State Board of Equalization
State Capitol Building
Oklahoma City, Oklahoma 73105

Gentlemen:

The Constitution of the State of Oklahoma, Article 10, Section 23, as last amended April 30, 1985, provides in pertinent part:

> Not more than forty-five (45) days or less than thirty-five (35) days prior to the convening of each regular session of the Legislature, the State Board of Equalization shall certify the total amount of revenue which accrued during the last preceding fiscal year to the General Revenue Fund and to each Special Revenue Fund appropriated directly by the Legislature, and shall further certify amounts available for appropriation which shall be based on a determination, in accordance with the procedure hereinafter provided, of the revenues to be received by the state under the laws in effect at the time such determination is made, for the next ensuing fiscal year, showing separately the revenues to accrue to the credit of each such fund appropriated directly by the Legislature.
>
> Amounts certified as available for appropriation from each fund, as hereinbefore provided, shall be ninety-five percent (95%) of an itemized estimate made by the State Board of Equalization, which shall include all sources of revenue to each fund for the next ensuing fiscal year; provided, however, appropriated federal funds shall be certified for the full amount of the estimate. Said estimate shall consider any increase or decline in revenues that would result from predictable changes in the economy.

The following report has been prepared in accordance with the procedures set forth above, and is respectfully submitted for your consideration.

Sincerely,

/s/Alexander B. Holmes,

Governor Bellmon was escorted to the Speaker's desk by the Joint Committee and presented to the Joint Session by President Kerr where he delivered his message.

MESSAGE OF GOVERNOR HENRY BELLMON

"Let me begin by wishing each of you a Happy New Year. Welcome back to the Capitol, for what we all hope will be a short, harmonious, productive session. I assure you that every effort will be made down on the second floor to meet that objective.

The Constitution requires that "at every session of the Legislature and immediately upon its organization, the Governor shall communicate by message, delivered to a Joint Session of the two houses, upon the condition of the state; and shall recommend such matters to the Legislature as he shall judge expedient." In keeping with that mandate, let me report that the State of the State is — well, it depends.

It depends upon who you are and where you are.

Years ago as a college student, I had the good fortune to attend classes taught by Dr. Horace J. Harper. Dr. Harper was not only a renowned soil scientist and an excellent teacher, he was an astute observer of the human scene as well. One of his favorite observations (which I have found all my life to be true) was that "People see not what they are looking at — they see what they are looking from." That statement sums up the current State of our State. Depending upon the individual's situation, Oklahoma is in an excellent or a sad state or somewhere in between.

Excellent for those with good jobs, but sad for the 6.2 percent who are unemployed or for those who are underemployed.

Excellent for businesses which control their own destinies but sad for those, like oil and agriculture, where the economic rules are made by others.

Excellent for employees of industries like Goodyear, AT&T, American Airlines, Tyson Foods, Bayliner Marine, Woodward Iodine, State Farm and others which have found in Oklahoma the right combination of location, strong work ethic, well-educated employees and natural resources needed to be competitive in the world marketplace, but sad for employees of firms which have lost markets due to inability to compete.

Excellent for students of well-run, professionally staffed institutions of learning but sad for those whose lives are being stunted by second-rate educational opportunities.

The message I bring you today will discuss the condition of the state, the proposed legislative program as well as the budget which I propose for Fiscal Year 1989. The budget document is ready for distribution. This year, in order to make budget discussions more meaningful, the Finance Office has prepared a "Budget in Brief". I hope you will find it helpful.

The Office of State Finance has also prepared a series of charts which will help everyone, including our television audience, better understand where we were a year ago and how far we have come during these past twelve months. Speaking of these past twelve months, I am reminded of the opening comment I made a year ago and I quote:

"We've got a problem, you and I — and we asked for the right to help solve it. The problem is that next year Oklahoma will have 363 million fewer dollars to use in paying for essential services than was available this year. That is a sixteen percent reduction.

Because of the balanced budget amendment, we have to solve our problem now! Unlike the federal government, we cannot run a deficit and pass the bill on to our kids or grandkids or great grandkids. We have to be responsible."

I'm proud that collectively we were responsible. The state's economy is rebounding nicely as a result. These charts will help make that point.

As the state's policy makers, (in effect, the State's Board of Directors), it is important for members of the Legislature to understand the results of last session so that wise decisions can continue to be made this year.

These charts will illustrate that Oklahoma's economy has shown considerable improvement over the last twelve months. This would indicate that decisions made by the last session were wise and responsible.

That is a brief summary of where we are. Let us now consider some of our remaining problems.

Major over-crowding in our corrections facilities is a serious matter.

In an effort to stay within limits set by law, commutations have been increased. Commutations are granted on the basis of individual inmate records rather than automatic credits awarded through the cap system.

We acknowledge that funding additional prison space is not the long-term solution. We must reduce the incidence of crime and high rate of incarceration. Attempting to cure a problem after the fact is much more expensive to society in human and fiscal terms than addressing the root causes such as families at risk, illiteracy, dropouts, alcohol and drug dependency. Evidence indicates that traumas within the family are often repeated in succeeding generations. Therefore programs designed to strengthen families, to provide support and guidance for those families and intensive treatment for abused women and children must become a high priority.

The Departments of Corrections and Mental Health are currently exploring the feasibility of using existing space at Eastern State Hospital and Western State Hospital to meet correctional needs. In addition, negotiations are underway for the possible leasing of other existing facilities which might be made ready for occupancy within a few months. We believe that these negotiations, if successful, will be cost effective for the state, by providing badly needed space cheaper and quicker than new construction. The Department of Transportation has an agreement with the Department of Corrections to use more inmates on their highway cleanup crews when living space becomes available for inmates in other areas of the State. This will bring a dual benefit:

1. Decreasing inmate idleness, and

2. Providing a cost saving to taxpayers by reducing highway clean-up costs.

De-institutionalization of juveniles is a worthy goal, but the time has come to review the effects of this process and the effectiveness of the present alternatives. Are our rehabilitative programs adequate? Are we providing adequate counseling for the

families? Are our "community-based" units producing satisfactory results? Are there enough secure facilities for those juveniles with violent and destructive tendencies? Is oversight adequate to assure legal and humane operation? We must evaluate all our programs objectively and make best use of available resources to find solutions to the juvenile offender problem.

The Department of Corrections is seeking ways to keep inmates occupied productively while within the system. Literacy and vocational training is being encouraged so that, upon release, more inmates can become contributing members of society. A policy is in place to delay parole of inmates until they are taught to read and write. Improving inmate literacy levels should improve inmate self-esteem and better prepare inmates for return to the community as law-abiding citizens. Greater attention must be given to rehabilitation of youthful offenders. The budget proposes important steps in this direction.

Citizens must have confidence that tax dollars are not being wasted. The budget incorporates many changes aimed at tightening up government spending. Some of the savings are:

	Amount Saved
1. Combination of law enforcement agencies	$2,966,762
2. Combine administration of professional regulatory groups	2,390,721
3. Combine Civil Defense & National Guard	100,000
4. End duplication of insurance policies	411,195
5. Follow legal practices in use of state vehicles	200,000
6. Increased use of motor pool (less rental of vehicles)	3,074,611
7. Combine Highway Safety with Transportation Department	87,022
Total	$9,230,311

Changes proposed which should improve the level of government services include restructuring the Department of Commerce to better focus its activities on economic development, pay increases based on merit for state employees and moving the ad valorem staff from the Tax Commission to the Board of Equalization to assist in further property tax reform.

The State Board of Equalization has made important strides during the past year in promoting equitable treatment to property taxpayers both across county lines and within counties. There is, however, a limit to what can be accomplished through action of the Equalization Board.

Much research has been done by the Legislature during the interim in the area of property tax reform. I commend you for this initiative and look forward to working with the House and Senate to enact sound proposals into law.

As a matter of tax justice, the state must take an active role in guaranteeing equal treatment to all property taxpayers by providing oversight of the assessment process. It should remain to the individual voters to determine the level of property taxes that they wish to impose on themselves. The

State should make no attempt to increase overall property taxes in the name of reform.

Improved productivity through managerial excellence in our State workforce is a primary goal of this administration. I am proud to report the implementation this year of both an executive development program and a certified public manager program aimed at improving the productivity and professionalism of the employees of the State.

Seminars for achieving executive excellence are aimed at sharpening the skills of our agency directors and administrative staff.

The certified Public Manager Program requires state employees who participate to learn or improve management skills, complete job-related projects and be tested on their ability to serve the state productively and professionally.

Employees whose personal problems impede their ability to work are less than totally productive. As part of our program to achieve excellence in state services, we have expanded the Employee Assistance Program (EAP) for employees of the State of Oklahoma. The EAP directs troubled employees to seek help for their personal problems.

The budget proposes the appropriation of slightly over a hundred million dollars of new funds for education. Forty million dollars consists of one-time enrichment funds — twenty million dollars for higher education and twenty million dollars for primary and secondary education.

The twenty-million-dollar increase for higher education funding is intended to be matched by private funds. Optimistically, these state funds will result in a total of sixty million dollars to be used to support university chairs.

In addition, we are proposing a twenty million dollar increase in state appropriations predicated upon action of the State Regents to cause a tuition increase. At the discretion of the Regents, the capital equipment needs of higher education can be partially met with funds from the equipment leasing program of the Oklahoma Development Authority. Also funding is proposed to retain and attract the nation's brightest high school graduates to the state.

Dr. John Folks, Superintendent of Public Instruction, has prepared and disseminated a document entitled "Our Children's Future: Programs for Progress". It proposes many excellent and far-ranging improvements in Oklahoma's educational system. With a few minor reservations, I strongly support Dr. Folks' proposals and urge that, where necessary, they receive prompt approval by the House and Senate.

Particularly important is the proposal to add special weights in the funding formula for academic scholars. Oklahoma must provide financial incentives for school districts to emphasize the basics. While it is impossible to immediately fully fund the entire package, we must make a start. Funds for this purpose should be made available as promptly as possible by both state and local authorities.

A total of sixty-three million dollars of new money is made available for primary and secondary education in this budget. Thirty-five million dollars will be distributed through the formula, with an additional eight million dollars made available for a mid-term adjustment. It is anticipated that most of these funds will go to teachers' sal-

aries. It should be Oklahoma's policy that educators will be well-paid so long as their students are well educated.

Twenty million dollars of one-time funds are proposed for primary and secondary education. This money is intended to support competitive demonstration programs aimed at coping with problems resulting from the socio-economic changes which are underway in our state.

These problems relate to the need for schools to better fit their schedules to the needs of families where both parents are working as well as to single-parent families. Demonstration programs which prove to be successful can be adopted when applicable systemwide.

We must make our schools and playgrounds drug-free, find ways to improve the performance of low achievers and dropouts, and reduce teenage pregnancies (where Oklahoma's record is one of the worst in the country). Given the resources, I am confident that the leaders in the Oklahoma Educational System will be able to develop programs and demonstrate methods needed to solve these pressing problems, statewide.

In addition to the proposals made by Dr. Folks, I strongly urge the Legislature to enact a "no pass, no play" provision for extracurricular activities. Such a policy would help put the educational emphasis where it belongs — on academic excellence.

One of the legacies of the recent economic recession is a loss of self-confidence which is relecting negatively on our state. Planning is underway for a statewide "Oklahoma Reunion 89" to be funded through the Department of Commerce and operated by a statewide commission created jointly by legislative leaders and the executive branch.

This reunion is intended to provide an opportunity for every Oklahoma community to identify individuals, events or characteristics of which it is proud. Matching funds are provided to promote, restore or enhance the innumerable positive attributes of our state's communities.

We should be reminded that policies which create good jobs produce better incomes and richer lives for our citizens and incidentally more tax revenues to pay the costs of providing needed services. Conversely, policies which produce a weak economy mean fewer jobs, more demand for limited services and increased costs of government. A strong economy increasingly depends upon the full development of our human resources. Funds are provided for increased emphasis on eliminating illiteracy, for cost-of-living increases in AFDC as well as making two-parent families eligible for AFDC on a limited basis, for improved peri-natal services, for services to those affected by domestic violence, for expanded AIDS education, for retraining displaced oil and agricultural workers, for rehabilitating and retraining youthful offenders and substance abusers.

In addition, funds are provided for partially restoring the elderly deduction and for eliminating income tax reporting requirements for the low income segment of our population. Several proposals are made to improve the business climate in Oklahoma. These include:

— strengthening and fully funding the Ethics Commission to improve public confidence in government

— reforming the income tax system by reducing the seventeen percent rate to ten percent to make Oklahoma more attractive to investors

— the creation of a business assistance center and an energy marketing office in the Department of Commerce

— safety consultation through the Department of Labor to further reduce the accident rate and help bring down workers' compensation costs

— the establishment of a medical board for the Workers' Compensation Court

— expanded agricultural products marketing programs

— funds to help make Oklahoma brucellosis-free by 1993

— funds to support Oklahoma economic development offices in five foreign countries

— tort reform

— funds for a community physician program

— additional funds to improve the cultural characteristics of our State.

Steps need to be taken to make venture capital more available in our state. In addition, there is need for improved technology transfer and a closer alliance between universities and the private sector.

Considerable progress has been made in implementing the provisions of HB 1444 (Economic Development Act of 1987). State Questions 605 and 606 are an important part of this initiative. They require approval by vote of the citizens of the state. At the present time, this vote is set to occur on March 8, Super Tuesday. Two other state issues as well as presidential primary choices are to be decided on that date.

In discussion with legislative leaders, I believe there is agreement that the vote on State Questions 605 and 606 should be delayed until the Primary Election on August 23. This will avoid the confusion which is likely to come from the presidential primary debate and the presence on the ballot of other issues which are not directly related to the State's economic development.

As Oklahoma prepares to enter its second century, it is appropriate that goals be established to guide our efforts. Let's resolve to make Oklahoma a State of Excellence:

1. Where there is a satisfying job and suitable shelter for every citizen;

2. Where homes and communities are safe from crime and violence;

3. Where all parents support their children financially and emotionally;

4. Where public assistance is a temporary condition for those who need a hand up while preparing themselves to live productive, self-supporting lives;

5. Where schools and playgrounds are free of drugs and other dangerous substances;

6. Where Oklahoma's brightest scholars and teachers choose to remain and make their contributions;

7. Where our educational system is renowned for its excellence and for its ability to produce productive, highly motivated citizens in the workplace and in society;

8. Where a high standard of ethics makes public service a respected and honored profession;

9. Where business and industries thrive in the nation's finest economic climate;

10. Where equality of opportunity and respect for human rights is a fact and not a platitude;

11. Where Oklahoma is recognized as the nation's transportation and communication hub;

12. Where Oklahoma is a place for people *to come to* rather than *to pass through:*

13. Where the phrase "Oklahoma is OK" is not good enough. Excellence must become our hallmark.

14. Where our friends in the media have much more good news than bad news to report and where they are as eager to report one as they are the other.

Oklahoma government seems now to be close to proper balance between the costs of governmental services and the need for private citizens to retain and enjoy the fruits of their labor.

I sense that pride and confidence are returning to Oklahoma. These legislative and budget proposals are intended to hasten that return.

Again, I commend the Legislature for the leadership and courage it exhibited in meeting the serious crisis which our state faced a year ago. There is ample evidence of the wisdom of the decisions made at that time, but the job is not finished. There is reason for optimism that the recovery our state has experienced in recent months will continue. This budget and these legislative proposals are intended to hasten progress. Your views are respected and your leadership continues to be essential.

The State of the State is excellent for most Oklahomans. We must work together to make it excellent for all!"

*Total Income Tax estimate for F.Y. 89 reduced by $6,850,360 to the Ad Valorem Reimbursement Fund; an additional $2,500,000, initially intended for same Reimbursement Fund displayed as one-time F.Y. 89 General Revenue receipts, per statutory diversion.

#Resolution of the pending lawsuit would eliminate protested payments and could result in an additional $26m in annual income. (Not Included)

**Combined-Human Services Fund deleted, revenues to General Revenue per HB 1196, 1st Session 41st Leg. 1987.

Notes: Receipts to the Depletion Management and Sale (DM&S) Fund and the Public Building Fund (PBF) deposited to Land Commission Agency Special Account. Transferred as needed.

The F.Y. 88 projected and F.Y. 89 estimated amounts for DM&S are not comparable to F.Y. 88 estimated amounts due to a modification in the method of certifying these funds. The F.Y. 88 estimate included both F.Y. 88 anticipated income and prior year cash. There was more than adequate cash at the end of F.Y. 87 to satisfy the 1987 appropriation and a legislative transfer to the agency's revolving fund. The F.Y. 88 projected and F.Y. 89 estimated amounts represent solely anticipated revenue to DM&S during those fiscal years.

The F.Y. 88 projected and F.Y. 89 estimated amounts for PBF are not comparable to F.Y. 88 estimated amounts due to the adoption of a more conventional method of certifying these funds. The initial F.Y. 88 estimate was based on the projected F.Y. 87 ending cash balance of $1,500,000. The amount of $2,082,007 actually accrued that year and the resulting 1987 appropriation was satisfied. The F.Y. 88 projected and F.Y. 89 estimated amounts represent revenues anticipated to accrue to the fund during F.Y. 88 and F.Y. 89, respectively, as do all other funds in this schedule.

RECALL OF HB 1735
JOINT RULE 21

March 17, 1988

Honorable Henry Bellmon
Governor
State of Oklahoma
212 State Capitol
Oklahoma City, Oklahoma 73105

Dear Governor Bellmon:

Pursuant to Rule 21 of the Joint Rules of the Legislature, we hereby request the recall of **HB 1735** for the purpose of correcting a typographical error by changing the word "February" on the first line of page 2 to "March".

Sincerely,
/s/ Jim Barker

/s/ Robert V. Cullison
President Pro Tempore

MESSAGE FROM THE GOVERNOR

Advising approval by him on March 17, 1988 of **SB 426** (line item veto). The veto message for specific sections of the bill is as follows:

This is to advise you that on this date I vetoed parts of Enrolled **SB 426** by Shedrick, Taylor, et al of the Senate and Lewis, et al of the House.

An act relating to the State Board of Education; making appropriations thereto; * * * and declaring an emergency.

Today I have vetoed the substantive language contained in Senate Bill 426, the supplemental appropriations bill because that language may not constitutionally be included in appropriations bill.

In addition, I have vetoed the specific appropriation made by Section 9 and 10 because the Seventy-Five Thousand Dollars appropriated there was mistakenly placed in salaries rather than operations.

Section 11 has been vetoed in its entirety because it includes substantive language and local law not passed in accordance with Article 5, Section 32 of the Oklahoma Constitution.

Section 28 is disapproved because it is not necessary to be placed in a supplemental appropriation bill.

The appropriation in Section 47 has been disapproved because the authority for such an appropriation does not exist.

The sections vetoed are 2, 3, 4, 5, 6, 9, 10, 11, 12, 13, 28, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, and 49.

509 and on March 18, 1988 advising of veto of **SB 439.** The veto messages are as follows:

This is to advise you that on this date I vetoed Enrolled **SB 439** by Hooper of the Senate and Benson of the House entitled:

An act relating to professions and occupation; which relates to regulation of the sale of drugs; *** and declaring an emergency.

Due to the fact that deletion of the language in 59 O.S. 1987 Supp. §353.18 regarding sale of patent or proprietary medicines would make the sale of these medicines by anyone other than a licensed pharmacist unlawful.

By the Governor
of the State of Oklahoma

/s/Henry Bellmon

This is to advise you that on this date I vetoed Enrolled **SB 509** by Dennis and Smith of the Senate and Davis (Guy), Brewster, et al of the House entitled:

An act relating to labor; which relates to asbestos abatement; *** and declaring an emergency.

Due to the fact that the fee is for a service provided by the state that is designed to protect the health of the asbestos removers and persons in the vicinity of an asbestos removal project. Repeal of the fee might jeopardize the health inspection aspect of the asbestos abatement program because of loss of revenue for the general fund.

HJR 1048 — By McCorkell and Wickersham of the House and Brown of the Senate.

A joint resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Section 6B of Article X of the Constitution of the State of Oklahoma; modifying definition of manufacturing facility; requiring definition by Legislature; requiring definition for purpose of promoting full employment of labor resources; providing for continued exemption notwithstanding subsequent changes in definition; providing ballot title; and directing filing.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE 2ND SESSION OF THE 41ST OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 6B of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 6B. For the purpose of inducing any manufacturing concern to locate or expand manufacturing facilities within any county of this state, a qualifying manufacturing concern shall be exempt from the levy of any ad valorem taxes upon new, expanded or acquired manufacturing facilities for a period of five (5) years.

For purposes of this section, a "qualifying manufacturing concern" means a concern that:

1. Is not engaged in business in this state or does not have property subject to ad valorem tax in this state and constructs a manufacturing facility in this state or acquires an existing facility that has been unoccupied for a period of twelve (12) months prior to acquisition; or

2. Is engaged in business in this state or has property subject to ad valorem tax in this state and constructs a manufacturing facility in this state at a different location from present facilities and continues to operate all of its facilities or acquires an existing facility that has been unoccupied for a period of twelve (12) months prior to acquisition and continues to operate all of its facilities.

The exemption allowed by this section shall apply to expansions of existing facilities. Provided, however that any exemption shall be limited to the increase in ad valorem taxes directly attributable to the expansion.

[For the purposes of this section "manufacturing facilities" shall mean facilities engaged in manufacturing as defined by the Standard Industrial Classification Code and facilities engaged in research and development.]

THE LEGISLATURE SHALL DEFINE THE TERM "MANUFACTURING FACILITY" FOR PURPOSES OF THE AD VALOREM TAX EXEMPTION PROVIDED BY THIS SECTION IN ORDER TO PROMOTE FULL EMPLOYMENT OF LABOR RESOURCES WITHIN THE STATE; PROVIDED, HOWEVER, THAT A MANUFACTURING FACILITY THAT QUALIFIES FOR THE AD VALOREM TAX EXEMPTION PROVIDED BY THIS SECTION, PURSUANT TO THE DEFINITION OF "MANUFACTURING FACILITY" THEN APPLICABLE, SHALL BE ELIGIBLE FOR THE EXEMPTION WITHOUT REGARD TO SUBSEQUENT CHANGES IN THE DEFINITION OF THE TERM "MANUFACTURING FACILITY."

The Legislature shall enact laws to carry out the provisions of this section and to provide for the reimbursement to common schools, county governments, cities and

towns, emergency medical services districts, vocational-technical schools, junior colleges, county health departments and libraries for revenues lost to such entities as a result of the exemption provided by this section.

The assessed valuation of property exempt from taxation by virtue of this section shall be added to the assessed valuation of taxable property in computing the limit on indebtedness of political subdivisions contained in Section 26 of this article.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. _____
State Question No. _____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure would amend the State Constitution. It would change Section 6B of Article X. The term "manufacturing facility" is defined in this section. The change would delete this definition. It would require the Legislature to define this term by law. The term would be defined for purposes of the property tax exemption granted to new or expanding industry. It would be defined to promote full employment in the state. Once a facility qualified for the exemption, it would not lose the exemption because of a change in the way the term is defined.

☐ NO, AGAINST THE AMENDMENT

MESSAGE FROM THE GOVERNOR

Advising approval by him, April 1, 1988, of Enrolled **SBs 365, 370, 429, 473** and **597;** on April 4, 1988, approval of **SBs 363** and **498** and veto of **SB 445.** The veto message reads as follows:

This is to advise you that on April 4, 1988, I vetoed Enrolled **SB 445** by Capps of the Senate and Brewster of the House entitled:

An Act relating to state government; which relates to Board of Directors of Oklahoma Center for the Advancement of Science and Technology; *** and declaring an emergency.

Adding the Oklahoma State University dean of agriculture as an ex-officio director for the Oklahoma Center for the Advancement of Science and Technology is unnecessary.

The expertise of this person is already available through one of eight gubernatorial appointments to the board. Under current law, two members must have experience in managing scientific research. The statute also directs the Governor to "give due consideration" to persons in agriculture and higher education in making his appointments.

It is possible to justify the addition of the agriculture dean as an ex-officio member; however, other ex-officio appointments can be justified as well. If all these officials are added as directors, the board will become too large to accomplish its tasks.

By the Governor of the State of Oklahoma

/s/Henry Bellmon

MESSAGE FROM THE GOVERNOR

This is to advise you that on April 1, 1988, I have asked the Legislature to recall Enrolled **SJR 48** by Rozell and Shurden of the House and Monks and Ferguson of the Senate.

A joint resolution directing the Director of the Office of Public Affairs to display replicas of certain flags, standards and banners at the Oklahoma State Capitol; designating when and where flags, standards and banners are to be displayed; designating flags, standards and banners to be displayed; and directing distribution.

Senate Joint Resolution No. 48, sent to the Governor's desk for signature, provides that certain flags must be flown at the Capitol.

Among the list is "the Confederate States of America flag of 1861 to 1865."

No flag meets this four-year requirement, although it is obvious that a Confederate flag is required to be flown. The flag generally known as the "Stars and Bars" was the only flag adopted by the Confederacy in 1861, but it was replaced on May 1, 1863 by an act of the Confederate Congress meeting in Richmond. See D. Eggenberger, "Flags of the U.S.A.", pp. 138, 143.

It is requested that the Legislature recall this resolution to correct this error and identify the flag the Legislature intends to be flown.

By the Governor of the State of Oklahoma

/s/Henry Bellmon

MESSAGE FROM THE GOVERNOR

Advising approval by him, April 5, 1988, of Enrolled **SJR 48.** The following message was received concerning approval of **SJR 48:**

This is to advise you that on this date I approved Enrolled **SJR 48** by Rozell and Shurden of the Senate and Monks and Ferguson of the House.

A joint resolution directing the director of the Office of Public Affairs to display replicas of certain flags; *** and directing distribution.

The Legislature has indicated its unwillingness to recall **SJR 48** to fix the error which makes it legally impossible to determine which flag of the defunct Confederate States of America should fly.

The resolution simply states, "the Confederate States of America Flag of 1861 to 1865" is required to be included in the historical display.

No flag meets this requirement. The flag generally known as the Stars and Bars was the only flag the Confederacy adopted in 1861, but that flag was discontinued in 1863. Two other flags were adopted in 1863 and 1865, but neither of these meets the requirement either. See D. Eggenberger, "Flags of the U.S.A.", pp. 138, 143.

Since it is impossible to determine which confederate flag should be included in this historical display, none will be flown. The pole will remain empty until the Legislature instructs, through appropriate law, which of the flags will be flown.

By the Governor of the State of Oklahoma

/s/Henry Bellmon.

Section 6. All property used for free public libraries, free museums, public cemeteries, property used exclusively for nonprofit schools and colleges, and all property used exclusively for religious and charitable purposes, and all property of the United States except property for which a federal agency obtains title through foreclosure, voluntary or involuntary liquidation or bankruptcy unless the taxation of such property is prohibited by federal law; all property of this state, and of counties and of municipalities of this state; household goods of the heads of families, tools, implements, and livestock employed in the support of the family, not exceeding **[One Hundred Dollars ($100.00)]** ONE THOUSAND DOLLARS ($1,000.00) in value, and all growing crops, shall be exempt from taxation: Provided, that all property not herein specified now exempt from taxation under the laws of the Territory of Oklahoma, shall be exempt from taxation until otherwise provided by law.

All property owned by the Murrow Indian Orphan Home, located in Coal County, and all property owned by the Whitaker Orphan Home, located in Mayes County, so long as the same shall be used exclusively as free homes or schools for orphan children, and for poor and indigent persons, and all fraternal orphan homes, and other orphan homes, together with all their charitable funds, shall be exempt from taxation, and such property as may be exempt by reason of treaty stipulations, existing between the Indians and the United States government, or by federal laws, during the force and effect of such treaties or federal laws. The Legislature may authorize any incorporated city or town, by a majority vote of its electors voting thereon, to exempt manufacturing establishments and public utilities from municipal taxation, for a period not exceeding five (5) years, as an inducement to their location.

Section 8. (A) All property which may be taxed ad valorem shall be assessed for taxation at ONE HUNDRED PERCENT (100%) OF its fair cash value, estimated at the price it would bring at a fair voluntary sale**[, except real property and tangible personal property shall not be assessed for taxation at more than thirty-five percent (35%) of its fair cash value, estimated at the price it would bring at a fair voluntary sale]**. Provided, however, that **[no]** real property shall be assessed for ad valorem taxation at **[a value greater than thirty-five percent (35%)]** ONE HUNDRED PERCENT (100%) of its fair cash value for the highest and best use for which such property was actually used, or was previously classified for use, during the calendar year next preceding the first day of January on which the assessment is made. Provided, further, that the transfer of property without a change in its use classification shall not require a reassessment based exclusively upon the sale value of such property. In connection with the foregoing, the Legislature shall be empowered to enact laws defining classifications of use for the purpose of applying standards to facilitate uniform assessment procedures in this state. Any officer or other person authorized to assess values or subjects for taxation, who shall commit any willful error in the performance of his duty, shall be deemed guilty of malfeasance, and upon conviction thereof shall forfeit his office and be otherwise punished as may be provided by law.

(b) THE FAIR CASH VALUE OF HOUSEHOLD PERSONAL PROPERTY NOT LISTED WITH THE COUNTY ASSESSOR AS REQUIRED BY LAW SHALL BE TEN PERCENT (10%) OF THE FAIR CASH VALUE OF THE IMPROVEMENT TO THE REAL PROPERTY WITHIN WHICH SUCH PERSONAL PROPERTY IS LOCATED AS OF JANUARY 1 EACH YEAR. THE VALUATION OF HOUSEHOLD PERSONAL PROPERTY AS PROVIDED BY THIS SECTION MAY BE ALTERED BY LISTING SUCH PROPERTY AS REQUIRED BY LAW AT ITS ACTUAL FAIR CASH VALUE.

(c) FOR PURPOSES OF COUNTY EQUALIZATION STUDIES PERFORMED ON EACH LOCALLY ASSESSED CLASS OR SUBCLASS OF PROPERTY WITHIN A COUNTY, THE STATE BOARD OF EQUALIZATION SHALL DEFINE THE MAXIMUM ALLOWABLE RANGE OF DEVIATION WITH RESPECT TO THE VALUATION REQUIREMENT ENUMERATED IN SUBSECTION (a) OF THIS SECTION; PROVIDED THAT, IN NO EVENT SHALL THE MINIMUM ASSESSMENT RATIO TO BE ACHIEVED IN SATISFACTION OF THE ONE HUNDRED PERCENT (100%) VALUATION REQUIREMENT ENUMERATED IN SUBSECTION (a) OF THIS SECTION BE LESS THAN NINETY-TWO PERCENT (92%) NOR SHALL THE MAXIMUM ASSESSMENT RATIO TO BE ACHIEVED IN SATISFACTION OF SAID REQUIREMENT BE GREATER THAN ONE HUNDRED PERCENT (100%). WHEN AN EQUALIZATION STUDY INDICATES AN ASSESSMENT RATIO BELOW THE MINIMUM APPLICABLE ASSESSMENT RATIO OR ABOVE THE MAXIMUM APPLICABLE ASSESSMENT RATIO, EQUALIZATION ORDERS OF THE STATE BOARD OF EQUALIZATION SHALL CORRECT, ADJUST AND EQUALIZE THE VALUATION TO THE APPLICABLE MINIMUM REQUIREMENT OR THE APPLICABLE MAXIMUM REQUIREMENT SET BY THE STATE BOARD OF EQUALIZATION AS PROVIDED BY THIS SUBSECTION.

(d) IF A COUNTY EQUALIZATION STUDY SHOWS A LOCALLY ASSESSED PROPERTY CLASS OR SUBCLASS COEFFICIENT OF DISPERSION TO BE GREATER THAN TWENTY PERCENT (20%), THE STATE BOARD OF EQUALIZATION SHALL ISSUE A FORMAL ORDER TO ANY OR ALL COUNTY-LEVEL OFFICIALS RESPONSIBLE FOR THE VALUATION OR EQUALIZATION OF LOCALLY ASSESSED PROPERTY. SUCH AN ORDER SHALL APPLY IN AND FOR THE FOLLOWING ASSESSMENT YEAR AND IT SHALL DESCRIBE A SPECIFIC METHODOLOGY BY WHICH THE COEFFICIENT OF DISPERSION IN THE COUNTY PROPERTY CLASS OR SUBCLASS SHALL BE BROUGHT WITHIN AN ACCEPTABLE RANGE OF ASSESSMENT DISPERSION EQUAL TO OR LESS THAN TWENTY PERCENT (20%). A "COEFFICIENT OF DISPERSION" IS DEFINED AS THE PERCENTAGE DERIVED FROM DIVIDING THE AVERAGE DEVIATION BY THE MEDIAN RATIO AND MULTIPLYING THIS RESULT BY 100 FOR EACH PROPERTY CLASS OR SUBCLASS SAMPLE IN A COUNTY EQUALIZATION STUDY.

Section 9. (a) Except as herein otherwise provided, the total taxes for all purposes on an ad valorem basis shall not exceed, in any taxable year, **[fifteen (15)]** TWO AND ONE-HALF (2 1/2) mills on the dollar**[, no less than five (5) mills of which is hereby apportioned for school district purposes, the remainder to be apportioned between]** FOR A county**[,]**

AND ONE-HALF (1/2) OF ONE (1) MILL ON THE DOLLAR FOR A city[,] OR town **[and school district, by the County Excise Board, until such time as a regular apportionment thereof is otherwise provided for by the Legislature]**. PROVIDED, THAT NO INITIAL LEVY SHALL BE MADE FOR A CITY OR TOWN UNTIL IT IS APPROVED BY A MAJORITY OF THE REGISTERED VOTERS OF THE CITY OR TOWN VOTING ON THE QUESTION. FOR CITIES OR TOWNS NOT LEVYING A GENERAL FUND MILLAGE RATE IN THE FISCAL YEAR BEGINNING JULY 1, 1991, THE INITIAL LEVY MAY NOT BE IMPOSED UNTIL THE FISCAL YEAR BEGINNING JULY 1, 1993. PROVIDED FURTHER, THAT NO INCREASE OR DECREASE IN A LEVY FOR A COUNTY NOR ANY INCREASE OR DECREASE IN A LEVY FOR A CITY OR TOWN, ONCE THE LATTER IS INITIALLY IMPOSED, SHALL BE MADE UNTIL SUCH INCREASE OR DECREASE IS APPROVED BY A MAJORITY OF THE REGISTERED VOTERS OF A COUNTY, CITY, OR TOWN VOTING ON THE QUESTION. THE COUNTY, CITY, OR TOWN SHALL SPECIFY THE PURPOSE FOR WHICH SAID TAX IS LEVIED. NO TAX OR REVENUE FROM ANY SOURCE DEDICATED FOR A PURPOSE OF THE COUNTY, CITY, OR TOWN SHALL EVER BE DEVOTED TO ANY OTHER PURPOSE. QUESTIONS SPECIFYING AN INCREASE OR DECREASE IN A LEVY FOR A COUNTY, CITY, OR TOWN SHALL BE CALLED BY THE COUNTY ELECTION BOARD UPON FORMAL PETITION OF THE JURISDICTIONAL GOVERNING BOARD OR TEN PERCENT (10%) OF THE REGISTERED VOTERS OF THE JURISDICTION AS CERTIFIED BY THE COUNTY ELECTION BOARD. QUESTIONS SPECIFYING THE INITIAL IMPOSITION OF A LEVY FOR A CITY OR TOWN SHALL BE CALLED BY THE COUNTY ELECTION BOARD UPON FORMAL PETITION OF THE CITY OR TOWN GOVERNING BOARD OR TEN PERCENT (10%) OF THE REGISTERED VOTERS OF THE CITY OR TOWN AS CERTIFIED BY THE COUNTY ELECTION BOARD.

UNLESS OTHERWISE PROVIDED BY LAW, ANY SCHOOL DISTRICT WHICH LIES IN MORE THAN ONE COUNTY SHALL BE DEEMED A SCHOOL DISTRICT OF THE COUNTY HAVING THE GREATER PART OF THE AREA COMPRISING THE SCHOOL DISTRICT; REVENUE FROM THE TAX ON THE VALUATION OF THE AREA OF THE SCHOOL DISTRICT LYING IN OTHER COUNTIES SHALL BE TRANSMITTED TO THE COUNTY TREASURER OF THE COUNTY HAVING THE GREATER PART OF THE AREA COMPRISING THE SCHOOL DISTRICT TO BE APPORTIONED ENTIRELY TO THE SCHOOL DISTRICT GENERAL FUND.

SUBJECT TO THE MAXIMUM MILLAGE RATE OF EIGHT AND THREE-FOURTHS (8 3/4) MILLS, THE MILLAGE RATE PROVIDED FOR IN THIS SUBSECTION MAY BE INCREASED OR DECREASED WHEN APPROVED BY A MAJORITY OF THOSE

REGISTERED VOTERS OF THE SCHOOL DISTRICT VOTING AT AN ELECTION HELD FOR THAT PURPOSE. AN ELECTION SHALL BE CALLED BY THE COUNTY ELECTION BOARD UPON THE FILING WITH THE COUNTY ELECTION BOARD OF A PETITION:

1. ADOPTED BY A RESOLUTION OF THE SCHOOL DISTRICT BOARD OF EDUCATION; OR

2. SIGNED BY NOT LESS THAN TEN PERCENT (10%) OF THE REGISTERED VOTERS OF THE SCHOOL DISTRICT AS CERTIFIED BY THE COUNTY ELECTION BOARD.

SUCH ELECTION SHALL BE CONDUCTED BY THE COUNTY ELECTION BOARD AND PURSUANT TO THE GENERAL ELECTION LAWS OF OKLAHOMA EXCEPT AS OTHERWISE PRESCRIBED BY THE LEGISLATURE.

[(b)] (D) A tax **[of four (4) mills]** SHALL BE LEVIED ANNUALLY on the dollar valuation of all taxable property in the county **[shall be levied annually]** in each county of the State for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts of the county by the County Treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. SUCH TAX SHALL NOT VARY FROM THE MILLAGE LEVELS FOR THE FISCAL YEAR BEGINNING JULY 1, 1992, AS CALCULATED PURSUANT TO SUBSECTIONS (d) AND (f) OF SECTION 8A OF ARTICLE X OF THE OKLAHOMA CONSTITUTION. Provided that in case a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the County Treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as hereinbefore provided for the proceeds of such tax on the assessed valuation of such county. **[Not to exceed seventy-five per centum (75%) of the amount received by a school district from the proceeds of such county levy in any year shall be required to finance the State guaranteed program of such district.**

(c) Upon certification of a need therefor by the board of education of any school district an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, any school district may make an emergency levy for the benefit of the schools of such district, in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in such district when approved by a majority of the electors of the district voting on the question at an election called for such purpose. This emergency levy shall provide only sufficient additional revenue to meet the needs of the district each fiscal year as determined by the board of such district and must be approved by a majority of the electors voting on said question at such an election for each fiscal year.

(d-1) In addition to the levies hereinbefore authorized, any school district may make a local support levy for the benefit of the schools of such district, in

an amount not to exceed ten (10) mills on the dollar valuation of the taxable property in such district, when approved by a majority of the ad valorem taxpaying voters voting on said question at an election for each fiscal year called for such purposes. This local support levy shall provide only sufficient additional revenue to meet the needs of the district for each such fiscal year as determined by the board of such district; provided, an elector desiring to vote upon such local support levy must present an ad valorem tax receipt for the year immediately preceding before being issued a ballot, or sign a sworn affidavit certifying the fact of such payment.]

(e) **[The amount of revenue from school district ad valorem taxes levied under (a) and (c) of this Section which any school district may be required to use to finance its State guaranteed program shall not be in excess of its share, based upon its relative taxpaying ability as may be defined by law, of an amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed valuation of the State; but until such relative taxpaying ability is defined by the Legislature, the amount of revenue from such taxes which any school district may be required to use to finance its State guaranteed program shall not be in excess of the net proceeds from an ad valorem tax levy of fifteen (15) mills on the dollar net assessed valuation of the district. No part of the proceeds from any ad valorem levy for emergency levy and local support levy under (d) and (d-1) of this Section shall be required to finance the State guaranteed program of such district.]**

Nothing in the amendments to the Constitution incorporated herein shall be construed to amend, alter or supersede the present application of Article XII-A, Sections 1 and 2 of the Oklahoma Constitution.

[(f) Should the amendment contained in subsection (d-1) hereof be adopted on September 14, 1965, the school board of any school district in the State may within ten (10) days thereafter file with the Excise Board of the county a supplemental estimate of needs and call a special election within fifteen (15) days after such call upon the new local support levy or emergency levy if not previously submitted, or both. The school board shall advertise notice of such election by publication in at least one issue of a newspaper having general circulation in the school district, or by posting in five public places in the district at least five (5) days before such election. Should the electors of the school district vote such additional levy in such election, the County Excise Board shall forthwith compute the levy and certify appropriations for all affected school districts and refile the budgets with the County Clerk and with the State Auditor. Notice of the filing of said budget shall be given as required by law. The forty (40) day protest period shall begin immediately upon the filing of said budgets.

For the fiscal year 1965-66, the Excise Board of each county shall not finally compute the levy nor certify the appropriations for the school districts of the State until after the school district shall have had the opportunity to hold a special election as provided herein.

Temporary appropriations, up to forty per centum (40%) of the estimated funds needed by the school board of any district in the State for the fiscal year 1965-66, may be approved any time after the beginning of such fiscal year.

Upon the computation of the levy and certification of appropriations by the Excise Board, the County Assessor shall prepare or revise the tax rolls and de-

liver the same to the County Treasurer who shall proceed with the collection of the taxes as required by law.

Should it become necessary, because of the delay in computing levies and certifying appropriations as herein provided, the Governor may, by executive order, extend the time when taxes will be delinquent for the year of 1965, and that year only. Such extension of time shall be for the minimum time necessary to permit the County Assessor and County Treasurer to perform their duties as required by law.]

Any area school district so established shall be considered as a school district for the purposes of Sections 10 and 26 of this Article. FOR FISCAL YEARS BEGINNING ON OR AFTER JULY 1, 1992, THE AMOUNT OF INDEBTEDNESS AS AUTHORIZED BY THIS SUBSECTION FOR AREA SCHOOL DISTRICTS SHALL BE COMPUTED BY MULTIPLYING THE AREA SCHOOL DISTRICT'S FISCAL YEAR 1992 TOTAL TAXABLE VALUATION BY FIVE PERCENT (5%). THE RESULTING PRODUCT SHALL BE DIVIDED BY THE TOTAL TAXABLE VALUATION OF THE AREA SCHOOL DISTRICT FOR THE FISCAL YEAR 1993. THE RESULTING QUOTIENT SHALL BE THE MAXIMUM PERCENTAGE OF THE NET VALUATION OF TAXABLE PROPERTY AUTHORIZED FOR INDEBTEDNESS. E. **[The]** EXCEPT FOR THE MAXIMUM MILLAGE LEVIES PRESCRIBED BY SUBSECTIONS A AND B OF THIS SECTION AND THE MAXIMUM AMOUNT OF AUTHORIZED INDEBTEDNESS PRESCRIBED BY SUBSECTION C OF THIS SECTION, THE Legislature may alter, amend, delete, or add to the provisions of this section by law.

Section 9C. (a) The board of county commissioners, or boards if more than one county is involved, may call a special election to determine whether or not an ambulance service district shall be formed. An election shall also be called by the board or boards involved upon petition signed by not less than ten percent (10%) of the registered voters of the area affected. Said area may embrace a county, a part thereof, or more than one county or parts thereof, and in the event the area covers only a part or parts of one or more counties, the area must follow school district boundary lines. All registered voters in such area shall be entitled to vote, as to whether or not such district shall be formed, and at the same time and in the same question authorize a tax levy not to exceed **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL for the purpose of providing funds for the purpose of support, organization, operation and mainte-

nance of district ambulance services, known as emergency medical service districts and hereinafter referred to as "districts." If the formation of the district and the mill levy is approved by a majority of the votes cast, a special annual recurring ad valorem tax levy of not more than **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL on the dollar of the assessed valuation of all taxable property in the district shall be levied. The number of mills shall be set forth in the election proclamation, and may be increased OR DECREASED in a later election, BUT MAY not **[to]** exceed a total levy of **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL. This special levy shall be in addition to all other levies and when authorized shall be made each fiscal year thereafter.

Each district which is herein authorized, or established, shall have a board of trustees composed of not less than five members. Such trustees shall be chosen jointly by the board or boards of county commissioners, provided that such membership shall be composed of not less than one individual from each county or part thereof which is included in said district.

Original members of the board of trustees shall hold office, as follows: At the first meeting of said board, board members shall draw lots to determine each trustee's original length of term in office. The number of lots to be provided shall be equal to the number of original members of the board, and lots shall be numbered sequentially from one through five, with lots in excess of the fifth lot being also numbered sequentially from one through five until all lots are numbered. Each original member or members added by an expansion area of the board shall hold office for the number of years indicated on his or her lot. Each year, as necessary, the board or boards of county commissioners shall appoint successors to such members of the board of trustees whose terms have expired, and such subsequent appointments shall be for terms of five (5) years.

Such board of trustees shall have the power and duty to promulgate and adopt such rules, procedures and contract provisions necessary to carry out the purposes and objectives of these provisions, and shall individually post such bond as required by the county commissioners, which shall not be less than Ten Thousand Dollars ($10,000.00).

The district board of trustees shall have the additional powers to hire a manager and appropriate personnel, contract, organize, maintain or otherwise operate the emergency medical services within said district and such additional powers as may be authorized by the Legislature.

(b) Any district board of trustees may issue bonds, if approved by a majority vote at a special election for such purpose. All registered voters within the designated district shall have the right to vote in said election. Such bonds shall be issued for the purpose of acquiring emergency vehicles and other equipment and maintaining and housing the same.

(c) The bonds authorized above shall not bear interest at a greater rate than that authorized by statute for the issuance of city municipal bonds. Such bonds shall be sold only at public sale after twenty (20) days' advertisement in a newspaper for publication of legal notices with circulation in the district. Any district may refund its bonds as is now provided by law for refunding municipal bonds.

(d) Any district board of trustees, upon issuing bonds as authorized in subsection (b) of this section, shall levy a special annual ad valorem tax upon the property within the district, payable annually, in a total amount not to exceed **[three (3) mills**

on the dollar] A RATE EXPRESSED IN MILLS, AS PRESCRIBED BY THIS SUBSECTION, on the real and personal taxable property in such district, for the payment of principal and interest on outstanding bonds, until same are paid. However, the trustees may, from time to time, suspend the collection of such annual levy when not required for the payment of the bonds. In no event shall the real and personal taxable property in any city or town be subject to a special tax in excess of **[three (3) mills]** THE RATE PRESCRIBED BY THIS SUBSECTION for the payment of bonds issued hereunder. FOR FISCAL YEARS BEGINNING ON OR AFTER JULY 1, 1992, THE MAXIMUM MILLAGE RATE AS AUTHORIZED BY THIS SUBSECTION FOR PURPOSES OF A SINKING FUND OF AN EMERGENCY MEDICAL SERVICE DISTRICT SHALL BE COMPUTED BY MULTIPLYING THE EMERGENCY MEDICAL SERVICE DISTRICT'S FISCAL YEAR 1992 TOTAL TAXABLE VALUATION BY THREE (3) MILLS. THE RESULTING PRODUCT SHALL BE DIVIDED BY THE TOTAL TAXABLE VALUATION OF THE EMERGENCY MEDICAL SERVICE DISTRICT FOR THE FISCAL YEAR 1993. THE RESULTING QUOTIENT SHALL BE THE MAXIMUM MILLAGE RATE FOR PURPOSES OF A SINKING FUND OF THE EMERGENCY MEDICAL SERVICE DISTRICT FOR ANY FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1992. FOR PURPOSES OF A SINKING FUND OF AN EMERGENCY MEDICAL SERVICE DISTRICT FOR WHICH THE QUOTIENT, AS PRESCRIBED BY THIS SUBSECTION, CANNOT BE DETERMINED, THE MAXIMUM MILLAGE RATE FOR PURPOSES OF A SINKING FUND OF SUCH EMERGENCY MEDICAL SERVICE DISTRICT FOR ANY FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1993, SHALL BE THREE-TENTHS (3/10) OF ONE (1) MILL.

(e) There may also be pledged to the payment of principal and interest of the bonds herein authorized to be issued: (1) any net proceeds from operation of the district that the board of trustees of the district shall deem not necessary to the future operation and maintenance of said emergency medical service; or (2) any monies available from other funds of the district not otherwise obligated.

(f) Bonds shall be issued for designated sums with serial numbers thereon and maturing annually after three (3) years from date of issue. All bonds and interest thereon shall be paid upon maturity and no bonds shall be issued for a period longer than thirty (30) years. Any district board of trustees may in its discretion schedule the payment of principal over the thirty-year period so that when interest is added there will be approximately level annual payments of principal and interest.

(g) In the event the mill levy as set forth in the original election proclamation is less than **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL, the board of trustees may request the county commissioners to call a subsequent election to consider increasing OR DECREASING the mill levy; provided, however, the total levy authorized by subsection (a) hereof shall not exceed **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL.

(h) The board of trustees of any district shall have jurisdiction over the sale or refunding of any bonds issued by the district and shall be responsible for the economical expenditure of the funds derived from the bonds.

(i) Such districts shall be empowered to charge fees for services, and accept gifts, funds or grants from sources other than the mill levy, which shall be used and accounted for in a like manner. Persons served outside the district shall be charged

an amount equal to the actual costs for the service, not taking into account any income the district receives from millage or sources within the district. The board of trustees shall have legal authority to bring suits necessary to collect accounts owed and to sue and defend as necessary for the protection of the board. The State **[Examiner]** AUDITOR and Inspector shall conduct an annual audit of the operations of such districts.

(j) Any emergency medical service district may expand to include other counties or parts thereof, provided that an election is called by the county commissioners whose county or counties, or parts thereof, are to be added to in the established district; and provided further, that the county commissioners in the original district concur in the calling of said election. The proposed expansion area shall only be added to the original district if approved separately by a majority vote, by the voters in both the original district and in the expansion area, at an election called for that purpose. The county in which the expansion area is located shall have not less than one member on the board of trustees. Appropriate millage or other approved method of financial support shall be levied in the expansion area, when said area is added to the original district which millage shall be levied at the rate used to cover operational costs and outstanding bonded indebtedness as provided in Section 9C, (d) and (e), Article X.

(k) Any district may be dissolved, or the millage levy changed, by a majority vote of the registered voters voting at an election called for that purpose by the county commissioners of each county or part thereof included within the district; provided that such an election shall not be called unless either three-fifths (3/5) of the trustees of such district request the county commissioners to call such an election, or the respective county commissioners are presented a petition signed by not less than twenty percent (20%) of all registered voters in the district.

(l) In the event a district is dissolved, any mill levy used to support, organize, operate and maintain the emergency medical service district shall cease, provided that such mill levy shall not cease until all outstanding emergency medical service bonds of that district are retired and all other debts incurred by the emergency medical service district have been satisfied.

(m) All elections called under the provisions hereof shall be conducted by the county election board or boards of each county or counties involved, upon receipt of an election proclamation, issued by a majority of the board or boards of county commissioners in the area affected. In the event more than one county is involved, said proclamation must be a joint proclamation from a majority of the board of county commissioners of each county involved. Said proclamation shall be published in one issue of a newspaper of general circulation in each county involved in the area affected at least ten (10) days prior to said election, and said proclamation shall set forth the purpose of the election, and the date thereof. The county election board or boards shall certify the results of an election to the board or boards issuing such proclamation.

(n) The board of any district shall have capacity to sue and be sued. Provided, however, the board shall enjoy immunity from civil suit for actions or omissions arising from the operation of the district, so long as, and to the same extent as, municipalities and counties within the state enjoy such immunity.

(o) In lieu of proceeding to establish a district as outlined hereinabove through the county commissioners, the governing body of any incorporated city or town may pro-

ceed to form a district, join an existing district or join with other incorporated cities or towns in forming a district. In such case, said governing body shall be considered as being substituted as to the powers and duties of said county commissioners as set forth hereinabove; provided, further, said city or town shall be considered as being substituted as to the powers and duties of a district formed, as set forth hereinabove. All rights, duties, privileges and obligations of the residents and voters in such city or town shall be the same as those outlined for the district as set forth above.

Section 9D. A. The board of county commissioners of any county may call a special election to determine whether or not the board shall provide solid waste management services for the county. An election shall also be called by the board upon petition signed by not less than ten percent (10%) of the registered voters of the county. All registered voters in such county shall be entitled to vote, as to whether or not such services shall be provided, and at the same time and in the same question authorize a tax levy of not to exceed **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL for the purpose of providing funds for the purpose of support, organization, operation and maintenance of such services. If the provision of the services and the mill levy is approved by a majority of the votes cast, a special annual recurring ad valorem tax levy of not more than **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL on the dollar of the assessed valuation of all taxable property in the county shall be levied. The number of mills shall be set forth in the election proclamation, and may be increased OR DECREASED in a later election, not to exceed a total levy of **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL. This special levy shall be in addition to all other levies and when authorized shall be made each fiscal year thereafter.

B. Upon passage of the question, the board of county commissioners shall provide solid waste management services for county residents and businesses. The board may provide for one or more disposal facilities and for solid waste collection services. The board may purchase landfill sites, construct and operate landfills and transfer stations and other solid waste disposal and handling facilities. The board shall provide a solid waste disposal and collection system for the county, using the funds available from the millage levy and any service charges the board may assess. The board may purchase, operate, and maintain vehicles for curbside or roadside solid waste collection. In rural areas where curbside collection services may not be economically feasible, the board may construct and operate transfer stations for areawide collection and transfer of solid waste to ultimate disposal sites.

C. The board of county commissioners of a county in which the question has passed shall have the power and duty to promulgate and adopt such rules, procedures and contract provisions necessary to implement the purposes and objectives of this section. The board of county commissioners shall have the additional powers to hire a manager and appropriate personnel, contract, organize, maintain or otherwise operate the solid waste management services within said county and such additional powers as may be authorized by the Legislature.

D. Two or more counties in which the question has passed may enter into agreements with each other to provide solid waste management services in all counties involved in the most economical fashion, including agreements to provide collection and disposal services for each other where areas in one county may be more economically served by facilities located in another county.

E. In addition to other powers provided for pursuant to the provisions of this section, the board of county commissioners of any county in which the question has passed may issue bonds, if approved by a majority vote at a special election for such purpose. All registered voters within the county shall have the right to vote in said election. Such bonds may be issued for the purpose of:

1. acquiring vehicles, equipment and other necessary items;

2. purchasing landfill sites;

3. constructing landfills, transfer stations, or other facilities for solid waste management, disposal, and recycling; and

4. operating and maintaining all of the above listed items.

Landfill sites, equipment and other items, no longer needed, shall be disposed of as provided for by law for the sale of county-owned property.

F. The bonds authorized, pursuant to the provisions of subsection E of this section shall not bear interest at a greater rate than that authorized by statute for the issuance of city municipal bonds. Such bonds shall be sold only at public sale after twenty (20) days' advertisement in a newspaper of general circulation in the county. Any county may refund its bonds as is now provided by law for refunding municipal bonds.

G. Any board of county commissioners, upon issuing bonds as authorized in subsection E of this section, shall levy a special annual ad valorem tax upon the property within the county, payable annually, in a total amount not to exceed **[three (3) mills on the dollar]** A RATE EXPRESSED IN MILLS, AS PRESCRIBED BY THIS SUBSECTION, on the real and personal taxable property in such county, for the payment of principal and interest on outstanding bonds, until same are paid. However, the board may suspend, from time to time, the collection of such annual levy when not required for the payment of the bonds. FOR FISCAL YEARS BEGINNING ON OR AFTER JULY 1, 1992, THE MAXIMUM MILLAGE RATE AS AUTHORIZED BY THIS SUBSECTION FOR PURPOSES OF A SINKING FUND OF A COUNTY PROVIDING SOLID WASTE MANAGEMENT SERVICES SHALL BE COMPUTED BY MULTIPLYING THE COUNTY'S FISCAL YEAR 1992 TOTAL TAXABLE VALUATION BY THREE (3) MILLS. THE RESULTING PRODUCT SHALL BE DIVIDED BY THE TOTAL TAXABLE VALUATION OF THE COUNTY FOR THE FISCAL YEAR 1993. THE RESULTING QUOTIENT SHALL BE THE MAXIMUM MILLAGE RATE FOR PURPOSES OF A SINKING FUND OF THE COUNTY PROVIDING SUCH SERVICES FOR ANY FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1992. FOR PURPOSES OF A SINKING FUND OF A COUNTY PROVIDING SOLID WASTE MANAGEMENT SERVICES FOR WHICH THE QUOTIENT, AS PRESCRIBED BY THIS SUBSECTION, CANNOT BE DETERMINED, THE MAXIMUM MILLAGE RATE FOR PURPOSES OF A SINKING FUND OF SUCH COUNTY FOR ANY FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1993, SHALL BE THREE-TENTHS (3/10) OF ONE (1) MILL.

H. There may also be pledged to the payment of principal and interest of the bonds authorized to be issued:

1. any net proceeds from operation of the county solid waste management services that the board of county commissioners shall deem not necessary to the future operation, maintenance or closure of said solid waste management services and facilities; or

2. any monies available from other funds of the county not otherwise obligated.

I. Bonds shall be issued for designated sums with interest payable semiannually and with the principal maturing annually beginning not more than three (3) years from date of issue. All bonds and interest thereon shall be paid upon maturity and no bonds shall be issued for a period longer than thirty (30) years. Any board of county commissioners may in its discretion schedule the payment of principal over the period of maturity of the bond issue, so that when interest is added there will be approximately level annual payments of principal and interest.

J. In the event the mill levy as provided for in the original election proclamation is less than **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL, the board of county commissioners may call a subsequent election to consider increasing OR DECREASING the mill levy; provided, however, the total levy authorized by subsection A of this section shall not exceed **[three (3) mills]** SIX-TENTHS (6/10) OF ONE (1) MILL.

K. The board of county commissioners shall have jurisdiction over the sale or refunding of any bonds issued by the county pursuant to the provisions hereof, and shall be responsible for the economical expenditure of the funds derived from the bonds.

L. The board of county commissioners shall be empowered to charge fees for services, and accept gifts, funds or grants from sources other than the mill levy, which shall be used and accounted for in a like manner. Persons served outside the county shall be charged an amount equal to the actual costs for providing the service, not taking into account any income the county receives from millage or sources within the county. The board shall have legal authority to bring such suits necessary to collect accounts owed and to sue and defend as necessary for the protection of the board. The State Auditor and Inspector shall conduct an annual audit of the solid waste management operations of such counties.

M. Any county may cease providing solid waste management services, or cause the millage levy authorized by subsection G of this section to be changed, by a majority vote of the registered voters voting at an election called for that purpose by the board of county commissioners. Such an election shall not be called unless either two-thirds (2/3) of the board members vote to call such an election, or the board is presented a petition signed by not less than twenty percent (20%) of all registered voters in the county.

N. If a county ceases to provide solid waste management services, any mill levy used to support, organize, operate and maintain the services and facilities shall cease, provided that such mill levy shall not cease until all outstanding solid waste management services bonds of that county are retired, all other debts incurred by the county in providing solid waste management services have been satisfied, and all facilities have been properly closed as provided for by law.

O. All elections called pursuant to the provisions of this section shall be conducted by the county election board of each county involved, upon receipt of an election proclamation, issued by the board of county commissioners in the county affected. Said proclamation shall be published in one issue of a newspaper of general circulation in the county at least ten (10) days prior to said election. The proclamation shall set forth the purpose of the election, and the date thereof. The county election board shall certify the results of the election to the board issuing the proclamation.

Section 10. For the purpose of erecting public buildings in counties or cities, or for

the purpose of raising money for a building MAINTENANCE AND IMPROVEMENT fund for a school district which may be used for erecting, remodeling, MAINTAINING or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such county, city, or school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed **[five (5) mills]** SEVEN-TENTHS (7/10) OF ONE (1) MILL on the dollar of the assessed value of the taxable property in such county, city, or school district. FOR EACH FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1992, ANY TAX LEVY IMPOSED UNDER THIS SECTION SHALL BE AN ANNUALLY RECURRING TAX LEVY UNTIL SUCH TIME AS IT IS INCREASED OR DECREASED BY A MAJORITY VOTE OF THE QUALIFIED VOTERS OF THE COUNTY, CITY, OR SCHOOL DISTRICT, VOTING AT SUCH ELECTION. ANY SUCH ELECTION SHALL BE CONDUCTED BY THE COUNTY ELECTION BOARD AND PURSUANT TO THE GENERAL ELECTION LAWS OF OKLAHOMA EXCEPT AS OTHERWISE PRESCRIBED BY THE LEGISLATURE.

Section 10A. (A) To provide funds for the purpose of establishing and maintaining or aiding in establishing and maintaining public libraries and library services, a special annual recurring ad valorem tax levy of not **[less than one (1) mill nor more than four (4) mills]** TO EXCEED SIX-TENTHS (6/10) OF ONE (1) MILL on the dollar of the assessed valuation of all taxable property in the county shall be levied when such levy is approved by a majority vote of the qualified electors of the county voting on the question at an election called for that purpose by the Board of County Commissioners, either upon its own initiative or upon petition initiated by not less than ten percent (10%) of the qualified electors of the county based on the total number of votes cast at the last general election for the county office receiving the highest number of votes at such an election. This special levy shall be in addition to all other levies and when authorized shall be made each fiscal year thereafter until such authority shall be cancelled by a majority vote of the qualified electors of the county voting on the question at an election called for that purpose by the Board of County Commissioners upon petition initiated by not less than twenty percent (20%) of the qualified electors of the county based on the total number of votes cast at the last general election for the county office receiving the highest number of votes at such an election.

(B) In counties having a population of less than one hundred thousand (100,000), according to the most recent Federal Decennial Census, the proceeds of such levy shall be used by the county **[only]** for **[such]** public libraries and library services **[as are]** EITHER IN A SINGLE COUNTY OR in cooperation with one or more other counties; and in counties having a population of more than one hundred thousand (100,000), according to the most recent Federal Decennial Census, the proceeds of such levy shall be used by the county for joint city-county public libraries and library services or for such public libraries and library services as are in cooperation with one or more other counties. Nothing herein shall prohibit other levies for public libraries and library services or the use of other public funds for such purposes. All expenditures of the proceeds of such levies shall be made in accordance with laws heretofore or hereafter enacted concerning such libraries and library services. The provisions hereof shall be self-executing.

Section 10B. For the purpose of operating and maintaining municipal-owned hospitals in cities, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose of which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such city, voting at such election, shall vote therefor: Provided, that such increase shall not exceed **[five (5) mills]** ONE-HALF (1/2) OF ONE (1) MILL on the dollar of the assessed value of the taxable property in such city.

Section 21. A. There shall be a State Board of Equalization consisting of the Governor, State Auditor AND INSPECTOR, State Treasurer, Lieutenant Governor, Attorney General, **[State Inspector and Examiner]** SUPERINTENDENT OF PUBLIC INSTRUCTION, and President of the Board of Agriculture. B. **[Should the Offices of State Examiner and Inspector and State Auditor be consolidated in the Office of State Auditor and Inspector, the State Auditor shall be replaced as a member of the State Board of Equalization by the State Auditor and Inspector and the Superintendent of Public Instruction shall be added as a member thereof. Should the offices not be so consolidated, the membership shall remain the same as provided in subsection A of this section and the Superintendent of Public Instruction shall not be added to the membership]** NOTWITHSTANDING THE PROVISIONS OF SUBSECTION A OF THIS SECTION, THE MINIMUM ASSESSMENT RATIO LEVEL FOR ANY COUNTY REAL OR PERSONAL PROPERTY SUBCLASSIFICATION FOR ASSESSMENT YEARS 1989, 1990 AND 1991, WHICH SHALL BE CERTIFIED BY THE STATE BOARD OF EQUALIZATION AT THE BOARD'S RESPECTIVE JUNE 1989, JUNE 1990 AND JUNE 1991 MEETINGS FOR THE CERTIFICATION OF COUNTY ABSTRACTS OF VALUATION AND ASSESSMENT, SHALL NOT BE GREATER THAN TEN PERCENT (10%). THE STATE BOARD OF EQUALIZATION SHALL ASSESS ALL PUBLIC SERVICE CORPORATION PROPERTY, THE AD VALOREM TAX RATE OF WHICH IS NOT FEDERALLY REGULATED, AT NOT TO EXCEED TWENTY-SIX AND ONE-QUARTER PERCENT (26.25%) OF THE FAIR CASH VALUE OF SUCH PROPERTY FOR ASSESSMENT YEARS 1989, 1990 AND 1991. FOR THE ASSESSMENT YEAR 1992 AND EACH ASSESSMENT YEAR THEREAFTER, THE STATE BOARD OF EQUALIZATION SHALL ASSESS ALL PUBLIC SERVICE CORPORATION PROPERTY AT ONE HUNDRED PERCENT (100%) OF ITS FAIR CASH VALUE AS PRESCRIBED BY SECTION 8 OF THIS ARTICLE.

Section 26. (A) Except as herein otherwise provided, no county, city, town, township, school district, or other political corporation, or subdivision of the state, shall be allowed to become indebted, in any manner, or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding **[five percent (5%) of]** the PERCENTAGE OF valuation of the taxable property therein, AS PRESCRIBED BY SUBSECTION (b) OF THIS SECTION, to be ascer-

tained from the last assessment [**for state and county purposes**] previous to the incurring of such indebtedness[**: Provided, that if a school district has an absolute need therefor, such district may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, for the purpose of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment; and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need, unless otherwise provided by law. Provided further, that if a city or town has an absolute need therefor, such city or town may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need unless otherwise provided by law. Provided, further, that any**]. ANY county, city, town, school district, or other political corporation, or subdivision of the state, incurring any indebtedness requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within twenty-five (25) years from the time of contracting the same, and provided further that nothing in this section shall prevent any school district from contracting with certificated personnel for periods extending one (1) year beyond the current fiscal year, under such conditions and limitations as shall be prescribed by law.

(b) FOR FISCAL YEARS BEGINNING ON OR AFTER JULY 1, 1992, THE MAXIMUM AMOUNT OF INDEBTEDNESS AS AUTHORIZED BY THIS SECTION SHALL BE COMPUTED BY MULTIPLYING THE APPLICABLE POLITICAL SUBDIVISION'S OR POLITICAL CORPORATION'S FISCAL YEAR 1992 TOTAL TAXABLE VALUATION BY TEN PERCENT (10%). THE RESULTING PRODUCT SHALL BE DIVIDED BY THE TOTAL TAXABLE VALUATION OF THE APPLICABLE POLITICAL SUBDIVISION OR POLITICAL CORPORATION FOR THE FISCAL YEAR 1993. THE RESULTING QUOTIENT SHALL BE THE MAXIMUM PERCENTAGE OF THE NET VALUATION OF TAXABLE PROPERTY AUTHORIZED FOR INDEBTEDNESS. SUCH QUOTIENT SHALL BE ANNUALLY MULTIPLIED BY THE TOTAL TAXABLE VALUATION OF THE APPLICABLE POLITICAL SUBDIVISION OR POLITICAL CORPORATION AND THE RESULTING PRODUCT SHALL BE THE MAXIMUM AMOUNT OF INDEBTEDNESS, INCLUDING EXISTING INDEBTEDNESS, WHICH MAY BE INCURRED BY THE APPLICABLE POLITICAL SUBDIVISION OR POLITICAL CORPORATION FOR ANY FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1992.

(c) ANY COUNTY, CITY, TOWN, SCHOOL DISTRICT, OR OTHER POLITICAL CORPORATION, OR SUBDIVISION OF THE STATE FOR WHICH THE QUOTIENT, AS PRESCRIBED BY SUB-

Section 35. (a) Any incorporated town and any county may issue, by and with the consent of the majority of the qualified taxpaying voters of said municipality or county voting on the question at an election held for the purpose, bonds in sums provided by such majority at such election for the purpose of securing and developing industry within or near the said municipality holding the election, or within the county holding the election.

(b) Such bonds shall bear interest at a rate **[not to exceed six per cent (6%) per annum]** AS SET BY LAW and shall be sold only at public sale after twenty (20) days' advertisement in a newspaper having a bona fide circulation in the municipality or county issuing such bonds; provided, however, that the said municipality or county may exchange such bonds for bonds of like amount, rate of interest, and length of issue.

(c) To provide for the payment of all such bonds outstanding, principal, and interest as they mature, the municipality or county may levy a special tax, payable annually, in a total amount not to exceed **[five (5) mills on the dollar]** A RATE EXPRESSED IN MILLS, AS PRESCRIBED BY THIS SUBSECTION, in addition to the legal rate permitted, on the real and personal taxable property therein; provided, however, the municipality or county may, from time to time, suspend the collection of such annual levy when not required for the payment of its bonds; and provided further, however, that in no event shall the real and personal taxable property in any city or town be subject to a special tax in excess of **[five (5) mills]** THE RATE PRESCRIBED BY THIS SUBSECTION for bonds issued hereunder. FOR FISCAL YEARS BEGINNING ON OR AFTER JULY 1, 1992, THE MAXIMUM MILLAGE RATE AS AUTHORIZED BY THIS SUBSECTION FOR PURPOSES OF A SINKING FUND OF AN INCORPORATED TOWN OR COUNTY SHALL BE COMPUTED BY MULTIPLYING THE INCORPORATED TOWN OR COUNTY FISCAL YEAR 1992 TOTAL TAXABLE VALUATION BY FIVE (5) MILLS. THE RESULTING PRODUCT SHALL BE DIVIDED BY THE TOTAL TAXABLE VALUATION OF THE APPLICABLE JURISDICTION FOR THE FISCAL YEAR 1993. THE RESULTING QUOTIENT SHALL BE THE MAXIMUM MILLAGE RATE FOR PURPOSES OF A SINKING FUND OF THE APPLICABLE JURISDICTION FOR ANY FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1992. FOR PURPOSES OF A SINKING FUND OF AN INCORPORATED TOWN OR COUNTY FOR WHICH THE QUOTIENT, AS PRESCRIBED BY THIS SUBSECTION, CANNOT BE DETERMINED, THE MAXIMUM MILLAGE RATE FOR PURPOSES OF A SINKING FUND OF SUCH INCORPORATED TOWN OR COUNTY FOR

ANY FISCAL YEAR BEGINNING ON OR AFTER JULY 1, 1993, SHALL BE FIVE-TENTHS (5/10) OF ONE (1) MILL.

(d) Such bonds shall be serial, maturing annually after three (3) years from date of issue, and shall be paid as they mature, and no such bonds shall be issued for a period longer than thirty (30) years.

(e) (1) The governing body of the municipality or the county commissioners of the county shall exercise jurisdiction over the sale or exchange of any such bonds voted by the electors at an election held for that purpose and shall expend economically the funds so provided.

(2) In the expenditure and use of proceeds from the sale of said bonds, the said governing body is hereby authorized and directed to coordinate its industrial development plans and projects insofar as practicable with similar plans and projects of local industrial development agencies and the Oklahoma Industrial Finance Authority, as set forth in Section 34 of Article X of the Constitution, so as to supplement funds to be derived from these and other sources, including federal aid available to economically depressed areas, if any; and to the extent that federal requirements shall require subordination of liens securing loans from the Oklahoma Industrial Finance Authority or from other sources, as a condition to the obtaining of such federal aid, the same is hereby approved and authorized.

(f) The election on the issuance of such bonds shall be held at such time as the governing body of the municipality may designate by ordinance, or as the county commissioners of the county may designate by order, which ordinance or order shall state the sum total of issue, the dates of maturities thereof, and shall fix the date of election so that it shall not occur earlier than thirty (30) days after the passage of the said ordinance or the granting of said order. The said election shall be held and conducted, the vote thereof canvassed, and the result thereof declared under the law and in the manner now or hereafter provided for municipal elections when the election is held by a municipality, and in the manner now or hereafter provided for county elections when the election is held by a county, so far as the same may be applicable, except as herein otherwise provided. Notice of the election shall be given by the mayor of the municipality or by the county commissioners of the county by advertisement weekly for at least four times in some newspaper having a bona fide circulation in the said municipality or county, with the last publication to be not less than ten (10) days prior to the date of the said election. Only **[qualified taxpaying]** REGISTERED voters of the said municipality or county shall have a right to vote at the said election. The result of the said election shall be proclaimed by the mayor of the municipality or by the county commissioners of the county, and the result as proclaimed shall be conclusive, unless attacked in the courts within thirty (30) days after the date of such proclamation.

SECTION 2. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Article X of the Constitution of the State of Oklahoma by adding a new Section 8A to read as follows:

Section 8A. (a) For the fiscal year beginning July 1, 1992, the budgets prepared for each taxing jurisdiction levying ad valorem taxes for a general fund or a building fund shall be made pursuant to the provisions of subsections (b) through (f) of this section. For purposes of this section, "taxing jurisdiction" shall include, but not be limited to, counties, cities, towns, common school districts, vocational-technical school districts, and any other unit of gov-

ernment authorized to collect ad valorem taxes from millage levied against the taxable value of property.

(b) Each taxing jurisdiction shall determine the total amount of revenue authorized to be collected as a result of any millage levy for a general fund or building fund of such taxing jurisdiction for the fiscal year beginning July 1, 1991. No taxing jurisdiction may levy a general fund millage rate or a building fund millage rate for the first time in the fiscal year beginning July 1, 1992 unless such taxing jurisdiction levied the general fund millage rate or building fund millage rate in the fiscal year beginning July 1, 1991.

(c) Each taxing jurisdiction shall determine the total amount of revenue authorized to be collected as a result of such millage levied against the taxable valuation of property within the jurisdiction for the fiscal year beginning July 1, 1991. For such fiscal year, the jurisdiction shall separately compute the total amount of revenue so authorized to be collected from the taxable valuation of locally-assessed real and personal property and state-assessed property, the ad valorem tax rate of which is federally regulated, and shall separately compute the total amount of revenue authorized to be collected from the taxable valuation of public service corporation property, the ad valorem tax rate of which is not federally regulated, located within the jurisdiction.

(d) The millage rate levied against the taxable valuation of locally-assessed real and personal property and state-assessed property, the ad valorem tax rate of which is federally regulated, for the fiscal year beginning July 1, 1992, shall be computed by calculating the total amount of revenue authorized to be collected from the millage rate levied against the taxable valuation of locally-assessed real and personal property and such state-assessed property for the fiscal year beginning July 1, 1991, and dividing the total amount of revenue so authorized for each general fund or building fund by a denominator equal to the total taxable valuation of such property within the taxing jurisdiction for the 1992 assessment year minus the net change resulting from the change in the total taxable valuation of new construction and additions to existing improvements upon taxable locally-assessed real property between January 1, 1991 and January 1, 1992. The resulting quotient shall be the millage rate which shall be levied against the taxable valuation of all property within the taxing jurisdiction except public service corporation property the ad valorem tax rate of which is not federally regulated; provided, that in no event shall such quotient be insufficient to allow the total amount of revenue authorized for collection in fiscal year 1993 to be less than the total amount of revenue authorized for collection in fiscal year 1992.

(e) In order to compute the fair cash value of all real and personal property, each county assessor shall ensure that every item of locally-assessed property is correctly valued at one hundred percent (100%) of its fair cash value as of the January 1, 1992, assessment date. The State Board of Equalization shall ensure that all public service corporation property is correctly valued at one hundred percent (100%) of its fair cash value as of the January 1, 1992, assessment date.

(f) The millage rate levied against the taxable valuation of public service corporation property, the ad valorem tax rate of which is not federally regulated, for the fiscal year beginning July 1, 1992, shall be computed by calculating the total amount of revenue authorized to be collected from the millage rate levied against the taxable valuation of such property for the fiscal year beginning July 1, 1991, and dividing the total amount of such revenue authorized for each general fund or building fund by a denominator equal to the total taxable valua-

tion of such public service corporation property within the taxing jurisdiction for the 1992 assessment year. The resulting quotient shall be the millage rate which shall be levied against the taxable valuation of all public service corporation property, the ad valorem tax rate of which is not federally regulated, within the taxing jurisdiction.

(g) (1) The provisions of this paragraph shall be followed in order to determine the millage rate for outstanding obligations of taxing jurisdictions existing on June 30, 1992. Beginning with the fiscal year 1993, millage for any sinking fund of a taxing jurisdiction for all outstanding obligations existing on June 30, 1992, shall be determined by multiplying the total sinking fund requirements, including the reserve for delinquent taxes, by a percentage which is determined by dividing the total taxable valuation of public service corporation property, the ad valorem tax rate of which is not federally regulated, by the total taxable valuation of all property of the taxing jurisdiction. The resulting dollar amount shall be divided by the taxable valuation of public service corporation property the ad valorem tax rate of which is not federally regulated. The resulting quotient shall be the millage rate, for purposes of payment of any liability of a taxing jurisdiction that requires a sinking fund, for public service corporation property the ad valorem tax rate of which is not federally regulated. The dollar amount, determined as provided by this paragraph, shall be subtracted from the total requirements, including a reserve for delinquent taxes, of the sinking fund. The resulting dollar amount shall be divided by the sum of the taxable valuation of all locally-assessed real and personal property and state-assessed property the ad valorem tax rate of which is federally regulated. The resulting quotient shall be the millage rate, for purposes of payment of any liability of a taxing jurisdiction that requires a sinking fund, for all locally-assessed real and personal property and state-assessed property the ad valorem tax rate of which is federally regulated. The sinking fund requirements referred to in this paragraph shall be restricted only to payments of interest, bonds and judgments.

(2) The provisions of this paragraph shall be followed in order to determine the millage rate for obligations incurred on or after July 1, 1992. For any obligations incurred on or after July 1, 1992, which require a sinking fund, the millage for any sinking fund of a taxing jurisdiction shall be determined by computing the total sinking fund requirements, including the reserve for delinquent taxes, required each fiscal year in order to satisfy such obligations. The dollar amount of revenue so required for purposes of satisfying any such obligations shall be determined each year and shall be divided by the sum of the taxable valuation of all property within a taxing jurisdiction. The resulting quotient shall be the millage rate for satisfaction of any such obligations. The sinking fund requirements referred to in this paragraph shall be restricted only to payments of interest, bonds and judgments.

(h) For fiscal years beginning on or after July 1, 1993, the millage rate applicable to taxable property for a general fund or building fund shall be determined as provided by subsections (i) through (k) of this section.

(i) Beginning with the millage rate calculated for fiscal years beginning on or after July 1, 1993, each taxing jurisdiction authorized to levy ad valorem taxes shall be authorized to increase a general fund millage rate or building fund millage rate at not to exceed ten percent (10%) of the general fund millage rate or building fund millage rate authorized to be levied for the preceding fiscal year. The provisions of this subsection shall not apply to the millage rate imposed by subsection (d) of Section 9 of

Article X of the Oklahoma Constitution and no increase or decrease may be made in such millage rate from the rate calculated for fiscal year 1993. Any increase as authorized by this subsection shall only apply to the millage rates levied against the taxable valuation of locally-assessed real and personal property and state-assessed property, the ad valorem tax rate of which is federally regulated, until the millage rates for all taxable property are identical as provided by subsections (j) and (k) of this section. Except as provided by subsection (n) of this section, no general fund millage rate or building fund millage rate shall exceed the maximum millage rate prescribed by the applicable provision of Article X of the Oklahoma Constitution.

(j) For fiscal years beginning on or after July 1, 1993, the millage rate applicable to public service corporation property, the ad valorem tax rate of which is not federally regulated, in any taxing jurisdiction shall not increase from the millage rate determined for such property in the fiscal year beginning July 1, 1992, until the millage rate applicable to locally-assessed real and personal property and state-assessed property, the ad valorem tax rate of which is federally regulated, in the jurisdiction equals or exceeds the public service corporation property millage rate so determined. If the millage rate applicable to locally-assessed real and personal property and state-assessed property, the ad valorem tax rate of which is federally regulated, equals the millage rate for public service corporation property, the ad valorem tax rate of which is not federally regulated, the millage rate for both locally-assessed real and personal property and state-assessed property, the ad valorem tax rate of which is federally regulated, and such public service corporation property shall be increased or decreased in identical amounts each fiscal year as authorized by this section. If the millage rate applicable to locally-assessed real and personal property and state-assessed property, the ad valorem tax rate of which is federally regulated, shall ever exceed the millage rate for such public service corporation property, the millage rate for such public service corporation property shall be increased to equal the millage so determined and the millage rates shall be increased or decreased in identical amounts each fiscal year as authorized by this section.

(k) The provisions of this subsection shall constitute the exclusive means by which the general fund or building fund millage rates applicable to the taxable valuation of public service corporation property, the ad valorem tax rate of which is not federally regulated, may be decreased from such rates as established for the fiscal year 1993 until such rates are identical to the millage rates applicable to all taxable property in a taxing jurisdiction. For fiscal years beginning on or after July 1, 1993, in any year in which the taxable valuation of public service corporation property, the ad valorem tax rate of which is not federally regulated, as certified by the State Board of Equalization, indicates an increase within a taxing jurisdiction, the millage rate for such public service corporation property for all funds within that taxing jurisdiction, other than the sinking funds, shall be computed as prescribed by this subsection. In order to compute the millage rates for public service corporation property, the ad valorem tax rate of which is not federally regulated, the prior year's taxable public service corporation valuation, the ad valorem tax rate of which is not federally regulated, shall be subtracted from the current year's taxable public service corporation valuation, the ad valorem tax rate of which is not federally regulated. The difference so determined shall be divided by the current year's total taxable valuation of public service corporation property the ad valorem tax rate of which is not federally regulated. The result-

ing quotient, expressed as a millage rate, shall be multiplied by fifty percent (50%) and that product shall be the amount to be subtracted from the prior year's public service corporation property millage rate. The adjustment in the millage rate for public service corporation property, the ad valorem tax rate of which is not federally regulated, shall be made each year as provided by this subsection until the millage rate of such public service corporation property equals the millage rate for other property within the jurisdiction as provided by subsection (j) of this section. For fiscal years beginning on or after July 1, 1993, in any year in which the taxable valuation of public service corporation property, the ad valorem tax rate of which is not federally regulated, as certified by the State Board of Equalization, indicates no increase or a decrease within a taxing jurisdiction, the millage rate for such public service corporation property shall not decrease.

(l) Any taxing jurisdiction levying an ad valorem tax for a general fund for the first time pursuant to the provisions of any section of Article X of the Oklahoma Constitution for any fiscal year beginning on or after July 1, 1993, or any type of taxing jurisdiction authorized to levy ad valorem tax for any fiscal year beginning on or after July 1, 1993, shall be required to prepare a budget for the first fiscal year of its operation during which the jurisdiction levies an ad valorem tax. Either at the election forming the jurisdiction or at the election for approving its millage levy, the people shall vote upon the approval of such budget. If the formation of the jurisdiction or millage levy is approved, the millage rate for such jurisdiction shall be calculated by dividing the budget amount approved, expressed in dollars, by the taxable valuation of all real property, personal property and public service corporation property within such taxing jurisdiction. Such millage rate shall be uniform for all taxable property within the taxing jurisdiction. After the first fiscal year for which a millage levy is made by the taxing jurisdiction, the millage rate shall not increase more than ten percent (10%) of the rate imposed for the preceding fiscal year. Any taxing jurisdiction levying an ad valorem tax for a building fund pursuant to the provisions of Article X, Section 10 of the Oklahoma Constitution for any fiscal year beginning on or after July 1, 1993 shall be required to conduct an election for imposition of such millage rate. The ballot prepared for the election shall clearly state the millage rate submitted for approval. Upon approval of the millage rate, the rate shall be subject to the provisions of Article X, Section 10 of the Oklahoma Constitution, the rate shall be uniform for all taxable property within the taxing jurisdiction and, beginning with the fiscal year following imposition of such millage rate, the rate shall not increase more than ten percent (10%) of the rate imposed for the preceding fiscal year.

(m) The Legislature shall provide by statute for an annual date beginning in 1993 which shall be uniform throughout the state, on which date shall occur elections which have been duly called for the purpose of imposing, increasing, or decreasing a general fund or a building fund millage rate. For the fiscal year beginning July 1, 1993, and for each fiscal year thereafter, no general fund or building fund millage rate, once imposed, may exceed the preceding year's millage rate by more than ten percent (10%).

(n) For the fiscal year beginning July 1, 1992, and for each fiscal year thereafter, the maximum allowable millage for any millage levied by any taxing jurisdiction for a general fund or building fund, as prescribed by the applicable section of Article X of the Oklahoma Constitution, shall not apply to public service corporation property, the ad valorem tax rate of which is not federally regulated, located within such tax-

ing jurisdiction until the millage rate applicable to such public service corporation property equals the millage rate applicable to other property in such taxing jurisdiction pursuant to subsections (j) and (k) of this section.

(o) In addition to any other method of calling an election provided for in this Constitution, ten percent (10%) of the registered voters of a taxing jurisdiction levying ad valorem taxes for a general fund or building fund shall have the right to call an election by initiative petition to the county election board for the purpose of submitting to a vote of the people of such taxing jurisdiction a proposed increase or decrease in or repeal of any general fund or building fund millage rate authorized by the applicable section of Article X of the Oklahoma Constitution. The provisions of this subsection shall not apply to the millage rate imposed by subsection (d) of Section 9 of Article X of the Oklahoma Constitution.

(p) Notwithstanding any other provision of the Oklahoma Constitution authorizing any taxing jurisdiction to levy millage against the taxable value of property, the maximum amount of ad valorem taxes upon real or personal property, exclusive of any amount required for purposes of a sinking fund or retirement of indebtedness, shall not exceed one and one-half percent (1 1/2%) of the fair cash value of such property. For purposes of this subsection, "fair cash value" with respect to real property shall mean the property value for the highest and best use for which such property was actually used, or was previously classified for use, during the calendar year next preceding the first day of January on which the assessment is made. The restriction upon the maximum amount of ad valorem taxes imposed by this subsection shall not apply to public service corporation property, the ad valorem tax rate of which is not federally regulated, located within a taxing jurisdiction until the millage rate applicable to such public service corporation property equals the millage rate applicable to other property in such taxing jurisdiction pursuant to subsections (j) and (k) of this section.

(q) Each taxing jurisdiction shall annually determine the maximum amount of ad valorem taxes from all general fund millage levies and building fund millage levies of all taxing jurisdictions authorized by law to be levied upon the taxable property within the taxing jurisdiction. The maximum general fund millage levy or building fund millage levy, or combination thereof, that may be levied by the taxing jurisdiction shall not be greater than the millage rate at which any taxable property within the taxing jurisdiction would be subject to total ad valorem taxes in excess of one and one-half percent (1 1/2%) of the fair cash value of such property as prescribed by subsection (p) of this section.

(r) The provisions of subsection (q) of this section shall not impair or restrict the ability of a taxing jurisdiction to levy a general fund millage rate or building fund millage rate, or combination thereof, if the total amount of ad valorem taxes, exclusive of any amount required for purposes of a sinking fund or retirement of indebtedness, authorized to be levied upon public service corporation property, the ad valorem tax rate of which is not federally regulated and located within the jurisdiction, exceeds one and one-half percent (1 1/2%) until the millage rate applicable to such public service corporation property equals the millage rate applicable to other property within the taxing jurisdiction as provided by this section.

To the President and Members
of the Honorable State Senate
Second Session,
Forty-First Oklahoma Legislature

This is to advise you that on this date I vetoed Enrolled **SB 487** by Kerr, Branstetter, et al of the Senate and Greiser, Holden, et al of the House entitled:

An act relating to revenue and taxation; which relates to valuation increases for ad valorem purposes; establishing in lieu of ad

valorem tax for new and used farm implement inventories; *** and providing an effective date.

because this legislation would result in a significant loss of revenue for public schools at a time when the state education system is already underfunded. Other inventory exempt from ad valorem taxation is subject to other taxes such as automobile excise and registration taxes. If the state exempts this class of inventory from the ad valorem taxes, demands for other exemptions would follow. Moreover, this legislation would significantly increase administrative costs associated with ad valorem taxation.

To the Speaker and Members
of the Honorable House of Representatives

This is to advise you that on this date, April 27, 1988, I vetoed Enrolled **HB 1920** by Williams (Freddye) and Kamas of the House and Hooper of the Senate

An Act relating to various state agencies; which relate to various state boards, commissions, councils and committees; *** and declaring an emergency.

for the reasons attached.

By the Governor of the State of Oklahoma
/s/Henry Bellmon

VETO MESSAGE FOR HB 1920

In 1977, the 36th Oklahoma Legislature enacted an important reform designed to stop the unfettered growth of government bureaucracy. The 41st Legislature has made a mockery of that sunset review reform by the passage of **HB 1920.**

Under the sunset law, government agencies are reviewed on a regular schedule to determine whether they should continue to exist. Section 3914 of the sunset law places the burden of proof for continued existence on the agency. If there is no proof, or not enough, the agency is supposed to be terminated.

HB 1920 emasculates the sunset review procedures. In a departure from prior practice, this bill attempts to circumvent individual review of each agency by recreating twenty boards at one time. No agency stands on its own merits. This bill also

moves four agencies ahead of their scheduled review and attempts to recreate them. These agencies did not appear before the Joint Sunset Review Committee. They were not required to explain why they employ the numbers of staff they have or to justify their expenditure of funds — earmarked funds which never are scrutinized through the appropriations process.

Some of the agencies that are recreated in this bill are recreated despite the fact that during the sunset committee's meetings, it was decided to consolidate their functions in other departments. The bills introduced for this purpose have apparently been abandoned. An example of this is the Burial Board which regulates burial "insurance." The committee decided to move the board's function to the Insurance Commissioner. **HB 1920,** instead, recreates the board.

As I stated in five messages to the Legislature last year, in six messages this year and in my budget recommendation, many agency staff functions can be combined into tighter, more cost-effective, more citizen-responsive units.

There is no need to duplicate staff, office space, meeting rooms, computers, or office equipment. Administrative consolidation in the regulatory area can provide efficiency in two ways: first, by eliminating duplication and, secondly, by providing professional staff to the small regulatory boards that have no such assistance now.

Certain agencies, by reason of their existing staff size and expertise, may already have achieved as efficient a utilization of staff as is reasonably possible. At least three of the agencies that were accelerated in the sunset rotation (the medical licensure, osteopathic and chiropractic boards) are examples of this, and it is my intention to agree to continue them, without staff reorganization, at the appropriate time. I am willing to consider the same action with respect to other agencies similarly situated.

In addition, during the sunset review committee's hearings, my intention to recreate the State Employees Group Insurance Board was made clear.

In the commodities area, use of coordinated Department of Agriculture staff would allow more of the commodity commissions' funds to be used for marketing and research with less going toward administrative overhead.

The sunset law, at Section 3909, provides that if agencies are not recreated, the Office of Public Affairs is required to carry on their functions. OPA is preparing to undertake this responsibility for those six agencies which will cease operation July 1 in the event that acceptable language recreating the agencies of transferring their functions is not adopted. Those six agencies are the only ones which will terminate, and they are the State Board of Registration for Foresters, Polygraph Examiners Board, Burial Board, Commission for Training for Municipal Clerks, Treasurers and Finance Officers (which the bill correctly would terminate), State Employees Group Insurance Board, and Wage Appeals Board. Other agencies scheduled for actual termination July 1 ceased operations prior to last year or have previously been recreated.

Most of the agencies in this bill that are subject to termination this year can be reorganized by having staff functions consolidated in various existing departments.

MESSAGE FROM THE GOVERNOR

Advising approval by him, June 8, 1988, of Enrolled **SBs 84, 362, 396** and **400;** on June 9, approval of **SBs 355** and **416;** on June 10, approval of **SBs 354** and **626** and veto of **SB 502.**

The veto message for **SB 502** reads as follows:

To the President Pro Tempore and
Members of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on June 10, 1988, I vetoed Enrolled **SB 502** by Kerr, Gardenhire, et al of the Senate and Monks, Harris, et al of the House

An act relating to soldiers and sailors and state government; which relate to the War Veterans Commission, the Department of Veterans Affairs and the Cabinet System; *** and declaring an emergency.

for the following reasons:

The Executive Branch Reform Act of 1986 was passed, according to the statement of legislative intent in Section 2 of that Act, to organize the various state agencies into an effective, efficient and accountable executive branch.

The Cabinet required by the Reform Act sets out three functions of the cabinet secretaries, two of which are to advise the governor and to communicate the Governor's desires to the agencies.

In passing the Reform Act, the Legislature rightly realized that these close personal gubernatorial advisors needed to be persons chosen by and directly responsible to the Governor. With this realization, the cabinet secretaries were made to serve at the Governor's pleasure.

Senate Bill 502 would have a cabinet secretary appointed by an independent commission. In addition, that cabinet secretary would serve at the pleasure of the commission, not the Governor. Amazingly, this commission is beholden to various special interest groups rather than the Governor because gubernatorial appointments to the commission must be made from lists supplied by the special interests.

Appointment of the Governor's closest advisors by a third party is unheard of. Nowhere else is one of the Governor's closest advisors responsible solely to a third party.

The veterans department is part of the cabinet section on Safety and Security which is headed by Major General Donald F. Ferrell.

By the Governor of the State of Oklahoma
/s/ Henry Bellmon

Senator Rozell moved that when the clerk's desk is clear, the Senate stand adjourned to convene Wednesday, June 15, 1988, at 10:30 a.m., which motion prevailed.

Upon motion of Senator Rozell, the Senate adjourned at 5:15 p.m., to meet Wednesday, June 15, 1988, at 10:30 a.m.

June 16, 1988

To the President and Members
of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I approved Enrolled **SB 376** by Taylor and Dennis of the Senate and Lewis and Johnson of the House

An act relating to the Will Rogers Memorial Commission; making an appropriation thereto; stating the purpose; providing for duties and compensation of certain employees; *** and declaring an emergency.

although the appropriation for the agency has been increased substantially because the

extra funding will be used to assist the State in hosting next year's National Conference of State Legislators,

and have caused same to be filed in the Office of the Secretary of State.

By the Governor of the State of Oklahoma

/s/Henry Bellmon

June 21, 1988

To the President and Members
of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I vetoed Enrolled **SB 374** by Taylor and Dennis of the Senate and Lewis and Johnson of the House

An act relating to the Oklahoma Department of Libraries; making an appropriation thereto; stating the purposes; *** and declaring an emergency.

Senate Bill 374 contains a 39 percent increase in funding for the Department of Libraries. Without capital, recurring expenditures are increased 34 percent. These large increases in such programs seem inappropriate until funding to solve the problem in the corrections system has been provided.

Resolution of the corrections problem is essential before the 41st Legislature comes to a conclusion.

Until funding to resolve the immediate prison crisis is approved, such large increases in activities which do not directly affect the security of the Oklahoma public are improper.

By the Governor of the State of Oklahoma

/s/Henry Bellmon

June 21, 1988

To the President Pro Tempore and
Members of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I vetoed Enrolled **SB 450** by Hooper of the Senate and Williams (Freddye) and Kamas of the House

An act relating to the Oklahoma Sunset Law; which relate to various state boards, commissions, councils and committees; *** and providing for severability.

for the same reasons explained in the veto message for House Bill 1920.

By the Governor of the State of Oklahoma

/s/Henry Bellmon

COMMUNICATION

June 27, 1988

The Honorable Robert V. Cullison
President Pro Tempore
Oklahoma State Senate
Room 422, State Capitol Building
Oklahoma City, Oklahoma 73105

Dear Senator Cullison and Members
of the Oklahoma State Senate:

To insure that my letter of resignation of April 12, 1988, can never be misinterpreted by some future reader of the Senate Journal, I want to take one last occasion to express my genuine gratitude to the Senate for the opportunity I have had to serve as Secretary since 1971.

The changes that have transpired in state government during the past 17-plus years speak for themselves. Just as evident are some of the physical changes in Lee Slater as reflected in the photographs of me in the Senate hallways.

But what the cold words in print don't tell, and what the pictures cannot portray, are the personal friendships that I have made, the wisdom I have relied upon and the knowledge I have gained during my service in the Senate. Those intangibles are the things that are important to me, and they are things that I will carry with me always.

Only three members of the Senate who were here when I took office in 1971 will remain when I leave June 30, 1988. I have had the opportunity to serve under 123 State Senators. I have learned something of value from each one of them.

I leave the Senate with a measure of sadness, but with the pleasure of knowing that I will carry with me always those fond memories of more than 17 years association with some of the finest human beings I have ever known.

I was 26 years old when the announcement was made that I would become Secretary of the Senate. In a very real sense, I have grown up in the Oklahoma State Senate. I will miss it very much. I will always be in your debt.

Sincerely,

/s/Lee Slater, Secretary
Oklahoma State Senate

CONFERENCE COMMITTEE REPORTS

Conference committee reports were read on the following bills:

SB 395
SB 403
SB 485

MESSAGE FROM THE HOUSE

Transmitting herewith Enrolled **HB 1588**, together with the Governor's veto message thereon, and advising that under the provisions of Section 58, Article V, of the Constitution of the State of Oklahoma, the House has reconsidered and passed said bill over the Governor's veto by a three-fourths vote of all members elected to and constituting the House, said vote being as follows: 76 Ayes, 22 Nays.

The veto message reads as follows:

June 27, 1988

To the Speaker and Members
of the Honorable House of Representatives
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I vetoed Enrolled **HB 1588** by Abbott and Davis (Guy) of the House and Dennis, Shedrick and Miles-LaGrange of the Senate

An act relating to the State Retirement Systems; *** and declaring an emergency.

House Bill 1588 provides major changes in the retirement programs for state law enforcement personnel, municipal police officers and firefighters, county officials, judges at the trial and appellate levels, legislators and part-time legislative employees.

These changes include adding new beneficiaries to the various state retirement systems, increasing benefits this year and next year, providing health insurance, adding six months of disability coverage in state and municipal systems, and exempting benefits from taxation.

These alterations were proposed without the benefit of an actuarial study of the full package of changes presented by House Bill 1588.

After the emergency action which had to be taken this year to correct problems created by last year's changes in the teachers' retirement system, it would seem that the prudent course would be to study the financial implications of House Bill 1588. The retirement systems affected by House Bill 1588 are on firm financial footing. The changes in this bill very well could destroy the sound financial health of the retirement systems.

It is best to veto this bill and await an actuarial study during the interim. Providing benefits that endanger the soundness of the fund helps no one.

/s/Henry Bellmon

The veto message reads as follows:

June 21, 1988

To the Speaker and Members
of the Honorable House of Representatives
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I vetoed Enrolled **HB 1543** by Lewis and Johnson of the House and Taylor and Dennis of the Senate entitled:

An act relating to the Oklahoma Educational Television Authority; making appropriations thereto; state purposes; *** and declaring an emergency.

because the 90 percent increase in funding for the agency is unreasonable. Excluding specifically identified one-time capital expenditures, the bill would raise OETA's budget 52 percent.

Until funding to resolve the immediate prison crisis is approved, such large increases in activities which do not directly affect the security of the Oklahoma public are improper. Resolution of the corrections problem is essential before the 41st Legislature comes to a conclusion.

This level is also out of line with the overall sustainable growth level of approximately eight percent.

If the appropriations bills continue to use one-time, windfall monies to significantly increase recurring costs, next year's revenues will be insufficient. Either a tax hike or a service cut will be required. A tax increase next year is unacceptable.

/s/ Henry Bellmon

HJR 1048 — By McCorkell and Wickersham of the House and Brown of the Senate.

A joint resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Section 6B of Article X of the Constitution of the State of Oklahoma; modifying definition of manufacturing facility; requiring definition by Legislature; requiring definition for purpose of promoting full employment of labor resources; providing for continued exemption notwithstanding subsequent changes in definition; providing ballot title; and directing filing.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE 2ND SESSION OF THE 41ST OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 6B of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 6B. For the purpose of inducing any manufacturing concern to locate or expand manufacturing facilities within any county of this state, a qualifying manufacturing concern shall be exempt from the levy of any ad valorem taxes upon new, expanded or acquired manufacturing facilities for a period of five (5) years.

For purposes of this section, a "qualifying manufacturing concern" means a concern that:

1. Is not engaged in business in this state or does not have property subject to ad valorem tax in this state and constructs a manufacturing facility in this state or acquires an existing facility that has been unoccupied for a period of twelve (12) months prior to acquisition; or

2. Is engaged in business in this state or has property subject to ad valorem tax in this state and constructs a manufacturing facility in this state at a different location from present facilities and continues to operate all of its facilities or acquires an existing facility that has been unoccupied for a period of twelve (12) months prior to acquisition and continues to operate all of its facilities.

The exemption allowed by this section shall apply to expansions of existing facilities. Provided, however that any exemption shall be limited to the increase in ad valorem taxes directly attributable to the expansion.

[For the purposes of this section "manufacturing facilities" shall mean facilities engaged in manufacturing as de-

fined by the Standard Industrial Classification Code and facilities engaged in research and development.]

THE LEGISLATURE SHALL DEFINE THE TERM "MANUFACTURING FACILITY" FOR PURPOSES OF THE AD VALOREM TAX EXEMPTION PROVIDED BY THIS SECTION IN ORDER TO PROMOTE FULL EMPLOYMENT OF LABOR RESOURCES WITHIN THE STATE; PROVIDED, HOWEVER, THAT A MANUFACTURING FACILITY THAT QUALIFIES FOR THE AD VALOREM TAX EXEMPTION PROVIDED BY THIS SECTION, PURSUANT TO THE DEFINITION OF "MANUFACTURING FACILITY" THEN APPLICABLE, SHALL BE ELIGIBLE FOR THE EXEMPTION WITHOUT REGARD TO SUBSEQUENT CHANGES IN THE DEFINITION OF THE TERM "MANUFACTURING FACILITY".

The Legislature shall enact laws to carry out the provisions of this section and to provide for the reimbursement to common schools, county governments, cities and towns, emergency medical services districts, vocational-technical schools, junior colleges, county health departments and libraries for revenues lost to such entitles as a result of the exemption provided by this section.

The assessed valuation of property exempt from taxation by virtue of this section shall be added to the assessed valuation of taxable property in computing the limit of indebtedness of political subdivisions contained in Section 26 of this article.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. _____
State Question No. _____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure would amend the State Constitution. It would change Section 6B of Article X. The term "manufacturing facility" is defined in this section. The change would delete this definition. It would require the Legislature to define this term by law. The term would be defined for purposes of the property tax exemption granted to new or expanding industry. It would be defined to promote full employment in the state. Once a facility qualified for the exemption, it would not lose the exemption because of a change in the way the term is defined.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 3. The Chief Clerk of the House of Representatives, immediately after the passage of this resolution, shall prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

July 1, 1988

To the President and Members
of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I have vetoed Section 4 and approved the remainder of Enrolled **SB 371** by Taylor and Dennis of the Senate and Lewis and Johnson of the House

An act relating to the Oklahoma Historical Societies and the State Arts Council; making an appropriation to the State Arts Council; stating the purposes; *** and declaring an emergency

to keep appointments to the Arts Council consistent with appointments to other boards.

By the Governor of the State of Oklahoma

/s/ Henry Bellmon

July 1, 1988

To the President and Members
of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I approved and vetoed line items in Enrolled **SB 372** by Taylor and Dennis of the Senate and Lewis and Johnson of the House

An act relating to the State Board of Education; *** and declaring an emergency

The various line items are vetoed as special or local laws in violation of Article 5, Sections 32 and 46 of the Oklahoma Constitution. While many of these projects may be worthwhile, the decision as to who should implement the projects and where they should be conducted must be left to the proper authorities in the Education Department.

By the Governor of the State of Oklahoma

/s/ Henry Bellmon

July 6, 1988

To the President Pro Tempore
and Members of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I vetoed Enrolled **SB 441** by Luton of the Senate and Benson of the House

An act relating to workers' compensation; *** and declaring an emergency.

The State Insurance Fund would be exempted from becoming a member of the State telecommunications system which would add to the cost of providing workers' compensation insurance to Oklahoma's employers.

By the Governor of the State of Oklahoma

/s/ Henry Bellmon

July 7, 1988

To the President and Members
of the Honorable Senate
Second Session,
Forty-first Oklahoma Legislature

This is to advise you that on this date I vetoed Enrolled **SB 638** by Shedrick, et al of the Senate and Lewis, et al of the House

An act relating to schools and public finance; which relates to area school districts; *** and declaring an emergency.

This bill would eliminate transfer fees for students who are promoted from primary schools in dependent districts to secondary schools in independent districts, resulting in the transferee schools' not receiving their fair share of public funds available to cover costs of the transferring students' education.

Sections 65 and 66 of the bill create in effect a system for tenuring school principals and vice-principals, reducing administrative control by the local boards of education and administrators.

Section 60 creates an opportunity for unnecessary government duplication of courses by colleges and vocational-technical schools. Such potential duplication would waste tax dollars.

This veto does not prevent the Regents for Higher Education from implementing the Oklahoma Academic Scholarship Program and establishing the Oklahoma State Regents' Endowment Trust Fund. Monies have been appropriated for these programs and the Regents have authority to promulgate rules and regulations to establish and govern these programs.

By the Governor of the State of Oklahoma

/s/ Henry Bellmon

Veto message for SB 378

The appropriations in Sections 10 and 11 of the bill are disapproved.

Section 10 provides $1.2 million to reimburse counties for losses suffered because of the double homestead exemption. While the counties have a need for these funds, the state's need to solve the threat to public safety caused by inadequate prisons is a greater priority Oklahoma currently is releasing hundreds of prisoners because we have no place to put them. This must be stopped.

Section 11 provides $218,500 to reimburse schools, colleges and universities, and vocational-technical districts for the cost of audits performed by the State Auditor and Inspector during the past fiscal year. These costs have already been borne as required by law With the public safety problem facing the state, reimbursements for previous year's expenditures have a low priority.

By the Governor of the State of Oklahoma

MESSAGE OF GOVERNOR BELLMON

Mr. Speaker, Mr President, Members of the House and Senate;

Welcome back to the State Capitol for what we all hope will be a short, harmonious, constructive session. To help set this tone, I will keep my remarks brief.

Mr. Speaker, Mr. President, for more than a decade, Oklahoma has been troubled by prison overcrowding. For 9-1/2 years, between March, 1974, and December, 1983, the Oklahoma Department of Corrections operated our prison system under a federal court order. During that time, the cost of running our prisons increased from a total budget of $13.3 million in 1974 to $89.8 million in operations plus $24 million in capital in 1983. The State cannot afford to again turn over control of its prisons to someone else. We have reached such emergency conditions in the prison system again, partially as a result of the riot at Stringtown, but for other reasons as well.

State government has a wide range of responsibilities ranging from the education of our children to the creation of a climate fa-

vorable to economic development to enable those children to find jobs once they reach maturity

One of government's most important duties is to help insure the public safety of our citizens. We do this in many ways but our final line of defense against dangerous criminals is the operation of our prison system.

While we rightly attempt to rehabilitate the wrongdoers who populate our jails, let us remember that our first objective in putting the robbers, murderers, rapists, burglars and thieves behind bars is to keep them away from decent, honest, hardworking citizens.

In this task, we are increasingly failing. Our existing prison space is overcrowded and we have been forced to prematurely release hundreds of convicts without supervision.

The occupancy conditions for our state prisons have been ordered by federal courts, and the CAP law for early release was the Legislature's answer to prevent violation of this court order. A written explanation of how the CAP law works is being provided to you. There are two problems with the CAP law First it mandates early release of prisoners without supervision and second it encourages prisoners not to apply for release under supervision since by waiting they can walk away free.

Since 1984, when the CAP law first required the Governor to release inmates from the state's prisons, Oklahoma has given convicts credit for one thousand nine hundred twenty (1,920) days they never served. We have cut these sentences by more than five years — simply because of prison overcrowding.

The May riot at Stringtown has exacerbated the problem. Our premature release of criminals has become critical — and distasteful to most Oklahoma citizens.

When I first came into office in 1987, the Corrections Department asked me to certify a prison overcrowding emergency so some inmates could be let loose early This request so dismayed me that I asked State Auditor Clifton Scott to count all the cell space and all the prisoners in the state corrections system to determine if overcrowding truly existed. This was the first time the Auditor and his staff had undertaken such a project. They performed admirably in a very short time. Their count found overcrowding to be real and that the state was out of compliance with its own laws.

Today, the prison population is still too great to meet the requirements of our law. The prisons are still over capacity. In the ensuing 18 months, the only change has been the loss of space at Stringtown and that has obviously made conditions worse.

The inmates who participated in this riot are being tried. When they are convicted, they will be appropriately punished. As long as I sign the pardon and parole papers in this state, they will not go free.

But we must rebuild the lost space. We must also add cells to keep dangerous crooks locked up and away from law-abiding Oklahomans.

We are all aware that the conventional political wisdom is to cheer when felons go to jail, and criticize when the Governor is forced by law to sign their early releases, and then vote "no" on adequate appropriations for operating or building prisons. While that approach may seem like good politics in the short run, it is clearly bad government. In the long run, it condemns our citizens to the dangers of unsupervised,

tives in Joint Session and that the Senate reconvene in its Chamber upon the conclusion of the Joint Session, which motion was declared adopted.

The Chief Executive delivered his address to the Joint Session, as follows:

MESSAGE OF GOVERNOR BELLMON

Mr. Speaker, Mr President, Members of the House and Senate;

Welcome back to the State Capitol for what we all hope will be a short, harmonious, constructive session. To help set this tone, I will keep my remarks brief.

Mr. Speaker, Mr. President, for more than a decade, Oklahoma has been troubled by prison overcrowding. For 9-1/2 years, between March, 1974, and December, 1983, the Oklahoma Department of Corrections operated our prison system under a federal court order. During that time, the cost of running our prisons increased from a total budget of $13.3 million in 1974 to $89.8 million in operations plus $24 million in capital in 1983. The State cannot afford to again turn over control of its prisons to someone else. We have reached such emergency conditions in the prison system again, partially as a result of the riot at Stringtown, but for other reasons as well.

State government has a wide range of responsibilities ranging from the education of our children to the creation of a climate fa-

vorable to economic development to enable those children to find jobs once they reach maturity

One of government's most important duties is to help insure the public safety of our citizens. We do this in many ways but our final line of defense against dangerous criminals is the operation of our prison system.

While we rightly attempt to rehabilitate the wrongdoers who populate our jails, let us remember that our first objective in putting the robbers, murderers, rapists, burglars and thieves behind bars is to keep them away from decent, honest, hardworking citizens.

In this task, we are increasingly failing. Our existing prison space is overcrowded and we have been forced to prematurely release hundreds of convicts without supervision.

The occupancy conditions for our state prisons have been ordered by federal courts, and the CAP law for early release was the Legislature's answer to prevent violation of this court order. A written explanation of how the CAP law works is being provided to you. There are two problems with the CAP law First it mandates early release of prisoners without supervision and second it encourages prisoners not to apply for release under supervision since by waiting they can walk away free.

Since 1984, when the CAP law first required the Governor to release inmates from the state's prisons, Oklahoma has given convicts credit for one thousand nine hundred twenty (1,920) days they never served. We have cut these sentences by more than five years — simply because of prison overcrowding.

The May riot at Stringtown has exacerbated the problem. Our premature release of criminals has become critical — and distasteful to most Oklahoma citizens.

When I first came into office in 1987, the Corrections Department asked me to certify a prison overcrowding emergency so some inmates could be let loose early This request so dismayed me that I asked State Auditor Clifton Scott to count all the cell space and all the prisoners in the state corrections system to determine if overcrowding truly existed. This was the first time the Auditor and his staff had undertaken such a project. They performed admirably in a very short time. Their count found overcrowding to be real and that the state was out of compliance with its own laws.

Today, the prison population is still too great to meet the requirements of our law. The prisons are still over capacity. In the ensuing 18 months, the only change has been the loss of space at Stringtown and that has obviously made conditions worse.

The inmates who participated in this riot are being tried. When they are convicted, they will be appropriately punished. As long as I sign the pardon and parole papers in this state, they will not go free.

But we must rebuild the lost space. We must also add cells to keep dangerous crooks locked up and away from law-abiding Oklahomans.

We are all aware that the conventional political wisdom is to cheer when felons go to jail, and criticize when the Governor is forced by law to sign their early releases, and then vote "no" on adequate appropriations for operating or building prisons. While that approach may seem like good politics in the short run, it is clearly bad government. In the long run, it condemns our citizens to the dangers of unsupervised,

unrepentant criminals on the streets. That approach violates our basic duty of providing for the safety of the public.

I also know there are some who would offer the alternative of putting prisoners in tents or simply "chaining felons to trees". While that may appeal to the financially conservative inclinations of many of us, it does not comply with the orders of the federal courts who have shown their ability to prevail at great cost here in Oklahoma and in the Supreme Court of the United States. Such primitive methods of incarceration are deceptive and only make the solution more painful to the taxpayers in the long run.

Legislative leaders, the Corrections Department and I have worked diligently to develop a workable prison plan. In the last week, we have significantly revised earlier proposals and developed a package costing approximately $18 million.

Mr. Speaker, Mr President, let me take a brief moment to explain the rationale which guided development of this plan.

Basically, there are four objectives:

1) To repair and expand the Stringtown facility which was heavily damaged by fire during the May riot. The facility will be replaced by a true medium security prison with cells rather than the minimum-type facility dormitory space which existed before the fire.

2) The plan involves making a better use of existing space. This includes renovating existing but unusable medium security cells at Granite, utilizing idle facilities at Western State Hospital and constructing trustee units for minimum security prison work crews which are presently being housed in medium security space at Helena and Hominy.

3) Separating male and female prisoners presently housed at Jess Dunn by converting the training academy at Taft to a women's prison. This will involve moving the staff and employees who attend the training academy to the campus of a state university.

4) Do as much of the construction work as possible with inmate labor. In addition, the plan anticipates putting 1,400 presently idle inmates to work cleaning highway right of ways, clearing brush, performing services at state parks and possibly providing services to municipalities.

The public safety benefits of these proposals are numerous. The plan should help in the rehabilitation of prisoners, it should minimize or eliminate the release of prisoners under the CAP law and it should add significantly to the safety of our citizens.

As can be expected, there is a considerable difference of opinion regarding the details of the solution to the problem. The passage of the preparole and the community service sentencing laws plus the current drop in crime rates have convinced many that the two-hundred-bed new medium or maximum facility may not be needed. Therefore, it has been removed from the original plan. There is some interest in a state-wide bond issue to meet capital needs of tourism, higher education, build rural road bridges, and meet deferred equipment needs. If such a bond issue becomes a reality, funds for prison space could be included if it is determined that a permanent need exists at that time.

Your legislative leaders have said this crisis is an emergency worthy of using "rainy day" funds, and I reluctantly agree. But if we are going to fix the problem, let's do it in full measure. Let's follow the revised plan advanced by our Corrections officials (who are dealing with the problem every day), our legislative leaders and me. Let's fund a prison system with enough ca-

pacity to prevent the premature release of convicted felons. Let's keep the public safe. Let's keep the convicts locked up.

Again, welcome back. I look forward to working with you.

Senator Luton moved that the Joint Session be dissolved, which motion was declared adopted.

Line Item Veto September 9, 1988
Veto message from the Governor:

MESSAGE FOR SENATE BILL 1

Section 8 of Senate Bill No. 1 attempts to appropriate $400,000 to the State Board of Vocational and Technical Education to be used for capital improvements at a specific school.

Section 8 is vetoed pursuant to Oklahoma Constitution Art. 6, §12 for two reasons. First, this appropriation is a special or local law in violation of Oklahoma Constitution Art. 5, §32. Second, this section is outside the scope of Executive Order 88-14 by which the Third Extraordinary Session of the Forty-first Oklahoma Legislature was called and convoked pursuant to Oklahoma Constitution Art. 6, §7.

Section 1 of this bill is also improperly outside the scope of the Third Extraordinary Session as called through Executive Order 88-14.

Section 1 attempts to expand the power of eminent domain exercisable by public trusts so these trusts may condemn land for air transportation projects.

This section cannot be vetoed under the provisions of Oklahoma Constitution Art. 6, §12 because it is not an appropriations section. The only remaining veto power the Governor holds is that granted by Oklahoma Constitution Art. 6, §11. Section 11 requires the Governor to disapprove the entire bill if he vetoes any part of the substantive legislation.

Because the remaining substance of Senate Bill No. 1 concerns only venture capital matters which are clearly within the scope of the call, and because these remaining

sections improve the potential for small Oklahoma businesses to find the money they need to start or to expand, I will not veto the entire bill.

Oklahoma Constitution Art. 6, §7 provides:

> The Governor shall have power to convoke the Legislature, or the Senate only, on extraordinary occasions. **At extraordinary sessions, no subject shall be acted upon, except as the Governor may recommend for consideration.** (Emphasis added.)

Any law outside the scope of the Governor's call enacted during a special session is unconstitutional. *Kemp v. State*, 35 Okla. Crim. 128, 248 P. 1116, 1117 (1926).

Given the positive attributes of this legislation, I have signed Senate Bill No. 1 with the caveat that Section 1 is outside the scope of my call as set forth in Executive Order 88-14. Section 1 therefore is a nullity.
