## **STATE OF THE STATE ADDRESS GOVERNOR FRANK KEATING**

As I was preparing my remarks for today, I remembered the first time we had a chance to visit in these chambers, in the early months of 1995. We had been disappointed by some of our recent leaders. Oklahoma's economy was stalled, and we were falling behind our neighbors. In some of our communities, we heard unhappy jokes like, "Will the last one out please turn off the lights?" Sadly, some Oklahomans seemed resigned to another decade of stagnation.

What a difference three years can make! Today, our economy is bubbling with new growth and vitality. We have created nearly 80,000 new jobs.

Oklahomans are starting new businesses, hiring more help, expanding, building, growing.

The wonderful, tough people of Oklahoma are once again hopeful and optimistic. Their future is bright, not dark. They know they will prevail, because they know we are building a New Oklahoma — together.

I want to begin today by thanking some of those who have joined in making this New Oklahoma a reality.

Lieutenant Governor Fallin, your leadership in reforming our workers' compensation system sent a message to America that Oklahoma was open for business. Worker's comp

rates and costs continue to fall, with better protection for injured workers, thanks to the wise reforms we enacted last spring. Speaker Benson and President Pro-Tempore Taylor, we worked together last year to make 1997 the most successful session in decades. The New Oklahoma is truly a bipartisan Oklahoma.

We began the reform of our criminal justice system. We crafted a wise public-private partnership which saved our state teaching hospitals and brought new funding for our medical school. And we launched the greatest roadbuilding program in the history of Oklahoma. In the New Oklahoma, Democrats and Republicans can work together for the common good.

I am equally grateful to the minority leaders, Representative Ferguson and Senator Gustafson, for your wise counsel and steadfast principles. I remember my own service in this Legislature, in an era when we Republicans were seldom seen and hardly ever heard. Thank goodness those days are gone.

The members of my executive cabinet are with us today, and I want to express my appreciation for their leadership and support. No Governor could ask for a finer front line.

It is an equal honor to serve with our other elected state officials and the members of our state's judiciary, men and women of quality and integrity from both parties. Our New Oklahoma knows how to choose good leaders.

If you'll forgive me a personal moment, I know something about wise choices, too. In November we celebrated 25 years together. Cathy is not just Oklahoma's First Lady, she's my First Lady as well.

Finally, I want to express my gratitude to the people of Oklahoma. When you asked

me to take this job you did so with hope. You were anxious to get our state moving again — and you were ready to roll up your sleeves and help. No Governor, no Legislature, can do it alone. The New Oklahoma is your Oklahoma, and it has been the greatest privilege of my life to serve as your Governor.

The successes and achievements of the past three years are your successes and achievements. Whenever I have a chance to represent our state, I tell folks we have a secret weapon — the best people anywhere. What's next for the New Oklahoma?

We have made immense progress in the last three years. State government is working well where it can do the most good, and it's stepping aside in those areas where it used to do harm. We have made a good start in re-ordering our priorities. When we first met here in 1995, there was still much debate over issues like welfare reform and tax cuts and how much government regulation was good for us. Happily, those debates have largely been settled.

Welfare reform is working, and so are more Oklahomans, thanks to wiser fiscal policies and the sensible restraint of government. We are prudently deregulating our telecommunications, natural gas and electrical industries to assure lower costs and more choice for every Oklahoman. Our investments in roads and highways, in public safety and in education will return vast dividends in the years to come — but only if we remember that the answer to Oklahoma's future isn't here at the State Capitol. The New Oklahoma is being built in 77 counties, a thousand communities and ten thousand neighborhoods. It belongs to every Oklahoman, and it is our job to support and encourage that growth and optimism.

To unleash even greater creativity and growth, I would urge that you take additional steps in 1998 to begin removing red tape and to modernize and streamline state government.

This year, let's reform our state's central purchasing laws and procedures. Efficient purchasing systems don't spend as much time, money and paperwork on ordering a box of staples as they do on a million dollars worth of computers. This is the 1990s, the age of technology. It's not the 1890s. Let's craft a truly modern and effective purchasing system that assures that every tax dollar is spent wisely.

I also urge you to consider further privatization initiatives. The choices we made last year concerning private prisons and our state teaching hospitals were not easy ones, but they were the right ones for the patients those hospitals serve, for the medical professionals they educate and for the taxpayers of Oklahoma. This year, let's search for a private developer to improve Lake Texhoma Lodge and turn the collection of child support over to private enterprise. Government does many things well, but there are areas where government is incurably clumsy, wasteful and slow. There are two questions we should ask as we consider privatizing certain functions: will it cost less and will it be more efficient? If the answers are yes, let's have the courage to hand these functions to the private sector.

We must continue to make state government smaller, better and more efficient. In pursuit of that goal, each state agency should have the chance to grant pay increases of up to five percent to employees based on performance and skills that are vital to the operation of state government. These performance raises should be funded from budgetary savings — an added incentive to agency managers to promote efficiency and economy.

There is one other reform that is long overdue: every agency of state and local government in Oklahoma falls under the provisions of our Open Meetings and Open Records laws — except this Legislature. This year, hold yourselves to the same rules that apply to everyone else in government. Take a stand for openness.

In that spirit, I would urge the leaders of both the House and Senate to allow all 149 members a chance to vote for or against Right-to-Work.

There are honorable people on both sides of Right-to-Work, and some of them are a bit noisy, but an issue this important doesn't deserve to die at the whim of one committee chairman. The elected representatives of the people of Oklahoma ought to have both the courage and the chance to decide this important growth issue.

I will ask the Legislature to move ahead in four important areas in 1998.

First is the environment and the hazards posed to our water and air quality by the growth of commercial swine and poultry production.

Other states have failed to fairly address these issues. Some have dropped the ball on regulation, while others have sought to avoid making tough choices by encouraging these businesses to go elsewhere. Neither answer is acceptable to Oklahoma.

Agriculture is a vital sector of our economy. When the Legislature opened the door to commercial animal production in 1991, we were thrilled with the jobs and prosperity this expanding industry promised, especially for our rural communities. Let's remember that we invited these companies to come to Oklahoma. They have invested almost \$800 million in our state. It is not a viable answer

to tell them we've changed our minds, that they should go somewhere else. But it is not acceptable to endanger our precious water resources or our wonderful quality of life for the sake of short-term profits. And it won't happen on my watch!

Last year, this Legislature moved wisely to impose reasonable regulations on swine producers. At the same time, I appointed a special task force to take a comprehensive look at confined animal feeding operations and ways we can encourage their sensible growth and protect the environment, especially the purity and quality of our water. We owe our thanks to the members of that task force, led by Environment Secretary Brian Griffin and Agriculture Secretary Dennis Howard. They have proposed wise and fair measures that walk a fine line between too much regulation and not enough. Those recommendations are a foundation for this year's legislation, which must include a strong bill on poultry operations.

It is essential that we continue to find that balance, to protect our environment and to assure the long-term economic benefits that are so vital to Oklahoma. We have an opportunity to emerge as the first state to wisely regulate these growing industries, to preserve both opportunity and the environment. Those are not mutually exclusive issues.

I urge representatives of the swine and poultry industries, environmental advocates and all Oklahomans to work together with our elected representatives on this year's legislation, which must include fair and necessary regulation of these industries. There is a place for everyone at the table. That's the way to assure fairness, to sustain growth and to protect our natural heritage.

Our second task is to strengthen the criminal justice reforms we passed in 1997.

The old system we repealed last year was broken. It was so busy turning criminals loose it ignored the first responsibility of government — to protect the public safety. No one — not the criminals, not the courts, and certainly not the public we are supposed to be protecting — could take seriously a criminal justice system where hardened predators served less than one-fourth of their time, and where we turned people loose faster than we locked them up.

The truth in sentencing law we passed last year was a good start — but it was only a start. It did some important things. It ended early release and pre-parole programs that turned dangerous criminals loose. It added some 1,600 beds, both public and private, to our prison system. It sent violent, repeat offenders back to jail, where they belong. For the first time in six years, our violent crime rate declined. That's not a coincidence.

It's a promising puppy — but it needs to grow some teeth. This year, let's give it those teeth.

The old system was fatally flawed because it allowed prison capacity to drive policy. When we ran out of beds we simply released more crooks — and the results were catastrophic. Truth in sentencing rightly places the emphasis on violent and repeat offenders. But while it was long on the central truth that the most dangerous criminals ought to be locked up, it was short on sentencing. We must remove capacity-driven provisions from the new law. We must toughen sentences, reserve community corrections programs for first and second offenders and further increase punishment for violent and repeat offenders. We can't expect a dog to bite without teeth.

Our criminal justice system exists for one reason — to protect the decent people of Oklahoma.

Some have said that we can't afford to do what's necessary to provide that protection. I say we can't afford not to.

Our truth in sentencing reforms should remain in force. The new system should take effect on schedule this summer. I urge the House and Senate to work closely with our law enforcement professionals to make this law what it was intended to be — a strong, tough measure that tells criminals, "If you do the crime in Oklahoma, you're going to do the time."

And I want to express my appreciation to the district attorneys and sheriffs and other law enforcement officials of our state. You have worked closely with us to identify the problems in the new law. I'm listening and I think the Legislature is, too. We are going to fix truth-in-sentencing and make it what it was intended to be — a potent weapon against crime.

As we work to strengthen truth in sentencing, we must also face some truths about our state law enforcement officers. They are woefully underpaid. I will propose significant salary increases for our state troopers, corrections officers and certain other state law enforcement personnel.

Our third central agenda item for 1998 is education.

We all agree that quality education is a central step on our path to prosperity. By further reforming education — and by promoting smart economic and fiscal policies to assure that there will be high quality jobs to Oklahoma for our quality graduates — we can finally break the cycle that has made Oklahoma a bottom-ten state in income.

We have seen some progress in our schools — but we're not where we hoped to be, or where we ought to be.

Our ACT scores remain below the national average. Nearly one fourth of our students in grades five, eight and eleven still can't read and write well enough to pass a basic test of literacy skills. One high school freshman in four fails to graduate on time, and 38 percent of our college freshmen have to take remedial classes. Six years after those new freshmen enrolled, only about a third of those students in our public colleges have completed a four-year degree.

Certainly we have seen some improvement — but gains of one or two points are simply not enough. Education isn't about statistics; it's about equipping young people with the skills and knowledge they'll need to live and work in a tough and demanding world. Where did we go wrong? We put too many of our hopes in the money basket without equal concern for academic standards and accountability.

In less than a decade we have increased state spending on our public schools by more than 82 percent, from \$881 million to \$1.6 billion. If dollars alone could buy more learning our test scores and other indicators would have gone through the roof. You and I know that hasn't happened.

Last spring some 33,000 young people graduated from our public high schools. If their fate is like the classes that went before them, six years from now only 5,500 of them will have completed college and still be living in Oklahoma. That is an unacceptable rate of attrition. Our schools can't afford to lose so many promising young people, and neither can our state. I have supported substantial increases in funding for education for all levels. In fact, through bipartisan efforts since 1995, education at all levels today enjoys the largest share of state funding in our history. But it is not enough to simply write a bigger check every year. It's time to

take the next step in school reform — to make Oklahoma smarter.

I have proposed a series of school reforms which involve shifting priorities, not just spending more money.

Our high school students should take four years each of the core subjects of math, science, social studies and English. I am frankly surprised by some of the opposition to the four-by-four curriculum. One speaker the other day said he didn't think high school graduates needed to know why World War II started. Others have suggested that what we're teaching our kids is "good enough," that they really don't need a stronger focus on core academics.

Well, when you ask some adults what they think students need, they'll tell you more dollars or more counselors and nurses — and there's nothing wrong with that. But when you ask students, they have a very different answer. In one 1993 survey of recent high school graduates, 83 percent said they wished they had worked harder in school, and more than two-thirds said they should have been held to higher standards.

This year, let's raise the bar for those young people who are eager to learn.

We also need to end social promotions, especially in elementary school, and we must insist that children learn grade-level reading skills by the time they complete the third grade.

Reading is absolutely fundamental to learning. The best way to teach kids to read is through proven phonics methods. Our State Department of Education is placing a renewed emphasis on training teachers in phonics instruction, and we should all applaud that effort.

As you know, Cathy and I have joined officials in Oklahoma City and several hundred other volunteers in helping more than 200 high school seniors who lack adequate reading skills. This is a worthy program — but it also rings some alarm bells. What were more than 200 young people doing sitting in high school classrooms without the ability to read beyond elementary school level? By all means, let's work hard to help these young people reclaim their lives, but let's also ensure that never again will so many come so close to such devastating failure. Our schools also need more advanced placement and honors programs, and every school in Oklahoma should be linked to our modern fiber optics ONENET telecommunications system. This will give every young person access to modern technology and the learning opportunities that technology makes possible. But let's also remember that technology is only a tool: the computer that counts most is the one between every child's ears. The first goal of a quality education system is to enrich the minds of our children and to teach them the skills and knowledge they'll need. It all starts with academics.

Parents and students are the ultimate consumers of education. Why do we continue to deny them free choice? This year, let's pass a workable school choice bill and give the green light to charter schools. I am pleased to report to you that the Oklahoma Education Association has joined me in calling for a fair school choice plan and in endorsing the charter school concept. I am grateful to the OEA leadership for their support on these important issues, and I want to salute those local school districts across our state where visionary leaders have already started implementing programs like the four-by-four and charter schools. Sadly, a few of our schools have simply failed. We should allow those families trapped in chronically failing schools to go elsewhere — with the tax dollars they pay to educate their children. Let's remember that education is not a gift granted

by a benevolent state government. Every penny spent on our schools comes from the taxpayers, and in those few schools which simply don't do the job, those kids deserve a full refund and free choice.

Schools are places for learning, but they must be safe places as well. That requires zero tolerance for drugs, gangs and violence — and it means we must restore education in good character and the simple rules of right and wrong as part of our core curriculum. For those who insist on breaking the rules and disrupting our schools, suspension or expulsion do little good. Instead, I support the creation of additional alternative schools and programs that hold troublemakers to the highest standards and accountability.

Oklahoma has thousands of outstanding teachers. Let's support their efforts by insisting that all middle and high school teachers have at least a minor in the subject they teach. And let's fill our college campuses with teachers earning second bachelors or advanced academic degrees in the core subjects by giving them a tax credit for those courses. We must also work to put more talented teachers back in the classroom by requiring that at least 60 percent of the staff of every school be assigned to actual classroom duties.

I will also propose some \$21 million to correct inequities in the teacher pay scale for those in steps two through sixteen. Two years ago I supported funding for raises for career teachers. Last year we passed those raises. This year let's finish the job and assure uniform annual increases for all our public school teachers.

At the higher education level, we all know the formula: more college graduates equal greater earning power and higher per capita incomes for Oklahoma. Our school reforms will better prepare young people to enter and

graduate from college. At the same time, our institutions of higher learning must assume a larger role in crafting Oklahoma's future prosperity. I want to commend President David Bowen at OU and President James Halligan at OSU. They are building outstanding universities that will help Oklahoma grow.

Our major universities are engaged in research valued at more than \$250 million. I have proposed that our outstanding college faculty members be rewarded for their research accomplishments, and I am pleased to see that bills making that possible have already won bipartisan support. Our major universities should establish offices of technology transfer to help creative faculty members market and develop innovative ideas — and they and the institutions they serve ought to be allowed to profit from their creations, in full partnership with the private sector. Let's change or eliminate those antiquated laws that erect barriers to innovation and progress. We have some marvelous talent at work on our campuses. Let's unleash that talent to help build a better, more prosperous Oklahoma.

Our public schools, our outstanding vocational and our network of two- and four-year colleges and universities can be our strong right arm as we seek to build the New Oklahoma. Right now, our schools are training tomorrow's workforce and educating tomorrow's citizens. They also have the power, by working closely with business and with government service agencies to develop local programs that will help our citizens who are unemployed or underemployed, and those seeking to escape the welfare trap. Those Oklahomans don't want a handout; they want a way out, and learning is the first step. I encourage Oklahoma businesses to join with us, to use the power of education to help train tomorrow's workforce.

From kindergarten through graduate school, our schools exist to give our young people the skills and the knowledge they need to be decent and productive citizens in a free society. That effort merits our full support — in dollars and in a renewed commitment to rigorous academic standards.

Finally, we turn to taxes.

Let me begin by reminding you that the dollars you appropriate every year come from the people of Oklahoma. That sounds elementary, but when I again suggested the need for tax cuts a few weeks ago, some critics said I was trying to "give money away" or destroy our tax base. How is it a giveaway to let people keep more of their own money?

Let's remember that Oklahomans earned it, they worked hard for it and they deserve to decide how to spend it. It's their money, not ours.

A moment ago I spoke of the steady improvement in our economy. Things are getting better, but there are still clouds out there, and they don't all have silver linings. State sales tax collections have risen for 55 consecutive months. Government is doing very well indeed. Sadly, that's not true for a lot of our citizens.

Our median household income remains nearly 20 percent below the national average.

Our per capita personal income is still just 80 percent of the rest of America's.

Our income growth rate, while steady, continues to lag behind most other states.

In fact, one of the few things in Oklahoma that keeps getting richer every year is state government. We have enjoyed large revenue

increases in each of the last three years. Happily, we've spent most of those dollars on real improvements to our state, like education, highways and public safety initiatives. This year, it's the taxpayers' turn.

Some have said we shouldn't cut taxes because we did that once before and had to raise them again.

Well, that's true as far as it goes. From 1979 to 1982 the Oklahoma Legislature passed tax cuts totalling almost \$136 million dollars. If we'd raised taxes by the same amount when the oil bust came that might have been fair, and I doubt that most Oklahomans would have complained. But between 1984 and 1994 our state raised taxes \$1.3 billion — almost ten times as much as the previous decade's tax cuts. We have also been told that we need to "study" our tax system one more time before we act.

Let me tell you about a tax study that means something. It's conducted every day by 3.3 million Oklahomans, and the results are in: the people of Oklahoma pay a lot of taxes, and they know it. I will propose a series of phased-in tax cuts for fiscal year 1999 and beyond which will begin to ease the burden on Oklahoma's working families. We didn't create this mess overnight, and it will take several years to make the tax burden lighter. I'm not suggesting drastic, irresponsible action. We will use a portion of each year's growth revenues to fund these tax cuts, and we can still expect state spending to increase — but at a less rapid rate. We will include a safety valve to delay the next year's reductions in periods of inadequate economic growth, and let's remember that we have a healthy, growing Rainy Day Fund as a valuable cushion. We should begin reducing tax rates in at least three areas that directly effect the lives and prosperity of all Oklahomans.

First, I propose a seven-year program to reduce the marginal income tax rate from seven to three-point-five percent — a fifty percent reduction in our top personal income tax rates. We will begin with a reduction of one half of a percentage point this year, with equal cuts in the out years until we have cut our top personal income tax rate in half.

And before we hear the inevitable complaints about "tax cuts for the rich," let's remember that Oklahoma has the 16th highest marginal income tax rate in the nation. Explain that to a new college graduate when he finds out the income tax rate in Texas — it's zero, while here at home that graduate will pay top rate after making just \$10,000 in taxable income. No wonder so many Oklahomans live in Dallas!

Second, we will reduce state inheritance taxes 10 percent each year until Oklahoma's estate tax exemption equals the federal exemption. Let's put an end, once and for all, to the sad spectacle of Oklahoma retirees shopping for someplace else to live because they don't want state government confiscating the wealth they've worked a lifetime to pass on to their children. And let's assure that never again will an Oklahoma family have to sell the family farm or business to pay estate taxes. We ought to be building businesses, not crushing them to death under an intolerable tax burden.

Third, I propose a half-penny reduction in the state sales tax on groceries, with further reductions in the out years until this burdensome tax is virtually eliminated. As we proceed on the grocery tax issue, let me remind you that our cities and towns are heavily dependent on sales tax revenues for services like police and fire protection. State government cannot and should not interfere with that local tax base.

I've already mentioned the need for tax credits to encourage teachers to pursue advanced academic degrees. Those credits, combined with the first year's reductions in income, estate and sales taxes, would reduce state revenues by \$42 million for fiscal year 1999. I also urge this Legislature to increase last year's 25 percent rollback in unemployment taxes to 50 percent for 18 months, saving our businesses an additional \$59 million, with no impact on state revenues. That money will help create new jobs and prosperity at a time when unemployment figures continue to hover just over three percent.

I know what some of you will say about tax cuts: What if times get tough again? When times get tough, responsible Oklahomans cut the frills from their household budgets. They use savings wisely. They find ways to do things more efficiently, at less cost. Why should state government be any different?

We're doing a better job of delivering basic government services, like protecting the public safety and supporting economic growth in the private sector. That growth has driven tax revenues up in recent years. The pie keeps getting bigger, but government can't keep taking a bigger slice if our people are to prosper. State government is not going to starve if we trim \$42 million from a four-and-half-billion dollar budget.

If we allow the "what ifs" to frighten us, we'll remain stuck at 80 percent of the national average in everything — and that's not the Oklahoma way. As we work to build a stronger, more prosperous Oklahoma, let's remember that we have more than 3 million allies — our citizens. They'll use that money wisely. They'll buy things and invest in tomorrow. They have the wisdom and the good sense to spend the money they earn on things that matter. Let's put our faith and our trust in the people of Oklahoma.

Last November my staff told me I'd achieved something I didn't really set out to do: Since I took office in January of 1995, I have visited all 77 of our counties.

I know some of my friends in the other party would prefer that I stay in my office and be neither seen nor heard, but that's not what the people of Oklahoma elected me to do. They expect me — and they expect you — to listen.

Let me tell you what I've heard in those 77 Oklahoma counties that make up the New Oklahoma:

Our businesses are humming. They're searching for new markets and bigger opportunities. In many areas of our state, they're advertising frantically for trained workers to fill vacant positions. Our chambers of commerce and community leaders are busy planning for the new highway or breaking ground for tomorrow's bigger and better industrial park. They know what all those new highways will mean — business, jobs and growth in every corner of our state.

Our workers are talking about how they can deliver better products and services, and earn better wages.

In our schools, young Oklahomans are excited about going to college here, working here and building a life, right here at home.

On hundreds of Main Streets, in thousands of neighborhoods, Oklahomans are building and dreaming and hoping. The frowns and worries we saw just a few years ago are all but gone. Our whining days are over; our growing days are here.

Our people are building the New Oklahoma. Let's get busy and help them do the job.

Upon motion of Representative Thomas, the Joint Session was ordered dissolved at the hour of 2:00 p.m.

**SJR 18** — By Ford of the Senate and Reese and Thornbrugh of the House.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection proposed amendments to Section 34 of Article VI of the Constitution of the State of Oklahoma and Section 10 of Article XXIII of the Constitution of the State of Oklahoma, which relates to increases in compensation during a term of office; empowering the Legislature to change the salaries of the Corporation Commissioners; providing an exception for the members of the Corporation Commission; providing ballot title; and directing filing; and providing for special election.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 2ND SESSION OF THE 46TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 34 of Article VI and Section 10 of Article XXIII of the Constitution of the State of Oklahoma, to read as follows:

Section 34. Each of the officers in this article named shall, at stated times, during his continuance in office, receive for his services a compensation, which shall not be increased or diminished during the term for which he shall have been elected; nor shall he receive to his use, any fees, cost, or perquisites of office or other compensation. THE LEGISLATURE SHALL, HOWEVER, BE EMPOWERED TO CHANGE AND MAY RAISE THE COMPENSATION OF THE THREE (3) CORPORATION COMMISSIONERS EVERY TWO (2) YEARS; SUCH CHANGE TO BECOME EFFECTIVE ON JANUARY 1, FOLLOWING THE SUCCEEDING GENERAL ELECTION.

Section 10. Except wherein otherwise provided in this Constitution, in no case shall the salary or emoluments of any public official be changed after his election or appointment, or during his term of office, unless by operation of law enacted prior to such election or appointment; nor shall the term of any public official be extended beyond the period for which he was elected or appointed: Provided, that all officers within this State shall continue to perform the duties of their offices until their successors shall be duly qualified. THE LEGISLATURE SHALL, HOWEVER, BE EMPOWERED TO CHANGE AND MAY RAISE THE SALARIES OF THE THREE (3) CORPORATION COMMISSIONERS EVERY TWO (2) YEARS; SUCH CHANGE TO BECOME EFFECTIVE ON JANUARY 1, FOLLOWING THE SUCCEEDING GENERAL ELECTION.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. \_\_\_\_

State Question No. \_\_\_\_\_

## THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure seeks to change Sections 34 and 10 of Articles 6 and 23, respectively, of the State Constitution. Unlike other public officials, members of the Corporation Commission share equal power. These officials hold office beginning in different years. These officials may only receive an increase in pay if that pay increase has been written into law before they take office. The current law allows these officials to receive different pay but share equal power. Because the current law does not allow these officials' pay to increase while holding office, they may serve at the same time but have different pay levels. This measure seeks to equalize the compensation levels of these officials.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT☐ NO, AGAINST THE AMENDMENT

SECTION 3. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 thereof, with the Secretary of State and one copy with the Attorney General.

SECTION 4. A special election is hereby ordered to be held throughout the State of Oklahoma on the date of the next statewide primary election or special election, whichever occurs first, at which time the proposed amendment to the Constitution of the State of Oklahoma, as set forth in Section 1 of this resolution, shall be submitted to the people of Oklahoma for their approval or rejection as and in the manner provided by law.

...Legislative appropriations for any fiscal year...shall be limited to a sum not to exceed the total amount appropriated from all funds in the preceding fiscal year plus twelve percent (12%), adjusted for inflation for the previous calendar year... The limit on the growth of appropriations shall be certified to by the State Board of Equalization.

...The State Board of Equalization shall meet within five (5) days after the monthly apportionment in February of each year, and at that time may adjust the certification, based upon the most current information available, and determine the amount of funds available for appropriation for that legislative session. At said meeting, the Board shall determine the limit on the growth of appropriations as provided for in this section.

The following report has been prepared in accordance with the procedures set forth above, and is respectfully, submitted for your consideration.

Very truly yours,

EDUCATION REFORM ACT — HB 1017

Schedule 1-A

Section 41.29a of Title 62 subsection A states: "In order that the Legislature may guarantee that the increased revenue generated as a result of the tax changes contained in this act shall be appropriated to fund the education reforms provided for in this act, the Office of State Finance shall present as part of the official certification process for each fiscal year an estimate of all revenues which shall accrue to the General Revenue Fund as a result of the tax changes contained in this act. The estimate shall show the increased revenue from personal income taxes, corporate income taxes and sales and use taxes as a result of the provisions of this act separately. The estimate shall further account for changes to such revenue which result from growth or decline in said tax sources due to economic circumstances."

The method of determining the percentage of each source attributable to HB 1017 was set by the State Board of Equalization at its April 26, 1990 meeting. The ratios were established originally by dividing the estimate of revenue to be raised as a result of HB 1017 by the total estimate of revenue of each source at the time of passage of HB 1017. These ratios were updated at the February 19, 1991 meeting to reflect the annualization of what were partial year estimates at the April 26, 1990 meeting of the State Board of Equalization.

SB 826 of the Second Regular Session of the Forty-fifth Legislature amended Section 41.29a of Title 62 to require that the Office of Accountability to account for and report monthly revenues which accrue to the Education Reform Revolving Fund. The Education Reform Revolving Fund on June 1, 1996 began receiving revenue attributable to the revenue provisions of HB 1017 rather than these revenues first being apportioned to the General Revenue Fund.

### **MESSAGE FROM GOVERNOR**

Advising the veto of **SB 1089**, February 25, 1998.

The veto message reads as follows:

To the Honorable President Pro Tempore and Members of the Oklahoma Senate Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1089** by Monson and Capps of the Senate and Askins et al of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1089 because Senate Bill 1089 does not adequately reform the process by which health insurance is provided to state employees. This legislation subsidizes a state monopoly, the Oklahoma State and Education Employees Group Insurance Board which, as demonstrated by past performance, is in need of fundamental reform or privatization. I believe that state employees are entitled to unrestricted private choices for indemnity and preferred provider medical plans and adequate access to this type of plan throughout the state.

And finally, if I were to sign this bill, I would be endorsing an expressed intent to invade the Constitutional Reserve Fund for the purpose of subsidizing the Oklahoma State and Education Employees Group Insurance Board in excess of Thirty Five Million Dollars. If it is necessary to offset higher costs of coverage, employees should be compensated directly instead of through the subsidy of an agency which fails to adequately perform. The approval of Senate Bill 1089 does a disservice to the citizens and as well as the employees of the state.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

Pursuant to the Capps motion, the Senate adjourned at 5:40 p.m. to meet Thursday, February 26, 1998, at 9:30 a.m.

# APPENDIX 1: THE MODEL

The model is a dynamic stochastic general equilibrium model with a representative household and a representative firm.

The household has a utility function  $U(C, L)$  where  $C$  is consumption and  $L$  is leisure. The household chooses consumption and leisure to maximize utility subject to the budget constraint

$$C_t + \frac{B_t}{1+r} = \frac{B_{t-1}}{1+r} + w_t L_t + \pi_t$$

where  $B_t$  is the household's debt,  $r$  is the interest rate,  $w_t$  is the wage rate, and  $\pi_t$  is the profit share.

The firm has a production function  $Y_t = F(K_t, L_t)$  where  $Y_t$  is output,  $K_t$  is capital, and  $L_t$  is labor. The firm chooses capital and labor to maximize profit subject to the production function

$$Y_t = F(K_t, L_t)$$

where  $K_t$  is the firm's capital,  $L_t$  is the firm's labor, and  $F$  is the production function.

The firm's capital evolves according to the law of motion

$$K_t = (1-\delta)K_{t-1} + I_t$$

where  $\delta$  is the depreciation rate and  $I_t$  is the firm's investment.

The firm's investment is determined by the investment function

$$I_t = \frac{1}{\eta} \left( \frac{Y_t}{K_t} \right)^\eta$$

where  $\eta$  is the investment elasticity.

The firm's labor is determined by the labor demand function

$$L_t = \frac{1}{\phi} \left( \frac{Y_t}{L_t} \right)^\phi$$

where  $\phi$  is the labor elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$K_t = \frac{1}{\kappa} \left( \frac{Y_t}{K_t} \right)^\kappa$$

where  $\kappa$  is the capital elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$L_t = \frac{1}{\lambda} \left( \frac{Y_t}{L_t} \right)^\lambda$$

where  $\lambda$  is the labor elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$K_t = \frac{1}{\kappa} \left( \frac{Y_t}{K_t} \right)^\kappa$$

where  $\kappa$  is the capital elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$L_t = \frac{1}{\lambda} \left( \frac{Y_t}{L_t} \right)^\lambda$$

where  $\lambda$  is the labor elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$K_t = \frac{1}{\kappa} \left( \frac{Y_t}{K_t} \right)^\kappa$$

where  $\kappa$  is the capital elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$L_t = \frac{1}{\lambda} \left( \frac{Y_t}{L_t} \right)^\lambda$$

where  $\lambda$  is the labor elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$K_t = \frac{1}{\kappa} \left( \frac{Y_t}{K_t} \right)^\kappa$$

where  $\kappa$  is the capital elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$L_t = \frac{1}{\lambda} \left( \frac{Y_t}{L_t} \right)^\lambda$$

where  $\lambda$  is the labor elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$K_t = \frac{1}{\kappa} \left( \frac{Y_t}{K_t} \right)^\kappa$$

where  $\kappa$  is the capital elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$L_t = \frac{1}{\lambda} \left( \frac{Y_t}{L_t} \right)^\lambda$$

where  $\lambda$  is the labor elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$K_t = \frac{1}{\kappa} \left( \frac{Y_t}{K_t} \right)^\kappa$$

where  $\kappa$  is the capital elasticity.

The firm's capital and labor are determined by the capital and labor demand functions

$$L_t = \frac{1}{\lambda} \left( \frac{Y_t}{L_t} \right)^\lambda$$

where  $\lambda$  is the labor elasticity.

$$K_t = \frac{1}{\kappa} \left( \frac{Y_t}{K_t} \right)^\kappa$$

where  $\kappa$  is the capital elasticity.

**SJR 21** — By Robinson of the Senate and Settle of the House.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Section 23 of Article X of the Constitution of

the State of Oklahoma, which relates to revenue and taxation; modifying procedures for placement of surplus funds or monies in Constitutional Reserve Fund; deleting obsolete language; providing ballot title; and directing filing.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 2ND SESSION OF THE 46TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 23 of Article X of the Constitution of the State of Oklahoma, to read as follows:

Section X-23. The state shall never create or authorize the creation of any debt or obligation, or fund or pay any deficit, against the state, or any department, institution or agency thereof, regardless of its form or the source of money from which it is to be paid, except as may be provided in this section and in Sections 24 and 25 of Article X of the Constitution of the State of Oklahoma.

To ensure a balanced annual budget, pursuant to the limitations contained in the foregoing, procedures are herewith established as follows:

1. Not more than forty-five (45) days or less than thirty-five (35) days prior to the convening of each regular session of the Legislature, the State Board of Equalization shall certify the total amount of revenue which accrued during the last preceding fiscal year to the General Revenue Fund and to each Special Revenue Fund appropriated directly by the Legislature, and shall further certify amounts available for appropriation which shall be based on a determination, in accordance with the procedure hereinafter provided, of the revenues to be received by

the state under the laws in effect at the time such determination is made, for the next ensuing fiscal year, showing separately the revenues to accrue to the credit of each such fund of the state appropriated directly by the Legislature.

Amounts certified as available for appropriation from each fund, as hereinbefore provided, shall be ninety-five percent (95%) of an itemized estimate made by the State Board of Equalization, which shall include all sources of revenue to each fund for the next ensuing fiscal year; provided however, appropriated federal funds shall be certified for the full amount of the estimate. Said estimate shall consider any increase or decline in revenues that would result from predictable changes in the economy.

Legislative appropriations for any fiscal year, except for special appropriations provided for in paragraph 4, shall be limited to a sum not to exceed the total amount appropriated from all funds in the preceding fiscal year, plus twelve percent (12%), adjusted for inflation for the previous calendar year. Said limit shall be adjusted for funds not previously appropriated. The limit on the growth of appropriations shall be certified to by the State Board of Equalization.

2. Such certification shall be filed with the Governor, the President and President Pro Tempore of the Senate, and the Speaker of the House of Representatives. The Legislature shall not pass or enact any bill, act or measure making an appropriation of money for any purpose until such certification is made and filed, unless the State Board of Equalization has failed to file said certification at the time of convening of said Legislature. In such event, it shall be the duty of the Legislature to make such certification pursuant to the provisions of this section. All appropriations made in excess of such certification shall be null and void; provided, how-

ever, that the Legislature may at any regular session or special session, called for that purpose, enact laws to provide for additional revenues or a reduction in revenues, other than ad valorem taxes, or transferring the existing revenues or unappropriated cash on hand from one fund to another, or making provisions for appropriating funds not previously appropriated directly by the Legislature. Whereupon, it shall be the duty of the State Board of Equalization to make a determination of the revenues that will accrue under such laws and ninety-five percent (95%) of the amount of any increase or decrease resulting, for any reason, from such changes in laws shall be added to or deducted from the amount previously certified available for appropriation from each respective fund, as the case may be. The State Board of Equalization shall file the amount of such adjusted certification, or additional certification for funds not previously appropriated directly by the Legislature, with the Governor, with the President and President Pro Tempore of the Senate, and the Speaker of the House of Representatives, and such adjusted amount shall be the maximum amount which can be appropriated for all purposes from any such fund for the fiscal year being certified.

3. The State Board of Equalization shall meet within five (5) days after the monthly apportionment in February of each year, and at that time may adjust the certification, based upon the most current information available, and determine the amount of funds available for appropriation for that legislative session. At said meeting the Board shall determine the limit on the growth of appropriations as provided for in this section.

4. Surplus funds or monies shall be any amount accruing to the General Revenue Fund of the State of Oklahoma over and above the itemized estimate made by the State Board of Equalization.

**[Beginning July 1, 1985, all] ALL** such surplus funds or monies accruing **[after said date]** shall be placed in a Constitutional Reserve Fund by the State Treasurer **[until such time that the amount of said Fund equals ten percent (10%) of the General Revenue Fund certification for the preceding fiscal year]**. Appropriations made from said Fund shall be considered special appropriations.

Up to one-half (1/2) of the balance at the beginning of the current fiscal year in the said Fund may be appropriated for the forthcoming fiscal year, when the certification by the State Board of Equalization for said forthcoming fiscal year General Revenue Fund is less than that of the current fiscal year certification. In no event shall the amount of monies appropriated from said Reserve Fund be in excess of the difference between the two said certifications.

Up to one-half (1/2) of the balance at the beginning of the current fiscal year in the said Fund may be appropriated, upon a declaration by the Governor that emergency conditions exist, with concurrence of the Legislature by a two-thirds (2/3) vote of the House of Representatives and Senate for the appropriation; or said one-half (1/2) could be appropriated upon a joint declaration of emergency conditions by the Speaker of the House of Representatives and the President Pro Tempore of the Senate, with a concurrence of a three-fourths (3/4) vote of the House of Representatives and Senate.

5. That portion of every appropriation, at the end of each fiscal year, in excess of actual revenues collected and allocated thereto, as hereinafter provided, shall be null and void. Revenues deposited in the State Treasury to the credit of the General Revenue Fund or of any special fund (which derives its revenue in whole or in part from state taxes or fees) shall, except as to principal and

interest on the public debt, be allocated monthly to each department, institution, board, commission or special appropriation on a percentage basis, in that ratio that the total appropriation for such department, institution, board, commission or special appropriation from each fund for that fiscal year bears to the total of all appropriations from each fund for that fiscal year, and no warrant shall be issued in excess of said allocation. Any department, institution or agency of the state operating on revenues derived from any law or laws which allocate the revenues thereof to such department, institution or agency shall not incur obligations in excess of the unencumbered balance of cash on hand.

6. The Legislature shall provide a method whereby appropriations shall be divided and set up on a monthly, quarterly or semiannual basis within each fiscal year to prevent obligations being incurred in excess of the revenue to be collected, and notwithstanding other provisions of this Constitution, the Legislature shall provide that all appropriations shall be reduced to bring them within revenues actually collected, but all such reductions shall apply to each department, institution, board, commission or special appropriation made by the State Legislature in the ratio that its total appropriation for that fiscal year bears to the total of all appropriations from that fund for that fiscal year; provided, however, that the Governor may in his discretion issue deficiency certificates to the State Treasurer for the benefit of any department, institution or agency of the state, if the amount of such deficiency certificates be within the limit of the current appropriation for that department, institution or agency, whereupon the State Treasurer shall issue warrants to the extent of such certificates for the payment of such claims as may be authorized by the Governor, and such warrants shall become a part of the public debt and shall be paid out of any money appropriated by the Legislature and made lawfully avail-

able therefor; provided further, that in no event shall said deficiency certificates exceed in the aggregate the sum of Five Hundred Thousand Dollars (\$500,000.00) in any fiscal year.

[Upon the approval by the people of this state of the amendment to this section contained in House Joint Resolution No. 1005 of the 1st Session of the 40th Legislature, the State Board of Equalization shall meet to recertify the amount of revenue available for appropriation for the fiscal year ending June 30, 1986.]

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

#### BALLOT TITLE

Legislative Referendum No. \_\_\_\_\_  
State Question No. \_\_\_\_\_

#### THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends Section 23 of Article X of the State Constitution. Under current law, surplus funds or monies are those funds which would go to the General Revenue Fund, but they are above the amount estimated to be deposited to the General Revenue Fund. These funds are placed in the Constitutional Reserve Fund. Such deposits are made until the amount of that Fund equals ten percent of the amount certified for the General Revenue Fund for the last fiscal year. Once the ten percent level is reached, any extra surplus funds are kept in the General Revenue Fund. This measure would require that all surplus funds be deposited to the Constitutional Reserve Fund, even after the ten percent level is reached. The measure

would also delete some out-of-date language.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

**SJR 28**, coauthored by Senator Morgan, was referred for engrossment and read at length as follows:

**SJR 28** — By Henry and Morgan of the Senate and Steidley and Staggs of the House.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Section 10 of Article X of the Constitution of the State of Oklahoma, which relates to ad valorem taxation; raising the millage limit on building fund levies for schools; requiring separate ballot for additional levies for building funds; prohibiting reduction of state funding for school districts for which building fund levies are approved; providing ballot title; and directing filing.

**BE IT RESOLVED BY THE SENATE  
AND THE HOUSE OF REPRESENTA-**

TIVES OF THE 2ND SESSION OF THE  
46TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 10 of Article X of the Constitution of the State of Oklahoma, to read as follows:

Section 10. For the purpose of erecting public buildings in counties or cities, or for the purpose of raising money for a building fund for a school district which may be used for erecting, remodeling or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such county, city, or school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the taxable property in such county, city, or school district. PROVIDED, FURTHER, THE RATE OF TAXATION FOR THE BUILDING FUND FOR A SCHOOL DISTRICT MAY BE INCREASED BY AN ADDITIONAL AMOUNT NOT TO EXCEED FIVE (5) MILLS ON THE DOLLAR OF ASSESSED VALUE OF THE TAXABLE PROPERTY IN THE SCHOOL DISTRICT UPON APPROVAL OF THE QUESTION, SUBMITTED ON A SEPARATE BALLOT FROM THE BALLOT USED FOR APPROVAL OF THE FIRST FIVE (5) MILLS, BY A MAJORITY OF THE QUALIFIED VOTERS IN THE SCHOOL DISTRICT VOTING AT SUCH ELECTION. THE LEVEL OF FUNDING GENERATED BY BUILDING FUND LEVIES SHALL NOT BE A FACTOR USED TO REDUCE STATE FUNDING FOR A SCHOOL DISTRICT.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. \_\_\_\_\_  
State Question No. \_\_\_\_\_

THE GIST OF THE PROPOSITION IS AS  
FOLLOWS:

This measure amends Section 10 of Article 10 of the State Constitution. It raises the cap on the number of mills the voters in a school district can approve for building fund levies for the school district from five mills to ten mills. The vote to raise more than five mills would have to be on a separate ballot from the ballot used for approval of the first five mills. The measure prevents the state from using the local building fund money to reduce state funding for the school.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

- ☐ YES, FOR THE AMENDMENT
- ☐ NO, AGAINST THE AMENDMENT

SECTION 3. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

Pursuant to the Capps motion, the Senate adjourned at 9:35 a.m. to meet Monday, March 16, 1998, at 1:30 p.m.

**HJR 1098** — By Pope (Clay) of the House and Laughlin of the Senate.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Section 9C of Article X of the Constitution of the State of Oklahoma, which relates to emergency medical service districts; authorizing certain counties or parts thereof to withdraw from emergency medical services districts; providing for procedures; providing for payment of certain debts; providing ballot title; and directing filing.

#### BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE 2ND SESSION OF THE 46TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 9C of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 9C. (a) The board of county commissioners, or boards if more than one county is involved, may call a special election to determine whether or not an ambulance service district shall be formed. An election shall also be called by the board or boards involved upon petition signed by not less than ten percent (10%) of the registered voters of the area affected. Said area may embrace a county, a part thereof, or more than one county or parts thereof, and in the event the area covers only a part or parts of one or more counties, the area must follow school

district boundary lines. All registered voters in such area shall be entitled to vote, as to whether or not such district shall be formed, and at the same time and in the same question authorize a tax levy not to exceed three (3) mills for the purpose of providing funds for the purpose of support, organization, operation and maintenance of district ambulance services, known as emergency medical service districts and hereinafter referred to as "districts." If the formation of the district and the mill levy is approved by a majority of the votes cast, a special annual recurring ad valorem tax levy of not more than three (3) mills on the dollar of the assessed valuation of all taxable property in the district shall be levied. The number of mills shall be set forth in the election proclamation, and may be increased in a later election, not to exceed a total levy of three (3) mills. This special levy shall be in addition to all other levies and when authorized shall be made each fiscal year thereafter.

Each district which is herein authorized, or established, shall have a board of trustees composed of not less than five members. Such trustees shall be chosen jointly by the board or boards of county commissioners, provided that such membership shall be composed of not less than one individual from each county or part thereof which is included in said district.

Original members of the board of trustees shall hold office, as follows: At the first meeting of said board, board members shall draw lots to determine each trustee's original length of term in office. The number of lots to be provided shall be equal to the number of original members of the board, and lots shall be numbered sequentially from one through five, with lots in excess of the fifth lot being also numbered sequentially from one through five until all lots are numbered. Each original member or members added by an expansion area of the board shall hold office for the number of years indicated on his

or her lot. Each year, as necessary, the board or boards of county commissioners shall appoint successors to such members of the board of trustees whose terms have expired, and such subsequent appointments shall be for terms of five (5) years.

Such board of trustees shall have the power and duty to promulgate and adopt such rules, procedures and contract provisions necessary to carry out the purposes and objectives of these provisions, and shall individually post such bond as required by the county commissioners, which shall not be less than Ten Thousand Dollars (\$10,000.00).

The district board of trustees shall have the additional powers to hire a manager and appropriate personnel, contract, organize, maintain or otherwise operate the emergency medical services within said district and such additional powers as may be authorized by the Legislature.

(b) Any district board of trustees may issue bonds, if approved by a majority vote at a special election for such purpose. All registered voters within the designated district shall have the right to vote in said election. Such bonds shall be issued for the purpose of acquiring emergency vehicles and other equipment and maintaining and housing the same.

(c) The bonds authorized above shall not bear interest at a greater rate than that authorized by statute for the issuance of city municipal bonds. Such bonds shall be sold only at public sale after twenty (20) days' advertisement in a newspaper for publication of legal notices with circulation in the district. Any district may refund its bonds as is now provided by law for refunding municipal bonds.

(d) Any district board of trustees, upon issuing bonds as authorized in subsection (b)

of this section, shall levy a special annual ad valorem tax upon the property within the district, payable annually, in a total amount not to exceed three (3) mills on the dollar, on the real and personal taxable property in such district, for the payment of principal and interest on outstanding bonds, until same are paid. However, the trustees may, from time to time, suspend the collection of such annual levy when not required for the payment of the bonds. In no event shall the real and personal taxable property in any city or town be subject to a special tax in excess of three (3) mills for the payment of bonds issued hereunder.

(e) There may also be pledged to the payment of principal and interest of the bonds herein authorized to be issued: (1) any net proceeds from operation of the district that the board of trustees of the district shall deem not necessary to the future operation and maintenance of said emergency medical service; or (2) any monies available from other funds of the district not otherwise obligated.

(f) Bonds shall be issued for designated sums with serial numbers thereon and maturing annually after three (3) years from date of issue. All bonds and interest thereon shall be paid upon maturity and no bonds shall be issued for a period longer than thirty (30) years. Any district board of trustees may in its discretion schedule the payment of principal over the thirty-year period so that when interest is added there will be approximately level annual payments of principal and interest.

(g) In the event the mill levy as set forth in the original election proclamation is less than three (3) mills, the board of trustees may request the county commissioners to call a subsequent election to consider increasing the mill levy; provided, however, the total levy authorized by subsection (a) hereof shall not exceed three (3) mills.

(h) The board of trustees of any district shall have jurisdiction over the sale or refunding of any bonds issued by the district and shall be responsible for the economical expenditure of the funds derived from the bonds.

(i) Such districts shall be empowered to charge fees for services, and accept gifts, funds or grants from sources other than the mill levy, which shall be used and accounted for in a like manner. Persons served outside the district shall be charged an amount equal to the actual costs for the service, not taking into account any income the district receives from millage or sources within the district. The board of trustees shall have legal authority to bring suits necessary to collect accounts owed and to sue and defend as necessary for the protection of the board. The State [Examiner] AUDITOR and Inspector shall conduct an annual audit of the operations of such districts.

(j) Any emergency medical service district may expand to include other counties or parts thereof, provided that an election is called by the county commissioners whose county or counties, or parts thereof, are to be added to in the established district; and provided further, that the county commissioners in the original district concur in the calling of said election. The proposed expansion area shall only be added to the original district if approved separately by a majority vote, by the voters in both the original district and in the expansion area, at an election called for that purpose. The county in which the expansion area is located shall have not less than one member on the board of trustees. Appropriate millage or other approved method of financial support shall be levied in the expansion area, when said area is added to the original district which millage shall be levied at the rate used to cover operational costs and outstanding bonded indebtedness as provided in Section 9C, (d) and (e), Article X.

(k) ANY COUNTY OR PARTS THEREOF MAY WITHDRAW FROM A DISTRICT PROVIDED THAT AN ELECTION IS CALLED BY THE COUNTY COMMISSIONERS OF THE COUNTY WHOSE COUNTY OR PARTS THEREOF IS TO BE WITHDRAWN FROM THE DISTRICT. THE COUNTY OR PARTS THEREOF SHALL BE WITHDRAWN FROM THE DISTRICT IF APPROVED BY A MAJORITY VOTE OF THE VOTERS IN THE COUNTY AT AN ELECTION CALLED FOR SUCH PURPOSE. IF THE COUNTY COMMISSIONERS ARE PRESENTED A PETITION SIGNED BY NOT LESS THAN TWENTY PERCENT (20%) OF ALL REGISTERED VOTERS IN THE COUNTY, THE COUNTY COMMISSIONERS SHALL CALL AN ELECTION. THE PETITION FOR AN ELECTION FOR A COUNTY OR PARTS THEREOF TO WITHDRAW FROM A DISTRICT AND THE BALLOT SHALL PROVIDE FOR THE PAYMENT OF ANY DEBT FOR OPERATIONAL COSTS AND OUTSTANDING BONDED INDEBTEDNESS IN PROPORTIONAL SHARES, FOR WHICH THE COUNTY OR PARTS THEREOF WOULD BE RESPONSIBLE AS A RESULT OF THE MEMBERSHIP OF THE COUNTY OR PARTS THEREOF IN THE DISTRICT.

(L) Any district may be dissolved, or the millage levy changed, by a majority vote of the registered voters voting at an election called for that purpose by the county commissioners of each county or part thereof included within the district; provided that such an election shall not be called unless either three-fifths (3/5) of the trustees of such district request the county commissioners to call such an election, or the respective county commissioners are presented a petition signed by not less than twenty percent (20%) of all registered voters in the district.

[(I)] (M) In the event a district is dissolved, any mill levy used to support, orga-

nize, operate and maintain the emergency medical service district shall cease, provided that such mill levy shall not cease until all outstanding emergency medical service bonds of that district are retired and all other debts incurred by the emergency medical service district have been satisfied.

[(m)] (N) All elections called under the provisions hereof shall be conducted by the county election board or boards of each county or counties involved, upon receipt of an election proclamation, issued by a majority of the board or boards of county commissioners in the area affected. In the event more than one county is involved, said proclamation must be a joint proclamation from a majority of the board of county commissioners of each county involved. Said proclamation shall be published in one issue of a newspaper of general circulation in each county involved in the area affected at least ten (10) days prior to said election, and said proclamation shall set forth the purpose of the election, and the date thereof. The county election board or boards shall certify the results of an election to the board or boards issuing such proclamation.

[(n)] (O) The board of any district shall have capacity to sue and be sued. Provided, however, the board shall enjoy immunity from civil suit for actions or omissions arising from the operation of the district, so long as, and to the same extent as, municipalities and counties within the state enjoy such immunity.

[(o)] (P) In lieu of proceeding to establish a district as outlined hereinabove through the county commissioners, the governing body of any incorporated city or town may proceed to form a district, join an existing district or join with other incorporated cities or towns in forming a district. In such case, said governing body shall be considered as being substituted as to the powers and duties of said county commissioners as set forth

hereinabove; provided, further, said city or town shall be considered as being substituted as to the powers and duties of a district formed, as set forth hereinabove. All rights, duties, privileges and obligations of the residents and voters in such city or town shall be the same as those outlined for the district as set forth above.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection proposed amendments to Section 34 of Article VI and Section 10 of Article XXIII of the Constitution of the State of Oklahoma, which relate to compensation of public officials; providing an exception for compensation increases during the term of office of certain public officials; adding gender neutral language; correcting language; providing ballot title; and directing filing.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 2ND SESSION OF THE 46TH OKLAHOMA LEGISLATURE:

**SECTION 1.** The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendments to Section 34 of Article VI and Section 10 of Article XXIII of the Constitution of the State of Oklahoma, to read as follows:

Section 34. Each of the officers in this article named shall, at stated times, during [his] THE OFFICER'S continuance in office, receive for his OR HER services a compensation, which shall not be increased or diminished during the term for which [he] THE OFFICER shall have been elected OR APPOINTED; nor shall [he] THE OFFICER receive to his OR HER use, any fees, cost, or perquisites of office or other compensation. PROVIDED, THE CORPORATION COMMISSIONERS AND THE MEMBERS OF THE OKLAHOMA TAX COMMISSION MAY RECEIVE AN INCREASE IN COMPENSATION DURING THEIR TERM OF OFFICE IN AN AMOUNT NECESSARY TO EQUALIZE THE CURRENT COMMISSIONERS' OR MEMBERS' COMPENSATION TO THAT OF A NEWLY ELECTED OR APPOINTED COMMISSIONER OR MEMBER.

Section 10. Except wherein otherwise provided in this Constitution, in no case shall the salary or emoluments of any public official be changed after [his] THE OFFICIAL'S election or appointment, or during his OR HER term of office, unless by operation of law enacted prior to such election or appointment; nor shall the term of any public official be extended beyond the period for which [he] THE OFFICIAL was elected or appointed: PROVIDED, THAT ALL OFFICERS WITHIN THIS STATE SHALL

CONTINUE TO PERFORM THE DUTIES OF THEIR OFFICES UNTIL THEIR SUCCESSORS SHALL BE DULY QUALIFIED. PROVIDED, THE CORPORATION COMMISSIONERS AND THE MEMBERS OF THE OKLAHOMA TAX COMMISSION MAY RECEIVE AN INCREASE IN COMPENSATION DURING THEIR TERM OF OFFICE IN AN AMOUNT NECESSARY TO EQUALIZE THE CURRENT COMMISSIONERS' OR MEMBERS' COMPENSATION TO THAT OF A NEWLY ELECTED OR APPOINTED COMMISSIONER OR MEMBER.

SECTION 2. The Ballot Title for the proposed Constitutional amendments as set forth in SECTION 1 of this resolution shall be in the following form:

#### BALLOT TITLE

Legislative Referendum No. \_\_\_\_\_

State Question No. \_\_\_\_\_

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure seeks to change Sections 34 and 10 of Articles 6 and 23, respectively, of the State Constitution. Unlike other public officials, the Corporation Commissioners and the members of the Oklahoma Tax Commission share the same power in their offices. These persons hold office beginning in different years. These persons may only receive an increase in pay if that pay increase has been written into law before they take office. The current law allows these persons to receive different pay but share equal power. Because the current law does not allow these persons' pay to increase while holding office, they may serve at the same time but have different pay levels. This measure seeks to give equal compensation levels to these persons.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

**MESSAGE FROM THE GOVERNOR**

Advising his approval April 22, 1998, of Enrolled SBs 826, 886, 1216, 1263, 1311 and 1354 and veto of SB 1059.

The veto message reads as follows:

April 22, 1998

To the Honorable President Pro Tempore and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1059** by Monson of the Senate and Seikel, Glover, Collins, Davis and Gilbert of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1059 because almost 21% of Oklahomans currently do not have health insur-

ance and the additional health benefits mandated in this bill will increase the cost of medical insurance to the average Oklahoma citizen. Clearly, the Legislature contemplated that there would be cost increases because they inserted a limit on the amount of the cost increase that would be allowed.

For a typical medical plan, Senate Bill 1059 would drive up the cost of medical insurance for a family of four by more than one hundred fifty dollars per year, assuming an increase on 2 1/2%. In a recent meeting 15 insurance professionals estimated the mandated coverage would result in a 1 1/2% to 4% cost increase.

In 1997, legislation similar to Senate Bill 1059 was presented to me. I vetoed that legislation because of my continuing concern that we have not yet reached my goal of reducing the number of uninsured Oklahomans to the national average of 14%. Oklahoma is still a chronically underinsured state. Increasing costs and mandating benefits will not increase the number of Oklahomans with health insurance.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

Pursuant to the Capps motion, the Senate adjourned at 3:15 p.m. to meet Thursday, April 23, 1998, at 9:00 a.m.

**MESSAGE FROM THE GOVERNOR**

Advising his approval April 29, 1998, of Enrolled SBs 789, 865, 992, 1074, 1082 and 1101 and veto of SB 973.

The veto message reads as follows:

April 29, 1998

To the Honorable President Pro Tempore and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 973** by Haney and Hobson of the Senate and Hamilton et al of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have **VETOED** Senate Bill 973 because this bill is misleading and perpetuates the poor quality management and lack of choice provided by the Oklahoma State Employees and Education Group Insurance Board, referred to as OSEEGIB. I have requested that the 31.5 Million Dollars of reserves removed from OSEEGIB be returned from the general revenue fund. Further, I have requested that steps be taken to improve the quality of management by either establishing a public-private partnership to manage the fund or installing third party professional administration.

Senate Bill 973 has been represented as legislation which will help offset planned health insurance rate hikes for state employees, county employees, retirees, and teachers. It does nothing to provide any such re-

lief. This bill merely expresses an intent to take Twenty Five Million Dollars out of the Constitutional Reserve Fund which was created by the voters of this state to address situations in the event "emergency conditions exist". Significantly however, the Legislature determined that an emergency did not exist because the procedure provided in the Oklahoma Constitution for the Legislature to make a finding of an emergency was specifically removed at the time of final passage. This means that Senate Bill 973 will not become effective until the end of August. This is too late for enrolling with additional Health Maintenance Organizations which are not now available to be assessed by OSEEGIB participants.

Currently, there are sufficient general revenue funds to immediately return the 31.5 Million Dollars to OSEEGIB. This would temporarily reduce the increase in health care costs. Since general revenue funds are available it is inappropriate and too early to take funds from the state emergency savings account. There is other legislation still pending before the Legislature which could address the concerns of the state employees, county employees, retirees, and teachers. Enacting permanent solutions to concerns is more responsible than spending money from the state saving account for a partial year solution, resulting in the necessity of addressing the same problem again next year.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

Pursuant to the Capps motion, the Senate adjourned at 10:30 a.m. to meet Thursday, April 30, 1998, at 9:00 a.m.

## MESSAGE FROM THE GOVERNOR

Advising his approval May 27, 1998, of Enrolled SBs **46, 903, 905, 907, 916, 920, 930, 944, 951, 984, 1003, 1136, 1181, 1222, 1250, 1251, 1304 and 1359** and line item vetoes of SBs **934 and 940**.

The veto messages read as follows:

May 27, 1998

To the Honorable President Pro Tempore and Members of the Oklahoma Senate Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 934** by Haney and Hobson of the Senate and Hamilton and Settle of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED one item in Senate Bill 934 because the appropriation contained in that provision lacks specificity and exceeds my budget. This item is not as high of a priority to the state as the current needs of Higher Education. These funds would be better spent addressing the needs of Higher Education and the Teacher Retirement System.

The item vetoed can be found in Section 18 of Senate Bill 934.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

May 27, 1998

To the Honorable President Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 940** by Haney and Hobson of  
the Senate and Hamilton and Settle of the  
House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have **VETOED** three items in Senate Bill 940 because the appropriations contained in this bill lack specificity

and exceed my budget. However, I support the need for additional money for needed maintenance and repair of specific parks. For example, I would welcome a specific appropriation for the Anadarko Indian Museum and a visitors center and park office at Foss State Park.

The items vetoed can be found in Sections 5, 7 and 8 of Senate Bill 940.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

Pursuant to the Capps motion, the Senate adjourned at 5:30 p.m. to meet Thursday, May 28, 1998, at 9:30 a.m.

**MESSAGES FROM THE HOUSE**

Advising rejection of **CCR** to the following bill, requesting further conference and naming same House conferees as follows:

**SB 1429** — Boyd (Betty), GCCA

Advising rejection of 2nd **CCR** to **HB 1038**, requesting further conference with instructions and House conferees to be named later as follows:

"SECTION 1. A. The Legislature established the State Insurance Fund in 1933 for the purpose of ensuring access to workers' compensation insurance for Oklahoma businesses. The Legislature finds that the workers' compensation is now fully competitive and capable of meeting the compensation needs of state workers. The Legislature further finds that encouraging a competitive market and placing the State Insurance Fund in the role of a true insurer of last resort would better serve the state. Thus, the Legislature seeks a loss portfolio transfer of the claims against and losses of the State Insurance Fund.

B. Since the State Insurance Fund was established, on behalf of the taxpayers of Oklahoma, the state has been instrumental in administering, managing, and overseeing the State Insurance Fund as a state entity. In addition, the state has, since the 1970s, consistently been the State Insurance Fund's largest policyholder. Thus, the Legislature finds that, if there is a loss portfolio transfer, the state is entitled to fifty percent (50%) of the remaining unencumbered funds, or "special surplus", for the state's management and administrative role with regard to the Fund.

**SECTION 2. NEW LAW** A new section of law to be codified in the Oklahoma Statutes as Section 139.1 of Title 85, unless there is created a duplication in numbering, reads as follows:

As used in this act:

1. "Board" means the Loss Portfolio Transfer Board;

2. "Loss portfolio transfer" means the transfer, by the State Insurance Fund, of all future obligations on losses occurring prior to the effective date of the transfer to a third-party reinsurer;

3. "Permitted transferee" means any stock corporation, mutual association, or other concern authorized to transact the business of workers' compensation insurance in this state pursuant to the Oklahoma Insurance Code and the Workers' Compensation Act and having a Best rating of A minus or better;

4. "Proposed agreement" means one or more contracts regarding the loss portfolio transfer and all other agreements contemplated by or referred to in the contract regarding such transfer; and

5. "Special surplus" means the unencumbered funds remaining in the State Insurance Fund after the loss portfolio transfer is complete.

**SECTION 3. NEW LAW** A new section of law to be codified in the Oklahoma Statutes as Section 139.2 of Title 85 unless there is created a duplication in numbering, reads as follows:

A. There is hereby created the "Loss Portfolio Transfer Board" for the purpose of executing a loss portfolio transfer of the claims

against and losses of the State Insurance Fund. All members shall have at least ten (10) years of experience in the insurance industry. The Board shall consist of seven (7) members as follows:

1. The Governor shall appoint three members;

2. The Speaker of the House of Representatives shall appoint two members; and

3. The President Pro Tempore of the Senate shall appoint two members.

B. The Board shall prepare and disseminate a request for proposal for the loss portfolio transfer to be made available to prospective bidders by September 1, 1998, with all completed bids to be submitted no later than November 1, 1998. The loss portfolio transfer shall be completed by December 31, 1998. The Board shall accept the best bid for the State of Oklahoma and the State Insurance Fund policyholders. The Board must consider the qualifications of the permitted transferee, including, but not limited to, the following:

1. The permitted transferee must be able to indemnify all prior claims;

2. The permitted transferee must be solvent and have adequate reserves to handle the acquired business; and

3. The permitted transferee must be properly licensed to operate as a workers' compensation insurance carrier in the State of Oklahoma.

C. The Board may enter into and consummate, under terms and conditions agreed to by the Contingency Review Board, with the advice of the Department of Central Purchasing, an agreement in the name of the

State of Oklahoma for the loss portfolio transfer subject to the following conditions:

1. The Board shall have received before the effective date of the transfer an opinion from a nationally recognized investment banking firm that the loss portfolio transfer is fair from a financial point of view;

2. The Board shall have received before the effective date of the transfer an opinion from a nationally recognized actuarial firm which:

- a. sets forth the amount of reserves that must be retained by the State Insurance Fund to remain solvent,
- b. sets forth the amount of unencumbered funds, or special surplus, available for distribution, and
- c. states that the assets of the State Insurance Fund transferred to a permitted transferee are adequate to permit the payment of all liabilities assumed by the permitted transferee based upon sound actuarial principles;

3. The Attorney General shall review any contractual agreement between the State Insurance Fund Trust and any entity authorized to transact business in the State of Oklahoma regarding the loss portfolio transfer. The Attorney General shall disapprove the agreement if it is determined that provisions of the agreement are not consistent with state law;

4. The Board shall have determined before the effective date of the transfer that the consideration for the assets to be transferred is among the best offers by a qualified bidder as provided for in this section, is fair from a financial point of view, and is sufficient such that the credit of the state shall not have been

granted to, nor in aid of any person, association, or corporation, public or private;

5. The Board may hire a consultant and receive information or recommendations from any other person considered appropriate by the Board for purposes of assisting the Board in making a final decision in evaluating one or more offers from any person seeking to become or establish a permitted transferee for purposes of acquiring the losses of the State Insurance Fund pursuant to this section; and

6. The Board shall give due consideration to minority, women, and disabled-owned businesses and prospective bidders that have minority, women, and disabled-owned business participation. A prospective bidder shall indicate in its proposal the name, address and amount of equity participation for each minority, woman, or disabled-owned and operated business that is included as part or all of the bidding group.

D. Any agreement between the Board and a permitted transferee for the loss portfolio transfer is exempt from the requirements of the Oklahoma Central Purchasing Act and any rules adopted by the State Insurance Fund pursuant to the Administrative Procedures Act.

E. The Board, in furtherance of the transactions permitted under this section, may do any of the following:

1. Sell, convey, lease, exchange, transfer, or otherwise dispose of the losses and claims of the State Insurance Fund; or

2. Have and exercise all powers necessary or convenient to effect or complete the transactions permitted under this section.

F. The Board for and on behalf of the State of Oklahoma and subject to the requirements of this section shall have the right in its sole and absolute discretion to establish the terms and conditions of any proposal for the loss portfolio transfer on the basis of its own criteria, to evaluate those proposals by its own criteria, and to reject any or all proposals without assigning any reasons subject to the requirements and conditions set forth in this act. The Board for and on behalf of the State of Oklahoma expressly reserves the right, without giving any reasons and without any liability therefor, at any time and in any respect, to amend or terminate any activities with respect to the loss portfolio transfer, commence or terminate discussions with any or all persons seeking to purchase the losses of the State Insurance Fund, reject any or all proposals to acquire the losses of the State Insurance Fund, and to negotiate and consummate the loss portfolio transfer with any qualified person.

G. Not less than thirty (30) days before the transfer is consummated with a permitted transferee, the Board shall make a report to the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Governor providing the name and business address of each bidder; the amount, terms, and conditions of each respective bid; and the copies of the opinions required by this act.

**SECTION 4. NEW LAW** A new section of law to be codified in the Oklahoma Statutes as Section 139.3 of Title 85, unless there is created a duplication in numbering, reads as follows:

The loss portfolio transfer is contingent upon the state receiving fifty percent (50%) of the special surplus set forth in Section 1 of this act. Fifty percent (50%) of the special surplus shall be the property of the State of Oklahoma for its role as manager and ad-

ministrator of said Fund. The remaining portion of the special surplus shall be distributed equitably to the policyholders of record since 1980 pursuant to a formula determined by the Board. Any portion of the special surplus not claimed by such policyholders within one (1) year of the loss portfolio transfer shall escheat to the state. The state's portion of the special surplus shall be credited as follows:

1. One-third shall be deposited in the State Treasury to the credit of the Teachers' Retirement System of Oklahoma;

2. One-fourth shall be deposited in the State Treasury to the credit of the Oklahoma Firefighters Pension and Retirement Fund;

3. One-sixth shall be deposited in the State Treasury to the credit of the Special Indemnity Fund; and

4. The remainder of the state's portion of the special surplus shall be deposited in the State Treasury to the credit of the General Revenue Fund.

**SECTION 5. NEW LAW** A new section of law to be codified in the Oklahoma Statutes as Section 139.4 of Title 85, unless there is created a duplication in numbering, reads as follows:

A. The Board, prior to acceptance, shall submit to the Contingency Review Board for review the proposed agreement regarding the loss portfolio transfer to a permitted transferee and an independent statement as to the fairness of said proposed agreement for the State of Oklahoma. The Contingency Review Board shall upon receipt of the proposed agreement meet within fifteen (15) business days to review the proposed agreement; and unless the Contingency Review Board disapproves the proposed agreement, the proposed agreement may be executed,

but no sale of the State Insurance Fund shall become effective until after Supreme Court approval pursuant to subsection B of this section.

B. 1. If a proposed agreement is not disapproved by the Contingency Review Board pursuant to subsection A of this section, the Board, within thirty (30) calendar days after the time for Contingency Review Board action has expired, may file a petition with the Supreme Court of Oklahoma for a declaratory judgment determining the validity of the proposed agreement. The review of the Court shall be based upon the exercise of any of the powers, rights, privileges, and functions conferred upon the Board or the State Insurance Fund, as applicable, under the Workers' Compensation Act and Oklahoma laws. Exclusive original jurisdiction is conferred upon the Supreme Court to hear and determine such petitions. The Supreme Court shall give such petitions precedence over other business of the Court except habeas corpus proceedings.

2. Notice of the hearing of such a petition shall be given by a notice published in a newspaper of general circulation in this state that on a day specified the Supreme Court will hear the petition to approve the proposed agreement and enter a declaratory judgment. The notice shall be published one (1) time not less than ten (10) days prior to the date specified for the hearing. The notice shall inform property owners, taxpayers, citizens, and all persons having or claiming any right, title, or interest in the proposed agreement or properties or funds to be affected by the implementation of the proposed agreement, or affected in any way thereby, that they may file protests against the approval of the proposed agreement, and be present at the hearing to contest the legality of the proposed agreement. The hearing may be adjourned from time to time at the discretion of the Court.

3. If the Court is satisfied that the proposed agreement is in accordance with Oklahoma laws, the Court shall enter a declaratory judgment approving and declaring the proposed agreement to be valid and conclusive as to the Board, the State Insurance Fund, and all other parties to the proposed agreement; and, upon petition of the Board, shall issue an order permanently enjoining all persons described in the notice required by this subsection from thereafter instituting any action or proceeding contesting the validity of the proposed agreement. A declaratory judgment rendered pursuant to this subsection shall have the force and effect of a final judgment or decree and shall be incontestable in any court in this state.

C. No cause of action on behalf of any holder of a policy of insurance issued by the State Insurance Fund shall lie against the permitted transferee arising out of the loss portfolio transfer or other transactions permitted under this section, except that this subsection shall not limit the rights or remedies of the holder of a policy of insurance issued by the State Insurance Fund and assumed by the permitted transferee to contest the insurance coverage arising under a policy of insurance issued by the State Insurance Fund. No cause of action on behalf of any holder of a policy of insurance issued by the State Insurance Fund shall lie against the State of Oklahoma or any political subdivision of the state arising out of the loss portfolio transfer permitted under this act, or arising under policies of insurance issued by the State Insurance Fund.

**SECTION 6. NEW LAW** A new section of law to be codified in the Oklahoma Statutes as Section 139.5 of Title 85, unless there is created a duplication in numbering, reads as follows:

If the Board of the State Insurance Fund enters into an agreement or contract for a

loss portfolio transfer as authorized in this act which results in a reduction in the number of employees of the State Insurance Fund, the following shall occur:

1. The State Insurance Fund Board of Managers shall conduct a reduction-in-force to terminate employees, regardless of status, whose positions are eliminated because of a contract or agreement with a permitted transferee for a loss portfolio transfer; and

2. The State Insurance Fund shall develop and implement a staffing component, which may include contracts for professional services, to ensure that the terms of the loss portfolio transfer or other agreements between the Board and other entities are fulfilled, particularly in regard to the missions of the State Insurance Fund. The State Insurance Fund staff shall provide any staff assistance required by the Loss Portfolio Transfer Board authorized by this act.

**SECTION 7. NONCODIFICATION** The provisions of Section 1 of this act shall not be codified in the Oklahoma Statutes.

**SECTION 8.** It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval."

The veto messages read as follows:

June 5, 1998

To the Honorable Speaker Pro Tempore and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled SB 769 by Roberts of the Senate and Begley of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Sec-

tion 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 769 because this legislation imposes an additional time deadline on a local board of education. The provisions of Senate Bill 769 places an unnecessary limitation on the procedures which must be followed by a local board without a clear demonstration of need. State mandated automatic renewal of a contract between a local board of education and an administrator limits the control of the local school system by the local board of education.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 5, 1998

To the Honorable Speaker Pro Tempore and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled SB 937 by Haney and Hobson of the Senate and Hamilton and Settle of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 937 because the provisions of this legislation would impose an undue burden on the Department of Labor in discharging the statutory duties of that constitutionally created department.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 10, 1998

To the Honorable Speaker Pro Tempore and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 838** by Hendrick and Henry of the Senate and Toure and Vaughn of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 838 because this bill duplicates legislation already passed and signed into law.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 10, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 848** by Herbert of the Senate and Tyler of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 848 because this legislation takes funds from the Department of Transportation at a critical time. The diversion of these transportation funds would be detrimental to the overall statewide strategy endorsed by me and the legislature for our state highway system.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 10, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1190** by Haney of the Senate and Adair of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1190 because this bill fails to address the problem of the violation of Section 1 of Article IV, of the Oklahoma Constitution. The current law provides for a majority of legislative appointments to an executive board which performs administrative duties. The Constitution of Oklahoma, in Section 1 of Article IV mandates three separate departments of state government, the Legislative, Executive, and Judicial, with the supreme executive power vested in the Governor. Senate Bill 1190 adds four members to an agency with two of the new members to be appointed by members of the legislative department of government. This bill does not correct the constitutional infirmity.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 10, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1332** by Stipe et al of the Senate and Hilliard of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1332 because this legislation sets statutory contract requirements on the state and private business entities in regards to private prisons. Many of the provisions in SB 1332 would severely restrict the ability of the state

to enter into agreements for private prison facilities.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 11, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 565** by Easley of the Senate  
and Rice of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 565 because the provisions of this legislation would be a step backward for the deregulation of the natural gas industry and slow benefits gas consumers in Oklahoma are expecting. The Corporation Commission has spent nearly two years in promulgating rules which encourage competition in the natural gas industry including provisions for the deliberate and careful transition to competitive markets. The requirement in Senate Bill 565 that the Corporation Commission "... promulgate rules implementing unbundling of natural gas services" renders the current rules, in effect, a nullity. Members of the Oklahoma Corporation Commission are publicly elected officials charged with the responsibility of promulgating rules and issuing orders. They should act independent of any other governing body. The language of this legislation would mandate the rule making process to begin all over again. This would not serve the best interest of the citizens of this state or the parties involved in the adoption of the current rules.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 11, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1018** by Monson of the Senate  
and Askins of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1018 because the changed definitions in this legislation could result in an undesired interpretation of the Child Care Facilities Licensing Act. The new interpretation of "large family child care home" could be construed to impose child care licensing requirements on families who provide for the education of their children at home.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 11, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1088** by Monson of the Senate  
and Askins et al of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1088 because the provisions of this legislation exclude participation of the executive department in the development of a preferred provider organization designed plan. The added preferred provider organization

provisions fail to address the need for a public-private partnership in the management of health care coverage delivery to state employees. Without extensive involvement of the private sector and the executive department in the development of an appropriate preferred provider organization plan encouraging competition for participation, meaningful reforms cannot be accomplished.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 11, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1198** by Monson of the Senate and Askins et al of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1198 because this legislation restricts the Oklahoma State and Education Employees Group Insurance Board from contracting with out of state hospitals for specialized health care services regardless of the possibility that those services could provide greater likelihood of a successful outcome at a lower cost. Like Senate Bill 1088, this legislation excludes participation of the executive department in the development of a preferred provider organization designed plan. While the establishment of a new preferred provider plan has merit, the legislation fails to address the administrative inadequacies of the Oklahoma State and Education Employees Group Insurance Board. The private sector must be involved in developing new medical plans and assisting in bringing competency, professional management to the Agency.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 11, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1321** by Monson of the Senate and Braddock et al of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1321 because this legislation places legislative limits on smoking cessation treatment. Senate Bill 1321 authorizes Medicaid benefits to only certain methods of treatment for smoking cessation. Because medical science is constantly making progress in methods of smoking cessation treatment, the type of treatment best suited to an individual should be left to the professionals in the field. While I encourage the Health Care Authority to offer smoking cessation treatment, legislation dictating the types of treatment is not appropriate.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 11, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled **SB 1353** by Stipe of the Senate and Tyler of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Sec-

tion 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1353 because it specifically prohibits the use of modern approved construction procedures. Building roads, bridges, and highways based on design/construct concept is a construction option that should be available to the Department of Transportation. Elimination of any process which has the potential of saving the state money or has the potential of providing the state with more value for taxpayer dollars is not a responsible action.

By the Governor of the State of Oklahoma  
/s/ Frank Keating

June 12, 1998

To the Honorable Speaker Pro Tempore  
and Members of the Oklahoma Senate  
Second Session,  
Forty-sixth Oklahoma Legislature

Enrolled SB 319 by Easley of the Senate  
and Beutler and Bonny of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 319. There are many undefined and vague terms contained in the legislation which may, in fact, encourage complaints rather than assist in maintaining an orderly, efficient marketplace. The legislation ex-

tends overly broad, statutory regulation of gas gathering facilities into the competitive marketplace during a period of deregulation. The legislation initiates, for the first time, regulation of gas processing activities. The legislation was not heard in Committee and lacked adequate public debate and input. Decisions by the Commission with regard to price and access may consider only material operation changes in condition and not material economic changes in condition.

Nevertheless, I am convinced that a problem does exist and that there has been overreaching and discriminatory acts on the part of some pipeline companies. Accordingly, as a part of this veto measure, I hereby issue an Executive Order directing the Corporation Commission to issue a Notice of Inquiry and to begin the process of soliciting and investigating complaints of discrimination and anti-competitive activities by gathering systems. Further, the Corporation Commission will use its rule making authority to hold hearings and develop rules including a code of conduct to regulate gathering activities. Time is of the essence and I would expect the rules to be completed by January 1, 1999. I further ask that the Corporation Commission identify any legislation required to expand or clarify its authority to promulgate effective rules for gathering activities, but not to include gas processing activities. I will support introduction of this legislation in the 1999 Session of the Legislature.

By the Governor of the State of Oklahoma  
/s/ Frank Keating
