An amendment can be withdrawn at any time before it is voted upon by the author of the amendment. Once an amendment is read, it shall be explained by its author, who shall then answer questions concerning the amendment. If the author of the amendment is not in attendance at the time an amendment is read, the amendment shall be considered withdrawn unless another member of the Senate has or immediately takes coauthorship of the amendment and provides an explanation.

B. After the final vote on third or fourth reading of any bill or joint resolution, no amendment to the measure shall be considered, by unanimous consent or otherwise, unless the final vote and advancement of the measure are properly reconsidered according to the Senate Rules.

RULE 12-5. SUBSTITUTE AMENDMENTS. Only one substitute amendment shall be considered for any amendment to any bill or resolution. Once the substitute amendment is read, the same provisions applicable to the original amendment shall apply to the substitute amendment. If the substitute amendment is successful, the original amendment shall be rendered moot. If the substitute amendment is unsuccessful, the original amendment shall be

considered by the Senate. There shall be no in lieu amendment to any amendment or substitute amendment.

Upon receipt of House amendments to Senate bills or resolutions, the Senate author shall make a motion either to accept the amendments, in which case a successful vote on the motion shall automatically advance the bill to Fourth Reading and final passage, or to reject the amendments and request a conference with the House.

RULE 12-9. CONFERENCE COMMITTEES. The President Pro Tempore shall appoint members of the Senate to serve on conference committees with members of the House of Representatives at such times and in such numbers as the President Pro Tempore deems appropriate.

RULE 12-10. CONFERENCE COMMITTEE REPORTS. If the Senate adopts a Conference Committee Report, the bill or resolution is before the Senate for Fourth Reading and final passage. If the Senate rejects a Conference Committee Report or a motion to adopt the report fails, the bill or resolution shall be returned to the conference committee. Upon a report by the Senate conferees that the conferees cannot agree, the bill or resolution reverts to its former status of consideration of House Amendments to Senate bills or resolutions.

RULE 12-11. FOURTH READING. Upon Fourth Reading of a bill or resolution, debate shall be in order on final passage of the bill or resolution, after which the vote shall occur on final passage. After final passage of a bill or resolution, it shall be signed by the Presiding Officer in open session.

RULE 12-17. DEBATE. When a question subject to debate is before the Senate, a motion to limit the time for debate shall be in order, even if debate already has begun. The motion shall fix the time limits to be allowed for and against the motion, provided that in no case shall the total debate allotted to each side be less than one-half hour. If such motion is successful, the Presiding Officer shall cause the time limits to be enforced and shall divide the time equally for each side of the question. If the motion is once rejected on a question being debated, it can only be adopted with the approval of two-thirds of those voting.

RULE 12-18. ADJOURNMENT. A motion to adjourn shall always be in order except when the motion shall have been the last voted on and no business is transacted thereafter.

A detailed record of all such corrections shall be maintained by the Secretary and printed in the Journal. The Title of a bill or resolution shall be made to conform to the text, unless the same has been ordered crippled. The Enacting Clause shall be a part of every bill unless the same shall have been ordered stricken.

RULE 12-22. WITHDRAWAL FROM COMMITTEE. Any bill or resolution may be withdrawn from any committee of the Senate upon a two-thirds vote of the members of the Senate. Any bill or resolution so withdrawn shall be on General Order.

RULE 12-23. RECONSIDERATION. The final vote on Third Reading or Fourth Reading of any bill or joint resolution or on the emergency clause or special election feature or other special feature of any bill or joint resolution may be reconsidered only if a member of the Se-

B. Except as heretofore provided, the member serving notice for reconsideration shall not be permitted to make the motion to reconsider on the day notice is served, but shall have the exclusive right to make such a motion on the next two succeeding legislative days; provided, that on the third succeeding legislative day, any member of the Senate shall have the right to make such a motion. If no such motion is made on the third succeeding legislative day, then no reconsideration shall be permitted.

Complaints pertaining to employees, either personal staff or Senate staff, should be made to the proper authority rather than to the individual.

3. (a) On the floor during session and in committee, members should endeavor to be congenial and complimentary. Members should avoid personal attacks and dealing in personalities. 13. Any member who feels that the standards of the Senate are being violated by either a member of the Senate or the staff should seek redress by submitting a complaint to the President Pro Tempore concerning the violation. The President Pro Tempore may refer any matter concerning exercise of the Senate's discretionary powers and duties under Section 30 of Article V of the Oklahoma Constitution to a standing committee or select committee as the President Pro Tempore deems appropriate.

STATE OF THE STATE ADDRESS
GOVERNOR FRANK KEATING

Before I begin the formal "thank yous" and the formal presentation, I want to make note of the fact, Lieutenant Governor Fallin, Madam President that in this committee that brought me to this place, we have the oldest member of the Legislature and the youngest member of the Legislature. As a Republican, I am worried that they are Democrats, but Representative Corn and Representative Betty Boyd, two wonderful people doing so much for the State to be and so much for the State in the past. I would like to make special note of them.

Representative Boyd encouraged me to make note of the fact that the youngest and oldest were in attendance, but she was not going to say who was who. You would have to figure that one out.

Lieutenant Governor Fallin, President Pro Tempore Taylor, Speaker Benson, Leader Snyder, Leader Morgan, members of the Judiciary, and members of the House and Senate of Oklahoma, this is a unique time for Oklahoma. Because it is a millennium opportunity for all of us to come together as one people to the best we can for Oklahomans. I am the only Governor in the history of this state that has served in both houses. So I feel at ease and comfortable here with you.

Secondly, this is my fifth State of the State, midpoint in my service as Governor.

It is an opportunity for me and it is an opportunity for all of us as Oklahomans, first, to work together for the best interest of our State. Instead of having a formal written text, I would like to digress and engage in a conversation with you and with the people of Oklahoma detailing from our look back together what we have accomplished over the course of the last four years. And our look forward together, what it is we can accomplish in the next four years. Because when it is all said and done, this is not a competition between Republicans and Democrats, it is a competition for Oklahoma. Our adversary is not each other, our adversary is Texas and California and Pennsylvania and Florida and other states of the Union. Some with Republican Legislatures, some with Republican Governors, some with Democratic Legislatures and obviously, some with Democratic Governors.

In my Inaugural message on January 11th, I outlined to you a series of goals that I proposed that we reach for as a people. Because those goals were the right thing for us as Oklahomans to do, I was very pleased that men and women of good will, of both parties, received those goals with an open mind and with a lot of good will. The comments from all concerned were to the effect that these goals were worthy goals. These goals were reachable goals. These were goals that we, as an Oklahoma family, should attempt to achieve. There were seven. Equal the National Per Capita Personal Income, how much our people make, by the year 2025 in one generation. Surpass the national ACT average by the year 2005. By 2010, assure that one Oklahoman in three has a college degree. By 2010, cut our divorce rate by one third. By 2010, cut the out-of-wedlock birth rate by one third. By 2010, reduce alcohol and drug addiction by one half. By 2010, cut child abuse and neglect in half.

These are bipartisan goals. And they are bipartisan goals worthy of achievement because they will make our population richer, not only economically, but educationally as well as spiritually. These are the right goals as Oklahomans seek to achieve. I would ask the Legislature to consider this budget message, and yes it is in balance.

The debate in all of these measures over the course of the next Session and several Sessions that we aim to achieve these goals. That we seek to answer the question, "Will this bill advance the agenda of making us a richer society, economically, morally, educationally?" These will require a spirit of bipartisanship. Look what we have accomplished in the spirit of bipartisanship over the course of the last four years.

In the last ten years, Oklahoma created 300,000 jobs. Of those, 128,000 were created in the last three years. Think of where we would be with collapsed energy and agriculture prices if we had not aggressively diversified. We, as a Legislature, you as a Legislature, we as an Administration, us together, continue the Quality Jobs Program which was so important and has been so mightily successful and is encouraging us to get new jobs and new employment in Oklahoma.

Welfare reform is working in Oklahoma. Our rolls are down by 58%. It did not happen by accident. We established that single, able-bodied people with no dependents between the ages of 18 and 50, would work and would not be entitled to food stamps. This was not easy to do, but we took the position that we, as a people, are best elevated by independence and responsibility and work. That is the public policy of the State of Oklahoma. To get people who can work working. We are a rich enough society to take care of those who are frail and elderly, those by virtue of physical or mental incapacity who can not take care of themselves. We are a rich enough society to take care of them, but we must not subsidize idleness or indolence. We must focus on work and responsibility so we can become a richer, more prosperous society. We have done it.

We have engaged in the largest road construction program ever in Oklahoma's history. Some $3 billion over four years because we know "we build it, they will come." We know that. We made that commitment as a Legislature, Democrats and Republicans alike, to catch up infrastructure wise. There are a lot of companies I have talked to that simply said they could not be here because we did not have a modern infrastructure. They will be here when we have one. Now, we are building one. Think of that. No tax increase in building these roads. Not one hint of scandal. What a contrast to the old Oklahoma. Nobody's favorite bond council, nobody's favorite contractor, these were competitively arrived at. People throughout our State know that there is integrity in the process and that is a proud moment for the "New" Oklahoma.

We passed some of the toughest environmental regulations and legislation in the country. We want to save the family farm. We want to encourage agriculture to be prosperous, but we understood that we could not permit our own nest to be defiled. We could not wreck the water supply of our cities and towns. We could not wreck the tourism opportunities that our lakes provide our people and our visitors. The first Poultry Regulation Bill in the country and the toughest swine legislation anywhere in America.

The crime rate is down and has been down for the first time in seven years across the

board. Why did that happen? Because we determined that those 3,000 chronic and violent offenders would be locked up. In a population state like ours, that is not growing as it should, there are only so many people out there to rob and kill and molest. If you take those who are chronic and those who are violent, those who are in the business of crime and lock them up, they will have less crime.

We together passed Tort Reform. We said to small businesses in this State and to small businesses interested in locating in Oklahoma that this is a business-friendly environment. Come here and you will be treated fairly. We limited punitive damages to double actual damages in civil lawsuits and that was the right thing to do.

We also invested mightily in common education, higher education and vo-tech. I'll speak about all of that in a few minutes. We had the greatest increases and the greatest contributions ever in those very important areas to move us into the next prosperity century with a better educated workforce.

We passed the first cut in the state income tax in 50 years. We recognize that it is smart public policy to give more of our money to our people because it is their money, not ours. And, for them to make the decision in how to invest and what to invest is sound public policy.

We also reduced state employment by nearly 10% as a result of privatization of new prisons and privatization of University Hospital. We moved those good women and men to the private sector. We looked to those companies to pay taxes and not to consume taxes. That too is prudent public policy.

All of these things were accomplished in a spirit of bipartisanship. The spirit of bipartisanship recognizing that we work for Oklahoma, not for our parties, but for Oklahoma. It is important for us to do the best we can in the most creative way we can to make Oklahoma a better place.

I have looked back and now let us look at the present and the future and examine these goals and what we in a budget context should do to achieve them.

GOAL ONE: Raise Oklahoma's Per Capita Personal Income to the national level by 2025. Ladies and gentlemen, this should be our most challenged goal. In one generation, make it possible for our people to earn what other people make. Why is that? Because we want to assure that our children and our grandchildren will remain in Oklahoma and come back to Oklahoma. We do not want to be a little Ireland. We do not want to export the best and brightest we have to other places. We want them to be here because this is our home. This is their home. This is where they belong. It is important that we reach that goal. We are at 80% of the Nation's Per Capita Income now. We are 44th in income. The sixth poorest State in the Union. In the worst of the Depression, there were 13 states poorer than we. That was the time of the Jobes and the Dust Bowl. Today, only six are. In the worst of the Depression, we had eight Congressmen. Today, we look at the prospect of having only five. That is not a curse, that is a challenge for all of us to address the public policy implications of that and answer the question, "why has it happened?"

We examined why it has happened. In a comprehensive analysis by Goals 2000, chaired by Bob Kerr, Jr. and Larry Brummett. Mr. Kerr, in particular, is no member of the vast right-wing conspiracy. A bipartisan look at what we need to do to make Oklahoma rich. To raise that Per Capita Income bar there were four answers and there are a couple more we ought to throw in there as well.

First, infrastructure, we have got to build highways to attract business and industry. So we must stay the course. In the infrastructure investment that we have made to make sure that the roads and highways we need are, in fact, built.

Secondly, tax policy. We tax everything. It is important to reduce those taxes that discourage investment and saving and productivity. Last year we did something to permit us to catch up, we put our tax rate in the six's not the seven's. When you talk to business locators and you talk to small business owners, the one thing that chills them was Oklahoma's high income tax. I am going to propose in this balanced budget, that we not only from 6 3/4%, as we did last year, but this year, we reduce the income tax further to 6 1/2%.

Three, college graduates. We are 70,000 college graduates short. Think where this budget would be if we had 70,000 people earning the income that college graduates are. We would be in a mighty economic position. That is exactly the position we ought to be. Raise the bar, raise the education levels, raise the income levels so our people can be more prosperous. I will have more to say about how we get there in a minute.

Lastly, of these four recommendations of Oklahoma 2000 is Right-to-work. I see my friends are back. There are three others I would like to mention. These four that I have just mentioned were mentioned specifically in the Goals 2000 Report. In an analysis by Oklahoma State University and Oklahoma University economists, why are we poor? What do we need to address it? Those were the four. I am going to add three more.

Workers' Comp. Our Workers' Comp system, even though we have reformed it around the edges, is still very expensive. It helps to be able to replace judges with fact-based judges focused on truly compensating the injured worker and not providing compensation to every case that walks in the door. Workers' Comp is still too expensive. I am going to propose that this Legislature fairly consider stopping permanent disability awards for those individuals who return to work at the same salary or a greater salary. This is one of the elements of the cost of the Workers' Comp that drives it up. It is one of the elements that needs to be addressed by the reform of this Legislature.

Tort reform. I mentioned in the last four years we addressed the issue of the spiraling costs of civil lawsuits. We need to be a place that is friendly to justice, friendly to the injured worker, but no more. In the case of Tort Reform, the unfinished business is to truly sanction the bringing of frivolous lawsuits. If you bring a frivolous lawsuit in Oklahoma, you pay the cost of the action.

The last of these seven proposals were addressed and recommended by Oklahoma 2000 and a bipartisan spirit by OSU and OU. The last three that we know collectively having worked in business development, many of you members here helped me over the course of the last number of years. The last of the last three is the crime rate. It is no question that ac-

cording to business locators and analysts, one of the quality of life issues, tax policy is one, obviously, the amenities of a good life is another, but the crime rate is very important. Oklahoma's crime rate is down. We have to continue that it be pushed down. This Legislature will wrestle with the issue of Truth-in-Sentencing. Let me ask you to remember what we have here is not a Truth-in-Sentencing Bill that is capacity driven, but a Truth-in-Sentencing Bill that focuses on the safety of our people. That is why we consider passing it. So let us either focus on Truth-in-Sentencing that truly addresses the issue of the violent and chronic offenders or do not permit it to go into effect. Do not let it happen and go back to the system that has worked and is working now. The crime rate is down across the board and our public is safer and more secure.

Oklahomans are too good, too smart and too capable to continue stagnating in the bottom tannin well. Government can not assure rising incomes, but it can create the right conditions. This year, let us put our faith in our people. Let's give them the tools to build a new prosperity into the next century.

GOAL TWO: By the year 2010, one Oklahoman in three should have a college degree. A number of the members of this Legislature attended last week's Education Summit. The dinner we had before the formal summit started was graced by a speaker by the name of Dr. Benno Schmidt, head of the Edison Project and formerly the President of Yale. He shared with us a statistic that came as a great surprise to many. It should not come as a great surprise to those of us who want to build the State with a better educated workforce. He said in the year 1980, the difference between a high school graduate and a college graduate was 25%. In 1996, it was 100%. It is widening. For us to raise our incomes, for us to have a more productive labor workforce, for us to earn more money, and yes, encourage tax revenue to do the things that we want to do to make us a modern infrastructure society. We have to have a better educated and a better paid workforce. The fact is a college degree will bring high value, high wage jobs to Oklahoma. We are at a point now, whether a number of companies that I am dealing with that simply are not able to expand here because we do not have the ready pool of college graduates. That must be addressed. Our budget, this budget, this balanced budget will continue to make higher education a significant priority. We are going to dramatically increase funding in higher education. And also, I am going to propose that the State Regents be empowered to set tuition and fees. There are two distinguished higher education leaders here today with us. One who served with me. We were both back benchers and is now President of the University of Oklahoma and is doing a superb job as President, David Boren, and the other is Dr. Holloway, the President of Langston. Both of those men understand the importance of higher education. It is important that our comprehensive universities be second to none to any school in the United States, certainly any school in the region. It is also important that Langston become the center for minority learning and enterprise in America. Let us make sure that the minority learning enterprise experiment in Oklahoma City and Tulsa are successful. Let me have President Boren and Dr. Holloway stand and be recognized.

GOAL THREE: Raise Oklahoma's average ACT score to a level above the national level by the year 2005. The reality is we have a lot of kids that go to college, but a lot of them drop out. Either they don't see the need for it or they are simply not prepared. Right now we have to remediate depending on whose statistics you read, anywhere between 30% and 40% of our youngsters that go to college. That is unacceptable. We are investing in common education. We should demand that there be results. We need to follow the recommendations

of the Education Summit representing the business community, small and large, all over Oklahoma as well as men and women of good will in education. Set goals, establish assessments, provide real school choice, provide a charter school law, real charter school reform, pass a tougher curriculum. You know House Bill 1017 required that 4 by 4 be taught, be provided in every school in Oklahoma. Four years of math, science, English and social studies. We required that in House Bill 1017. Now, let's make people take it. The harder the curriculum, the tougher the education, the more credentials, the better educated student, the better opportunity to go to college the better opportunity to remain in Oklahoma as a successful, prosperous member of the expanding workforce.

Let us pay bonus salaries to teachers in science, math and those specialties that are tough to attract men and women of excellence to the classroom. Let us more importantly of all, this was a recommendation in our Summit, stop social promotion. Cathy and I last year participated with a lot of parents in teaching reading to seniors in high school here in Oklahoma City. Seniors who could not read beyond a fifth grade level. There were 200 of them. How have we come to this point? We spend $5,000 a year for every one of those students times 12 years. Sixty thousand dollars we spent on this youngster who can not read beyond a fifth grade level. Stunted for life. It is going to be difficult for that individual or any of these individuals to find productive work. We have to address it. In stopping social promotion, we should require that students that fail the Iowa Basic Schools Test in grades 3 and 7 and to pass tests in grade 5 be held back and repeat the grade or be required to go to summer school. They must be proficient in the year of their study before they are promoted.

School choice, charter schools, tougher curriculums, no social promotion, bonus pay for teachers, continued funding for education, graduation exams, all of the requirements of an education workforce so that in the future, we are no longer here, those of us who came after us can look back and say this Legislature did mighty work to raise the bar, educate the workforce and make it possible for us to be truly a competitive new Oklahoma first world society.

Finally, I want to turn to what some have called the Moral Goals I set in the Inaugural, dramatic reduction in rates of divorce, out-of-wedlock births, drug and alcohol addiction and child abuse. Yes it is true, that we in government can not legislate morality. But, we can certainly develop a legislative framework to ensure that good things happen to good people and that bad things do not happen to good people. We can do what we can to address these social shortfalls that were identified in Goals 2000 as one of the reasons that we are held back. We have too much divorce, especially with children. We have too many out-of-wedlock births. We have too much violence against the young. We have too much of those negative social indicators that simply make it impossible for us to be a prosperous society.

GOAL FOUR: By the year 2010, reduce the divorce rate by one third. Ladies and gentlemen, you and I all know that every marriage can survive. But let me tell you, there is something wrong with a good people in a good society when it is easier to get a marriage license than it is to get a hunting license. There is something wrong when it is more difficult to get out of a Tupperware contract than it is to get out of a marriage contract with children.

Cathy and I will co-host a statewide conference on marriage and marriage readiness in March. We are going to ask that the rabbis and the pastors and the priests of Oklahoma come together for the purpose of making sure that young people are ready for marriage. When they

do enter the marriage contract, they understand this is a lifetime commitment.

Our obligation as adults, especially adults with children, is to raise them in loving environments, to nurture them and care for them and educate them as a unit. Remember the effects on children of divorce are significant. Two percent of children in two-parent families experience prolonged poverty, 2%. Twenty-two percent of children in single-parent families are poor. I would hope this Legislature would pass the Covenant Marriage Bill. An important piece of legislation that says to men and women, be prepared for marriage. I would hope you would take that up at the earliest opportunity.

GOAL FIVE: By 2010, reduce the out-of-wedlock birth rate by one third. The tragic fact is that youngsters who are born out-of-wedlock are more prone to be school dropouts, victims of abuse and neglect than children born with intact families. Some months ago I had the opportunity to speak to a high school group in a small community of Oklahoma. In the course of my conversation in questions and answers, a girl in the back raised her hand and she said, "what do you think about out-of-wedlock births?" I said that I think they are immoral and they are wrong. She said "would your answer be any different if I told you that I was six months pregnant." I said no. It is immoral and it is wrong and you made a wrong choice. As a father of two girls, I have got to tell you that child has more of a likelihood of dropping out of school, being abused and neglected, being a drug dependent individual than if that child were born into an intact home. You made a wrong decision. You have no money, no education, no husband. You made a bad decision. A young man afterwards came up to me and said "nobody in this school ever suggested that her decision was wrong." No one in this valueless environment ever suggested to her that there was such a thing as wrongness in out-of-wedlock births. No one wanted to say that. I think that is wrong. Our schools and our colleges, we should take the position that there is certain conduct that is absolutely destructive. This is it and we in Oklahoma have a serious problem with this particular conduct. I would encourage again educators, priests, rabbis, ministers, to focus on this on Sundays and Saturdays and address these issues. We are a believing people. Over 70% of our people go to church at least twice a month. There is simply no reason to have these kind of statistics in our State with that kind of commitment to religion as we have.

GOAL SIX: Reduce child abuse and neglect by half by the year 2010. In 1995 after the Murrah Building tragedy, we showed ourselves to be a tremendous people and then we read about Ryan Luke and Shane Coffman. This is awful. Our children are our most precious crop. We owe them the discipline and the love to assure them that they can become prosperous and productive members of the next generation. This Legislature can play a role in fully funding the interdisciplinary teams that will be proposed to bring together the specialties necessary to encourage that this conduct not recur. And also, to go back home and to tell your pastors about the obligations we have to our children to assure that they are raised in a moral environment and a safe and secure environment.

GOAL SEVEN: Cut drug and alcohol addiction in half by the year 2010. The cost to Oklahomans, today, in drug and alcohol abuse is $7.6 billion. Almost twice what that budget is $7.6 billion. Thirteen percent of the entire gross product. Drug and alcohol abuse leads to crime, stifles productivity, burdens the health care system, kills almost half of all who die on our roads, it is a primary factor in divorce, out-of-wedlock births, child and domestic abuse, almost all other social problems. I would ask you, ladies and gentlemen of good will, Okla-

homa's own, to look at the recommendation of the Governor's Task Force on Alcohol and Drug Abuse. Lower the DUI threshold to .08. Consolidate and strengthen existing state substance abuse prevention and treatment programs. Consolidate and strengthen them. Enact a tough vehicle seizure law for multiple DUI offenders. Support the effort of the Department of Human Services to screen welfare clients with substance abuse and require treatment if benefits are to continue.

None of these are easy issues and none of these solutions are easy either. But, it is important for us to set aside partisan differences, religious differences, geographic differences to address the things that we know in our hearts must be addressed to make us a better society.

Let me conclude with some notes about this budget, which as I noted is in balance. In spite of what many of us have read, this budget is 4% larger in terms of revenue than last year. Four percent this year than last year over revenue growth. As a result of a diversified economy, even with difficulty we are experiencing in the farm belt and the oil patch, we have 4% more revenue. We made commitments though and those commitments are costing a lot of money. They were the right things to do to dramatically improve the salaries of state employees so that we can keep the best and the brightest in our State's service. To fund a road program to see to it that the infrastructure is finished and finally, competitive with the states around us. To provide vital relief to the oil industry, a significant part of our industrial base and certainly, a significant part of our heritage. This is not inexpensive to provide relief to the oil industry. We accept as an administration the need for across the board cuts. But, as your committees work through the budget, I would ask you to answer three questions. As you look at every operation of government, first, is it necessary. Is what we are doing necessary? Does it contribute significantly to the betterment of the economic development of the State of Oklahoma. If it is, move on. If it is not, repeal it.

Secondly, if it is necessary, can the private sector do it better, more efficiently, and at less cost? If the answer is yes, privatize. We had a very great experience with University Hospital and with the new investment with private prisons. I think it is rather remarkable that we have enough private prisons in Oklahoma. They are competing with each other and they are driving costs down. That is exactly what the private sector is supposed to do.

Thirdly, if we think it is a necessary business to be in and the State should be in it, look at administrative overhead. Determine if there are any areas within that budget, within that process that can be reduced. If the answer is yes, reduce it.

Examples, Children First. We will propose additional funding for Children First is an example of preparing youngsters and their mothers for life. To partner expectant mothers with nurses to provide advice on prenatal care is the right thing to do. It has been enormously successful. Every single effort that we have examined with respect to Children First has been positive. Here is one evaluation completed by one Oklahoma mother, a proud graduate of Children First. "Without my nurse, God only knows what kind of mom I would be." At the end, she drew a happy face.

Example, we have three DHS facilities with 416 patients and 1,400 employees. It makes no sense to use state employment for the purpose of employing people. State employment should be used for the purpose of satisfying vital state needs. If these figures can be right

sized, they must be right sized.

Example, the percentage of public school staff members who actually teach in the classroom has declined each year since 1989. It is now less than 50%, one of the lowest in the nation. Education Week recently said that Oklahoma ranked 35th in the nation. We are 28th in population and 44th income. Thirty-fifth in the nation for pupil expenditure. A significant contribution, yet, 44th in teacher salaries. What does that suggest? A lot of money is going in and a lot of money is not making it to technology. A lot of money is not making it to the classroom. That money is going to administrative overhead.

Example, state lodges and state-owned golf courses. All of us like lodges and all of us like golf courses. The state lodges and the state golf courses are losing $3 million a year. We are subsidizing golf courses and lodges. We are subsidizing a service that the public is either unwilling to pay for or does not want it. Does that make sense?

This budget proposal suggests that we should sell the lodges and sell the golf courses. Let private sector operators run them and manage them and operate them and provide a more efficient opportunity for a better service for all Oklahomans.

Ladies and gentlemen, the goals that we have set are ambitious goals. To raise Oklahoma's income level, to improve learning for all of our people, to confront those social problems that hold us down and hold us back, we need to address these things. Let me speak to you as individual elected officials. I was elected by all of the people of Oklahoma to serve them. You were elected collectively by all of the people of Oklahoma to serve them as well. There is middle ground there somewhere and we have to find it. In a spirit of trust, good will and bipartisanship. We are all term limited. Some of us by law and some of us by action of the folks. We are all term limited. What does that mean? When this is all over, we need to be able to look back as we look back over the course of the last four years and say together we raised the bar. We made our schools better, not just with money, but with standards and accountability and assessments. We made our State a more prosperous society. We learned from the states around us. We learned from the countries of the world of how best to make a prosperous society. When the Prime Minister of Ireland told me last fall the two reasons his country, the same size as Oklahoma, had now become the most prosperous, income generating country in Europe. Were two, we cut taxes and raised the bar in education. Our technical schools are four year colleges. We made sure that when anybody looked at our country that they knew that we had here the best educated workforce in Europe.

There is simply no reason that we can not do that together. To recognize the fact that all of this will be over soon. We need a legacy. Legacy is the "New" Oklahoma. The legacy is to turn our back on everything that holds us back and holds us down. The legacy is to assure that our children and their children's children remain in our State, our wonderful State, because they want to be here and they can be here and they are not going to be forced out by economic circumstances to go someplace else, particularly those people of the South. We can not have it.

Let us work together as an Oklahoma family. Let us build together as an Oklahoma family. And, together, Democrats and Republicans alike, celebrate the "New" Oklahoma.

Thank you very much.

Upon motion of Representative Thomas, the Joint Session was ordered dissolved at the hour of 1:25 p.m.

June 10, line item veto of **SB 146**;

June 10, veto of **SBs 184, 391, 418** and **725**.

The veto messages read as follows:

June 10, 1999

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 146** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED two items in Senate Bill 146 because they impose an unnecessarily fiscal restraint on the ability of the agency to operate in an efficient and responsible manner.

The items vetoed can be found in Sections 19 and 23.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 10, 1999

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 184** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED SB 184 because it is improper to place money into a Special Fund without the knowledge of how the monies in the Special Fund will be allocated. The State will not begin receiving its share of the tobacco settlement for another year. Accordingly, there is adequate time for the Legislative and Executive branches to reach an agreement on the purpose of any Special Fund established to hold tobacco monies before such a fund is established.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 10, 1999

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 391** by Easley and Henry of the Senate and Rice et al of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate bill 391 because this legislation designates a private entity as an instrumentality of the state without further guidelines as to limitations or clarification of the state interest to be served. In addition, Senate Bill 391 authorizes entities designated as an instrumentality of the state to issue indebtedness or obligation for the purpose of obtaining double tax exemptions. In matters of public finance and potential public indebtedness, great caution must be exercised. This bill is not an exercise in great caution.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 10, 1999

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 418** by Easley of the Senate and Rice of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented

to me, I have VETOED Senate Bill 418 because this legislation, as drafted, presents an unworkable organizational structure.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 10, 1999

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 725** by Stipe, Wilkerson and Horner of the Senate and Benson, Mass and Cox of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 725 because any crime which might be labeled a hate crime is already a crime in Oklahoma. Currently, pursuant to Oklahoma law, the Attorney General and every District Attorney in this state have the authority and the duty to initiate an investigation, civil action, or criminal action in any situation in which a citizen of this state suffers injury as the result of the acts of violence. This measure contributes nothing to the rights of every citizen, and improperly hints at the creation of a new class of criminal based not upon what he did, but based upon what he thought before he did it. This is not the criminal law. In our system, punishment follows a criminal act not a criminal motive.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 1ST SESSION OF THE 47TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 26 of Article X of the Constitution of the State of Oklahoma, to read as follows:

Section 26. (a) Except as herein otherwise provided, no county, city, town, township, school district, or other political corporation, or subdivision of the state, shall be allowed to become indebted, in any manner, or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness: Provided, except as otherwise provided herein, that if a school district has an absolute need therefor, such district may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, for the purpose of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment; and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need, unless otherwise provided by law. Provided further, a school district, by resolution of the district board of education, may propose that the district be enabled to incur indebtedness not exceeding 15% of the valuation of the taxable property therein for the purpose of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment upon approval of the indebtedness by three-fifths of the voters of the district voting at any subsequent elections held for such purpose. If the enabling proposal is approved by a majority of the voters of the district voting at an elec-

tion held for the purpose of considering the proposal, the district may, with the assent of three-fifths of the voters of the district voting in subsequent elections to be held for the purpose of incurring indebtedness, incur indebtedness not exceeding 15% of the valuation of the taxable property therein for the purposes provided herein; and such assent to such indebtedness shall be deemed to be a sufficient showing of absolute need, unless otherwise provided by law. Provided further, that if a city or town has an absolute need therefor, such city or town may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need unless otherwise provided by law. Provided, further, that any county, city, town, school district, or other political corporation, or subdivision of the state, incurring any indebtedness requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within twenty-five (25) years from the time of contracting the same, and provided further that nothing in this section shall prevent, under such conditions and limitations as shall be prescribed by law, any school district from contracting with:

(2) a school superintendent for periods extending more than one (1) year, but not to exceed three (3) years beyond the current fiscal year.

(c) If approved by the people, the amendment to this section shall become effective January 1, 1993.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends Section 26 of Article 10 of the State Constitution. Under current

law a school district may incur debt for no more than 10% of the assessed value of taxable property in the district. This measure would allow a school board to ask the voters in a school district to raise the debt limit for the school district. If a majority of the voters in the school district vote to raise the debt limit, the district could incur debt for up to 15% of the assessed value of taxable property in the district if the voters of the district approve the debt at later elections by three-fifths of the votes cast. This measure does not change the number of votes needed to approve the debt. This measure does not change the debt limit for any district where the voters do not vote to change the debt limit. The measure deletes some obsolete language.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 3. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 1ST SESSION OF THE 47TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 26 of Article X of the Constitution of the State of Oklahoma, to read as follows:

Section 26. (a) Except as herein otherwise provided, no county, city, town, township, school district, or other political corporation, or subdivision of the state, shall be allowed to become indebted, in any manner, or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness: Provided, that if a school district has an absolute need therefor, such district may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%)

of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, for the purpose of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment; and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need, unless otherwise provided by law. Provided further, a school district, by resolution of the district board of education, may propose that the district be enabled to incur indebtedness upon approval of the indebtedness by a majority of the voters of the district voting at any subsequent elections held for such purpose. If the enabling proposal is approved by a majority of the voters of the district voting at an election held for the purpose of considering the proposal, the district may, with the assent of a majority of the voters of the district voting in subsequent elections to be held for the purpose of incurring indebtedness, incur indebtedness within the limits and for the purposes provided herein. Provided further, that if a city or town has an absolute need therefor, such city or town may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need unless otherwise provided by law. Provided, further, that any county, city, town, school district, or other political corporation, or subdivision of the state, incurring any indebtedness requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within twenty-five (25) years from the time of contracting the same, and provided further that nothing in this section shall prevent, under such conditions and limitations as shall be prescribed by law, any school district from contracting with:

~~If approved by the people, the amendment to this section shall become effective January 1, 1993.~~

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in

SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends Section 26 of Article 10 of the State Constitution. Under current law a school district can go into debt only if the debt is approved at an election by three-fifths of the votes cast. This measure would allow a school board to ask the voters in a school district to reduce the number of votes needed to approve debt of the school district. If a majority of the voters in the school district vote to reduce the number of votes needed, in later elections the number of votes needed to allow the district to go into debt would be a majority of the votes cast. This measure does not change the limit of debt a district can incur. It would not change the number of votes needed to incur debt in districts where the voters do not vote to reduce the number of votes needed. The measure deletes some obsolete language.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 3. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to the Constitution of the State of Oklahoma by adding a new section to Article X to be designated as Section 9E; authorizing school districts to hold elections for approval of additional ad valorem taxes for the purpose of a technology fund for schools; authorizing purchase of equipment and supplies with fund; limiting ad valorem taxation for certain purpose; requiring Legislature to prescribe certain purchases with certain fund; prohibiting reduction of state funding due to technology fund levies; providing ballot title; and directing filing.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 1ST SESSION OF THE 47TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Article X of the Constitution of the State of Oklahoma by adding a new Section 9E to read as follows:

Section 9E. For the purpose of raising money for a technology fund for school districts, which may be used for purchasing equipment and related supplies, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified vot-

ers of the school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the taxable property in the school district. The Legislature shall prescribe by law the nature of equipment and supplies that may be purchased through the technology fund. The level of funding generated by the technology fund levies shall not be a factor used to reduce state funding for a school district.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure adds a new section of law to the State Constitution. It adds Section 9E to Article 10. It would let the voters in a school district vote each year to pay extra property tax to put money into a technology fund. The fund would be used to buy equipment and supplies. The tax could not be more than 5 mills on each dollar of assessed value of property in the district. The Legislature must pass laws to let schools know what kind of equipment and supplies they may buy with the fund. The state could not use the local technology fund money to reduce state funding for the schools.

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

A Joint Resolution directing the Secretary of State to refer to the people for their approval or rejection a proposed amendment to Section 10 of Article X of the Constitution of the State of Oklahoma; raising the mileage limit on building fund levies for schools; requiring separate ballot for additional levies for building funds; prohibiting reduction of state funding for school districts for which building fund levies are approved; providing ballot title; and directing filing.

BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE 1ST SESSION OF THE 47TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 10 of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 10. For the purpose of erecting public buildings in counties or cities, or for the purpose of raising money for a building fund for a school district which may be used for erecting, remodeling or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such county, city, or school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the taxable property in such county, city, or school district. Provided, further, the rate of taxation for the building fund for a school district may be increased by an additional amount not to exceed five (5) mills on the dollar of assessed value of the taxable property in the school district upon approval of the question, submitted on a separate ballot from the ballot submitted for approval of the first five (5) mills, by a majority of the qualified voters in the school district voting at such election. The level of funding generated by building fund levies shall not be a factor used to reduce state funding for a school district.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends Section 10 of Article 10 of the State Constitution. It raises the cap on the number of mills the voters in a school district can approve for building fund levies for the school district. The cap is now 5 mills on each assessed value of taxable property in the district. This measure would raise the cap to 10 mills. The vote to raise more than 5 mills would have to be on a ballot separate from the

ballot used for the vote on the first 5 mills. The state could not use the local building fund money to reduce state funding for the schools.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 3. The President Pro Tempore of the Senate shall, immediately after the passage of this resolution, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

STATE OF OKLAHOMA
OFFICE OF STATE FINANCE

February 16, 1999

State Board of Equalization
State Capitol Building
Oklahoma City, OK 73105

Members of the Board:

The Constitution of the State of Oklahoma, Article X, Section 23, as last amended April 30, 1985, provides in pertinent part:

...the Legislature may at any regular session or special session, called for that purpose, enact laws to provide for additional revenues or a reduction in revenues, other than ad valorem taxes, or transferring the existing revenues or unappropriated cash on hand from one fund to another, or making provisions for appropriating funds not previously appropriated by the Legislature. Whereupon, it shall be the duty of the State Board of Equalization to make a determination of the revenues that will accrue under such laws and ninety-five percent (95%) of the amount of any increase or decrease resulting, for any reason, from such changes in laws shall be added to or deducted from the amount previously certified available for appropriation from each respective fund, as the case may be...

...Legislative appropriations for any fiscal year...shall be limited to a sum not to exceed the total amount appropriated from all funds in the preceding fiscal year plus twelve percent (12%), adjusted for inflation for the previous calendar year...The limit on the growth of appropriations shall be certified to by the State Board of Equalization.

...The State Board of Equalization shall meet within five (5) days after the monthly apportionment in February of each year, and at that time may adjust the certification, based upon the most current information available, and determine the amount of funds available for appropriation for that legislative session. At said meeting, the Board shall determine the limit on the growth of appropriations as provided for in this section.

The following report has been prepared in accordance with the procedures set forth above, and is respectfully, submitted for your consideration.

Very truly yours,

/s/ Doug Enevoldsen
Deputy Director of State Finance

Schedule 1-A

Section 41.29a of Title 62 subsection A states: "In order that the Legislature may guarantee that the increased revenue generated as a result of the tax changes contained in this act shall be appropriated to fund the education reforms provided for in this act, the Office of State Finance shall present as part of the official certification process for each fiscal year an estimate of all revenues which shall accrue to the General Revenue Fund as a result of the tax changes contained in this act. The estimate shall show the increased revenue from personal income taxes, corporate income taxes and sales and use taxes as a result of the provisions of this act separately. The estimate shall further account for changes to such revenue which result from growth or decline in said tax sources due to economic circumstances."

The method of determining the percentage of each source attributable to HB 1017 was set by the State Board of Equalization at its April 26, 1990 meeting. The ratios were established originally by dividing the estimate of revenue to be raised as a result of HB 1017 by the total estimate of revenue of each source at the time of passage of HB 1017. These ratios were updated at the February 19, 1991 meeting to reflect the annualization of what were partial year estimates at the April 26, 1990 meeting of the State Board of Equalization.

SB 826 of the Second Regular Session of the Forty-fifth Legislature amended Section 41.29a of Title 62 to require that the Office of Accountability to account for and report monthly revenues which accrue to the Education Reform Revolving Fund. The Education Reform Revolving Fund on June 1, 1996 began receiving revenue attributable to the revenue provisions of HB 1017 rather than these revenues first being apportioned to the General Revenue Fund.

MESSAGE FROM THE GOVERNOR

Advising his approval April 5, 1999, of Enrolled **SBs 6, 43, 61, 85, 192, 263, 265, 356, 389, 395, 475, 548, 582, 589, 626** and **660**, and veto of **SB 323.**

The veto message reads as follows:

April 5, 1999

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 323** by Muegge of the Senate and Lindley of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to

legislation presented to me, I have VEOTED Senate Bill 323 because the provisions of this bill are no different than the provisions of House Bill 2566 from the Second Session of the 46th Oklahoma Legislature which I vetoed on June 5, 1998. The broad language contained in both bills would result in increases in the cost of operating individual agencies of government. Currently, employees of the State of Oklahoma have the ability to donate sick leave at any time to another coworker having a specific need. The new language contained in Senate Bill 323 of this legislative session and House Bill 2566 of last session are too broad in that there are no provisions in the new language which require the receiving employee to have a current specific need. A potential for abuses by persons leaving state service is created by the new language.

By the Governor of the State of Oklahoma
/s/ Frank Keating

Pursuant to the Capps motion, the Senate adjourned at 5:50 p.m. to meet Tuesday, April 6, 1999, at 9:30 a.m.

Thirty-eighth Legislative Day

Supp. 1998, Section 840-2.7), which relates to Office of Personnel Management central payroll system; broadening exclusion from using system; providing for codification; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Section 23 of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 23. The state shall never create or authorize the creation of any debt or obligation, or fund or pay any deficit, against the state, or any department, institution or agency thereof, regardless of its form or the source of money from which it is to be paid, except as may be provided in this section and in Sections 24 and 25 of Article X of the Constitution of the State of Oklahoma.

To ensure a balanced annual budget, pursuant to the limitations contained in the foregoing, procedures are herewith established as follows:

1. Not more than forty-five (45) days or less than thirty-five (35) days prior to the convening of each regular session of the Legislature, the State Board of Equalization shall certify the total amount of revenue which accrued during the last preceding fiscal year to the General Revenue Fund and to each Special Revenue Fund appropriated directly by the Legislature, and shall further certify amounts available for appropriation which shall be based on a determination, in accordance with the procedure hereinafter provided, of the revenues to be received by the state under the laws in effect at the time such determination is made, for the next ensuing fiscal year, showing separately the revenues to accrue to the credit of each such fund of the state appropriated directly by the Legislature.

Amounts certified as available for appropriation from each fund, as hereinbefore provided, shall be ninety-five percent (95%) of an itemized estimate made by the State Board of Equalization, which shall include all sources of revenue to each fund for the next ensuing fiscal year; provided, however, appropriated federal funds shall be certified for the full amount of the estimate. Said estimate shall consider any increase or decline in revenues that would result from predictable changes in the economy.

Legislative appropriations for any fiscal year, except for special appropriations provided for in paragraph 4, shall be limited to a sum not to exceed the total amount appropriated from all funds in the preceding fiscal year, plus twelve percent (12%), adjusted for inflation for the previous calendar year. Said limit shall be adjusted for funds not previously appropriated. The limit on the growth of appropriations shall be certified to by the State Board of Equalization.

2. Such certification shall be filed with the Governor, the President and President Pro Tempore of the Senate, and the Speaker of the House of Representatives. The Legislature shall not pass or enact any bill, act or measure making an appropriation of money for any purpose until such certification is made and filed, unless the State Board of Equalization has failed to file said certification at the time of convening of said Legislature. In such event, it shall be the duty of the Legislature to make such certification pursuant to the provisions of this section. All appropriations made in excess of such certification shall be

null and void; provided, however, that the Legislature may at any regular session or special session, called for that purpose, enact laws to provide for additional revenues or a reduction in revenues, other than ad valorem taxes, or transferring the existing revenues or unappropriated cash on hand from one fund to another, or making provisions for appropriating funds not previously appropriated directly by the Legislature. Whereupon, it shall be the duty of the State Board of Equalization to make a determination of the revenues that will accrue under such laws and ninety-five percent (95%) of the amount of any increase or decrease resulting, for any reason, from such changes in laws shall be added to or deducted from the amount previously certified available for appropriation from each respective fund, as the case may be. The State Board of Equalization shall file the amount of such adjusted certification, or additional certification for funds not previously appropriated directly by the Legislature, with the Governor, with the President and President Pro Tempore of the Senate, and the Speaker of the House of Representatives, and such adjusted amount shall be the maximum amount which can be appropriated for all purposes from any such fund for the fiscal year being certified.

3. The State Board of Equalization shall meet within five (5) days after the monthly apportionment in February of each year, and at that time may adjust the certification, based upon the most current information available, and determine the amount of funds available for appropriation for that legislative session. At said meeting the Board shall determine the limit on the growth of appropriations as provided for in this section.

4. Surplus funds or monies shall be any amount accruing to the General Revenue Fund of the State of Oklahoma over and above the itemized estimate made by the State Board of Equalization.

Beginning July 1, 1985, all such surplus funds or monies accruing after said date shall be placed in a Constitutional Reserve Fund by the State Treasurer until such time that the amount of said Fund equals ten percent (10%) of the General Revenue Fund certification for the preceding fiscal year. Appropriations made from said Fund shall be considered special appropriations.

Up to one-half (1/2) of the balance at the beginning of the current fiscal year in the said Fund may be appropriated for the forthcoming fiscal year, when the certification by the State Board of Equalization for said forthcoming fiscal year General Revenue Fund is less than that of the current fiscal year certification. In no event shall the amount of monies appropriated from said Reserve Fund be in excess of the difference between the two said certifications.

Up to one-half (1/2) of the balance at the beginning of the current fiscal year in the said Fund may be appropriated, upon a declaration by the Governor that emergency conditions exist, with concurrence of the Legislature by a two-thirds (2/3) vote of the House of Representatives and Senate for the appropriation; or said one-half (1/2) could be appropriated upon a joint declaration of emergency conditions by the Speaker of the House of Representatives and the President Pro Tempore of the Senate, with a concurrence of a three-fourths (3/4) vote of the House of Representatives and Senate.

5. That portion of every appropriation, at the end of each fiscal year, in excess of actual revenues collected and allocated thereto, as hereinafter provided, shall be null and void. Revenues deposited in the State Treasury to the credit of the General Revenue Fund or of any special fund (which derives its revenue in whole or in part from state taxes or fees) shall, except as to principal and interest on the public debt, be allocated monthly to each department, institution, board, commission or special appropriation on a percentage basis, in that ratio that the total appropriation for such department, institution, board, commission or special appropriation from each fund for that fiscal year bears to the total of all appropriations from each fund for that fiscal year, and no warrant shall be issued in excess of said allocation. Any department, institution or agency of the state operating on revenues derived from any law or laws which allocate the revenues thereof to such department, institution or agency shall not incur obligations in excess of the unencumbered balance of cash on hand. Nothing in this section shall prevent, under such conditions and limitations as shall be prescribed by law, the governing board of an institution of higher education within The Oklahoma State System of Higher Education from contracting with a president of such institution of higher education for periods extending more than one (1) year, but not to exceed three (3) years beyond the fiscal year in which the contract is signed.

6. The Legislature shall provide a method whereby appropriations shall be divided and set up on a monthly, quarterly or semiannual basis within each fiscal year to prevent obligations being incurred in excess of the revenue to be collected, and notwithstanding other provisions of this Constitution, the Legislature shall provide that all appropriations shall be reduced to bring them within revenues actually collected, but all such reductions shall apply to each department, institution, board, commission or special appropriation made by the State Legislature in the ratio that its total appropriation for that fiscal year bears to the total of all appropriations from that fund for that fiscal year; provided, however, that the Governor may in his discretion issue deficiency certificates to the State Treasurer for the benefit of any department, institution or agency of the state, if the amount of such deficiency certificates be within the limit of the current appropriation for that department, institution or agency, whereupon the State Treasurer shall issue warrants to the extent of such certificates for the payment of such claims as may be authorized by the Governor, and such warrants shall become a part of the public debt and shall be paid out of any money appropriated by the Legislature and made lawfully available therefor; provided further, that in no event shall said deficiency certificates exceed in the aggregate the sum of Five Hundred Thousand Dollars ($500,000.00) in any fiscal year.

Upon the approval by the people of this state of the amendment to this section contained in House Joint Resolution No. 1005 of the 1st Session of the 40th Legislature, the State Board of Equalization shall meet to recertify the amount of revenue available for appropriation for the fiscal year ending June 30, 1986.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this act shall be in the following form:

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

☐ NO, AGAINST THE AMENDMENT

SECTION 3. The President Pro Tempore of the Senate shall, immediately after the passage of this act, prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

SECTION 4. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 3206.5 of Title 70, unless there is created a duplication in numbering, reads as follows:

The Oklahoma State Regents for Higher Education may establish a master lease program to finance the acquisition of items of personal property as may be required by or useful to institutions and entities within The Oklahoma State System of Higher Education in order to achieve cost saving efficiencies. The funds used by the Regents for the purposes authorized by this section shall be available for lease transactions having a minimum value of Fifty Thousand Dollars ($50,000.00) and a maximum value of Five Million Dollars ($5,000,000.00). The veto messages read as follows:

May 26, 1999

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 322** by Monson of the Senate and Taylor et al of the House.

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 322 because this bill amends the language in House Bill 1734 which was not approved.

By the Governor of the State of Oklahoma
/s/ Frank Keating

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 404** by Stipe of the Senate and Mass and Mitchell of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 404 because it creates added bureaucracy which would interfere with the ability of agency managers to efficiently manage their agencies to the detriment of state employees and taxpayers.

By the Governor of the State of Oklahoma
/s/ Frank Keating

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
First Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 409** by Mickle and Snyder of the Senate and Dunegan et al of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 409 because this bill would create a significant reallocation of the private activity bond volume cap to the potential detriment of economic development in the state. The private activity bond volume cap is an extraordinary, scarce resource. Senate Bill 409 takes one-fourth of the volume cap and removes it from oversight. This is bad public policy.

In addition, Senate Bill 409 would create the only statewide issuer which would not be subject to the joint bond oversight committee. This subverts state oversight responsibility and ability to review and mitigate fees and expenses.

A change in current procedures of this magnitude needs an in-depth study to assure the continuation of appropriate public policy in regards to administration of the private activity bond volume cap.

An interim study of this issue with public hearings would be the best way to avoid or improve the issue of first come, first serve allocation procedure.

By the Governor of the State of Oklahoma
/s/ Frank Keating

Pursuant to the Mickle motion, the Senate adjourned at 6:50 p.m. to meet Thursday, May 27, 1999, at 9:30 a.m.
