VOLUME 1

SECOND REGULAR SESSION

Convened February 7, 2000
Recessed April 19, 2000
Reconvened April 24, 2000
Adjourned May 26, 2000

Before I begin, I would like to reference two special events. The first special event is that we have Larry Dickerson back with us and I know you have honored him already. As the only Governor to have served in both the House and Senate, I have got to say how splendid it is for us to celebrate our history by restoring the Senate chamber and now having fully and finally restored this magnificent House chamber. I think all of you need to give each other an applause.

We come here every year to celebrate Oklahoma. To look back and to honor the things we have done right. To look at the present and commit ourselves to the decisions we must make to have a brighter and more prosperous tomorrow. And, to look forward to the future to ensure that our children and grandchildren will remain in Oklahoma and enjoy the good life in a good land. We do have a great land!!

From green country in northeast Oklahoma - the Tall Grass Prairie, to the sparkling granite mesas of southwest Oklahoma - Quartz Mountain, this is a fabulous land. From the high plains of the northwest - Alabaster Caverns, the highest place in our state - Black Mesa to the ridge-lined, tree-lined wonderment of the southeast, the blue water of Beavers Bend. This is one of God's natural beauty places. And our people are very special. A state of astronauts, teachers, preachers and businessmen and farmers and ranchers and workers, enormous talent from all walks of life who made Oklahoma what it is. What great people we have. This is the state of Jim Thorpe and Will Rogers; Tom Stafford and Shannon Lucid; Angie Debo and N. Scott Momaday; Vince Gill and Reba McEntire; Mickey Mantle and Steve Owens; Jeanne Kirkpatrick and yes, the late great Carl Albert.

Before we begin our deliberations here over the next several months, we need to reflect on those wonderful people who have made us what we are. We need to reflect on this great natural heritage, our wonderful Oklahoma that has been given to us by our wonderful creator. Five years ago, when I first appeared before you I outlined to you what I thought was necessary for us to become an enriched society. Not only a better society economically, but a better society morally. A society that our children and grandchildren deserve.

I said at that time there were four things that we needed to do to become rich. We needed to reduce the size of government. We needed to reduce and eliminate artificial barriers to growth. We needed to cut taxes and we needed to dramatically increase the number of college graduates in our state. I said specifically those things were important because every society, every state, every community that does these things, does better to reduce the size of government.

We are all government employees and we honor government. But, the reality is for so long and too many years we increased government. We sent a chilling message to businesses that this was not a welcome place. We need more private sector entrepreneurs. We need more private sector jobs because that is where the wealth comes from. We, on the public side, consume wealth, we do not create it. So it is important for us to do everything we can within public policy constraints to advance the number of private sector jobs. I said we needed to remove artificial barriers to growth. I focused specifically on a very expensive Workers' Compensation system and the absence of right-to-work. I said also that we needed

to cut taxes. To say to the people of Oklahoma, the men and women who earn the money that we spend here as their trustees. To give them an opportunity to hold those assets that they created and spend them and save them and invest them in the way they feel they should do so - that they can enrich our society as a result of the expansion of the economy that they made possible. And I said also that we needed to dramatically increase the number of college graduates. We are 70,000 college graduates short. In order for us to attract the high value, high wage jobs of tomorrow, we have to have more college graduates in the information technology fields in engineering. I noted that OSU and OU, combined, produce about 520 engineers a year. Yet, Penn State by itself produces 3,600 engineers per year. We need to focus on the workforce, the workplace of tomorrow.

Over the course of the last five years in a bipartisan environment, we have achieved a lot. Yes, there will be squawking and squalling, there will be arm wrestling; there will be partisanship, but that is not unhealthy to have Republican questions and Democrat answers and Democrat questions and Republican answers. But when it is all over, it is Oklahomans that have to win. When it is all over, it is important for us to do what is best for our state. Think of what we have accomplished in a bipartisan effort. It really is quite significant.

It goes in the direction of those four things that I have talked about year after year. Things that I think are necessary for us to become a more prosperous society. We passed Tort Reform. We limited punitive damages to double actual damages in civil lawsuits. We said to small businesses, "You are welcome here."We cut the income tax by a quarter point. We reduced welfare by 70%. We said we are a rich enough society to help those who are physically or mentally incapable by age or infirmities to take care of themselves. But for those who are able-bodied, for those who can take care of themselves, they must to be full human beings. And, we reduced the welfare load by 70%, one of the top rates of any state in the union.

We passed Truth-in-Sentencing. In 1995, the crime rate was going up and now the crime rate is down in every category because of the actions of the bipartisan spirit of this legislature - addressing the fact that those who are violent and those who are chronic should not be let out. Those in the business of crime, we will not permit them to apply their trade. This has worked. The crime rate is down virtually across the board.

We began the largest highway construction program ever in Oklahoma's history with no tax increase and no scandal. We have taken the position that we as a state are going to build out the infrastructure. You build it, they will come. We build it and they will come. We can bring companies to our state who would otherwise not be here because of the absence of that infrastructure. I can cite along the Kilpatrick Turnpike alone, Sprint, Williams-Sonoma, the Hartford, three companies that have located here that are employing our citizens and providing us an opportunity to take their tax revenue and use it for the purposes that you in this Legislature feel are appropriate.

We passed together, the first Poultry Regulation bill and the toughest in the nation Swine Regulation bill. We said that for the sake of Oklahoma's future, the quality of life in our State is extraordinarily important. We say "yes" to agriculture. We say "yes" to the

energy industry. But we also say "yes" to clean water and clean air. Something that we know is essential for us to be prosperous and livable in the 21st century.

We have reduced state employment by five percent by privatizing prisons and University Hospital, putting entities on the tax rolls and celebrating the efficiency of a reformed government. Yes, we have done a lot, but there is much yet to do.

One thing that I did not mention was in the arena of education. This last year we did take the first tentative steps to raising the bar mightily in public education. Providing for a well-educated workforce that is so necessary for this generation. We passed one of the top ten charter school laws in the United States. We said to schools that were failing, bring in the college community, bring in the vocational-technical community and let them refer to the school and make them work. We said to the parents who feel that the course offerings in their schools are not satisfactory, vote with your feet. And we passed one of the top school choice laws in America. We took the curriculum rigor that we had already passed and raised the bar, four years of English, three years of math, science and social studies. Understanding as we all must, that the future to a prosperous tomorrow is a good education. The future to a highly productive tomorrow is a good education. We together said "yes, we are going to do that." But these tentative steps, these first steps were just the beginning. There is the opportunity now, this legislative session, to address the remainder and to finish the course.

I want to remind you of some of my long range goals that I set out when I appeared before you in my last State of the State and my second Inaugural message. I said first that we must equal the nation's per capita income by 2025. We must. Second, we would surpass the nation's ACT average by 2005. We must. Third, by 2010 assure that 1 in 3 Oklahomans have a college degree. We must. Fourth, we will reduce the divorce rate by one-third by 2010. We must. By 2010, we would cut the out-of-wedlock birthrate by one-third. We must. By 2010, we would reduce drug and alcohol dependency by half. We must. By 2010, we would cut child abuse in half. We must. But we did very little to address those specific agendas that we could address here in this Legislature. This is not a moral crusade. Today, it is a good citizenship crusade. For efficiency, decency, honor, goodness, truth and economic success to take place, you have to address these moral dislocators. We must.

I would ask that during this legislative session you do the things we did not do last year. First, approve the Covenant Marriage bill. Second, lower the DWI threshold to .08. Third, support initiatives to expand drug enforcement and treatment, including drug testing in schools. And, fourth, remove mutual incompatibility in grounds for divorce with children. A healthier Oklahoma will be a more prosperous Oklahoma. Our goals are ambitious, and the steps we take to meet them must be equally ambitious.

Our state is plagued, as all states and all communities are, with factors that hold us down and hold us back. Tragedies that occur that we do not

understand. Dislocation and discord that only the heart can address.

With us today is Ron Holuby, the brave teacher who confronted a troubled boy with a gun - whose bravery saved the lives of his students at Fort Gibson School. Let me ask all of us to honor Ron Holuby.

We do not know all of the reasons for that boy's actions, but we do know what prompted Ron Holuby to stand for right. He faced a problem head-on at great personal risk.

Can we do any less? Government cannot solve all of our social ills, but we can and we must help create conditions that make honorable and responsible conduct once again the norm.

Over the last several months, I held five press conferences outlining the five agendas that I would ask in a bipartisan spirit that this legislature address. All of those five agendas are covered in the balanced budget.

First, is to make a capital investment in Oklahoma to build out our infrastructure. I propose a bond issue to do precisely that - to address technology in the classroom. To address those special economic development and tourism needs of Oklahoma, which are statewide in scope. And also, to address the higher education capital needs remaining in our state things such as the OU and OSU Research Center in Tulsa and the National Weather Center in Norman. After the May 3rd tornadoes, President Clinton and the Congress both made a commitment that the National Weather Center would be married with University of Oklahoma genius and talent in Norman, provided that we come up with the money. This will create jobs and research opportunities that will doubtfully expand the economic prosperity of our state. We need to do it.

The U.S. Army Museum of the Southwest is committed to giving us that magnificent collection of Native American regalia, the soldiers, the weapons, and the uniforms of the soldiers of the plains. They will donate the land and they will give us the collection. They will provide a lifetime of curator service if we will only build the building.

The Museum of Oklahoma History in Oklahoma City to celebrate the history and tradition, the genius of Oklahoma. These are the things that we need do and must do if we are going to have the kind of destination sites that Henry Kravis, former Tulsan, spoke of when he chaired our first Growth Summit in 1995. But there is more, it is essential for us to tie in every single school to the Internet. Every single school to the high tech communications highway which will permit every single school, no matter how remote or how poor, no matter how sparsely populated, every single school so children can have a distance learning opportunity. There can no longer be the excuse, we could not teach fine arts, we could not teach upper math, we could not teach upper science, we could not do

the things necessary to have a well-educated workforce because we simply could not get the teachers. In today's world, we can pipe in the instruction in a distance learning environment.

A cancer center...We are the only state or at least one of the very few states that does not have a public supported research center for cancer care and treatment. In my judgment, that is a good example of where some of the tobacco revenue can be spent.

Secondly, workers' compensation reform. To help Oklahoma workers, those that are sick and injured and to encourage growth. The workers' compensation system in our state, even though we have made some modest progress over the last several years, is still too expensive, is too time consuming. Interestingly, it provides a lot of cost at the front-end to small business in Oklahoma, but very little benefit to the injured worker. That benefit, as you all know, is frequently delayed and delayed and delayed. I ask you to address that issue.

Let me share with you pieces of several letters from companies around our state that have something to say about what we need to do this session.

Here is a letter from Glass Trucking in Newkirk: It says that the enclosed figures show that we probably could readily build new facilities in a few years with just the savings on workers' compensation. Glass Trucking finishes by saying if Glass were based in Kansas, which is only thirteen miles North of Newkirk, we would save this year alone, $24,871. Why do we tolerate this?

Michelin in Ardmore: Over the years, our cost for handling workers' compensation claims in Oklahoma has been multiples of the cost for other states. Our experience in Oklahoma is still substantially more than the cost per employee in any other plant in the United States. Why do we tolerate this?

American Airlines in Tulsa: In 1995, the average cost of the claim in Oklahoma was more than double the average claim cost for all other states combined. While the average cost per claim in Oklahoma has decreased by 17% since 1995, it is still almost one and a half times higher than American Airlines overall average plan cost. With the exception of the other expense category, average costs for each component in Oklahoma are higher than all other states combined. Why do we tolerate this?

Love's in Oklahoma City: workers' compensation cost in Oklahoma are still out of control and significant reform is truly needed. In Arkansas, our claims cost are 25% of the claims cost in Oklahoma; in Colorado, our claims cost are 63% of the claims cost in Oklahoma; in Kansas our claims cost are 76% of the claims cost in Oklahoma; in New Mexico, our claims cost are 60% of the claims cost in Oklahoma; and in Texas, our claims cost is 64% of the claims cost in Oklahoma. Why do we tolerate this?

YORK in Norman: As you are aware, YORK International is a significant employer (over 1,000 employees) and investor in Oklahoma. Their regional headquarters is in Norman. We are continually reviewing and assessing the cost of operations in all locations, as demanded by today's competitive world. The present level of workers' compensation cost is a major detriment to our ability to be competitive in our Oklahoma operations. Their letter concludes, without reform the state will drive existing and prospective employers into a more insightful, realistic cost environment. That is a euphemism for we will or we will not expand. They conclude. If the workers' compensation legislators choose to keep their heads in the sand, then it will ultimately bury them and the state's economy. Why do we permit this?

I have presented, in this document, the funding to transition from a judicial system to an administrative system. Remember, we are only one of three states in the Union that still has a very expensive judicial system. This system will create an administrative system that handles claims fairly, fully, and efficiently. The administrative facilitator will handle those claims promptly and locally. Disputed claims will still have a court recourse through a magistrate system, but with attorney fees capped. Let me say again, it is essential that we not only build out the infrastructure of Oklahoma, but that we address those things that will hold us back. In part, those are the high costs of workers' compensation.

Third, save rural Oklahoma and help all Oklahoma grow. Over the last ten years, we created over 300,000 jobs in Oklahoma. Of those, 140,000 were created in the last three and a half to four years. That is the good news for Oklahoma. The challenging news is that most of those jobs were created in the urban areas. Rural Oklahoma has been left out and left behind. What matters here is to challenge the culture of a low per capita income. Because a low per capita personal income means a lack of productivity and a lack of education. Rural Oklahoma is the piece that is most left out. Listen to these figures: Oklahoma County has 92% of the nation's per capita income; Tulsa County has 108% of the nation's per capita income, but then it begins to slide. These are only a representative sample of our counties. Our people are paid less than the people who live across the borders, paid less than they should be paid. Our people, our working men and women who ought to be paid more money. McIntosh County 59%, that means that they make 59 cents on the dollar. People in the average of the United States make a dollar on the dollar. Beckham County - 68%; LeFlore County - 61%; Atoka County - 51%, half of the nation's salary at-large; Caddo County - 58%; and Coal County with 48%. With less money and less people, we are a lesser state. We want our children and grandchildren to remain, but remember this; that they will only remain if they make a good living. Money and jobs are fungible, they will leave if they do not think that they can earn what they deserve in our state. We must address those things that hold us back and keep us poor. This will only happen if we aggressively focus on what ails rural Oklahoma.

In this balanced budget, I have given you a series of initiatives to consider. I hope you will honestly and promptly consider them.

First, we must continue to fund REAP. We need to do those things to provide an opportunity to build out our infrastructure.

Second, we need to continue to fund the replacement of rural fire equipment, especially for those volunteer fire services. Let's be realistic, if you can not provide fire service, you can not provide insurance. If you can not provide insurance, you can not build a house or establish a business. That needs to be addressed.

Third, we need to use some of the tobacco money to reimburse Medicaid for rural hospitals. Let me tell you why. Right now, we have some 25 hospitals, many of them are the larger hospitals - the acute care facilities that are on the verge of closing. Because we as a people have made a decision to take care of those who cannot take care of themselves. But we have expected the hospitals to take care of them. We reimburse them at about 49% of what we should. So I am suggesting that we take $42 million of the tobacco money and invest in rural hospitals and we will be able to match that by $100 million from the federal government. This money, pumped into our rural hospitals will keep doctors, nurses, and health care professionals in those cities and towns still working. And, most importantly, our citizens will be safer and healthier.

We need to build out our rural telecommunications infrastructure. The partnership between this state and Southwestern Bell needs to be closed. We need to finish it so that we can insure that every rural community can have access to the Internet and high-speed transmission devices. So anywhere we live, people can enjoy the fruits of the modern economy.

We need tax relief to provide us, as a state, 'pick up' state status on the federal estate taxes, so that rural ranches and farms and small businesses, particularly, cannot be imperiled. We need to focus efforts of the Oklahoma Housing Finance Authority on rural communities.

Lastly, we need right-to-work. We need the right to vote on right-to-work right now and it should be on the ballot in November. Also, we need to finish the road building program that we started. We need to complete it. This budget provides for $62 million so that we can finish out that infrastructure. Let me tell you, and all of you that I have worked with on economic development issues know this to be true. When we make a commitment on a company to locate as we did with Family Dollar in Duncan, we need to be able to say to them, we will finish the roads that we promised you. Not to carry our commitment is to say to those who would expand here or locate here, do not listen to what we do or for

that matter do not listen to what we say. We cannot have that, we need to finish the road bill.

Fourth, tax policy. It is time to give back the money the people earned. It is theirs. They earned it. We did not. They should be given the opportunity to save it, to invest it, or to spend it the way they wish. Let me tell you what that will do. It will generate further tax revenue as a result of spending decisions made, not by us, but by our people. I propose over the next five years that we reduce the state income tax by a quarter point a year every year for five years to bring it from 6 3/4% to 6 1/2% this year. Today, in Oklahoma, the full 6 3/4% income tax rate kicks in at $10,000 for a single person and $21,000 for married couples. This is not tax relief for the rich. This is tax relief for the average Oklahoman who desperately needs this money to buy groceries, to pay for a child's college education, to pay for an illness or to pay for things that he or she would like to do because this is their money.

We need to reduce the destructive estate tax burden on our family farms and businesses by making Oklahoma a pickup state, by bringing our estate tax levels in line with federal exemptions.

We need to pass REAL auto tag reform. By that, I do not mean the kind of reform that was attempted last year that I vetoed because it raised taxes on half and lowered them on the other half. That is not real reform. The proposal I have here is a $68 million tax cut for all Oklahomans who drive. For the first five years, you will pay $85 for your tag; the second five years, you will pay $45 for your tag; and the third five years and beyond, $15. This is real relief.

Fifth, comprehensive education reform and raises for Oklahoma teachers. Last year we made a real good start with House Bill 1759. We said to prepare the work force for a competitive market place for the 21st century we need to raise rigor. We need to encourage young children to take tough courses, rigid core subjects. We need to remove athletics out of the school day and require math, science, English, social sciences, language arts, fine arts and all of those things that make for a well-educated populus. We took those first steps. We passed charter schools and school choice laws. We did require four years of math and three years of English, science and social studies. We passed the new academic performance index to measure school performance. We were recognized for this. Education Week called our curriculum reforms, specifically noting what we did with HB 1759, "the most significant" in America...we got an A-. We must not waterdown the curriculum if we need to raise the bar even more so. That bar needs to be raised to attract high-valued jobs to Oklahoma and to prepare our young people to fill those high-valued jobs. They are for us. They are our children and grandchildren. They are the ones that deserve them. They only way we, together, can get them to Oklahoma is to raise the bar to make them come.

Let me tell you about Jason Sanders. He went to Tulsa Memorial High School, a public school. He asked to be challenged. He attended the University of Oklahoma and he demanded to be challenges there too. Today, he is Oklahoma's newest and proudest Rhodes Scholar. Once again, OU is in the Top Ten, this time in production of Rhodes Scholars. At this time I would like to introduce our newest Rhodes Scholar, OU's own Jason Sanders, his family and President David Boren.

Several years ago, I was asked by President Clinton to accompany the other governors and one CEO per state to Palisades, New York to discuss the future of public education and education in America. At that time Lou Gertsner, the chairman of IBM made a very prescient comment. He said, "the distinction between the 21st century will not be between the haves and the have nots, they will be between the educated and the uneducated."

Recently, I participated in the ribbon cutting of Boise Cascade Office Products in Norman. Those are good jobs, not high tech jobs, not extraordinarily well-paid jobs, but good jobs that we need in Oklahoma. As I do in every case where we lose an economic development prospect or we gain one, I ask the CEO of the company to tell me the number one reason why you are here. The President of Boise Cascade said the number one reason we are here is because 48% of the people of Cleveland County have college degrees. What does that say to us? That says to us that the work force of tomorrow must be better educated.

I presented to you, within the confines of this balanced budget, LearnPower. A series of initiatives to push us ahead, to catch up and go forward. To continue to strengthen the academic curriculum, especially in middle school. Six hours of academic study each day in secondary grades. School bonds for technology. Advanced placement programs for every student who wants advanced placement. No more remedial classes in four-year regional universities. Stop all forms of social promotion. Testing in math and reading in early grades. Remedial after school and summer programs for those who need help. All of this, by the way, is funded in this budget. Forgivable loans to teachers training in crucial subject areas. Sweeping deregulation, focusing state mandates only on those matters that contribute directly to learning.

Merit pay - To recognize that if a school achieves and if rigor results in higher academic achievement, we provide merit pay to that school to be divided to education instructors, those who provide the course work in the classroom. Bonus pay - To recognize the marketplace and there are some professions and occupations that are high paid, high wage position. To get people to serve in education, we have to pay more for those professions. And, we need fair, but prompt removal of incompetent teachers. And also, $2,000 across the board for excellence in Oklahoma teaching.

Let me repeat something that everyone of you know, but I want to repeat it. School is first of all about learning. I want to read you a statement, "Accountability rests on achievement. Achievement rests on the curriculum. The curriculum rests on the ability of qualified, dedicated teachers who can successfully carry out the objectives of the curriculum." Who said that? Not some elitist school reformer, not someone who wanted to impose "unfunded mandates" on our school. No, who said that was Mitsuye Conover, Oklahoma"s Teacher of the Year from Bartlesville High School and a Finalist for the National Teacher of the Year, who joins us today to celebrate education and instruction in Oklahoma. Please stand, Mitsuye to be recognized.

Let me say something about administrative cost because we have read a lot about administrative costs. In 1996, Oklahoma ranked third in percent of school dollars spent on district-level administration (4.16% versus a national average 2.30%). District-level administration is not bus drivers, counselors, food service workers, or anything, but the central office staff of the superintendent. That is what district-level administration is. If we were to reduce, district-level administration in Oklahoma just to the national average, we could put an additional $52 million into teacher pay raises. If we were able to move to the national average in general administration at the district level, we would be able to give every teacher in the state, in addition to the $2,000 provided for in this balanced budget, an additional $1,300 per teacher.

Here are some examples of our challenge: Seven Oklahoma school districts are paying $1,000 per student just for district administration. Another 73 school districts pay $500 per pupil just for district administration. One district, with less than 2,000 students, pays $718,000 for district administration, that includes $87,000 for the superintendent, $73,000 for the assistant superintendent, and $474,000 for nine coordinators. Another spends more than $300,000 on assistant superintendent salaries alone. One district has 91 students and a $100,000 district office budget. Another has 83 students. The district office costs $109,000, more than $1,300 per student, nearly one-fourth of what we pay as a state to educate our young. Oklahoma has 31 school districts with less than 100 students each. They educate just 2,100 students between them and spend almost $1.5 million in district administration. It is simply not responsible. It is irresponsible leadership for us to just add more money without determining what is coming out the other end and how that money is being invested. These are our taxpayer resources. We need to look at this. This is not about consolidation. A school can have its identity. A school can have its life. A school can have its athletic teams. A school can have its unique instruction. It just does not need all of those white shirts in the superintendents' offices.

Some districts are already setting a good example and they are not all suburban ones. If they can do it, anybody can. For example, Graham Schools in Okfuskee County spend just $61 per pupil on district administration. Blanchard,

Hennessey, Carnegie and Lindsay - all are smaller districts that have done a significant job in controlling district administration costs - not site-based and, again not the school bus drivers, the maintenance workers, the cafeteria workers, and the counselors, but district administrative overhead. They understand, these school districts, that spending more on schools does not mean spending more on fat, but more on learning muscle. Because that is all that matters. This is not a Republican or Democrat issue. It is about finding ways to spend more wisely and efficiently. Can anyone of us, straightfacedly, justify spending more on support than on instruction?

When I was before you four years ago, I proposed that the highest paid person in a district should be the superintendent, then the principal, and then the master teacher. I still feel that way. The money should go for instruction. The money should go for instruction. The money should go for instruction!

I want to return to my original theme, "Oklahoma yesterday, Oklahoma today, Oklahoma tomorrow." To embrace in our past that which is worthy of being embraced, and to recognize the challenges that we face so that tomorrow we can have a more prosperous society, a better society, a moral and decent society, economically and well-educated society.

It is a struggle. The contrast between the old Oklahoma and the new, between poverty and prosperity, between ignorance and education. This is a battle we must join. It is not going to be easy. There are those who are very well meaning who simply do not understand the changing world, that the fleet of foot academically and the best prepared academically will be those who will win. We need to emphasize and energize the creation of that model and the implementation of that growth and prosperity. The old Oklahoma versus the new.

Many of you were circulated a letter from a superintendent who I am sure is well-meaning and decent, but it represents the old Oklahoma thinking that must cease. This is not the Oklahoma that I want to see. Listen to this letter: It was circulated to generally all of you. "The majority of students," he writes, "will not benefit from additional math, science, language arts, or history classes. I do not understand the push for all students to take core curriculum." Students were taught in his days and in an earlier life, horticulture, lawn care and service skills. "This seems to be appropriate for me," he writes. He completes his letter by saying that 14% of the job market needs college degrees. (Remember, 68% of our students graduate high school and go to college) "Are we really doing what is best for the students in Oklahoma or the nation or are we merely filling Mr. Boren or Dr. Brisch's plates? he writes. He cites with approval a letter attached that has this incredible statement. Think the old Oklahoma versus the new. Think of your children when this statement is read. This is an education professional, cited with approval by one of our superintendents and circulated to you members of the legislature: "One must ask itself at one point what our country would look like if all the students met the

high standards and vision in the nation's at-risk report. Who would serve the meals, build the shelves, make the beds and clean the toilets? he questioned You contrast the old Oklahoma with the new Oklahoma.

You will enjoy this advertisement from the Asian Wall Street Journal. You almost chuckle when you read this, thinking that it could never appear in a paper in the United States. Remember, 3% of the world's population is not forever. It is because we beat the other guy. Here is the advertisement from the Asian Wall Street Journal for Siemens. It says, "Today's hobby could become tomorrow's production challenge." Here, you see a picture of an Asian father looking over his son's shoulder. This ad says as follows, "As a teenager, you probably had a lot of fun building and designing your own printed circuits. You had all the time in the world to solder the various components onto a PC board and in the end you were excited and proud of your accomplishment." This should be the new Oklahoma. Let me tell, you ladies and gentlemen, these are the people with whom we are in competition.

It is time for the chart. This chart examines the competition we face from the six states around us, comparing Oklahoma's rural border to our neighbor's rural borders. How do we compare with Kansas, Colorado, New Mexico, Texas, Missouri, and Arkansas?

How do we compare with the six states around us in per capita income? Because that is what it is all about, so that we can encourage our young people to remain here and for business to come here because they can get high quality workers because they are paying high quality salaries. In blue are the only counties in Oklahoma that adjoin the land or water border of another state and have a higher per capita income. Those are Grant County, in the north, and Washington County. Washington County because Phillips Petroleum is there. Grant County because the people are great. Those are the only two counties in the state.

In yellow are those counties with mixed messages - some across the border are a little more, some across the border are a little less.

The red is our challenge. It is not our curse, but the red is the challenge of the legislative session to address. In red are those counties that have a lower per capita income than the county directly across the border. Look. Virtually every county facing Arkansas in far eastern Oklahoma has a lower per capita income than the county right across the border. Arkansas remains a poorer state than Oklahoma, the richest part of Arkansas is right across the border. Go to Fort Smith; look east, you see light, look west, you see darkness. We need to ask ourselves why. Look at Texas in red. This is rural county to rural county. With virtually every single county adjoining the Oklahoma/Texas border, Texas has a higher per capita income, some much higher. Hemphill County, Texas, has 104% of the nation's per capita income, rural to rural. The only county in the entire state of Oklahoma to match that is Tulsa. Wheeler County, Texas - 98% is right

across the border. Harmon County, Oklahoma is 64%. Jackson County is 66%.

Same sky, same air, same clouds, same moon, same sun, same stars, same language, same people, same culture. What is it?

Government. It has failed to do what needs to be done. Government.

Ladies and gentlemen, there is no other explanation. Our people are wonderful people. You can not stand, as all of us did, after April 19, 1995 or May 3, 1999, of last year and not see our people as being extraordinarily gifted and good people. Efficient, brave, true, and conscientious people. How can we accept this?

Tomorrow must be better than today. We can not and will not accept this. We can with pride beat Texas in basketball and sometimes in football. We can, with pride, win in athletic contest in which we are engaged, but we cower and are intimidated when it comes to economic development. We cannot say to our children and grandchildren that the status quo will remain. It cannot. We must say "no" to being the sixth poorest state in the Union. We must say "no" to being the 28th state in population and 44th in income. We must say "no" to having to remediate 38% of our children who go from high school to college and have to be remediated in basic subjects. We need to say "no" to ACT scores that are below the national average.

We must, in this legislature, say "no" to out-of-wedlock births, to too much divorce, to violence and drug abuse. Because if you do not, who will?

We are all term limited. The sand is slowly leaving the hourglass. All of us will be here just a few more years. But, it is essential, Democrats and Republicans alike, that in this legislative session we address those issues that hold us back. Build out our infrastructure, complete our highway network, dramatically raise the bar in education, reward qualified, competent and superb teachers, cut taxes, pass right-to-work, fix the workers' compensation system and do all of those things that states around us have done to their great credit and advantage. We are too good to be so poor. We are too talented to accept these statistics. Tomorrow's children and grandchildren must look back upon us with affection and respect because of what we did here.

In this new chamber, let us commit ourselves to an agenda that is a "tomorrow" agenda and no longer the same, the same, the same, that gets us somewhere, somehow, someplace. We cannot do it. This state belongs to the people. We, in this isolated moment in history, represent the people. For the people's benefit, we need to strike for them, strike for the future and do great things for Oklahoma this year.

THANK YOU VERY MUCH.

Upon motion of Representative Thomas, the Joint Session was ordered dissolved at the hour of 1:50 p.m.

STATE OF OKLAHOMA
OFFICE OF STATE FINANCE

February 22, 2000

State Board of Equalization
State Capitol Building
Oklahoma City, OK 73105

Members of the Board:

The Constitution of the State of Oklahoma, Article X, Section 23, as last amended April 30, 1985, provides in pertinent part:

...the Legislature may at any regular session or special session, called for that purpose, enact laws to provide for additional revenues or a reduction in revenues, other than ad valorem taxes, or transferring the existing revenues or unappropriated cash on hand from one fund to another, or making provisions for appropriating funds not previously appropriated by the Legislature. Whereupon, it shall be the duty of the State Board of Equalization to make a determination of the revenues that will accrue under such laws and ninety-five percent (95%) of the amount of any increase or decrease resulting, for any reason, from such changes in laws shall be added to or deducted from the amount previously certified available for appropriation from each respective fund, as the case may be...

...Legislative appropriations for any fiscal year...shall be limited to a sum not to exceed the total amount appropriated from all funds in the preceding fiscal year plus twelve percent (12%), adjusted for inflation for the previous calendar year... The limit on the growth of appropriations shall be certified to by the State Board of Equalization.

...The State Board of Equalization shall meet within five (5) days after the monthly apportionment in February of each year, and at that time may adjust the certification, based upon the most current information available, and determine the amount of funds available for appropriation for that legislative session. At said meeting, the Board shall determine the limit on the growth of appropriations as provided for in this section.

The following report has been prepared in accordance with the procedures set forth above, and is respectfully, submitted for your consideration.

Very truly yours,

/s/Tom Daxon
Director of State Finance

EDUCATION REFORM ACT - HB 1017

Schedule 1-A

Section 41.29a of Title 62 subsection A states: "In order that the Legislature may guarantee that the increased revenue generated as a result of the tax changes contained in this act shall be appropriated to fund the education reforms provided for in this act, the Office of State Finance shall present as part of the official certification process for each fiscal year an estimate of all revenues which shall accrue to the General Revenue Fund as a result of the tax changes contained in this act. The estimate shall show the increased revenue from personal income taxes, corporate income taxes and sales and use taxes as a result of the provisions of this act separately. The estimate shall further account for changes to such revenue which result from growth or decline in said tax sources due to economic circumstances."

The method of determining the percentage of each source attributable to HB 1017 was set by the State Board of Equalization at its April 26, 1990 meeting. The ratios were estabished originally by dividing the estimate of revenue to be raised as a result of HB 1017 by the total estimate of revenue of each source at the time of passage of HB 1017. These ratios were updated at the February 19, 1991 meeting to reflect the annualization of what were partial year estimates at the April 26, 1990 meeting of the State Board of Equalization.

SB 826 of the Second Regular Session of the Forty-fifth Legislature amended Sectin 41.29a of Title 62 to require that the Office of Accountability to account for and report monthly revenues which accrue to the Education Reform Revolving Fund. The Education Reform Revolving Fund on June 1, 1996 began receiving revenue attributable to the revenue provision of HB 1017 rather than these revenues first being apportioned to the General Revenue Fund.

The veto messages read as follows:

April 11, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1137** by Morgan of the Senate and Askins of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1137, which allowed state judges to complete business undertaken in any state court if that business was undertaken prior to their election or appointment as judges. This would have inappropriately allowed judges, in effect, to

practice before their colleagues. At the very least, this projects an appearance of impropriety.

By the Governor of the State of Oklahoma
/s/ Frank Keating

April 11, 2000

To the Honorable President Pro Tempore

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES AND THE SENATE OF THE 2ND SESSION OF THE 47TH OKLAHOMA LEGISLATURE:

SECTION 1. The Secretary of State shall refer to the people for their approval or rejection, as and in the manner provided by law, the following proposed amendment to Sections 9 and 10 of Article X of the Constitution of the State of Oklahoma to read as follows:

Section 9. (a) Except as herein otherwise provided, the total taxes for all purposes on an ad valorem basis shall not exceed, in any taxable year, fifteen (15) mills on the dollar, no less than five (5) mills of which is hereby apportioned for school district purposes, the remainder to be apportioned between county, city, town and school district, by the County Excise Board, until such time as a regular apportionment thereof is otherwise provided for by the Legislature.

No ad valorem tax shall be levied for State purposes, nor shall any part of the proceeds of any ad valorem tax levy upon any kind of property in this State be used for State purposes.

(b) A tax of four (4) mills on the dollar valuation of all taxable property in the county shall be levied annually in each county of the State for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts of the county by the County Treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. Provided that in case a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the County Treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as hereinbefore provided for the proceeds of

such tax on the assessed valuation of such county. Not to exceed seventy-five per centum (75%) of the amount received by a school district from the proceeds of such county levy in any year shall be required to finance the State guaranteed program of such district.

(c) Upon certification of a need therefor by the board of education of any school district an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, any school district may make an emergency levy for the benefit of the schools of such district, in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in such district when approved by a majority of the electors of the district voting on the question at an election called for such purpose. This emergency levy shall provide only sufficient additional revenue to meet the needs of the district each fiscal year as determined by the board of such district and must be approved by a majority of the electors voting on said question at such an election for each fiscal year.

(d-1) In addition to the levies hereinbefore authorized, any school district may make a local support levy for the benefit of the schools of such district, in an amount not to exceed ten (10) mills on the dollar valuation of the taxable property in such district, when approved by a majority of the ad valorem taxpaying voters voting on said question at an election for each fiscal year called for such purposes. This local support levy shall provide only sufficient additional revenue to meet the needs of the district for each such fiscal year as determined by the board of such district; provided, an elector desiring to vote upon such local support levy must present an ad valorem tax receipt for the year immediately preceding before being issued a ballot, or sign a sworn affidavit certifying the fact of such payment.

(d-2) A school district may upon approval by a majority of the electors of the district voting on the question make the ad valorem levy for emergency levy and local support levy under (d) and (d-1) of this section permanent. If the question is approved, the levies, in the amount approved as required by this section, shall be made each fiscal year thereafter until such time as a majority of the electors of the district voting on the question rescind the making of the levy permanent. An election on such question shall be held at such time as a petition is signed by ten percent (10%) of the school district electors or a recommendation by the board of education of the school district is made asking that the levies be made each fiscal year.

(e) The amount of revenue from school district ad valorem taxes levied under (a) and (c) of this Section which any school district may be required to use to finance its State guaranteed program shall not be in excess of its share, based upon its relative taxpaying ability as may be defined by law, of an amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed valuation of the State; but until such relative taxpaying ability is defined by the Legislature, the amount of revenue from such taxes which any school district may be required to use to finance its State guaranteed program shall not be in excess of the net proceeds from an ad valorem tax levy of fifteen

(15) mills on the dollar net assessed valuation of the district. No part of the proceeds from any ad valorem levy for emergency levy and local support levy under (d) and (d-1) of this Section shall be required to finance the State guaranteed program of such district.

Nothing in the amendments to the Constitution incorporated herein shall be construed to amend, alter or supersede the present application of Article XII-A, Sections 1 and 2 of the Oklahoma Constitution.

~~(f) Should the amendment contained in subsection (d-1) hereof be adopted on September 14, 1965, the school board of any school district in the State may within ten (10) days thereafter file with the Excise Board of the county a supplemental estimate of needs and call a special election within fifteen (15) days after such call upon the new local support levy or emergency levy if not previously submitted, or both. The school board shall advertise notice of such election by publication in at least one issue of a newspaper having general circulation in the school district, or by posting in five public places in the district at least five (5) days before such election. Should the electors of the school district vote such additional levy in such election, the County Excise Board shall forthwith compute the levy and certify appropriations for all affected school districts and refile the budgets with the County Clerk and with the State Auditor. Notice of the filing of said budget shall be given as required by law. The forty (40) day protest period shall begin immediately upon the filing of said budgets.~~

~~For the fiscal year 1965-66, the Excise Board of each county shall not finally compute the levy nor certify the appropriations for the school districts of the State until after the school district shall have had the opportunity to hold a special election as provided herein.~~

~~Temporary appropriations, up to forty per centum (40%) of the estimated funds needed by the school board of any district in the State for the fiscal year 1965-66, may be approved any time after the beginning of such fiscal year.~~

~~Upon the computation of the levy and certification of appropriations by the Excise Board, the County Assessor shall prepare or revise the tax rolls and deliver the same to the County Treasurer who shall proceed with the collection of the taxes as required by law.~~

~~Should it become necessary, because of the delay in computing levies and certifying appropriations as herein provided, the Governor may, by executive order, extend the time when taxes will be delinquent for the year of 1965, and that year only. Such extension of time shall be for the minimum time necessary to permit the County Assessor and County Treasurer to perform their duties as required by law.~~

Section 10. A. For the purpose of erecting public buildings in counties or cities, or for the purpose of raising money for a building fund for a school district which may be used for erecting, remodeling or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a

majority of the qualified voters of such county, city, or school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the taxable property in such county, city, or school district.

B. A school district may upon approval by a majority of the electors of the district voting on the question make the ad valorem levy for a building fund under subsection A of this section permanent. If the question is approved, the levy in the amount approved as required by this section, shall be made each fiscal year thereafter until such time as a majority of the electors of the district voting on the question rescind the making of the levy permanent. An election on such question shall be held at such time as a petition is signed by ten percent (10%) of the school district electors or a recommendation by the board of education of the school district is made asking that the levies be made each fiscal year.

SECTION 2. The Ballot Title for the proposed Constitutional amendment as set forth in SECTION 1 of this resolution shall be in the following form:

BALLOT TITLE

Legislative Referendum No. ____ State Question No. ____

THE GIST OF THE PROPOSITION IS AS FOLLOWS:

This measure amends the Oklahoma Constitution. It amends Sections 9 and 10 of Article 10. It affects certain school millage levies. The change is to the emergency levy, local support levy, and the building fund levy for school districts. It would allow each school district to decide to eliminate the need for an annual election for those levies. Once the levies are approved, the voters of the school district would also decide whether to allow them to continue from year to year. The vote on the levies would change only if another election is held and the voters rescind their prior action. Such an election would be held if a petition is signed or the board of education recommends an annual vote be taken.

SHALL THIS AMENDMENT BE APPROVED BY THE PEOPLE?

☐ YES, FOR THE AMENDMENT

☐ NO, AGAINST THE AMENDMENT

SECTION 3. The Chief Clerk of the House of Representatives, immediately after the passage of this resolution, shall prepare and file one copy thereof, including the Ballot Title set forth in SECTION 2 hereof, with the Secretary of State and one copy with the Attorney General.

The veto messages read as follows:

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 400** by Stipe of the Senate and Culver of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 400 which relates to the law enforcement responsibilities of probation and parole officers. This bill attempts to limit the current peace officers powers of these officers which could in turn pose a public safety risk to the officers and the public at large.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 914** by Haney and Hobson of the Senate and Settle, Begley, Beutler and Bonny of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 914 which relates to duties and responsibilities of the Oklahoma Health Care Authority because these statutory changes are unnecessary as the Health Care Authority currently possesses the ability to address these issues by rule.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 968** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 968 because this bill places an unnecessary administrative burden on all agencies within the Executive, Judicial, and Legislative branches of state government. Requiring agencies to provide a day long employee benefit informational seminar and requiring agencies to invite all approved vendors to participate in this seminar would not be the most efficient use of agency resources. The system agencies currently utilize, in coordination with the Oklahoma Employee Benefits Council, is a proven, effective method of providing this information to employees with minimal disruption to the agencies.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 990** by Morgan of the Senate and Roberts and Cox of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 990 because adding new unknown groups of employees to the Oklahoma State and Education Employee Group Insurance system will have an unknown impact on current rates. It is imprudent to risk further rate increases in this system.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1004** by Leftwich of the Senate and Nations of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1004 which relates to the Oklahoma Privatization State Functions Act. This bill creates unnecessary administrative impediments to streamlining agency operations.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1090** by Herbert of the Senate and Hutchison of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1090 which authorizes the Oklahoma Tourism and Recreation Commission to establish, operate and maintain a new Oklahoma state park. Until the Commission is provided funding adequate to operate and maintain existing parks, adding a new one would only diminish the quality of all parks.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1119** by Stipe of the Senate and Tyler of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1119 because these additional requirements would be an unreasonable financial burden on the Department of Transportation.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1430** by Smith of the Senate and Hastings of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1430 which authorizes the establishment of pretrial release agencies throughout Oklahoma. These taxpayer funded agencies are unnecessary as this work is currently done successfully by the private sector. Expanding the role of government without a compelling reason is inappropriate.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1472** by Shurden of the Senate and Erwin of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1472 which relates to the payment of insurance claims. While I support attempts to expedite the payment of insurance claims, this bill, in effect, creates the potential for significant litigation to clarify some of its provisions, which could increase costs in the system.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1588** by Monson of the Senate and Seikel of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1588 which creates within the Oklahoma Department of Health a Health Maintenance Organization Advisory Council. While it may be advisable to consider creating such a council in the future, the Department of Health is currently focusing attention on critical matters at hand and does not need additional responsibilities.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 7, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 1597** by Fisher et al of the Senate and Boyd, Thornbrugh and Wells of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 1597 because it creates an advisory board that would duplicate the efforts of my recently created task force on early childhood education. Unnecessary expenses can be avoided through the utilization of the task force presently in place.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 9, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 909** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED two (2) items of Senate Bill 909. While these sections reduce general revenue appropriations, they increase special cash fund appropriations. The Special Cash Fund monies are needed to fund other legislative appropriations. I am vetoing this bill in order to avoid a shortfall in the Special Cash Fund.

The items vetoed can be found in Sections 1 and 2 of Senate Bill 909.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 9, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 913** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED one item of Senate Bill 913. According to Article X Section 23 of the Oklahoma Constitution, General Revenue Funds must be certified by the State

Equalization Board in order to be appropriated by the legislature or be actual cash-on-hand funds. This section is an unconstitutional attempt to appropriate General Revenue Funds outside of this process. In addition, these funds were to be placed in a special account in the Special Cash Fund, to be set aside for use by the Health Care Authority. However, before the funds could be used, they had to be authorized by the legislature, thus they are not truly available to the Health Care Authority, creating a shortfall in their budget for FY-2001. This veto does not impact the budget for the Health Care Authority FY-2001.

The item which I vetoed can be found in Section 10 of this bill.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 9, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 924** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED one (1) item of Senate Bill 924 because these appropriations place unnecessary restrictions on the budget of the Department of Labor.

The item which I vetoed can be found in Section 19 of this bill.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 9, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 965** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED five (5) items of Senate Bill 965.

I am vetoing Section 18 which reduces the appropriation to the Oklahoma State Regents for Higher Education. By vetoing this section, these funds can be used to help the Oklahoma Higher Education System.

I am vetoing Sections 38 and 78 because there is no designation of the specific need which is to be met by the monies appropriated and therefore there is not a clear mission to be accomplished. To provide taxpayer dollars to agencies without specific purposes to be accomplished is not a responsible administration of public funds.

I am vetoing Section 42 because it is an unnecessary expenditure which the state budget should not absorb.

I am vetoing Section 70. This appropriation would have appropriated to the Race Riot Commission money out of other appropriations I have vetoed. This is an impermissible method of appropriation. I am supportive of the need to fund this Commission's ongoing operations. There are ample General Revenue Funds available for this appropriation, but unfortunately, the Legislature chose not to capture those monies by specified legislative action.

The items which I vetoed can be found in Sections 18, 38, 42, 70 and 78 of this bill.

By the Governor of the State of Oklahoma
/s/ Frank Keating

June 9, 2000

To the Honorable President Pro Tempore
and Members of the Oklahoma Senate
Second Session, Forty-seventh Oklahoma Legislature

Enrolled **SB 927** by Haney and Hobson of the Senate and Settle and Begley of the House

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED Senate Bill 927. This bill eliminates the Special Occupational Health Fund and places the funds in General Revenue. The bill also reduces the appropriations to the Department of Labor by $150,000. By vetoing this legislation, I am restoring the appropriation to the Labor Department to an acceptable level.
