it plain to us.

And our Father, as we hammer out decisions as a team, may we be kind with one another in our differences, always aware that we are called to love one another even as we are called to do battle with one another's ideas.

We know also that criticism will come at times, no matter what the decision. Help us to take from such criticism that which is helpful and to forgive that which is unjust and unkind.

Bestow upon us the courage to do the right as you have given us to see the right, that at the end of each day we may hear Your Word, "Well done good and faithful servant." Amen.

Our Father and Our God, as we come to You in prayer we dare to ask that You would bless the members of the Senate of Oklahoma this day. Help us in our many duties. May we bring light to the problems of Oklahoma and not just generate more heat. Give us wisdom for the days ahead.

As we pray for guidance, we know that You never intended prayer to be a substitute for work. Make us willing to think and to think hard, guided by Your voice within us. But spank us with Your judgment when we dare to think up and devise our own schemes, and then have the nerve to ask You to be a Co-Author.

May the work of this Senate — every action — be worthy of Your blessing, for we know that unless Your blessing accompanies what we do here, we waste our time. Amen.

The Journal for the last legislative day was declared approved.

For that weakness we pray that we may be given the mercy we have not merited and the goodness we do not deserve.

When we ask for wisdom, your clear words become confused by our own desires and wishes so that we need reminding of our need of you. Let your presence always be with us that we may turn to you for help. Grant us your peace, that we know we have an advocate before you, able to give us your mercy and grace. Amen.

Upon roll call, the following members were present:

The following prayer was offered by the Chaplain, Reverend Alfred Scott, Pastor of the First Church of Christ, Grove, Oklahoma, and incorporated upon request of Senator Phillips:

Our Father, our hearts are glad this afternoon that God still governs in the affairs of men. We thank You that You are here in the power of Your other Person, the Holy Spirit. You give assurance to Our hearts that we can expect guidance and direction not only for our individual lives, but for the government that comes from these chambers.

We are comforted today that though there seems to be no general peace among the nations of the world or peace in our own nation and our own society, Your word teaches us that You are in charge of the nations of the world and of our

own government in the State of Oklahoma.

We ask You, our Father, to guide this day in the thoughts of these men who have been placed in this most responsible position—that in every act it will be for the betterment of the people of our State. We ask that this State will continue to grow, to prosper and to be an attraction to the rest of our country. We will be very thankful to You for Your blessings upon us.

We do thank You for Jesus Christ, our Lord—for the revelation given unto us that He is God incarnated. We have hope today because of Him who went into the lair of the greatest enemy of man, death, and by His mighty power wrested the scepter from Satan and destroyed him who had the power of death.

We pray that You will be glorified and honored today by we who are present here—that our minds and emotions will be given over to You, that You might use us freely. In the name of Jesus Christ our Lord we pray.

The Journal for the last legislative day was declared approved.

Our eternal Father our need is very great in this hour. The world is crying, "Where shall we go? What shall we do?" Mens hearts are failing them for fear of those things that seem to be coming upon the earth. An unrest prevails. Teach us, oh God, to know that, though the darkness seems so foreboding, beyond the darkness is a light—the light of the only begotten Son of God—that light which is able to dispel every darkness. Help us to remember Your promises—that if we will call unto You, You will answer us and show us great and mighty things that we know not. Help us to know that You rule by

Your power and Your eyes behold the nations.

We thank You for these honored men who have been entrusted with the law-making of our state. We pray that each one will feel a deep responsibility to the task and to the people who elected him. We pray, Our Father, forgiveness for our own sin in neglecting to remember these men in our prayers—forgiveness for not asking devine guidance in the many and tremendous decisions they must make. Grant them wisdom from above. Guide them in their thoughts and motives. Help us all, Dear Father, in this journey of life. Help us to know the one supreme truth, that this God is our God forever and ever and He will be our guide even unto death. We give praise and honor and majesty to our Saviour who gave Himself for us. We pray in the name of Jesus Christ our Lord.

Our Father, we pause in the midst of this life with its joys, its fears and many decisions, to be still and have fellowship with You. Grant us, Our Father, that in this moment we may shut out of our minds and hearts everything that would distract. Speak to us of Your love and help us to push aside all our plans and our fears so that we may concentrate on Thee. Today our desire is not to storm heaven with our petitions and pleas, but to listen if, perhaps, You will assure us of Your closeness.

May we with the divine of long ago, Elijah, know that God isn't in the great and strong winds that rend the mountains and break the rock in pieces, nor is He

found in the earthquake nor in the fire, but in the still small voice that says, be still and know that I am God.

We ask You to forgive us for feeling, sometimes, that our tasks are too important to lay aside for a quiet time with You. We confess that we have not been strong in the Lord as we ought to have been — that our appetites for spiritual meats have been dulled by preoccupation with things both good and vain. In this pre-Easter season help us, oh Lord Our God, to meditate — to realize the depths of the angel's words to the women seeking the body of Jesus, "He is not here, but is risen." Speak to us in the quietness of the moment, this great truth — that our Lord came forth from the grave with a physical and immortal body. Bless, Our Father, these men who stand before You — ordained by You for this task of government. In the name of Jesus Christ Our Lord.

The Journal for the last legislative day was declared approved.

SCR 28—By Stipe, Garrison, Young, Baldwin, Berrong, Birdsong, Boecher, Breckinridge, Capps, Crow, Dahl, Ferrell, Field, Garrett, Grantham, Graves, Ham, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Lamb, Lane, Luton, McCune, McGraw, McSpadden, Martin, Medearis, Miller, Murphy, Nichols, Payne, Phillips, Porter, Rogers, Smith, Stansberry, Taliaferro, Terrill, Trent and Williams of the Senate and Pierce and Monks of the House—A Resolution respectfully petitioning the President of the United States to give the earliest consideration to the granting of executive clemency to Lt. William Calley, United States Army; and directing distribution.

WHEREAS on March 29, 1971, a court martial jury found Lt. William Calley, United States Army, guilty on a charge of "premeditated murder of 22 Vietnamese civilians" at My Lai, South Vietnam, in 1968; and

WHEREAS, conviction on this charge may result in a sentence of death by hanging or life imprisonment, unless mitigated by a higher court or the President of the United States; and

WHEREAS, the charges against Lt. Calley arose from a combat action into which he and his troops were ordered in 1968; and

WHEREAS, never in the history of nations and warfare have members of a nation's armed forces confronted decisions of such inconsistency or indissoluble nature

in carrying out the duties for which they have been trained, prepared and sworn; and

WHEREAS, the controversies surrounding the United States involvement in the Vietnam Conflict have contributed to an increasing demoralization of American armed forces personnel endeavoring only to carry out their sworn duties as members of our nation's fighting forces; and

WHEREAS, for one whose loyalty and patriotism and willingness to forfeit his own life in defense of his country remain unquestioned and unchallenged, the penalty imposed upon Lt. Calley is unduly harsh and severe; and

WHEREAS, the ideals of American justice, which guarantee to each the equal protection of the laws, must not be tarnished by the apparent application of a double standard, as might be inferred from the fact that others charged in the same My Lai incident have been acquitted, as well as from the fact that no similar charges have evolved from aerial, naval or artillery bombardments resulting in the deaths of untold numbers of Vietnamese civilians; and

WHEREAS, to prevent the final and complete demoralization of America's fighting forces, and to ensure the availability of personnel for the nation's armed forces in meeting future needs and crises, those men willing to sacrifice their lives in pursuit of national policies must be assured of their nation's moral support and that performance of duties for which they have been trained and prepared shall not constitute the basis for criminal charges wholly unrealistic in the context of a cruel and brutal war.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION, 33RD OKLAHOMA LEGISLATURE, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

SECTION 1. That the Honorable Richard M. Nixon, President of the United States of America and Commander-in-

Chief of the Armed Forces, be and hereby is respectfully petitioned to give the earliest and deepest consideration to the granting of Executive clemency to Lt. William Calley, United States Army, in view of Lt. Calley's exemplary military record prior to the so-called "My Lai incident," and in view of the extenuating circumstances surrounding participation of American armed forces in the Vietnam Conflict.

SECTION 2. That a duly authenticated copy hereof be forwarded to the President of the United States of America, the Honorable Richard M. Nixon; the Secretary of Defense, the Honorable Melvin R. Laird; the Secretary of the Army, the Honorable Stanley R. Resor; and to each member of the Oklahoma delegation in the Congress of the United States.

Our Father, we come into Thy presence this morning through Jesus Christ our Lord—humbled that we are privileged to have access to the God of eternity. We are very grateful for this week—for the privilege of making new acquaintances, new friends. We are thankful, our Father, to have been a part of this group of men who have dedicated themselves, taken upon themselves responsibilities to represent the people of the State of Oklahoma. We do pray Your special blessings and guidance upon each of them, and may each of them look to the All Wise God for help and direction. Father, Thou art the potter, we are the clay, so mold us. Help us not to surrender to the evil pressures of the world and may there be no part of the clay that is not yielded to Thy loving

touch. May we be vessels unto honor—vessels that are meat for the Master's use.

We thank you for our Blessed Lord who gave His life, shed His blood that we might be made the righteousness of God in Him. As Jesus took that bitter cup and from it poured out the blessings for the world, so take our lives today. Make us into Thy image, save us in heaven when You are through with us here. We pray for Christ's sake and in His name. Amen.

We acknowledge you not only as Lord of the church, but as Lord of the marketplace and of the political arena. When we feel that you are far from us we recognize that it is us, not you, who have created the gap.

We ask your special blessing on all those who dedicate themselves to the welfare of the people of this state. Give them sensitivity to human need, awareness of the need to struggle against apathy, laziness, greed or selfishness. Give them

such a love for the elusive goal of liberty and justice for all man that they will pursue that goal, whatever the obstacles.

Grant us all, O God, the courage to hold unashamedly to our ideals, to love our fellow man, to resist the tendencies of cynicism, of boredom, and of defeat.

Accept our thanks for the opportunities of today, the forgiveness of yesterdays failure, and the hope of tomorrow's promise. Amen.

SR 30—By Berrong, Dahl, Williams,

Field, Taliaferro, Young, Medearis, Garrison, Capps, Crow, Miller, Martin, McSpadden, Ferrell, Payne, Inhofe, Breckinridge, McGraw, Lane, Lamb and Holden—A Resolution requesting the Commissioners of the Land Office to reconsider action taken March 29, 1971, in the granting of a permanent easement to the South Oklahoma City Junior College; expressing the intent of the Oklahoma Senate; and directing distribution.

WHEREAS, the State of Oklahoma is the owner of the Northeast Quarter (NE 1/4) of Section 36, Township 11 North, Range 4 West of the Indian Meridian, Oklahoma County, Oklahoma, under and by virtue of Section 7 of the Enabling Act, which section, insofar as material hereto, provides as follows:

“That upon the admission of the State into the Union sections numbered sixteen and thirty-six, in every township in Oklahoma Territory and all indemnity lands heretofore selected in lieu thereof, are hereby granted to the State for the use and benefit of the common schools, . . .”; and

WHEREAS, the Commissioners of the Land Office at a special meeting March 29, 1971, adopted a motion, duly made and seconded, approving the granting of a permanent easement to the South Oklahoma City Junior College, a community junior college, covering the above described land, containing 143.08 acres, more or less, which motion provides, in material part: “. . . for a consideration of \$5,000.00 per annum, with the understanding that the granting of this easement is not to be considered as establishing a precedent for similar grants in the future”; and

WHEREAS, it is apparent that a dangerous precedent would in fact be established by permitting the aforesaid easement to become operative, notwithstanding the recited intent in said motion that same be considered as not establishing a precedent; and

WHEREAS, the aforesaid tract of land

has been appraised as having a value in excess of Seven Hundred Thirty-six Thousand Dollars (\$736,000.00), and there is basis for belief that said land has an actual value of approximately One Million Dollars (\$1,000,000.00); and

WHEREAS, there is an awareness throughout the State of Oklahoma of the need for providing additional facilities and revenue to improve the quality of education for our children and any effort to assist in attaining such improvement, including providing building sites, must be deemed to be worthwhile, but the compelling consideration in affording such assistance where common schools are concerned should be to provide the greatest amount of help to the greatest number of children in said common schools; and

WHEREAS, the inadequate consideration of only Five Thousand Dollars (\$5,000.00) per annum for a permanent easement covering a tract of land worth One Million Dollars (\$1,000,000.00), when stated as income results in approximately one-half of one percent ($1/2$ of 1%) calculated on a twenty-year term; and

WHEREAS, the construction of buildings and other improvements on said land for use as a school would tend to drastically reduce the present market value thereof and would permanently impair the use thereof and perhaps destroy the marketability of said land, for the greatest "benefit of the common schools" as provided in the Enabling Act; and

WHEREAS, the sale of said land for the highest price obtainable and the investment of the proceeds in first mortgages on farm lands, or in other securities authorized by law would reasonably be expected to produce income of approximately Fifty Thousand Dollars (\$50,000.00) per annum for benefit of the common schools rather than Five Thousand Dollars (\$5,000.00) as stipulated in the easement; and

WHEREAS, the state's ownership of and stewardship over the above described land is burdened with the highest responsibility to all the school children of the

state, by reason of Section 1, Article XI, of the Constitution of Oklahoma which provides:

"The State hereby accepts all grants of land and donations of money made by the United States under the provision of the Enabling Act, and any other Acts of Congress, for the uses and purposes and upon the conditions, and under the limitations for which the same are granted or donated; and the faith of the State is hereby pledged to preserve such lands and moneys and all moneys derived from the sale of any of said lands as a sacred trust, and to keep the same for the uses and purposes for which they were granted or donated."; and

WHEREAS, it is deemed to be in the best interests of the common schools of this state that the Commissioners of the Land Office reconsider the action taken March 29, 1971, in granting the permanent easement heretofore described, and, that if upon reconsideration thereof, it be the judgment of the Commissioners that a permanent easement be granted to South Oklahoma City Junior College for school purposes, then and in that event further consideration be given to limiting same to not to exceed 40 acres of said land and that the remainder thereof be sold and the proceeds invested to produce income for the benefit of the common schools in keeping with the requirements of the Enabling Act and the Oklahoma Constitution; and

WHEREAS, it is the intent of the Oklahoma Senate to respectfully request the Commissioners of the Land Office to rescind the easement as granted on March 29, 1971 in order to protect the interests of the common schools.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE:

O God, who stilled the storm on the sea of Galilee, surely You can calm the turmoil of this place and quiet our troubled minds. You who turned the water into wine, You can turn the frenetic pace of our activity into something worthwhile. You who used even the cruelty of Pharaoh for good can bend our acts and use what we do for Your will.

Give us the simple gifts of openness to others' opinions, sensitivity to others' needs. Give us the strength of knowing that with Your help we can tackle and do the impossible. Give us also the humility of knowing how insignificant are our pompous struttings over the stage of life. Remind us that we are dust, yet support us with the dignity which comes from knowing we are made in Your image.

Help us in the mirror of Your acceptance to see and to be our best selves, free of pettiness and false pride.

Finally, we ask for the ability to laugh at ourselves, and to laugh with the joy of life lived with meaning. Amen.

The Journal for the last legislative day was declared approved.

The following prayer was offered by the Chaplain and incorporated upon request of entire Senate.

God of grace, who has invited us to approach You with confidence for every need, we come in gratitude for all Your gifts to us, we come in penitence for our sins, and we come in expectancy for new surprises of grace for today.

We pray today for the strength to face our opportunities to do good. We pray for this Senate and all those who have dedicated themselves to public service. We thank you for their dedication which often goes unnoticed, for their hard work which is so often unappreciated and unrewarded, for their willingness to suffer real pain when conviction forces them to stand alone. Bless those who serve with courage and honesty.

We pray for the people of this state who need an advocate, for the weak and power-

less, for the children who need protection and the aged who need love and patience. We pray for the youth who need the challenge of quality education, for all who have been left out of the possibility of a fuller, richer life.

We pray for our young men who serve in faraway places, and especially for those who suffer as prisoners of war. Fill them with hope and deliver them from despair. Help all who suffer to sense your sustaining love.

Give us strength for today, we pray. Amen.

The Journal for the last legislative day was declared approved.

We read in the Law of the Spirit that "All things whatsoever ye shall ask in prayer, believing, ye shall receive. And that "if we ask anything according to his will, he heareth us."

Let us pray: Eternal God and legislator of heaven and earth:

We come before Thee as a body representing a great State. Having inscribed on our common currency, "In God We Trust" and with faith in our great Nation and love for our flag. We thank Thee for this "Nation Under God", despite our moral delinquencies, and plead clemency for our social malfunctionings.

Thou hast asked us to pray for "all that are in authority", "tribute to whom tribute is due. . honor to whom honor." We would, especially, remember our Governor Hall and the great burdens of State attending his official capacities.

And Thy grace and guidance in behalf of this present Senate session, and for the embryonic laws and legislative considerations We know that "no people have been better than their laws, and many have been worse." We know that "good laws make it easier to do right, and harder to do wrong." And, that "laws are the very bulwark of our liberty, defining every man's rights and defending every man's freedoms."

Thus, we would plead for serenity to accept the things we cannot change, the courage to change the things we can, and the wisdom to know the difference.

May the debates of the present hour be items conceived in the womb of conscience and brain children of dedicated moral and legal desire.

God grant that each item be accepted or rejected on the basis of merit as moral conscience shall approve, In the Name of Jesus, our Saviour, Amen.

The Journal for the last legislative day was declared approved.

WHEREAS, Mrs. Gloria Farley of Heavener, Oklahoma, one of the foremost authorities in Oklahoma on the subject of runestones and Viking History has announced that an interpretation of the inscription found on the rock, which was written in the rune language used by Norsemen, indicated that inscription was made on November 24, 1024, approximately four hundred sixty-eight years prior to the discovery of America by Columbus; and

Pursuant to adjournment, the Senate was called to order by its President, Lieutenant Governor George Nigh.

The following prayer was offered by the Chaplain and incorporated upon request of Senator Dahl:

We observe from the Bible, that Great Library of Heaven, and the combined product of 4,000 years, that "Righteousness exalteth a nation, but sin is a reproach to any people."

Let us pray: Almighty God, in whose hands are the final decisions for eternity:

We, the present, feel humble as we try to advance the moral and spiritual principles vouchsafed to us by those great Americans, who, by brain and brawn left us the legacy of a magnificent Statehood.

As we convene this session of the Senate, and these law-makers enter into the deliberations of the hour, we beseech Thee to guide the thoughts, lead the aspira-

tions, that the end result shall be legal and moral enactments. And statutes for which each member shall feel justly proud to pass on to the youth of our great Oklahoma—the youth who shall legislate in these halls in the tomorrows.

In this vein, and from divine and moral philosophy we would approach Thy Throne of mercy in time of need. Our needs are many and serious and we, truly, seek divine assistance in arriving at just and unbiased conclusions.

We know that men's hearts are being tried. Our Governor is laden with unforeseen problems; our Legislature is striving to guarantee needed assistance to all classes of the home constituency.

Wilt Thou guide us to do what we, in conscience, can perform, In the Name of your Son and our Saviour, we pray. Amen.

Sixtieth Legislative Day

Wednesday, April 21, 1971

Pursuant to adjournment, the Senate was called to order by Senator Terrill, who was designated so to do by the President Pro Tempore.

Upon roll call, the following members were present:

Baggett, Baldwin, Berrong, Birdsong, Boecher, Breckinridge, Capps, Crow, Dahl, Ferrell, Field, Garrett, Garrison, Grantham, Graves, Hamilton, Hargrave, Holden, Howard, Howell, Inhofe, Keels, Lamb, Lane, Luton, McCune, McSpadden, Martin, Medearis, Miller, Murphy, Nichols, Payne, Phillips, Rogers, Smith, Stansberry, Taliaferro, Terrill, Trent, Williams, Young.—42.

The Presiding Officer declared a quorum present.

The following prayer was offered by the Chaplain and incorporated upon request of Senator Dahl:

As dying men trying to legislate for dying men, we look to the One who not only holds the keys to legal and moral systems, but to the One who holds the keys of Death and Hell. The prophet of old has exclaimed: "But let judgment run down like waters, and righteousness as a mighty stream." And, again, "Where no counsel is the people fall, but in the multitude of counselors there is safety.

Shall we pray: Almighty God and Moral Governor of the Universe:

We gather here to transact the business of State. We would seek to incorporate

the best philosophies in legal concept for guidelines in this great Commonwealth. We would seek divine aid in the problems and possible solutions.

We desire to thank Thee for the members of the Senate, the interest and concerns for the good people they represent; and for the dear friends and families back home.

We thank Thee for the governmental foundations laid by our predecessors in these halls. We believe that a noble work is reserved for these and legislators to come. Help us to seek in unexplored areas for worthy accomplishments in the legislative realm.

With our freedoms in this land of Bibles and moral concepts, may each issue be voted before the bar of an enlightened conscience. We know that these decisions we here make, will be accepted or rejected on their merit before finite minds and be accepted or rejected before the Infinite forever.

May there be a unanimity in mind and purpose on each item of moral worth. And may these enactments become structural for democratic processes in our beloved Oklahoma.

This is our humble prayer in the Name of our Common Lord, Even Jesus, Amen.

The Journal for the last legislative day was declared approved.

Senator Payne presiding.

Every licensed veterinarian shall be governed and controlled by the rules of professional conduct adopted by the Board, and the Board shall cause these rules to be printed as part of the application blanks for licensing and renewal thereof, and each applicant shall subscribe thereto when making an application;

10. To perform such other duties and exercise such other powers as the provisions and enforcement of this act may require; and

11. To make and publish uniform rules and regulations such as may be necessary for carrying out and enforcing the provisions of this act and such as in its discretion may be necessary to protect the health, safety and welfare of the public.

SECTION 8. It shall be unlawful to practice veterinary medicine in this state without a license issued by the Board of Veterinary Medical Examiners. Every licensed veterinarian who desires to continue in the practice of veterinary medicine in this state shall annually, after the expiration of the first year of licensing and on or before the 2nd day of July of each year, pay to the Board a renewal fee which shall not exceed Twenty Dollars (\$20.00) in return for which a renewal license shall be issued; provided that, the annual renewal fee for a license for a year during which the licensee is, in the judgment of said Board, not actively en-

In order to regain a license, it shall be necessary for such person to make application in writing to the Board requesting the reinstatement in a manner prescribed by the Board for which a fee, not in excess of Twenty-five Dollars (\$25.00) shall be charged; provided that, after two (2) years have elapsed since the date of expiration, a license may not be renewed, except upon the making of application therefor and taking and passing the regular license examination. This provision shall not apply to the situation of a licensed veterinarian who returns from a period of no longer than six (6) years' military service with any branch of the armed services of the United States.

SECTION 9. Licensed veterinarians shall be persons regularly licensed as such in the State of Oklahoma on or before the effective date of this act. All applicants shall make application in the form and manner prescribed by the Board. The application shall be accompanied by a fee not in excess of Seventy Dollars (\$70.00), no more than Fifty Dollars (\$50.00) of which shall apply toward

the examination fee, which shall be forfeited if, after notice of the Board to the applicant that he has been accepted for examination, the applicant fails to present himself for said examination. No more than Twenty Dollars (\$20.00) of said application fee shall be applied toward the first annual license fee. On presenting himself at the time and place directed by the Board and passing a satisfactory examination, he shall be granted an appropriate license.

SECTION 11. The practice of veterinary medicine shall mean:

3. Acts of a person in lawful possession of an animal for some other purpose than practicing veterinary medicine; provided that, no charge may be made or included in any other charge or fee or adjustment otherwise made of any charge or fee for acts performed under this subsection unless the acts are performed by a licensed veterinarian as provided by this act.

SECTION 13. The Board shall have the power to issue reciprocal licenses to applicants licensed in other states which they deem have like requirements, and for which they shall charge an initial fee of Fifty Dollars (\$50.00).

SECTION 14. A. The Board is specifically granted the power to revoke or suspend any license issued pursuant to this act to any holder of such license who:

1. Violates any provision of this act;

A person whose license has been revoked or suspended may appeal to the district court of the county of the residence of said person at any time within thirty (30) days from the date of the Board's order of revocation or suspension, said appeal to be heard by the court. The decision of said court shall be final, subject to review; provided, the order of revocation or suspension shall not be stayed during the appeal to any court.

SECTION 15. It is hereby made the duty of every person engaged in the practice of veterinary medicine to report to the State Veterinarian of the State of Oklahoma the name of the owner or person in possession of all domestic animals afflicted with any contagious or infectious disease required to be reported by the State Board of Agriculture together with the location of said animal or animals and the disease with which said animal is afflicted immediately upon such knowledge or information coming to such practitioners.

If no such custodial institution is available in the county, the animal may be disposed of in a humane manner or sold. Abandonment shall mean to forsake entirely or to neglect or refuse to provide or perform the legal obligations for care and support of an animal by its owner. Compliance with this section shall relieve the veterinarian from liability for such disposal or sale.

SECTION 17. Any licensed veterinarian who in good faith renders or attempts to render emergency care at the scene of an

accident or emergency to the victim or victims thereof shall not be liable for any civil damages as a result of any acts or omissions by such person rendering or attempting to render the emergency care.

Upon motion of Senator Terrill, the Senate adjourned to meet Thursday, April 22, 1971, at 11:00 o'clock A.M.

Sixty-first Legislative Day

Thursday, April 22, 1971

Pursuant to adjournment, the Senate was called to order by President Pro Tempore Smith.

The President Pro Tempore declared a quorum present.

The following prayer was offered by the Chaplain and incorporated upon request of Senator Boecher:

A Sacred Sage in the ancient past has said: "Trust in the Lord with all thine heart, and lean not upon thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths."

Shall we pray: Almighty God, Thou Who hast under Thy control angels, principalities and powers:

We would pray Thy divine blessing upon each member of the Senate, and the counter-part, the House and upon our Governor and each cabinet advisor.

We are mindful that each member of this Senate representing the various districts, feels, keenly, the responsibilities toward those who in love and trust brought these elected officials to this honored capacity.

As we look to Thee in this opening hour of debate and discussion, we would ask for moral direction and reliance upon the Divine Spirit. May this direction become the catalyst in perfecting great issues favorable to the good of the governed.

We know that what we do today is largely of the flesh and that these laws only temporal. Eternity will revoke our enactments and confront us with laws that know no repeal.

So, we would temper our decisions and hope for legislation for the present distress and our beloved State's future good.

In the Name of the Great Law Giver, the Holy One of Israel, and do Thou guide us O Thou Great Jehovah, In Jesus Name. Amen.

WHEREAS, death has claimed Mr. Nolen Bulloch, a veteran reporter for the Tulsa Tribune for some twenty-six years of his long and distinguished career as a journalist; and

WHEREAS, Mr. Bulloch was one of Oklahoma's best known and respected news reporters, working for the United Press and the Chicago Sun Times as well as in Oklahoma; and

WHEREAS, Mr. Bulloch's qualities of perceptive reporting, tenacious investigation and adamant hatred of any form of dishonesty, graft or crime exemplify the ideal that an unshackled press is America's best guardian of democratic freedom; and

WHEREAS, Mr. Bulloch's dedication to the separation of reality from falsehood was such that he once filed a story exposing communist activity on an Arkansas college campus despite a beating he received by a gang of toughs; and

WHEREAS, Mr. Bulloch's list of exposures of fraud and corruption—the breakup of the Vicksburg bootlegging gang, the Wagoner County voting scandal of the 1950's, and the unmasking of dishonest public officials — is an excellent record of

WHEREAS, Mr. Bulloch, who married the former Mary Louise Huff, a fellow news reporter for the Tulsa Tribune was a warm, dedicated family man and friend to hundreds of people all over the state.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE:

WHEREAS, the Soil Conservation Service, the technical arm of the United States Department of Agriculture, is the only federal agency which receives appropriations from the Congress directly earmarked for the assistance of local conservation districts; and

WHEREAS, the important work of this agency has worked wonders in eradicating

the ugly scars of the dust bowl from Oklahoma farms and ranches and helped to restore Oklahoma waters to their former pollution-free condition; and

WHEREAS, under Public Law 83-566, Oklahoma presently has thirty percent of all the planned upstream flood prevention reservoirs in the United States and over \$109 million has been spent on construction of such facilities in Oklahoma alone; and

WHEREAS, the true "team effort" displayed by past adequately funded work of these programs must rightfully share a lion's portion of the credit for Oklahoma's sterling performance as an anti-pollution state; and

WHEREAS, these programs offer the best means of solving the environmental problems of the nation; and

WHEREAS, the successful conservation and other programs of the Department of Agriculture point to the necessity for maintaining the agency as a Department of the President's Cabinet.

SECTION 1. Almighty God, in the rush of life there is the ever-present temptation to hurry. Indeed, in the affairs of men there is always a sense of urgency and each person feels that their thoughts, their feelings, their plans must be expedited even at the expense of others. Surely, however, when the responsibility to legislate is laid upon a group of men there is also the responsibility to consider carefully and to act out of wisdom. Endow this Body with the patience and wisdom that is becoming unto good government — in the name of Jesus Christ. Amen.

Heavenly Father, we thank thee for thy watch care over us during the week-end, and for the safe return to our appointed tasks as representatives of the people of the State of Oklahoma.

As we have gained physical strength through rest for our bodies, we pray that our minds will also have been refreshed. As we resume our duties in this week of legislative action, and the work load begins to mount, help us to approach the task with vigor and keenness of mind. May our convictions be held with an open mind, and as we present our views, may

we do so without the blighting curse of prejudice or bigotry.

Help us to ever keep before us a concern for the peoples that we represent, and may we never sacrifice their well-being or the well-being of our state for those things of lesser importance.

We pray for these men as individuals, that their wisdom might be the reflection of seeking thy wisdom in all things. May we in harmony use our privileges and appreciate our responsibilities. Bless us, Our Father as we come before Thee, we pray in the name of Christ. Amen.

O Lord, we thank thee for thy bountiful gifts to us; life, health, family, freedom, and democracy. We are made to realize our Father, that what we are is thy gift to us, and what we make of ourselves is our gift to thee. May we not be content to drift or shun those actions that would give us largeness of character and so return to thee our best as our gift.

Now help us, O our Father, to realize that this process of government in which we are now engaged is not just a happen-so in the course of history. It is rendered to us in sacred trust by our forefathers who had a vision of true democracy for them-

selves and those who should come after them.

Help us never to be untrue to this trust. Give us the grace, the wisdom, the courage, and the right humility to preserve and exalt our heritage. May our decisions be just, honorable, and tempered with the wisdom that can only come from thee. May this day be a great day because we have listened to thee and acted accordingly. In thy holy name we pray. Amen.

The Journal for the last legislative day was declared approved.

By thy divine protection and providence thou hast appointed for each of us our work in life, and hast commanded that we should not be slothful in business, but fervent in spirit, serving thee; so help us to always remember that our work is thy appointment, and to do it heartily as unto thee. Our Father, take from us all contempt of thy word and commandments. Break down all barriers of selfishness and ignorance which keep men from thee, and by our very acts, may we be the "salt of

the earth" and the "light of the world" to which we have been called.

O Lord, in the haste and urgency of this day, somehow may we have calmness, that we may with due regard, and keenness of mind, fulfill the work that is laid before us. Hear us, O Lord, as we seek thy presence to be with us. For we ask it in the name of Thy Son, Jesus Christ. Amen.

Father in heaven, send forth your light and your truth upon this body so that we may pursue what is right and just in things both great and small. May our might be the might of the spirit, our strength be in your law, our power be in the way of charity. May only truth be spoken and may the quest for justice be the motivation of all your servants. May goodness and mercy be in us and follow us all our days that we may be worthy to dwell with you forever. We ask this through Christ our Lord. Amen.

The Bison Glee Club, under the direction of Dean Warren Angell, sang Deep River, a Spiritual, arranged by Ringwald, which was beautifully done and greatly appreciated by the Senate and its Guests.

Senator Terrill and Senator Denzil Garrison, Majority and Minority Leaders of the Senate, respectively, placed before the Bar of the Senate a floral tribute—replica of the Official Seal of the State of Oklahoma—and beside the President's desk was placed a Candelabrum, holding three Candles.

The roll was ordered called of deceased Members of the Senate, whose deaths have occurred since the Second Memorial Service held on March 20, 1961.

A Candle was lighted by the Reverend Joe Dickens, of Tulsa, as a Memory Flame of the Senate for its deceased Members.

As the following names of deceased Members were called by Senator Leon Field, Senator Terrill and Senator Garrison, alternately, inserted White Carnations in the floral replica of the State Seal:

A Memorial Scripture and Prayer were given by the permanent Chaplain of the Senate, the Reverend Joe Dickens, which follows:

A wise old man in the scriptures remembers his time of service as a leader. (Reading Job 29:7-25)

"When I went out to the gate of the city, when I prepared my seat in the square, the young men saw me and withdrew, and the aged rose and stood; the princes refrained from talking, and laid their hand on their mouth; the voice of the nobles was hushed, and their tongue cleaved to the roof of their mouth. When

Governors, whose lives have expired since the Second Memorial Service held March 20, 1961, were called by Senator Al Nichols, White Carnations were inserted in the floral replica by Senator Terrill and Senator Garrison:

names of deceased Lieutenant Governors, whose deaths have occurred since the Second Memorial Service held March 20, 1961, following which Senator Terrill and Senator Garrison inserted White Carnations in the floral replica:

the ear heard, it called me blessed, and when the eye saw, it approved; because I delivered the poor who cried, and the fatherless who had none to help him. The blessing of him who was about to perish came upon me, and I caused the widow's heart to sing for joy, I put on righteousness, and it clothed me; my justice was like a robe and a turban. I was eyes to the blind and feet to the lame. I was father to the poor, and I searched out the cause of him whom I did not know. I broke the fangs of the unrighteous, and made him drop his prey from his teeth. Then I thought, 'I shall die in my nest,

and I shall multiply my days as the sand, my roots spread out to the waters, with the dew all night on my branches, my glory fresh with me, and my bow ever new in my hand.' Men listened to me, and waited, and kept silence for my counsel. After I spoke they did not speak again, and my word dropped upon them. They waited for me as for the rain; and they opened their mouths as for the spring rain. I smiled on them when they had no confidence; and the light of my countenance they did not cast down. I chose their way, and sat as chief, and I dwelt like a king among his troops, like one who comforts mourners."

King Solomon, as he was about to be crowned as king, made the following prayer: (**Reading Chronicles Second Book 1:7-12**)

"In that night God appeared to Solomon, and said to him, 'Ask what I shall give you.' And Solomon said to God, 'Thou hast shown great and steadfast love to David my father, and hast made me king in his stead. O Lord God, let thy promise to David my father be now fulfilled, for thou hast made me king over a people as many as the dust of the earth. Give me now wisdom and knowledge to go out and come in before this people, for who can rule this thy people, that is so great?' God answered Solomon, 'Because this was in your heart, and you have not asked possessions, wealth, honor, or the life to those who hate you, and have not even asked long life, but have asked wisdom and knowledge for yourself that you may rule my people over whom I have made you king, wisdom and knowledge are granted to you. I will also give you riches, possessions, and honor, such as none of the kings had who were before you, and none after you shall have the like.'"

The writer of the letter to the Hebrews gives you a very dramatic picture of life as a race. All those who have gone before are pictured as spectators sitting in the gallery watching us in the arena to see how well we will finish the race they have

begun. He writes: (**Reading Hebrews 12:1**)

"Therefore, since we are surrounded by so great a cloud of witnesses, let us also lay aside every weight, and sin which clings so closely and let us run with perseverance the race that is set before us."

O God, the God of Abraham, Isaac and Jacob, the God of our past, we bless your name for the memory of good men and women who have served you well in their time, and who now rest in your presence. We thank you for their labors, but more for their dreams. They dreamed of a great state carved out of this land, a state where men who had once killed each other could live together in peace, a state concerned for the young and the poor and the needy. We thank you for the way they pointed us.

God of our present and our future, we thank you for those gathered here who once served in this place, but who have moved to other areas of service; we pray that their struggles may never have been in vain.

We thank you for Governor Hall and Lt. Governor Nigh. We thank you for President Pro Tempore Smith, and for these 47 men who serve with him in the Senate. May this time taken from a busy schedule serve to refresh and strengthen them. May the memory of good and faithful men who have served well encourage them to rededicate themselves to the hard work of government.

In the holy silence of this hour, may we with our spirits look into the gallery and see that great cloud of witnesses, men like Governor Holloway and Senator Clem Hamilton and Senator Al Commons, watching closely, looking down into the arena, cheering on those who now carry the baton. May we all pledge ourselves to lay aside every weight, every distraction, every misdirection, and run with perseverance the race that is set before us.

May we honor their memory, not with empty words nor specious rhetoric, but

with honest efforts to improve the lot of all people.

May those who govern us, O God, not only live up to the dreams and aspirations of those whom we honor today who have served in the past, but may they dream new dreams and see new visions. May they, like another now fallen, see things that have never been, and say "why not?" We humbly ask your favor.

Amen.

The Bison Glee Club, under the direction of Dean Warren Angell, sang very beautifully, THOU LORD ARE GOOD AND READY TO FORGIVE, by Director Angell.

RESOLUTION

Senators Boecher and Smith introduced **SR 38**, following which Senator Smith asked unanimous consent, which was granted, that all present and former living members of the Senate be made Co-authors of the Resolution.

SR 38, by Boecher, Smith, and all other present and former Members of the Senate, was read at length, as follows, by Senator Smith, adopted upon motion of Senator Boecher and ordered referred for enrollment:

SR 38—By Boecher, Smith and all other present and former members of the Senate —A Resolution expressing sincere appreciation and commendation to Miss Bill Shipley for her long years of faithful service as Journal Clerk, Chief Clerk and Clerk Supervisor; dedicating the Senate Journal of the First Session of the Thirty-third Oklahoma Legislature to "Miss Bill"; and directing presentation of a copy hereof on the occasion of Senate Memorial Day.

WHEREAS, on this Senate Memorial Day it is with glorious rejoicing that this body recognizes and commends Miss Willie Elizabeth Shipley for her long years of faithful service as Journal Clerk, Chief Clerk and Clerk Supervisor of the Oklahoma Senate; and

WHEREAS, we also come to this occasion moved with especially deep feelings of affection and admiration toward our beloved "Miss Bill" since the announcement of her impending retirement; and

WHEREAS, Miss Shipley came to the Oklahoma Senate staff in 1923 after graduating from Oklahoma College for Women in Chickasha; and

WHEREAS, of the many outstanding individuals who have served this Honorable Body throughout its history, none has made a greater contribution nor been held in higher esteem by its members than "Miss Bill" and

WHEREAS, through the years, the members of this body have come to rely on Miss Shipley not only for the unerring execution of the manifold duties of her positions but for the judicious advice and counsel of which only a person of her extraordinary talent, experience and dedication is capable; and

WHEREAS, it is difficult to conceive of the proper conduct of the business of the Senate in the absence of the guidance and leadership with which this Body has been blessed for nearly half a century; and

WHEREAS, the Senate of the State of Oklahoma stands on the threshold of time anxious of its future and jealous of its past, and approaches this hour, without adequate words to fully express appreciation to our cherished Miss Bill Shipley to whom this Honorable Body and the people of Oklahoma shall forever be deeply indebted.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 1ST SESSION OF THE 33RD OKLAHOMA LEGISLATURE:

SECTION 1. We, the members of the Oklahoma State Senate, on the occasion of Senate Memorial Day, hereby express our sincere appreciation and commendation to our beloved Miss Bill Shipley, for her long years of faithful service to the Oklahoma State Senate as Journal Clerk, Chief Clerk and Clerk Supervisor.

SECTION 2. The Senate Journal of the 1st Session of the Thirty-third Oklahoma Legislature shall be dedicated to Miss Bill Shipley as a token of our admiration for one who will always occupy a special place in our hearts as well as in the proud history of this Honorable Body and the State of Oklahoma.

SECTION 3. A copy of this Resolution shall be presented to Miss Bill Shipley on the occasion of Senate Memorial Day.

Senator Boecher, on behalf of the Senate and former members of the Senate, presented to "Miss Bill" an enrolled copy of **SR 38**, further expressing the kind sentiment of the Senate toward her.

The Dean of the Senate, Senator Don Baldwin, was presented by President Pro Tempore Smith and delivered the following Memorial Address:

Mr. President and other distinguished colleagues and friends of this august and general assembly:

As we pass another milestone together in our earthly journey—it is fitting that we pause and remember those of our colleagues of the State Senate who have preceded us and have now made their way to eternity as ordained by an all-wise Providence.

Sixty five years ago marked the near completion of the Constitutional Convention whose membership consisted of 55 delegates from each Territory, and 2 delegates from the Osage Nation. From these 112 delegates to the Constitutional Convention came many of the early day leaders in state government; Henry S. Johnston, President Pro Tempore of the Senate, later Governor and again a Senator: Another great President Pro Tempore of the Senate, Elmer Thomas, who authored our law on eminent domain, the county seat Selection Bill as well as many other pieces of important legislation, was later elected to the U.S. Senate for a period of 24 years and became the most powerful member of that body.

Two decades later Jed Johnson came to

the State Senate and later became a member of the Congress where he served well for 20 years.

During this period William J. Holloway served in the State Senate as President Pro Tempore, later Lt. Governor and Chief Executive.

We do not select these names that we might lessen the greatness of the many others whom we honor here today: We name them as representative of those of the times, and today as I look to the left of my seat I no longer see one of the great Senators of later times, Clem Hamilton; I see his boy, Jim, who sits at the rear of the Chamber. Each departed comrade will be remembered by each one of us in a different manner. We are aware that each thing is different according to the hand that holds it and so it is that no two persons remember a friend in the same way but each according to his understanding. Our comrades have written their own eulogies in the sands of time and their names are permanently inscribed in the archives of the State.

In this hour of remembrance and contemplation it is only natural that we think on immortality and in leaving this sphere whether we shall have left a bower of rainbows swinging from a nebulae of stars for posterity in its continued ascent.

And so it is, that thru their objectives, represented by those of us gathered here today in remembrance, and who are privileged to carry on their work and objectives for yet a short interval in this sphere; I commend our departed colleagues and loved ones to you as but another prelude to a larger and more important life to follow—the introductory theme of a harmonious interlude—whose work in this life was of an immortal motif—A motif so great that only Eternity is long enough to complete it.

Upon motion of Senator Terrill, the Address of Senator Baldwin was ordered incorporated in and the Journal for this Legislative Day ordered sent to all living

former Members of the Senate, living former and present Governors and living former and present Lieutenant Governors and the widows or next of kin of deceased persons honored today.

President Pro Tempore Smith presented Federal Circuit Judge, the Honorable Wm. J. Holloway, son of the deceased former member of the Senate, former Lieutenant Governor and former Governor, Wm. J. Holloway, who addressed the Senate and its Guests, as follows:

Governor Nigh, Mr. President Pro Tempore, former Governors, Members of the Senate and friends:

Your invitation was most kind for me to respond today for the families of those you are honoring. I will try to say briefly what I believe this day means to those whose memories are so bound up with this chamber, this Capitol and this State of ours.

First, we are all most grateful to you. Your schedules are crowded and your burdens far heavier than State Government has ever imposed before. That you pause and honor former servants in State Government is both thoughtful and generous. And it means much to each family here. Memories of this chamber, its members and its staff, are precious to all of us. So we are specially grateful to you for this day.

Second, I think it is of real value to pause and look back at Oklahoma's past—not just at those whom you honor—but at the whole sweep of history that built this state. By doing so the real worth of our own form of State Government stands out in bold relief against the demands of those who clamor for a new order without offering anything of substance as a change.

And lastly, I would like to turn to the thoughts of one of those you honor, Ross Rizley. Born in a dugout in Beaver County, he rose to serve in county, state and national government, with service in

this chamber and on the bench. Judge Rizley came back to Oklahoma once in 1954 on the occasion of a banquet in tribute to him. In response to that honor this is part of what he said:

"I accept this honor for my family, who have stood by me all these years. And for the pioneers who believed in something — their lives were not interrogation points — they had a dauntless spirit and determination to build this country without the help of anyone but God.

"They couldn't be bought — they wouldn't compromise with wrong — they believed that any man who tells and lives by truth today can be a majority tomorrow."

Mr. President, we thank you very much.

Upon motion of Senator Garrison, the Address of the Honorable Wm. J. Holloway, Federal Circuit Judge, was ordered incorporated in the Journal.

President Pro Tempore appointed as a Committee to notify Honorable David Hall, Governor of Oklahoma, that the Senate and its guests invite and await his presence in order to hear any Message he might wish to deliver. The Committee appointed was Senators Terrill and Garrison.

The Senate was declared at ease.

The Senate reassembled, with President Pro Tempore Smith presiding.

The Committee appointed to invite and escort Honorable David Hall, Governor, was recognized and did escort the Governor to the President's desk where he delivered the following address:

Mr. President and
Honored Guests of the Senate:

This is a solemn and important occasion.

Once in a decade—this great body reflects on its past. You memorialize those who have made the sacrifices of service but now are gone.

With humility I participate in this observance. With pride I reflect on those good men.

Oklahoma has a proud history. It was built by the courage and dedication of those you honor today. They set a tradition of service. They forged a credo for Oklahoma that says:

"My State before my self."

We are thankful for this heritage. We are grateful for those men who set this pattern. They practiced what they preached.

Today, in this chamber, we join those who have enriched this tradition of service. During the short days of this administration and legislature. . . you have been tested, individually.

You have been men of courage. . . you have given us leadership which is unparalleled.

There are fine moments in Oklahoma history and enlightened men who served our state.

But for me, there has never been a more responsible and courageous legislature in Oklahoma history than this 33rd Legislature.

There is no higher tribute . . .

There is no greater memorial. . .

There is no finer salute . . . To those men of Oklahoma history than what has happened in these legislative chambers during the past four months.

History holds the roll call of courage and responsibility.

As I look into your faces. . . I know the decisions that were made. I know those who rose to the challenge and repeated that commitment. . . "My State before my self."

You have enriched the heritage. You have kept the faith. Those whom we memorialize today may rest with pride. Thank you.

The President Pro Tempore announced that, immediately following adjournment of the Senate today, refreshments will be served in the Senate Lounge, with informal music by the Bison Glee Club.

With lights dimmed and a spot light on the floral replica of the State Seal, the Bison Glee Club, under the direction of Dean Warren Angell, sang a song of Benediction, which was followed by Taps in the front Foyer of the Senate Chamber.

Benediction was pronounced by the Reverend Joe Dickens.

Be it resolved by the House of Representatives and the Senate of the 1st Session of the 33rd Oklahoma Legislature:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following amendment to the Constitution of the State of Oklahoma, amending Article X, Section 9, thereof, to read as follows:

§ 9. (a) Except as herein otherwise provided, the total taxes for all purposes on an ad valorem basis shall not exceed, in any taxable year, fifteen (15) mills on the dollar, no less than five (5) mills of which is hereby apportioned for school district purposes, the remainder to be apportioned between county, city, town and school district, by the county excise board, until such time as a regular apportionment thereof is otherwise provided for by the Legislature.

No ad valorem tax shall be levied for state purposes, not shall any part of the proceeds of any ad valorem tax levy upon any kind of property in this state be used for state purposes.

(b) A tax of four (4) mills on the dollar valuation of all taxable property in the county shall be levied annually in each county of the state for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts of the county by the county treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. Provided that in case

a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the county treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as hereinbefore provided for the proceeds of such tax on the assessed valuation of such county. Not to exceed seventy-five [per centum] PERCENT (75 %) of the amount received by a school district from the proceeds of such county levy in any year shall be required to finance the state guaranteed program of such district.

(c) Upon certification of a need therefor by the board of education of any school district an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, any school district may make an emergency levy for the benefit of the school of such district, in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in such district when approved by a majority of the electors of the district voting on the question at an election called for such purpose. SUCH LEVY WHEN APPROVED, SHALL BE MADE EACH FISCAL YEAR THEREAFTER UNTIL REPEALED BY A MAJORITY OF THE ELECTORS OF THE SCHOOL DISTRICT, VOTING ON THE QUESTION AT AN ELECTION CALLED FOR SUCH PURPOSE, AND SUCH ELECTION SHALL BE CALLED BY A PETITION INITIATED BY THIRTY PERCENT (30%) OF THE QUALIFIED ELECTORS OF THE

SCHOOL DISTRICT, OR BY A PETITION INITIATED BY TWO THOUSAND (2,000)

AD VALOREM TAXPAYING ELECTORS OF THE SCHOOL DISTRICT, WHICHEVER IS LESS, AND UNLESS OTHERWISE PROVIDED BY THE LEGISLATURE. This emergency levy shall provide only sufficient additional revenue to meet the needs of the district each fiscal year as determined by the board of such district and must be approved by a majority of the electors voting on said question at such an election. **[for each fiscal year.]**

(d-1) In addition to the levies hereinbefore authorized, any school district may make a local support levy for the benefit of the schools of such district, in an amount not to exceed ten (10) mills on the dollar valuation of the taxable property in such district, when approved by a majority of the ad valorem taxpaying voters voting on said question at an election **[for each fiscal year]** called for such purposes. SUCH LEVY WHEN APPROVED, SHALL BE MADE EACH FISCAL YEAR THEREAFTER UNTIL REPEALED BY A MAJORITY OF THE ELECTORS OF THE SCHOOL DISTRICT, VOTING ON THE QUESTION AT AN ELECTION CALLED FOR SUCH PURPOSE, AND SUCH ELECTION SHALL BE CALLED BY A PETITION INITIATED BY THIRTY PERCENT (30 %) OF THE QUALIFIED ELECTORS OF THE SCHOOL DISTRICT, OR BY A PETITION INITIATED BY TWO THOUSAND (2,000) AD VALOREM TAXPAYING ELECTORS OF THE SCHOOL DISTRICT, WHICHEVER IS LESS, AND UNLESS OTHERWISE PROVIDED BY THE LEGISLATURE. This local support levy shall provide only sufficient additional revenue to meet the needs of the district for each such fiscal year as determined by the board of such district; provided, an elector desiring to vote upon such local support levy must present an ad valorem tax receipt for the year immediately preceding before being issued a ballot, or sign a sworn affidavit certifying the fact of such payment.

(e) The amount of revenue from school district ad valorem taxes levied under (a) and (c) of this section which any school district may be required to use to finance its state guaranteed program shall not be in excess of its share, based upon its relative taxpaying ability as may be defined by law, of an amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed valuation of the state; but until such relative taxpaying ability is defined by the Legislature, the amount of revenue from such taxes which any school district may be required to use to finance its state guaranteed program shall not be in excess of the net proceeds from an ad valorem tax levy of fifteen (15) mills on the dollar net assessed valuation of the district. No part of the proceeds from any ad valorem levy for emergency levy and local support levy under (d) and (d-1) of this section shall be required to finance the state guaranteed program of such district.

Nothing in the amendments to the Constitution incorporated herein shall be construed to amend, alter or supersede the present application of Article XII-A, Sections 1 and 2 of the Oklahoma Constitution.

[(f) Should the amendment contained in subsection (d-1) hereof be adopted on September 14, 1965, the school board of any school district in the state may within ten (10) days thereafter file with the Excise Board of the county a supplemental estimate of needs and call a special election within fifteen (15) days after such call upon the new local support levy or emergency levy if not previously submitted, or both. The school board shall advertise notice of such election by publication in at least one issue of a newspaper having general circulation in the school district, or by posting in five public places in the district at least five (5) days before such election. Should the electors of the school district vote such additional levy in such election, the County Excise Board

shall forthwith compute the levy and certify appropriations for all affected school districts and refile the budgets with the County Clerk and with the State Auditor. Notice of the filing of said budget shall be given as required by law. The forty (40) day protest period shall begin immediately upon the filing of said budgets.】

【For the fiscal year 1965-66, the Excise Board of each county shall not finally compute the levy nor certify the appropriations for the school districts of the state until after the school district shall have had the opportunity to hold a special election as provided herein.】

【Temporary appropriations, up to forty per centum (40 %) of the estimated funds needed by the school board of any district in the state for the fiscal year 1965-66, may be approved any time after the beginning of such fiscal year.】

【Upon the computation of the levy and certification of appropriations by the Excise Board, the County Assessor shall prepare or revise the tax rolls and deliver the same to the County Treasurer who shall proceed with the collection of the taxes as required by law.】

【Should it become necessary, because of the delay in computing levies and certifying appropriations as herein provided, the Governor may, by executive order extend the time when taxes will be delinquent for the year of 1965, and that year only.
